Senator Lightford offered the following amendment and moved its adoption:

AMENDMENT NO. 1 TO HOUSE BILL 1197

AMENDMENT NO. 1. Amend House Bill 1197 by replacing everything after the enacting clause with the following:

"Section 5. If and only if Senate Bill 7 as passed by the 97th General Assembly becomes law, the Illinois Educational Labor Relations Act is amended by changing Sections 4.5, 12, and 13 as follows:

(115 ILCS 5/4.5)

Sec. 4.5. Subjects of collective bargaining.

(a) Notwithstanding the existence of any other provision in this Act or other law, collective bargaining between an educational employer whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000 and an exclusive representative of its employees may include any of the following subjects:

(1) (Blank).

(2) Decisions to contract with a third party for one or more services otherwise performed by employees in a bargaining unit and the procedures for obtaining such contract or the identity of the third party.

(3) Decisions to layoff or reduce in force employees.

(4) Decisions to determine class size, class staffing and assignment, class schedules, academic calendar, length of the work and school day, length of the work and school year, hours and places of instruction, or pupil assessment policies.

(5) Decisions concerning use and staffing of experimental or pilot programs and decisions concerning use of technology to deliver educational programs and services and staffing to provide the technology.

(b) The subject or matters described in subsection (a) are permissive subjects of bargaining between an educational employer and an exclusive representative of its employees and, for the purpose of this Act, are within the sole discretion of the educational employer to decide to bargain, provided that the educational employer is required to bargain over the impact of a decision concerning such subject or matter on the bargaining unit upon request by the exclusive representative. During this bargaining, the educational employer shall not be precluded from implementing its decision. If, after a reasonable period of bargaining, a dispute or impasse exists between the educational employer and the exclusive representative, the dispute or impasse shall be resolved exclusively as set forth in subsection (b) of Section 12 of this Act in lieu of a strike under Section 13 of this Act. Neither the Board nor any mediator or fact-finder appointed pursuant to subsection (a-10) of Section 12 of this Act shall have jurisdiction over such a dispute or impasse.

(c) A provision in a collective bargaining agreement that was rendered null and void because it involved a prohibited subject of collective bargaining under this subsection (c) as this subsection (c) existed before the effective date of this amendatory Act of the 93rd General Assembly remains null and void and shall not otherwise be reinstated in any successor agreement unless the educational employer and exclusive representative otherwise agree to include an agreement reached on a subject or matter described in subsection (a) of this Section as subsection (a) existed before this amendatory Act of the 93rd General Assembly.

(115 ILCS 5/12) (from Ch. 48, par. 1712)

Sec. 12. Impasse procedures.

(a) This subsection (a) applies only to collective bargaining between an educational employer that is not a public school district organized under Article 34 of the School Code and an exclusive

[May 27, 2011]

representative of its employees. If the parties engaged in collective bargaining have not reached an agreement by 90 days before the scheduled start of the forthcoming school year, the parties shall notify the Illinois Educational Labor Relations Board concerning the status of negotiations. This notice shall include a statement on whether mediation has been used.

Upon demand of either party, collective bargaining between the employer and an exclusive bargaining representative must begin within 60 days of the date of certification of the representative by the Board, or in the case of an existing exclusive bargaining representative, within 60 days of the receipt by a party of a demand to bargain issued by the other party. Once commenced, collective bargaining must continue for at least a 60 day period, unless a contract is entered into.

Except as otherwise provided in subsection (b) of this Section, if after a reasonable period of negotiation and within 90 days of the scheduled start of the forth-coming school year, the parties engaged in collective bargaining have reached an impasse, either party may petition the Board to initiate mediation. Alternatively, the Board on its own motion may initiate mediation during this period. However, mediation shall be initiated by the Board at any time when jointly requested by the parties and the services of the mediators shall continuously be made available to the employer and to the exclusive bargaining representative for purposes of arbitration of grievances and mediation or arbitration of contract disputes. If requested by the parties, the mediator may perform fact-finding and in so doing conduct hearings and make written findings and recommendations for resolution of the dispute. Such mediation shall be provided by the Board and shall be held before qualified impartial individuals. Nothing prohibits the use of other individuals or organizations such as the Federal Mediation and Conciliation Service or the American Arbitration Association selected by both the exclusive bargaining representative and the employer.

If the parties engaged in collective bargaining fail to reach an agreement within 45 days of the scheduled start of the forthcoming school year and have not requested mediation, the Illinois Educational Labor Relations Board shall invoke mediation.

Whenever mediation is initiated or invoked under this subsection (a), the parties may stipulate to defer selection of a mediator in accordance with rules adopted by the Board.

(a-5) This subsection (a-5) applies only to collective bargaining between a public school district or a combination of public school districts, including, but not limited to, joint cooperatives, that is not organized under Article 34 of the School Code and an exclusive representative of its employees.

(1) Any time ~~15 days after mediation has commenced~~ ~~after 15 days of mediation~~, either party may declare an impasse. The mediator may declare an impasse at any time during the mediation process. Notification of an impasse must be filed in writing with the Board, and copies of the notification must be submitted to the parties on the same day the notification is filed with the Board.

(2) Within 7 days after the declaration of impasse, each party shall submit to the mediator, ~~the Board~~, and the other party in writing the final offer of the party, including a cost summary of the offer. Seven days after receipt of the parties' final offers, the ~~Board mediator~~ shall make public the final offers and each party's cost summary dealing with those issues on which the parties have failed to reach agreement by immediately posting the offers on its Internet website, unless otherwise notified by the mediator or jointly by the parties that agreement has been reached. The mediator shall make the final offers public by filing them with the Board, which shall immediately post the offers on its Internet website. On the same day of publication by the mediator, at a minimum, the school district shall distribute notice of the availability of the offers on the Board's Internet website to all news media that have filed an annual request for notices from the school district pursuant to Section 2.02 of the Open Meetings Act.

(a-10) This subsection (a-10) applies only to collective bargaining between a public school district organized under Article 34 of the School Code and an exclusive representative of its employees.

(1) For collective bargaining agreements between an educational employer to which this subsection (a-10) applies ~~whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000~~ and an exclusive representative of its employees, if the parties fail to reach an agreement after a reasonable period of mediation, the dispute shall be submitted to fact-finding in accordance with this subsection (a-10). Either the educational employer or the exclusive representative may initiate fact-finding by submitting a written demand to the other party with a copy of the demand submitted simultaneously to the Board.

(2) Within 3 days following a party's demand for fact-finding, each party shall appoint one member of the fact-finding panel, unless the parties agree to proceed without a tri-partite panel.

Following these appointments, if any, the parties shall select a qualified impartial individual to serve as the fact-finder and chairperson of the fact-finding panel, if applicable. An individual shall be considered qualified to serve as the fact-finder and chairperson of the fact-finding panel, if applicable, if he or she was not the same individual who was appointed as the mediator and if he or she satisfies the following requirements: membership in good standing with the National Academy of Arbitrators, Federal Mediation and Conciliation Service, or American Arbitration Association for a minimum of 10 years; membership on the mediation roster for the Illinois Labor Relations Board or Illinois Educational Labor Relations Board; issuance of at least 5 interest arbitration awards arising under the Illinois Public Labor Relations Act; and participation in impasse resolution processes arising under private or public sector collective bargaining statutes in other states. If the parties are unable to agree on a fact-finder, the parties shall request a panel of fact-finders who satisfy the requirements set forth in this paragraph (2) from either the Federal Mediation and Conciliation Service or the American Arbitration Association and shall select a fact-finder from such panel in accordance with the procedures established by the organization providing the panel.

(3) The fact-finder shall have the following duties and powers:

- (A) to require the parties to submit a statement of disputed issues and their positions regarding each issue either jointly or separately;
- (B) to identify disputed issues that are economic in nature;
- (C) to meet with the parties either separately or in executive sessions;
- (D) to conduct hearings and regulate the time, place, course, and manner of the hearings;
- (E) to request the Board to issue subpoenas requiring the attendance and testimony of witnesses or the production of evidence;
- (F) to administer oaths and affirmations;
- (G) to examine witnesses and documents;
- (H) to create a full and complete written record of the hearings;
- (I) to attempt mediation or remand a disputed issue to the parties for further collective bargaining;
- (J) to require the parties to submit final offers for each disputed issue either individually or as a package or as a combination of both; and
- (K) to employ any other measures deemed appropriate to resolve the impasse.

(4) If the dispute is not settled within 75 days after the appointment of the fact-finding panel, the fact-finding panel shall issue a private report to the parties that contains advisory findings of fact and recommended terms of settlement for all disputed issues and that sets forth a rationale for each recommendation. The fact-finding panel, acting by a majority of its members, shall base its findings and recommendations upon the following criteria as applicable:

- (A) the lawful authority of the employer;
- (B) the federal and State statutes or local ordinances and resolutions applicable to the employer;
- (C) prior collective bargaining agreements and the bargaining history between the parties;
- (D) stipulations of the parties;
- (E) the interests and welfare of the public and the students and families served by the employer;
- (F) the employer's financial ability to fund the proposals based on existing available resources, provided that such ability is not predicated on an assumption that lines of credit or reserve funds are available or that the employer may or will receive or develop new sources of revenue or increase existing sources of revenue;
- (G) the impact of any economic adjustments on the employer's ability to pursue its educational mission;
- (H) the present and future general economic conditions in the locality and State;
- (I) a comparison of the wages, hours, and conditions of employment of the employees involved in the dispute with the wages, hours, and conditions of employment of employees performing similar services in public education in the 10 largest U.S. cities;
- (J) the average consumer prices in urban areas for goods and services, which is commonly known as the cost of living;
- (K) the overall compensation presently received by the employees involved in the dispute, including direct wage compensation; vacations, holidays, and other excused time; insurance and pensions; medical and hospitalization benefits; the continuity and stability of

employment and all other benefits received; and how each party's proposed compensation structure supports the educational goals of the district;

(L) changes in any of the circumstances listed in items (A) through (K) of this paragraph (4) during the fact-finding proceedings;

(M) the effect that any term the parties are at impasse on has or may have on the overall educational environment, learning conditions, and working conditions with the school district; and

(N) the effect that any term the parties are at impasse on has or may have in promoting the public policy of this State.

(5) The fact-finding panel's recommended terms of settlement shall be deemed agreed upon by the parties as the final resolution of the disputed issues and incorporated into the collective bargaining agreement executed by the parties, unless either party tenders to the other party and the chairperson of the fact-finding panel a notice of rejection of the recommended terms of settlement with a rationale for the rejection, within 15 days after the date of issuance of the fact-finding panel's report. If either party submits a notice of rejection, the chairperson of the fact-finding panel shall publish the fact-finding panel's report and the notice of rejection for public information by delivering a copy to all newspapers of general circulation in the community with simultaneous written notice to the parties.

(b) If, after a period of bargaining of at least 60 days, a dispute or impasse exists between an educational employer whose territorial boundaries are coterminous with those of a city having a population in excess of 500,000 and the exclusive bargaining representative over a subject or matter set forth in Section 4.5 of this Act, the parties shall submit the dispute or impasse to the dispute resolution procedure agreed to between the parties. The procedure shall provide for mediation of disputes by a rotating mediation panel and may, at the request of either party, include the issuance of advisory findings of fact and recommendations. ~~A dispute or impasse over any Section 4.5 subject shall not be resolved through the procedures set forth in this Act, and the Board, mediator, or fact finder has no jurisdiction over any Section 4.5 subject. The changes made to this subsection (b) by this amendatory Act of the 97th General Assembly are declarative of existing law.~~

(c) The costs of fact finding and mediation shall be shared equally between the employer and the exclusive bargaining agent, provided that, for purposes of mediation under this Act, if either party requests the use of mediation services from the Federal Mediation and Conciliation Service, the other party shall either join in such request or bear the additional cost of mediation services from another source. All other costs and expenses of complying with this Section must be borne by the party incurring them.

(c-5) If an educational employer or exclusive bargaining representative refuses to participate in mediation or fact finding when required by this Section, the refusal shall be deemed a refusal to bargain in good faith.

(d) Nothing in this Act prevents an employer and an exclusive bargaining representative from mutually submitting to final and binding impartial arbitration unresolved issues concerning the terms of a new collective bargaining agreement.

(115 ILCS 5/13) (from Ch. 48, par. 1713)

Sec. 13. Strikes.

(a) Notwithstanding the existence of any other provision in this Act or other law, educational employees employed in school districts organized under Article 34 of the School Code shall not engage in a strike at any time during the 18 month period that commences on the effective date of this amendatory Act of 1995. An educational employee employed in a school district organized under Article 34 of the School Code who participates in a strike in violation of this Section is subject to discipline by the employer. In addition, no educational employer organized under Article 34 of the School Code may pay or cause to be paid to an educational employee who participates in a strike in violation of this subsection any wages or other compensation for any period during which an educational employee participates in the strike, except for wages or compensation earned before participation in the strike. Notwithstanding the existence of any other provision in this Act or other law, during the 18-month period that strikes are prohibited under this subsection nothing in this subsection shall be construed to require an educational employer to submit to a binding dispute resolution process.

