Senate Amendment No. 1 to House Bill 2744

**PRESENTATION OF RESOLUTION**

**SENATE RESOLUTION 620**

Offered by Senator W. Jones and all Senators:  
Mourns the death of Kevin T. Kendrigan of Arlington Heights.

By unanimous consent, the foregoing resolution was referred to the resolutions Consent Calendar.

**MESSAGES FROM THE HOUSE**

A message from the House by  
Mr. Mahoney, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has passed a bill of the following title, the veto of the Governor notwithstanding, in the passage of which I am instructed to ask the concurrence of the Senate, to-wit:

**HOUSE BILL 599**

A bill for AN ACT in relation to pensions.

I am further instructed to deliver to you the objections of the Governor which are contained in the attached copy of his letter to the House of Representatives:

Passed the House, June 30, 2004, by a three-fifths vote.

MARK MAHONEY, Clerk of the House

January 11, 2006

To the Honorable Members of the  
Illinois House of Representatives  
93<sup>rd</sup> General Assembly

This legislation promotes an important purpose: increasing pension benefits to the surviving spouse and children of firefighters. Yet, this legislation also poses a significant hurdle: increasing property taxes to pay for this purpose outside the limits of tax caps and the voter approval process required by them. The challenge, which we have faced throughout state government, is to fund important services and programs without asking the people of Illinois to pay more in taxes. I remain committed to this principle and cannot support legislation that asks for an increase in property taxes.

Pursuant to Article IV, Section 9(b) of the Illinois Constitution of 1970, I hereby veto and return House Bill 599, entitled "AN ACT in relation to pensions."

[July 1, 2004]

Sincerely,

ROD R. BLAGOJEVICH  
Governor

MARK MAHONEY, Clerk of the House

January 11, 2006

To the Honorable Members of the  
Illinois House of Representatives  
93<sup>rd</sup> General Assembly

This legislation promotes an important purpose: providing a funding source for a school district in financial difficulty. Yet, this legislation also poses a significant hurdle: increasing property taxes to pay for this purpose outside the limits of tax caps and the voter approval process required by them. The challenge, which we have faced throughout state government, is to fund important services and programs without asking the people of Illinois to pay more in taxes. House Amendment No. 1 to SENATE BILL NO. 2256

[July 1, 2004]

of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers

[July 1, 2004]

transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

Section 15. The Service Use Tax Act is amended by changing Sections 2 and 3-51 as follows:

(35 ILCS 110/2) (from Ch. 120, par. 439.32)

Sec. 2. "Use" means the exercise by any person of any right or power over tangible personal property incident to the ownership of that property, but does not include the sale or use for demonstration by him of that property in any form as tangible personal property in the regular course of business. "Use" does not mean the interim use of tangible personal property nor the physical incorporation of tangible personal property, as an ingredient or constituent, into other tangible personal property, (a) which is sold in the regular course of business or (b) which the person incorporating such ingredient or constituent therein has undertaken at the time of such purchase to cause to be transported in interstate commerce to destinations outside the State of Illinois.

"Purchased from a serviceman" means the acquisition of the ownership of, or title to, tangible personal property through a sale of service.

"Purchaser" means any person who, through a sale of service, acquires the ownership of, or title to, any tangible personal property.

"Cost price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a

[July 1, 2004]

serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him or her by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Selling price" means the consideration for a sale valued in money whether received in money or otherwise, including cash, credits and service, and shall be determined without any deduction on account of the serviceman's cost of the property sold, the cost of materials used, labor or service cost or any other expense whatsoever, but does not include interest or finance charges which appear as separate items on the bill of sale or sales contract nor charges that are added to prices by sellers on account of the seller's duty to collect, from the purchaser, the tax that is imposed by this Act.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, and any receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Sale of service" means any transaction except:

(1) a retail sale of tangible personal property taxable under the Retailers' Occupation

Tax Act or under the Use Tax Act.

(2) a sale of tangible personal property for the purpose of resale made in compliance

with Section 2c of the Retailers' Occupation Tax Act.

