READING BILLS OF THE SENATE A SECOND TIME

On motion of Senator Martwick, **Senate Bill No. 62** having been printed, was taken up, read by title a second time.

The following amendment was offered in the Committee on Judiciary, adopted and ordered printed:

AMENDMENT NO. 1 TO SENATE BILL 62

AMENDMENT NO. 1. Amend Senate Bill 62 by replacing everything after the enacting clause with the following:

"Section 5. The Revised Uniform Unclaimed Property Act is amended by changing Section 15-210 as follows:

(765 ILCS 1026/15-210)

Sec. 15-210. Indication of apparent owner interest in property.

- (a) The period after which property is presumed abandoned is measured from the later of:
 - (1) the date the property is presumed abandoned under this Article; or
 - (2) the latest indication of interest by the apparent owner in the property.
- (b) Under this Act, an indication of an apparent owner's interest in property includes:
 - (1) a record communicated by the apparent owner to the holder or agent of the holder concerning the property or the account in which the property is held;
 - (2) an oral communication by the apparent owner to the holder or agent of the holder concerning the property or the account in which the property is held, if the holder or its agent contemporaneously makes and preserves a record of the fact of the apparent owner's communication;
 - (3) presentment of a check or other instrument of payment of a dividend, interest payment, or other distribution, or evidence of receipt of a distribution made by electronic or similar means, with respect to an account, underlying security, or interest in a business association;
 - (4) activity directed by an apparent owner in the account in which the property is held, including accessing the account or information concerning the account, or a direction by the apparent owner to increase, decrease, or otherwise change the amount or type of property held in the account;
 - (5) a deposit into or withdrawal from an account at a financial organization, except for a recurring Automated Clearing House (ACH) debit or credit previously authorized by the apparent owner or an automatic reinvestment of dividends or interest; and
 - (6) subject to subsection (e), payment of a premium on an insurance policy.
- (c) An action by an agent or other representative of an apparent owner, other than the holder acting as the apparent owner's agent, is presumed to be an action on behalf of the apparent owner.
- (d) A communication with an apparent owner by a person other than the holder or the holder's representative is not an indication of interest in the property by the apparent owner unless a record of the communication evidences the apparent owner's knowledge of a right to the property.
- (e) If the insured dies or the insured or beneficiary of an insurance policy otherwise becomes entitled to the proceeds before depletion of the cash surrender value of the policy by operation of an automatic-premium-loan provision or other nonforfeiture provision contained in the policy, the operation does not prevent the policy from maturing or terminating.
- (f) If the apparent owner has another property with the holder to which Section 201(6) applies, then activity directed by an apparent owner in any other accounts, including loan accounts, at a financial organization holding an inactive account of the apparent owner shall be an indication of interest in all such accounts if:
 - (A) the apparent owner engages in one or more of the following activities:
 - (i) the apparent owner undertakes one or more of the actions described in subsection (b) of this Section regarding any of the other accounts the apparent owner has with the financial organization;
 - (ii) the apparent owner increases or decreases the amount of funds in any other account the apparent owner has with the financial organization; or
 - (iii) the apparent owner engages in any other relationship with the financial organization, including payment of any amounts due on a loan; and
 - (B) the foregoing apply so long as the mailing address for the apparent owner in the financial organization's books and records is the same for both the inactive account and the active account.

(g) For an amount held on a payroll card, an indication of owner interest includes wages from an employer pursuant to Section 14.5 of the Illinois Wage Payment and Collection Act in the form of a recurring ACH credit previously authorized by the apparent owner; however, an ACH credit is not an indication of owner interest if the holder assesses fees for account inactivity on the payroll card account.

(b) The Department must carry out a program to protect the confidentiality of the information described in subsection (a). (e) Before the Department releases confidential information under subsection (d), the applicant must demonstrate in writing to the Department that:

(1) the applicant has reason to believe that a violation under any State or federal law that involves a controlled substance has occurred; and

(2) the requested information is reasonably related to the investigation, adjudication, or prosecution of the violation described in subdivision (1).