(b) Notwithstanding the existence of any other provision in this Act or any other law, educational employees other than those employed in a school district organized under Article 34 of the School Code and, after the expiration of the 18 month period that commences on the effective date of this amendatory Act of 1995, educational employees in a school district organized under Article 34 of the School Code

shall not engage in a strike except under the following conditions:

- (1) they are represented by an exclusive bargaining representative;
- (2) mediation has been used without success and, if an impasse has been declared under subsection (a-5) of Section 12 of this Act, at least 14 days have elapsed after the mediator has made public the final offers;
- (2.5) if fact-finding was invoked pursuant to subsection (a-10) of Section 12 of this Act, at least 30 days have elapsed after a fact-finding report has been released for public information;
- (2.10) for educational employees employed in a school district organized under Article 34 of the School Code, at least three-fourths of all bargaining unit employees who are members of the exclusive bargaining representative have affirmatively voted to authorize the strike; provided, however, that all members of the exclusive bargaining representative at the time of a strike authorization vote shall be eligible to vote;
- (3) at least 10 days have elapsed after a notice of intent to strike has been given by the exclusive bargaining representative to the educational employer, the regional superintendent and the Illinois Educational Labor Relations Board;
- (4) the collective bargaining agreement between the educational employer and educational employees, if any, has expired or been terminated; and
- (5) the employer and the exclusive bargaining representative have not mutually submitted the unresolved issues to arbitration.

If, however, in the opinion of an employer the strike is or has become a clear and present danger to the health or safety of the public, the employer may initiate in the circuit court of the county in which such danger exists an action for relief which may include, but is not limited to, injunction. The court may grant appropriate relief upon the finding that such clear and present danger exists. An unfair practice or other evidence of lack of clean hands by the educational employer is a defense to such action. Except as provided for in this paragraph, the jurisdiction of the court under this Section is limited by the Labor Dispute Act.

"Section 1. Short title. This Act may be cited as the General Assembly Redistricting Act of 2011.

Section 5. Findings and declarations. In enacting this redistricting plan, the General Assembly finds and declares all of the following:

(a) In establishing boundaries for Illinois Legislative and Representative Districts ("Districts"), the following redistricting principles were taken into account:

(1) each of the Districts contained in the General Assembly Redistricting Act of 2011 was drawn to be substantially equal in population, so that as nearly as practicable, the total population deviation between Districts is zero;

(2) each of the Districts contained in the General Assembly Redistricting Act of 2011 was drawn to be consistent with the United States Constitution;

(3) each of the Districts contained in the General Assembly Redistricting Act of 2011 was drawn to be consistent with the federal Voting Rights Act, where applicable;

(4) each of the Districts contained in the General Assembly Redistricting Act of 2011 was drawn to be compact and contiguous, as required by the Illinois Constitution;

(5) each of the Districts contained in the General Assembly Redistricting Act of 2011 was drawn to be consistent with the Illinois Voting Rights Act of 2011, where applicable; and

(6) each of the Districts contained in the General Assembly Redistricting Act of 2011 was drawn taking into account the partisan composition of the District and of the plan itself.

(b) In addition to the redistricting principles set forth in subsection (a), each of the Districts contained in the General Assembly Redistricting Act of 2011 was drawn to reflect a balance of the following redistricting principles: the preservation of the core or boundaries of the existing Districts; the preservation of communities of interest; respect for county, township, municipal, ward, and other political subdivision boundaries; the maintenance of incumbent-constituent relationships and tracking of population migration; proposals or other input submitted by members of the public and stakeholder groups; public hearing testimony; other incumbent requests; respect for geographic features and natural or logical boundaries; and other redistricting principles recognized by state and federal court decisions.

(c) For purposes of legislative intent, the General Assembly adopts and incorporates herein, as if fully set forth, the provisions of House Resolution 385 of the Ninety-Seventh General Assembly and Senate Resolution 249 of the Ninety-Seventh General Assembly.

"Section 5. The Illinois Vehicle Code is amended by changing Sections 6-305, 6-305.3, 18c-4201, 18c-4203, and 18c-4204 as follows:

(625 ILCS 5/6-305) (from Ch. 95 1/2, par. 6-305)

Sec. 6-305. Renting motor vehicle to another.

(a) No person shall rent a motor vehicle to any other person unless the latter person, or a driver designated by a nondriver with disabilities and meeting any minimum age and driver's record requirements that are uniformly applied by the person renting a motor vehicle, is then duly licensed hereunder or, in the case of a nonresident, then duly licensed under the laws of the State or country of his residence unless the State or country of his residence does not require that a driver be licensed.

(b) No person shall rent a motor vehicle to another until he has inspected the drivers license of the person to whom the vehicle is to be rented, or by whom it is to be driven, and compared and verified the signature thereon with the signature of such person written in his presence unless, in the case of a nonresident, the State or country wherein the nonresident resides does not require that a driver be licensed.

[May 27, 2011]

(d) (Blank).

(e) (Blank).

(f) Subject to subsection (l), any person who rents a motor vehicle to another shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, ~~and~~ a mileage charge, and airport concession charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate applies. The person must provide, on the request of the renter, based on the available information, an estimated total of the daily rental rate, including all applicable taxes, fees, and other charges, or an estimated total rental charge, based on the return date of the vehicle noted on the rental agreement. Further, if the rental agreement does not already provide an estimated total rental charge, the following statement must be included in the rental agreement:

"NOTICE: UNDER ILLINOIS LAW, YOU MAY REQUEST, BASED ON AVAILABLE INFORMATION, AN ESTIMATED

TOTAL DAILY RENTAL RATE, INCLUDING TAXES, FEES, AND OTHER CHARGES, OR AN ESTIMATED TOTAL RENTAL CHARGE, BASED ON THE VEHICLE RETURN DATE NOTED ON THIS AGREEMENT."

Such person shall not charge in addition to the rental rate, taxes, ~~and~~ mileage charge, and airport concession charge, if any, any fee which must be paid by the renter as a condition of hiring or leasing the vehicle, such as, but not limited to, required fuel or airport surcharges, nor any fee for transporting the renter to the location where the rented vehicle will be delivered to the renter. In addition to the rental rate, taxes, ~~and~~ mileage charge, and airport concession charge, if any, such person may charge for an item or service provided in connection with a particular rental transaction if the renter can avoid incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which such person may impose an additional charge include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. "Airport concession charge" means a charge or fee imposed and collected from a renter to reimburse the motor vehicle rental company for the concession fee it is required to pay to a local government corporate authority or airport authority to rent motor vehicles at the airport facility. The airport concession charge is in addition to any customer facility charge or any other charge.

(g) Every person renting a motor vehicle to another shall keep a record of the registration number of the motor vehicle so rented, the name and address of the person to whom the vehicle is rented, the number of the license, if any, of said latter person, and the date and place when and where the license, if any, was issued. Such record shall be open to inspection by any police officer or designated agent of the Secretary of State.

(h) A person licensed as a new car dealer under Section 5-101 of this Code shall not be subject to the provisions of this Section regarding the rental of private passenger motor vehicles when providing, free of charge, temporary substitute vehicles for customers to operate during a period when a customer's vehicle, which is either leased or owned by that customer, is being repaired, serviced, replaced or otherwise made unavailable to the customer in accordance with an agreement with the licensed new car dealer or vehicle manufacturer, so long as the customer orally or in writing is made aware that the temporary substitute vehicle will be covered by his or her insurance policy and the customer shall only be liable to the extent of any amount deductible from such insurance coverage in accordance with the terms of the policy.

(i) This Section, except the requirements of subsection (g), also applies to rental agreements of 30 continuous days or less involving a motor vehicle that was delivered by an out of State person or business to a renter in this State.

(j) A public airport may, if approved by its local government corporate authorities or its airport authority, impose a customer facility charge upon customers of rental car companies for the purposes of financing, designing, constructing, operating, and maintaining consolidated car rental facilities and common use transportation equipment and facilities, which are used to transport the customer, connecting consolidated car rental facilities with other airport facilities.

Notwithstanding subsection (f) of this Section, the customer facility charge shall be collected by the rental car company as a separate charge, and clearly indicated as a separate charge on the rental agreement and invoice. Facility charges shall be immediately deposited into a trust account for the

benefit of the airport and remitted at the direction of the airport, but not more often than once per month. The charge shall be uniformly calculated on a per-contract or per-day basis. Facility charges imposed by the airport may not exceed the reasonable costs of financing, designing, constructing, operating, and maintaining the consolidated car rental facilities and common use transportation equipment and facilities and may not be used for any other purpose.

Notwithstanding any other provision of law, the charges collected under this Section are not subject to retailer occupation, sales, use, or transaction taxes.

(k) When a rental car company states a rental rate in any of its rate advertisements, its proprietary computer reservation systems, or its in-person quotations intended to apply to an airport rental, a company that collects from its customers a customer facility charge for that rental under subsection (j) shall do all of the following:

(1) Clearly and conspicuously disclose in any radio, television, or other electronic media advertisements the existence and amount of the charge if the advertisement is intended for rentals at an airport imposing the charge or, if the advertisement covers an area with multiple airports with different charges, a range of amounts of customer facility charges if the advertisement is intended for rentals at an airport imposing the charge.

(2) Clearly and conspicuously disclose in any print rate advertising the existence and amount of the charge if the advertisement is intended for rentals at an airport imposing the charge or, if the print rate advertisement covers an area with multiple airports with different charges, a range of amounts of customer facility charges if the advertisement is intended for rentals at an airport imposing the charge.

(3) Clearly and conspicuously disclose the existence and amount of the charge in any telephonic, in-person, or computer-transmitted quotation from the rental car company's proprietary computer reservation system at the time of making an initial quotation of a rental rate if the quotation is made by a rental car company location at an airport imposing the charge and at the time of making a reservation of a rental car if the reservation is made by a rental car company location at an airport imposing the charge.

(4) Clearly and conspicuously display the charge in any proprietary computer-assisted reservation or transaction directly between the rental car company and the customer, shown or referenced on the same page on the computer screen viewed by the customer as the displayed rental rate and in a print size not smaller than the print size of the rental rate.

(5) Clearly and conspicuously disclose and separately identify the existence and amount of the charge on its rental agreement.

(6) A rental car company that collects from its customers a customer facility charge under subsection (j) and engages in a practice which does not comply with subsections (f), (j), and (k) commits an unlawful practice within the meaning of the Consumer Fraud and Deceptive Business Practices Act.

(l) Notwithstanding subsection (f), any person who rents a motor vehicle to another may, in connection with the rental of a motor vehicle to (i) a business renter or (ii) a business program sponsor under the sponsor's business program, do the following:

(1) separately quote, by telephone, in person, or by computer transmission, additional charges for the rental; and

(3) "Business program sponsor" means any legal entity other than a natural person, including a corporation, limited liability company, partnership, government, municipality or agency, or a natural person operating a business as a sole proprietor.

(4) "Business renter" means any person renting a motor vehicle for business purposes or, for any business program sponsor, a person who is

If, after termination or denial, the person seeks a registration, he or she shall apply to the Department for restoration or issuance of the registration and pay all fees and fines due to the Department. The Department may establish a fee for the processing of an application for restoration of a registration to pay all expenses of processing this application. The Secretary may waive the fines due under this Section in individual cases where the Secretary finds that the fines would be unreasonable or unnecessarily burdensome.

Section 65. Disciplinary actions.

(a) The Department may refuse to issue or renew, or may revoke, suspend, place on probation, reprimand, or take other disciplinary or non-disciplinary action as the Department may deem appropriate, including imposing fines not to exceed \$25,000 for each violation, with regard to any registration for any one or combination of the following:

Section 70. Injunctive action; cease and desist order.

(a) If any person violates the provisions of this Act, the Secretary, in the name of the People of the State of Illinois, through the Attorney General or the State's Attorney of the county in which the

violation is alleged to have occurred, may petition for an order enjoining the violation or for an order enforcing compliance with this Act. Upon the filing of a verified petition, the court with appropriate jurisdiction may issue a temporary restraining order, without notice or bond, and may preliminarily and permanently enjoin the violation. If it is established that the person has violated or is violating the injunction, the court may punish the offender for contempt of court. Proceedings under this Section are in addition to, and not in lieu of, all other remedies and penalties provided by this Act.

(b) Whenever, in the opinion of the Department, a person violates any provision of this Act, the Department may issue a rule to show cause why an order to cease and desist should not be entered against that person. The rule shall clearly set forth the grounds relied upon by the Department and shall allow at least 7 days from the date of the rule to file an answer satisfactory to the Department. Failure to answer to the satisfaction of the Department shall cause an order to cease and desist to be issued.

Section 75. Investigations; notice and hearing. The Department may investigate the actions of any applicant or of any person or persons rendering or offering to render any services requiring registration under this Act or any person holding or claiming to hold a registration as an appraisal management company. The Department shall, before revoking, suspending, placing on probation, reprimanding, or taking any other disciplinary or non-disciplinary action under Section 65 of this Act, at least 30 days before the date set for the hearing, (i) notify the accused in writing of the charges made and the time and place for the hearing on the charges, (ii) direct him or her to file a written answer to the charges with the Department under oath within 20 days after the service on him or her of the notice, and (iii) inform the accused that, if he or she fails to answer, default will be taken against him or her or that his or her registration may be suspended, revoked, placed on probationary status, or other disciplinary action taken with regard to the registration, including limiting the scope, nature, or extent of his or her practice, as the Department may consider proper. At the time and place fixed in the notice, the Department shall proceed to hear the charges and the parties or their counsel shall be accorded ample opportunity to present any pertinent statements, testimony, evidence, and arguments. The Department may continue the hearing from time to time. In case the person, after receiving the notice, fails to file an answer, his or her registration may, in the discretion of the Department, be suspended, revoked, placed on probationary status, or the Department may take whatever disciplinary action considered proper, including limiting the scope, nature, or extent of the person's practice or the imposition of a fine, without a hearing, if the act or acts charged constitute sufficient grounds for that action under this Act. The written notice may be served by personal delivery or by certified mail to the address specified by the accused in his or her last notification with the Department.