(3) except as hereinafter provided, a sale or transfer of tangible personal property as

an incident to the rendering of service for or by any governmental body, or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(4) a sale or transfer of tangible personal property as an incident to the rendering of

service for interstate carriers for hire for use as rolling stock moving in interstate commerce or by lessors under a lease of one year or longer, executed or in effect at the time of purchase of personal property, to interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by such interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(4a) a sale or transfer of tangible personal property as an incident to the rendering

of service for owners, lessors, or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce so long as so used by interstate carriers for hire, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed

in or affixed to aircraft moving in interstate commerce.

(4a-5) on and after July 1, 2003 and through June 30, 2004, a sale or transfer of a motor vehicle of the second division with a gross vehicle weight in excess of 8,000 pounds as an incident to the rendering of service if that motor vehicle is subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code. Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this ~~This~~ exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

(5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(6) until July 1, 2003, a sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the

personal use of such user and not subject to sale or resale.

(7) at the election of any serviceman not required to be otherwise registered as a

retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (5) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or

chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of service or of tangible personal property within the meaning of this Act.

"Serviceman" means any person who is engaged in the occupation of making sales of service.

"Sale at retail" means "sale at retail" as defined in the Retailers' Occupation Tax Act.

"Supplier" means any person who makes sales of tangible personal property to servicemen for the purpose of resale as an incident to a sale of service.

"Serviceman maintaining a place of business in this State", or any like term, means and includes any serviceman:

1. having or maintaining within this State, directly or by a subsidiary, an office, distribution house, sales house, warehouse or other place of business, or any agent or other representative operating within this State under the authority of the serviceman or its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily, or whether such serviceman or subsidiary is licensed to do business in this State;
2. soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this State;
3. pursuant to a contract with a broadcaster or publisher located in this State, soliciting orders for tangible personal property by means of advertising which is disseminated primarily to consumers located

in this State and only secondarily to bordering jurisdictions;

4. soliciting orders for tangible personal property by mail if the solicitations are

substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this State or benefits from the location in this State of authorized installation, servicing, or repair facilities;

5. being owned or controlled by the same interests which own or control any retailer

engaging in business in the same or similar line of business in this State;

6. having a franchisee or licensee operating under its trade name if the franchisee or

licensee is required to collect the tax under this Section;

7. pursuant to a contract with a cable television operator located in this State,

soliciting orders for tangible personal property by means of advertising which is transmitted or distributed over a cable television system in this State; or

8. engaging in activities in Illinois, which activities in the state in which the

supply business engaging in such activities is located would constitute maintaining a place of business in that state.

(35 ILCS 110/3-51)

Sec. 3-51. Motor vehicles; trailers; use as rolling stock definition.

(a) Through June 30, 2003, "use as rolling stock moving in interstate commerce" in subsection (b) of Section 3-45 means for motor vehicles, as defined in Section 1-46 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and subsection (b) of Section 3-45 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either

the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

[July 1, 2004]

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

Section 20. The Service Occupation Tax Act is amended by changing Sections 2 and 2d as follows:

(35 ILCS 115/2) (from Ch. 120, par. 439.102)

Sec. 2. "Transfer" means any transfer of the title to property or of the ownership of property whether or not the transferor retains title as security for the payment of amounts due him from the transferee.

"Cost Price" means the consideration paid by the serviceman for a purchase valued in money, whether paid in money or otherwise, including cash, credits and services, and shall be determined without any deduction on account of the supplier's cost of the property sold or on account of any other expense incurred by the supplier. When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Department" means the Department of Revenue.

"Person" means any natural individual, firm, partnership, association, joint stock company, joint venture, public or private corporation, limited liability company, and any receiver, executor, trustee, guardian or other representative appointed by order of any court.

"Sale of Service" means any transaction except:

(a) A retail sale of tangible personal property taxable under the Retailers' Occupation Tax Act or under the Use Tax Act.