(g) The information described in subsection (f) may not be released until it has been reviewed by an employee of the Department who is licensed as a prescriber or a dispenser and until that employee has certified that further investigation is warranted. However, failure to comply with this subsection (g) does not invalidate the use of any evidence that is otherwise admissible in a proceeding described in subsection (h).

(h) An investigator or a law enforcement officer receiving confidential information under subsection (c), (d), or (f) may disclose the information to a law enforcement officer or an attorney for the office of the Attorney General for use as evidence in the following:

(1) A proceeding under any State or federal law that involves a controlled substance.

Sec. 14-152.1. Application and expiration of new benefit increases.

(a) As used in this Section, "new benefit increase" means an increase in the amount of any benefit provided under this Article, or an expansion of the conditions of eligibility for any benefit under this Article, that results from an amendment to this Code that takes effect after June 1, 2005 (the effective date of Public Act 94-4). "New benefit increase", however, does not include any benefit increase resulting from the changes made to Article 1 or this Article by Public Act 96-37, Public Act 100-23, Public Act 100-587, Public Act 100-611, Public Act 101-10, Public Act 101-610, Public Act 102-210, or ~~this amendatory Act of the 102nd General Assembly or this amendatory Act of the 102nd General Assembly~~.

(b) Notwithstanding any other provision of this Code or any subsequent amendment to this Code, every new benefit increase is subject to this Section and shall be deemed to be granted only in conformance with and contingent upon compliance with the provisions of this Section.

(c) The Public Act enacting a new benefit increase must identify and provide for payment to the System of additional funding at least sufficient to fund the resulting annual increase in cost to the System as it accrues.

Every new benefit increase is contingent upon the General Assembly providing the additional funding required under this subsection. The Commission on Government Forecasting and Accountability shall analyze whether adequate additional funding has been provided for the new benefit increase and shall report its analysis to the Public Pension Division of the Department of Insurance. A new benefit increase created by a Public Act that does not include the additional funding required under this subsection is null and void. If the Public Pension Division determines that the additional funding provided for a new benefit increase under this subsection is or has become inadequate, it may so certify to the Governor and the State Comptroller and, in the absence of corrective action by the General Assembly, the new benefit increase shall expire at the end of the fiscal year in which the certification is made.

(d) Every new benefit increase shall expire 5 years after its effective date or on such earlier date as may be specified in the language enacting the new benefit increase or provided under subsection (c). This does not prevent the General Assembly from extending or re-creating a new benefit increase by law.

(e) Except as otherwise provided in the language creating the new benefit increase, a new benefit increase that expires under this Section continues to apply to persons who applied and qualified for the affected benefit while the new benefit increase was in effect and to the affected beneficiaries and alternate payees of such persons, but does not apply to any other person, including, without limitation, a person who continues in service after the expiration date and did not apply and qualify for the affected benefit while the new benefit increase was in effect.

The Department shall establish reasonable conditions, standards, and duties relating to the application for and receipt of the grants.

(410 ILCS 70/2-1)

(Section scheduled to be repealed on December 31, 2023)

Sec. 2-1. Hospital, approved pediatric health care facility, and approved federally qualified health center requirements for sexual assault plans.

(a) Every hospital required to be licensed by the Department pursuant to the Hospital Licensing Act, or operated under the University of Illinois Hospital Act that provides general medical and surgical hospital services shall provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, in accordance with rules adopted by the Department.