Section 80. Record of proceedings; transcript. The Department, at its expense, shall preserve a record of all proceedings at the formal hearing of any case. The notice of hearing, complaint, all other documents in the nature of pleadings, written motions filed in the proceedings, the transcripts of testimony, the report of the hearing officer, and orders of the Department shall be in the record of the proceeding. The Department shall furnish a transcript of the record to any person interested in the hearing upon payment of the fee required under Section 2105-115 of the Department of Professional Regulation Law.

Section 85. Subpoenas; depositions; oaths. The Department has the power to subpoena documents, books, records, or other materials and to bring before it any person and to take testimony either orally or by deposition, or both, with the same fees and mileage and in the same manner as prescribed in civil cases in the courts of this State.

The court may compel obedience to its order by proceedings for contempt.

Section 95. Findings and recommendations. At the conclusion of the hearing, the designated hearing officer shall present to the Secretary a written report of his or her findings of fact, conclusions of law, and recommendations. The report shall contain a finding whether or not the accused person violated this Act or its rules or failed to comply with the conditions required in this Act or its rules. The hearing

[May 27, 2011]

officer shall specify the nature of any violations or failure to comply and shall make his or her recommendations to the Secretary. In making recommendations for any disciplinary actions, the hearing officer may take into consideration all facts and circumstances bearing upon the reasonableness of the conduct of the accused and the potential for future harm to the public, including, but not limited to, previous discipline of the accused by the Department, intent, degree of harm to the public and likelihood of harm in the future, any restitution made by the accused, and whether the incident or incidents contained in the complaint appear to be isolated or represent a continuing pattern of conduct. In making his or her recommendations for discipline, the hearing officer shall endeavor to ensure that the severity of the discipline recommended is reasonably related to the severity of the violation. The report of findings of fact, conclusions of law, and recommendation of the hearing officer shall be the basis for the Department's order refusing to issue, restore, or renew a registration, or otherwise disciplining a registrant. If the Secretary disagrees with the recommendations of the hearing officer, the Secretary may issue an order in contravention of the hearing officer recommendations. The finding is not admissible in evidence against the person in a criminal prosecution brought for a violation of this Act, but the hearing and finding are not a bar to a criminal prosecution brought for a violation of this Act.

Section 100. Hearing officer; rehearing. At the conclusion of the hearing, a copy of the hearing officer's report shall be served upon the applicant or registrant by the Department, either personally or as provided in this Act for the service of a notice of hearing. Within 20 days after service, the applicant or registrant may present to the Department a motion in writing for a rehearing, which shall specify the particular grounds for rehearing. The Department may respond to the motion for rehearing within 20 days after its service on the Department. If no motion for rehearing is filed, then upon the expiration of the time specified for filing such a motion, or if a motion for rehearing is denied, then upon denial, the Secretary may enter an order in accordance with recommendations of the hearing officer except as provided in Section 105 or 110 of this Act. If the applicant or registrant orders from the reporting service and pays for a transcript of the record within the time for filing a motion for rehearing, the 20-day period within which a motion may be filed shall commence upon the delivery of the transcript to the applicant or registrant.

Section 105. Secretary; rehearing. Whenever the Secretary believes that substantial justice has not been done in the revocation, suspension, or refusal to issue, restore, or renew a registration, or other discipline of an applicant or registrant, he or she may order a rehearing by the same or other hearing officers.

Section 110. Appointment of a hearing officer. The Secretary has the authority to appoint any attorney licensed to practice law in the State to serve as the hearing officer in any action for refusal to issue, restore, or renew a registration or to discipline a registrant. The hearing officer has full authority to conduct the hearing. The hearing officer shall report his or her findings of fact, conclusions of law, and recommendations to the Secretary. If the Secretary disagrees with the recommendation of the hearing officer, the Secretary may issue an order in contravention of the recommendation.

Section 115. Order or certified copy; prima facie proof. An order or certified copy thereof, over the seal of the Department and purporting to be signed by the Secretary, is prima facie proof that:

- (1) the signature is the genuine signature of the Secretary; and
- (2) the Secretary is duly appointed and qualified.

Section 120. Restoration of suspended or revoked registration. At any time after the successful completion of a term of suspension or revocation of a registration, the Department may restore it to the registrant, upon the written recommendation of the hearing officer, unless after an investigation and a hearing the Secretary determines that restoration is not in the public interest.

Section 125. Surrender of registration. Upon the revocation or suspension of a registration, the registrant shall immediately surrender his or her registration to the Department. If the registrant fails to do so, the Department has the right to seize the registration.

Section 130. Summary suspension of a registration. The Secretary may summarily suspend the registration of any registrant under this Act without a hearing, simultaneously with the institution of proceedings for a hearing provided for in Section 75 of this Act, if the Secretary finds that evidence in the Secretary's possession indicates that the continuation of practice by the registrant would constitute an

imminent danger to the public. In the event that the Secretary summarily suspends the registration of a registrant under this Section without a hearing, a hearing must be commenced within 30 days after the suspension has occurred and concluded as expeditiously as practical.

Section 135. Administrative review; venue.

(a) All final administrative decisions of the Department are subject to judicial review under the Administrative Review Law and its rules. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.

(b) Proceedings for judicial review shall be commenced in the circuit court of the county in which the party applying for review resides, but if the party is not a resident of Illinois, the venue shall be in Sangamon County.

Section 140. Certifications of record; costs. The Department shall not be required to certify any record to the court, to file an answer in court, or to otherwise appear in any court in a judicial review proceeding unless and until the Department has received from the plaintiff payment of the costs of furnishing and certifying the record, which costs shall be determined by the Department. Failure on the part of the plaintiff to file the receipt in court is grounds for dismissal of the action.

Section 145. Violations. Any person who is found to have violated any provision of this Act is guilty of a Class A misdemeanor. On conviction of a second or subsequent offense, the violator is guilty of a Class 4 felony.

Section 150. Civil penalties.

(a) In addition to any other penalty provided by law, any person who violates this Act shall forfeit and pay a civil penalty to the Department in an amount not to exceed \$25,000 for each violation as determined by the Department. The civil penalty shall be assessed by the Department in accordance with the provisions of this Act.

(b) The Department has the authority and power to investigate any and all unregistered activity.

(c) The civil penalty shall be paid within 60 days after the effective date of the order imposing the civil penalty. The order shall constitute a judgment and may be filed and execution had thereon in the same manner as any judgment from any court of record.

(d) All moneys collected under this Section shall be deposited into the Appraisal Administration Fund.

Section 155. Consent order. At any point in the proceedings as provided in this Act, both parties may agree to a negotiated consent order. The consent order shall be final upon signature of the Secretary.

Section 160. Business practice provisions; standards of practice.

(a) The Department may adopt by rule the Uniform Standards of Professional Appraisal Practice as published from time to time by the Appraisal Standards Board of the Appraisal Foundation. Appraisal management companies shall not interfere with adherence to the Uniform Standards of Professional Appraisal Practice or the Real Estate Appraiser Act of 2002 or a subsequent Act by individuals licensed under the respective Acts.

(b) All payment policies from registrants under this Act to appraisers shall be written and definitive in nature.

(c) In the event of a value dispute or a requested reconsideration of value, the appraisal management company shall deliver all information that supports an increase or decrease in value to the appraiser. This information may include, but is not limited to, additional comparable sales.

(d) Each entity registered under this Act shall designate a controlling person who is responsible to assure that the company operates in compliance with this Act. The company shall file a form provided by the Department indicating the company's designation of the controlling person and such individual's acceptance of the responsibility. A registrant shall notify the Department of any change in its controlling person within 30 days. (b) On January 1, 2012, the Commission is divested of jurisdiction over all actions over which it had jurisdiction on December 31, 2011. Except for claims against the State that are subject to Section 8 of the Court of Claims Act, all actions over which the Commission had jurisdiction on December 31, 2011

[May 27, 2011]

are transferred to the Supreme Court for assignment to the circuit courts, which assume jurisdiction over those actions on January 1, 2012. Each such action shall be decided in accordance with the substantive law that was in effect when the cause of action accrued. Procedure shall be governed by court rule. The Commission shall deliver to the Supreme Court all records, documents, communications, and other materials in its possession relating to those actions and relating to all actions that are on appeal, actions for which the time for filing an appeal has not expired, and actions that may be subject to modification. In an action pending before any court, the Court of Claims, or other tribunal on January 1, 2012 in which the Commission is a party, the Department shall be substituted for the Commission as a party. A temporary order may be revoked or modified before final judgment for good cause shown. A temporary order terminates when a final judgment is entered or when the action is dismissed.

Section 5-25. Funds. The Department shall administer the Injured Workers' Benefit Fund, the Rate Adjustment Fund, the Illinois Workers' Compensation Commission Operations Fund, the Self-Insurers Administration Fund, the Self-Insurers Security Fund, the Workers' Compensation Benefit Trust Fund, and the Second Injury Fund. Subject to appropriation, the Department is authorized to use those funds to pay obligations incurred under the Workers' Compensation Act and the Workers' Occupational Diseases Act, obligations incurred in cases decided under the provisions of the Workers' Compensation Act and the Workers' Occupational Diseases Act as those Acts existed before their repeal, and costs and expenses

incurred by the Department in carrying out its responsibilities under this Act. Upon receiving written direction from the Director, the Comptroller and Treasurer shall make transfers among any of the Funds that are necessary to effectuate the purposes of this Section.

Section 5-30. Employers, insurers, and other entities.

(a) The Department may bring an action in the circuit court to impose penalties, other than criminal penalties, for a violation of the Workers' Compensation Act or the Workers' Occupational Diseases Act that occurred before January 1, 2012 or to enforce compliance by any person with any requirement of the Workers' Compensation Act or the Workers' Occupational Diseases Act applying to the person that existed before January 1, 2012.

(b) The Department and the Department of Insurance shall adopt rules setting forth appropriate insurance or self-insurance requirements for employers with respect to their obligations to employees for causes of action accruing before January 1, 2012.

(c) If an employer, insurer, or other entity was required to pay contributions or assessments to the Commission under the Workers' Compensation Act or the Workers' Occupational Diseases Act for any period that began before January 1, 2012, regardless of whether those payments were to be made before, on, or after January 1, 2012, the employer, insurer, or other entity shall pay those contributions or assessments accruing through December 31, 2011 as though those Acts had not been repealed. The Department shall ensure that those payments are made in a timely fashion and shall adopt rules for the collection of those payments and the imposition of appropriate penalties for any failure to make timely payments.

Section 5-35. Offsets. To the extent any other benefits were offset by the amount of payments under the Workers' Compensation Act or the Workers' Occupational Diseases Act, those benefits shall be offset by the amount of payments for accidental injury or death arising out of and in the course of employment or for a disease or death arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment. To the extent the amount of payments under the Workers' Compensation Act or the Workers' Occupational Diseases Act were offset by any other benefits, the amount of payments for accidental injury or death arising out of and in the course of employment or for a disease or death arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment shall be offset by those benefits.

Section 5-900. The Department of Central Management Services Law of the Civil Administrative Code of Illinois is amended by changing Sections 405-105 and 405-411 as follows:

(20 ILCS 405/405-105) (was 20 ILCS 405/64.1)

Sec. 405-105. Fidelity, surety, property, and casualty insurance. The Department shall establish and implement a program to coordinate the handling of all fidelity, surety, property, and casualty insurance exposures of the State and the departments, divisions, agencies, branches, and universities of the State. In performing this responsibility, the Department shall have the power and duty to do the following:

(1) Develop and maintain loss and exposure data on all State property.

(2) Study the feasibility of establishing a self-insurance plan for State property and prepare estimates of the costs of reinsurance for risks beyond the realistic limits of the self-insurance.

(3) Prepare a plan for centralizing the purchase of property and casualty insurance on State property under a master policy or policies and purchase the insurance contracted for as provided in the Illinois Purchasing Act.

(4) Evaluate existing provisions for fidelity bonds required of State employees and recommend changes that are appropriate commensurate with risk experience and the determinations respecting self-insurance or reinsurance so as to permit reduction of costs without loss of coverage.

(5) Investigate procedures for inclusion of school districts, public community college districts, and other units of local government in programs for the centralized purchase of insurance.

(6) Implement recommendations of the State Property Insurance Study Commission that the Department finds necessary or desirable in the performance of its powers and duties under this Section to achieve efficient and comprehensive risk management.

(7) Prepare and, in the discretion of the Director, implement a plan providing for the purchase of public liability insurance or for self-insurance for public liability or for a combination of purchased insurance and self-insurance for public liability (i) covering the State and drivers of motor vehicles owned, leased, or controlled by the State of Illinois pursuant to the provisions and limitations contained in the Illinois Vehicle Code, (ii) covering other public liability exposures of the State and its

employees within the scope of their employment, and (iii) covering drivers of motor vehicles not owned, leased, or controlled by the State but used by a State employee on State business, in excess of liability covered by an insurance policy obtained by the owner of the motor vehicle or in excess of the dollar amounts that the Department shall determine to be reasonable. Any contract of insurance let under this Law shall be by bid in accordance with the procedure set forth in the Illinois Purchasing Act. Any provisions for self-insurance shall conform to subdivision (11).

The term "employee" as used in this subdivision (7) and in subdivision (11) means a person while in the employ of the State who is a member of the staff or personnel of a State agency, bureau, board, commission, committee, department, university, or college or who is a State officer, elected official, commissioner, member of or ex officio member of a State agency, bureau, board, commission, committee, department, university, or college, or a member of the National Guard while on active duty pursuant to orders of the Governor of the State of Illinois, or any other person while using a licensed motor vehicle owned, leased, or controlled by the State of Illinois with the authorization of the State of Illinois, provided the actual use of the motor vehicle is within the scope of that authorization and within the course of State service.