(b) A sale of tangible personal property for the purpose of resale made in compliance with Section 2c of the Retailers' Occupation Tax Act.

(c) Except as hereinafter provided, a sale or transfer of tangible personal property as an incident to the rendering of service for or by any governmental body or for or by any corporation, society, association, foundation or institution organized and operated exclusively for charitable, religious or educational purposes or any not-for-profit corporation, society, association, foundation, institution or organization which has no compensated officers or employees and which is organized and operated primarily for the recreation of persons 55 years of age or older. A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

(d) A sale or transfer of tangible personal property as an

incident to the rendering of service for interstate carriers for hire for use as rolling stock moving in interstate commerce or lessors under leases of one year or longer, executed or in effect at the time of purchase, to interstate carriers for hire for use as rolling stock moving in interstate commerce, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d-1) A sale or transfer of tangible personal property as an incident to the rendering of service for owners, lessors or shippers of tangible personal property which is utilized by interstate carriers for hire for use as rolling stock moving in interstate commerce, and equipment operated by a telecommunications provider, licensed as a common carrier by the Federal Communications Commission, which is permanently installed in or affixed to aircraft moving in interstate commerce.

(d-1.1) On and after July 1, 2003 and through June 30, 2004, a sale or transfer of a motor vehicle of the second division with a gross vehicle weight in excess of 8,000 pounds as an incident to the rendering of service if that motor vehicle is subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code. Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this ~~This~~ exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(d-2) The repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-3) A sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-4) Until January 1, 1997, a sale, by a registered serviceman paying tax under this Act to the Department, of special order printed materials delivered outside Illinois and which are not returned to this State, if delivery is made by the seller or agent of the seller, including an agent who causes the product to be delivered outside Illinois by a common carrier or the U.S. postal service.

[July 1, 2004]

(e) A sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Occupation Tax or Service Use Tax, rather than Retailers' Occupation Tax or Use Tax.

(f) Until July 1, 2003, the sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(g) At the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35% (75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production) of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (e) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of exemption (e), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further for purposes of exemption (e), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for

Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The purchaser of such machinery and equipment and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit.

Except as provided in Section 2d of this Act, the rolling stock exemption applies to rolling stock used by an interstate carrier for hire, even just between points in Illinois, if such rolling stock transports, for hire, persons whose journeys or property whose shipments originate or terminate outside Illinois.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (e) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (c) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

Sec. 2d. Motor vehicles; trailers; use as rolling stock definition.

(a) Through June 30, 2003, "use as rolling stock moving in

[July 1, 2004]

interstate commerce" in subsections (d) and (d-1) of the definition of "sale of service" in Section 2 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (d) and (d-1) of the definition of "sale of service" in Section 2 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois will not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips will be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons

[July 1, 2004]

who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is

equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

(35 ILCS 105/3-61)

Sec. 3-61. Motor vehicles;trailers; use as rolling stock definition.

(a) Through June 30, 2003, "use as rolling stock moving in interstate commerce" in subsections (b) and (c) of Section 3-55 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose

[July 1, 2004]

journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (b) and (c) of Section 3-55 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing

[July 1, 2004]

documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

Beginning on July 1, 2004 and through June 30, 2005, the use in this State of motor vehicles of the second division: (i) with a gross vehicle weight rating in excess of 8,000 pounds; (ii) that are subject to the commercial distribution fee imposed under Section 3-815.1 of the Illinois Vehicle Code; and (iii) that are primarily used for commercial purposes. Through June 30, 2005, this ~~This~~ exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(5) a sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Use Tax or Service Occupation Tax, rather than Use Tax or Retailers' Occupation Tax.

(5a) the repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property to a destination outside Illinois, for use outside Illinois.

