**AMENDMENT NO. 1 TO SENATE BILL 805**

AMENDMENT NO. 1. Amend Senate Bill 805 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by adding Section 2-3.182 as follows:

(105 ILCS 5/2-3.182 new)

Sec. 2-3.182. School Unused Food Program. The State Board of Education shall develop and implement a School Unused Food Program that allows public schools in this State to provide food that is unused by the school to needy children who are students of that school. Unused food under the Program shall be provided at no cost to the student. A school participating in the Program may contract with third parties to provide services under the Program. The State Board shall adopt rules necessary to implement and administer the Program established under this Section. For the purposes of this Section, "needy children" means children who qualify for the free breakfast program, free lunch program, school breakfast program, or school lunch program as provided under the School Breakfast and Lunch Program Act.

Section 10. The Public Community College Act is amended by changing Sections 3-8, 3-10, and 3-33.6 as follows:

(110 ILCS 805/3-8) (from Ch. 122, par. 103-8)

Sec. 3-8. In this Section, "reasonable emergency" means any imminent need to maintain the operations or facilities of the community college district and that such need is due to circumstances beyond the control of the board.

Following each election and canvass, the new board shall hold its organizational meeting on or before the 28th day after the election. If the election is the initial election ordered by the regional superintendent, the organizational meeting shall be convened by the regional superintendent, who shall preside over the meeting until the election for chairman, vice chairman and secretary of board is completed. At all other organizational meetings, the chairman of the board, or, in his or her absence, the president of the community college or acting chief executive officer of the college shall convene the new board, and conduct the election for chairman, vice chairman and secretary. The secretary may be a member of the board. The secretary, if not a member of the board, may receive such compensation as shall be fixed by the board prior to the election of the secretary. The board shall then proceed with its organization under the newly elected board officers, and shall fix a time and place for its regular meetings. It shall then enter upon the discharge of its duties. Public notice of the schedule of regular meetings for the next calendar year, as set at the organizational meeting, must be given at the beginning of that calendar year. The terms of board office shall be 2 years, except that the board by resolution may establish a policy for the terms of office to be one year, and provide for the election of officers for the remaining one year period. Terms of members are subject to Section 2A-54 of the Election Code.

Beginning 45 days prior to the Tuesday following the first Monday of April in odd-numbered years until the first organizational meeting of the new board, no addendum to modify or amend an employee agreement between a community college district and the district's president, chancellor, or chief executive officer may be agreed to or executed, nor may an employment contract be made and entered into between the board of an established community college district and a president, chancellor, or chief executive officer. If the current board must take such action at any time during the 45 days prior to the Tuesday following the

[May 29, 2021]

first Monday of April in odd-numbered years until the first organizational meeting of the new board due to a reasonable emergency, then that action shall be terminated on the 60th day after the first organizational meeting, unless the new board, by resolution, reaffirms the agreed-upon addendum or new employment contract.

Special meetings of the board may be called by the chairman or by any 3 members of the board by giving notice thereof in writing stating the time, place and purpose of the meeting. Such notice may be served by mail 48 hours before the meeting or by personal service 24 hours before the meeting.

At each regular and special meeting which is open to the public, members of the public and employees of the community college district shall be afforded time, subject to reasonable constraints, to comment to or ask questions of the board.

The secretary, if not a member of the board, may receive such compensation as shall be fixed by the board prior to the election of the secretary. Sec. 3-33.6. Monies may be transferred from the working cash fund to the educational fund or operations and maintenance fund only upon the authority of the board, which shall by resolution direct the community college treasurer to make such transfers. The resolution shall set forth (a) the taxes or other funds in anticipation of the collection or receipt of which the working cash fund is to be reimbursed, (b) the entire amount of taxes extended, or which the board shall estimate will be extended or received, for any year in anticipation of the collection of all or part of which such transfers are to be made, (c) the aggregate amount of warrants or notes theretofore issued in anticipation of the collection of such taxes under this Act together with the amount of interest accrued and which the community college board estimates will accrue thereon, (d) the amount of monies which the community college board estimates will be derived for any year from the State, Federal government or other sources in anticipation of the receipt of all or part of which such transfer is to be made, (e) the aggregate amount of receipts from taxes imposed to replace revenue lost by units of local government and school districts as a result of the abolition of ad valorem personal property taxes, pursuant to Article IX, Section 5(c) of the Constitution of the State of Illinois, which the corporate authorities estimate will be set aside for the payment of the proportionate amount of debt service and pension or retirement obligations, as required by Section 12 of "An Act in relation to State Revenue Sharing with local government entities", approved July 31, 1969, as amended, and (f) the aggregate amount of monies theretofore transferred from the working cash fund to the educational fund or operations and maintenance fund in anticipation of the collection of such taxes or of the receipt of such other monies from other sources. The amount which the resolution shall direct the community college treasurer so to transfer in anticipation of the collection of taxes levied or to be received for any year, together with the aggregate amount of such anticipation tax warrants or notes theretofore drawn against such taxes and the amount of the interest accrued and estimated to accrue thereon, the amount estimated to be required to satisfy debt service and pension or retirement obligations, as set forth in Section 12 of "An Act in relation to State revenue sharing with local government entities", approved July 31, 1969, as amended, and the aggregate amount of such transfers theretofore made in anticipation of the collection of such taxes may not exceed 90% of the actual or estimated amount of such taxes extended or to be extended or to be received as set forth in the resolution. The amount which the resolution shall direct the community college treasurer so to transfer in anticipation of the receipt of monies to be derived for any year from the State, Federal government or from other sources, together with the aggregate amount theretofore transferred in anticipation of the receipt of any such monies, may not exceed the total amount which it is so estimated will be received from such source. Any community college district may also abolish its working cash fund upon the adoption of a resolution so providing and directing the transfer of any balance in such fund to the operating funds at the

close of the then current fiscal year or may abate its working cash fund upon the adoption of a resolution so providing and directing the transfer of part of the balance in such fund to the operating funds at any time. If a community college district elects to abolish or abate its working cash fund under this provision, it shall have the authority to again create a working cash fund at any time ~~not establish another working cash fund, unless approved by the voters of the community college district~~ in the manner provided by Article III of this Act. When monies are available in the working cash fund, they shall, unless the community college district has abolished or abated its working cash fund pursuant to this Section, be transferred to the educational fund and operations and maintenance fund and disbursed for the payment of salaries and other educational purposes and operation and maintenance of facilities purposes expenses so as to avoid, whenever possible, the issuance of tax anticipation warrants.

Monies earned as interest from the investment of the working cash fund, or any portion thereof, may be transferred from the working cash fund to the educational fund or operations and maintenance fund of the district without any requirement of repayment to the working cash fund, upon the authority of the board by separate resolution directing the treasurer to make such transfer and stating the purpose therefor.

"Section 5. The Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois is amended by changing Section 605-1025 as follows:

(20 ILCS 605/605-1025)

Sec. 605-1025. Data center investment.

(a) The Department shall issue certificates of exemption from the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, all locally-imposed retailers' occupation taxes administered and collected by the Department, the Chicago non-titled Use Tax, and a credit certification against the taxes imposed under subsections (a) and (b) of Section 201 of the Illinois Income Tax Act to qualifying Illinois data centers.

(b) For taxable years beginning on or after January 1, 2019, the Department shall award credits against the taxes imposed under subsections (a) and (b) of Section 201 of the Illinois Income Tax Act as provided in Section 229 of the Illinois Income Tax Act.

(c) For purposes of this Section:

[May 29, 2021]

"Data center" means a facility: (1) whose primary services are the storage, management, and processing of digital data; and (2) that is used to house (i) computer and network systems, including associated components such as servers, network equipment and appliances, telecommunications, and data storage systems, (ii) systems for monitoring and managing infrastructure performance, (iii) Internet-related equipment and services, (iv) data communications connections, (v) environmental controls, (vi) fire protection systems, and (vii) security systems and services.

"Qualifying Illinois data center" means a new or existing data center that:

"Full-time equivalent job" means a job in which the new employee works for the owner, operator, contractor, or tenant of a data center or for a corporation under contract with the owner, operator or tenant of a data center at a rate of at least 35 hours per week. (d) New and existing data centers seeking a certificate of exemption for new or existing facilities shall apply to the Department in the manner specified by the Department. The Department shall determine the duration of the certificate of exemption awarded under this Act. The duration of the certificate of exemption may not exceed 20 calendar years. The Department and any data center seeking the exemption, including a data center operator on behalf of itself and its tenants, must enter into a memorandum of understanding that at a minimum provides:

- (1) the details for determining the amount of capital investment to be made;
- (2) the number of new jobs created;
- (3) the timeline for achieving the capital investment and new job goals;
- (4) the repayment obligation should those goals not be achieved and any conditions under which repayment by the qualifying data center or data center tenant claiming the exemption will be required;
- (5) the duration of the exemption; and
- (6) other provisions as deemed necessary by the Department.