Subsequent to payment of a claim on behalf of an employee pursuant to this Section and after reasonable advance written notice to the employee, the Director may exclude the employee from future coverage or limit the coverage under the plan if (i) the Director determines that the claim resulted from an incident in which the employee was grossly negligent or had engaged in willful and wanton misconduct or (ii) the Director determines that the employee is no longer an acceptable risk based on a review of prior accidents in which the employee was at fault and for which payments were made pursuant to this Section.

The Director is authorized to promulgate administrative rules that may be necessary to establish and administer the plan.

Appropriations from the Road Fund shall be used to pay auto liability claims and related expenses involving employees of the Department of Transportation, the Illinois State Police, and the Secretary of State.

(8) Charge, collect, and receive from all other agencies of the State government fees or monies equivalent to the cost of purchasing the insurance.

(9) Establish, through the Director, charges for risk management services rendered to State agencies by the Department. The State agencies so charged shall reimburse the Department by vouchers drawn against their respective appropriations. The reimbursement shall be determined by the Director as amounts sufficient to reimburse the Department for expenditures incurred in rendering the service.

The Department shall charge the employing State agency or university for workers' compensation payments or court-ordered payments for temporary total disability paid to any employee after the employee has received temporary total disability payments for 120 days if the employee's treating physician has issued a release to return to work with restrictions and the employee is able to perform modified duty work but the employing State agency or university does not return the employee to work at modified duty. Modified duty shall be duties assigned that may or may not be delineated as part of the duties regularly performed by the employee. Modified duties shall be assigned within the prescribed restrictions established by the treating physician and the physician who performed the independent medical examination. The amount of all reimbursements shall be deposited into the Workers' Compensation Revolving Fund which is hereby created as a revolving fund in the State treasury. In addition to any other purpose authorized by law, moneys in the Fund shall be used, subject to appropriation, to pay these or other temporary total disability claims of employees of State agencies and universities.

Beginning with fiscal year 1996, all amounts recovered by the Department through subrogation in workers' compensation and workers' occupational disease cases or other cases for compensation or treatment for accidental injury or death arising out of and in the course of employment or for compensation or treatment for a disease or death arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment shall be deposited into the Workers' Compensation Revolving Fund created under this subdivision (9).

(10) Establish rules, procedures, and forms to be used by State agencies in the administration and payment of workers' compensation claims. The Department shall initially evaluate and determine the compensability of any injury that is the subject of a workers' compensation claim and provide for the administration and payment of such a claim for all State agencies. The Director may delegate to any agency with the agreement of the agency head the responsibility for evaluation,

administration, and payment of that agency's claims.

(11) Any plan for public liability self-insurance implemented under this Section shall provide that (i) the Department shall attempt to settle and may settle any public liability claim filed against the State of Illinois or any public liability claim filed against a State employee on the basis of an occurrence in the course of the employee's State employment; (ii) any settlement of such a claim is not subject to fiscal year limitations and must be approved by the Director and, in cases of settlements exceeding \$100,000, by the Governor; and (iii) a settlement of any public liability claim against the State or a State employee shall require an unqualified release of any right of action against the State and the employee for acts within the scope of the employee's employment giving rise to the claim.

Whenever and to the extent that a State employee operates a motor vehicle or engages in other activity covered by self-insurance under this Section, the State of Illinois shall defend, indemnify, and hold harmless the employee against any claim in tort filed against the employee for acts or omissions within the scope of the employee's employment in any proper judicial forum and not settled pursuant to this subdivision (11), provided that this obligation of the State of Illinois shall not exceed a maximum liability of \$2,000,000 for any single occurrence in connection with the operation of a motor vehicle or \$100,000 per person per occurrence for any other single occurrence, or \$500,000 for any single occurrence in connection with the provision of medical care by a licensed physician employee.

Any claims against the State of Illinois under a self-insurance plan that are not settled pursuant to this subdivision (11) shall be heard and determined by the Court of Claims and may not be filed or adjudicated in any other forum. The Attorney General of the State of Illinois or the Attorney General's designee shall be the attorney with respect to all public liability self-insurance claims that are not settled pursuant to this subdivision (11) and therefore result in litigation. The payment of any award of the Court of Claims entered against the State relating to any public liability self-insurance claim shall act as a release against any State employee involved in the occurrence.

(12) Administer a plan the purpose of which is to make payments on final settlements or final judgments in accordance with the State Employee Indemnification Act. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose, except that indemnification expenses for employees of the Department of Transportation, the Illinois State Police, and the Secretary of State shall be paid from the Road Fund. The term "employee" as used in this subdivision (12) has the same meaning as under subsection (b) of Section 1 of the State Employee Indemnification Act. Subject to sufficient appropriation, the Director shall approve payment of any claim, without regard to fiscal year limitations, presented to the Director that is supported by a final settlement or final judgment when the Attorney General and the chief officer of the public body against whose employee the claim or cause of action is asserted certify to the Director that the claim is in accordance with the State Employee Indemnification Act and that they approve of the payment. In no event shall an amount in excess of \$150,000 be paid from this plan to or for the benefit of any claimant.

(13) Administer a plan the purpose of which is to make payments on final settlements or final judgments for employee wage claims in situations where there was an appropriation relevant to the wage claim, the fiscal year and lapse period have expired, and sufficient funds were available to pay the claim. The plan shall be funded through appropriations from the General Revenue Fund specifically designated for that purpose.

Subject to sufficient appropriation, the Director is authorized to pay any wage claim presented to the Director that is supported by a final settlement or final judgment when the chief officer of the State agency employing the claimant certifies to the Director that the claim is a valid wage claim and that the fiscal year and lapse period have expired. Payment for claims that are properly submitted and certified as valid by the Director shall include interest accrued at the rate of 7% per annum from the forty-fifth day after the claims are received by the Department or 45 days from the date on which the amount of payment is agreed upon, whichever is later, until the date the claims are submitted to the Comptroller for payment. When the Attorney General has filed an appearance in any proceeding concerning a wage claim settlement or judgment, the Attorney General shall certify to the Director that the wage claim is valid before any payment is made. In no event shall an amount in excess of \$150,000 be paid from this plan to or for the benefit of any claimant.

Nothing in Public Act 84-961 shall be construed to affect in any manner the jurisdiction of the Court of Claims concerning wage claims made against the State of Illinois.

Sec. 405-411. Consolidation of workers' compensation functions.

(a) Notwithstanding any other law to the contrary, the Director of Central Management Services, working in cooperation with the Director of any other agency, department, board, or commission directly responsible to the Governor, may direct the consolidation, within the Department of Central Management Services, of those workers' compensation functions at that agency, department, board, or commission that are suitable for centralization.

Upon receipt of the written direction to transfer workers' compensation functions to the Department of Central Management Services, the personnel, equipment, and property (both real and personal) directly relating to the transferred functions shall be transferred to the Department of Central Management Services, and the relevant documents, records, and correspondence shall be transferred or copied, as the Director may prescribe.

(b) Upon receiving written direction from the Director of Central Management Services, the Comptroller and Treasurer are authorized to transfer the unexpended balance of any appropriations related to the workers' compensation functions transferred to the Department of Central Management Services and shall make the necessary fund transfers from the General Revenue Fund, any special fund in the State treasury, or any other federal or State trust fund held by the Treasurer to the Workers' Compensation Revolving Fund for use by the Department of Central Management Services in support of workers' compensation functions or any other related costs or expenses of the Department of Central Management Services.

(c) The rights of employees and the State and its agencies under the Personnel Code and applicable collective bargaining agreements or under any pension, retirement, or annuity plan shall not be affected by any transfer under this Section.

(d) The functions transferred to the Department of Central Management Services by this Section shall be vested in and shall be exercised by the Department of Central Management Services. Each act done in the exercise of those functions shall have the same legal effect as if done by the agencies, offices, divisions, departments, bureaus, boards and commissions from which they were transferred.

Every person or other entity shall be subject to the same obligations and duties and any penalties, civil or criminal, arising therefrom, and shall have the same rights arising from the exercise of such rights, powers, and duties as had been exercised by the agencies, offices, divisions, departments, bureaus, boards, and commissions from which they were transferred.

Whenever reports or notices are now required to be made or given or papers or documents furnished or served by any person in regards to the functions transferred to or upon the agencies, offices, divisions, departments, bureaus, boards, and commissions from which the functions were transferred, the same shall be made, given, furnished or served in the same manner to or upon the Department of Central Management Services.

This Section does not affect any act done, ratified, or cancelled or any right occurring or established or any action or proceeding had or commenced in an administrative, civil, or criminal cause regarding the functions transferred, but those proceedings may be continued by the Department of Central Management Services.

This Section does not affect the legality of any rules in the Illinois Administrative Code regarding the functions transferred in this Section that are in force on the effective date of this Section. If necessary, however, the affected agencies shall propose, adopt, or repeal rules, rule amendments, and rule recodifications as appropriate to effectuate this Section.

(e) On and after January 1, 2012, "workers' compensation functions" also includes functions related to claims for compensation or treatment for accidental injury or death arising out of and in the course of employment and compensation or treatment for a disease or death arising out of and in the course of the employment or which has become aggravated and rendered disabling as a result of the exposure of the employment.

Section 5-910. The Illinois Insurance Code is amended by adding Section 5.1 as follows:
(215 ILCS 5/5.1 new)

Sec. 5.1. Workplace injuries and occupational diseases. Nothing in this Code shall be construed to require an employer to maintain insurance covering the employer's liability for compensation or treatment for causes of action accruing on or after January 1, 2012.

The Department and the Department of Labor shall adopt rules setting forth appropriate insurance or self-insurance requirements for employers with respect to their obligations to employees for causes of action accruing before January 1, 2012.

As used in this Section, "cause of action" has the meaning ascribed to that term in Section 5-5 of the Workers' Compensation and Workers' Occupational Diseases Transfer and Transition Act.

Section 5-915. The Court of Claims Act is amended by changing Sections 8, 9, and 22 as follows:

For the annual adjustments, if the Consumer Price Index decreases during a calendar year, there shall be no adjustment for that calendar year. [May 27, 2011]

District and makes reference to some but not all of the redistricting principles that were considered in drawing that District. The term "proposed district" will refer to the Legislative District proposed in the 2011 General Assembly Redistricting Plan, and the term "present district" will refer to the Legislative District under the current, existing plan adopted in 2001:

LEGISLATIVE DISTRICT 1

Proposed Legislative District 1 is located on the southwest side of Chicago. It has a population of 217,468, and therefore achieves the ideal equal population target. The northern border runs along 16th Street between the Clark Street and Western Avenue on the east and generally along the Stevenson Expressway on the west. The southern border is drawn along precinct lines, streets and rail lines along Archer Avenue on the west, then the south boundary of the district turns northeast generally following precinct lines in a stair step pattern starting at 73rd Street and Central Park Avenue up to 31st Street and Clark Street. The far western border is drawn along Natoma Avenue. The eastern border runs along Clark Street and the Dan Ryan Expressway. Interstate 55, which runs east to west through much of the district, serves as a major thoroughfare, as do Cicero, Archer, Western, and Halsted Avenues and Cermak and Pulaski Roads. Chicago Transit Authority bus and rail lines (Red, Orange, and Pink lines) also serve the district.

Proposed Legislative District 1 contains Latino communities Pilsen, McKinley Park, Brighton Park, and Back of the Yards, Gage Park, Archer Heights, New City, Bridgeport, Armour Square, and Lower West Side neighborhoods of Chicago. These working class neighborhoods contain similar housing stock integrated with industrial facilities. The residents of this proposed district are generally first and second-generation immigrants who share a common need for social services and patronize locally owned businesses catering to the cultural tastes and customs of the communities. The proposed district contains the National Museum of Mexican Art. According to the 2010 U.S. Census, present District 1 is underpopulated by 24,058 people. In order to achieve ideal population, the borders were expanded south and west. The district also contains virtually all of the south side community of Chinatown. Currently, the Chinatown area is split between three legislative districts. The Senate and House Redistricting Committees received testimony from numerous witnesses representing businesses and residents of the greater Chinatown area indicating that Chinatown belongs in a single legislative district. The proposed district was configured in part to achieve that goal and indeed maintains nearly all of that community of interest in one legislative district.

Proposed Legislative District 1 is a majority-minority district, with a Latino Voting Age Population of 60.17 percent. It also has an Asian Voting Age Population of 12.89 percent and an African-American Voting Age Population of 7.25 percent. The proposed legislative district maintains a partisan composition that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed Legislative District 1 preserves 58.9 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Antonio "Tony" Muñoz (D) resides within the proposed district.

LEGISLATIVE DISTRICT 2

Proposed Legislative District 2 is located on the northwest side of Chicago. It has a population of 217,468, and therefore achieves the ideal equal population target. Generally, the district is bound on the south by Grand Avenue, on the west by Harlem Avenue, on the east by Interstate 90/94, Irving Park, Altgeld and Armitage Roads. Proposed Legislative District 2 contains portions of the well-established Puerto Rican neighborhoods of Humboldt Park, Hermosa, and Logan Square, as well as the neighborhoods of Portage Park, Belmont-Cragin, Dunning, Austin, Montclare, and West Town. North Avenue runs east to west through much of the district and Cicero Avenue runs north to south. The district is also serviced by public transportation including the Chicago Transit Authority bus and rail lines (Blue line) and the Metra Milwaukee District-West line.

According to the 2010 U.S. Census, the present 2nd District is underpopulated by 23,497 people. In order to achieve ideal population, the district boundaries were shifted northwest to include the neighborhoods of Dunning and Montclare. Proposed Legislative District 2 has a Latino Voting Age Population of 55.58 percent and is a majority-minority Latino District. The district strongly resembles proposed district maps submitted to the Senate Redistricting Committee by the Latino Coalition for Fair Redistricting. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed

Legislative District 2 preserves 82.6 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator William "Willie" Delgado (D) resides in the proposed district.