(5b) a sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (5) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of exemption (5), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further, for purposes of exemption (5), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling which results in a material of a different form, use or name; (3) "machinery" shall mean major mechanical machines or major components of such machines contributing to a manufacturing or assembling process; and (4) "equipment" shall include any independent device or tool separate from any machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; or any subunit or assembly comprising a component of any machinery or auxiliary, adjunct or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns and molds; or any parts which require periodic replacement in the course of normal operation; but shall not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an

active resale registration number shall furnish such number to the seller at the time of purchase. The user of such machinery and equipment and tools without an active resale registration number shall prepare a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit. The Department shall prescribe the form of the certificate.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (5) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (3) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

The purchase, employment and transfer of such tangible personal property as newsprint and ink for the primary purpose of conveying news (with or without other information) is not a purchase, use or sale of service or of tangible personal property within the meaning of this Act.

(35 ILCS 110/3-51)

Sec. 3-51. Motor vehicles; trailers; use as rolling stock definition.

(a) Through June 30, 2003, "use as rolling stock moving in interstate commerce" in subsection (b) of Section 3-45 means for motor vehicles, as defined in Section 1-46 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and subsection (b) of Section 3-45 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and subsection (b) of Section 3-45 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and

[July 1, 2004]

records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (4) and (4a) of the definition of "sale of service" in Section 2 and subsection (b) of Section 3-45 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor

[July 1, 2004]

vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

When a serviceman contracts out part or all of the services required in his sale of service, it shall be presumed that the cost price to the serviceman of the property transferred to him by his or her subcontractor is equal to 50% of the subcontractor's charges to the serviceman in the absence of proof of the consideration paid by the subcontractor for the purchase of such property.

"Department" means the Department of Revenue.

A limited liability company may qualify for the exemption under this paragraph only if the limited liability company is organized and operated exclusively for educational purposes.

Through June 30, 2005, this exemption applies to repair and replacement parts added after the initial purchase of such a motor vehicle if that motor vehicle is used in a manner that would qualify for the rolling stock exemption otherwise provided for in this Act. For purposes of this paragraph, "used for commercial purposes" means the transportation of persons or property in furtherance of any commercial or industrial enterprise whether for-hire or not.

(d-2) The repairing, reconditioning or remodeling, for a common carrier by rail, of tangible personal property which belongs to such carrier for hire, and as to which such carrier receives the physical possession of the repaired, reconditioned or remodeled item of tangible personal property in Illinois, and which such carrier transports, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the person who repaired, reconditioned or remodeled the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(d-3) A sale or transfer of tangible personal property which is produced by the seller thereof on special order in such a way as to have made the applicable tax the Service Occupation Tax or the Service Use Tax, rather than the Retailers' Occupation Tax or the Use Tax, for an interstate carrier by rail which receives the physical possession of such property in Illinois, and which transports such property, or shares with another common carrier in the transportation of such property, out of Illinois on a standard uniform bill of lading showing the seller of the property as the shipper or consignor of such property to a destination outside Illinois, for use outside Illinois.

(e) A sale or transfer of machinery and equipment used primarily in the process of the manufacturing or assembling, either in an

[July 1, 2004]

existing, an expanded or a new manufacturing facility, of tangible personal property for wholesale or retail sale or lease, whether such sale or lease is made directly by the manufacturer or by some other person, whether the materials used in the process are owned by the manufacturer or some other person, or whether such sale or lease is made apart from or as an incident to the seller's engaging in a service occupation and the applicable tax is a Service Occupation Tax or Service Use Tax, rather than Retailers' Occupation Tax or Use Tax.

(f) Until July 1, 2003, the sale or transfer of distillation machinery and equipment, sold as a unit or kit and assembled or installed by the retailer, which machinery and equipment is certified by the user to be used only for the production of ethyl alcohol that will be used for consumption as motor fuel or as a component of motor fuel for the personal use of such user and not subject to sale or resale.