A data center and an associated tenant may also enter into an ancillary memorandum of understanding, as prescribed by the Department, for purposes of receipt of the exemption.

(e) Beginning July 1, 2021, and each year thereafter, the Department shall annually report to the Governor and the General Assembly on the outcomes and effectiveness of Public Act 101-31 that shall include the following:

(g) New and existing data centers seeking a certificate of exemption for the rehabilitation or construction of data centers in the State shall require the contractor to enter into a project labor agreement approved by the Department. Within 180 days after the effective date of this amendatory Act of the 120nd General Assembly, all new and existing data centers seeking a certificate of exemption under this Section shall require the contractor to enter into a labor peace agreement with any union representing workers who operate and maintain a critical system or equipment used or maintained by the data center. For purposes of this subsection, "critical system or equipment" includes, but is not limited to, pumps, chillers and coolers, fire line safety equipment, backup power generators, building automation system controls, and water treatment systems.

(h) Any qualifying data center issued a certificate of exemption under this Section must annually report to the Department the total data center tax benefits that are received by the business. Reports are due no later than May 31 of each year and shall cover the previous calendar year. The first report is for the 2019 calendar year and is due no later than May 31, 2020.

To the extent that a business issued a certificate of exemption under this Section has obtained an Enterprise Zone Building Materials Exemption Certificate or a High Impact Business Building Materials Exemption Certificate, no additional reporting for those building materials exemption benefits is required under this Section.

Failure to file a report under this subsection (h) may result in suspension or revocation of the certificate of exemption. Factors to be considered in determining whether a data center certificate of exemption shall be suspended or revoked include, but are not limited to, prior compliance with the reporting requirements, cooperation in discontinuing and correcting violations, the extent of the violation, and whether the violation was willful or inadvertent.

(i) The Department shall not issue any new certificates of exemption under the provisions of this Section after July 1, 2029. This sunset shall not affect any existing certificates of exemption in effect on July 1, 2029.

(j) The Department shall adopt rules to implement and administer this Section.

(k) The Department is authorized to conform existing memorandums of understanding with the provisions of this Section.

### PRESENTATION OF RESOLUTION

Senator Villanueva offered the following Senate Resolution, which was referred to the Committee on Assignments:

#### SENATE RESOLUTION NO. 341

WHEREAS, The future of our nation's productivity and competitiveness in the global marketplace depends on the success of all men and women; and

WHEREAS, Women have been discriminated against in education, the workplace, and society as a whole; and

WHEREAS, Nationally, women working full time and year round continue to earn no more than 82 cents on the dollar compared to men working full time and year round; in Illinois, women earn 81 cents on the dollar compared to men; and

WHEREAS, The wage gap is even greater for most women of color; Black women earn 63 cents on the dollar, Native American women earn 60 cents on the dollar, and Latina women earn 55 cents on the dollar; and

WHEREAS, By comparison, in 2020, women earned no more than 80 cents on the dollar; women in Illinois earned 79 cents on the dollar; Black women earned 61 cents on the dollar; Latina women earned 53 cents on the dollar; women did not receive equal pay for 12 months of work in 2019 until March 31, 2020; and

WHEREAS, The pay gap has been shown to start as soon as one year after college; this inequality affects not only women but also their families and society as a whole; and

WHEREAS, The pay gap between women and men has long-term effects on women's economic security; such a gap affects women's Social Security earnings, their ability to save for retirement, and their children's education; and

WHEREAS, Pay equity is closely linked to the eradication of poverty and is essential to having a highly-motivated workforce; and

WHEREAS, Equal Pay Day was originated by the National Committee on Pay Equity in 1996 as a public awareness event to illustrate the gap between men's and women's wages; the day symbolizes how far into the year a woman must work, on average, to earn as much as a man earned the previous year, with Tuesday being the day in which women's wages catch up to men's wages from the previous week; because women earn less on average than men, they must work longer for the same amount of pay; this wage gap is even greater for most women of color; although Equal Pay Day represents all women, Black Women's Equal Pay Day is August 3, 2021, Native American Women's Equal Pay Day is September 8, 2021, and Latina Equal Pay Day is October 21, 2021; and

[May 29, 2021]

WHEREAS, Equal pay is a priority for all women and for our society at large; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we declare March 24, 2021 as Equal Pay Day, August 3, 2021 as Black Women's Equal Pay Day, September 8, 2021 as Native American Women's Equal Pay Day, and October 21, 2021 as Latina Equal Pay Day in the State of Illinois in order to raise awareness about this endemic inequity.

Sec. 3.85. Vehicle Service Providers.

(a) "Vehicle Service Provider" means an entity licensed by the Department to provide emergency or non-emergency medical services in compliance with this Act, the rules promulgated by the Department pursuant to this Act, and an operational plan approved by its EMS System(s), utilizing at least ambulances or specialized emergency medical service vehicles (SEMSV).

(2) "Specialized Emergency Medical Services Vehicle" or "SEMSV" means a vehicle or conveyance, other than those owned or operated by the federal government, that is primarily intended for use in transporting the sick or injured by means of air, water, or ground transportation, that is not an ambulance as defined in this Act. (3) An ambulance or SEMSV may also be designated as a Limited Operation Vehicle or Special-Use Vehicle:

(A) "Limited Operation Vehicle" means a vehicle which is licensed by the Department to provide basic, intermediate or advanced life support emergency or non-emergency medical services that are exclusively limited to specific events or locales.

(B) "Special-Use Vehicle" means any publicly or privately owned vehicle that is specifically designed, constructed or modified and equipped, and is intended to be used for, and is maintained or operated solely for the emergency or non-emergency transportation of a specific medical class or category of persons who are sick, injured, wounded or otherwise incapacitated or helpless (e.g. high-risk obstetrical patients, neonatal patients).

(2) Require a Vehicle Service Provider utilizing ambulances to have a primary affiliation with an EMS System within the EMS Region in which its Primary Service Area is located, which is the geographic areas in which the provider renders the majority of its emergency responses. The Department must allow for an alternative rural staffing model for those vehicle service providers that serve a rural or semi-rural population of 10,000 or fewer inhabitants and exclusively uses volunteers, paid-on-call, or a combination thereof.

(4) License all Vehicle Service Providers that have met the Department's requirements for licensure, unless such Provider is owned or licensed by the federal government. All Provider licenses issued by the Department shall specify the level and type of each vehicle covered by the license (BLS, ILS, ALS, ambulance, SEMSV, limited operation vehicle, special use vehicle, reserve ambulance).

(5) Annually inspect all licensed vehicles operated by Vehicle Service Providers.

(6) Suspend, revoke, refuse to issue or refuse to renew the license of any Vehicle Service Provider, or that portion of a license pertaining to a specific vehicle operated by the Provider, after an opportunity for a hearing, when findings show that the Provider or one or more of its vehicles has failed to comply with the standards and requirements of this Act or rules adopted by the Department pursuant to this Act.

(7) Issue an Emergency Suspension Order for any Provider or vehicle licensed under this Act, when the Director or his designee has determined that an immediate and serious danger to the public health, safety and welfare exists. Suspension or revocation proceedings which offer an opportunity for hearing shall be promptly initiated after the Emergency Suspension Order has been issued.

(8) Exempt any licensed vehicle from subsequent vehicle design standards or specifications required by the Department, as long as said vehicle is continuously in compliance with the vehicle design standards and specifications originally applicable to that vehicle, or until said vehicle's title of ownership is transferred.

(9) Exempt any vehicle (except an SEMSV) which was being used as an ambulance on or before December 15, 1980, from vehicle design standards and specifications required by the Department, until said vehicle's title of ownership is transferred. Such vehicles shall not be exempt from all other licensing standards and requirements prescribed by the Department.

(10) Prohibit any Vehicle Service Provider from advertising, identifying its vehicles, or disseminating information in a false or misleading manner concerning the Provider's type and level of vehicles, location, primary service area, response times, level of personnel, licensure status or System participation.

(10.5) Prohibit any Vehicle Service Provider, whether municipal, private, or hospital-owned, from advertising itself as a critical care transport provider unless it participates in a Department-approved EMS System critical care transport plan.

(11) Charge each Vehicle Service Provider a fee per transport vehicle, due annually at time of inspection. The fee per transport vehicle shall be set by administrative rule by the Department and shall not exceed 100 vehicles per provider.

(h) Patients, individuals who accompany a patient, and emergency medical services personnel may not smoke while inside an ambulance or SEMSV. The Department of Public Health may impose a civil penalty on an individual who violates this subsection in the amount of \$100.