LEGISLATIVE DISTRICT 3

Proposed Legislative District 3 is located in Chicago, primarily in the south side and downtown areas. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district contains the vast majority of the downtown Loop area, as well as portions of the Near North Side, Near West Side, and Near South Side. Proposed District 3 also contains portions of the south side neighborhoods of Douglas, Armour Square, Bridgeport, Grand Boulevard, New City, Washington Park, Chicago Lawn, West Englewood, Englewood, Woodlawn, Greater Grand Crossing, South Shore, and Chatham. The South Side community of Fuller Park is also located wholly within the district. The northern boundary of proposed District 3 is Goethe Street and the southern border generally follows 67th Street. The eastern boundary is generally Michigan Avenue and Martin Luther King Drive, and the westernmost boundary follows Interstate 94 and the Chicago River in the north and Kedzie Avenue in the south. The borders of the proposed district generally adhere to existing precinct boundaries. Interstate 90/94 and Michigan Avenue run north to south through the core of the district and Garfield Boulevard and 47th Street are major east to west thoroughfares. The district is also accessible via Chicago Transit Authority bus and rail lines (Red, Purple, Brown, Green, Pink, and Orange Lines). Proposed District 3 also contains the majority of downtown Chicago's Loop business district. The Chicago Loop is the historic commercial center of downtown Chicago. It is the seat of government for Chicago and Cook County, and also contains the historic theater and shopping districts.

Proposed Legislative District 3 is a majority-minority African-American district. The African-American Voting Age Population of the proposed district is 51.29 percent. The Latino Voting Age Population is 9.54 percent and the Asian Voting Age Population is 7.18 percent. According to the U.S. Census, present District 3 is underpopulated by 28,101 people. In order to accommodate the population loss in District 3 and surrounding districts, the proposed district expands boundaries outward. This proposed district is also configured to respect the Chinatown community of interest, as identified by witnesses at numerous Senate Redistricting Committee hearings, which is now located in the neighboring district (Proposed Legislative District 1). The proposed district strongly resembles proposals submitted by African-Americans for Legislative Redistricting (AALR). The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed District 3 preserves 68.2 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Mattie Hunter (D) resides within the proposed district.

LEGISLATIVE DISTRICT 4

Proposed Legislative District 4 is located on the west side of Chicago and in the western suburbs of Cook County. It has a population of 217,468, and therefore achieves the ideal equal population target. The eastern boundary of proposed District 4 is generally Cicero Avenue in the north and LaGrange Road in the south. The district is bounded on the west by the Cook-DuPage County line. The northern boundary generally follows North Avenue in the west and central parts of the district, and Grand Avenue in the east. The northern boundary also runs along precinct lines in the western suburbs of Melrose Park and Oak Park. The southern boundary generally follows Roosevelt Road in the east, the BNSF rail line to the southwest and U.S. Route 34. The borders of the proposed district generally adhere to existing precinct boundaries in the City of Chicago. The west suburban communities of Forest Park, River Forest, North Riverside, Hillside, Broadview, and Westchester are wholly within the proposed district, as are nearly all of Maywood, Bellwood, and Berkeley and portions of Oak Park, Berwyn, Brookfield, LaGrange, and LaGrange Park. A portion of Chicago's Austin neighborhood including portions the 24th, 28th, 29th and 37th wards are also within the proposed district. Present District 4 contains some of the same municipalities as proposed District 4, including Chicago, Forest Park, River Forest, Maywood, North Riverside, Hillside, Oak Park, Bellwood, Berkeley, Berwyn, and Westchester. The communities of LaGrange Park, Westchester, and Western Springs, all located in southern Proviso Township, share the Salt Creek Woods Nature Preserve and a nearby Metra line (Green line).

A majority of the community members in proposed District 4 share similar education-attainment levels and earn generally between \$50,000 to \$60,000 each year. The educational service, health care, and social assistance industries are the largest employment sectors for the communities within the proposed district. In addition, communities in proposed District 4 share similar housing stock; the

majority of the homes in the proposed district were built before 1980. The Eisenhower Expressway runs east to west through the entire proposed district. Other major transportation routes include Cermak Road, Roosevelt Road, Harlem Avenue, and LaGrange Road. The proposed district is also accessible via public transportation, including Chicago Transit Authority bus and rail lines (Blue and Green lines), as well as the Metra Union Pacific West and Burlington Northern Santa Fe commuter rail lines.

Proposed Legislative District 4 has an African-American Voting Age Population of 50.06 percent, a Latino Voting Age Population of 11.94 percent, and an Asian Voting Age Population of 2.41 percent. According to 2010 U.S. Census figures, the present 4th District is underpopulated by 25,969 people. Due to this population loss and population losses in surrounding districts, the proposed District 4 shifts boundaries primarily to the south and west, thereby achieving ideal population. The majority of the proposed district's shape resembles proposals submitted to the Senate Redistricting Committee by the National Association for the Advancement of Colored People (NAACP) and African-Americans for Legislative Redistricting (AALR). The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. The proposed district preserves 70.4 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Kimberly Lightford (D) resides in the proposed district.

LEGISLATIVE DISTRICT 5

Proposed Legislative District 5 is located on the west side of Chicago. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district is bound on the west by Cicero Avenue. The northern boundary is generally Grand Avenue. The southern boundary runs along the Burlington Northern Santa Fe rail line. Wells Avenue, Interstate 94, and the Chicago River form the eastern border. The borders of the proposed district generally adhere to existing precinct boundaries. Proposed Legislative District 5 contains the west side neighborhood of North Lawndale in its entirety. It also includes all of East Garfield Park and West Garfield Park. This is consistent with testimony received at Senate Redistricting Committee hearings from the North Lawndale Alliance and other community members requesting that these neighborhoods be kept intact. The proposed district also contains portions of Austin, Humboldt Park, West Garfield Park, East Garfield Park, South Lawndale, Lower West Side, Near West Side, West Town, Loop, Near North Side, Logan Square, and Lincoln Park.

Interstate 290 runs east to west through the heart of the district, Interstate 90/94 cuts through the east side of the district, and Ogden Avenue traverses the district diagonally southwest to northeast. The district is also serviced by public transportation including the Chicago Transit Authority bus and rail lines (Green, Blue, and Pink lines). The proposed district includes the University of Illinois at Chicago Medical Center, Stroger Hospital, Rush University Medical Center, and Jesse Brown Veterans Administration Medical Center. The district also includes the University of Illinois at Chicago, Malcolm X College, and the United Center.

According to the 2010 U.S. Census, the present 5th District is underpopulated by 9,160 people. In order to achieve ideal population, the proposed district boundaries were expanded in the west and in the northeast. Proposed District 5 is a majority-minority district with an African-American Voting Age Population of 50.45 percent and a Latino Voting Age Population of 10.13 percent. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed Legislative District 5 preserves 86.9 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. The proposed district resembles a proposal submitted by African-Americans for Legislative Redistricting (AALR). Senator Annazette Collins (D) resides in the proposed district.

LEGISLATIVE DISTRICT 6

Proposed Legislative District 6 is located on Chicago's near north side. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district is bounded on the east by Lake Michigan, while the northern boundary runs generally along Montrose Avenue. The western and southern boundaries generally follow the North Branch of the Chicago River, and the southernmost boundary runs along Division Street in the east. The borders of the proposed district generally adhere to existing precinct boundaries. Proposed District 6 contains portions of the Chicago neighborhoods of Lincoln Park, Avondale, Lakeview, North Center, Irving Park, Uptown, Lincoln Square, Albany Park,

and Near North Side. Proposed District 6 also includes one of the largest lesbian-gay-bisexual-transgender (LGBT) communities in Chicago and in the nation. This is consistent with testimony from LGBT community representatives received at the House Redistricting Committee's Springfield hearing. Proposed Legislative District 6 is home to many of Chicago's most popular attractions including the Lincoln Park, the Lincoln Park Zoo, Wrigley Field, and the Second City Theatre. DePaul University is also located in the proposed legislative district.

Lake Shore Drive runs the length of the district on the east providing access to residents and businesses in each of the neighborhoods in the district. Western and Irving Park Avenues also run through the district, in addition to Lincoln Avenue and Clark Street. Chicago Transit Authority bus and rail lines (Red, Purple, and Brown lines) also service the proposed district.

According to the 2010 U.S. Census, the present 6th District is underpopulated by 9,764 people. In order to achieve ideal population, the district boundaries were shifted slightly to the north and west. Proposed Legislative District 6 preserves 90.3 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator John J. Cullerton (D) resides in the proposed district.

LEGISLATIVE DISTRICT 7

Proposed Legislative District 7 is located on Chicago's far north side. It has a population of 217,468, and therefore achieves the ideal equal population target. It contains the Lake Shore neighborhoods of Rogers Park and Edgewater, as well as portions of Uptown, Lakeview, North Center, Lincoln Square, Albany Park, North Park and West Ridge. The proposed district also contains a small portion of southern Evanston. The eastern border is Lake Michigan. The southern half of the western border is generally the upper branch of the Chicago River, and the northern half of the western boundary is generally Ridge Boulevard from Devon to Touhy Avenues. The district is bounded on the north by Calvary Cemetery as well as the CTA Skokie Swift rail line. The southern boundary generally runs along Montrose Avenue. The borders of the proposed district generally adhere to existing precinct boundaries. The Chicago Wards contained in whole or in part in proposed Legislative District 7 include the 40th, 46th, 47th, 48th, 49th and small sections of the 33rd and 50th. Major transportation thoroughfares in the proposed district include Lake Shore Drive and Ridge, Peterson and Western Avenues. The district is also served by Chicago Transit Authority bus and rail lines (Red, Purple, Yellow and Brown lines).

According to the 2010 U.S. Census, present District 7 is underpopulated by 29,321 people. In order to achieve ideal population, the district was shifted to the north and west. Proposed District 7 includes the neighborhood of Rogers Park in its entirety. This is a change from the 2001 configuration, which splits Rogers Park between present Districts 7 and 9. This reconfiguration is consistent with testimony received from multiple witnesses at the Senate Redistricting Committee's Chicago hearing indicating that the neighborhood should be unified into a single district. Proposed Legislative District 7 preserves 81.5 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator Heather Steans (D) resides in the proposed district.

LEGISLATIVE DISTRICT 8

Proposed Legislative District 8 is located on Chicago's far north side and northwest suburbs. It has a population of 217,469, and therefore achieves the ideal equal population target. Under the 2001 map, present District 8 contains some of the same municipalities as proposed District 8, including Chicago, Lincolnwood, Skokie, Morton Grove, Glenview and Niles. The proposed district is traversable via Interstate 94, Harlem and Lincoln Avenues, as well as Chicago Transit Authority bus and rail lines (Blue and Yellow lines) and the Metra Milwaukee District West commuter rail line.

According to 2010 U.S. Census figures, present District 8 is underpopulated by 7,185 people, therefore, the proposed district shifts boundaries to the northwest. The proposed district has an Asian Voting Age Population of 23.66 percent, a Latino Voting Age Population of 12.41 percent and an

African-American Voting Age Population of 4.36 percent. Proposed Legislative District 8 preserves 83.4 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator Ira Silverstein (D) resides in the proposed district.

Interstate 94 runs through the heart of the district, as do Lake Avenue, Green Bay Road, and Waukegan Road. The district is serviced by Metra's Union Pacific North and Milwaukee District North commuter rail lines, as well as Pace suburban bus lines.

According to 2010 Census figures, present District 9 is underpopulated by 5,249 people. Thus, the district boundaries were shifted north and west to achieve ideal population. Proposed Legislative District 9 preserves 87.9 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator Jeff Schoenberg (D) resides in the proposed district.

LEGISLATIVE DISTRICT 10

Proposed Legislative District 10 is located on the Northwest side of Chicago. It has a population of 217,468, and therefore achieves the ideal equal population target. The northernmost boundary is the Maine Township line. The eastern border of the proposed district generally follows Milwaukee and Elston Avenues. The district is bounded by Irving Park in the southeast and Belmont Avenue in the southwest. The district's western border is generally I-294, with a small portion running along Mannheim Road. The borders of the proposed district generally adhere to existing precinct boundaries.

Proposed Legislative District 10 includes portions of Leyden, Maine, Norwood Park and Niles Townships. The northwest suburban communities of Harwood Heights, Schiller Park and Norridge are entirely within the district, as are portions of Niles, Park Ridge, Des Plaines, River Grove, Elmwood Park, Rosemont and Franklin Park. It also includes the small township of Norwood Park, which is completely encircled by the City of Chicago. Chicago Wards contained in whole or in part in proposed Legislative District 10 include the 36th, 38th, 41st and the 45th. Proposed District 10 also includes the Chicago neighborhood of Jefferson Park. Like many neighborhoods on the Northwest Side of Chicago, Jefferson Park is a predominantly middle-class neighborhood with a heavy Polish-American community. It is home to the Copernicus Foundation, the Polish parish of St. Constance, as well as a host of other Polish-American organizations, institutions and businesses. The Kennedy Expressway and Northwest Highway run through the heart of the district, which is situated between I-294 and I-94. Chicago Transit Authority (CTA) bus and rail lines (Blue line) as well as the Metra commuter rail lines (North Central Service and Union Pacific North West lines) also service the proposed district.

U.S. Census figures show that present District 10 is underpopulated by 7,780 people. Surrounding districts in the area also experienced population losses; therefore, proposed Legislative District 10 was shifted to the north and west in order to achieve the ideal population. The proposed legislative district expands west incorporating suburban communities that share many similarities to communities in the present Legislative District 10 such as housing stock, residential green space, and access to quality schools. Proposed Legislative District 10 preserves 71.6 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator John Mulroe (D) resides in the proposed district.