(g) At the election of any serviceman not required to be otherwise registered as a retailer under Section 2a of the Retailers' Occupation Tax Act, made for each fiscal year sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35% (75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production) of the aggregate annual total gross receipts from all sales of service. The purchase of such tangible personal property by the serviceman shall be subject to tax under the Retailers' Occupation Tax Act and the Use Tax Act. However, if a primary serviceman who has made the election described in this paragraph subcontracts service work to a secondary serviceman who has also made the election described in this paragraph, the primary serviceman does not incur a Use Tax liability if the secondary serviceman (i) has paid or will pay Use Tax on his or her cost price of any tangible personal property transferred to the primary serviceman and (ii) certifies that fact in writing to the primary serviceman.

Tangible personal property transferred incident to the completion of a maintenance agreement is exempt from the tax imposed pursuant to this Act.

Exemption (e) also includes machinery and equipment used in the general maintenance or repair of such exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of exemption (e), each of these terms shall have the following meanings: (1) "manufacturing process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by procedures commonly regarded as manufacturing, processing, fabricating, or refining which changes some existing material or materials into a material with a different form, use or name. In relation to a recognized integrated business composed of a series of operations which collectively constitute manufacturing, or individually constitute manufacturing operations, the manufacturing process shall be deemed to commence with the first operation or stage of production in the series, and shall not be deemed to end until the completion of the final product in the last operation or stage of production in the series; and further for purposes of exemption (e), photoprocessing is deemed to be a manufacturing process of tangible personal property for wholesale or retail sale; (2) "assembling process" shall mean the production of any article of tangible personal property, whether such article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing

Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease. The purchaser of such machinery and equipment who has an active resale registration number shall furnish such number to the seller at the time of purchase. The purchaser of such machinery and equipment and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, which certificate shall be available to the Department for inspection or audit.

Except as provided in Section 2d of this Act, the rolling stock exemption applies to rolling stock used by an interstate carrier for hire, even just between points in Illinois, if such rolling stock transports, for hire, persons whose journeys or property whose shipments originate or terminate outside Illinois.

Any informal rulings, opinions or letters issued by the Department in response to an inquiry or request for any opinion from any person regarding the coverage and applicability of exemption (e) to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion or letter contains trade secrets or other confidential information, where possible the Department shall delete such information prior to publication. Whenever such informal rulings, opinions, or letters contain any policy of general applicability, the Department shall formulate and adopt such policy as a rule in accordance with the provisions of the Illinois Administrative Procedure Act.

On and after July 1, 1987, no entity otherwise eligible under exemption (c) of this Section shall make tax free purchases unless it has an active exemption identification number issued by the Department.

Sec. 2d. Motor vehicles; trailers; use as rolling stock definition.

(a) Through June 30, 2003, "use as rolling stock moving in interstate commerce" in subsections (d) and (d-1) of the definition of "sale of service" in Section 2 means for motor vehicles, as defined in

[July 1, 2004]

Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (d) and (d-1) of the definition of "sale of service" in Section 2 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois will not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips will be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (d) and (d-1) of the definition of "sale of service" in Section 2 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (d) and (d-1) of the definition of "sale of service" in Section 2 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to

[July 1, 2004]

July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

(35 ILCS 120/2-51)

Sec. 2-51. Motor vehicles; trailers; use as rolling stock definition.

(a) Through June 30, 2003, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 means for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, and trailers, as defined in Section 1-209 of the Illinois Vehicle Code, when on 15 or more occasions in a 12-month period the motor vehicle and trailer has carried persons or property for hire in interstate commerce, even just between points in Illinois, if the motor vehicle and trailer transports persons whose journeys or property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those motor vehicles or trailers as a part thereof.

(b) On and after July 1, 2003 and through June 30, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for 51% of its total trips and transports persons whose journeys or property whose shipments originate or terminate outside Illinois. Trips that are only between points in Illinois shall not be counted as interstate trips when calculating whether the tangible personal property qualifies for the exemption but such trips shall be included in total trips taken.

