MESSAGE FROM THE SECRETARY OF STATE

OFFICE OF THE SECRETARY OF STATE
JESSE WHITE • Secretary of State

June 30, 2009

To the Honorable President of the Senate:

Sir:

In compliance with the provisions of the Constitution of the State of Illinois, I am forwarding herewith the enclosed Senate Bill from the 96th General Assembly that is being returned by the Governor with specific recommendations for change.

SENATE BILL

[June 30, 2009]

1905

Respectfully,
s/Jesse White
Secretary of State

OFFICE OF THE GOVERNOR
CAPITOL BUILDING, 207 STATE HOUSE
SPRINGFIELD, Illinois 62706

PAT QUINN
GOVERNOR

June 30, 2009

To the Honorable Members of the
Illinois Senate
96th General Assembly

Today I return Senate Bill 1905 with my specific recommendations for change. I appreciate the hard work of the sponsors and the Task Force on Health Planning Reform in passing this monumental bill and for the opportunity to further their efforts with this amendatory veto.

Since the task force completed its work, our State's budget deficit has grown. In the midst of this unprecedented crisis, we all must work together to limit State spending and eliminate waste and inefficiencies in government. We cannot, at a time when we are confronted with the possibility of furloughs and pay cuts for existing state employees, expand government any further than is necessary. This amendatory veto preserves the substantive reforms recommended by the General Assembly and the task force but minimizes the fiscal impact on our State.

The Board is scheduled to sunset tomorrow. With the cooperation of the General Assembly, we can adopt these aggressive reforms and insure that there is not a lapse in the Board's operations. It is essential that this bill be approved by the General Assembly today so that I can certify the changes prior to the sunset of the Board.

Therefore, pursuant to Article IV, Section 9(e) of the Illinois Constitution of 1970, I hereby return Senate Bill 1905, entitled "AN ACT concerning State government.", with the following specific recommendations for change:

on page 33, line 17, by deleting "The members shall include a"; and

on page 33, by deleting lines 18 through 24; and

on page 37, by replacing lines 10 through 14 with "(g) The State Board, through the Chairman, shall"; and

on page 65, by replacing line 8 with "Health Facilities and Services Review Board ~~Illinois Health Facilities Planning Board~~ on a form prescribed"; and

on page 78, line 22, by replacing "subsections (a-15) and" with "subsections (a-10) and".

With these changes, Senate Bill 1905 will have my approval. I respectfully request your concurrence.

Sincerely,
s/PAT QUINN
Governor

[June 30, 2009]

Pursuant to Senate Rule 9-1, the foregoing Senate Bill, which was returned by the Governor, was ordered placed on the Senate Calendar.

MOTION IN WRITING

Senator Garrett submitted by the following Motion in Writing:

SB1905AVM001

MOTION

I move to accept the specific recommendations of the Governor as to Senate Bill 1905 in manner and form as follows:

AMENDMENT TO SENATE BILL 1905 IN ACCEPTANCE OF GOVERNOR'S RECOMMENDATIONS

Amend Senate Bill 1905 on page 33, line 17, by deleting "The members shall include a"; and on page 33, by deleting lines 18 through 24; and

on page 37, by replacing lines 10 through 14 with "(g) The State Board, through the Chairman, shall"; and

on page 65, by replacing line 8 with "Health Facilities and Services Review Board ~~Illinois Health Facilities Planning Board~~ on a form prescribed"; and

on page 78, line 22, by replacing "subsections (a-15) and" with "subsections (a-10) and".

Date: 6-30, 2009 s/Susan Garrett

The foregoing Motion in Writing was referred to the Committee on Assignments.

(1) Hospital services, except that any services provided by a hospital that is located

more than 75 miles outside the State of Illinois shall be covered only for a maximum of 45 days in any calendar year. With respect to covered expenses incurred during any calendar year ending on or after December 31, 1999, inpatient hospitalization of an eligible person for the treatment of mental illness at a hospital located within the State of Illinois shall be subject to the same terms and conditions as for any other illness.

(2) Professional services for the diagnosis or treatment of injuries, illnesses or

conditions, other than dental and mental and nervous disorders as described in paragraph (17), which are rendered by a physician, or by other licensed professionals at the physician's direction. This includes reconstruction of the breast on which a mastectomy was performed; surgery and reconstruction of the other breast to produce a symmetrical appearance; and prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

(2.5) Professional services provided by a physician to children under the age of 16

years for physical examinations and age appropriate immunizations ordered by a physician licensed to practice medicine in all its branches.

(3) (Blank).

[June 30, 2009]

(4) Outpatient prescription drugs that by law require a prescription written by a physician licensed to practice medicine in all its branches subject to such separate deductible, copayment, and other limitations or restrictions as the Board shall approve, including the use of a prescription drug card or any other program, or both.

(5) Skilled nursing services of a licensed skilled nursing facility for not more than 120 days during a policy year.

(6) Services of a home health agency in accord with a home health care plan, up to a maximum of 270 visits per year.

(7) Services of a licensed hospice for not more than 180 days during a policy year.

(8) Use of radium or other radioactive materials.

(9) Oxygen.

(10) Anesthetics.

(11) Orthoses and prostheses other than dental.

(12) Rental or purchase in accordance with Board policies or procedures of durable medical equipment, other than eyeglasses or hearing aids, for which there is no personal use in the absence of the condition for which it is prescribed.

(13) Diagnostic x-rays and laboratory tests.

(14) Oral surgery (i) for excision of partially or completely unerupted impacted teeth when not performed in connection with the routine extraction or repair of teeth; (ii) for excision of tumors or cysts of the jaws, cheeks, lips, tongue, and roof and floor of the mouth; (iii) required for correction of cleft lip and palate and other craniofacial and maxillofacial birth defects; or (iv) for treatment of injuries to natural teeth or a fractured jaw due to an accident.

(15) Physical, speech, and functional occupational therapy as medically necessary and provided by appropriate licensed professionals.

(16) Emergency and other medically necessary transportation provided by a licensed ambulance service to the nearest health care facility qualified to treat a covered illness, injury, or condition, subject to the provisions of the Emergency Medical Systems (EMS) Act.

(17) Outpatient services for diagnosis and treatment of mental and nervous disorders provided that a covered person shall be required to make a copayment not to exceed 50% and that the Plan's payment shall not exceed such amounts as are established by the Board.

(18) Human organ or tissue transplants specified by the Board that are performed at a hospital designated by the Board as a participating transplant center for that specific organ or tissue transplant.

(19) Naprapathic services, as appropriate, provided by a licensed naprapathic practitioner.

c. Exclusions. Covered expenses of the Plan shall not include the following:

(1) Any charge for treatment for cosmetic purposes other than for reconstructive surgery when the service is incidental to or follows surgery resulting from injury, sickness or other diseases of the involved part or surgery for the repair or treatment of a congenital bodily defect to restore normal bodily functions.

(2) Any charge for care that is primarily for rest, custodial, educational, or domiciliary purposes.

(3) Any charge for services in a private room to the extent it is in excess of the institution's charge for its most common semiprivate room, unless a private room is prescribed as medically necessary by a physician.

(4) That part of any charge for room and board or for services rendered or articles prescribed by a physician, dentist, or other health care personnel that exceeds the reasonable and customary charge in the locality or for any services or supplies not medically necessary for the diagnosed injury or illness.

(5) Any charge for services or articles the provision of which is not within the scope of licensure of the institution or individual providing the services or articles.

(6) Any expense incurred prior to the effective date of coverage by the Plan for the person on whose behalf the expense is incurred.

(7) Dental care, dental surgery, dental treatment, any other dental procedure involving the teeth or periodontium, or any dental appliances, including crowns, bridges, implants, or partial or complete dentures, except as specifically provided in paragraph (14) of subsection b of this Section.

(8) Eyeglasses, contact lenses, hearing aids or their fitting.

(9) Illness or injury due to acts of war.

(10) Services of blood donors and any fee for failure to replace the first 3 pints of

blood provided to a covered person each policy year.

(11) Personal supplies or services provided by a hospital or nursing home, or any other nonmedical or nonprescribed supply or service.

(12) Routine maternity charges for a pregnancy, except where added as optional coverage with payment of an additional premium for pregnancy resulting from conception occurring after the effective date of the optional coverage.

(13) (Blank).

(14) Any expense or charge for services, drugs, or supplies that are: (i) not provided in accord with generally accepted standards of current medical practice; (ii) for procedures, treatments, equipment, transplants, or implants, any of which are investigational, experimental, or for research purposes; (iii) investigative and not proven safe and effective; or (iv) for, or resulting from, a gender transformation operation.

(15) Any expense or charge for routine physical examinations or tests except as provided in item (2.5) of subsection b of this Section.

(16) Any expense for which a charge is not made in the absence of insurance or for which there is no legal obligation on the part of the patient to pay.

(17) Any expense incurred for benefits provided under the laws of the United States and this State, including Medicare, Medicaid, and other medical assistance, maternal and child health services and any other program that is administered or funded by the Department of Human Services, Department of Healthcare and Family Services, or Department of Public Health, military service-connected disability payments, medical services provided for members of the armed forces and their dependents or employees of the armed forces of the United States, and medical services financed on behalf of all citizens by the United States.

(18) Any expense or charge for in vitro fertilization, artificial insemination, or any other artificial means used to cause pregnancy.

(19) Any expense or charge for oral contraceptives used for birth control or any other temporary birth control measures.

(20) Any expense or charge for sterilization or sterilization reversals.

(21) Any expense or charge for weight loss programs, exercise equipment, or treatment of obesity, except when certified by a physician as morbid obesity (at least 2 times normal body weight).

(22) Any expense or charge for acupuncture treatment unless used as an anesthetic agent for a covered surgery.

(23) Any expense or charge for or related to organ or tissue transplants other than those performed at a hospital with a Board approved organ transplant program that has been designated by the Board as a preferred or exclusive provider organization for that specific organ or tissue transplant.

(24) Any expense or charge for procedures, treatments, equipment, or services that are provided in special settings for research purposes or in a controlled environment, are being studied for safety, efficiency, and effectiveness, and are awaiting endorsement by the appropriate national medical speciality college for general use within the medical community.

d. Deductibles and coinsurance.

The Plan coverage defined in Section 6 shall provide for a choice of deductibles per individual as authorized by the Board. If 2 individual members of the same family household, who are both covered persons under the Plan, satisfy the same applicable deductibles, no other member of that family who is also a covered person under the Plan shall be required to meet any deductibles for the balance of that calendar year. The deductibles must be applied first to the authorized amount of covered expenses incurred by the covered person. A mandatory coinsurance requirement shall be imposed at the rate authorized by the Board in excess of the mandatory deductible, the coinsurance in the aggregate not to exceed such amounts as are authorized by the Board per annum. At its discretion the Board may, however, offer catastrophic coverages or other policies that provide for larger deductibles with or without coinsurance requirements. The deductibles and coinsurance factors may be adjusted annually according to the Medical Component of the Consumer Price Index.

e. Scope of coverage.

(1) In approving any of the benefit plans to be offered by the Plan, the Board shall establish such benefit levels, deductibles, coinsurance factors, exclusions, and limitations as it may deem appropriate and that it believes to be generally reflective of and commensurate with health insurance coverage that is provided in the individual market in this State.

(2) The benefit plans approved by the Board may also provide for and employ various

cost containment measures and other requirements including, but not limited to, preadmission certification, prior approval, second surgical opinions, concurrent utilization review programs, individual case management, preferred provider organizations, health maintenance organizations, and other cost effective arrangements for paying for covered expenses.

f. Preexisting conditions.

(1) Except for federally eligible individuals qualifying for Plan coverage under Section 15 of this Act or eligible persons who qualify for the waiver authorized in paragraph (3) of this subsection, plan coverage shall exclude charges or expenses incurred during the first 6 months following the effective date of coverage as to any condition for which medical advice, care or treatment was recommended or received during the 6 month period immediately preceding the effective date of coverage.

(2) (Blank).

(3) Waiver: The preexisting condition exclusions as set forth in paragraph (1) of this subsection shall be waived to the extent to which the eligible person (a) has satisfied similar exclusions under any prior individual health insurance policy that was involuntarily terminated because of the insolvency of the issuer of the policy and (b) has applied for Plan coverage within 90 days following the involuntary termination of that individual health insurance coverage.

g. Other sources primary; nonduplication of benefits.

(1) The Plan shall be the last payor of benefits whenever any other benefit or source of third party payment is available. Subject to the provisions of subsection e of Section 7, benefits otherwise payable under Plan coverage shall be reduced by all amounts paid or payable by Medicare or any other government program or through any health insurance coverage or group health plan, whether by insurance, reimbursement, or otherwise, or through any third party liability, settlement, judgment, or award, regardless of the date of the settlement, judgment, or award, whether the settlement, judgment, or award is in the form of a contract, agreement, or trust on behalf of a minor or otherwise and whether the settlement, judgment, or award is payable to the covered person, his or her dependent, estate, personal representative, or guardian in a lump sum or over time, and by all hospital or medical expense benefits paid or payable under any worker's compensation coverage, automobile medical payment, or liability insurance, whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payable under or provided pursuant to any State or federal law or program.

(2) The Plan shall have a cause of action against any covered person or any other person or entity for the recovery of any amount paid to the extent the amount was for treatment, services, or supplies not covered in this Section or in excess of benefits as set forth in this Section.

(3) Whenever benefits are due from the Plan because of sickness or an injury to a covered person resulting from a third party's wrongful act or negligence and the covered person has recovered or may recover damages from a third party or its insurer, the Plan shall have the right to reduce benefits or to refuse to pay benefits that otherwise may be payable by the amount of damages that the covered person has recovered or may recover regardless of the date of the sickness or injury or the date of any settlement, judgment, or award resulting from that sickness or injury.

During the pendency of any action or claim that is brought by or on behalf of a covered person against a third party or its insurer, any benefits that would otherwise be payable except for the provisions of this paragraph (3) shall be paid if payment by or for the third party has not yet been made and the covered person or, if incapable, that person's legal representative agrees in writing to pay back promptly the benefits paid as a result of the sickness or injury to the extent of any future payments made by or for the third party for the sickness or injury. This agreement is to apply whether or not liability for the payments is established or admitted by the third party or whether those payments are itemized.

Any amounts due the plan to repay benefits may be deducted from other benefits payable by the Plan after payments by or for the third party are made.

(4) Benefits due from the Plan may be reduced or refused as an offset against any amount otherwise recoverable under this Section.

h. Right of subrogation; recoveries.

(1) Whenever the Plan has paid benefits because of sickness or an injury to any covered person resulting from a third party's wrongful act or negligence, or for which an insurer is liable in accordance with the provisions of any policy of insurance, and the covered person has recovered or may recover damages from a third party that is liable for the damages, the Plan shall have the right to recover the benefits it paid from any amounts that the covered person has received or may receive regardless of the date of the sickness or injury or the date of any settlement, judgment, or award

resulting from that sickness or injury. The Plan shall be subrogated to any right of recovery the covered person may have under the terms of any private or public health care coverage or liability coverage, including coverage under the Workers' Compensation Act or the Workers' Occupational Diseases Act, without the necessity of assignment of claim or other authorization to secure the right of recovery. To enforce its subrogation right, the Plan may (i) intervene or join in an action or proceeding brought by the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, against any third party or the third party's insurer that may be liable or (ii) institute and prosecute legal proceedings against any third party or the third party's insurer that may be liable for the sickness or injury in an appropriate court either in the name of the Plan or in the name of the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors.

(2) If any action or claim is brought by or on behalf of a covered person against a third party or the third party's insurer, the covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, shall notify the Plan by personal service or registered mail of the action or claim and of the name of the court in which the action or claim is brought, filing proof thereof in the action or claim. The Plan may, at any time thereafter, join in the action or claim upon its motion so that all orders of court after hearing and judgment shall be made for its protection. No release or settlement of a claim for damages and no satisfaction of judgment in the action shall be valid without the written consent of the Plan to the extent of its interest in the settlement or judgment and of the covered person or his personal representative.

(3) In the event that the covered person or his personal representative fails to institute a proceeding against any appropriate third party before the fifth month before the action would be barred, the Plan may, in its own name or in the name of the covered person or personal representative, commence a proceeding against any appropriate third party for the recovery of damages on account of any sickness, injury, or death to the covered person. The covered person shall cooperate in doing what is reasonably necessary to assist the Plan in any recovery and shall not take any action that would prejudice the Plan's right to recovery. The Plan shall pay to the covered person or his personal representative all sums collected from any third party by judgment or otherwise in excess of amounts paid in benefits under the Plan and amounts paid or to be paid as costs, attorneys fees, and reasonable expenses incurred by the Plan in making the collection or enforcing the judgment.

(4) In the event that a covered person or his personal representative, including his guardian, conservator, estate, dependents, or survivors, recovers damages from a third party for sickness or injury caused to the covered person, the covered person or the personal representative shall pay to the Plan from the damages recovered the amount of benefits paid or to be paid on behalf of the covered person.

(5) When the action or claim is brought by the covered person alone and the covered person incurs a personal liability to pay attorney's fees and costs of litigation, the Plan's claim for reimbursement of the benefits provided to the covered person shall be the full amount of benefits paid to or on behalf of the covered person under this Act less a pro rata share that represents the Plan's reasonable share of attorney's fees paid by the covered person and that portion of the cost of litigation expenses determined by multiplying by the ratio of the full amount of the expenditures to the full amount of the judgement, award, or settlement.