LEGISLATIVE DISTRICT 11

Proposed Legislative District 11 is located on the southwest side of Chicago and southwestern suburbs. It has a population of 217,468, and therefore achieves the ideal equal population target. The Stevenson Expressway and Chicago Sanitary and Ship Canal bisect the proposed district. The northern section of the proposed Legislative District 11 is drawn from Western Avenue in Chicago to Custer Avenue in the southwestern suburb of Lyons in the areas commonly between the Stevenson Expressway

on the south and Ogden Avenue on the north. It contains predominately working class neighborhoods and suburbs located near industrial and commercial facilities as well as the Hawthorne Racecourse. The southern section of the district is drawn from Joliet Road in McCook to Kedzie Avenue in Chicago, this area is dominated by Midway Airport and working class neighborhoods adjacent to the Airport and the CSX Bedford Park Rail Facility.

Proposed District 11 contains the Chicago neighborhoods of Chicago Lawn, Gage Park, West Lawn, West Elsdon, Clearing, Garfield Ridge, South Lawndale, and Brighton Park. It also contains the southwestern suburbs of Summit, Lyons, Stickney, Forest View, Riverside, Cicero, Bedford Park, and McCook. These suburban communities, with close proximity to Chicago, have been united with Chicago neighborhoods previously. The proposed district includes portions of well-established Mexican-American communities in suburban Cicero as well as in Chicago's Little Village, Archer Heights, Gage Park, West Elsdon, and West Lawn neighborhoods. These working class neighborhoods contain similar housing stock, often referred to as the "Bungalow Belt", integrated with industrial facilities. The proposed district contains many first and second-generation immigrants who share a common need for social services and customs. Interstate 55, Cicero Avenue, and 55th Street traverse the proposed district. Chicago Transit Authority bus and rail lines (Orange and Pink lines) and the Metra Burlington Northern Santa Fe and Heritage commuter rail lines also serve the proposed district. Proposed District 11 is a significant transportation center containing Midway International Airport, I-55, and a portion of the CSX-Bedford Park Rail Facility. The transportation industry dominates the area with many local residents finding employment at the airport, businesses providing services connected to airport operations, or the local rail yards.

According to the 2010 U.S. Census, the present district is underpopulated by 8,608 people, districts to the east were underpopulated as well. Due to significant southwest side population growth in the Latino community and population deficiencies in the present and surrounding districts, present Legislative District 11 and present Legislative District 12 were reconfigured to encompass two districts with a majority Latino population based on their proximity. Present Legislative District 12, renumbered as proposed Legislative District 11, was contracted in the north and east but expanded south and west. Senator Martin Sandoval (D) resides within the proposed district. Proposed Legislative District 11 is a majority-minority district, with a Latino Voting Age Population of 60.18 percent and an African-American Voting Age Population of 7.46 percent. Proposed District 11 preserves 49.6 percent of the core of the present District 11, and contains 21.54 percent of the present District 12 in order to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. The proposed legislative district maintains a partisan composition that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony.

LEGISLATIVE DISTRICT 12

Proposed Legislative District 12 is located in the southwest suburbs and City of Chicago. It has a population of 217,468, and therefore achieves the ideal equal population target. Proposed Legislative District 12 contains a portion of southwestern Chicago as well as portions of the southwestern suburban communities of Cicero, Berwyn, Riverside, Brookfield, McCook, Justice, Bridgeview, Bedford Park, Burbank, LaGrange, LaGrange Park, Countryside, Summit, and Hodgkins. These suburban communities, with their close proximity to Chicago, have been joined with Chicago neighborhoods in the past. The proposed district includes a well-established Mexican-American community in the Berwyn-Cicero area as well as a portion of Chicago's Little Village neighborhood. District lines were drawn primarily along precinct boundaries. Major transportation routes running through the district include Interstate 55, Cermak Road, Ogden Avenue, Harlem Avenue, 79th Street, and the Burlington Northern Santa Fe rail line. The proposed district includes Chicago Transit Authority bus and rail lines (Pink line) as well as the Metra Burlington Northern Santa Fe commuter rail line, transporting commuters daily.

The proposed legislative district, like its southwest side neighbors, is a transportation hub containing two major rail yards, the BNSF-Cicero and the CSX-Bedford Park. The proposed district is also dotted with working class communities containing similar housing stock integrated with industrial facilities much like its neighboring district, proposed Legislative District 11. The proposed district contains many first and second-generation immigrants who share many customs and a common need for social services. Due to significant southwest side population growth in the Latino community and population deficiencies in surrounding districts, present district 11 and present district 12 were reconfigured to encompass two Latino majority-minority districts. Present Legislative District 11 was renumbered as proposed Legislative District 12, which was contracted in the south but expanded north and northeast.

[May 27, 2011]

Proposed District 12 is a majority-minority district with a Latino Voting Age Population of 57.99 percent and an African-American Voting Age Population of 3.32 percent. Proposed District 12 preserves 59.7 percent of the core of present District 12 and 30.9 percent of present District 11 to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Steven Landek (D) resides within the proposed district. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony.

LEGISLATIVE DISTRICT 13

Proposed Legislative District 13 is located in Chicago along the downtown lakefront and on the city's south side. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed Legislative District 13 begins in the north at Goethe Street and continues southeast along Lake Michigan to the Illinois-Indiana state line. The western boundary runs along Michigan Avenue and Martin Luther King Drive in downtown Chicago, and follows existing precinct lines and roadways near the Chicago Skyway in the south. The proposed district is accessible via Lake Shore Drive, which runs through the majority of the district, as well as Chicago Transit Authority bus lines. This lakefront district contains many popular travel destinations that form the heart of Chicago's tourism industry.

The proposed district contains a portion of the downtown Loop area, as well as portions of the Near North Side and Near South Side communities. The proposed Legislative District 13 also contains portions of the south side neighborhoods of Douglas, Grand Boulevard, Washington Park, Woodlawn, and South Shore. Shedd Aquarium, Adler Planetarium, Buckingham Fountain, The Art Institute of Chicago, Northerly Island, Grant Park, Millennium Park and Navy Pier are all contained within the district. The proposed district also includes the University of Chicago.

According to the U.S. Census, present District 13 is underpopulated by 12,101 people. In order to accommodate the population loss in present District 13 and surrounding districts, the proposed district expands boundaries south. Proposed Legislative District 13 is a majority-minority African-American district, with an African-American Voting Age Population of 52.25 percent. The Latino Voting Age Population is 13.64 percent and the Asian Voting Age Population is 6.49 percent. The configuration of this proposed district is not without historical precedent. Previous redistricting plans also included similarly shaped lakefront districts. The proposed district also resembles proposals submitted by the National Association for the Advancement of Colored People (NAACP) and African-Americans for Legislative Redistricting (AALR). The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed District 13 preserves 80 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Kwame Raoul (D) resides within the proposed district.

LEGISLATIVE DISTRICT 14

Proposed Legislative District 14 is located on the south side of Chicago and the southwest suburbs. It has a population of 217,468, and therefore achieves the ideal equal population target. The district runs from the City of Chicago in the northeast to the suburbs in the southwest. Its northern boundary generally runs along 83rd Street in the east and 119th Street in the west. The southern boundary is generally 138th Street on the east and 159th Street on the west. The eastern boundary of proposed District 14 runs parallel to I-94, and the western boundary generally runs along 88th Avenue in Orland Hills. The borders of the proposed district generally adhere to existing precinct boundaries in the City of Chicago.

Proposed Legislative District 14 contains Chicago Wards 9, 19, 21, and all of 34. It also includes portions of Calumet, Worth, Bremen, Orland and Palos Townships. Portions of the south side neighborhoods of Roseland, Washington Heights, Auburn-Gresham, Chatham, Beverly, Morgan Park and West Pullman are contained in the district. Parts of the suburban communities of Blue Island, Calumet Park, Riverdale, Alsip, Robbins, Crestwood, Oak Forest, Palos Heights, Orland Park and Tinley Park are also located in the district. The present 14th District also unites the suburban communities of Calumet Park, Blue Island, Robbins, Crestwood, Oak Forest and Orland Park with the City of Chicago. Roughly, 30 percent of the community in the proposed district is employed in sales/office work. Another 20 percent is employed in the service sector. A majority of the communities in the proposed district have

sizable portions of the population who rent rather than own their homes. The median gross rent rate is generally between \$770 and \$870 throughout the proposed district. Public transportation, including the Chicago Transit Authority bus and rail lines (Red Line) and Metra rail lines (Electric District line) service the district.

According to the 2010 U.S. Census, the present 14th District is underpopulated by 26,597 people. In order to achieve the ideal population, the district boundaries were slightly contracted in the Chicago areas and expanded in the suburban areas. The resulting district is substantially similar in shape to the present 14th District. Proposed Legislative District 14 is a majority-minority district with an African-American Voting Age Population of 55.34 percent and a Latino Voting Age Population of 7.65 percent. It resembles a proposed district submitted by African-Americans for Legislative Redistricting (AALR). The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed Legislative District 14 preserves 77.3 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Emil Jones III (D) resides in the proposed district.

LEGISLATIVE DISTRICT 15

Proposed Legislative District 15 is located on the south side of Chicago and the south suburbs. It has a population of 217,468, and therefore achieves the ideal equal population target. It then turns west and continues to Harlem Avenue in the south suburb of Monee. The western border of the proposed district generally follows precinct lines in several south suburban communities.

The proposed district unites the southwestern portion of Chicago's 9th Ward with south suburban communities in Bloom, Thornton and Crete Townships. Portions of the south suburban communities of Dolton, South Holland, Markham, Glenwood, Oak Forest, Riverdale, Harvey, Posen, Midlothian, Dixmoor, Sauk Village, Thornton, Homewood, South Chicago Heights, Ford Heights, Crete, Steger, University Park and Monee are located within the district. Present District 15 also links the south suburban communities of Dolton, South Holland, Thornton, Homewood, Harvey, Dixmoor, Riverdale, Posen, Midlothian, Oak Forest and Markham with Chicago. In addition, the shape of proposed District 15 generally resembles the present district. The communities throughout proposed District 15 share similar housing stock, with a majority of families in this district residing in single-family homes. These communities generally all contain well-established neighborhoods developed in the same period (between 1940 and 1980). The communities within proposed District 15 also share similar education-attainment levels. Three major interstate highways run through the district: Interstates 94, 57 and 80. The proposed district is also serviced by public transportation, including the Chicago Transit Authority bus routes and Metra rail lines (Rock Island and Electric District lines).

According to the 2010 U.S. Census, the present 15th District is underpopulated by 23,008 people. In order to achieve the ideal population, the district boundaries were expanded in the suburban areas of Markham, Harvey, Oak Forest, Crete, and Monee. Proposed Legislative District 15 is a majority-minority district with an African-American Voting Age Population of 56.94 percent and a Latino Voting Age Population of 9.16 percent. Proposed Legislative District 15 preserves 70.8 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator James Meeke (D) resides in the proposed district.

LEGISLATIVE DISTRICT 16

Proposed Legislative District 16 is located on the southwest side of Chicago, entirely within Cook County. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district begins at Interstate 90 in Chicago's 6th Ward, running southwest to 88th Avenue in Palos Hills. From Palos Hills the district extends northwest to Plainfield Road in Countryside. The northern boundary also runs along 83rd and 67th Streets. The southern boundary of the proposed district generally runs along 103rd and 95th Streets in the west and 83rd and 74th Streets in the east.

The majority of the population of proposed Legislative District 16 resides in the City of Chicago, primarily in the neighborhoods of Greater Grand Crossing, Englewood, West Englewood, Auburn-Gresham, Chicago Lawn and Ashburn. The proposed district also contains the suburban

communities of Chicago Ridge, Burbank, Countryside, Hickory Hills, Palos Hills, Oak Lawn, Willow Springs, Bridgeview, Hometown, Indian Head Park and Justice. The present district boundaries also unite the communities of Hometown, Oak Lawn, Burbank, Hickory Hills, Bridgeview and Justice with the City of Chicago. Proposed District 16 is comprised primarily of economically diverse, working-class communities with median yearly household incomes between \$40,000 to \$60,000. All communities within the proposed district share a very diverse labor force, with no one industry employing more than 20% of any given community. Transportation routes serving the district include the Dan Ryan Expressway in the east and the Stevenson Expressway and I-294 in the west. Western, Cicero and Harlem Avenues are also major transportation arteries in the proposed district. Proposed District 16 is also serviced by public transportation, including Chicago Transit Authority bus and rail lines (Red line), as well as the Metra Southwest Service and Rock Island District commuter rail lines, which transport commuters from the proposed district to downtown Chicago daily. Proposed district 16 preserves 68.6 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships.

Proposed Legislative District 16 is a majority-minority district. It has an African-American Voting Age Population of 52.92 percent and a Latino Voting Age Population of 10.93 percent. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. The proposed district is similar to a proposal submitted by African-Americans for Legislative Redistricting (AALR). According to the 2010 U.S. Census, present District 16 is underpopulated by 26,162 people. In order to attain the ideal population, the proposed district shifts west. Senator Jacqueline Collins (D) resides in the proposed district.

LEGISLATIVE DISTRICT 17

Proposed Legislative District 17 is located in northeastern Illinois, along the Illinois-Indiana state line. It has a population of 217,468, and therefore achieves the ideal equal population target. It includes several south suburban communities and portions of the southeast side of Chicago. Proposed District 17 begins at East 73rd Street in Chicago. It then follows a southeasterly path to the Illinois-Indiana border. The district continues south along the Indiana state line to Momence Township in Kankakee County. The southern border extends from the Indiana State line to Manteno Township in Kankakee County. The western boundary of the district runs generally along I-94 in Cook County and the Bishop-Ford Expressway in Will County.