(c) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for motor vehicles, as defined in Section 1-146 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased motor vehicles prior to July 1, 2004 shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that motor vehicle for any period for which

[July 1, 2004]

the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, motor vehicles that carry persons or property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the motor vehicle transports persons whose journeys or property whose shipments originate or terminate outside Illinois. The exemption for motor vehicles used as rolling stock moving in interstate commerce may be claimed only for motor vehicles whose gross vehicle weight rating exceeds 16,000 pounds. This definition applies to all property purchased for the purpose of being attached to those motor vehicles as a part thereof.

(d) Beginning July 1, 2004, "use as rolling stock moving in interstate commerce" in paragraphs (12) and (13) of Section 2-5 occurs for trailers, as defined in Section 1-209 of the Illinois Vehicle Code, semitrailers as defined in Section 1-187 of the Illinois Vehicle Code, and pole trailers as defined in Section 1-161 of the Illinois Vehicle Code, when during a 12-month period the rolling stock has carried persons or property for hire in interstate commerce for greater than 50% of its total trips for that period or for greater than 50% of its total miles for that period. The person claiming the exemption for a trailer or trailers that will not be dedicated to a motor vehicle or group of motor vehicles shall make an election at the time of purchase to use either the trips or mileage method. Persons who purchased trailers prior to July 1, 2004 that are not dedicated to a motor vehicle or group of motor vehicles shall make an election to use either the trips or mileage method and document that election in their books and records. If no election is made under this subsection to use the trips or mileage method, the person shall be deemed to have chosen the mileage method. Any election to use either the trips or mileage method will remain in effect for that trailer for any period for which the Department may issue a notice of tax liability under this Act.

For purposes of determining qualifying trips or miles, trailers, semitrailers, or pole trailers that carry property for hire, even just between points in Illinois, will be considered used for hire in interstate commerce if the trailers, semitrailers, or pole trailers transport property whose shipments originate or terminate outside Illinois. This definition applies to all property purchased for the purpose of being attached to those trailers, semitrailers, or pole trailers as a part thereof. In lieu of a person providing documentation regarding the qualifying use of each individual trailer, semitrailer, or pole trailer, that person may document such qualifying use by providing documentation of the following:

(1) If a trailer, semitrailer, or pole trailer is dedicated to a motor vehicle that qualifies as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(2) If a trailer, semitrailer, or pole trailer is dedicated to a group of motor vehicles that all qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then that trailer, semitrailer, or pole trailer qualifies as rolling stock moving in interstate commerce under this subsection.

(3) If one or more trailers, semitrailers, or pole trailers are dedicated to a group of motor vehicles and not all of those motor vehicles in that group qualify as rolling stock moving in interstate commerce under subsection (c) of this Section, then the percentage of those trailers, semitrailers, or pole trailers that qualifies as rolling stock moving in interstate commerce under this subsection is equal to the percentage of those motor vehicles in that group that

[July 1, 2004]

qualify as rolling stock moving in interstate commerce under subsection (c) of this Section to which those trailer, semitrailers, or pole trailers are dedicated. However, to determine the qualification for the exemption provided under this item (3), the mathematical application of the qualifying percentage to one or more trailers, semitrailers, or pole trailers under this subpart shall not be allowed as to any fraction of a trailer, semitrailer, or pole trailer.

**AMENDMENT NO. 1**

AMENDMENT NO. 1. Amend Senate Bill 2213 by replacing everything after the enacting clause with the following:

"Section 5. The State Finance Act is amended by changing Section 13.2 as follows:

(30 ILCS 105/13.2) (from Ch. 127, par. 149.2)

Sec. 13.2. Transfers among line item appropriations.

(a) Transfers among line item appropriations from the same treasury fund for the objects specified in this Section may be made in the manner provided in this Section when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made.

(a-1) No transfers may be made from one agency to another agency, nor may transfers be made from one institution of higher education to another institution of higher education.

(a-2) Transfers may be made only among the objects of expenditure enumerated in this Section, except that no funds may be transferred from any appropriation for personal services, from any appropriation for State contributions to the State Employees' Retirement System, from any separate appropriation for employee retirement contributions paid by the employer, nor from any appropriation for State contribution for employee group insurance.