In addition, every such hospital, regardless of whether or not a request is made for reimbursement, shall submit to the Department a plan to provide either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older. The Department shall approve such plan for either (i) transfer services to all sexual assault survivors, (ii) medical forensic services to all sexual assault survivors, or (iii) transfer services to pediatric sexual assault survivors and medical forensic services to sexual assault survivors 13 years old or older, if it finds that the implementation of the proposed plan would provide (i) transfer services or (ii) medical forensic services to sexual assault survivors in accordance with the requirements of this Act and provide sufficient protections from the risk of pregnancy to sexual assault survivors. Notwithstanding anything to the contrary in this

paragraph, the Department may approve a sexual assault transfer plan for the provision of medical forensic services if:

(1) a treatment hospital with approved pediatric transfer has agreed, as part of an areawide treatment plan, to accept sexual assault survivors 13 years of age or older from the proposed transfer hospital, if the treatment hospital with approved pediatric transfer is geographically closer to the transfer hospital than a treatment hospital or another treatment hospital with approved pediatric transfer and such transfer is not unduly burdensome on the sexual assault survivor; and

(2) a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors under 13 years of age from the proposed transfer hospital and transfer to the treatment hospital would not unduly burden the sexual assault survivor.

The Department may not approve a sexual assault transfer plan unless a treatment hospital has agreed, as a part of an areawide treatment plan, to accept sexual assault survivors from the proposed transfer hospital and a transfer to the treatment hospital would not unduly burden the sexual assault survivor.

In counties with a population of less than 1,000,000, the Department may not approve a sexual assault transfer plan for a hospital located within a 20-mile radius of a 4-year public university, not including community colleges, unless there is a treatment hospital with a sexual assault treatment plan approved by the Department within a 20-mile radius of the 4-year public university.

A transfer must be in accordance with federal and State laws and local ordinances.

A treatment hospital with approved pediatric transfer must submit an areawide treatment plan under Section 3-1 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to pediatric sexual assault survivors transferred from the treatment hospital with approved pediatric transfer. The areawide treatment plan may also include an approved pediatric health care facility.

A transfer hospital must submit an areawide treatment plan under Section 3-1 of this Act that includes a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to all sexual assault survivors transferred from the transfer hospital. The areawide treatment plan may also include an approved pediatric health care facility. Notwithstanding anything to the contrary in this paragraph, the areawide treatment plan may include a written agreement with a treatment hospital with approved pediatric transfer that is geographically closer than other hospitals providing medical forensic services to sexual assault survivors 13 years of age or older stating that the treatment hospital with approved pediatric transfer will provide medical services to sexual assault survivors 13 years of age or older who are transferred from the transfer hospital. If the areawide treatment plan includes a written agreement with a treatment hospital with approved pediatric transfer, it must also include a written agreement with a treatment hospital stating that the treatment hospital will provide medical forensic services to sexual assault survivors under 13 years of age who are transferred from the transfer hospital.

Beginning January 1, 2019, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a-1 of this Act, receive a minimum of 2 hours of sexual assault training by July 1, 2020 or until the treatment hospital or treatment hospital with approved pediatric transfer certifies to the Department, in a form and manner prescribed by the Department, that it employs or contracts with a qualified medical provider in accordance with subsection (a-7) of Section 5-1, whichever occurs first.

After July 1, 2020 or once a treatment hospital or a treatment hospital with approved pediatric transfer certifies compliance with subsection (a-7) of Section 5-1, whichever occurs first, each treatment hospital and treatment hospital with approved pediatric transfer shall ensure that emergency department attending physicians, physician assistants, advanced practice registered nurses, and registered professional nurses providing clinical services, who do not meet the definition of a qualified medical provider in Section 1a-1 of this Act, receive a minimum of 2 hours of continuing education on responding to sexual assault survivors every 2 years. Protocols for training shall be included in the hospital's sexual assault treatment plan.

Sexual assault training provided under this subsection may be provided in person or online and shall include, but not be limited to:

- (1) information provided on the provision of medical forensic services;
- (2) information on the use of the Illinois Sexual Assault Evidence Collection Kit;
- (3) information on sexual assault epidemiology, neurobiology of trauma, drug-facilitated sexual assault, child sexual abuse, and Illinois sexual assault-related laws; and

(4) information on the hospital's sexual assault-related policies and procedures.