(6) In the event of judgment or award in a suit or claim against a third party or insurer, the court shall first order paid from any judgement or award the reasonable litigation expenses incurred in preparation and prosecution of the action or claim, together with reasonable attorney's fees. After payment of those expenses and attorney's fees, the court shall apply out of the balance of the judgment or award an amount sufficient to reimburse the Plan the full amount of benefits paid on behalf of the covered person under this Act, provided the court may reduce and apportion the Plan's portion of the judgement proportionate to the recovery of the covered person. The burden of producing evidence sufficient to support the exercise by the court of its discretion to reduce the amount of a proven charge sought to be enforced against the recovery shall rest with the party seeking the reduction. The court may consider the nature and extent of the injury, economic and non-economic loss, settlement offers, comparative negligence as it applies to the case at hand, hospital costs, physician costs, and all other appropriate costs. The Plan shall pay its pro rata share of the attorney fees based on the Plan's recovery as it compares to the total judgment. Any reimbursement rights of the Plan shall take priority over all other liens and charges existing under the laws of this State with the exception of any attorney liens filed under the Attorneys Lien Act.

(7) The Plan may compromise or settle and release any claim for benefits provided under

this Act or waive any claims for benefits, in whole or in part, for the convenience of the Plan or if the Plan determines that collection would result in undue hardship upon the covered person.

Section 99. Effective date. This Act takes effect upon becoming law."

Under the rules, the foregoing **Senate Bill No. 2052**, with House Amendments numbered 1 and 2, was referred to the Secretary's Desk.

A message from the House by

Mr. Mahoney, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to-wit:

SENATE BILL NO. 415

A bill for AN ACT concerning finance.

Together with the following amendment which is attached, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

House Amendment No. 2 to SENATE BILL NO. 415

House Amendment No. 3 to SENATE BILL NO. 415

House Amendment No. 4 to SENATE BILL NO. 415

Passed the House, as amended, June 29, 2009.

MARK MAHONEY, Clerk of the House

AMENDMENT NO. 2 TO SENATE BILL 415

AMENDMENT NO. 2. Amend Senate Bill 415 by replacing everything after the enacting clause with the following:

"Section 5. The General Obligation Bond Act is amended by changing Sections 2, 7.2, 9, and 11 as follows:

(30 ILCS 330/2) (from Ch. 127, par. 652)

Sec. 2. Authorization for Bonds. The State of Illinois is authorized to issue, sell and provide for the retirement of General Obligation Bonds of the State of Illinois for the categories and specific purposes expressed in Sections 2 through 8 of this Act, in the total amount of ~~\$32,923,149,369~~ ~~\$30,693,149,369~~.

The bonds authorized in this Section 2 and in Section 16 of this Act are herein called "Bonds".

Of the total amount of Bonds authorized in this Act, up to \$2,200,000,000 in aggregate original principal amount may be issued and sold in accordance with the Baccalaureate Savings Act in the form of General Obligation College Savings Bonds.

Of the total amount of Bonds authorized in this Act, up to \$300,000,000 in aggregate original principal amount may be issued and sold in accordance with the Retirement Savings Act in the form of General Obligation Retirement Savings Bonds.

Of the total amount of Bonds authorized in this Act, the additional \$10,000,000,000 authorized by Public Act 93-2 and the \$2,230,000,000 authorized by this amendatory Act of the 96th General Assembly ~~this amendatory Act of the 93rd General Assembly~~ shall be used solely as provided in Section 7.2.

The issuance and sale of Bonds pursuant to the General Obligation Bond Act is an economical and efficient method of financing the long-term capital needs of the State. This Act will permit the issuance of a multi-purpose General Obligation Bond with uniform terms and features. This will not only lower the cost of registration but also reduce the overall cost of issuing debt by improving the marketability of Illinois General Obligation Bonds.

(30 ILCS 330/7.2)

Sec. 7.2. State pension funding.

(a) The amount of \$10,000,000,000 is authorized to be used for the purpose of making contributions to the designated retirement systems. For the purposes of this Section, "designated retirement systems" means the State Employees' Retirement System of Illinois; the Teachers' Retirement System of the State of Illinois; the State Universities Retirement System; the Judges Retirement System of Illinois; and the General Assembly Retirement System.

[June 30, 2009]

The amount of \$2,230,000,000 of Bonds authorized by this amendatory Act of the 96th General Assembly is authorized to be used for the purpose of making a portion of the State's Fiscal Year 2010 required contributions to the designated retirement systems.

(b) The Pension Contribution Fund is created as a special fund in the State Treasury.

The proceeds of the additional \$10,000,000,000 of Bonds authorized by Public Act 93-2 ~~this amendatory Act of the 93rd General Assembly~~, less the amounts authorized in the Bond Sale Order to be deposited directly into the capitalized interest account of the General Obligation Bond Retirement and Interest Fund or otherwise directly paid out for bond sale expenses under Section 8, shall be deposited into the Pension Contribution Fund and used as provided in this Section.

The proceeds of the additional \$2,230,000,000 of Bonds authorized by this amendatory Act of the 96th General Assembly, less the amounts directly paid out for bond sale expenses under Section 8, shall be deposited into the Pension Contribution Fund, and the Comptroller and the Treasurer shall, as soon as practical, make transfers from the Pension Contribution Fund to the designated retirement systems pursuant to Sections 2-124, 14-131, 15-155, 16-158, and 18-131 of the Illinois Pension Code.

(c) Of the amount of Bond proceeds from the bond sale authorized by Public Act 93-2 first deposited into the Pension Contribution Fund, there shall be reserved for transfers under this subsection the sum of \$300,000,000, representing the required State contributions to the designated retirement systems for the last quarter of State fiscal year 2003, plus the sum of \$1,860,000,000, representing the required State contributions to the designated retirement systems for State fiscal year 2004.

Upon the deposit of sufficient moneys from the bond sale authorized by Public Act 93-2 into the Pension Contribution Fund, the Comptroller and Treasurer shall immediately transfer the sum of \$300,000,000 from the Pension Contribution Fund to the General Revenue Fund.

Whenever any payment of required State contributions for State fiscal year 2004 is made to one of the designated retirement systems, the Comptroller and Treasurer shall, as soon as practicable, transfer from the Pension Contribution Fund to the General Revenue Fund an amount equal to the amount of that payment to the designated retirement system. Beginning on the effective date of this amendatory Act of the 93rd General Assembly, the transfers from the Pension Contribution Fund to the General Revenue Fund shall be suspended until June 30, 2004, and the remaining balance in the Pension Contribution Fund shall be transferred directly to the designated retirement systems as provided in Section 6z-61 of the State Finance Act. On and after July 1, 2004, in the event that any amount is on deposit in the Pension Contribution Fund from time to time, the Comptroller and Treasurer shall continue to make such transfers based on fiscal year 2005 payments until the entire amount on deposit has been transferred.

(d) All amounts deposited into the Pension Contribution Fund, other than the amounts reserved for the transfers under subsection (c) from the bond sale authorized by Public Act 93-2 and other than amounts deposited into the Pension Contribution Fund from the bond sale authorized by this amendatory Act of the 96th General Assembly, shall be appropriated to the designated retirement systems to reduce their actuarial reserve deficiencies. The amount of the appropriation to each designated retirement system shall constitute a portion of the total appropriation under this subsection that is the same as that retirement system's portion of the total actuarial reserve deficiency of the systems, as most recently determined by the Governor's Office of Management and Budget under Section 8.12 of the State Finance Act.

With respect to proceeds from the bond sale authorized by Public Act 93-2 only, within ~~Within~~ 15 days after any Bond proceeds in excess of the amounts initially reserved under subsection (c) are deposited into the Pension Contribution Fund, the Governor's Office of Management and Budget shall (i) allocate those proceeds among the designated retirement systems in proportion to their respective actuarial reserve deficiencies, as most recently determined under Section 8.12 of the State Finance Act, and (ii) certify those allocations to the designated retirement systems and the Comptroller.

Upon receiving certification of an allocation under this subsection, a designated retirement system shall submit to the Comptroller a voucher for the amount of its allocation. The voucher shall be paid out of the amount appropriated to that designated retirement system from the Pension Contribution Fund pursuant to this subsection.

(30 ILCS 330/9) (from Ch. 127, par. 659)

Sec. 9. Conditions for Issuance and Sale of Bonds - Requirements for Bonds.

(a) Except as otherwise provided in this subsection, Bonds shall be issued and sold from time to time, in one or more series, in such amounts and at such prices as may be directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. Bonds shall be in such form (either coupon, registered or book entry), in such denominations, payable within 25 years from their date, subject to such terms of redemption with or without premium, bear interest payable at

[June 30, 2009]

such times and at such fixed or variable rate or rates, and be dated as shall be fixed and determined by the Director of the Governor's Office of Management and Budget in the order authorizing the issuance and sale of any series of Bonds, which order shall be approved by the Governor and is herein called a "Bond Sale Order"; provided however, that interest payable at fixed or variable rates shall not exceed that permitted in the Bond Authorization Act, as now or hereafter amended. Bonds shall be payable at such place or places, within or without the State of Illinois, and may be made registrable as to either principal or as to both principal and interest, as shall be specified in the Bond Sale Order. Bonds may be callable or subject to purchase and retirement or tender and remarketing as fixed and determined in the Bond Sale Order. Bonds must be issued with principal or mandatory redemption amounts in equal amounts, with the first maturity issued occurring within the fiscal year in which the Bonds are issued or within the next succeeding fiscal year, with Bonds issued maturing or subject to mandatory redemption each fiscal year thereafter up to 25 years. Notwithstanding any provision of this Act to the contrary, the Bonds authorized by this amendatory Act of the 96th General Assembly shall be payable within 5 years from their date and must be issued with principal or mandatory redemption amounts in equal amounts, with payment of principal or mandatory redemption beginning in the first fiscal year following the fiscal year in which the Bonds are issued.

In the case of any series of Bonds bearing interest at a variable interest rate ("Variable Rate Bonds"), in lieu of determining the rate or rates at which such series of Variable Rate Bonds shall bear interest and the price or prices at which such Variable Rate Bonds shall be initially sold or remarketed (in the event of purchase and subsequent resale), the Bond Sale Order may provide that such interest rates and prices may vary from time to time depending on criteria established in such Bond Sale Order, which criteria may include, without limitation, references to indices or variations in interest rates as may, in the judgment of a remarketing agent, be necessary to cause Variable Rate Bonds of such series to be remarketable from time to time at a price equal to their principal amount, and may provide for appointment of a bank, trust company, investment bank, or other financial institution to serve as remarketing agent in that connection. The Bond Sale Order may provide that alternative interest rates or provisions for establishing alternative interest rates, different security or claim priorities, or different call or amortization provisions will apply during such times as Variable Rate Bonds of any series are held by a person providing credit or liquidity enhancement arrangements for such Bonds as authorized in subsection (b) of this Section. The Bond Sale Order may also provide for such variable interest rates to be established pursuant to a process generally known as an auction rate process and may provide for appointment of one or more financial institutions to serve as auction agents and broker-dealers in connection with the establishment of such interest rates and the sale and remarketing of such Bonds.

(b) In connection with the issuance of any series of Bonds, the State may enter into arrangements to provide additional security and liquidity for such Bonds, including, without limitation, bond or interest rate insurance or letters of credit, lines of credit, bond purchase contracts, or other arrangements whereby funds are made available to retire or purchase Bonds, thereby assuring the ability of owners of the Bonds to sell or redeem their Bonds. The State may enter into contracts and may agree to pay fees to persons providing such arrangements, but only under circumstances where the Director of the Governor's Office of Management and Budget certifies that he or she reasonably expects the total interest paid or to be paid on the Bonds, together with the fees for the arrangements (being treated as if interest), would not, taken together, cause the Bonds to bear interest, calculated to their stated maturity, at a rate in excess of the rate that the Bonds would bear in the absence of such arrangements.

The State may, with respect to Bonds issued or anticipated to be issued, participate in and enter into arrangements with respect to interest rate protection or exchange agreements, guarantees, or financial futures contracts for the purpose of limiting, reducing, or managing interest rate exposure. The authority granted under this paragraph, however, shall not increase the principal amount of Bonds authorized to be issued by law. The arrangements may be executed and delivered by the Director of the Governor's Office of Management and Budget on behalf of the State. Net payments for such arrangements shall constitute interest on the Bonds and shall be paid from the General Obligation Bond Retirement and Interest Fund. The Director of the Governor's Office of Management and Budget shall at least annually certify to the Governor and the State Comptroller his or her estimate of the amounts of such net payments to be included in the calculation of interest required to be paid by the State.

(c) Prior to the issuance of any Variable Rate Bonds pursuant to subsection (a), the Director of the Governor's Office of Management and Budget shall adopt an interest rate risk management policy providing that the amount of the State's variable rate exposure with respect to Bonds shall not exceed 20%. This policy shall remain in effect while any Bonds are outstanding and the issuance of Bonds shall be subject to the terms of such policy. The terms of this policy may be amended from time to time by the Director of the Governor's Office of Management and Budget but in no event shall any amendment

cause the permitted level of the State's variable rate exposure with respect to Bonds to exceed 20%. (Source: P.A. 92-16, eff. 6-28-01; 93-9, eff. 6-3-03; 93-666, eff. 3-5-04; 93-839, eff. 7-30-04.)

(30 ILCS 330/11) (from Ch. 127, par. 661)

Sec. 11. Sale of Bonds. Except as otherwise provided in this Section, Bonds shall be sold from time to time pursuant to notice of sale and public bid or by negotiated sale in such amounts and at such times as is directed by the Governor, upon recommendation by the Director of the Governor's Office of Management and Budget. At least 25%, based on total principal amount, of all Bonds issued each fiscal year shall be sold pursuant to notice of sale and public bid. At all times during each fiscal year, no more than 75%, based on total principal amount, of the Bonds issued each fiscal year, shall have been sold by negotiated sale. Failure to satisfy the requirements in the preceding 2 sentences shall not affect the validity of any previously issued Bonds; provided that all Bonds authorized by this amendatory Act of the 96th General Assembly shall not be included in determining compliance for any fiscal year with the requirements of the preceding 2 sentences.

If any Bonds, including refunding Bonds, are to be sold by negotiated sale, the Director of the Governor's Office of Management and Budget shall comply with the competitive request for proposal process set forth in the Illinois Procurement Code and all other applicable requirements of that Code.

If Bonds are to be sold pursuant to notice of sale and public bid, the Director of the Governor's Office of Management and Budget shall, from time to time, as Bonds are to be sold, advertise the sale of the Bonds in at least 2 daily newspapers, one of which is published in the City of Springfield and one in the City of Chicago. The sale of the Bonds shall also be advertised in the volume of the Illinois Procurement Bulletin that is published by the Department of Central Management Services. Each of the advertisements for proposals shall be published once at least 10 days prior to the date fixed for the opening of the bids. The Director of the Governor's Office of Management and Budget may reschedule the date of sale upon the giving of such additional notice as the Director deems adequate to inform prospective bidders of such change; provided, however, that all other conditions of the sale shall continue as originally advertised.

Executed Bonds shall, upon payment therefor, be delivered to the purchaser, and the proceeds of Bonds shall be paid into the State Treasury as directed by Section 12 of this Act.

Section 10. The Illinois Pension Code is amended by changing Sections 2-124, 14-131, 15-155, 16-158, and 18-131 as follows:

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)

Sec. 2-124. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$5,220,300.

For each of State fiscal years 1996 through ~~2009~~ 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State

fiscal year 2010 is \$2,800,000. In addition to the required State contribution, the System shall receive an amount equal to \$7,654,000 of the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less the pro rata share of bond sale expenses determined by the System's share of the total bond proceeds and any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any unexpected gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(40 ILCS 5/14-131) (from Ch. 108 1/2, par. 14-131)

Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for

participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is \$203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is \$344,164,400.

For each of State fiscal years 2008 through ~~2009~~ 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State General Revenue Fund contribution for State fiscal year 2010 is \$289,677,100. In addition to the required State General Revenue Fund contribution, the System shall receive an amount equal to \$434,026,000 of the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less the pro rata share of bond sale expenses determined by the System's share of the total bond proceeds and any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in

this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(g) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any unexpected gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$252,064,100.

For each of State fiscal years 2008 through ~~2009~~ 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is \$295,604,000. In addition to the required State contribution, the System shall receive an amount equal to \$406,910,000 of the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less the pro rata share of bond sale expenses determined by the System's share of the total bond proceeds and any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community

College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings, determined on a full-time equivalent basis, exceeds the amount of his or her earnings with the same employer for the previous academic year, determined on a full-time equivalent basis, by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The System may require the employer to provide any pertinent information or documentation.

Whenever it determines that a payment is or may be required under this subsection (g), the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (h) or (i) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of subsection (h) or (i). Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(h) This subsection (h) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases paid to a participant at a time when the participant is 10 or more years from retirement eligibility under Section 15-135.

When assessing payment for any amount due under subsection (g), the System shall exclude earnings increases resulting from overload work, including a contract for summer teaching, or overtime when the employer has certified to the System, and the System has approved the certification, that: (i) in the case of overloads (A) the overload work is for the sole purpose of academic instruction in excess of the standard number of instruction hours for a full-time employee occurring during the academic year that the overload is paid and (B) the earnings increases are equal to or less than the rate of pay for academic instruction computed using the participant's current salary rate and work schedule; and (ii) in the case of overtime, the overtime was necessary for the educational mission.

When assessing payment for any amount due under subsection (g), the System shall exclude any earnings increase resulting from (i) a promotion for which the employee moves from one classification to a higher classification under the State Universities Civil Service System, (ii) a promotion in academic rank for a tenured or tenure-track faculty position, or (iii) a promotion that the Illinois Community College Board has recommended in accordance with subsection (k) of this Section. These earnings increases shall be excluded only if the promotion is to a position that has existed and been filled by a member for no less than one complete academic year and the earnings increase as a result of the promotion is an increase that results in an amount no greater than the average salary paid for other

similar positions.

(i) When assessing payment for any amount due under subsection (g), the System shall exclude any salary increase described in subsection (h) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (g) of this Section.