(i) When a patient has been determined by EMS personnel to (1) have no immediate life-threatening injuries or illness, (2) not be under the influence of drugs or alcohol, (3) have no immediate or obvious need for transport to an emergency department, and (4) have an immediate need for transport to an EMS System-approved mental health facility, the EMS personnel may contact Online Medical Control or his or her EMS Medical Director or Emergency Communications Registered Nurse to request bypass or diversion of the closest emergency department, as outlined in paragraph (5) of subsection (c) of Section 3.20, and request transport to the closest or appropriate EMS System-approved mental health facility. In addition, EMS personnel may transport a patient to an EMS System-approved urgent care or immediate care facility that meets the proper criteria and is approved by Online Medical Control or his or her EMS Medical Director or Emergency Communications Registered Nurse.

[May 29, 2021]

"Section 5. The Mental Health and Developmental Disabilities Confidentiality Act is amended by adding Section 5.5 as follows:

(740 ILCS 110/5.5 new)

Sec. 5.5. Limited access to basic inpatient mental health information.

(a) For a recipient who is an inpatient of a mental health facility, an individual is eligible, upon request, to obtain the protected mental health information of the recipient that is directly relevant to that individual's involvement with the recipient's mental health care, or payment related to the recipient's mental health care, subject to the conditions set forth in Section (b), if the individual:

(1) provides proof of identity to the mental health facility; and

(2) provides a statement in writing that:

(A) declares that there is no current or pending order of protection involving both the individual and the recipient;

(B) if the individual is the recipient's spouse, declares that no action is pending between the individual and the recipient under the Illinois Marriage and Dissolution of Marriage Act or any substantially similar federal or other state dissolution of marriage statute; and

(C) provides evidence sufficient to establish the individual's participation in the recipient's care or payment for the recipient's care; factors that may be considered to establish the individual's involvement in a recipient's care include, but are not limited to:

(i) the individual resides at the same address as the recipient;

(ii) the individual regularly assists the recipient in scheduling and attending appointments with mental health care providers, including mental health residential providers, and gives the name and contact information of those mental health care or residential providers, or alternatively provides documentation that the individual has paid for services to those mental health care or residential providers;

(iii) the individual regularly assists the recipient in filling prescriptions for medication relating to the recipient's mental health condition and gives the name and contact information of the prescribing provider, or alternatively provides documentation that the individual has paid for prescriptions related to the recipient's mental health condition from the prescribing provider;

(iv) the individual is an adult and is the recipient's parent, spouse, sibling, child, or grandchild;

(v) the individual has been identified as an emergency contact for the recipient; and

(vi) the individual provides documentation that the individual holds the health insurance policy under which the recipient is a beneficiary with respect to mental health care.

(b) An individual who satisfies the requirements of Section (a) is eligible to receive information under this Section if, at the time any disclosure is made, the recipient's treating physician has determined, after thorough clinical assessment by the treatment team, (i) that the recipient lacks the capacity to make a reasoned decision about the disclosure under Section 5, (ii) the treating physician is able to determine in the exercise of the physician's professional judgment that the recipient is not at risk of abuse or neglect as a result of the disclosure, and (iii) that the disclosure is in the recipient's best interest. When making a decision regarding the recipient's best interest, the physician shall give substantial consideration to any prior instructions from a recipient identifying individuals with whom the recipient's information may be shared. No disclosure pursuant to this Section may be made at any time when a recipient has the capacity to make a decision about the disclosure.

(c) Whenever the disclosure of any information is made without consent pursuant to this Section, (i) the recipient shall be provided with written notification of the disclosure and afforded the opportunity to designate an agent under the Powers of Attorney for Health Care Law or an attorney-in-fact under the Mental Health Treatment Preference Declaration Act, and (ii) a notation of the information disclosed and the purpose of the disclosure or use shall be noted in the recipient's record together with the date and name of the person to whom the disclosure was made.

(d) This Section allows for the exchange of information only when the requirements of this Section are met and the recipient lacks the capacity for informed consent. Once the recipient regains the capacity for informed consent, this Section no longer applies and any allowance for the exchange of information authorized under this Section between individuals and medical personnel is terminated.

(e) An individual who receives information pursuant to this Section is eligible to access the following information only to the extent that such information is directly relevant to the individual's involvement with the recipient's care or payment related to the recipient's health care or needed for notification purposes. Such information is limited to the following:

(1) whether the recipient is located at the inpatient mental health facility; and

(2) plans for the discharge of the recipient to the extent the treating physician is able to determine that there is no risk to the recipient of abuse, harassment, or harm in providing the information, which may include the anticipated date and time of the discharge, if known, the address where the recipient will live, and the plans, if any, for the provision of treatment in the community following discharge for the mental health condition or conditions for which the recipient was receiving treatment at the inpatient mental health facility, including, but not limited to, psychotropic medication related to the recipient's mental health condition and the identity of any person or agency expected to provide treatment to the recipient.

(f) An individual who has received information under this Section shall not redisclose the information except as necessary to provide for the recipient's care or payment for the recipient's care. The information shall be excluded from evidence in a proceeding and may not be used in any other way, unless it is being used to assert or prove that a recipient is a person with a disability in need of a limited or plenary guardian under Article XIa of the Probate Act of 1975.

(g) If access or modification of the information is requested, the request, the grounds for its acceptance or denial, and any action taken thereon, including what information was disclosed, shall be noted in the recipient's record.

(h) No information shall be disclosed under this Section if the recipient has either designated an agent under the Powers of Attorney for Health Care Law or an attorney-in-fact under the Mental Health Treatment Preference Declaration Act who is currently authorized to receive the information set forth in subsection (e).

**AMENDMENT NO. 1 TO SENATE BILL 2338**

AMENDMENT NO. 1. Amend Senate Bill 2338 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Student-Athlete Endorsement Rights Act.

Section 5. Definitions. In this Act:

"Compensation" means anything of value, monetary or otherwise, including, but not limited to, cash, gifts, in-kind items of value, social media compensation, payments for licensing or use of publicity rights, payments for other intellectual or intangible property rights under federal or State law, and any other form of payment or remuneration, except as excluded under this Act. "Compensation" shall not include:

(1) tuition, room, board, books, fees, and personal expenses that a postsecondary educational institution provides to a student-athlete in accordance with the rules of the athletic association or conference of which the postsecondary educational institution is a member;

(2) Federal Pell Grants and other State and federal grants or scholarships unrelated to, and not awarded because of a student-athlete's participation in intercollegiate athletics or sports competition;

(3) any other financial aid, benefits, or awards that a postsecondary educational institution provides to a student-athlete in accordance with the rules of the athletic association or conference of which the postsecondary educational institution is a member; or

(4) the payment of wages and benefits to a student-athlete for work actually performed (but not for athletic ability or participation in intercollegiate athletics) at a rate commensurate with the prevailing rate for similar work in the locality of the student-athlete's postsecondary educational institution.

"Image" means any visual depiction, including, but not limited to, photograph, digital image, rendering, and video.

"Intercollegiate athletics program" means an intercollegiate athletics program played at the collegiate level for which eligibility requirements for participation by a student-athlete are established by a national association for the promotion or regulation of collegiate athletics.

"Likeness" means a physical, digital, rendering, or other depiction or representation of a student-athlete, including a student-athlete's uniform number or signature, that reasonably identifies the student-athlete with particularity.

"Name" means the first or last name or the nickname of a student-athlete when used in a context that reasonably identifies the student-athlete with particularity.

"Name, image, and likeness agreement" or "publicity rights agreement" means a contract or other written or oral arrangement between a student-athlete and a third party licensee regarding the use of the name, image, likeness, or voice of the student-athlete.

"Publicity right" means any right that (i) is licensed under a publicity rights agreement or (ii) is recognized under a federal or State law that permits an individual to control and benefit from the commercial use of the name, image, likeness, or voice of the individual.

"Postsecondary educational institution" means a public university or community college or private university or college.

"Social media compensation" means all forms of payment for engagement on social media received by a student-athlete as a result of the use of that student-athlete's name, image, likeness, or voice.

"Student-athlete" means a student currently enrolled at a postsecondary educational institution who engages in, is eligible to engage in, or may be eligible in the future to engage in, an intercollegiate athletics program at a postsecondary educational institution. If an individual is permanently ineligible to participate in a particular intercollegiate sport, the individual is not a student-athlete for purposes of that sport.

"Third party licensee" means any individual or entity that licenses publicity rights or the use of name, image, likeness, or voice from any prospective or current student-athlete or group of student-athletes. "Third party licensee" shall not include any national association for the promotion or regulation of collegiate athletics, athletics conference, or postsecondary educational institution.

#### Section 10. Compensation. Except as provided in Section 15:

(1) A student-athlete may earn compensation, commensurate with market value, for the use of the name, image, likeness, or voice of the student-athlete while enrolled at a postsecondary educational institution and obtain and retain a certified agent for any matter or activity relating to such compensation.