The online training made available by the Office of the Attorney General under subsection (b) of Section 10-1 may be used to comply with this subsection.

(b) An approved pediatric health care facility may provide medical forensic services, in accordance with rules adopted by the Department, to all pediatric sexual assault survivors who present for medical forensic services in relation to injuries or trauma resulting from a sexual assault. These services shall be provided by a qualified medical provider.

A pediatric health care facility must participate in or submit an areawide treatment plan under Section 3-1 of this Act that includes a treatment hospital. If a pediatric health care facility does not provide certain medical or surgical services that are provided by hospitals, the areawide sexual assault treatment plan must include a procedure for ensuring a sexual assault survivor in need of such medical or surgical services receives the services at the treatment hospital. The areawide treatment plan may also include a treatment hospital with approved pediatric transfer.

The Department shall review a proposed sexual assault treatment plan submitted by a pediatric health care facility within 60 days after receipt of the plan. If the Department finds that the proposed plan meets the minimum requirements set forth in Section 5-1 of this Act and that implementation of the proposed plan would provide medical forensic services for pediatric sexual assault survivors, then the Department shall approve the plan. If the Department does not approve a plan, then the Department shall notify the pediatric health care facility that the proposed plan has not been approved. The pediatric health care facility shall have 30 days to submit a revised plan. The Department shall review the revised plan within 30 days after receipt of the plan and notify the pediatric health care facility whether the revised plan is approved or rejected. A pediatric health care facility may not provide medical forensic services to pediatric sexual assault survivors who present with a complaint of sexual assault within a minimum of the last 7 days or who have disclosed past sexual assault by a specific individual and were in the care of that individual within a minimum of the last 7 days until the Department has approved a treatment plan.

If an approved pediatric health care facility is not open 24 hours a day, 7 days a week, it shall post signage at each public entrance to its facility that:

- (1) is at least 14 inches by 14 inches in size;
- (2) directs those seeking services as follows: "If closed, call 911 for services or go to the closest hospital emergency department, (insert name) located at (insert address).";
- (3) lists the approved pediatric health care facility's hours of operation;
- (4) lists the street address of the building;
- (5) has a black background with white bold capital lettering in a clear and easy to read font that is at least 72-point type, and with "call 911" in at least 125-point type;
- (6) is posted clearly and conspicuously on or adjacent to the door at each entrance and, if building materials allow, is posted internally for viewing through glass; if posted externally, the sign shall be made of weather-resistant and theft-resistant materials, non-removable, and adhered permanently to the building; and
- (7) has lighting that is part of the sign itself or is lit with a dedicated light that fully illuminates the sign.

(b-5) An approved federally qualified health center may provide medical forensic services, in accordance with rules adopted by the Department, to all sexual assault survivors 13 years old or older who present for medical forensic services in relation to injuries or trauma resulting from a sexual assault during the duration, and 90 days thereafter, of a proclamation issued by the Governor declaring a disaster, or a successive proclamation regarding the same disaster, in all 102 counties due to a public health emergency. These services shall be provided by (i) a qualified medical provider, physician, physician assistant, or advanced practice registered nurse who has received a minimum of 10 hours of sexual assault training provided by a qualified medical provider on current Illinois legislation, how to properly perform a medical forensic examination, evidence collection, drug and alcohol facilitated sexual assault, and forensic photography and has all documentation and photos peer reviewed by a qualified medical provider or (ii) until the federally qualified health care center certifies to the Department, in a form and manner prescribed by the Department, that it employs or contracts with a qualified medical provider in accordance with subsection (a-7) of Section 5-1, whichever occurs first.