(j) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

- (1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
- (2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
- (3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
- (4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(k) The Illinois Community College Board shall adopt rules for recommending lists of promotional positions submitted to the Board by community colleges and for reviewing the promotional lists on an annual basis. When recommending promotional lists, the Board shall consider the similarity of the positions submitted to those positions recognized for State universities by the State Universities Civil Service System. The Illinois Community College Board shall file a copy of its findings with the System. The System shall consider the findings of the Illinois Community College Board when making determinations under this Section. The System shall not exclude any earnings increases resulting from a promotion when the promotion was not submitted by a community college. Nothing in this subsection (k) shall require any community college to submit any information to the Community College Board.

(l) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any unexpected gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

(40 ILCS 5/16-158) (from Ch. 108 1/2, par. 16-158)

Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may

[June 30, 2009]

be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a), and notwithstanding any contrary certification made under subsection (a-1) before the effective date of this amendatory Act of 1998: 10.02% in FY 1999; 10.77% in FY 2000; 11.47% in FY 2001; 12.16% in FY 2002; 12.86% in FY 2003; and 13.56% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$738,014,500.

For each of State fiscal years 2008 through ~~2009~~ 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is \$749,477,000. In addition to the required State contribution, the System shall receive an amount equal to \$1,339,791,000 of the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less the pro rata share of bond sale expenses determined by the System's share of the total bond proceeds and any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not

received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the member's annual full-time salary rate with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present

value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. If a teacher's salary for the 2005-2006 school year is used to determine final average salary under this subsection (f), then the changes made to this subsection (f) by Public Act 94-1057 shall apply in calculating whether the increase in his or her salary is in excess of 6%. For the purposes of this Section, change in employment under Section 10-21.12 of the School Code on or after June 1, 2005 shall constitute a change in employer. The System may require the employer to provide any pertinent information or documentation. The changes made to this subsection (f) by this amendatory Act of the 94th General Assembly apply without regard to whether the teacher was in service on or after its effective date.

Whenever it determines that a payment is or may be required under this subsection, the System shall calculate the amount of the payment and bill the employer for that amount. The bill shall specify the calculations used to determine the amount due. If the employer disputes the amount of the bill, it may, within 30 days after receipt of the bill, apply to the System in writing for a recalculation. The application must specify in detail the grounds of the dispute and, if the employer asserts that the calculation is subject to subsection (g) or (h) of this Section, must include an affidavit setting forth and attesting to all facts within the employer's knowledge that are pertinent to the applicability of that subsection. Upon receiving a timely application for recalculation, the System shall review the application and, if appropriate, recalculate the amount due.

The employer contributions required under this subsection (f) may be paid in the form of a lump sum within 90 days after receipt of the bill. If the employer contributions are not paid within 90 days after receipt of the bill, then interest will be charged at a rate equal to the System's annual actuarially assumed rate of return on investment compounded annually from the 91st day after receipt of the bill. Payments must be concluded within 3 years after the employer's receipt of the bill.

(g) This subsection (g) applies only to payments made or salary increases given on or after June 1, 2005 but before July 1, 2011. The changes made by Public Act 94-1057 shall not require the System to refund any payments received before July 31, 2006 (the effective date of Public Act 94-1057).

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before June 1, 2005.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases paid to a teacher at a time when the teacher is 10 or more years from retirement eligibility under Section 16-132 or 16-133.2.

When assessing payment for any amount due under subsection (f), the System shall exclude salary increases resulting from overload work, including summer school, when the school district has certified to the System, and the System has approved the certification, that (i) the overload work is for the sole purpose of classroom instruction in excess of the standard number of classes for a full-time teacher in a school district during a school year and (ii) the salary increases are equal to or less than the rate of pay for classroom instruction computed on the teacher's current salary and work schedule.

When assessing payment for any amount due under subsection (f), the System shall exclude a salary increase resulting from a promotion (i) for which the employee is required to hold a certificate or supervisory endorsement issued by the State Teacher Certification Board that is a different certification or supervisory endorsement than is required for the teacher's previous position and (ii) to a position that has existed and been filled by a member for no less than one complete academic year and the salary increase from the promotion is an increase that results in an amount no greater than the lesser of the average salary paid for other similar positions in the district requiring the same certification or the amount stipulated in the collective bargaining agreement for a similar position requiring the same certification.

When assessing payment for any amount due under subsection (f), the System shall exclude any payment to the teacher from the State of Illinois or the State Board of Education over which the employer does not have discretion, notwithstanding that the payment is included in the computation of final average salary.

(h) When assessing payment for any amount due under subsection (f), the System shall exclude any salary increase described in subsection (g) of this Section given on or after July 1, 2011 but before July 1, 2014 under a contract or collective bargaining agreement entered into, amended, or renewed on or after June 1, 2005 but before July 1, 2011. Notwithstanding any other provision of this Section, any payments made or salary increases given after June 30, 2014 shall be used in assessing payment for any amount due under subsection (f) of this Section.

(i) The System shall prepare a report and file copies of the report with the Governor and the General Assembly by January 1, 2007 that contains all of the following information:

- (1) The number of recalculations required by the changes made to this Section by Public Act 94-1057 for each employer.
- (2) The dollar amount by which each employer's contribution to the System was changed due to recalculations required by Public Act 94-1057.
- (3) The total amount the System received from each employer as a result of the changes made to this Section by Public Act 94-4.
- (4) The increase in the required State contribution resulting from the changes made to this Section by Public Act 94-1057.

(j) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any unexpected gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

Sec. 18-131. Financing; employer contributions.

(a) The State of Illinois shall make contributions to this System by appropriations of the amounts which, together with the contributions of participants, net earnings on investments, and other income, will meet the costs of maintaining and administering this System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$29,189,400.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$35,236,800.

For each of State fiscal years 2008 through ~~2009~~ 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2010 is \$37,925,000. In addition to the required State contribution, the System shall receive an amount equal to \$40,907,000 of the proceeds of bonds sold in fiscal year 2010 pursuant to Section 7.2 of the General Obligation Bond Act, less the pro rata share of bond sale expenses determined by the System's share of the total bond proceeds and any reduction in bond proceeds due to the issuance of discounted bonds, if applicable.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act or Section 8.12 of the State Finance Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in

[June 30, 2009]

this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 18-140, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(d) For purposes of determining the required State contribution to the System, the value of the System's assets shall be equal to the actuarial value of the System's assets, which shall be calculated as follows:

As of June 30, 2008, the actuarial value of the System's assets shall be equal to the market value of the assets as of that date. In determining the actuarial value of the System's assets for fiscal years after June 30, 2008, any unexpected gains or losses from investment return incurred in a fiscal year shall be recognized in equal annual amounts over the 5-year period following that fiscal year.

Section 15. The State Pension Funds Continuing Appropriation Act is amended by changing Sections 1.1 and 1.2 as follows:

(40 ILCS 15/1.1)

Sec. 1.1. Appropriations to certain retirement systems.

(a) There is hereby appropriated from the General Revenue Fund to the General Assembly Retirement System, on a continuing monthly basis, the amount, if any, by which the total available amount of all other appropriations to that retirement system for the payment of State contributions is less than the total amount of the vouchers for required State contributions lawfully submitted by the retirement system for that month under Section 2-134 of the Illinois Pension Code.

(b) There is hereby appropriated from the General Revenue Fund to the State Universities Retirement System, on a continuing monthly basis, the amount, if any, by which the total available amount of all other appropriations to that retirement system for the payment of State contributions, including any deficiency in the required contributions of the optional retirement program established under Section 15-158.2 of the Illinois Pension Code, is less than the total amount of the vouchers for required State contributions lawfully submitted by the retirement system for that month under Section 15-165 of the Illinois Pension Code.

(c) There is hereby appropriated from the Common School Fund to the Teachers' Retirement System of the State of Illinois, on a continuing monthly basis, the amount, if any, by which the total available amount of all other appropriations to that retirement system for the payment of State contributions is less than the total amount of the vouchers for required State contributions lawfully submitted by the retirement system for that month under Section 16-158 of the Illinois Pension Code.

(d) There is hereby appropriated from the General Revenue Fund to the Judges Retirement System of Illinois, on a continuing monthly basis, the amount, if any, by which the total available amount of all other appropriations to that retirement system for the payment of State contributions is less than the total amount of the vouchers for required State contributions lawfully submitted by the retirement system for that month under Section 18-140 of the Illinois Pension Code.

(e) The continuing appropriations provided by this Section shall first be available in State fiscal year 1996.

(f) For State fiscal year 2010 only, the continuing appropriations provided by this Section shall not exceed the required State contributions provided in Sections 2-124, 15-155, 16-158, and 18-131.

(Source: P.A. 90-448, eff. 8-16-97.)

(40 ILCS 15/1.2)

Sec. 1.2. Appropriations for the State Employees' Retirement System.

(a) From each fund from which an amount is appropriated for personal services to a department or

other employer under Article 14 of the Illinois Pension Code, there is hereby appropriated to that department or other employer, on a continuing annual basis for each State fiscal year, an additional amount equal to the amount, if any, by which (1) an amount equal to the percentage of the personal services line item for that department or employer from that fund for that fiscal year that the Board of Trustees of the State Employees' Retirement System of Illinois has certified under Section 14-135.08 of the Illinois Pension Code to be necessary to meet the State's obligation under Section 14-131 of the Illinois Pension Code for that fiscal year, exceeds (2) the amounts otherwise appropriated to that department or employer from that fund for State contributions to the State Employees' Retirement System for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the final payment from a department or employer's personal services line item for fiscal year 2004, payments to the State Employees' Retirement System that otherwise would have been made under this subsection (a) shall be governed by the provisions in subsection (a-1).

(a-1) If a Fiscal Year 2004 Shortfall is certified under subsection (f) of Section 14-131 of the Illinois Pension Code, there is hereby appropriated to the State Employees' Retirement System of Illinois on a continuing basis from the General Revenue Fund an additional aggregate amount equal to the Fiscal Year 2004 Shortfall.

(b) The continuing appropriations provided for by this Section shall first be available in State fiscal year 1996.

(c) Beginning in Fiscal Year 2005, any continuing appropriation under this Section arising out of an appropriation for personal services from the Road Fund to the Department of State Police or the Secretary of State shall be payable from the General Revenue Fund rather than the Road Fund.

(d) For State fiscal year 2010 only, the continuing appropriations provided by this Section shall not exceed the required State General Revenue Fund contribution provided in Section 14-131.

AMENDMENT NO. 3 TO SENATE BILL 415

AMENDMENT NO. 3. Amend Senate Bill 415, AS AMENDED, with reference to page and line numbers of House Amendment No. 2, on page 54, by replacing lines 13 through 16 with the following:

"(f) For State fiscal year 2010 only, the continuing appropriations provided by this Section are equal to the amount certified by each System on or before December 31, 2008, less the gross proceeds of the bonds sold in fiscal year 2010 under the authorization contained in subsection (a) of Section 7.2 of the General Obligation Bond Act."; and

on page 56, by replacing lines 6 through 9 with the following:

"(d) For State fiscal year 2010 only, the continuing appropriation provided by this Section is equal to the amount certified by the System on or before December 31, 2008, less the gross proceeds of the bonds sold in fiscal year 2010 under the authorization contained in subsection (a) of Section 7.2 of the General Obligation Bond Act.";

AMENDMENT NO. 4 TO SENATE BILL 415

AMENDMENT NO. 4. Amend Senate Bill 415, AS AMENDED, by inserting the following immediately below the enacting clause:

"Section 1. Legislative intention; assist our most vulnerable citizens. It is the intention of the General Assembly in enacting this legislation that, by applying the net proceeds of the sale of general obligation bonds in the amount of \$2,230,000,000 authorized by this amendatory Act of the 96th General Assembly to fund pension obligations of the State, an equivalent amount will be made available for the State's operational expenses in these times of fiscal crisis to help fund programs and services provided by community-based human service providers to ensure that we continue assisting the most vulnerable of our citizens."

Under the rules, the foregoing **Senate Bill No. 415**, with House Amendments numbered 2, 3 and 4, was referred to the Secretary's Desk.

[June 30, 2009]

Passed the House, as amended, June 30, 2009.

MARK MAHONEY, Clerk of the House

AMENDMENT NO. 1 TO SENATE BILL 349

AMENDMENT NO. 1. Amend Senate Bill 349 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Video Gaming Act.

Section 5. Definitions. As used in this Act:

"Board" means the Illinois Gaming Board.

"Credit" means 5, 10, or 25 cents either won or purchased by a player.

"Distributor" means an individual, partnership, or corporation licensed under this Act to buy, sell, lease, or distribute video gaming terminals or major components or parts of video gaming terminals to or from terminal operators.

"Terminal operator" means an individual, partnership or corporation that is licensed under this Act and that owns, services, and maintains video gaming terminals for placement in licensed establishments, licensed fraternal establishments, or licensed veterans establishments.

"Licensed technician" means an individual who is licensed under this Act to repair, service, and maintain video gaming terminals.

"Manufacturer" means an individual, partnership, or corporation that is licensed under this Act and that manufactures or assembles video gaming terminals.

"Supplier" means an individual, partnership, or corporation that is licensed under this Act to supply major components or parts to video gaming terminals to licensed terminal operators.

"Net terminal income" means money put into a video gaming terminal minus credits paid out to players.

"Video gaming terminal" means any electronic video game machine that, upon insertion of cash, is available to play or simulate the play of a video game, including but not limited to video poker, line up, and blackjack, authorized by the Board utilizing a video display and microprocessors in which the player may receive free games or credits that can be redeemed for cash. The term does not include a machine that directly dispenses coins, cash, or tokens or is for amusement purposes only.

"Licensed establishment" means any licensed retail establishment where alcoholic liquor is drawn, poured, mixed, or otherwise served for consumption on the premises. "Licensed establishment" does not include a facility operated by an organization licensee, an intertrack wagering licensee, or an intertrack wagering location licensee licensed under the Illinois Horse Racing Act of 1975 or a riverboat licensed under the Riverboat Gambling Act.

"Licensed fraternal establishment" means the location where a qualified fraternal organization that derives its charter from a national fraternal organization regularly meets.

"Licensed veterans establishment" means the location where a qualified veterans organization that derives its charter from a national veterans organization regularly meets.

"Licensed truck stop establishment" means a facility that is at least a 3-acre facility with a convenience store and with separate diesel islands for fueling commercial motor vehicles and parking spaces for commercial motor vehicles as defined in Section 18b-101 of the Illinois Vehicle Code.

Section 15. Minimum requirements for licensing and registration. Every video gaming terminal offered for play shall first be tested and approved pursuant to the rules of the Board, and each video gaming terminal offered in this State for play shall conform to an approved model. The Board may contract with an independent outside vendor for the examination of video gaming machines and associated equipment as required by this Section. Each approved model shall, at a minimum, meet the following criteria:

(1) It must conform to all requirements of federal law and regulations, including FCC Class A Emissions Standards.

(2) It must theoretically pay out a mathematically demonstrable percentage during the expected lifetime of the machine of all amounts played, which must not be less than 80%. Video gaming terminals that may be affected by skill must meet this standard when using a method of play that will provide the greatest return to the player over a period of continuous play.

(3) It must use a random selection process to determine the outcome of each play of a game. The random selection process must meet 99% confidence limits using a standard chi-squared

[June 30, 2009]

test for (randomness) goodness of fit.

(4) It must display an accurate representation of the game outcome.

(5) It must not automatically alter pay tables or any function of the video gaming terminal based on internal computation of hold percentage or have any means of manipulation that affects the random selection process or probabilities of winning a game.

(6) It must not be adversely affected by static discharge or other electromagnetic interference.

(7) It must be capable of detecting and displaying the following conditions during idle states or on demand: power reset; door open; and door just closed.

(8) It must have the capacity to display complete play history (outcome, intermediate play steps, credits available, bets placed, credits paid, and credits cashed out) for the most recent game played and 10 games prior thereto.

(9) The theoretical payback percentage of a video gaming terminal must not be capable of being changed without making a hardware or software change in the video gaming terminal.

(10) Video gaming terminals must be designed so that replacement of parts or modules required for normal maintenance does not necessitate replacement of the electromechanical meters.

(11) It must have nonresettable meters housed in a locked area of the terminal that keep a permanent record of all cash inserted into the machine, all winnings made by the terminal printer, credits played in for video gaming terminals, and credits won by video gaming players. The video gaming terminal must provide the means for on-demand display of stored information as determined by the Board.

(12) Electronically stored meter information required by this Section must be preserved for a minimum of 180 days after a power loss to the service.

(13) It must have one or more mechanisms that accept coins or cash in the form of bills. The mechanisms shall be designed to prevent obtaining credits without paying by stringing, slamming, drilling, or other means.

(14) It shall have accounting software that keeps an electronic record which includes, but is not limited to, the following: total cash inserted into the video gaming terminal; the value of winning tickets claimed by players; the total credits played; and the total credits awarded by a video gaming terminal.

(15) It shall be linked by a central communications system to provide auditing program information as approved by the Board. In no event may the communications system approved by the Board limit participation to only one manufacturer of video gaming terminals by either the cost in implementing the necessary program modifications to communicate or the inability to communicate with the central communications system.

(16) It shall be able to receive and broadcast amber alert messages.

Section 20. Direct dispensing of receipt tickets only. A video gaming terminal may not directly dispense coins, cash, tokens, or any other article of exchange or value except for receipt tickets. Tickets shall be dispensed by pressing the ticket dispensing button on the video gaming terminal at the end of one's turn or play. The ticket shall indicate the total amount of credits and the cash award, the time of day in a 24-hour format showing hours and minutes, the date, the terminal serial number, the sequential number of the ticket, and an encrypted validation number from which the validity of the prize may be determined. The player shall turn in this ticket to the appropriate person at the licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment to receive the cash award. The cost of the credit shall be 5 cents, 10 cents, or 25 cents, and the maximum wager played per hand shall not exceed \$2. No cash award for the maximum wager on any individual hand shall exceed \$500.