The proposed Legislative District 17 includes the south suburban municipalities of Burnham, Calumet, Lansing, Lynwood, Ford Heights, and Sauk Village. The Will County municipalities of Beecher and Peotone are also included within the district, as are the Kankakee County municipalities of Manteno and Grant Park. Major transportation routes through the district are I-90, I-94, I-80, I-57 and Dixie Highway. Torrence Avenue runs north to south through the length of the district to the Cook County line. Chicago Transit Authority bus and rail lines (Red Line), as well as the Metra Electric District commuter line also serve the district, transporting residents to and from downtown Chicago.

U.S. Census figures reveal that the present 17th District, like neighboring south side districts, experienced a significant population loss. Because the present District 17 is 28,268 people below the ideal population, the proposed district boundaries were reconfigured to achieve the ideal population. The proposed district boundaries were extended south in order to respect the configurations of districts adjacent to it. The proposed district accordingly picks up similar south suburban communities in Cook, Will and Kankakee Counties, which is not without historical precedent. Under the 2001 configuration, many of these south suburban communities were included together in Legislative District 40. All communities in proposed District 17 generally share the same educational attainment levels. The manufacturing industry is a key employer in communities throughout this district, with at least 10% of the workforce employed in manufacturing. The proposed legislative district includes a number of manufacturing facilities, including Ford Motor Company's Chicago plant, that provide jobs to Chicago and south suburban residents. The population of the proposed district is primarily working-class, with a median household income of between \$40,000 to \$65,000 for the majority of the community. Roughly two-thirds of households own their own homes and the remaining one-third rent.

Proposed Legislative District 17 is a majority-minority district, with an African-American Voting Age Population of 60.03 percent. The Latino Voting Age Population is 9.07 percent. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. The proposed district preserves 60.6 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the

formulation of new relationships. Senator Donne Trotter (D) resides in the proposed district.

LEGISLATIVE DISTRICT 18

Proposed Legislative District 18 is located entirely within southwestern Cook County. It has a population of 217,468, and therefore achieves the ideal equal population target. The northern border is generally 83rd Street in the eastern half of the district and 103rd Street in the western half. The western border is the Cook County line. The southern border generally follows 119th Street in the eastern half of the district and 159th, 167th and 171st Streets in the west. The eastern border generally runs along South Ashland, South Western and South 86th Avenues. Proposed Legislative District 18 begins in the City of Chicago's 18th, 19th and 21st Wards, and continues west into Worth, Palos, Lyons and Orland Townships.

Proposed Legislative District 18 includes portions of the suburban communities of Orland Park, Orland Hills, Oak Lawn, Alsip, Merrionette Park, Evergreen Park, Chicago Ridge, Palos Hills, Palos Park, Palos Heights and Worth, as well as the Chicago communities of Beverly, Mount Greenwood, Morgan Park, Auburn-Gresham, Ashburn and Washington Heights. Legislative District 18 joins communities in southwest Chicago and Evergreen Park with areas such as Oak Lawn, Worth, Palos Hills and Orland Park. The shape of the proposed 18th Legislative District is not without historical precedent. The 1991 and 2001 configurations of the district linked these southwestern Chicago neighborhoods with similar suburbs. Interstate 294 runs through much of the proposed district, as do Southwest Highway and Western Avenue. The district is also serviced by public transportation, including the Chicago Transit Authority bus lines as well as the Metra Southwest Service commuter rail line.

The 2010 U.S. Census figures show that present District 18 is underpopulated by 8,320 people. Surrounding districts to the north and east also experienced significant population losses. Thus, District 18 was contracted in the north and east and expanded in the southwest, thereby achieving ideal population. Proposed Legislative District 18 preserves 73.8 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Edward Maloney (D) resides in the proposed district.

LEGISLATIVE DISTRICT 19

Proposed Legislative District 19 is located in southern Cook County and northern Will County. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district includes portions of Rich, Bremen and Orland Townships in Cook County and a majority of Frankfort, New Lenox and Homer Townships in Will County. Joliet and Lockport Township boundaries form the western boundary of proposed District 19. The southern boundary is generally Laraway Road, Prestwick Drive, and the Will-Cook County line. The eastern boundary is generally Kedzie and Western Avenues. The northern boundary generally follows 159th, 171st and 183rd Streets. The municipalities of Mokena, Matteson, New Lenox, Tinley Park, Country Club Hills, Hazel Crest and Richton Park are wholly or partially included in proposed Legislative District 19. Other municipalities partially included in the proposed district are Markham, Olympia Fields, Orland Park, Oak Forest, Park Forest, Flossmoor, Frankfort, Lockport, Homer Glen and Joliet.

The shape of the 19th Legislative District is not without historical precedent. Many of these communities were included in districts together under the 1991 and 2001 redistricting plans. Interstate 57, Harlem Avenue and LaGrange Road are major north to south transportation routes through the district. In addition, Interstate 80 and U.S. Route 30 traverse the district east to west. Interstate 355 provides transportation access in the northwestern portion of the district. The Metra Southwest Service line, the Rock Island District line and the Metra Electric District line provide commuters with daily service to and from the City of Chicago.

Due to population losses in the north and east, proposed Legislative District 19 encompasses additional southwestern suburban communities to the west. Proposed Legislative District 19 preserves 57.6 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Maggie Crotty (D) resides in the district.

LEGISLATIVE DISTRICT 20

Proposed Legislative District 20 is located on the northwest side of Chicago, just north of proposed Legislative District 2. It has a population of 217,468, and therefore achieves the ideal equal population target. Generally, the district is bound on the south by Armitage, Fullerton and Belmont Avenues, and on the north by Irving Park Road, Montrose Avenue and Argyle Street. It is bordered on the west by Austin Avenue, and on the east by the Chicago River and Western Avenue.

The borders of the proposed district generally adhere to existing precinct boundaries. Proposed District 20 contains well-established and growing Latino communities on Chicago's northwest side. Portions of the Chicago neighborhoods of Hermosa, Logan Square, Belmont-Cragin, Albany Park, Avondale, Irving Park, Portage Park and Dunning are located in the district. Chicago City Wards partially contained in the district are the 1st, 26th, 30th, 31st, 33rd, 35th, 38th and 39th. Irving Park Road and Belmont Avenue are major thoroughfares running east to west through much of the district, while Cicero Avenue and Pulaski Road run north to south. The Kennedy Expressway and Milwaukee Avenue run diagonally from the northwest to the southeast through the district. Proposed District 20 is also serviced by public transportation, including the Chicago Transit Authority bus and rail lines (Blue line) and the Metra Milwaukee District-West and Union Pacific Northwest lines.

In 2001, present District 20 was created as a new majority-minority Latino district. According to the 2010 U.S. Census, the present 20th District lost 29,590 people. In order to achieve ideal population, the boundaries were shifted west. Proposed District 20 has a Latino Voting Age Population of 52.01 percent and an Asian Voting Age Population of 6.25 percent. The district resembles proposed district maps submitted to the Senate Redistricting Committee by the Latino Coalition for Fair Redistricting. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed Legislative District 20 preserves 80.2 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Iris Martinez (D) resides in the proposed district.

LEGISLATIVE DISTRICT 21

Proposed Legislative District 21 is located in central DuPage County and northern Will County. It has a population of 217,469, and therefore achieves the ideal equal population target. Townships included in the proposed district are Winfield, Wayne, Bloomingdale, Milton, Naperville, Lisle, Wheatland and DuPage. The western border of proposed Legislative District 21 generally follows Illinois Route 59. The southern border is 111th Street and the northern border runs generally along Illinois Route 64. The eastern border generally follows Illinois Route 35 in the north and Naper Boulevard in the south.

The proposed district is anchored by the City of Naperville, and also includes the majority of the municipalities of Warrenville, Lisle and Wheaton. Portions of West Chicago and Carol Stream are also within the proposed district. Interstate 88, 75th Street, Roosevelt Road and Ogden Avenue traverse the district from east to west. The Metra Union Pacific West and Burlington Northern Santa Fe commuter rail lines transport commuters to and from the City of Chicago daily. The Timber Ridge Forest Preserve lies in the northern part of the district and the Springbrook Prairie Forest Preserves lies in the south. The proposed district includes a portion of the Illinois Technology and Research Corridor and is home to many businesses including Navistar, Tellabs, and the BP Research Center.

Proposed District 21 is presently located in the area occupied by present District 48. Present District 48 is located between two shifting population zones. To the east, districts lost population while districts to the west gained dramatically. Thus, proposed District 21 shifts north in order to achieve ideal population in the proposed district and surrounding districts. Proposed Legislative District 21 preserves 59.8 percent of the core of present District 48, and it retains the same general shape it presently has under the 2001 redistricting plan. Senator Tom Johnson (R) and Senator John Milner (R) reside in the proposed district.

LEGISLATIVE DISTRICT 22

Proposed Legislative District 22 is located in northwestern Cook County and eastern Kane County. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district's western boundary is generally the Fox River in the north and Illinois Route 34 in the south. The proposed district's southern border is generally U.S. Highway 20. The eastern boundary runs along Roselle Road in the north and generally along precinct lines in the cities of Streamwood, Hanover Park and Hoffman Estates in the south. The proposed district's northern boundary is generally I-90 to the east, and the McHenry-Kane County line in the west.

Proposed Legislative District 22 has a Latino Voting Age Population of 35.21 percent, an Asian Voting Age Population of 11.39 percent and an African-American Voting Age Population of 5.79 percent. A large portion of the Latino community in District 22 is located in the Fox River communities of Carpentersville and Elgin. The Latino Policy Forum proposed a similar configuration of this district at a Senate Redistricting Committee hearing. Other communities included in proposed District 22 are Streamwood, East Dundee, Schaumburg, Hoffman Estates, South Elgin and Hanover Park. In addition, proposed Legislative District 22 contains a larger portion of the City of Elgin than the present

configuration. Under this proposal Elgin is now split between only two districts, rather than three, with 74.22 percent of the city located in proposed District 22. Illinois Route 59 runs north to south through the middle of the district, and Interstate 90 also traverses the district. The district is served by the Metra Milwaukee District West commuter rail line, which operates daily between these suburban communities and downtown Chicago.

U.S. Census figures reveal that present District 22 is overpopulated by 4,115 people. The proposed district contracts borders in the northwest and expands in the southwest in order to incorporate a larger portion of the City of Elgin. The resulting district is more compact than the present district, yet maintains the same general shape it has had since 2001. Proposed Legislative District 22 preserves 97.3 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. The proposed Legislative District maintains the virtually identical partisan make-up of the present district. Senator Mike Noland (D) resides in the proposed district.

LEGISLATIVE DISTRICT 23

Proposed Legislative District 23 is primarily located in DuPage County, with a small portion of the district in Hanover Township in northwestern Cook County. Portions of the following DuPage County Townships are included in the proposed district: Wayne, Bloomingdale, Milton, Addison and York. Present District 23 is located between two shifting population zones. To the east, districts lost population while districts to the north and west gained dramatically. Present District 23 is also underpopulated by 3,895 people. Thus, proposed Legislative District 23 was expanded in order to achieve ideal population in the proposed district and surrounding districts. Proposed Legislative District 23 preserves 59.2 percent of the core of the present district. Senator Carole Pankau (R) resides in the proposed district.

According to the 2010 U.S. Census, Kendall and Kane Counties experienced extraordinary population growth. Presently, Legislative District 25 is overpopulated by 115,511 people. In order to account for this dramatic population increase, the proposed district contracts boundaries in the north, east and south. Present District 25 includes both rural and suburban areas in the same district. By contrast, proposed District 25 contains primarily suburban communities, and is more compact in shape. Proposed Legislative District 25 measures 30.1 miles from north to south, a substantial change compared with present District 25, which measures 54 miles from north to south. In addition, U.S. Route 12 crosses the northern half of the district. The proposed district is served by the Metra Union Pacific Northwest rail line, which transports commuters to and from the City of Chicago daily. The inclusion of multiple counties in the 26th Legislative District is not without historical precedent. The 2001 redistricting plan also divided legislative districts between Lake, McHenry and Cook Counties. According to 2010 U.S. Census figures, the present district is overpopulated by 31,130 people.

Proposed Legislative District 26 is uniquely situated between multiple shifting population zones. To the north, south and west, districts experienced substantial population growth, while districts to the east experienced population losses. According to U.S. Census figures, present District 33 is underpopulated by 8,252 people and present District 28 is underpopulated by 1,300 people. Proposed District 28 is uniquely situated between multiple shifting population zones. To the north and west, districts experienced substantial population growth, while districts to the east experienced population losses. Therefore, proposed District 28 moves north and west, picking up similar municipalities along the same general east to west axis as the present district. Proposed Legislative District 28 is made up of 44.6 percent of the core of the present district and 44.7 percent of area from the present Legislative District 33. The proposed district also shifts west in order to incorporate portions of Palatine, Arlington Heights, Buffalo Grove and Wheeling in order to achieve ideal population. The inclusion of multiple counties within the 29th District is not without historical precedent. Both the 1991 and 2001 maps divided legislative districts between Lake and Cook Counties. Interstates 94 and 294 are major transportation arteries running through the district, as are U.S. Route 41 and Illinois Route 21. The Metra Union Pacific North and Milwaukee District North lines also service the district, bringing suburban commuters to and from the City of Chicago daily. The proposed district shifts portions of North Chicago and Lake Forest south into District 29, which experienced a population loss during the last decade. Proposed District 30 retains a shape similar to the present district. The inclusion of multiple counties within the 30th District is also not without historical precedent. Both the 1991 and 2001 maps divided legislative districts between Lake and Cook Counties. The borders of the proposed district generally adhere to existing precinct boundaries. The proposed district preserves 82.5 percent of the core of the present district as well as its partisan composition to provide continuity for the existing incumbent constituency relations. Proposed District 37 sheds a portion of the City of Galesburg and Knox County. It also sheds a portion of the City of Peoria, as well as townships in Peoria County. In order to achieve the ideal population, proposed District 37 was expanded westward to the Mississippi River, incorporating all of Mercer County, which is currently split between two districts under the 2001 map. Caterpillar, Inc., is a major employer for the region. Many of the company's employees reside within proposed District 37. Senator Don Harmon (D) resides in the proposed district.