(2) A student-athlete may not earn compensation in exchange for the student-athlete's athletic ability or participation in intercollegiate athletics or sports competition or agreement or willingness to attend a postsecondary educational institution.

(3) Notwithstanding any other provision of law or agreement to the contrary, a student-athlete shall not be deemed an employee, agent, or independent contractor of an association, a conference, or a postsecondary educational institution based on the student-athlete's participation in an intercollegiate athletics program.

#### Section 15. Postsecondary educational institutions; limitations; prohibitions.

(a) Except as provided in this Act, a postsecondary educational institution shall not uphold any contract, rule, regulation, standard, or other requirement that prevents a student-athlete of that institution from earning compensation as a result of the use of the student-athlete's name, image, likeness, or voice. Any such contract, rule, regulation, standard, or other requirement shall be void and unenforceable against the postsecondary educational institution or the student-athlete. Compensation from the use of a student-athlete's name, image, likeness, or voice may not affect the student-athlete's scholarship eligibility, grant-in-aid, or other financial aid, awards or benefits, or the student-athlete's intercollegiate athletic eligibility. Nothing in this Act is intended to alter any State or federal laws, rules, or regulations regarding the award of financial aid at postsecondary educational institutions.

(b) Except as provided in this Act, an athletic association, conference, or other group or organization with authority over intercollegiate athletic programs, including, but not limited to, the National Collegiate Athletic Association, the National Association of Intercollegiate Athletics, and the National Junior College Athletic Association, shall not prevent, or otherwise enforce a contract, rule, regulation, standard, or other requirement that prevents a student-athlete at a postsecondary educational institution from earning compensation as a result of the use of the student-athlete's name, image, likeness, or voice.

(c) To protect the integrity of its educational mission and intercollegiate athletics program, a postsecondary educational institution may impose reasonable limitations on the dates and time that a student-athlete may participate in endorsement, promotional, social media, or other activities related to the license or use of the student-athlete's name, image, likeness, or voice. Nothing in this Act shall restrict a postsecondary educational institution from exercising its sole discretion to control the authorized use of its marks or logos or to determine a student-athlete's apparel, gear, or other wearables during an intercollegiate athletics competition or institution-sponsored event. A student-athlete may not receive or enter into a contract for compensation for the use of the student-athlete's name, image, likeness, or voice in a way that also uses any registered or licensed marks, logos, verbiage, name, or designs of a postsecondary educational institution, unless the postsecondary educational institution has provided the student-athlete with written permission to do so prior to execution of the contract or receipt of compensation. If permission is granted to the student-athlete, the postsecondary educational institution, by an agreement of all of the parties, may be compensated for the use in a manner consistent with market rates. A postsecondary educational institution may also prohibit a student-athlete from wearing any item of clothing, shoes, or other gear or wearables with the name, logo, or insignia of any entity during an intercollegiate athletics competition or institution-sponsored event.

(d) An athletic association, conference, or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association, the National Association of Intercollegiate Athletics, and the National Junior College Athletic Association, shall not enforce a contract, rule, regulation, standard, or other requirement that prevents a postsecondary educational institution from participating in an intercollegiate athletics program as a result of the compensation of a student-athlete for the use of the student-athlete's name, image, likeness, or voice.

(e) A postsecondary educational institution, athletic association, conference, or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association, the National Association of Intercollegiate Athletics, and the National Junior College Athletic Association, shall not directly or indirectly:

(1) enter into, or offer to enter into, a publicity rights agreement with a prospective or current student-athlete; or

(2) provide a prospective or current student-athlete or the student-athlete's family compensation in relation to the use of the student-athlete's name, image, likeness, or voice.

(f) A postsecondary educational institution, athletic association, conference, or other group or organization with authority over intercollegiate athletics programs, including, but not limited to, the National Collegiate Athletic Association, the National Association of Intercollegiate Athletics, and the National Junior College Athletic Association, shall not prevent a student-athlete from obtaining professional representation for purposes of this Act in relation to name, image, likeness, or voice, or to secure a publicity rights agreement, including, but not limited to, representation provided by athlete agents or legal representation provided by attorneys. A student-athlete shall provide the postsecondary educational institution with written notice and a copy of the agreement within 7 days of entering into a representation agreement with any individual for the purpose of exploring or securing compensation for use of the student-athlete's name, image, likeness, or voice.

Section 20. Agents; publicity rights; third party licensees.

(a) An agent, legal representative, or other professional service provider offering services to a student-athlete shall, to the extent required, comply with the federal Sports Agent Responsibility and Trust Act and any other applicable laws, rules, or regulations.

(b) A grant-in-aid, including cost of attendance, and other permissible financial aid, awards, or benefits from the postsecondary educational institution in which a student-athlete is enrolled shall not be revoked, reduced, nor the terms and conditions altered, as a result of a student-athlete earning compensation or obtaining professional or legal representation pursuant to this Act.

(c) A student-athlete shall disclose to the postsecondary educational institution in which the student is enrolled, in a manner and time prescribed by the institution, the existence and substance of all publicity rights agreements. Publicity rights agreements that contemplate cash or other compensation to the student-athlete that is equal to or in excess of a value of \$500 shall be formalized in a written contract, and the contract shall be provided to the postsecondary educational institution in which the student is enrolled prior to the execution of the agreement and before any compensation is provided to the student-athlete.

(d) A student-athlete may not enter into a publicity rights agreement or otherwise receive compensation for that student-athlete's name, image, likeness, or voice for services rendered or performed while that student-athlete is participating in activities sanctioned by that student-athlete's postsecondary educational institution if such services or performance by the student-athlete would conflict with a provision in a contract, rule, regulation, standard, or other requirement of the postsecondary educational institution.

(e) No booster, third-party licensee, or any other individual or entity, shall provide or directly or indirectly arrange for a third-party to provide compensation to a prospective or current student-athlete or enter into, or directly or indirectly arrange for a third-party to enter into, a publicity rights agreement as an inducement for the student-athlete to attend or enroll in a specific institution or group of institutions. Compensation for a student-athlete's name, image, likeness, or voice shall not be conditioned on athletic performance or attendance at a particular postsecondary educational institution.

(f) A postsecondary educational institution may fund an independent, third-party administrator to support education, monitoring, disclosures, and reporting concerning name, image, likeness, or voice activities by student-athletes authorized pursuant to this Act. A third-party administrator cannot be a registered athlete agent.

(g) No postsecondary educational institution shall provide or directly or indirectly arrange for a third-party to provide compensation to a prospective or current student-athlete or enter into, or directly or indirectly arrange for a third party to enter into, a publicity rights agreement with a prospective or current student-athlete.

(h) No student-athlete shall enter into a publicity rights agreement or receive compensation from a third party licensee relating to the name, image, likeness, or voice of the student-athlete before the date on which the student-athlete enrolls at a postsecondary educational institution.

(i) No student-athlete shall enter into a publicity rights agreement or receive compensation from a third party licensee for the endorsement or promotion of gambling, sports betting, controlled substances, cannabis, a tobacco or alcohol company, brand, or products, alternative or electronic nicotine product or delivery system, performance-enhancing supplements, adult entertainment, or any other product or service that is reasonably considered to be inconsistent with the values or mission of a postsecondary educational institution or that negatively impacts or reflects adversely on a postsecondary education institution or its athletic programs, including, but not limited to, bringing about public disrepute, embarrassment, scandal, ridicule, or otherwise negatively impacting the reputation or the moral or ethical standards of the postsecondary educational institution.

Section 25. Term of student-athlete contract. A contract for the use of the student-athlete's name, image, likeness, or voice that is entered into while the student-athlete is participating in an intercollegiate sport at a postsecondary educational institution may not extend beyond the student-athlete's participation in the sport at the institution.

Section 30. Construction. Nothing in this Act shall be construed to modify any requirements or obligations imposed under Title IX of the Education Amendments of 1972.

Section 35. Liability. No postsecondary educational institution shall be subject to a claim for damages of any kind under this Act, including, but not limited to, a claim for unfair trade or competition or tortious

interference. No postsecondary educational institution shall be subject to a claim for damages related to its adoption, implementation, or enforcement of any contract, rule, regulation, standard, or other requirement in compliance with this Act. This Act is not intended to and shall not waive or diminish any applicable defenses and immunities, including, but not limited to, sovereign immunity applicable to postsecondary educational institutions.

Section 99. Effective date. This Act takes effect upon becoming law or on July 1, 2021, whichever is later."