Section 25. Restriction of licensees.

(a) Manufacturer. A person may not be licensed as a manufacturer of a video gaming terminal in Illinois unless the person has a valid manufacturer's license issued under this Act. A manufacturer may only sell video gaming terminals for use in Illinois to persons having a valid distributor's license.

(b) Distributor. A person may not sell, distribute, lease, or market a video gaming terminal in Illinois unless the person has a valid distributor's license issued under this Act. A distributor may only sell video gaming terminals for use in Illinois to persons having a valid distributor's or terminal operator's license.

(c) Terminal operator. A person may not own, maintain, or place a video gaming terminal unless he has a valid terminal operator's license issued under this Act. A terminal operator may only place video gaming terminals for use in Illinois in licensed establishments, licensed truck stop establishments,

licensed fraternal establishments, and licensed veterans establishments. No terminal operator may give anything of value, including but not limited to a loan or financing arrangement, to a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment as any incentive or inducement to locate video terminals in that establishment. Of the after-tax profits from a video gaming terminal, 50% shall be paid to the terminal operator and 50% shall be paid to the licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment. A terminal operator shall be entitled to access all information recorded by the operator's machines. No terminal operator may own or have a substantial interest in more than 5% of the video gaming terminals licensed in this State.

(d) Licensed technician. A person may not service, maintain, or repair a video gaming terminal in this State unless he or she (1) has a valid technician's license issued under this Act, (2) is a terminal operator, or (3) is employed by a terminal operator, distributor, or manufacturer.

(e) Licensed establishment. Except for a facility operated by an organization licensee, an intertrack wagering licensee, or an intertrack wagering location licensee licensed under the Illinois Horse Racing Act of 1975 or a riverboat licensed under the Riverboat Gambling Act, a valid liquor license shall be prima facie evidence of compliance with the licensing requirements of this Act to operate video gaming terminals. No video gaming terminal may be placed in any licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment unless the owner or agent of the owner of the licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment has entered into a written use agreement with the terminal operator for placement of the terminals. A copy of the use agreement shall be on file in the terminal operator's place of business and available for inspection by individuals authorized by the Board. A licensed establishment may operate up to 3 video gaming terminals on its premises at any time. A licensed truck stop establishment, licensed veterans establishment, or licensed fraternal establishment may operate up to 5 video gaming terminals on its premises at any time.

(f) Residency requirement. Each licensed distributor and terminal operator must be an Illinois resident. However, if an out of state distributor or terminal operator has performed its respective business within Illinois for at least 48 months prior to the effective date of this Act, the out of state person may be eligible for licensing under this Act, upon application to and approval of the Board.

(g) Financial interest restrictions. As used in this Act, "substantial interest" in a partnership, corporation, organization, association, or business means:

(A) When, with respect to a sole proprietorship, an individual or his or her spouse owns, operates, manages, or conducts, directly or indirectly, the organization, association, or business, or any part thereof; or

(B) When, with respect to a partnership, the individual or his or her spouse shares in any of the profits, or potential profits, of the partnership activities; or

(C) When, with respect to a corporation, an individual or his or her spouse is an officer or director, or the individual or his or her marital community is a holder, directly or beneficially, of 5% or more of any class of stock of the corporation; or

(D) When, with respect to an organization not covered in (A), (B) or (C) above, an individual or his or her spouse is an officer or manages the business affairs, or the individual or his or her spouse is the owner of or otherwise controls 10% or more of the assets of the organization; or

(E) When an individual or his or her spouse furnishes 5% or more of the capital, whether in cash, goods, or services, for the operation of any business, association, or organization during any calendar year.

(h) Location restriction. A licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that is located within 1,000 feet of a facility operated by an organizational licensee, an intertrack wagering licensee, or an intertrack wagering location licensee licensed under the Illinois Horse Racing Act of 1975, the home dock of a riverboat licensed under the Riverboat Gambling Act, a school, or a church is ineligible to operate a video gaming terminal.

Section 27. Prohibition of video gaming by political subdivision. A municipality may pass an ordinance prohibiting video gaming within the corporate limits of the municipality. A county board may, for the unincorporated area of the county, pass an ordinance prohibiting video gaming within the unincorporated area of the county.

Section 30. Multiple types of licenses prohibited. A video gaming terminal manufacturer may not be licensed as a video gaming terminal distributor or operator or own, manage, or control a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans

establishment, and shall be licensed only to sell to distributors. A video gaming terminal distributor may not be licensed as a video gaming terminal manufacturer or operator or own, manage, or control a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, and shall only contract with a licensed terminal operator. A video gaming terminal operator may not be licensed as a video gaming terminal manufacturer or distributor or own, manage, or control a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, and shall be licensed only to contract with licensed distributors and licensed establishments, licensed truck stop establishments, licensed fraternal establishments, and licensed veterans establishments. An owner or manager of a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment may not be licensed as a video gaming terminal manufacturer, distributor, or operator, and shall only contract with a licensed operator to place and service this equipment.

Section 35. Display of license; confiscation; violation as felony. Each video gaming terminal shall be licensed by the Board before placement or operation on the premises of a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment. The license of each video gaming terminal shall be maintained at the location where the video gaming terminal is operated. Failure to do so is a petty offense with a fine not to exceed \$100. Any licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment used for the conduct of gambling games in violation of this Act shall be considered a gambling place in violation of Section 28-3 of the Criminal Code of 1961. Every gambling device found in a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment operating gambling games in violation of this Act shall be subject to seizure, confiscation, and destruction as provided in Section 28-5 of the Criminal Code of 1961. Any license issued under the Liquor Control Act of 1934 to any owner or operator of a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that operates or permits the operation of a video gaming terminal within its establishment in violation of this Act shall be immediately revoked. No person may own, operate, have in his or her possession or custody or under his or her control, or permit to be kept in any place under his or her possession or control, any device that awards credits and contains a circuit, meter, or switch capable of removing and recording the removal of credits when the award of credits is dependent upon chance. A violation of this Section is a Class 4 felony. All devices that are owned, operated, or possessed in violation of this Section are hereby declared to be public nuisances and shall be subject to seizure, confiscation, and destruction as provided in Section 28-5 of the Criminal Code of 1961. The provisions of this Section do not apply to devices or electronic video game terminals licensed pursuant to this Act.

Section 40. Video gaming terminal use by minors prohibited. No licensee shall cause or permit any person under the age of 21 years to use or play a video gaming terminal. Any licensee who knowingly permits a person under the age of 21 years to use or play a video gaming terminal is guilty of a business offense and shall be fined an amount not to exceed \$5,000.

Section 45. Issuance of license.

(a) The burden is upon each applicant to demonstrate his suitability for licensure. Each video gaming terminal manufacturer, distributor, operator, licensed establishment, licensed truck stop establishment, licensed fraternal establishment, and licensed veterans establishment shall be licensed by the Board. The Board may not issue a license under this Act to any person who, within 10 years of the date of the application, has been convicted of a felony under the laws of this State, any other state, or the United States, or to any firm or corporation in which such a person is an officer, director, or managerial employee.

(b) A non-refundable application fee shall be paid at the time an application for a license is filed with the Board in the following amounts:

- (1) Manufacturer.....\$5,000
- (2) Distributor.....\$5,000
- (3) Terminal operator.....\$5,000
- (4) Supplier.....\$2,500
- (5) Technician.....\$100

(c) Any application not approved within 90 days of receipt by the Board shall be deemed approved.

(d) Each licensed distributor, terminal operator, or person with a substantial interest in a distributor or terminal operator must have resided in Illinois for at least 24 months prior to application unless he or she

has performed his or her respective business in Illinois for at least 48 months prior to the effective date of this Act.

The Board shall establish an annual fee for each license not to exceed the following:

(1) Manufacturer.....	\$10,000
(2) Distributor.....	\$10,000
(3) Terminal operator.....	\$5,000
(4) Supplier.....	\$2,000
(5) Technician.....	\$100
(6) Licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment.....	\$100
(7) Video gaming terminal.....	\$100

Section 50. Distribution of license fees.

(a) All fees collected under Section 45 shall be deposited in the State Gaming Fund.

(b) Fees collected under Section 45 shall be used as follows:

(1) Twenty-five percent shall be paid to programs for the treatment of compulsive gambling.

(2) Seventy-five percent shall be used for the administration of this Act.

(c) All licenses issued by the Board under this Act are renewable annually unless sooner cancelled or terminated. No license issued under this Act is transferable or assignable.

Section 55. Precondition for licensed establishment. In all cases of application for a licensed establishment, to operate a video gaming terminal, each licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment shall possess a valid liquor license issued by the Illinois Liquor Control Commission in effect at the time of application and at all times thereafter during which a video gaming terminal is made available to the public for play at that location.

Section 57. Insurance. Each licensed establishment, licensed truck stop establishment, licensed fraternal establishment, and licensed veterans establishment shall maintain insurance on any gaming device on its premises in an amount set by the Board.

Section 58. Location of terminals. Video gaming terminals must be located in an area restricted to persons over 21 years of age the entrance to which is within the view of at least one employee of the establishment in which they are located who is over 21 years of age.

Section 60. Imposition and distribution of tax.

(a) A tax of 25% is imposed on net terminal income and shall be collected by the Board.

(b) Of the tax collected under this Section, four-fifths shall be deposited into the School Infrastructure Fund and one-fifth shall be deposited into the Local Government Video Gaming Distributive Fund. Deposits into the School Infrastructure Fund pursuant to this Section shall be allocated in accordance with the provisions of the School Construction Law.

(c) Revenues generated from the play of video gaming terminals shall be deposited by the terminal operator, who is responsible for tax payments, in a specially created, separate bank account maintained by the video gaming terminal operator to allow for electronic fund transfers of moneys for tax payment.

(d) Each licensed establishment, licensed truck stop establishment, licensed fraternal establishment, and licensed veterans establishment shall maintain an adequate video gaming fund, with the amount to be determined by the Board.

Section 65. Fees. A non-home rule unit of government may not impose any fee for the operation of a video gaming terminal in excess of \$25 per year.

Section 70. Referendum. Upon the filing in the office of the clerk, at least 90 days before an election in any municipality or county, as the case may be, of a petition directed to such clerk, containing the signatures of not less than 25% of the legal voters of that municipality or county, the clerk shall certify such proposition to the proper election officials, who shall submit the proposition at such election to the voters of such municipality or county. The proposition shall be in the following form:

 Shall video gaming YES

[June 30, 2009]

be prohibited in

.....?

NO

 If a majority of the voters voting upon such last mentioned proposition in any municipality or county vote "YES", such video gaming shall be prohibited in such municipality or county. The petition mentioned in this Section shall be a public document and shall be subject to inspection by the public.

Section 75. Revenue sharing; Local Government Video Gaming Distributive Fund.

(a) As soon as may be practical after the first day of each month, the Department of Revenue shall allocate among those municipalities and counties of this State that have not prohibited video gaming pursuant to Section 27 the amount available in the Local Government Video Gaming Distributive Fund, a special fund in the State Treasury, as provided in Section 60. The Department shall then certify such allocations to the State Comptroller, who shall pay over to those eligible municipalities and counties the respective amounts allocated to them. The amount of such funds allocable to each such municipality and county shall be in proportion to the tax revenue generated from video gaming within the eligible municipality or county compared to the tax revenue generated from video gaming Statewide.

(b) The amounts allocated and paid to a municipality or county of this State pursuant to the provisions of this Section may be used for any general corporate purpose authorized for that municipality or county.

(c) Upon determination by the Department that an amount has been paid pursuant to this Section in excess of the amount to which the county or municipality receiving such payment was entitled, the county or municipality shall, upon demand by the Department, repay such amount. If such repayment is not made within a reasonable time, the Department shall withhold from future payments an amount equal to such overpayment. The Department shall redistribute the amount of such payment to the county or municipality entitled thereto.

Section 185. The Riverboat Gambling Act is amended by changing Section 5 as follows:

(230 ILCS 10/5) (from Ch. 120, par. 2405)

Sec. 5. Gaming Board.

(a) (1) There is hereby established within the Department of Revenue an Illinois Gaming Board which shall have the powers and duties specified in this Act, and all other powers necessary and proper to fully and effectively execute this Act for the purpose of administering, regulating, and enforcing the system of riverboat gambling established by this Act. Its jurisdiction shall extend under this Act to every person, association, corporation, partnership and trust involved in riverboat gambling operations in the State of Illinois.

(2) The Board shall consist of 5 members to be appointed by the Governor with the advice and consent of the Senate, one of whom shall be designated by the Governor to be chairman. Each member shall have a reasonable knowledge of the practice, procedure and principles of gambling operations. Each member shall either be a resident of Illinois or shall certify that he will become a resident of Illinois before taking office. At least one member shall be experienced in law enforcement and criminal investigation, at least one member shall be a certified public accountant experienced in accounting and auditing, and at least one member shall be a lawyer licensed to practice law in Illinois.

(3) The terms of office of the Board members shall be 3 years, except that the terms of office of the initial Board members appointed pursuant to this Act will commence from the effective date of this Act and run as follows: one for a term ending July 1, 1991, 2 for a term ending July 1, 1992, and 2 for a term ending July 1, 1993. Upon the expiration of the foregoing terms, the successors of such members shall serve a term for 3 years and until their successors are appointed and qualified for like terms. Vacancies in the Board shall be filled for the unexpired term in like manner as original appointments. Each member of the Board shall be eligible for reappointment at the discretion of the Governor with the advice and consent of the Senate.

(4) Each member of the Board shall receive \$300 for each day the Board meets and for each day the member conducts any hearing pursuant to this Act. Each member of the Board shall also be reimbursed for all actual and necessary expenses and disbursements incurred in the execution of official duties.

(5) No person shall be appointed a member of the Board or continue to be a member of the Board who is, or whose spouse, child or parent is, a member of the board of directors of, or a person financially interested in, any gambling operation subject to the jurisdiction of this Board, or any race track, race meeting, racing association or the operations thereof subject to the jurisdiction of the Illinois Racing Board. No Board member shall hold any other public office for which he shall receive compensation other than necessary travel or other incidental expenses. No person shall be a member of the Board who is not of good moral character or who has been convicted of, or is under indictment for, a felony under

the laws of Illinois or any other state, or the United States.

(6) Any member of the Board may be removed by the Governor for neglect of duty, misfeasance, malfeasance, or nonfeasance in office.

(7) Before entering upon the discharge of the duties of his office, each member of the Board shall take an oath that he will faithfully execute the duties of his office according to the laws of the State and the rules and regulations adopted therewith and shall give bond to the State of Illinois, approved by the Governor, in the sum of \$25,000. Every such bond, when duly executed and approved, shall be recorded in the office of the Secretary of State. Whenever the Governor determines that the bond of any member of the Board has become or is likely to become invalid or insufficient, he shall require such member forthwith to renew his bond, which is to be approved by the Governor. Any member of the Board who fails to take oath and give bond within 30 days from the date of his appointment, or who fails to renew his bond within 30 days after it is demanded by the Governor, shall be guilty of neglect of duty and may be removed by the Governor. The cost of any bond given by any member of the Board under this Section shall be taken to be a part of the necessary expenses of the Board.

(8) Upon the request of the Board, the Department shall employ such personnel as may be necessary to carry out the functions of the Board. No person shall be employed to serve the Board who is, or whose spouse, parent or child is, an official of, or has a financial interest in or financial relation with, any operator engaged in gambling operations within this State or any organization engaged in conducting horse racing within this State. Any employee violating these prohibitions shall be subject to termination of employment.

(9) An Administrator shall perform any and all duties that the Board shall assign him. The salary of the Administrator shall be determined by the Board and approved by the Director of the Department and, in addition, he shall be reimbursed for all actual and necessary expenses incurred by him in discharge of his official duties. The Administrator shall keep records of all proceedings of the Board and shall preserve all records, books, documents and other papers belonging to the Board or entrusted to its care. The Administrator shall devote his full time to the duties of the office and shall not hold any other office or employment.