A federally qualified health center must participate in or submit an areawide treatment plan under Section 3-1 of this Act that includes a treatment hospital. If a federally qualified health center does not provide certain medical or surgical services that are provided by hospitals, the areawide sexual assault

treatment plan must include a procedure for ensuring a sexual assault survivor in need of such medical or surgical services receives the services at the treatment hospital. "Section 3-5. Findings.

(a) In the interest of reducing stigma and increasing the available pool of potential employees, the General Assembly finds and declares that those residents of Illinois diagnosed with mental illness and substance use disorders should be eligible for and encouraged to seek gainful employment.

(b) The General Assembly finds and declares that minority communities in this State have been more negatively impacted in employment opportunities for minority residents diagnosed with mental illness and substance use disorders and should receive additional employment opportunities and incentives for employing minority residents diagnosed with mental illness or substance use disorders.

(c) Due to the COVID-19 public health emergency, employers in the State of Illinois have suffered negative economic impacts, a loss in workforce, staffing difficulties, and have found it difficult to recruit new workers.

(d) In the interest of providing additional employment opportunities for those residents of Illinois diagnosed with mental illness or substance use disorders and expanding the pool of potential workers in this State, the General Assembly finds and declares that certain qualified employers who employ eligible individuals should be eligible for a tax credit.

[February 23, 2022]

Section 3-10. Definitions. As used in this Act:

"Department" means the Department of Human Services.

"Eligible individual" means an individual with a substance use disorder, as that term is defined under Section 1-10 of the Substance Use Disorder Act, or an individual with a mental illness as that term is defined under Section 1-129 of the Mental Health and Developmental Disabilities Code, who is in a state of wellness and recovery where there is an abatement of signs and symptoms that characterize active substance use disorder or mental illness and has demonstrated to the qualified employer's satisfaction, pursuant to rules adopted by the Department, that he or she has completed a course of treatment or is currently in receipt of treatment for such substance use disorder or mental illness. A relapse in an individual's state of wellness shall not make the individual ineligible, so long as the individual shows a continued commitment to recovery that aligns with an individual's relapse prevention plan, discharge plan, or recovery plan.

"Qualified employer" means an employer operating within the State that has received a certificate of tax credit from the Department after the Department has determined that the employer:

(1) provides a recovery supportive environment for their employees evidenced by a formal working relationship with a substance use disorder treatment provider or facility or mental health provider or facility, each as may be licensed or certified within the State of Illinois, and providing reasonable accommodation to the employees to address their substance use disorder or mental illness, all at no cost or expense to the eligible individual; and

(2) satisfies all other criteria in this Section and established by the Department to participate in the recovery tax program created hereunder.

"Taxpayer" means any individual, corporation, partnership, trust, or other entity subject to the Illinois income tax. For the purposes of this Act, 2 individuals filing a joint return shall be considered one taxpayer.

Section 3-15. Authorization of tax credit program for individuals in recovery from substance use disorders or mental illness.

(a) For taxable years beginning on or after January 1, 2023, the Department is authorized to and shall establish and administer a recovery tax credit program to provide tax incentives to qualified employers who employ eligible individuals in recovery from a substance use disorder or mental illness in part-time and full-time positions within Illinois. The Department shall award the tax credit by issuance of a certificate of tax credit to the qualified employer, who will present the certificate of tax credit to the Department of Revenue by attaching the certificate to its tax return, as a credit against the qualified employer's income tax liability in accordance with the Illinois Income Tax Act. The Department shall maintain an electronic listing of the certificates issued by which the Department of Revenue may verify tax credit certificates issued.

(b) To be a qualified employer, an employer must apply annually to the Department to claim a credit based upon eligible individuals employed during the preceding calendar year, using the forms prescribed by the Department. To be approved for a credit under this Act, the employer must:

(1) agree to provide to the Department the information necessary to demonstrate that the employer has satisfied program eligibility requirements and provided all information requested or needed by the Department, including the number of hours worked by the eligible individual and other information necessary for the Department to calculate the amount of credit permitted; and

(2) agree to provide names, employer identification numbers, amounts that the employer may claim, and other information necessary for the Department to calculate any tax credit.