"Section 1. Amends the Illinois Public Aid Code is amended by changing Section 5-5 as follows:

(305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

Sec. 5-5. Medical services. The Illinois Department, by rule, shall determine the quantity and quality of and the rate of reimbursement for the medical assistance for which payment will be authorized, and the medical services to be provided, which may include all or part of the following: (1) inpatient hospital services; (2) outpatient hospital services; (3) other laboratory and X-ray services; (4) skilled nursing home

[May 29, 2021]

services; (5) physicians' services whether furnished in the office, the patient's home, a hospital, a skilled nursing home, or elsewhere; (6) medical care, or any other type of remedial care furnished by licensed practitioners; (7) home health care services; (8) private duty nursing service; (9) clinic services; (10) dental services, including prevention and treatment of periodontal disease and dental caries disease for pregnant women, provided by an individual licensed to practice dentistry or dental surgery; for purposes of this item (10), "dental services" means diagnostic, preventive, or corrective procedures provided by or under the supervision of a dentist in the practice of his or her profession; (11) physical therapy and related services; (12) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select; (13) other diagnostic, screening, preventive, and rehabilitative services, including to ensure that the individual's need for intervention or treatment of mental disorders or substance use disorders or co-occurring mental health and substance use disorders is determined using a uniform screening, assessment, and evaluation process inclusive of criteria, for children and adults; for purposes of this item (13), a uniform screening, assessment, and evaluation process refers to a process that includes an appropriate evaluation and, as warranted, a referral; "uniform" does not mean the use of a singular instrument, tool, or process that all must utilize; (14) transportation and such other expenses as may be necessary; (15) medical treatment of sexual assault survivors, as defined in Section 1a of the Sexual Assault Survivors Emergency Treatment Act, for injuries sustained as a result of the sexual assault, including examinations and laboratory tests to discover evidence which may be used in criminal proceedings arising from the sexual assault; (16) the diagnosis and treatment of sickle cell anemia; and (17) any other medical care, and any other type of remedial care recognized under the laws of this State. The term "any other type of remedial care" shall include nursing care and nursing home service for persons who rely on treatment by spiritual means alone through prayer for healing.

Notwithstanding any other provision of this Section, a comprehensive tobacco use cessation program that includes purchasing prescription drugs or prescription medical devices approved by the Food and Drug Administration shall be covered under the medical assistance program under this Article for persons who are otherwise eligible for assistance under this Article.

Notwithstanding any other provision of this Code, reproductive health care that is otherwise legal in Illinois shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article.

Notwithstanding any other provision of this Code, the Illinois Department may not require, as a condition of payment for any laboratory test authorized under this Article, that a physician's handwritten signature appear on the laboratory test order form. The Illinois Department may, however, impose other appropriate requirements regarding laboratory test order documentation.

Upon receipt of federal approval of an amendment to the Illinois Title XIX State Plan for this purpose, the Department shall authorize the Chicago Public Schools (CPS) to procure a vendor or vendors to manufacture eyeglasses for individuals enrolled in a school within the CPS system. CPS shall ensure that its vendor or vendors are enrolled as providers in the medical assistance program and in any capitated Medicaid managed care entity (MCE) serving individuals enrolled in a school within the CPS system. Under any contract procured under this provision, the vendor or vendors must serve only individuals enrolled in a school within the CPS system. Claims for services provided by CPS's vendor or vendors to recipients of benefits in the medical assistance program under this Code, the Children's Health Insurance Program, or the Covering ALL KIDS Health Insurance Program shall be submitted to the Department or the MCE in which the individual is enrolled for payment and shall be reimbursed at the Department's or the MCE's established rates or rate methodologies for eyeglasses.

On and after July 1, 2012, the Department of Healthcare and Family Services may provide the following services to persons eligible for assistance under this Article who are participating in education, training or employment programs operated by the Department of Human Services as successor to the Department of Public Aid:

(1) dental services provided by or under the supervision of a dentist; and

(2) eyeglasses prescribed by a physician skilled in the diseases of the eye, or by an optometrist, whichever the person may select.

On and after July 1, 2018, the Department of Healthcare and Family Services shall provide dental services to any adult who is otherwise eligible for assistance under the medical assistance program. As used in this paragraph, "dental services" means diagnostic, preventative, restorative, or corrective procedures, including procedures and services for the prevention and treatment of periodontal disease and dental caries

disease, provided by an individual who is licensed to practice dentistry or dental surgery or who is under the supervision of a dentist in the practice of his or her profession.

On and after July 1, 2018, targeted dental services, as set forth in Exhibit D of the Consent Decree entered by the United States District Court for the Northern District of Illinois, Eastern Division, in the matter of *Memisovski v. Maram*, Case No. 92 C 1982, that are provided to adults under the medical assistance program shall be established at no less than the rates set forth in the "New Rate" column in Exhibit D of the Consent Decree for targeted dental services that are provided to persons under the age of 18 under the medical assistance program.

Notwithstanding any other provision of this Code and subject to federal approval, the Department may adopt rules to allow a dentist who is volunteering his or her service at no cost to render dental services through an enrolled not-for-profit health clinic without the dentist personally enrolling as a participating provider in the medical assistance program. A not-for-profit health clinic shall include a public health clinic or Federally Qualified Health Center or other enrolled provider, as determined by the Department, through which dental services covered under this Section are performed. The Department shall establish a process for payment of claims for reimbursement for covered dental services rendered under this provision.

The Illinois Department, by rule, may distinguish and classify the medical services to be provided only in accordance with the classes of persons designated in Section 5-2.

The Department of Healthcare and Family Services must provide coverage and reimbursement for amino acid-based elemental formulas, regardless of delivery method, for the diagnosis and treatment of (i) eosinophilic disorders and (ii) short bowel syndrome when the prescribing physician has issued a written order stating that the amino acid-based elemental formula is medically necessary.

The Illinois Department shall authorize the provision of, and shall authorize payment for, screening by low-dose mammography for the presence of occult breast cancer for women 35 years of age or older who are eligible for medical assistance under this Article, as follows:

(A) A baseline mammogram for women 35 to 39 years of age.

(B) An annual mammogram for women 40 years of age or older.

(C) A mammogram at the age and intervals considered medically necessary by the woman's health care provider for women under 40 years of age and having a family history of breast cancer, prior personal history of breast cancer, positive genetic testing, or other risk factors.

(D) A comprehensive ultrasound screening and MRI of an entire breast or breasts if a mammogram demonstrates heterogeneous or dense breast tissue or when medically necessary as determined by a physician licensed to practice medicine in all of its branches.

(E) A screening MRI when medically necessary, as determined by a physician licensed to practice medicine in all of its branches.

(F) A diagnostic mammogram when medically necessary, as determined by a physician licensed to practice medicine in all its branches, advanced practice registered nurse, or physician assistant.

The Department shall not impose a deductible, coinsurance, copayment, or any other cost-sharing requirement on the coverage provided under this paragraph; except that this sentence does not apply to coverage of diagnostic mammograms to the extent such coverage would disqualify a high-deductible health plan from eligibility for a health savings account pursuant to Section 223 of the Internal Revenue Code (26 U.S.C. 223).

All screenings shall include a physical breast exam, instruction on self-examination and information regarding the frequency of self-examination and its value as a preventative tool.

For purposes of this Section:

"Diagnostic mammogram" means a mammogram obtained using diagnostic mammography.

"Diagnostic mammography" means a method of screening that is designed to evaluate an abnormality in a breast, including an abnormality seen or suspected on a screening mammogram or a subjective or objective abnormality otherwise detected in the breast.

"Low-dose mammography" means the x-ray examination of the breast using equipment dedicated specifically for mammography, including the x-ray tube, filter, compression device, and image receptor, with an average radiation exposure delivery of less than one rad per breast for 2 views of an average size breast. The term also includes digital mammography and includes breast tomosynthesis.

"Breast tomosynthesis" means a radiologic procedure that involves the acquisition of projection images over the stationary breast to produce cross-sectional digital three-dimensional images of the breast.

If, at any time, the Secretary of the United States Department of Health and Human Services, or its successor agency, promulgates rules or regulations to be published in the Federal Register or publishes a

comment in the Federal Register or issues an opinion, guidance, or other action that would require the State, pursuant to any provision of the Patient Protection and Affordable Care Act (Public Law 111-148), including, but not limited to, 42 U.S.C. 18031(d)(3)(B) or any successor provision, to defray the cost of any coverage for breast tomosynthesis outlined in this paragraph, then the requirement that an insurer cover breast tomosynthesis is inoperative other than any such coverage authorized under Section 1902 of the Social Security Act, 42 U.S.C. 1396a, and the State shall not assume any obligation for the cost of coverage for breast tomosynthesis set forth in this paragraph.

On and after January 1, 2016, the Department shall ensure that all networks of care for adult clients of the Department include access to at least one breast imaging Center of Imaging Excellence as certified by the American College of Radiology.