(b) The Board shall have general responsibility for the implementation of this Act. Its duties include, without limitation, the following:

(1) To decide promptly and in reasonable order all license applications. Any party aggrieved by an action of the Board denying, suspending, revoking, restricting or refusing to renew a license may request a hearing before the Board. A request for a hearing must be made to the Board in writing within 5 days after service of notice of the action of the Board. Notice of the action of the Board shall be served either by personal delivery or by certified mail, postage prepaid, to the aggrieved party. Notice served by certified mail shall be deemed complete on the business day following the date of such mailing. The Board shall conduct all requested hearings promptly and in reasonable order;

(2) To conduct all hearings pertaining to civil violations of this Act or rules and regulations promulgated hereunder;

(3) To promulgate such rules and regulations as in its judgment may be necessary to protect or enhance the credibility and integrity of gambling operations authorized by this Act and the regulatory process hereunder;

(4) To provide for the establishment and collection of all license and registration fees and taxes imposed by this Act and the rules and regulations issued pursuant hereto. All such fees and taxes shall be deposited into the State Gaming Fund;

(5) To provide for the levy and collection of penalties and fines for the violation of provisions of this Act and the rules and regulations promulgated hereunder. All such fines and penalties shall be deposited into the Education Assistance Fund, created by Public Act 86-0018, of the State of Illinois;

(6) To be present through its inspectors and agents any time gambling operations are conducted on any riverboat for the purpose of certifying the revenue thereof, receiving complaints from the public, and conducting such other investigations into the conduct of the gambling games and the maintenance of the equipment as from time to time the Board may deem necessary and proper;

(7) To review and rule upon any complaint by a licensee regarding any investigative procedures of the State which are unnecessarily disruptive of gambling operations. The need to inspect and investigate shall be presumed at all times. The disruption of a licensee's operations shall be proved by clear and convincing evidence, and establish that: (A) the procedures had no reasonable law enforcement purposes, and (B) the procedures were so disruptive as to unreasonably inhibit gambling operations;

(8) To hold at least one meeting each quarter of the fiscal year. In addition, special meetings may be called by the Chairman or any 2 Board members upon 72 hours written notice to each member. All Board meetings shall be subject to the Open Meetings Act. Three members of the Board shall constitute a quorum, and 3 votes shall be required for any final determination by the Board. The Board shall keep a complete and accurate record of all its meetings. A majority of the members of the Board shall constitute a quorum for the transaction of any business, for the performance of any duty, or for the exercise of any power which this Act requires the Board members to transact, perform or exercise en banc, except that, upon order of the Board, one of the Board members or an administrative law judge designated by the Board may conduct any hearing provided for under this Act or by Board rule and may recommend findings and decisions to the Board. The Board member or administrative law judge conducting such hearing shall have all powers and rights granted to the Board in this Act. The record made at the time of the hearing shall be reviewed by the Board, or a majority thereof, and the findings and decision of the majority of the Board shall constitute the order of the Board in such case;

(9) To maintain records which are separate and distinct from the records of any other State board or commission. Such records shall be available for public inspection and shall accurately reflect all Board proceedings;

(10) To file a written annual report with the Governor on or before March 1 each year and such additional reports as the Governor may request. The annual report shall include a statement of receipts and disbursements by the Board, actions taken by the Board, and any additional information and recommendations which the Board may deem valuable or which the Governor may request;

(11) (Blank); ~~and~~

(12) To assume responsibility for the administration and enforcement of the Bingo License and Tax Act, the Charitable Games Act, and the Pull Tabs and Jar Games Act if such responsibility is delegated to it by the Director of Revenue; ~~and -~~

(13) To assume responsibility for administration and enforcement of the Video Gaming Act.

(c) The Board shall have jurisdiction over and shall supervise all gambling operations governed by this Act. The Board shall have all powers necessary and proper to fully and effectively execute the provisions of this Act, including, but not limited to, the following:

(1) To investigate applicants and determine the eligibility of applicants for licenses and to select among competing applicants the applicants which best serve the interests of the citizens of Illinois.

(2) To have jurisdiction and supervision over all riverboat gambling operations in this State and all persons on riverboats where gambling operations are conducted.

(3) To promulgate rules and regulations for the purpose of administering the provisions of this Act and to prescribe rules, regulations and conditions under which all riverboat gambling in the State shall be conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of riverboat gambling, including rules and regulations regarding the inspection of such riverboats and the review of any permits or licenses necessary to operate a riverboat under any laws or regulations applicable to riverboats, and to impose penalties for violations thereof.

(4) To enter the office, riverboats, facilities, or other places of business of a licensee, where evidence of the compliance or noncompliance with the provisions of this Act is likely to be found.

(5) To investigate alleged violations of this Act or the rules of the Board and to take appropriate disciplinary action against a licensee or a holder of an occupational license for a violation, or institute appropriate legal action for enforcement, or both.

(6) To adopt standards for the licensing of all persons under this Act, as well as for electronic or mechanical gambling games, and to establish fees for such licenses.

(7) To adopt appropriate standards for all riverboats and facilities.

(8) To require that the records, including financial or other statements of any licensee under this Act, shall be kept in such manner as prescribed by the Board and that any such licensee involved in the ownership or management of gambling operations submit to the Board an annual balance sheet and profit and loss statement, list of the stockholders or other persons having a 1% or greater beneficial interest in the gambling activities of each licensee, and any other information the Board deems necessary in order to effectively administer this Act and all rules, regulations, orders and final decisions promulgated under this Act.

(9) To conduct hearings, issue subpoenas for the attendance of witnesses and subpoenas

duces tecum for the production of books, records and other pertinent documents in accordance with the Illinois Administrative Procedure Act, and to administer oaths and affirmations to the witnesses, when, in the judgment of the Board, it is necessary to administer or enforce this Act or the Board rules.

(10) To prescribe a form to be used by any licensee involved in the ownership or management of gambling operations as an application for employment for their employees.

(11) To revoke or suspend licenses, as the Board may see fit and in compliance with applicable laws of the State regarding administrative procedures, and to review applications for the renewal of licenses. The Board may suspend an owners license, without notice or hearing upon a determination that the safety or health of patrons or employees is jeopardized by continuing a riverboat's operation. The suspension may remain in effect until the Board determines that the cause for suspension has been abated. The Board may revoke the owners license upon a determination that the owner has not made satisfactory progress toward abating the hazard.

(12) To eject or exclude or authorize the ejection or exclusion of, any person from riverboat gambling facilities where such person is in violation of this Act, rules and regulations thereunder, or final orders of the Board, or where such person's conduct or reputation is such that his presence within the riverboat gambling facilities may, in the opinion of the Board, call into question the honesty and integrity of the gambling operations or interfere with orderly conduct thereof; provided that the propriety of such ejection or exclusion is subject to subsequent hearing by the Board.

(13) To require all licensees of gambling operations to utilize a cashless wagering system whereby all players' money is converted to tokens, electronic cards, or chips which shall be used only for wagering in the gambling establishment.

(14) (Blank).

(15) To suspend, revoke or restrict licenses, to require the removal of a licensee or an employee of a licensee for a violation of this Act or a Board rule or for engaging in a fraudulent practice, and to impose civil penalties of up to \$5,000 against individuals and up to \$10,000 or an amount equal to the daily gross receipts, whichever is larger, against licensees for each violation of any provision of the Act, any rules adopted by the Board, any order of the Board or any other action which, in the Board's discretion, is a detriment or impediment to riverboat gambling operations.

(16) To hire employees to gather information, conduct investigations and carry out any other tasks contemplated under this Act.

(17) To establish minimum levels of insurance to be maintained by licensees.

(18) To authorize a licensee to sell or serve alcoholic liquors, wine or beer as defined in the Liquor Control Act of 1934 on board a riverboat and to have exclusive authority to establish the hours for sale and consumption of alcoholic liquor on board a riverboat, notwithstanding any provision of the Liquor Control Act of 1934 or any local ordinance, and regardless of whether the riverboat makes excursions. The establishment of the hours for sale and consumption of alcoholic liquor on board a riverboat is an exclusive power and function of the State. A home rule unit may not establish the hours for sale and consumption of alcoholic liquor on board a riverboat. This amendatory Act of 1991 is a denial and limitation of home rule powers and functions under subsection (h) of Section 6 of Article VII of the Illinois Constitution.

(19) After consultation with the U.S. Army Corps of Engineers, to establish binding emergency orders upon the concurrence of a majority of the members of the Board regarding the navigability of water, relative to excursions, in the event of extreme weather conditions, acts of God or other extreme circumstances.

(20) To delegate the execution of any of its powers under this Act for the purpose of administering and enforcing this Act and its rules and regulations hereunder.

(21) To take any other action as may be reasonable or appropriate to enforce this Act and rules and regulations hereunder.

(d) The Board may seek and shall receive the cooperation of the Department of State Police in conducting background investigations of applicants and in fulfilling its responsibilities under this Section. Costs incurred by the Department of State Police as a result of such cooperation shall be paid by the Board in conformance with the requirements of Section 2605-400 of the Department of State Police Law (20 ILCS 2605/2605-400).

(e) The Board must authorize to each investigator and to any other employee of the Board exercising the powers of a peace officer a distinct badge that, on its face, (i) clearly states that the badge is authorized by the Board and (ii) contains a unique identifying number. No other badge shall be authorized by the Board.

(30 ILCS 105/5.719 new)

Sec. 5.719. The Local Government Video Gaming Distributive Fund.

Section 999. Effective date. This Act takes effect upon becoming law."

AMENDMENT NO. 4 TO SENATE BILL 349

AMENDMENT NO. 4. Amend Senate Bill 349, AS AMENDED, by replacing everything after the enacting clause with the following:

Section 5. If and only if House Bill 255 of the 96th General Assembly (as amended by Senate Amendments Nos. 1 and 3) becomes law and takes effect, then the Use Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 105/3-10) (from Ch. 120, par. 439.3-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of either the selling price or the fair market value, if any, of the tangible personal property. In all cases where property functionally used or consumed is the same as the property that was purchased at retail, then the tax is imposed on the selling price of the property. In all cases where property functionally used or consumed is a by-product or waste product that has been refined, manufactured, or produced from property purchased at retail, then the tax is imposed on the lower of the fair market value, if any, of the specific property so used in this State or on the selling price of the property purchased at retail. For purposes of this Section "fair market value" means the price at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. The fair market value shall be established by Illinois sales by the taxpayer of the same property as that functionally used or consumed, or if there are no such sales by the taxpayer, then comparable sales or purchases of property of like kind and character in Illinois.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made

[June 30, 2009]

thereafter. If, at any time, however, the tax under this Act on sales of gasohol is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel and biodiesel blends with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until ~~September~~ August 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "soft drinks" mean

non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

- (A) A "Drug Facts" panel; or
- (B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is purchased at retail from a retailer is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

(35 ILCS 105/9) (from Ch. 120, par. 439.9)

Sec. 9. Except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, each retailer required or authorized to collect the tax imposed by this Act shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return. A retailer need not remit that part of any tax collected by him to the extent that he is required to remit and does remit the tax imposed by the Retailers' Occupation Tax Act, with respect to the sale of the same property.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the retailer, in collecting the tax (except as to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State), may collect for each tax return period, only the tax applicable to that part of the selling price actually received during such tax return period.

Except as provided in this Section, on or before the twentieth day of each calendar month, such retailer shall file a return for the preceding calendar month. Such return shall be filed on forms prescribed by the Department and shall furnish such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by

electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, the Service Use Tax Act was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985, and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987, and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the

minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

If any such payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown by an original monthly return, the Department shall issue to the taxpayer a credit memorandum no later than 30 days after the date of payment, which memorandum may be submitted by the taxpayer to the Department in payment of tax liability subsequently to be remitted by the taxpayer to the Department or be assigned by the taxpayer to a similar taxpayer under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be prescribed by the Department, except that if such excess payment is shown on an original monthly return and is made after December 31, 1986, no credit memorandum shall be issued, unless requested by the taxpayer. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted by the taxpayer to the Department under this Act, the Retailers' Occupation Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determines that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% or 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and the taxpayer shall be liable for penalties and interest on such difference.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February, and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 3-55 of this Act, then that seller may report the transfer of all the aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

The transaction reporting return in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of the Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is

not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of the Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft and aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 2 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the date of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the tax that is imposed by this Act may be transmitted to the Department by way of the State agency with which, or State officer with whom, the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer, and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Where a retailer collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the retailer refunds the selling price thereof to the purchaser, such retailer shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the retailer may deduct the amount of the tax so refunded by him to the purchaser from any other use tax which such retailer may be required to pay or remit to the Department, as shown by such return, if the amount of the tax to be deducted was previously remitted to the Department by such retailer. If the retailer has not previously remitted the amount of such tax to the Department, he is entitled to no deduction under this Act upon refunding such tax to the purchaser.

Any retailer filing a return under this Section shall also include (for the purpose of paying tax thereon) the total tax covered by such return upon the selling price of tangible personal property purchased by him at retail from a retailer, but as to which the tax imposed by this Act was not collected from the retailer filing such return, and such retailer shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a

combination or joint return which will enable retailers, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the retailer has more than one business registered with the Department under separate registration under this Act, such retailer may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund, a special fund in the State Treasury, 20% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning ~~October~~ ~~September~~ ~~September~~ 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to ~~September~~ ~~August~~ 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with

respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

Fiscal Year	Total Deposit
1993	\$0
1994	53,000,000
1995	58,000,000

2023 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act,	275,000,000

[June 30, 2009]

but not after fiscal year 2042.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement. Section 10. If and only if House Bill 255 of the 96th General Assembly (as amended by Senate Amendments Nos. 1 and 3) becomes law and takes effect, then the Service Use Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 110/3-10) (from Ch. 120, par. 439.33-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the selling price of tangible personal property transferred as an incident to the sale of service, but, for the purpose of computing this tax, in no event shall the selling price be less than the cost price of the property to the serviceman.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the selling price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the selling price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or

after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred as an incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until ~~September~~ August 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "soft drinks" mean

non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66.

[June 30, 2009]

The "over-the-counter-drug" label includes:

- (A) A "Drug Facts" panel; or
- (B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

If the property that is acquired from a serviceman is acquired outside Illinois and used outside Illinois before being brought to Illinois for use here and is taxable under this Act, the "selling price" on which the tax is computed shall be reduced by an amount that represents a reasonable allowance for depreciation for the period of prior out-of-state use.

(35 ILCS 110/9) (from Ch. 120, par. 439.39)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax (except as otherwise provided) at the time when he is required to file his return for the period during which such tax was collected, less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. A serviceman need not remit that part of any tax collected by him to the extent that he is required to pay and does pay the tax imposed by the Service Occupation Tax Act with respect to his sale of service involving the incidental transfer by him of the same property.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable Rules and Regulations to be promulgated by the Department. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due;
- 5-5. The signature of the taxpayer; and
6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

If the serviceman is otherwise required to file a monthly return and if the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman is otherwise required to file a monthly or quarterly return and if the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Where a serviceman collects the tax with respect to the selling price of property which he sells and the purchaser thereafter returns such property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Use Tax, Service Occupation Tax, retailers' occupation tax or use tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

Any serviceman filing a return hereunder shall also include the total tax upon the selling price of tangible personal property purchased for use by him as an incident to a sale of service, and such serviceman shall remit the amount of such tax to the Department when filing such return.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Service Occupation Tax Act, to furnish all the return information required by both Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registration hereunder, such serviceman shall not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Tax Reform Fund, a special fund in the State Treasury, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the State and Local Sales Tax Reform Fund 20% of the net revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property, other than tangible personal property which is purchased outside Illinois at retail from a retailer and which is titled or registered by an agency of this State's government.

Beginning August 1, 2000, each month the Department shall pay into the State and Local Sales Tax Reform Fund 100% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning ~~October~~ ~~September~~ 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to ~~September~~ ~~August~~ 1, 2009 but that is now taxed at

6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

2023 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2042.	275,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

All remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability. (Source: P.A. 94-793, eff. 5-19-06; 94-1074, eff. 12-26-06; 09600HB0255sam001.)

[June 30, 2009]

Section 15. If and only if House Bill 255 of the 96th General Assembly (as amended by Senate Amendments Nos. 1 and 3) becomes law and takes effect, then the Service Occupation Tax Act is amended by changing Sections 3-10 and 9 as follows:

(35 ILCS 115/3-10) (from Ch. 120, par. 439.103-10)

Sec. 3-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of the "selling price", as defined in Section 2 of the Service Use Tax Act, of the tangible personal property. For the purpose of computing this tax, in no event shall the "selling price" be less than the cost price to the serviceman of the tangible personal property transferred. The selling price of each item of tangible personal property transferred as an incident of a sale of service may be shown as a distinct and separate item on the serviceman's billing to the service customer. If the selling price is not so shown, the selling price of the tangible personal property is deemed to be 50% of the serviceman's entire billing to the service customer. When, however, a serviceman contracts to design, develop, and produce special order machinery or equipment, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the completion of the contract.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act shall apply to (i) 70% of the cost price of property transferred as an incident to the sale of service on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the cost price thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of the selling price thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel material, the tax imposed by this Act does not apply to the proceeds of the selling price of property transferred as an incident to the sale of service on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the selling price thereafter.

At the election of any registered serviceman made for each fiscal year, sales of service in which the aggregate annual cost price of tangible personal property transferred as an incident to the sales of service is less than 35%, or 75% in the case of servicemen transferring prescription drugs or servicemen engaged in graphic arts production, of the aggregate annual total gross receipts from all sales of service, the tax imposed by this Act shall be based on the serviceman's cost price of the tangible personal property transferred incident to the sale of those services.

The tax shall be imposed at the rate of 1% on food prepared for immediate consumption and transferred incident to a sale of service subject to this Act or the Service Occupation Tax Act by an entity licensed under the Hospital Licensing Act, the Nursing Home Care Act, or the Child Care Act of 1969. The tax shall also be imposed at the rate of 1% on food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption and is not otherwise included in this paragraph) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use. For the purposes of this Section, until ~~September August~~ 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not limited to soda water, cola, fruit juice, vegetable juice, carbonated

water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "soft drinks" mean

non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or

(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

(35 ILCS 115/9) (from Ch. 120, par. 439.109)

Sec. 9. Each serviceman required or authorized to collect the tax herein imposed shall pay to the Department the amount of such tax at the time when he is required to file his return for the period during which such tax was collectible, less a discount of 2.1% prior to January 1, 1990, and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the serviceman for expenses incurred in collecting the tax, keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request.

Where such tangible personal property is sold under a conditional sales contract, or under any other form of sale wherein the payment of the principal sum, or a part thereof, is extended beyond the close of the period for which the return is filed, the serviceman, in collecting the tax may collect, for each tax return period, only the tax applicable to the part of the selling price actually received during such tax return period.