(c) To be an eligible individual, the individual must be diagnosed with or have been diagnosed with a substance use disorder or mental illness. Disclosure by the eligible individual of his or her mental illness or substance use disorder shall be completely voluntary and his or her health information may not be shared or disclosed under this Act without the eligible individual's express written consent. The eligible individual must have been employed by the qualified employer in this State for a minimum of 500 hours during the applicable calendar year and the tax credit may only begin on the date the eligible individual is hired by the qualified employer and ending on December 31 of that calendar year or the date that the eligible individual's employment with the qualified employer ends, whichever occurs first. Only one tax credit may be awarded for any eligible individual while employed by the same or related qualified employer. The hours of employment of 2 or more eligible individuals may not be aggregated to reach the minimum number of hours. If an eligible individual has worked in excess of 500 hours between the date of hiring and December 31 of that year, a qualified employer can elect to compute and claim a credit for such eligible individual in that year based on the hours worked by December 31. Alternatively, the qualified employer may elect to

include such individual in the computation of the credit in the year immediately succeeding the year in which the eligible individual was hired. In that case, the credit shall be computed on the basis of all hours worked by the eligible individual from the date of hire to the earlier of the last day of employment or December 31 of the succeeding year.

(d) If Department criteria and all other requirements are met, a qualified employer shall be entitled to a tax credit equal to the product of \$1 and the number of hours worked by each eligible individual during the eligible individual's period of employment with the qualified employer. The tax credit awarded under this Act may not exceed \$2,000 per eligible individual employed by the qualified employer in this State. In determining the amount of tax credit that any qualified employer may claim, the Department shall review all claims submitted for credit by all employers and, to the extent that the total amount claimed by employers exceeds the amount allocated for this program in that calendar year, shall issue tax credits on a pro rata basis corresponding to each qualified employer's share of the total amount claimed.

(e) The aggregate amount of all credits the Department may award under this Act in any calendar year may not exceed \$2,000,000.

(f) A taxpayer who is a qualified employer who has received a certificate of tax credit from the Department shall be allowed a credit against the tax imposed equal to the amount shown on such certificate of tax credit.

(g) The credit must be claimed in the taxable year in which the tax credit certificate is issued. The credit cannot reduce a taxpayer's liability to less than zero. If the amount of the credit exceeds the tax liability for the year, the credit may not be carried forward.

(h) If the taxpayer is a partnership or Subchapter S corporation the credit shall be allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and subchapter S of the Internal Revenue Code.

(i) In carrying out this Act, no patient-specific information shall be shared or disclosed. Any individual or patient-specific information collected by the Department or the Department of Revenue shall not be subject to public disclosure or Freedom of Information Act requests.

(j) The credit under this Act is exempt from the provisions of Section 250 of the Illinois Income Tax Act.

Section 3-20. Advisory Council on Mental Illness and Substance Use Disorder Impacts on Employment Opportunities within Minority Communities. The Secretary of the Department shall appoint the Advisory Council on Mental Illness and Substance Use Disorder Impacts on Employment Opportunities within Minority Communities, to be composed of 15 members, which shall include a balanced representation of recipients, services providers, employers, local governmental units, community and welfare advocacy groups, academia, and the general public. The Advisory Council shall advise the Department regarding all aspects of employment impacts resulting from mental illnesses and substance use disorders within minority communities, tax credits, outreach, marketing, and education about the tax credit and employment opportunities, and other areas as deemed appropriate by the Secretary. In appointing the first Council, the Secretary shall name 8 members to terms of 2 years and 7 members to serve terms of 4 years, all of whom shall be appointed within 6 months of the effective date of this Act. All members appointed thereafter shall serve terms of 4 years. Members shall serve without compensation other than reimbursement of expenses actually incurred in the performance of their official duties. At its first meeting, the Advisory Council shall select a chair from among its members. The Advisory Council shall meet at least quarterly and at other times at the call of the chair.

