LEGISLATIVE MEASURES FILED

The following Committee amendment to the House Bill listed below has been filed with the Secretary and referred to the Committee on Assignments:

Amendment No. 1 to House Bill 3911

PRESENTATION OF RESOLUTIONS

Senator Fine offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 306

WHEREAS, Gas-powered leaf blowers, which simultaneously harm our health and environment, continue to be popular today; although gardeners and landscapers love the efficiency of these devices, educating consumers about the use of these blowers is important in order to enhance our health and lower toxic air pollutants in our everyday environment; and

WHEREAS, The most noticeable consequence of gas-powered leaf blowers is the ear-piercing noise, which is not only annoying for neighbors but also harmful for our health; according to a 2017 Centers for Disease Control and Prevention report, leaf blowers create a common noise that can contribute to permanent hearing loss; additionally, noise pollution can cause stress, headaches, difficulty sleeping, productivity loss, higher heart attack rates, and more; and

WHEREAS, Even worse than the irritating noise produced by leaf blowers are the health effects created by particulate matter and exhaust gas released into the air; as leaf blowers generate wind speeds of around 180 miles per hour, they propel into the air potentially hazardous substances, such as dirt, mold, pollen, animal feces, and pesticides; exposure to these dust clouds, which take hours to settle, damages the human respiratory system and may cause irritation, allergies, and disease; and

WHEREAS, Gas-powered leaf blowers are detrimental to the environment; most gas-powered leaf blowers use a two-stroke engine, which burns fuel very inefficiently and releases all of its tailgate emissions directly into the environment; the emitted air pollutants include carbon monoxide, which contributes to ground-level ozone, nitrous oxides, which contribute to smog formation and can cause acid rain, and hydrocarbons, which can be carcinogenic; and

WHEREAS, The environmental impact of gas-powered leaf blowers must not be underestimated; one study showed that under normal usage conditions, a leaf blower two-stroke engine emits nearly 300 times the hydrocarbons of a pickup truck, 93 times the hydrocarbons of a sedan, and many times as much carbon monoxide and nitrous oxides; if a pickup truck was driven for 3,900 miles, the amount of hydrocarbons emitted would be equivalent to using the two-stroke leaf blower for only about half an hour of yard work; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we encourage people to research alternatives to using a gas-powered leaf

blower to reduce the negative impact these devices have on our health and environment.

Senator Bailey offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 307

WHEREAS, The State of Illinois stands with the Assyrians, the indigenous people of the Middle East, and vehemently opposes all those who commit or support, now and in the past, any and all acts of genocide; and

WHEREAS, Assyrians, the indigenous people of the Middle East Region and the root of Christianity whose Assyrian Empire was the cradle of civilization, have been and continue to be victims of genocide, crimes against humanity, war crimes, and ethnic cleansing in violation of the internationally recognized United Nations Convention on the Prevention and Punishment of the Crime of Genocide signed in Paris, France on December 9, 1948, commonly referred to as the UN Genocide Convention; and

WHEREAS, Assyrians have experienced violent persecutions at nearly 50-year intervals over the past two millennia; over the past century, they have suffered mass killings, persecutions, and forced deportations from their historical lands, especially in the heart of their homeland in the Assyria Nineveh Plain (ANP) of today's Iraq in 1915, 1918, 1922, 1933, 1940 to 1945, 1963 to 1965, 1975, 2010, and as recently as 2014 to 2017 in both ANP as well as the Khabur River Valley in Syria; and

WHEREAS, Thousands of Assyrian men, women, and children alike were ethnically cleansed in Simele, Iraq in August 1933; extensive documentation of this incident, available at the Ashurbanipal Library located in Lincolnwood, depicts the horrific atrocities committed against the Assyrians, including how they were specifically targeted because they were both Assyrian and Christian; for example, Assyrian Priests were tortured and their bodies mutilated, Assyrian girls were raped, Assyrian women were violated and made to march naked before the Iraqi Army commanders, Assyrian Bibles and holy books were used as fuel for burning Assyrian girls, and Assyrian children were run over by military cars; as a result, the 7th of August of each year is officially recognized as Assyrian Martyrs Day; and

WHEREAS, Since the establishment of the Kingdom of Iraq in August 1921 through the present, Assyrians have silently suffered cultural genocide committed by the Government of Iraq (GOI); as recently as March 2021, the GOI approved and oversaw the demolition of the city walls of the Assyrian capitol of Nineveh, a UNESCO World Heritage site; only after a Western nation intervened did the GOI halt the demolition several days later; however, the damage was irreparable as the stones from the city walls of the Assyrian capitol of Nineveh remain unaccounted for by the GOI, and the case remains unresolved; and

WHEREAS, The lack of any response or accountability for these atrocities, most notably the genocide committed against the Assyrians for being Assyrian and Christian in Simele, Iraq in August 1933, set a precedent that led to other acts of genocide to occur in the 20th century, such as the Holocaust during World War II; and

WHEREAS, The State of Illinois wishes to stand in support with the Assyrian people, especially on Assyrian Martyrs Day, as a continuous reminder that all victims of genocide shall never be forgotten until those responsible are held accountable; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare August 7, 2021 as Assyrian Martyrs Day in the State of Illinois; and be it further

RESOLVED, That we support the Assyrians of Illinois, which is currently home to the largest Assyrian diaspora community outside of the heart of their historical homeland, the Assyria Nineveh Plain; and be it further

[May 18, 2021]

RESOLVED, That we commemorate all Assyrian American military veterans who have served and continue to serve in the U.S. Armed Forces, including the Illinois National Guard.