Except as provided hereinafter in this Section, on or before the twentieth day of each calendar month, such serviceman shall file a return for the preceding calendar month in accordance with reasonable rules and regulations to be promulgated by the Department of Revenue. Such return shall be filed on a form prescribed by the Department and shall contain such information as the Department may reasonably require.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in business as a serviceman in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;

[June 30, 2009]

5. The amount of tax due;

5-5. The signature of the taxpayer; and

6. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Prior to October 1, 2003, and on and after September 1, 2004 a serviceman may accept a Manufacturer's Purchase Credit certification from a purchaser in satisfaction of Service Use Tax as provided in Section 3-70 of the Service Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-70 of the Service Use Tax Act. A Manufacturer's Purchase Credit certification, accepted prior to October 1, 2003 or on or after September 1, 2004 by a serviceman as provided in Section 3-70 of the Service Use Tax Act, may be used by that serviceman to satisfy Service Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchase Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

If the serviceman's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the serviceman's average monthly tax liability to the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a serviceman may file his return, in the case of any serviceman who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such serviceman shall file a final return under this Act with the Department not more than 1 month after discontinuing such business.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" means the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Where a serviceman collects the tax with respect to the selling price of tangible personal property which he sells and the purchaser thereafter returns such tangible personal property and the serviceman refunds the selling price thereof to the purchaser, such serviceman shall also refund, to the purchaser, the tax so collected from the purchaser. When filing his return for the period in which he refunds such tax to the purchaser, the serviceman may deduct the amount of the tax so refunded by him to the purchaser from any other Service Occupation Tax, Service Use Tax, Retailers' Occupation Tax or Use Tax which such serviceman may be required to pay or remit to the Department, as shown by such return, provided that the amount of the tax to be deducted shall previously have been remitted to the Department by such serviceman. If the serviceman shall not previously have remitted the amount of such tax to the Department, he shall be entitled to no deduction hereunder upon refunding such tax to the purchaser.

If experience indicates such action to be practicable, the Department may prescribe and furnish a combination or joint return which will enable servicemen, who are required to file returns hereunder and also under the Retailers' Occupation Tax Act, the Use Tax Act or the Service Use Tax Act, to furnish all the return information required by all said Acts on the one form.

Where the serviceman has more than one business registered with the Department under separate registrations hereunder, such serviceman shall file separate returns for each registered business.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund the revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund 4% of the revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the revenue realized for the preceding month from the 6.25% general rate on transfers of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning ~~October~~ ~~September~~ September 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to ~~September~~ ~~August~~ August 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to Section 3 of the Retailers' Occupation Tax Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as defined in Section 3 of the Retailers' Occupation Tax Act), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Account in the Build Illinois Fund during such month and (2) the amount transferred during such month to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year; and, further provided, that the amounts payable into the Build Illinois Fund under this clause (b) shall be

payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of the moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the preceding sentence and shall reduce the amount otherwise payable for such fiscal year pursuant to clause (b) of the preceding sentence. The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of the sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

thereafter that bonds
are outstanding under
Section 13.2 of the
Metropolitan Pier and
Exposition Authority Act,
but not after fiscal year 2042.

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Remaining moneys received by the Department pursuant to this Act shall be paid into the General Revenue Fund of the State Treasury.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the taxpayer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the taxpayer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The taxpayer's annual return to the Department shall also disclose the cost of goods sold by the taxpayer during the year covered by such return, opening and closing inventories of such goods for such year, cost of goods used from stock or taken from stock and given away by the taxpayer during such year, pay roll information of the taxpayer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such taxpayer as hereinbefore provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of

1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as

described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The foregoing portion of this Section concerning the filing of an annual information return shall not apply to a serviceman who is not required to file an income tax return with the United States Government.

[June 30, 2009]

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, it shall be permissible for manufacturers, importers and wholesalers whose products are sold by numerous servicemen in Illinois, and who wish to do so, to assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the servicemen who are affected do not make written objection to the Department to this arrangement.

Section 20. If and only if House Bill 255 of the 96th General Assembly (as amended by Senate Amendments Nos. 1 and 3) becomes law and takes effect, then the Retailers' Occupation Tax Act is amended by changing Sections 2-10 and 3 as follows:

(35 ILCS 120/2-10) (from Ch. 120, par. 441-10)

Sec. 2-10. Rate of tax. Unless otherwise provided in this Section, the tax imposed by this Act is at the rate of 6.25% of gross receipts from sales of tangible personal property made in the course of business.

Beginning on July 1, 2000 and through December 31, 2000, with respect to motor fuel, as defined in Section 1.1 of the Motor Fuel Tax Law, and gasohol, as defined in Section 3-40 of the Use Tax Act, the tax is imposed at the rate of 1.25%.

Within 14 days after the effective date of this amendatory Act of the 91st General Assembly, each retailer of motor fuel and gasohol shall cause the following notice to be posted in a prominently visible place on each retail dispensing device that is used to dispense motor fuel or gasohol in the State of Illinois: "As of July 1, 2000, the State of Illinois has eliminated the State's share of sales tax on motor fuel and gasohol through December 31, 2000. The price on this pump should reflect the elimination of the tax." The notice shall be printed in bold print on a sign that is no smaller than 4 inches by 8 inches. The sign shall be clearly visible to customers. Any retailer who fails to post or maintain a required sign through December 31, 2000 is guilty of a petty offense for which the fine shall be \$500 per day per each retail premises where a violation occurs.

With respect to gasohol, as defined in the Use Tax Act, the tax imposed by this Act applies to (i) 70% of the proceeds of sales made on or after January 1, 1990, and before July 1, 2003, (ii) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013, and (iii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of gasohol, as defined in the Use Tax Act, is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of gasohol made during that time.

With respect to majority blended ethanol fuel, as defined in the Use Tax Act, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel, the tax imposed by this Act applies to (i) 80% of the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 and (ii) 100% of the proceeds of sales made thereafter. If, at any time, however, the tax under this Act on sales of biodiesel blends, as defined in the Use Tax Act, with no less than 1% and no more than 10% biodiesel is imposed at the rate of 1.25%, then the tax imposed by this Act applies to 100% of the proceeds of sales of biodiesel blends with no less than 1% and no more than 10% biodiesel made during that time.

With respect to 100% biodiesel, as defined in the Use Tax Act, and biodiesel blends, as defined in the Use Tax Act, with more than 10% but no more than 99% biodiesel, the tax imposed by this Act does not apply to the proceeds of sales made on or after July 1, 2003 and on or before December 31, 2013 but applies to 100% of the proceeds of sales made thereafter.

With respect to food for human consumption that is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use, the tax is imposed at the rate of 1%. For the purposes of this Section, until ~~September~~ ~~August~~ 1, 2009: the term "soft drinks" means any complete, finished, ready-to-use, non-alcoholic drink, whether carbonated or not, including but not

limited to soda water, cola, fruit juice, vegetable juice, carbonated water, and all other preparations commonly known as soft drinks of whatever kind or description that are contained in any closed or sealed bottle, can, carton, or container, regardless of size; but "soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products as defined in the Grade A Pasteurized Milk and Milk Products Act, or drinks containing 50% or more natural fruit or vegetable juice.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "soft drinks" mean

non-alcoholic beverages that contain natural or artificial sweeteners. "Soft drinks" do not include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or greater than 50% of vegetable or fruit juice by volume.

Notwithstanding any other provisions of this Act, "food for human consumption that is to be consumed off the premises where it is sold" includes all food sold through a vending machine, except soft drinks, candy, and food products that are dispensed hot from a vending machine, regardless of the location of the vending machine.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "food for human consumption that is to be consumed off the premises where it is sold" does not include candy. For purposes of this Section, "candy" means a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces. "Candy" does not include any preparation that contains flour or requires refrigeration.

Notwithstanding any other provisions of this Act, beginning ~~September~~ August 1, 2009, "nonprescription medicines and drugs" does not include grooming and hygiene products. For purposes of this Section, "grooming and hygiene products" includes, but is not limited to, soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, unless those products are available by prescription only, regardless of whether the products meet the definition of "over-the-counter-drugs". For the purposes of this paragraph, "over-the-counter-drug" means a drug for human use that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. The "over-the-counter-drug" label includes:

(A) A "Drug Facts" panel; or

(B) A statement of the "active ingredient(s)" with a list of those ingredients contained in the compound, substance or preparation.

(35 ILCS 120/3) (from Ch. 120, par. 442)

Sec. 3. Except as provided in this Section, on or before the twentieth day of each calendar month, every person engaged in the business of selling tangible personal property at retail in this State during the preceding calendar month shall file a return with the Department, stating:

1. The name of the seller;

2. His residence address and the address of his principal place of business and the address of the principal place of business (if that is a different address) from which he engages in the business of selling tangible personal property at retail in this State;

3. Total amount of receipts received by him during the preceding calendar month or quarter, as the case may be, from sales of tangible personal property, and from services furnished, by him during such preceding calendar month or quarter;

4. Total amount received by him during the preceding calendar month or quarter on charge and time sales of tangible personal property, and from services furnished, by him prior to the month or quarter for which the return is filed;

5. Deductions allowed by law;

6. Gross receipts which were received by him during the preceding calendar month or quarter and upon the basis of which the tax is imposed;

7. The amount of credit provided in Section 2d of this Act;

8. The amount of tax due;

9. The signature of the taxpayer; and

10. Such other reasonable information as the Department may require.

If a taxpayer fails to sign a return within 30 days after the proper notice and demand for signature by the Department, the return shall be considered valid and any amount shown to be due on the return shall be deemed assessed.

Each return shall be accompanied by the statement of prepaid tax issued pursuant to Section 2e for which credit is claimed.

Prior to October 1, 2003, and on and after September 1, 2004 a retailer may accept a Manufacturer's

Purchase Credit certification from a purchaser in satisfaction of Use Tax as provided in Section 3-85 of the Use Tax Act if the purchaser provides the appropriate documentation as required by Section 3-85 of the Use Tax Act. A Manufacturer's Purchase Credit certification, accepted by a retailer prior to October 1, 2003 and on and after September 1, 2004 as provided in Section 3-85 of the Use Tax Act, may be used by that retailer to satisfy Retailers' Occupation Tax liability in the amount claimed in the certification, not to exceed 6.25% of the receipts subject to tax from a qualifying purchase. A Manufacturer's Purchase Credit reported on any original or amended return filed under this Act after October 20, 2003 for reporting periods prior to September 1, 2004 shall be disallowed. Manufacturer's Purchaser Credit reported on annual returns due on or after January 1, 2005 will be disallowed for periods prior to September 1, 2004. No Manufacturer's Purchase Credit may be used after September 30, 2003 through August 31, 2004 to satisfy any tax liability imposed under this Act, including any audit liability.

The Department may require returns to be filed on a quarterly basis. If so required, a return for each calendar quarter shall be filed on or before the twentieth day of the calendar month following the end of such calendar quarter. The taxpayer shall also file a return with the Department for each of the first two months of each calendar quarter, on or before the twentieth day of the following calendar month, stating:

1. The name of the seller;
2. The address of the principal place of business from which he engages in the business of selling tangible personal property at retail in this State;
3. The total amount of taxable receipts received by him during the preceding calendar month from sales of tangible personal property by him during such preceding calendar month, including receipts from charge and time sales, but less all deductions allowed by law;
4. The amount of credit provided in Section 2d of this Act;
5. The amount of tax due; and
6. Such other reasonable information as the Department may require.

Beginning on October 1, 2003, any person who is not a licensed distributor, importing distributor, or manufacturer, as defined in the Liquor Control Act of 1934, but is engaged in the business of selling, at retail, alcoholic liquor shall file a statement with the Department of Revenue, in a format and at a time prescribed by the Department, showing the total amount paid for alcoholic liquor purchased during the preceding month and such other information as is reasonably required by the Department. The Department may adopt rules to require that this statement be filed in an electronic or telephonic format. Such rules may provide for exceptions from the filing requirements of this paragraph. For the purposes of this paragraph, the term "alcoholic liquor" shall have the meaning prescribed in the Liquor Control Act of 1934.

Beginning on October 1, 2003, every distributor, importing distributor, and manufacturer of alcoholic liquor as defined in the Liquor Control Act of 1934, shall file a statement with the Department of Revenue, no later than the 10th day of the month for the preceding month during which transactions occurred, by electronic means, showing the total amount of gross receipts from the sale of alcoholic liquor sold or distributed during the preceding month to purchasers; identifying the purchaser to whom it was sold or distributed; the purchaser's tax registration number; and such other information reasonably required by the Department. A distributor, importing distributor, or manufacturer of alcoholic liquor must personally deliver, mail, or provide by electronic means to each retailer listed on the monthly statement a report containing a cumulative total of that distributor's, importing distributor's, or manufacturer's total sales of alcoholic liquor to that retailer no later than the 10th day of the month for the preceding month during which the transaction occurred. The distributor, importing distributor, or manufacturer shall notify the retailer as to the method by which the distributor, importing distributor, or manufacturer will provide the sales information. If the retailer is unable to receive the sales information by electronic means, the distributor, importing distributor, or manufacturer shall furnish the sales information by personal delivery or by mail. For purposes of this paragraph, the term "electronic means" includes, but is not limited to, the use of a secure Internet website, e-mail, or facsimile.

If a total amount of less than \$1 is payable, refundable or creditable, such amount shall be disregarded if it is less than 50 cents and shall be increased to \$1 if it is 50 cents or more.

Beginning October 1, 1993, a taxpayer who has an average monthly tax liability of \$150,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1994, a taxpayer who has an average monthly tax liability of \$100,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 1995, a taxpayer who has an average monthly tax liability of \$50,000 or more shall make all payments required by rules of the Department by electronic funds transfer. Beginning October 1, 2000, a taxpayer who has an annual tax liability of \$200,000 or more shall make all payments required by rules of the Department by electronic funds transfer. The term "annual tax liability" shall be the sum of the taxpayer's liabilities

under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year. The term "average monthly tax liability" shall be the sum of the taxpayer's liabilities under this Act, and under all other State and local occupation and use tax laws administered by the Department, for the immediately preceding calendar year divided by 12. Beginning on October 1, 2002, a taxpayer who has a tax liability in the amount set forth in subsection (b) of Section 2505-210 of the Department of Revenue Law shall make all payments required by rules of the Department by electronic funds transfer.

Before August 1 of each year beginning in 1993, the Department shall notify all taxpayers required to make payments by electronic funds transfer. All taxpayers required to make payments by electronic funds transfer shall make those payments for a minimum of one year beginning on October 1.

Any taxpayer not required to make payments by electronic funds transfer may make payments by electronic funds transfer with the permission of the Department.

All taxpayers required to make payment by electronic funds transfer and any taxpayers authorized to voluntarily make payments by electronic funds transfer shall make those payments in the manner authorized by the Department.

The Department shall adopt such rules as are necessary to effectuate a program of electronic funds transfer and the requirements of this Section.

Any amount which is required to be shown or reported on any return or other document under this Act shall, if such amount is not a whole-dollar amount, be increased to the nearest whole-dollar amount in any case where the fractional part of a dollar is 50 cents or more, and decreased to the nearest whole-dollar amount where the fractional part of a dollar is less than 50 cents.

If the retailer is otherwise required to file a monthly return and if the retailer's average monthly tax liability to the Department does not exceed \$200, the Department may authorize his returns to be filed on a quarter annual basis, with the return for January, February and March of a given year being due by April 20 of such year; with the return for April, May and June of a given year being due by July 20 of such year; with the return for July, August and September of a given year being due by October 20 of such year, and with the return for October, November and December of a given year being due by January 20 of the following year.

If the retailer is otherwise required to file a monthly or quarterly return and if the retailer's average monthly tax liability with the Department does not exceed \$50, the Department may authorize his returns to be filed on an annual basis, with the return for a given year being due by January 20 of the following year.

Such quarter annual and annual returns, as to form and substance, shall be subject to the same requirements as monthly returns.

Notwithstanding any other provision in this Act concerning the time within which a retailer may file his return, in the case of any retailer who ceases to engage in a kind of business which makes him responsible for filing returns under this Act, such retailer shall file a final return under this Act with the Department not more than one month after discontinuing such business.

Where the same person has more than one business registered with the Department under separate registrations under this Act, such person may not file each return that is due as a single return covering all such registered businesses, but shall file separate returns for each such registered business.

In addition, with respect to motor vehicles, watercraft, aircraft, and trailers that are required to be registered with an agency of this State, every retailer selling this kind of tangible personal property shall file, with the Department, upon a form to be prescribed and supplied by the Department, a separate return for each such item of tangible personal property which the retailer sells, except that if, in the same transaction, (i) a retailer of aircraft, watercraft, motor vehicles or trailers transfers more than one aircraft, watercraft, motor vehicle or trailer to another aircraft, watercraft, motor vehicle retailer or trailer retailer for the purpose of resale or (ii) a retailer of aircraft, watercraft, motor vehicles, or trailers transfers more than one aircraft, watercraft, motor vehicle, or trailer to a purchaser for use as a qualifying rolling stock as provided in Section 2-5 of this Act, then that seller may report the transfer of all aircraft, watercraft, motor vehicles or trailers involved in that transaction to the Department on the same uniform invoice-transaction reporting return form. For purposes of this Section, "watercraft" means a Class 2, Class 3, or Class 4 watercraft as defined in Section 3-2 of the Boat Registration and Safety Act, a personal watercraft, or any boat equipped with an inboard motor.

Any retailer who sells only motor vehicles, watercraft, aircraft, or trailers that are required to be registered with an agency of this State, so that all retailers' occupation tax liability is required to be reported, and is reported, on such transaction reporting returns and who is not otherwise required to file monthly or quarterly returns, need not file monthly or quarterly returns. However, those retailers shall be required to file returns on an annual basis.

The transaction reporting return, in the case of motor vehicles or trailers that are required to be registered with an agency of this State, shall be the same document as the Uniform Invoice referred to in Section 5-402 of The Illinois Vehicle Code and must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale; a sufficient identification of the property sold; such other information as is required in Section 5-402 of The Illinois Vehicle Code, and such other information as the Department may reasonably require.

The transaction reporting return in the case of watercraft or aircraft must show the name and address of the seller; the name and address of the purchaser; the amount of the selling price including the amount allowed by the retailer for traded-in property, if any; the amount allowed by the retailer for the traded-in tangible personal property, if any, to the extent to which Section 1 of this Act allows an exemption for the value of traded-in property; the balance payable after deducting such trade-in allowance from the total selling price; the amount of tax due from the retailer with respect to such transaction; the amount of tax collected from the purchaser by the retailer on such transaction (or satisfactory evidence that such tax is not due in that particular instance, if that is claimed to be the fact); the place and date of the sale, a sufficient identification of the property sold, and such other information as the Department may reasonably require.