On and after January 1, 2012, providers participating in a quality improvement program approved by the Department shall be reimbursed for screening and diagnostic mammography at the same rate as the Medicare program's rates, including the increased reimbursement for digital mammography.

The Department shall convene an expert panel including representatives of hospitals, free-standing mammography facilities, and doctors, including radiologists, to establish quality standards for mammography.

On and after January 1, 2017, providers participating in a breast cancer treatment quality improvement program approved by the Department shall be reimbursed for breast cancer treatment at a rate that is no lower than 95% of the Medicare program's rates for the data elements included in the breast cancer treatment quality program.

The Department shall convene an expert panel, including representatives of hospitals, free-standing breast cancer treatment centers, breast cancer quality organizations, and doctors, including breast surgeons, reconstructive breast surgeons, oncologists, and primary care providers to establish quality standards for breast cancer treatment.

Subject to federal approval, the Department shall establish a rate methodology for mammography at federally qualified health centers and other encounter-rate clinics. These clinics or centers may also collaborate with other hospital-based mammography facilities. By January 1, 2016, the Department shall report to the General Assembly on the status of the provision set forth in this paragraph.

The Department shall establish a methodology to remind women who are age-appropriate for screening mammography, but who have not received a mammogram within the previous 18 months, of the importance and benefit of screening mammography. The Department shall work with experts in breast cancer outreach and patient navigation to optimize these reminders and shall establish a methodology for evaluating their effectiveness and modifying the methodology based on the evaluation.

The Department shall establish a performance goal for primary care providers with respect to their female patients over age 40 receiving an annual mammogram. This performance goal shall be used to provide additional reimbursement in the form of a quality performance bonus to primary care providers who meet that goal.

The Department shall devise a means of case-managing or patient navigation for beneficiaries diagnosed with breast cancer. This program shall initially operate as a pilot program in areas of the State with the highest incidence of mortality related to breast cancer. At least one pilot program site shall be in the metropolitan Chicago area and at least one site shall be outside the metropolitan Chicago area. On or after July 1, 2016, the pilot program shall be expanded to include one site in western Illinois, one site in southern Illinois, one site in central Illinois, and 4 sites within metropolitan Chicago. An evaluation of the pilot program shall be carried out measuring health outcomes and cost of care for those served by the pilot program compared to similarly situated patients who are not served by the pilot program.

The Department shall require all networks of care to develop a means either internally or by contract with experts in navigation and community outreach to navigate cancer patients to comprehensive care in a timely fashion. The Department shall require all networks of care to include access for patients diagnosed with cancer to at least one academic commission on cancer-accredited cancer program as an in-network covered benefit.

Any medical or health care provider shall immediately recommend, to any pregnant woman who is being provided prenatal services and is suspected of having a substance use disorder as defined in the Substance Use Disorder Act, referral to a local substance use disorder treatment program licensed by the Department of Human Services or to a licensed hospital which provides substance abuse treatment services. The Department of Healthcare and Family Services shall assure coverage for the cost of treatment of the

drug abuse or addiction for pregnant recipients in accordance with the Illinois Medicaid Program in conjunction with the Department of Human Services.

All medical providers providing medical assistance to pregnant women under this Code shall receive information from the Department on the availability of services under any program providing case management services for addicted women, including information on appropriate referrals for other social services that may be needed by addicted women in addition to treatment for addiction.

The Illinois Department, in cooperation with the Departments of Human Services (as successor to the Department of Alcoholism and Substance Abuse) and Public Health, through a public awareness campaign, may provide information concerning treatment for alcoholism and drug abuse and addiction, prenatal health care, and other pertinent programs directed at reducing the number of drug-affected infants born to recipients of medical assistance.

Neither the Department of Healthcare and Family Services nor the Department of Human Services shall sanction the recipient solely on the basis of her substance abuse.

The Illinois Department shall establish such regulations governing the dispensing of health services under this Article as it shall deem appropriate. The Department should seek the advice of formal professional advisory committees appointed by the Director of the Illinois Department for the purpose of providing regular advice on policy and administrative matters, information dissemination and educational activities for medical and health care providers, and consistency in procedures to the Illinois Department.

The Illinois Department may develop and contract with Partnerships of medical providers to arrange medical services for persons eligible under Section 5-2 of this Code. Implementation of this Section may be by demonstration projects in certain geographic areas. The Partnership shall be represented by a sponsor organization. The Department, by rule, shall develop qualifications for sponsors of Partnerships. Nothing in this Section shall be construed to require that the sponsor organization be a medical organization.

The sponsor must negotiate formal written contracts with medical providers for physician services, inpatient and outpatient hospital care, home health services, treatment for alcoholism and substance abuse, and other services determined necessary by the Illinois Department by rule for delivery by Partnerships. Physician services must include prenatal and obstetrical care. The Illinois Department shall reimburse medical services delivered by Partnership providers to clients in target areas according to provisions of this Article and the Illinois Health Finance Reform Act, except that:

(1) Physicians participating in a Partnership and providing certain services, which shall be determined by the Illinois Department, to persons in areas covered by the Partnership may receive an additional surcharge for such services.

(2) The Department may elect to consider and negotiate financial incentives to encourage the development of Partnerships and the efficient delivery of medical care.

(3) Persons receiving medical services through Partnerships may receive medical and case management services above the level usually offered through the medical assistance program.

Medical providers shall be required to meet certain qualifications to participate in Partnerships to ensure the delivery of high quality medical services. These qualifications shall be determined by rule of the Illinois Department and may be higher than qualifications for participation in the medical assistance program. Partnership sponsors may prescribe reasonable additional qualifications for participation by medical providers, only with the prior written approval of the Illinois Department.

Nothing in this Section shall limit the free choice of practitioners, hospitals, and other providers of medical services by clients. In order to ensure patient freedom of choice, the Illinois Department shall immediately promulgate all rules and take all other necessary actions so that provided services may be accessed from therapeutically certified optometrists to the full extent of the Illinois Optometric Practice Act of 1987 without discriminating between service providers.

The Department shall apply for a waiver from the United States Health Care Financing Administration to allow for the implementation of Partnerships under this Section.

The Illinois Department shall require health care providers to maintain records that document the medical care and services provided to recipients of Medical Assistance under this Article. Such records must be retained for a period of not less than 6 years from the date of service or as provided by applicable State law, whichever period is longer, except that if an audit is initiated within the required retention period then the records must be retained until the audit is completed and every exception is resolved. The Illinois Department shall require health care providers to make available, when authorized by the patient, in writing, the medical records in a timely fashion to other health care providers who are treating or serving persons eligible for Medical Assistance under this Article. All dispensers of medical services shall be required to

maintain and retain business and professional records sufficient to fully and accurately document the nature, scope, details and receipt of the health care provided to persons eligible for medical assistance under this Code, in accordance with regulations promulgated by the Illinois Department. The rules and regulations shall require that proof of the receipt of prescription drugs, dentures, prosthetic devices and eyeglasses by eligible persons under this Section accompany each claim for reimbursement submitted by the dispenser of such medical services. No such claims for reimbursement shall be approved for payment by the Illinois Department without such proof of receipt, unless the Illinois Department shall have put into effect and shall be operating a system of post-payment audit and review which shall, on a sampling basis, be deemed adequate by the Illinois Department to assure that such drugs, dentures, prosthetic devices and eyeglasses for which payment is being made are actually being received by eligible recipients. Within 90 days after September 16, 1984 (the effective date of Public Act 83-1439), the Illinois Department shall establish a current list of acquisition costs for all prosthetic devices and any other items recognized as medical equipment and supplies reimbursable under this Article and shall update such list on a quarterly basis, except that the acquisition costs of all prescription drugs shall be updated no less frequently than every 30 days as required by Section 5-5.12.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after July 22, 2013 (the effective date of Public Act 98-104), establish procedures to permit skilled care facilities licensed under the Nursing Home Care Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall, by July 1, 2016, test the viability of the new system and implement any necessary operational or structural changes to its information technology platforms in order to allow for the direct acceptance and payment of nursing home claims.

Notwithstanding any other law to the contrary, the Illinois Department shall, within 365 days after August 15, 2014 (the effective date of Public Act 98-963), establish procedures to permit ID/DD facilities licensed under the ID/DD Community Care Act and MC/DD facilities licensed under the MC/DD Act to submit monthly billing claims for reimbursement purposes. Following development of these procedures, the Department shall have an additional 365 days to test the viability of the new system and to ensure that any necessary operational or structural changes to its information technology platforms are implemented.

The Illinois Department shall require all dispensers of medical services, other than an individual practitioner or group of practitioners, desiring to participate in the Medical Assistance program established under this Article to disclose all financial, beneficial, ownership, equity, surety or other interests in any and all firms, corporations, partnerships, associations, business enterprises, joint ventures, agencies, institutions or other legal entities providing any form of health care services in this State under this Article.

