SENATE RESOLUTION NO. 1024

WHEREAS, High-quality early childhood care and education services are proven by research to play a positive role in the education and healthy development of young children; and

WHEREAS, Research has shown that maltreatment has a significant impact on healthy brain development, particularly in the first three years of life; and

WHEREAS, Interventions carried out during critical periods can be effective in mitigating the negative impacts of maltreatment; and

WHEREAS, For decades, Illinois has invested substantial State resources into its early care and education system and, with the creation of the Illinois Commission on Equitable Early Childhood Education and Care Funding, will remain one of the nation's leading states in supporting young children; and

WHEREAS, State-funded early care and education programs have systems and policies in place to identify and enroll underrepresented and underserved populations; and

WHEREAS, In 2013 and again in 2018, the State's Early Learning Council identified eight priority populations and encouraged communities and individual early care and education programs to increase their service to these priority populations; and

WHEREAS, One of the eight priority populations identified is the number of children and families with Department of Children and Family Services (DCFS) involvement; and

WHEREAS, Nearly 45 percent of Youth in Care are under the age of six; and

WHEREAS, Public Act 100-860 provides that families with children under the age of five who have an open intact family services case with DCFS are eligible for child care assistance under the Department of Human Services' (IDHS) Child Care Assistance Program (CCAP); and

WHEREAS, Public Act 100-860 also provides that families with children under the age of five who have an open intact family services case with DCFS shall remain eligible for child care assistance six months after the child's intact family services case is closed, regardless of whether the child's parents or other relatives as defined by rule are working or participating in employment or education or training programs; and

WHEREAS, The State's early care and education system is complex, with multiple State agencies administering a myriad of programs; and

[February 14, 2020]

SECTION 3. LEGISLATIVE REDISTRICTING

(a) As used in this Section:

"Coalition districts" means districts in which more than one group of racial minorities or language minorities may form a coalition to elect the candidate of the coalition's choice.

"Consumer price index-u" means the index published by the Bureau of Labor Statistics of the United States Department of Labor or a successor agency that measures the average change in prices of goods and services purchased by all urban consumers, United States city average, all items, 1982-84=100.

"Crossover districts" means districts in which a racial minority or language minority constitutes less than a majority of the voting-age population, but where this minority, at least potentially, is large enough to elect the candidate of its choice with help from voters who are members of the majority who cross over to support the minority's preferred candidate.

"Influence districts" means districts in which a racial minority or language minority can influence the outcome of an election even if its preferred candidate cannot be elected.

"Racial minorities or language minorities", in either the singular or the plural, means the same class of voters who are members of a race, color, or language minority group receiving protection under the federal Voting Rights Act.

(b) Each Legislative District, Representative District, and Congressional District shall, in the following order of priority:

(1) fully comply with the United States Constitution and federal laws, such as the federal Voting Rights Act;

(2) be substantially equal in population;

(3) provide racial minorities and language minorities with the equal opportunity to participate in the political process and elect candidates of their choice;

(4) provide racial minorities and language minorities who constitute less than a voting-age majority of a Legislative District, Representative District, or Congressional District with an opportunity to substantially influence the outcome of an election through the creation of crossover districts, coalition districts, or influence districts;

(5) be contiguous;

(6) be compact;

(7) respect, to the extent practical, geographic integrity of units of local government;

(8) respect, to the extent practical, communities sharing common social or economic interests; and

(9) not discriminate against or in favor of any political party or individual.

(c) No later than March 1 of the year that follows the federal decennial census, the Chief Justice and the most senior Supreme Court Justice who is not elected from the same political party as the Chief Justice shall select 17 commissioners to form an Independent Redistricting Commission. The commissioners shall reflect the ethnic, gender, and racial demographics of Illinois to reflect the demographic data provided by the decennial census, each commissioner shall be a voter who has been continuously affiliated in Illinois with the same political party or unaffiliated with a political party and who has not changed political party affiliation for 5 or more years immediately preceding the date of his or her appointment. Fourteen of the commissioners shall represent, in equal number, the two political parties whose gubernatorial candidates received the greatest number of votes in the last gubernatorial election and 3 of the commissioners must represent neither of those parties. No more than one commissioner shall be from the same Congressional District. If the total number of Congressional Districts equal less than 17, then at-large commissioners will be appointed to fill vacancies, and no more than 2 commissioners shall be from the same Congressional District. The 2 Justices responsible for selecting the 17 commissioners shall consider party identification and all campaign contributions in determining a potential commissioner's eligibility.

