SENATE JOINT RESOLUTION NO. 44

WHEREAS, Soil is an essential natural resource, and Illinois farmers and professionals play a critical role in managing Illinois soil and water resources; and

WHEREAS, The Natural Resources Conservation Service (NRCS) of the United States Department of Agriculture (USDA) defines soil health as the continued capacity of soil to function as a vital living ecosystem that sustains plants, animals, and humans; and

WHEREAS, The concept of soil health across the Illinois landscape is not new but is only recently recognized as needed to prevent soil degradation and combat climate change; the degradation of soil can be rapid, while the formation and regeneration processes can be very slow; and

WHEREAS, The protection of Illinois soil is essential to the long term prosperity and sustainability of the soil and water resources of our State, counties, and cities, and the six basic principles of soil health necessary for that protection are to:

- (1) minimize soil disturbance and external inputs, including reduced tillage;
- (2) maximize plant and microbial diversity;
- (3) maintain the presence of living roots;
- (4) keep the soil covered, including with cover crops and crop residue, to armor the soil;
- (5) integrate animals into land management, including grazing animals, birds, beneficial insects, or keystone species, such as earthworms; and
- (6) incorporate the context of local conditions in decision-making, including for example soil type, topography, and time of year; and be it further

WHEREAS, Soil health principles and its associated practices of no-till, cover crops, nutrient management plans, and longer crop rotations enhance the ability of farmers to meet the non-point source pollution goals for nitrate-nitrogen and phosphorus; it is essential to reduce the amount of nutrients flowing off of farm fields and into our watersheds; with these reduced nutrient losses from agriculture lands, which are detailed in the Illinois Nutrient Loss Reduction Strategy (NLRs), farmers will be able to meet desired outcomes as outlined by the Mississippi River Basin Hypoxia Task Force for the Gulf of Mexico; and

WHEREAS, Soil health principles provide for the reduction of carbon dioxide in the atmosphere through the sequestration of carbon within the upper reaches of the soil profile; this carbon mitigation improves the organic matter content in the soil and provides a stable biome for soil organisms, improves nutrient transfer from soil to root, and increases water infiltration and water holding capacity; and

WHEREAS, Despite soil's importance to human health, the environment, nutrition and food, feed, fiber, and fuel production, there is little public awareness of the importance of soil protection; and

WHEREAS, The State of Illinois should be actively raising awareness of the importance of soil health and promoting its stewardship to safeguard this resource for future generations of Illinois citizens; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that we declare the first full week of March 2022 as "Illinois Soil Health Week" and the Wednesday of that week as "Illinois Soil Health Day"; and be it further

RESOLVED, That these two celebrations and their related activities will improve the awareness of Illinois farmers and agri-business toward the importance of the air and water quality environment for all of the citizens the State; and be it further

[February 1, 2022]

RESOLVED, That suitable copies of this resolution be presented to the Director of the Department of Agriculture, the Office of the Governor, the Chair of the Illinois Senate Agriculture Committee, and the Chair of the Illinois House Agriculture & Conservation Committee.

Senator Rose offered the following Senate Joint Resolution, which was referred to the Committee on Assignments:

SENATE JOINT RESOLUTION NO. 45

Zion High School in 1994 and received his bachelor's degree in criminal justice sciences from Illinois State University in 1999; he married Michelle Jean "Shelley" Hillman on August 18, 2001; and

WHEREAS, Todd Hanneken achieved his lifelong goal of becoming a second generation Illinois State Police Trooper in December of 2000 as a part of Cadet Class 100; he was assigned first to State Police District 15 in Downers Grove and then home to State Police District 10, Pesotum; he received several professional honors; and

WHEREAS, Todd Hanneken was dedicated to his family and friends and to serving his community of Mt. Zion and the State of Illinois; and

WHEREAS, Todd Hanneken was preceded in death by his grandparents, Paul and Evelyn Hanneken and Gerald St. Pierre; and

WHEREAS, At the time of his passing, Todd Hanneken was survived by his wife of nearly 20 years, Shelley; his sons, Benjamin Anthony and Nicholas William; his parents; his brother, Chad (Mandy); his grandmother, Doris St. Pierre; his in-laws, Bill and Linda Westbrook and Greg Hillman; his sister-in-law, Wendy Boeke (Jim Judd); and his nieces and nephews, Cade Hanneken, Luke Hanneken, McKinleigh Killham, and Grace Boeke; therefore, be it