The Illinois Department may require that all dispensers of medical services desiring to participate in the medical assistance program established under this Article disclose, under such terms and conditions as the Illinois Department may by rule establish, all inquiries from clients and attorneys regarding medical bills paid by the Illinois Department, which inquiries could indicate potential existence of claims or liens for the Illinois Department.

Enrollment of a vendor shall be subject to a provisional period and shall be conditional for one year. During the period of conditional enrollment, the Department may terminate the vendor's eligibility to participate in, or may disenroll the vendor from, the medical assistance program without cause. Unless otherwise specified, such termination of eligibility or disenrollment is not subject to the Department's hearing process. However, a disenrolled vendor may reapply without penalty.

The Department has the discretion to limit the conditional enrollment period for vendors based upon category of risk of the vendor.

Prior to enrollment and during the conditional enrollment period in the medical assistance program, all vendors shall be subject to enhanced oversight, screening, and review based on the risk of fraud, waste, and abuse that is posed by the category of risk of the vendor. The Illinois Department shall establish the procedures for oversight, screening, and review, which may include, but need not be limited to: criminal and financial background checks; fingerprinting; license, certification, and authorization verifications; unscheduled or unannounced site visits; database checks; prepayment audit reviews; audits; payment caps; payment suspensions; and other screening as required by federal or State law.

The Department shall define or specify the following: (i) by provider notice, the "category of risk of the vendor" for each type of vendor, which shall take into account the level of screening applicable to a particular category of vendor under federal law and regulations; (ii) by rule or provider notice, the maximum length of the conditional enrollment period for each category of risk of the vendor; and (iii) by rule, the

hearing rights, if any, afforded to a vendor in each category of risk of the vendor that is terminated or disenrolled during the conditional enrollment period.

To be eligible for payment consideration, a vendor's payment claim or bill, either as an initial claim or as a resubmitted claim following prior rejection, must be received by the Illinois Department, or its fiscal intermediary, no later than 180 days after the latest date on the claim on which medical goods or services were provided, with the following exceptions:

(1) In the case of a provider whose enrollment is in process by the Illinois Department, the 180-day period shall not begin until the date on the written notice from the Illinois Department that the provider enrollment is complete.

(2) In the case of errors attributable to the Illinois Department or any of its claims processing intermediaries which result in an inability to receive, process, or adjudicate a claim, the 180-day period shall not begin until the provider has been notified of the error.

(3) In the case of a provider for whom the Illinois Department initiates the monthly billing process.

(4) In the case of a provider operated by a unit of local government with a population exceeding 3,000,000 when local government funds finance federal participation for claims payments.

For claims for services rendered during a period for which a recipient received retroactive eligibility, claims must be filed within 180 days after the Department determines the applicant is eligible. For claims for which the Illinois Department is not the primary payer, claims must be submitted to the Illinois Department within 180 days after the final adjudication by the primary payer.

In the case of long term care facilities, within 45 calendar days of receipt by the facility of required prescreening information, new admissions with associated admission documents shall be submitted through the Medical Electronic Data Interchange (MEDI) or the Recipient Eligibility Verification (REV) System or shall be submitted directly to the Department of Human Services using required admission forms. Effective September 1, 2014, admission documents, including all prescreening information, must be submitted through MEDI or REV. Confirmation numbers assigned to an accepted transaction shall be retained by a facility to verify timely submittal. Once an admission transaction has been completed, all resubmitted claims following prior rejection are subject to receipt no later than 180 days after the admission transaction has been completed.

Claims that are not submitted and received in compliance with the foregoing requirements shall not be eligible for payment under the medical assistance program, and the State shall have no liability for payment of those claims.

To the extent consistent with applicable information and privacy, security, and disclosure laws, State and federal agencies and departments shall provide the Illinois Department access to confidential and other information and data necessary to perform eligibility and payment verifications and other Illinois Department functions. This includes, but is not limited to: information pertaining to licensure; certification; earnings; immigration status; citizenship; wage reporting; unearned and earned income; pension income; employment; supplemental security income; social security numbers; National Provider Identifier (NPI) numbers; the National Practitioner Data Bank (NPDB); program and agency exclusions; taxpayer identification numbers; tax delinquency; corporate information; and death records.

The Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, under which such agencies and departments shall share data necessary for medical assistance program integrity functions and oversight. The Illinois Department shall develop, in cooperation with other State departments and agencies, and in compliance with applicable federal laws and regulations, appropriate and effective methods to share such data. At a minimum, and to the extent necessary to provide data sharing, the Illinois Department shall enter into agreements with State agencies and departments, and is authorized to enter into agreements with federal agencies and departments, including, but not limited to: the Secretary of State; the Department of Revenue; the Department of Public Health; the Department of Human Services; and the Department of Financial and Professional Regulation.

Beginning in fiscal year 2013, the Illinois Department shall set forth a request for information to identify the benefits of a pre-payment, post-adjudication, and post-edit claims system with the goals of streamlining claims processing and provider reimbursement, reducing the number of pending or rejected claims, and helping to ensure a more transparent adjudication process through the utilization of: (i) provider data verification and provider screening technology; and (ii) clinical code editing; and (iii) pre-pay, pre- or post-adjudicated predictive modeling with an integrated case management system with link analysis. Such a

request for information shall not be considered as a request for proposal or as an obligation on the part of the Illinois Department to take any action or acquire any products or services.

The Illinois Department shall establish policies, procedures, standards and criteria by rule for the acquisition, repair and replacement of orthotic and prosthetic devices and durable medical equipment. Such rules shall provide, but not be limited to, the following services: (1) immediate repair or replacement of such devices by recipients; and (2) rental, lease, purchase or lease-purchase of durable medical equipment in a cost-effective manner, taking into consideration the recipient's medical prognosis, the extent of the recipient's needs, and the requirements and costs for maintaining such equipment. Subject to prior approval, such rules shall enable a recipient to temporarily acquire and use alternative or substitute devices or equipment pending repairs or replacements of any device or equipment previously authorized for such recipient by the Department. Notwithstanding any provision of Section 5-5f to the contrary, the Department may, by rule, exempt certain replacement wheelchair parts from prior approval and, for wheelchairs, wheelchair parts, wheelchair accessories, and related seating and positioning items, determine the wholesale price by methods other than actual acquisition costs.

The Department shall require, by rule, all providers of durable medical equipment to be accredited by an accreditation organization approved by the federal Centers for Medicare and Medicaid Services and recognized by the Department in order to bill the Department for providing durable medical equipment to recipients. No later than 15 months after the effective date of the rule adopted pursuant to this paragraph, all providers must meet the accreditation requirement.

In order to promote environmental responsibility, meet the needs of recipients and enrollees, and achieve significant cost savings, the Department, or a managed care organization under contract with the Department, may provide recipients or managed care enrollees who have a prescription or Certificate of Medical Necessity access to refurbished durable medical equipment under this Section (excluding prosthetic and orthotic devices as defined in the Orthotics, Prosthetics, and Pedorthics Practice Act and complex rehabilitation technology products and associated services) through the State's assistive technology program's reutilization program, using staff with the Assistive Technology Professional (ATP) Certification if the refurbished durable medical equipment: (i) is available; (ii) is less expensive, including shipping costs, than new durable medical equipment of the same type; (iii) is able to withstand at least 3 years of use; (iv) is cleaned, disinfected, sterilized, and safe in accordance with federal Food and Drug Administration regulations and guidance governing the reprocessing of medical devices in health care settings; and (v) equally meets the needs of the recipient or enrollee. The reutilization program shall confirm that the recipient or enrollee is not already in receipt of same or similar equipment from another service provider, and that the refurbished durable medical equipment equally meets the needs of the recipient or enrollee. Nothing in this paragraph shall be construed to limit recipient or enrollee choice to obtain new durable medical equipment or place any additional prior authorization conditions on enrollees of managed care organizations.

The Department shall execute, relative to the nursing home prescreening project, written inter-agency agreements with the Department of Human Services and the Department on Aging, to effect the following: (i) intake procedures and common eligibility criteria for those persons who are receiving non-institutional services; and (ii) the establishment and development of non-institutional services in areas of the State where they are not currently available or are undeveloped; and (iii) notwithstanding any other provision of law, subject to federal approval, on and after July 1, 2012, an increase in the determination of need (DON) scores from 29 to 37 for applicants for institutional and home and community-based long term care; if and only if federal approval is not granted, the Department may, in conjunction with other affected agencies, implement utilization controls or changes in benefit packages to effectuate a similar savings amount for this population; and (iv) no later than July 1, 2013, minimum level of care eligibility criteria for institutional and home and community-based long term care; and (v) no later than October 1, 2013, establish procedures to permit long term care providers access to eligibility scores for individuals with an admission date who are seeking or receiving services from the long term care provider. In order to select the minimum level of care eligibility criteria, the Governor shall establish a workgroup that includes affected agency representatives and stakeholders representing the institutional and home and community-based long term care interests. This Section shall not restrict the Department from implementing lower level of care eligibility criteria for community-based services in circumstances where federal approval has been granted.

