SENATE RESOLUTION NO. 107

WHEREAS, Approximately half of Illinois high school graduates enrolling as full-time freshmen in Illinois public community colleges require remedial education; and

WHEREAS, Illinois employers report that recent high school and postsecondary institutional graduates often lack the critical skills necessary to succeed in high-demand and growing occupational areas, and that they are unable to find qualified workers to meet their industry's needs; and

WHEREAS, Student readiness for postsecondary education and careers cannot be reduced to a single metric but must instead be understood as a multifaceted set of knowledge, skills, and abilities that allow students to successfully meet the challenges of postsecondary education and career in order to live healthy, productive lives; and

WHEREAS, Enabling high school students to engage in career and postsecondary education development activities and incentivizing achievement in career-oriented education, particularly in high-demand industry sectors, promotes postsecondary and career readiness and facilitates better-informed postsecondary education decisions; and

WHEREAS, Aligning support from State agencies, school districts, postsecondary education providers, employers, and other public and private organizations will lead to the development and implementation of a robust and coordinated postsecondary education and career readiness system in Illinois; and

WHEREAS, The Illinois Postsecondary and Workforce Readiness Act establishes a voluntary system for school districts to award college and career pathway endorsements on high school diplomas; the endorsement demonstrates students' readiness for college and careers, completion of instruction and professional learning experiences in a selected career interest area, and incentivizes career exploration and development, particularly in high-demand career fields; and

WHEREAS, The Illinois Postsecondary and Workforce Readiness Act takes a student-centered and competency-based approach to create four strategies to help students prepare for postsecondary and career opportunities, which include offering a Postsecondary and Career Expectations framework (PaCE), piloting competency-based high school graduation requirements, supporting students to avoid remediation in college through targeted math instruction during their senior year, and creating a new system for school districts to award college and career pathways endorsements on high school diplomas; and

WHEREAS, The Postsecondary and Career Expectations framework outlines what students should know and actions they should take from middle school through 12th grade to select the right postsecondary option, prepare for careers, and access financial aid opportunities; and

[February 25, 2021]

WHEREAS, Illinois enacted the Postsecondary and Workforce Readiness Act to deploy a number of strategies to prepare more students for meaningful career opportunities by supporting postsecondary and career planning, promoting and incentivizing competency-based learning programs, reducing remedial education rates, increasing alignment between K-12 and postsecondary education systems, and implementing college and career pathway systems; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we encourage high schools across the State to participate in the Postsecondary and Workforce Readiness Program to help address key barriers to the successful transition of Illinois high school students into college and careers.

Senator Connor offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 108

WHEREAS, Recently, the Federal Energy Regulatory Commission (FERC) issued a tariff order for Midcontinent Independent System Operator (MISO) to treat electric storage resources as transmission facilities under certain circumstances; and

WHEREAS, The Regional Transmission Operator recognition of energy storage systems as transmission assets has the potential to catalyze the development of new energy storage systems and technology in Illinois; and

WHEREAS, Illinois is home to Argonne National Laboratory, which partnered with researchers from many disciplines to form the Joint Center for Energy Storage and Research, an Energy Innovation Hub committed to developing new energy storage technology; and

WHEREAS, Energy storage systems can help to increase grid resilience, decrease reliance on carbon-emitting energy generators, and provide transmission and distribution benefits; and

WHEREAS, Energy storage can facilitate or enable the use of utility-scale wind and solar projects by firming the resource at or before the points of interconnection with the transmission network; and

WHEREAS, Energy storage systems can contribute to peak demand reduction and other load balancing efforts; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge both PJM Interconnection and MISO to continue their respective planning processes to recognize energy storage systems as transmission assets so that Illinois may encourage increased energy storage system deployment; and be it further

RESOLVED, That we urge both MISO and PJM Interconnection to adopt policies that encourage the development of energy storage systems in a cost-effective manner that ensures grid reliability; and be it further

RESOLVED, That suitable copies of this resolution be delivered to MISO and PJM Interconnection.

Senator Connor offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 109

WHEREAS, Property tax appeals are necessary to ensure property tax assessments are accurate and fair; and

[February 25, 2021]

WHEREAS, The Illinois Property Tax Appeal Board (the Board) was established to consider appeals after decisions from County Boards of Review; and

WHEREAS, The Board makes a decision in each appeal based on equity and the weight of evidence; and

WHEREAS, Property tax appeals involve the filing of various forms, documentation, and photographs at each stage of the appeal process to meet the evidentiary burden; and

WHEREAS, The Board and many counties require mail-in or hand delivery of property tax appeal forms and materials; and

WHEREAS, Submission of multiple paper copies is overly burdensome to those with limited time and resources; this burden falls disproportionately on individuals with lower incomes seeking appeals and can impair their access to justice; and

WHEREAS, The use of a centralized statewide submission platform has the potential to ease this burden and promote a consistent process across Illinois counties; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Illinois Property Tax Appeal Board to deliver a report to the Illinois Senate on or before May 1, 2021 that examines the feasibility and associated costs of implementing a centralized property tax appeal submission platform for appeals to the Property Tax Appeal Board and counties that elect to use this platform to process appeals and any additional internet-based platform the Board may find sufficient to accept property tax appeals electronically; and be it further

RESOLVED, That this report should describe available technology and cost estimates and offer potential funding sources to cover the costs associated with implementation; and be it further

RESOLVED, That a suitable copy of this resolution be delivered to the Property Tax Appeal Board.