(a-3) Further, if an agency receives a separate appropriation for employee retirement contributions paid by the employer, any transfer by that agency into an appropriation for personal services must be accompanied by a corresponding transfer into the appropriation for employee retirement contributions paid by the employer, in an amount sufficient to meet the employer share of the employee contributions required to be remitted to the retirement system.

(b) In addition to the general transfer authority provided under subsection (c), the following agencies have the specific transfer authority granted in this subsection:

The Illinois Department of Public Aid is authorized to make transfers representing savings attributable to not increasing grants due to the births of additional children from line items for payments of cash grants to line items for payments for employment and social services for the purposes outlined in subsection (f) of Section 4-2 of the Illinois Public Aid Code.

The Department of Children and Family Services is authorized to make transfers not exceeding 2% of the aggregate amount appropriated to it within the same treasury fund for the following line items among these same line items: Foster Home and Specialized Foster Care and Prevention, Institutions and Group Homes and Prevention, and Purchase of Adoption and Guardianship Services.

[July 1, 2004]

Case Coordination Units, and Adult Day Care Services.

The State Treasurer is authorized to make transfers among line item appropriations from the Capital Litigation Trust Fund, with respect to costs incurred in fiscal years 2002 and 2003 only, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that no such transfer may be made unless the amount transferred is no longer required for the purpose for which that appropriation was made.

(c) The sum of such transfers for an agency in a fiscal year shall not exceed 2% of the aggregate amount appropriated to it within the same treasury fund for the following objects: Personal Services; Extra Help; Student and Inmate Compensation; State Contributions to Retirement Systems; State Contributions to Social Security; State Contribution for Employee Group Insurance; Contractual Services; Travel; Commodities; Printing; Equipment; Electronic Data Processing; Operation of Automotive Equipment; Telecommunications Services; Travel and Allowance for Committed, Paroled and Discharged Prisoners; Library Books; Federal Matching Grants for Student Loans; Refunds; Workers' Compensation, Occupational Disease, and Tort Claims; and, in appropriations to institutions of higher education, Awards and Grants. (c-1) Special provisions for State fiscal year 2003. Notwithstanding any other provision of this Section to the contrary, for State fiscal year 2003 only, transfers among line item appropriations to an agency from the same treasury fund may be made provided that the sum of such transfers for an agency in State fiscal year 2003 shall not exceed 3% of the aggregate amount appropriated to that State agency for State fiscal year 2003 for the following objects: personal services, except that no transfer may be approved which reduces the aggregate appropriations for personal services within an agency; extra help; student and inmate compensation; State contributions to retirement systems; State contributions to social security; State contributions for employee group insurance; contractual services; travel; commodities; printing; equipment; electronic data processing; operation of automotive equipment; telecommunications services; travel and allowance for committed, paroled, and discharged prisoners; library books; federal matching grants for student loans; refunds; workers' compensation, occupational disease, and tort claims; and, in appropriations to institutions of higher education, awards and grants.

(c-2) Special provisions for State fiscal year 2005. Notwithstanding subsections (a), (a-2), and (c), for State fiscal year 2005 only, transfers may be made among any line item appropriations from the same or any other treasury fund for any objects or purposes, without limitation, when the balance remaining in one or more such line item appropriations is insufficient for the purpose for which the appropriation was made, provided that the sum of those transfers by a State agency shall not exceed 4% of the aggregate amount appropriated to that State agency for fiscal year 2005.

(d) Transfers among appropriations made to agencies of the Legislative and Judicial departments and to the constitutionally elected officers in the Executive branch require the approval of the officer authorized in Section 10 of this Act to approve and certify vouchers. Transfers among appropriations made to the University of

Illinois, Southern Illinois University, Chicago State University, Eastern Illinois University, Governors State University, Illinois State University, Northeastern Illinois University, Northern Illinois University, Western Illinois University, the Illinois Mathematics and Science Academy and the Board of Higher Education require the approval of the Board of Higher Education and the Governor. Transfers among appropriations to all other agencies require the approval of the Governor.