The Illinois Department shall develop and operate, in cooperation with other State Departments and agencies and in compliance with applicable federal laws and regulations, appropriate and effective systems

of health care evaluation and programs for monitoring of utilization of health care services and facilities, as it affects persons eligible for medical assistance under this Code.

The Illinois Department shall report annually to the General Assembly, no later than the second Friday in April of 1979 and each year thereafter, in regard to:

- (a) actual statistics and trends in utilization of medical services by public aid recipients;
- (b) actual statistics and trends in the provision of the various medical services by medical vendors;
- (c) current rate structures and proposed changes in those rate structures for the various medical vendors; and
- (d) efforts at utilization review and control by the Illinois Department.

The period covered by each report shall be the 3 years ending on the June 30 prior to the report. The report shall include suggested legislation for consideration by the General Assembly. The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act, and filing such additional copies with the State Government Report Distribution Center for the General Assembly as is required under paragraph (t) of Section 7 of the State Library Act.

Rulemaking authority to implement Public Act 95-1045, if any, is conditioned on the rules being adopted in accordance with all provisions of the Illinois Administrative Procedure Act and all rules and procedures of the Joint Committee on Administrative Rules; any purported rule not so adopted, for whatever reason, is unauthorized.

On and after July 1, 2012, the Department shall reduce any rate of reimbursement for services or other payments or alter any methodologies authorized by this Code to reduce any rate of reimbursement for services or other payments in accordance with Section 5-5e.

Because kidney transplantation can be an appropriate, cost-effective alternative to renal dialysis when medically necessary and notwithstanding the provisions of Section 1-11 of this Code, beginning October 1, 2014, the Department shall cover kidney transplantation for noncitizens with end-stage renal disease who are not eligible for comprehensive medical benefits, who meet the residency requirements of Section 5-3 of this Code, and who would otherwise meet the financial requirements of the appropriate class of eligible persons under Section 5-2 of this Code. To qualify for coverage of kidney transplantation, such person must be receiving emergency renal dialysis services covered by the Department. Providers under this Section shall be prior approved and certified by the Department to perform kidney transplantation and the services under this Section shall be limited to services associated with kidney transplantation.

Notwithstanding any other provision of this Code to the contrary, on or after July 1, 2015, all FDA approved forms of medication assisted treatment prescribed for the treatment of alcohol dependence or treatment of opioid dependence shall be covered under both fee for service and managed care medical assistance programs for persons who are otherwise eligible for medical assistance under this Article and shall not be subject to any (1) utilization control, other than those established under the American Society of Addiction Medicine patient placement criteria, (2) prior authorization mandate, or (3) lifetime restriction limit mandate.

On or after July 1, 2015, opioid antagonists prescribed for the treatment of an opioid overdose, including the medication product, administration devices, and any pharmacy fees related to the dispensing and administration of the opioid antagonist, shall be covered under the medical assistance program for persons who are otherwise eligible for medical assistance under this Article. As used in this Section, "opioid antagonist" means a drug that binds to opioid receptors and blocks or inhibits the effect of opioids acting on those receptors, including, but not limited to, naloxone hydrochloride or any other similarly acting drug approved by the U.S. Food and Drug Administration.

Upon federal approval, the Department shall provide coverage and reimbursement for all drugs that are approved for marketing by the federal Food and Drug Administration and that are recommended by the federal Public Health Service or the United States Centers for Disease Control and Prevention for pre-exposure prophylaxis and related pre-exposure prophylaxis services, including, but not limited to, HIV and sexually transmitted infection screening, treatment for sexually transmitted infections, medical monitoring, assorted labs, and counseling to reduce the likelihood of HIV infection among individuals who are not infected with HIV but who are at high risk of HIV infection.

A federally qualified health center, as defined in Section 1905(I)(2)(B) of the federal Social Security Act, shall be reimbursed by the Department in accordance with the federally qualified health center's encounter rate for services provided to medical assistance recipients that are performed by a dental

Section 5. The Pediatric Palliative Care Act is amended by changing Sections 5, 10, 15, 20, 25, 30, 35, 40, and 45 and by adding Section 37 as follows:

(305 ILCS 60/5)

Sec. 5. Legislative findings. The General Assembly finds as follows:

(1) Each year, approximately 1,500 ~~4,185~~ Illinois children are diagnosed with a serious illness ~~potentially life limiting illness~~.

(2) There are many barriers to the provision of pediatric palliative services, the most significant of which include the following: (i) challenges in predicting life expectancy; (ii) the reluctance of families and professionals to acknowledge a child's incurable condition; and (iii) the lack of an appropriate, pediatric-focused reimbursement structure leading to insufficient community-based resources.

(3) Community-based pediatric palliative services have been shown to keep children out of the hospital by managing many symptoms in the home setting, thereby improving childhood quality of life while maintaining budget neutrality. It is tremendously difficult for physicians to prognosticate pediatric life expectancy due to the resiliency of children. In addition, parents are rarely prepared to ease curative efforts in order to receive hospice or palliative care. Community based pediatric palliative services, however, keep children out of the hospital by managing many symptoms in the home setting, thereby improving childhood quality of life while maintaining budget neutrality.

(4) Pediatric palliative programming can, and should, be administered in a cost neutral fashion. Community based pediatric palliative care allows for children and families to receive pain and symptom management and psychosocial support in the comfort of the home setting, thereby avoiding excess spending for emergency room visits and certain hospitals. The National Hospice and Palliative Care Organization's pediatric task force reported during 2001 that the average cost per child per year, cared for primarily at home, receiving comprehensive palliative and life prolonging services concurrently, is \$16,177, significantly less than the \$19,000 to \$48,000 per child per year when palliative programs are not utilized.

Sec. 10. Definitions ~~Definition~~. In this Act: ;

"Department" means the Department of Healthcare and Family Services.

"Palliative care" means care focused on expert assessment and management of pain and other symptoms, assessment and support of caregiver needs, and coordination of care. Palliative care attends to the physical, functional, psychological, practical, and spiritual consequences of a serious illness. It is a person-centered and family-centered approach to care, providing people living with serious illness relief from the symptoms and stress of an illness. Through early integration into the care plan for the seriously ill, palliative care improves quality of life for the patient and the family. Palliative care can be offered in all care settings and at any stage in a serious illness through collaboration of many types of care providers.

"Serious illness" means a health condition identified in Section 25 that carries a high risk of mortality and negatively impacts a person's daily function or quality of life.

(305 ILCS 60/15)

Sec. 15. Pediatric palliative care ~~pilot~~ program. The Department shall develop a pediatric palliative care ~~pilot~~ program, and the medical assistance program established under Article V of the Illinois Public Aid Code shall cover under which a qualifying child as defined in Section 25 may receive community-based pediatric palliative care from a trained interdisciplinary team, as an added benefit under which a qualifying child, as defined in Section 25, may also choose to continue while continuing to pursue aggressive curative

or disease-directed treatments for a serious ~~potentially life limiting~~ illness under the benefits available under Article V of the Illinois Public Aid Code.

Sec. 20. Federal waiver or State Plan amendment. If applicable, the ~~The~~ Department shall submit the necessary application to the federal Centers for Medicare and Medicaid Services for a waiver or State Plan amendment to implement the ~~pilot~~ program described in this Act. ~~If the application is in the form of a State Plan amendment, the State Plan amendment shall be filed prior to December 31, 2010. If the Department does not submit a State Plan amendment prior to December 31, 2010, the pilot program shall be created utilizing a waiver authority. The waiver request shall be included in any appropriate waiver application renewal submitted prior to December 31, 2011, or shall be submitted as an independent 1915(c) Home and Community Based Medicaid Waiver within that same time period. After federal approval is secured, the Department shall implement the waiver or State Plan amendment within 12 months of the date of approval. The Department shall not draft any rules in contravention of this timetable for program development and implementation. By federal requirement, the application for a 1915 (c) Medicaid waiver program must demonstrate cost neutrality per the formula laid out by the Centers for Medicare and Medicaid Services. The Department shall not draft any rules in contravention of this timetable for pilot program development and implementation. This pilot program shall be implemented only to the extent that federal financial participation is available.~~

(11) Congenital skin disorders, including but not limited to epidermolysis bullosa, where no suitable treatment exists.

(12) Any other serious illness that the Department, in consultation with interested stakeholders, determines to be appropriate.