[February 14, 2020]

(d) A person is ineligible to serve on the Commission if within the previous 5 calendar years the person or his or her spouse or immediate family member, including his or her parents, children, step-children, or siblings, is or has been:

(1) appointed or elected to a position with the State, federal, or local government;

(2) a candidate for State, federal or local office;

(3) a paid consultant or employee of a State, federal, or local elected official or political candidate, of a federal, State, or local political candidate's campaign, or of a political action committee or any other electioneering entity;

(4) a State, federal, or local lobbyist as defined by law;

(5) an individual with an ownership interest in an entity with a State, federal, or local government contract; or

(6) appointed or elected to serve a State, federal, or local political party.

(e) A commissioner is ineligible for a period of 10 years to serve in the General Assembly or to be appointed to a position subject to Senate confirmation.

(f) Commissioners must file financial disclosure statements and abide by any ethics requirements established by law.

(g) Each prospective applicant for commissioner shall attest under oath that they meet the qualifications set forth in this Section, and attest either that they affiliate with one of the 2 political parties whose gubernatorial candidates received the 2 greatest number of votes in the last gubernatorial election, and if so, identify the party with which they affiliate, or that they do not affiliate with either of the major parties.

(h) Any vacancy, whether created by removal, resignation, death, or absence, in the 17 commission positions shall be filled within the 30 days after the vacancy occurs, from the pool of applicants of the same political party as the vacating nominee that was remaining as of the end of the commissioner selection process. If none of those remaining applicants are available for service, the Chief Justice of the Supreme Court and the most senior Supreme Court Judge of a different political party shall fill the vacancy from a new application pool created to maintain the partisan balance of the commission and to the extent possible, to keep the geographic and racial demographics of the commission the same as it was prior to the vacancy.

(i) The Commission shall act in public meetings by the affirmative vote of 11 commissioners. The Commission shall elect its chairperson and vice chairperson, who shall not be affiliated with the same political party. Each meeting of the Commission shall be open to the public and there must be public notice at least 7 days before a meeting. All records of the Commission, including all communications to or from the Commission regarding the work of the Commission, shall be available for public inspection. The Commission shall adopt rules governing its procedures. The Commission shall be considered a public body subject to the Freedom of Information Act or a successor Act and the Open Meetings Act or a successor Act.

(j) In each year in which the federal decennial census is taken but in which the United States Bureau of the Census allocates incarcerated persons as residents of correctional facilities, the Secretary of State shall request that each agency that operates a federal correctional facility in this State that incarcerates persons convicted of a criminal offense to provide the Secretary of State with a report that includes the last known place of residence prior to incarceration of each inmate, except an inmate whose last known place of residence is outside of Illinois. The Secretary of State shall deliver such report to the Commission by December 30 of that same year. For purposes of reapportionment and redistricting, the Commission shall count each incarcerated person as residing at his or her last known place of residence, rather than at the institution of his or her incarceration.

(k) The Commission shall hold at least 20 public hearings throughout the State before adopting a redistricting plan, with a majority occurring before the Commission releases any proposed redistricting plan and at least 10 public hearings must occur throughout the State after the release of any proposed redistricting plan.

The Commission must provide a meaningful opportunity for racial minorities and language minorities to participate in the public hearings, including, but not limited to, issuing notices in multiple languages and ensuring that translation services are available at all hearings at the Commission's expense or through partnership with outside organizations. These public hearings must be open to all members of the public and must be planned to encourage attendance and participation across the State, including the use of technology that allows for real-time, virtual participation and feedback during the hearings. When releasing a proposed redistricting plan, the Commission must also release population data, geographic data, election data, and any other data used to create the plan, when the Commission receives this information. The Commission must also provide terminals for members of the public to access the data and associated software. During the map drawing process, any member of the public may submit maps for

consideration to the Commission. The Commission must consider public input and respond to it. Those submissions are public records that are open to comment.

The Commission may not adopt a redistricting plan until the Commission adopts and publishes a report explaining the plan's compliance with the United States Constitution and Illinois Constitution. Before the adoption of a redistricting plan, the Commission shall release to the public the final plan and its associated compliance report. The meeting to vote on adoption of a redistricting plan shall occur no sooner than 30 days after the release of the final plan and its associated compliance report. All proposed and adopted maps and any data used to develop these maps are public records. The Commission shall maintain a website or other similar electronic platform to disseminate information about the Commission, including records of its meetings and hearings, proposed redistricting plans, assessments and reports on plans, and to allow the public to view its meetings and hearings in both live and archived form. The website or electronic platform must allow the public to submit redistricting plans and comments on redistricting plans to the Commission for its consideration.

(l) The Commission shall adopt and file with the Secretary of State a redistricting plan for the Legislative Districts, Representative Districts, and Congressional Districts by September 1 of the year following the federal decennial census. The Commission may adopt separate redistricting plans for the Legislative Districts, the Representative Districts, and the Congressional Districts.