Such transaction reporting return shall be filed not later than 20 days after the day of delivery of the item that is being sold, but may be filed by the retailer at any time sooner than that if he chooses to do so. The transaction reporting return and tax remittance or proof of exemption from the Illinois use tax may be transmitted to the Department by way of the State agency with which, or State officer with whom the tangible personal property must be titled or registered (if titling or registration is required) if the Department and such agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

With each such transaction reporting return, the retailer shall remit the proper amount of tax due (or shall submit satisfactory evidence that the sale is not taxable if that is the case), to the Department or its agents, whereupon the Department shall issue, in the purchaser's name, a use tax receipt (or a certificate of exemption if the Department is satisfied that the particular sale is tax exempt) which such purchaser may submit to the agency with which, or State officer with whom, he must title or register the tangible personal property that is involved (if titling or registration is required) in support of such purchaser's application for an Illinois certificate or other evidence of title or registration to such tangible personal property.

No retailer's failure or refusal to remit tax under this Act precludes a user, who has paid the proper tax to the retailer, from obtaining his certificate of title or other evidence of title or registration (if titling or registration is required) upon satisfying the Department that such user has paid the proper tax (if tax is due) to the retailer. The Department shall adopt appropriate rules to carry out the mandate of this paragraph.

If the user who would otherwise pay tax to the retailer wants the transaction reporting return filed and the payment of the tax or proof of exemption made to the Department before the retailer is willing to take these actions and such user has not paid the tax to the retailer, such user may certify to the fact of such delay by the retailer and may (upon the Department being satisfied of the truth of such certification) transmit the information required by the transaction reporting return and the remittance for tax or proof of exemption directly to the Department and obtain his tax receipt or exemption determination, in which event the transaction reporting return and tax remittance (if a tax payment was required) shall be credited by the Department to the proper retailer's account with the Department, but without the 2.1% or 1.75% discount provided for in this Section being allowed. When the user pays the tax directly to the Department, he shall pay the tax in the same amount and in the same form in which it would be remitted if the tax had been remitted to the Department by the retailer.

Refunds made by the seller during the preceding return period to purchasers, on account of tangible personal property returned to the seller, shall be allowed as a deduction under subdivision 5 of his monthly or quarterly return, as the case may be, in case the seller had theretofore included the receipts from the sale of such tangible personal property in a return filed by him and had paid the tax imposed by this Act with respect to such receipts.

Where the seller is a corporation, the return filed on behalf of such corporation shall be signed by the

president, vice-president, secretary or treasurer or by the properly accredited agent of such corporation.

Where the seller is a limited liability company, the return filed on behalf of the limited liability company shall be signed by a manager, member, or properly accredited agent of the limited liability company.

Except as provided in this Section, the retailer filing the return under this Section shall, at the time of filing such return, pay to the Department the amount of tax imposed by this Act less a discount of 2.1% prior to January 1, 1990 and 1.75% on and after January 1, 1990, or \$5 per calendar year, whichever is greater, which is allowed to reimburse the retailer for the expenses incurred in keeping records, preparing and filing returns, remitting the tax and supplying data to the Department on request. Any prepayment made pursuant to Section 2d of this Act shall be included in the amount on which such 2.1% or 1.75% discount is computed. In the case of retailers who report and pay the tax on a transaction by transaction basis, as provided in this Section, such discount shall be taken with each such tax remittance instead of when such retailer files his periodic return.

Before October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$10,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. On and after October 1, 2000, if the taxpayer's average monthly tax liability to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act, and the Service Use Tax Act, excluding any liability for prepaid sales tax to be remitted in accordance with Section 2d of this Act, was \$20,000 or more during the preceding 4 complete calendar quarters, he shall file a return with the Department each month by the 20th day of the month next following the month during which such tax liability is incurred and shall make payment to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to January 1, 1985, each payment shall be in an amount equal to 1/4 of the taxpayer's actual liability for the month or an amount set by the Department not to exceed 1/4 of the average monthly liability of the taxpayer to the Department for the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability in such 4 quarter period). If the month during which such tax liability is incurred begins on or after January 1, 1985 and prior to January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1987 and prior to January 1, 1988, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1988, and prior to January 1, 1989, or begins on or after January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. If the month during which such tax liability is incurred begins on or after January 1, 1989, and prior to January 1, 1996, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 100% of the taxpayer's actual liability for the quarter monthly reporting period. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month. Before October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$10,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$9,000, or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$10,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$10,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. On and after October 1, 2000, once applicable, the requirement of the making of quarter monthly payments to the Department by taxpayers having an average monthly tax liability of \$20,000 or more as determined in the manner provided above shall continue until such taxpayer's average monthly liability to the Department during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is

less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarter period is less than \$20,000. However, if a taxpayer can show the Department that a substantial change in the taxpayer's business has occurred which causes the taxpayer to anticipate that his average monthly tax liability for the reasonably foreseeable future will fall below the \$20,000 threshold stated above, then such taxpayer may petition the Department for a change in such taxpayer's reporting status. The Department shall change such taxpayer's reporting status unless it finds that such change is seasonal in nature and not likely to be long term. If any such quarter monthly payment is not paid at the time or in the amount required by this Section, then the taxpayer shall be liable for penalties and interest on the difference between the minimum amount due as a payment and the amount of such quarter monthly payment actually and timely paid, except insofar as the taxpayer has previously made payments for that month to the Department in excess of the minimum payments previously due as provided in this Section. The Department shall make reasonable rules and regulations to govern the quarter monthly payment amount and quarter monthly payment dates for taxpayers who file on other than a calendar monthly basis.

The provisions of this paragraph apply before October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes which average in excess of \$25,000 per month during the preceding 2 complete calendar quarters, shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which such liability is incurred. If the month during which such tax liability is incurred began prior to the effective date of this amendatory Act of 1985, each payment shall be in an amount not less than 22.5% of the taxpayer's actual liability under Section 2d. If the month during which such tax liability is incurred begins on or after January 1, 1986, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 27.5% of the taxpayer's liability for the same calendar month of the preceding calendar year. If the month during which such tax liability is incurred begins on or after January 1, 1987, each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 26.25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of such quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until such taxpayer's average monthly prepaid tax collections during the preceding 2 complete calendar quarters is \$25,000 or less. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

The provisions of this paragraph apply on and after October 1, 2001. Without regard to whether a taxpayer is required to make quarter monthly payments as specified above, any taxpayer who is required by Section 2d of this Act to collect and remit prepaid taxes and has collected prepaid taxes that average in excess of \$20,000 per month during the preceding 4 complete calendar quarters shall file a return with the Department as required by Section 2f and shall make payments to the Department on or before the 7th, 15th, 22nd and last day of the month during which the liability is incurred. Each payment shall be in an amount equal to 22.5% of the taxpayer's actual liability for the month or 25% of the taxpayer's liability for the same calendar month of the preceding year. The amount of the quarter monthly payments shall be credited against the final tax liability of the taxpayer's return for that month filed under this Section or Section 2f, as the case may be. Once applicable, the requirement of the making of quarter monthly payments to the Department pursuant to this paragraph shall continue until the taxpayer's average monthly prepaid tax collections during the preceding 4 complete calendar quarters (excluding the month of highest liability and the month of lowest liability) is less than \$19,000 or until such taxpayer's average monthly liability to the Department as computed for each calendar quarter of the 4 preceding complete calendar quarters is less than \$20,000. If any such quarter monthly payment is not paid at the time or in the amount required, the taxpayer shall be liable for penalties and interest on such difference, except insofar as the taxpayer has previously made payments for that month in excess of the minimum payments previously due.

If any payment provided for in this Section exceeds the taxpayer's liabilities under this Act, the Use Tax Act, the Service Occupation Tax Act and the Service Use Tax Act, as shown on an original monthly return, the Department shall, if requested by the taxpayer, issue to the taxpayer a credit memorandum no later than 30 days after the date of payment. The credit evidenced by such credit memorandum may be assigned by the taxpayer to a similar taxpayer under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations to be

prescribed by the Department. If no such request is made, the taxpayer may credit such excess payment against tax liability subsequently to be remitted to the Department under this Act, the Use Tax Act, the Service Occupation Tax Act or the Service Use Tax Act, in accordance with reasonable rules and regulations prescribed by the Department. If the Department subsequently determined that all or any part of the credit taken was not actually due to the taxpayer, the taxpayer's 2.1% and 1.75% vendor's discount shall be reduced by 2.1% or 1.75% of the difference between the credit taken and that actually due, and that taxpayer shall be liable for penalties and interest on such difference.

If a retailer of motor fuel is entitled to a credit under Section 2d of this Act which exceeds the taxpayer's liability to the Department under this Act for the month which the taxpayer is filing a return, the Department shall issue the taxpayer a credit memorandum for the excess.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund, a special fund in the State treasury which is hereby created, the net revenue realized for the preceding month from the 1% tax on sales of food for human consumption which is to be consumed off the premises where it is sold (other than alcoholic beverages, soft drinks and food which has been prepared for immediate consumption) and prescription and nonprescription medicines, drugs, medical appliances and insulin, urine testing materials, syringes and needles used by diabetics.

Beginning January 1, 1990, each month the Department shall pay into the County and Mass Transit District Fund, a special fund in the State treasury which is hereby created, 4% of the net revenue realized for the preceding month from the 6.25% general rate.

Beginning August 1, 2000, each month the Department shall pay into the County and Mass Transit District Fund 20% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning January 1, 1990, each month the Department shall pay into the Local Government Tax Fund 16% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Beginning August 1, 2000, each month the Department shall pay into the Local Government Tax Fund 80% of the net revenue realized for the preceding month from the 1.25% rate on the selling price of motor fuel and gasohol.

Beginning ~~October~~ ~~September~~ ~~August~~ 1, 2009, each month the Department shall pay into the Capital Projects Fund an amount that is equal to an amount estimated by the Department to represent 80% of the net revenue realized for the preceding month from the sale of candy, grooming and hygiene products, and soft drinks that had been taxed at a rate of 1% prior to ~~September~~ ~~August~~ 1, 2009 but that is now taxed at 6.25%.

Of the remainder of the moneys received by the Department pursuant to this Act, (a) 1.75% thereof shall be paid into the Build Illinois Fund and (b) prior to July 1, 1989, 2.2% and on and after July 1, 1989, 3.8% thereof shall be paid into the Build Illinois Fund; provided, however, that if in any fiscal year the sum of (1) the aggregate of 2.2% or 3.8%, as the case may be, of the moneys received by the Department and required to be paid into the Build Illinois Fund pursuant to this Act, Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, and Section 9 of the Service Occupation Tax Act, such Acts being hereinafter called the "Tax Acts" and such aggregate of 2.2% or 3.8%, as the case may be, of moneys being hereinafter called the "Tax Act Amount", and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax Reform Fund shall be less than the Annual Specified Amount (as hereinafter defined), an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; the "Annual Specified Amount" means the amounts specified below for fiscal years 1986 through 1993:

Fiscal Year	Annual Specified Amount
1986	\$54,800,000
1987	\$76,650,000
1988	\$80,480,000
1989	\$88,510,000
1990	\$115,330,000
1991	\$145,470,000
1992	\$182,730,000
1993	\$206,520,000;

and means the Certified Annual Debt Service Requirement (as defined in Section 13 of the Build Illinois Bond Act) or the Tax Act Amount, whichever is greater, for fiscal year 1994 and each fiscal year thereafter; and further provided, that if on the last business day of any month the sum of (1) the Tax Act Amount required to be deposited into the Build Illinois Bond Account in the Build Illinois Fund during such month and (2) the amount transferred to the Build Illinois Fund from the State and Local Sales Tax

Reform Fund shall have been less than 1/12 of the Annual Specified Amount, an amount equal to the difference shall be immediately paid into the Build Illinois Fund from other moneys received by the Department pursuant to the Tax Acts; and, further provided, that in no event shall the payments required under the preceding proviso result in aggregate payments into the Build Illinois Fund pursuant to this clause (b) for any fiscal year in excess of the greater of (i) the Tax Act Amount or (ii) the Annual Specified Amount for such fiscal year. The amounts payable into the Build Illinois Fund under clause (b) of the first sentence in this paragraph shall be payable only until such time as the aggregate amount on deposit under each trust indenture securing Bonds issued and outstanding pursuant to the Build Illinois Bond Act is sufficient, taking into account any future investment income, to fully provide, in accordance with such indenture, for the defeasance of or the payment of the principal of, premium, if any, and interest on the Bonds secured by such indenture and on any Bonds expected to be issued thereafter and all fees and costs payable with respect thereto, all as certified by the Director of the Bureau of the Budget (now Governor's Office of Management and Budget). If on the last business day of any month in which Bonds are outstanding pursuant to the Build Illinois Bond Act, the aggregate of moneys deposited in the Build Illinois Bond Account in the Build Illinois Fund in such month shall be less than the amount required to be transferred in such month from the Build Illinois Bond Account to the Build Illinois Bond Retirement and Interest Fund pursuant to Section 13 of the Build Illinois Bond Act, an amount equal to such deficiency shall be immediately paid from other moneys received by the Department pursuant to the Tax Acts to the Build Illinois Fund; provided, however, that any amounts paid to the Build Illinois Fund in any fiscal year pursuant to this sentence shall be deemed to constitute payments pursuant to clause (b) of the first sentence of this paragraph and shall reduce the amount otherwise payable for such fiscal year pursuant to that clause (b). The moneys received by the Department pursuant to this Act and required to be deposited into the Build Illinois Fund are subject to the pledge, claim and charge set forth in Section 12 of the Build Illinois Bond Act.

Subject to payment of amounts into the Build Illinois Fund as provided in the preceding paragraph or in any amendment thereto hereafter enacted, the following specified monthly installment of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority provided under Section 8.25f of the State Finance Act, but not in excess of sums designated as "Total Deposit", shall be deposited in the aggregate from collections under Section 9 of the Use Tax Act, Section 9 of the Service Use Tax Act, Section 9 of the Service Occupation Tax Act, and Section 3 of the Retailers' Occupation Tax Act into the McCormick Place Expansion Project Fund in the specified fiscal years.

[June 30, 2009]

2020	233,000,000
2021	246,000,000
2022	260,000,000
2023 and each fiscal year thereafter that bonds are outstanding under Section 13.2 of the Metropolitan Pier and Exposition Authority Act, but not after fiscal year 2042.	275,000,000

Beginning July 20, 1993 and in each month of each fiscal year thereafter, one-eighth of the amount requested in the certificate of the Chairman of the Metropolitan Pier and Exposition Authority for that fiscal year, less the amount deposited into the McCormick Place Expansion Project Fund by the State Treasurer in the respective month under subsection (g) of Section 13 of the Metropolitan Pier and Exposition Authority Act, plus cumulative deficiencies in the deposits required under this Section for previous months and years, shall be deposited into the McCormick Place Expansion Project Fund, until the full amount requested for the fiscal year, but not in excess of the amount specified above as "Total Deposit", has been deposited.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning July 1, 1993, the Department shall each month pay into the Illinois Tax Increment Fund 0.27% of 80% of the net revenue realized for the preceding month from the 6.25% general rate on the selling price of tangible personal property.

Subject to payment of amounts into the Build Illinois Fund and the McCormick Place Expansion Project Fund pursuant to the preceding paragraphs or in any amendments thereto hereafter enacted, beginning with the receipt of the first report of taxes paid by an eligible business and continuing for a 25-year period, the Department shall each month pay into the Energy Infrastructure Fund 80% of the net revenue realized from the 6.25% general rate on the selling price of Illinois-mined coal that was sold to an eligible business. For purposes of this paragraph, the term "eligible business" means a new electric generating facility certified pursuant to Section 605-332 of the Department of Commerce and Economic Opportunity Law of the Civil Administrative Code of Illinois.

Of the remainder of the moneys received by the Department pursuant to this Act, 75% thereof shall be paid into the State Treasury and 25% shall be reserved in a special account and used only for the transfer to the Common School Fund as part of the monthly transfer from the General Revenue Fund in accordance with Section 8a of the State Finance Act.

The Department may, upon separate written notice to a taxpayer, require the taxpayer to prepare and file with the Department on a form prescribed by the Department within not less than 60 days after receipt of the notice an annual information return for the tax year specified in the notice. Such annual return to the Department shall include a statement of gross receipts as shown by the retailer's last Federal income tax return. If the total receipts of the business as reported in the Federal income tax return do not agree with the gross receipts reported to the Department of Revenue for the same period, the retailer shall attach to his annual return a schedule showing a reconciliation of the 2 amounts and the reasons for the difference. The retailer's annual return to the Department shall also disclose the cost of goods sold by the retailer during the year covered by such return, opening and closing inventories of such goods for such year, costs of goods used from stock or taken from stock and given away by the retailer during such year, payroll information of the retailer's business during such year and any additional reasonable information which the Department deems would be helpful in determining the accuracy of the monthly, quarterly or annual returns filed by such retailer as provided for in this Section.

If the annual information return required by this Section is not filed when and as required, the taxpayer shall be liable as follows:

(i) Until January 1, 1994, the taxpayer shall be liable for a penalty equal to 1/6 of 1% of the tax due from such taxpayer under this Act during the period to be covered by the annual return for each month or fraction of a month until such return is filed as required, the penalty to be assessed and collected in the same manner as any other penalty provided for in this Act.

(ii) On and after January 1, 1994, the taxpayer shall be liable for a penalty as described in Section 3-4 of the Uniform Penalty and Interest Act.