The officer responsible for approval shall certify that the transfer is necessary to carry out the programs and purposes for which the appropriations were made by the General Assembly and shall transmit to the State Comptroller a certified copy of the approval which shall set forth the specific amounts transferred so that the Comptroller may change his records accordingly. The Comptroller shall furnish the Governor with information copies of all transfers approved for agencies of the Legislative and Judicial departments and transfers approved by the constitutionally elected officials of the Executive branch other than the Governor, showing the amounts transferred and indicating the dates such changes were entered on the Comptroller's records.

AMENDMENT NO. 2. Amend Senate Bill 2258 by replacing everything after the enacting clause with the following:

"Section 5. The Home Equity Assurance Act is amended by changing Sections 4 and 9 as follows:

(65 ILCS 95/4) (from Ch. 24, par. 1604)

Sec. 4. Creation of Commission. (a) Whenever in a municipality with more than 1,000,000 inhabitants, the question of creating a home equity program within a contiguous territory included entirely within the municipality is initiated by resolution or ordinance of the corporate authorities of the municipality or by a petition signed by not less than 10% of the total number of registered voters of each precinct in the territory, the registered voters of which are eligible to sign the petition, it shall be the duty of the election authority having jurisdiction over such municipality to submit the question of creating a home equity program to the electors of each precinct within the territory at the regular election specified in the resolution, ordinance or petition initiating the question. If the question is

initiated by petition and if the requisite number of signatures is not obtained in any precinct included within the territory described in the petition, then the petition shall be valid as to the territory encompassed by those precincts for which the requisite number of signatures is obtained and any such precinct for which the requisite number of signatures is not obtained shall be excluded from the territory. A petition initiating a question described in this Section shall be filed with the election authority having jurisdiction over the municipality. The petition shall be filed and objections thereto shall be made in the manner provided in the general election law. (b) Whenever a majority of the voters on such public question approve the creation of a home equity program as certified by the proper election authorities, the mayor of the municipality shall appoint, with the consent of the corporate authorities, 9 individuals, to be known as commissioners, to serve as the governing body of the home equity program. The mayor shall choose 7 of the 9 individuals to be appointed to the governing commission from nominees submitted by a community organization or community organizations as defined in this Act. (65 ILCS 95/9) (from Ch. 24, par. 1609)

Sec. 9. Establishing a new guaranteed value and registration date.

(a) A member has the option of applying for a new program appraisal by a program appraiser in order to establish a new certificate of participation with a new registration date. The governing commission may exercise the right to require a second program appraisal in accordance with the procedures described in Section 6 of this Act. This new guaranteed value shall be subject to the following

[July 1, 2004]

conditions:

(1) A new guaranteed value established solely for the purpose of determining a property's increased value due to inflation may not be requested by the member until 5 years have elapsed from the member's initial most recent registration date or 3 years have elapsed from the most recent new registration date under this item (1), whichever is later.

(2) A new guaranteed value established due to home improvements shall be granted only when the value of the home improvements exceed \$5,000.

(3) A member may not initiate a claim against the program based upon the new guaranteed value until 8 years after the member's initial registration date or 3 5 years after the new registration date, whichever is later. Until that time, coverage shall be based on the most recent certificate of participation that meets the time limitations which is at least 5 years old and the guaranteed value set forth in that certificate of participation.

(4) If the governing commission, by majority vote, determines that the application for a new appraisal is due to substantial property improvements on the guaranteed residence, then the application fee for the appraisal shall be one-half of the registration fee then being charged by the program.

(5) If the governing commission, by a majority vote, concludes that the application for a new appraisal is not due to substantial property improvements, the application fee for the new appraisal shall be the amount of the registration fee then being charged by the program.

(6) A new guaranteed value shall be subject to all of the conditions, stipulations, and provisions of this Act.

(b) After following the above procedures, the member shall be issued a new certificate of participation which shall state the new guaranteed value and registration date.

(c) A member may request a new guaranteed value and registration date only once per year.