Section 3-25. Powers. The Department shall adopt rules for the administration of this Act. The Department may enter into an intergovernmental agreement with the Department of Revenue for the administration of this Act.

Section 3-30. The Illinois Income Tax Act is amended by adding Section 232 as follows:
(35 ILCS 5/232 new)

Sec. 232. Recovery and Mental Health Tax Credit Act. For taxable years beginning on or after January 1, 2023, a taxpayer who has been awarded a credit under the Recovery and Mental Health Tax Credit Act is entitled to a credit against the tax imposed by subsections (a) and (b) of Section 201 as provided in that Act. SENATE RESOLUTION NO. 862

WHEREAS, Unlike families with standard work schedules, those with nonstandard schedules often need care for their children outside of the hours when licensed child care programs typically operate; in addition, nonstandard work schedules may conflict with valuable aspects of family life, such as dining together, doing homework, reading, and completing bedtime routines; and

WHEREAS, In Illinois, there are child care centers and child care homes licensed and regulated by the Department of Children and Family Services (DCFS) as well as Family, Friend, and Neighbor home providers (FFN) that are license-exempt, but limited to care for three children; and

WHEREAS, In Illinois, we utilize the Child Care Assistance Program (CCAP) at the Illinois Department of Human Services (IDHS) to assist parents with low incomes in paying for child care while they work or while they are in school or training; and

[February 23, 2022]

WHEREAS, Illinois has a vested interest in ensuring that our working parents, regardless of income status, can provide their children with appropriate child care when they are at work; therefore, be it

RESOLVED, BY THE SENATE OF THE ONE HUNDRED SECOND GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Illinois Early Learning Council, in consultation with the Governor's Office of Early Childhood Development and the Department of Human Services Child Care Advisory Council, shall convene an advisory committee comprised of the members, selected by the Governor, currently serving on these councils that shall be charged with the task of producing recommendations on off-hour child care to build more capacity in Illinois and to better accommodate the needs of children when care is needed during non-standard hours; in addition to the goals stated above, the committee shall consider at a minimum:

- (1) Creating working definitions for nonstandard work schedule and off-hour child care;
- (2) Determining the availability of and need for off-hour child care in Illinois, with a particular focus on care available to infants and toddlers;
- (3) Evaluating the different placement types of child care with the intent to ensure that children are being best cared for in the least restrictive manner and that the parents are not being unduly burdened with accessing this child care during non-traditional child care hours, with attention paid to availability for children with disabilities, English learners, and other relevant priority populations;
- (4) Evaluating the demand for off-hour child care and evaluating the current CCAP enrolled families to determine their work schedules and child care timing needs; and
- (5) Making recommendations on:
 - (a) Better alignment of child care assistance policies with the work schedules and employment circumstances of families;
 - (b) Encouraging expanded hours and variable scheduling options in all types of care;
 - (c) Enhancing child care quality for children whose parents work nonstandard and unstable schedules; and
 - (d) How to reduce the need for off-hour care; and be it further

RESOLVED, That the Committee shall convene within 60 days of the adoption of this resolution and shall select a chairperson at its first meeting; the Committee shall thereafter meet on a regular schedule and no fewer than three times before submitting its recommendations; and be it further

RESOLVED, That the Governor's Office of Early Childhood Development shall provide administrative support for the Committee; and be it further

RESOLVED, That the Committee shall submit its final report to the General Assembly no later than December 31, 2022 and, upon the filing of the report, is dissolved; and be it further

RESOLVED, That if the Committee is unable to conclude their work within the 102nd General Assembly, notice shall be provided to the General Assembly before any special sessions or veto session after the regular spring session that an extension is needed to ensure that all the necessary research and evaluation has been completed satisfactorily; and be it further