The chief executive officer, proprietor, owner or highest ranking manager shall sign the annual return to certify the accuracy of the information contained therein. Any person who willfully signs the annual

return containing false or inaccurate information shall be guilty of perjury and punished accordingly. The annual return form prescribed by the Department shall include a warning that the person signing the return may be liable for perjury.

The provisions of this Section concerning the filing of an annual information return do not apply to a retailer who is not required to file an income tax return with the United States Government.

As soon as possible after the first day of each month, upon certification of the Department of Revenue, the Comptroller shall order transferred and the Treasurer shall transfer from the General Revenue Fund to the Motor Fuel Tax Fund an amount equal to 1.7% of 80% of the net revenue realized under this Act for the second preceding month. Beginning April 1, 2000, this transfer is no longer required and shall not be made.

Net revenue realized for a month shall be the revenue collected by the State pursuant to this Act, less the amount paid out during that month as refunds to taxpayers for overpayment of liability.

For greater simplicity of administration, manufacturers, importers and wholesalers whose products are sold at retail in Illinois by numerous retailers, and who wish to do so, may assume the responsibility for accounting and paying to the Department all tax accruing under this Act with respect to such sales, if the retailers who are affected do not make written objection to the Department to this arrangement.

Any person who promotes, organizes, provides retail selling space for concessionaires or other types of sellers at the Illinois State Fair, DuQuoin State Fair, county fairs, local fairs, art shows, flea markets and similar exhibitions or events, including any transient merchant as defined by Section 2 of the Transient Merchant Act of 1987, is required to file a report with the Department providing the name of the merchant's business, the name of the person or persons engaged in merchant's business, the permanent address and Illinois Retailers Occupation Tax Registration Number of the merchant, the dates and location of the event and other reasonable information that the Department may require. The report must be filed not later than the 20th day of the month next following the month during which the event with retail sales was held. Any person who fails to file a report required by this Section commits a business offense and is subject to a fine not to exceed \$250.

Any person engaged in the business of selling tangible personal property at retail as a concessionaire or other type of seller at the Illinois State Fair, county fairs, art shows, flea markets and similar exhibitions or events, or any transient merchants, as defined by Section 2 of the Transient Merchant Act of 1987, may be required to make a daily report of the amount of such sales to the Department and to make a daily payment of the full amount of tax due. The Department shall impose this requirement when it finds that there is a significant risk of loss of revenue to the State at such an exhibition or event. Such a finding shall be based on evidence that a substantial number of concessionaires or other sellers who are not residents of Illinois will be engaging in the business of selling tangible personal property at retail at the exhibition or event, or other evidence of a significant risk of loss of revenue to the State. The Department shall notify concessionaires and other sellers affected by the imposition of this requirement. In the absence of notification by the Department, the concessionaires and other sellers shall file their returns as otherwise required in this Section.

Section 25. If and only if House Bill 255 of the 96th General Assembly (as amended by Senate Amendments Nos. 1 and 3) becomes law and takes effect, then the Video Gaming Act is amended by changing Sections 25 and 45 and by adding Sections 26, 78, and 85 as follows:

(09600HB0255sam001, Sec. 25)

Sec. 25. Restriction of licensees.

(a) Manufacturer. A person may not be licensed as a manufacturer of a video gaming terminal in Illinois unless the person has a valid manufacturer's license issued under this Act. A manufacturer may only sell video gaming terminals for use in Illinois to persons having a valid distributor's license.

(b) Distributor. A person may not sell, distribute, or lease or market a video gaming terminal in Illinois unless the person has a valid distributor's license issued under this Act. A distributor may only sell video gaming terminals for use in Illinois to persons having a valid distributor's or terminal operator's license.

(c) Terminal operator. A person may not own, maintain, or place a video gaming terminal unless he has a valid terminal operator's license issued under this Act. A terminal operator may only place video gaming terminals for use in Illinois in licensed establishments, licensed truck stop establishments, licensed fraternal establishments, and licensed veterans establishments. No terminal operator may give anything of value, including but not limited to a loan or financing arrangement, to a licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment as any incentive or inducement to locate video terminals in that establishment. Of the

after-tax profits from a video gaming terminal, 50% shall be paid to the terminal operator and 50% shall be paid to the licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment, notwithstanding any agreement to the contrary. No terminal operator may own or have a substantial interest in more than 5% of the video gaming terminals licensed in this State. A video terminal operator that violates one or more requirements of this subsection is guilty of a Class 4 felony and is subject to termination of his or her license by the Board.

(d) Licensed technician. A person may not service, maintain, or repair a video gaming terminal in this State unless he or she (1) has a valid technician's license issued under this Act, (2) is a terminal operator, or (3) is employed by a terminal operator, distributor, or manufacturer.

(d-5) Licensed terminal handler. No person, including, but not limited to, an employee or independent contractor working for a manufacturer, distributor, supplier, technician, or terminal operator licensed pursuant to this Act, shall have possession or control of a video gaming terminal or access to the inner workings of a video gaming terminal, unless that person possesses a valid terminal handler's license issued under this Act.

(e) Licensed establishment. No video gaming terminal may be placed in any licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment unless the owner or agent of the owner of the licensed establishment, licensed veterans establishment, licensed truck stop establishment, or licensed fraternal establishment has entered into a written use agreement with the terminal operator for placement of the terminals. A copy of the use agreement shall be on file in the terminal operator's place of business and available for inspection by individuals authorized by the Board. A licensed establishment, licensed truck stop establishment, licensed veterans establishment, or licensed fraternal establishment may operate up to 5 video gaming terminals on its premises at any time, ~~unless the Board authorizes a greater number.~~

~~(f) (Blank) Residency requirement. Each licensed distributor and terminal operator must be an Illinois resident. However, if an out-of-state distributor or terminal operator has performed its respective business within Illinois for at least 48 months prior to the effective date of this Act, the out-of-state person may be eligible for licensing under this Act, upon application to and approval of the Board.~~

(g) Financial interest restrictions. As used in this Act, "substantial interest" in a partnership, a corporation, an organization, an association, or a business means:

(A) When, with respect to a sole proprietorship, an individual or his or her spouse owns, operates, manages, or conducts, directly or indirectly, the organization, association, or business, or any part thereof; or

(B) When, with respect to a partnership, the individual or his or her spouse shares in any of the profits, or potential profits, of the partnership activities; or

(C) When, with respect to a corporation, an individual or his or her spouse is an officer or director, or the individual or his or her spouse is a holder, directly or beneficially, of 5% or more of any class of stock of the corporation; or

(D) When, with respect to an organization not covered in (A), (B) or (C) above, an individual or his or her spouse is an officer or manages the business affairs, or the individual or his or her spouse is the owner of or otherwise controls 10% or more of the assets of the organization; or

(E) When an individual or his or her spouse furnishes 5% or more of the capital, whether in cash, goods, or services, for the operation of any business, association, or organization during any calendar year.

(h) Location restriction. A licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment that is (i) located within 1,000 feet of a facility operated by an organizational licensee, an intertrack wagering licensee, or an intertrack wagering location licensee licensed under the Illinois Horse Racing Act of 1975 ; or the home dock of a riverboat licensed under the Riverboat Gambling Act or (ii) located with a 100 feet of ; a school, or a place of worship under the Religious Corporation Act , is ineligible to operate a video gaming terminal.

(i) The provisions of the Illinois Antitrust Act are fully and equally applicable to the activities of any licensee under this Act.

(09600HB0255sam001, Sec. 26 new)

Sec. 26. Residency requirement. Each licensed distributor, terminal operator, and person with a substantial interest in a licensed distributor or terminal operator must be an Illinois resident. However, if an out-of-state distributor or terminal operator has performed its respective business within Illinois for at least 48 months prior to the effective date of this Act, the out-of-state person may be eligible for licensing under this Act, upon application to and approval of the Board. The Board shall adopt rules to implement this Section.

(09600HB0255sam001, Sec. 45)

Sec. 45. Issuance of license.

(a) The burden is upon each applicant to demonstrate his suitability for licensure. Each video gaming terminal manufacturer, distributor, supplier, operator, handler, licensed establishment, licensed truck stop establishment, licensed fraternal establishment, and licensed veterans establishment shall be licensed by the Board. The Board may issue or deny a license under this Act to any person pursuant to the same criteria set forth in Section 9 of the Riverboat Gambling Act.

(b) Each person seeking and possessing a license as a video gaming terminal manufacturer, distributor, supplier, operator, handler, licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment shall submit to a background investigation conducted by the Board with the assistance of the State Police or other law enforcement. The background investigation shall include each beneficiary of a trust, each partner of a partnership, and each director and officer and all stockholders of 5% or more in a parent or subsidiary corporation of a video gaming terminal manufacturer, distributor, supplier, operator, or licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment.

(c) Each person seeking and possessing a license as a video gaming terminal manufacturer, distributor, supplier, operator, handler, licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment shall disclose the identity of every person, association, trust, or corporation having a greater than 1% direct or indirect pecuniary interest in the video gaming terminal operation to which the license is sought. If the disclosed entity is a trust, the application shall disclose the names and addresses of the beneficiaries; if a corporation, the names and addresses of all stockholders and directors; if a partnership, the names and addresses of all partners, both general and limited.

(d) No person may be licensed as a video gaming terminal manufacturer, distributor, supplier, operator, handler, licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment if that person has been found by the Board to:

(1) have a background, including a criminal record, reputation, habits, social or business associations, or prior activities that pose a threat to the public interests of the State or to the security and integrity of video gaming;

(2) create or enhance the dangers of unsuitable, unfair, or illegal practices, methods, and activities in the conduct of video gaming; or

(3) present questionable business practices and financial arrangements incidental to the conduct of video gaming activities.

(e) Any applicant for any license under this Act has the burden of proving his or her qualifications to the satisfaction of the Board. The Board may adopt rules to establish additional qualifications and requirements to preserve the integrity and security of video gaming in this State.

(f) ~~(b)~~ A non-refundable application fee shall be paid at the time an application for a license is filed with the Board in the following amounts:

- (1) Manufacturer.....\$5,000
- (2) Distributor.....\$5,000
- (3) Terminal operator.....\$5,000
- (4) Supplier.....\$2,500
- (5) Technician.....\$100
- (6) Terminal Handler.....\$50

(e) (Blank).

(g) ~~(d)~~ Each licensed distributor, terminal operator, or person with a substantial interest in a distributor or terminal operator must have resided in Illinois for at least 24 months prior to application unless he or she has performed his or her respective business in Illinois for at least 48 months prior to the effective date of this Act. The Board shall establish an annual fee for each license not to exceed the following:

- (1) Manufacturer.....\$10,000
- (2) Distributor.....\$10,000
- (3) Terminal operator.....\$5,000
- (4) Supplier.....\$2,000
- (5) Technician.....\$100
- (6) Licensed establishment, licensed truck stop establishment, licensed fraternal establishment, or licensed veterans establishment.....\$100
- (7) Video gaming terminal.....\$100
- (8) Terminal Handler.....\$50

(09600HB0255sam001, Sec. 78 new)

Sec. 78. Authority of the Illinois Gaming Board.

(a) The Board shall have jurisdiction over and shall supervise all gaming operations governed by this Act. The Board shall have all powers necessary and proper to fully and effectively execute the provisions of this Act, including, but not limited to, the following:

(1) To investigate applicants and determine the eligibility of applicants for licenses and to select among competing applicants the applicants which best serve the interests of the citizens of Illinois.

(2) To have jurisdiction and supervision over all video gaming operations in this State and all persons in establishments where video gaming operations are conducted.

(3) To adopt rules for the purpose of administering the provisions of this Act and to prescribe rules, regulations, and conditions under which all video gaming in the State shall be conducted. Such rules and regulations are to provide for the prevention of practices detrimental to the public interest and for the best interests of video gaming, including rules and regulations regarding the inspection of such establishments and the review of any permits or licenses necessary to operate an establishment under any laws or regulations applicable to establishments and to impose penalties for violations this Act and its rules.

(b) Within 60 days after the effective date of this amendatory Act of the 96th General Assembly, the Board shall adopt emergency rules to administer this Act in accordance with Section 5-45 of the Illinois Administrative Procedure Act. For the purposes of the Illinois Administrative Procedure Act, the General Assembly finds that the adoption of rules to implement this Act is deemed an emergency and necessary to the public interest, safety, and welfare.

(09600HB0255sam001, Sec. 85 new)

Sec. 85. Severability. The provisions of the Video Gaming Act are severable pursuant to Section 1.31 of the Statute on Statutes.

Section 30. If and only if House Bill 255 of the 96th General Assembly (as amended by Senate Amendments Nos. 1 and 3) becomes law and takes effect, then the Liquor Control Act of 1934 is amended by changing Section 8-1 as follows:

(235 ILCS 5/8-1) (from Ch. 43, par. 158)

Sec. 8-1. A tax is imposed upon the privilege of engaging in business as a manufacturer or as an importing distributor of alcoholic liquor other than beer at the rate of \$0.185 per gallon until September 1, 2009 and \$0.231 per gallon beginning September 1, 2009 for cider containing not less than 0.5% alcohol by volume nor more than 7% alcohol by volume, \$0.73 per gallon until September August 1, 2009 and \$1.39 per gallon beginning September August 1, 2009 for wine other than cider containing less than 7% alcohol by volume, and \$4.50 per gallon until September August 1, 2009 and \$8.55 per gallon beginning September August 1, 2009 on alcohol and spirits manufactured and sold or used by such manufacturer, or as agent for any other person, or sold or used by such importing distributor, or as agent for any other person. A tax is imposed upon the privilege of engaging in business as a manufacturer of beer or as an importing distributor of beer at the rate of \$0.185 per gallon until September August 1, 2009 and \$0.231 per gallon beginning September August 1, 2009 on all beer manufactured and sold or used by such manufacturer, or as agent for any other person, or sold or used by such importing distributor, or as agent for any other person. Any brewer manufacturing beer in this State shall be entitled to and given a credit or refund of 75% of the tax imposed on each gallon of beer up to 4.9 million gallons per year in any given calendar year for tax paid or payable on beer produced and sold in the State of Illinois.

For the purpose of this Section, "cider" means any alcoholic beverage obtained by the alcohol fermentation of the juice of apples or pears including, but not limited to, flavored, sparkling, or carbonated cider.

The credit or refund created by this Act shall apply to all beer taxes in the calendar years 1982 through 1986.

The increases made by this amendatory Act of the 91st General Assembly in the rates of taxes imposed under this Section shall apply beginning on July 1, 1999.

A tax at the rate of 1¢ per gallon on beer and 48¢ per gallon on alcohol and spirits is also imposed upon the privilege of engaging in business as a retailer or as a distributor who is not also an importing distributor with respect to all beer and all alcohol and spirits owned or possessed by such retailer or distributor when this amendatory Act of 1969 becomes effective, and with respect to which the additional tax imposed by this amendatory Act upon manufacturers and importing distributors does not apply. Retailers and distributors who are subject to the additional tax imposed by this paragraph of this

[June 30, 2009]

Section shall be required to inventory such alcoholic liquor and to pay this additional tax in a manner prescribed by the Department.

The provisions of this Section shall be construed to apply to any importing distributor engaging in business in this State, whether licensed or not.

However, such tax is not imposed upon any such business as to any alcoholic liquor shipped outside Illinois by an Illinois licensed manufacturer or importing distributor, nor as to any alcoholic liquor delivered in Illinois by an Illinois licensed manufacturer or importing distributor to a purchaser for immediate transportation by the purchaser to another state into which the purchaser has a legal right, under the laws of such state, to import such alcoholic liquor, nor as to any alcoholic liquor other than beer sold by one Illinois licensed manufacturer or importing distributor to another Illinois licensed manufacturer or importing distributor to the extent to which the sale of alcoholic liquor other than beer by one Illinois licensed manufacturer or importing distributor to another Illinois licensed manufacturer or importing distributor is authorized by the licensing provisions of this Act, nor to alcoholic liquor whether manufactured in or imported into this State when sold to a "non-beverage user" licensed by the State for use in the manufacture of any of the following when they are unfit for beverage purposes:

- Patent and proprietary medicines and medicinal, antiseptic, culinary and toilet preparations;
- Flavoring extracts and syrups and food products;
- Scientific, industrial and chemical products, excepting denatured alcohol;
- Or for scientific, chemical, experimental or mechanical purposes;

Nor is the tax imposed upon the privilege of engaging in any business in interstate commerce or otherwise, which business may not, under the Constitution and Statutes of the United States, be made the subject of taxation by this State.

The tax herein imposed shall be in addition to all other occupation or privilege taxes imposed by the State of Illinois or political subdivision thereof.

If any alcoholic liquor manufactured in or imported into this State is sold to a licensed manufacturer or importing distributor by a licensed manufacturer or importing distributor to be used solely as an ingredient in the manufacture of any beverage for human consumption, the tax imposed upon such purchasing manufacturer or importing distributor shall be reduced by the amount of the taxes which have been paid by the selling manufacturer or importing distributor under this Act as to such alcoholic liquor so used to the Department of Revenue.

If any person received any alcoholic liquors from a manufacturer or importing distributor, with respect to which alcoholic liquors no tax is imposed under this Article, and such alcoholic liquor shall thereafter be disposed of in such manner or under such circumstances as may cause the same to become the base for the tax imposed by this Article, such person shall make the same reports and returns, pay the same taxes and be subject to all other provisions of this Article relating to manufacturers and importing distributors.

Nothing in this Article shall be construed to require the payment to the Department of the taxes imposed by this Article more than once with respect to any quantity of alcoholic liquor sold or used within this State.

No tax is imposed by this Act on sales of alcoholic liquor by Illinois licensed foreign importers to Illinois licensed importing distributors.

All of the proceeds of the additional tax imposed by this amendatory Act of the 96th General Assembly shall be deposited by the Department into the Capital Projects Fund. The remainder of the tax imposed by this Act shall be deposited by the Department into the General Revenue Fund.

The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.