LEGISLATIVE DISTRICT 40

Proposed Legislative District 40 is located in northeastern Illinois, south of Chicago. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district contains portions of Cook, Kankakee, Grundy, and Will Counties. The southern boundary runs along the southern Kankakee County line. The northern boundary runs generally along U.S. Route 30 and 187th Street in the south suburbs. The eastern boundary of the proposed district runs along the Illinois-Indiana state line in the south and along precinct and township lines in Will County and precinct lines in Cook County in the north. The western boundary consists of township lines in Will, Grundy, and Kankakee Counties.

Major municipalities within the district include Kankakee, Bourbonnais, Manhattan, Chicago Heights, Park Forest, University Park, Olympia Fields, Bradley, and Flossmoor. Present District 40 also contains the municipalities of Kankakee, Bourbonnais, University Park, and Olympia Fields. As under present Legislative District 40, the proposed Legislative District 40 continues to include portions of Will and Washington Townships in Will County that contain the proposed site of the South Suburban Airport. This location remains in the district at the request of the Will County Executive. This district has a remarkably high population of government employees, with the largest employers being the educational services, health care, and social assistance industries. Most of the communities in this proposed district consist of well-established neighborhoods with homes built primarily between 1940 and 1980. Interstate 57 runs through the heart of the district, and Interstate 55 runs through the western portion. Municipalities in the northeastern portion of the proposed district are served by the Metra Electric District and South West Service commuter rail lines.

According to the 2010 Census, present Legislative District 40 has a surplus population of 2,936 people. However, population losses in the surrounding districts to the north and substantial population growth in districts to the west necessitated a reconfiguration of the district. In order to achieve ideal population in surrounding south suburban districts, proposed Legislative District 40 sheds rural portions of Iroquois, Kankakee, and Will Counties and picks up exurban areas in Will County. This reconfiguration tracks exurban growth patterns in the central and western Will County area. The African-American Voting Age Population in the proposed district is 24.29 percent. The Latino voting age population is 9.43 percent. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. The proposed district preserves 58.1 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Toi Hutchinson (D) resides within the proposed district.

LEGISLATIVE DISTRICT 41

[May 27, 2011]

Proposed Legislative District 41 is located in DuPage, Cook and Will Counties. It has a population of 217,469, and therefore achieves the ideal equal population target. Lemont Township is wholly contained in the proposed district in addition to large portions of Downers Grove and Homer Townships. Portions of Lisle, DuPage, and Lyons Townships are also within the proposed district. The eastern and western boundaries generally follow Homer and Lemont Township lines in the south, and commonly tracks precinct lines in Lyons and Lisle Townships in the north, respectively. The northern boundary follows precinct lines through Lisle, Downers Grove and Lyons Townships, while the southern boundary mainly follows precinct lines through Homer Township.

A majority or all of the following municipalities are within proposed Legislative District 41: Lemont, Downers Grove, Woodridge, Darien, Burr Ridge, Willowbrook, and Homer Glen. Portions of Naperville, Lisle, Countryside, Westmont and La Grange are also within the district. Interstates 55, 294, and, 355, as well as Illinois Route 83 traverse the district. The Metra Heritage Corridor commuter rail line provides residents of proposed District 41 transportation access to and from the City of Chicago. The Des Plaines River flows through the middle of the district. Argonne National Laboratory, an important national research facility, is located within the proposed district.

Overall population losses in districts to the east, combined with an overpopulation of over 30,000 people in present Legislative District 41 resulted in proposed Legislative District 41 shifting north and west. Proposed Legislative District 41 preserves 53.7 percent of the core of the present district. Senator Christine Radogno (R) and Senator Ron Sandack (R) reside in the proposed district.

LEGISLATIVE DISTRICT 42

Proposed Legislative District 42 is located in the four northeastern Illinois counties of DuPage, Will, Kane, and Kendall. It has a population of 217,469, and therefore achieves the ideal equal population target. Its northern boundary is generally Illinois Route 56 and its southern boundary is generally Wolfs Crossing Road in northeastern Kendall County. Its eastern boundary is generally Illinois Route 59 and the Kane County line, and the western boundary generally follows the Aurora Township line and precinct lines in Aurora, Montgomery, Oswego, and Boulder Hill. The borders of the proposed district generally adhere to existing precinct boundaries. Nearly all of Aurora Township in Kane County and 89 percent of the City of Aurora is located in proposed Legislative District 42. A similar configuration of this district was proposed at Senate and House Redistricting Committees' hearings. The House Redistricting Committee also received testimony from citizens in Aurora indicating a preference for incorporating more of the city into a single district, which is reflected in proposed District 42. Portions of Oswego, Montgomery, and Naperville are also located in the district.

U.S. Census figures reveal that Will and Kane Counties were among the fastest growing counties in Illinois between 2000 to 2010. Will County increased by 175,294 persons and Kane County increased by 111,150 persons. This combined increase represented nearly 70 percent of the entire growth in all Illinois counties between 2000 and 2010. Specifically, the City of Aurora grew by 38.4 percent, making it the second-fastest growing urban center in the State. As a result of this unprecedented growth, present District 42 is overpopulated by 120,157 people. In order to achieve ideal population and accommodate citizens and Latino communities of interest in the Aurora area, proposed District 42 was contracted. The proposed district is much more compact than the present configuration. Proposed District 42 has a Latino Voting Age Population of 36.73 percent, an African-American Voting Age Population of 10.24 percent, and an Asian Voting Age Population of 7.01 percent. The proposed legislative district enhances the partisan make-up of the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed Legislative District 42 preserves 80 percent of the core of the present district to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. Senator Linda Holmes (D) resides in the proposed district.

LEGISLATIVE DISTRICT 43

Proposed Legislative District 43 is located southwest of Chicago, almost entirely within Will County. It has a population of 217,469, and therefore achieves the ideal equal population target. The district is anchored by the core of the City of Joliet; it also includes the municipalities of Romeoville, Bolingbrook, Elwood, Channahon and Lockport. The eastern boundary of the district consists of the Jackson, Joliet, Lockport, and DuPage Township lines. The western boundary runs generally along precinct boundaries in Will and DuPage Counties. The northern border runs along precinct lines in DuPage County, and the southern border runs along the township boundaries of Channahon and Jackson Townships. The borders of the proposed district generally adhere to existing precinct boundaries.

Proposed Legislative District 43 is mainly suburban in the north and urban and industrialized in the

south. The proposed district includes major employers such as Dow Chemical, Mobil Oil, Caterpillar, Inc., and St. Joseph's Medical Center. The district is a transportation hub, with Interstates 55 and 80, and Illinois Route 53 running through the district as well as the CenterPoint Intermodal Center and the BNSF Logistics Park, both located in Elwood. The proposed Legislative District is also supported by a thriving railroad industry, with several Amtrak and Metra passenger lines servicing the core of the district. According to 2010 U.S. Census data, Will County grew by 175,294 (34.9 percent) making it the second fastest growing county in Illinois. The City of Joliet in particular experienced a population growth of 38.8 percent, making it the fastest growing urban area in Illinois.

Present Legislative District 43, which is in the heart of Will County, is overpopulated by 35,424 people. As a result, the proposed district sheds extra population surrounding its urban centers. The proposed Legislative District is now more urban and suburban than previously. The Latino Voting Age Population of proposed Legislative District 43 is 22.83 percent and the African-American Voting Age Population is 17.33 percent. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American and Latino voters that identify with the Democratic Party based on committee hearing testimony. Proposed District 43 preserves 86.1 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator A.J. Wilhelmi (D) resides within the proposed district.

LEGISLATIVE DISTRICT 44

Proposed Legislative District 44 is located in central Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. The district contains all of Logan and Menard Counties, and portions of Tazewell, McLean and Sangamon Counties. This mainly rural district encompasses much of the central part of the state between the major communities of Springfield, Peoria and Bloomington. Population centers of Bloomington, Lincoln, Morton, and the northern section of Springfield are in the district.

Interstate 55 runs southwest to northeast through much of the district, with I-155 running north to south through the northern part of the district. Interstate 72 runs east to west along the southern border of the district. A majority of the eastern boundary line is composed of the Logan County line. Interstate 74 generally serves as the district's northern boundary. The western boundary follows the Menard, Logan and Tazewell County lines.

Although present Legislative District 44 has a population surplus, population pressures from surrounding districts caused proposed Legislative District 44 to move west creating a more streamlined configuration. As a result, proposed Legislative District 44 now divides Tazewell County between two districts rather than three districts. Logan County, which is currently split between two Legislative Districts, is now wholly included in proposed District 44. The district includes major employers such as State Farm Insurance, Country Financial, and Mitsubishi Motors, as well as the core of Bloomington's business district. Proposed Legislative District 44 preserves 44.5 percent of the core of the present district. Senator Bill Brady (R) currently resides in the proposed legislative district.

LEGISLATIVE DISTRICT 45

Proposed Legislative District 45 is a rural district located in northwestern Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district includes all of Jo Daviess, Stephenson and Ogle Counties, in addition to portions of Carroll, Whiteside, Lee, DeKalb, LaSalle and Winnebago Counties. The northern border of the district is the Illinois-Wisconsin State Line. The northern half of the district's western border is the Mississippi River and the southern half of the western border generally follows township lines through Carroll and Whiteside Counties. The southern boundary generally follows township lines along U.S. Route 52 and U.S. Route 30. The eastern border generally consists of township lines in Winnebago County, the Ogle-DeKalb County line, and township lines in DeKalb County.

Major cities located wholly within proposed Legislative District 45 include Freeport, Dixon, Galena and Rochelle. Many major thoroughfares including U.S. Routes 20, 30, 34, and 52, as well as Interstates 39 and 88, traverse the proposed district. While the proposed district has a strong agricultural base, it also contains numerous state parks, natural areas, and tourist attractions.

Due to overall population loss in the present district and region, the proposal adds largely rural areas within DeKalb, LaSalle, and Winnebago Counties to the present district. Many of the counties have previously been paired together in a district and the proposed shape of the 45th is similar to the district's shape under both the current map and the 1981 map. Proposed Legislative District 45 preserves 72.3 percent of the core of the present district. Senator Tim Bivins (R) and Senator Christine Johnson (R)

reside in the proposed district.

LEGISLATIVE DISTRICT 46

Proposed Legislative District 46 is located in portions of three central Illinois Counties: Peoria, Tazewell and Fulton. It has a population of 217,469, and therefore achieves the ideal equal population target. Generally, its eastern border lies along the Illinois River, with the exception of East Peoria and Peoria, where the district's boundaries follow county, municipal and precinct lines. The southern border of the district roughly follows U.S. Route 24 and the Tazewell County line. The district's western boundary is generally Illinois Route 97 and its northern boundary is the Fulton County line and township lines in Peoria County.

The proposed district includes over 72.8 percent of the City of Peoria, in addition to communities directly to the east of the Illinois River including Pekin, Creve Coeur and East Peoria. The configuration of the City of Peoria within the proposed Legislative District is generally similar the City's configuration under the last three maps (1981, 1991, and 2001). As a result of community input received by the Senate Redistricting Committee at its Peoria hearing, the City of Peoria remains split between proposed 46th and the 37th Legislative Districts. The Illinois River runs through the heart of the district and serves as an economic engine for agricultural, tourism, and recreational interests within the district. Proposed Legislative District 46 includes the major manufacturing and business hubs of Pekin, Peoria, East Peoria, and Canton. Caterpillar, Inc., is a major employer in the region, and many of the company's employees reside within proposed District 46. The proposed legislative district also includes Bradley University and Illinois Central Community College.

According to the 2010 Census, the current Legislative District 46 needed to increase by 14,619 persons. Thus, the district was expanded to include a larger portion of eastern Peoria together with townships in Peoria County east of the Fulton County line. Proposed Legislative District 46 preserves 89.6 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator David Koehler (D) resides in the proposed district.

LEGISLATIVE DISTRICT 47

Proposed Legislative District 47 is rural, agriculturally based district located in western Illinois containing the whole of Adams, Brown, Cass, Mason, Schuyler, Hancock, McDonough, Henderson and Warren Counties, as well as parts of Knox and Fulton Counties. It has a population of 217,468, and therefore achieves the ideal equal population target, and includes the municipalities of Quincy, Macomb, Beardstown, as well as a portion of Galesburg, and numerous smaller towns and unincorporated areas. Testimony from community members received at the Senate Redistricting Committee's Macomb hearing indicated that residents in the area preferred to have McDonough County and the City of Macomb located within the same district, which this proposed legislative district accomplishes.

The district is bounded by the Mississippi River to the west, taking in small river communities such as Nauvoo, Hamilton, Oquawka and Warsaw. The southern border runs along the county lines of Adams, Brown, Cass and Mason Counties. The northern border runs along the Henderson and Warren County lines, and the eastern border runs along precinct and township lines in Knox and Fulton County, as well as the Mason County line. U.S. Route 67 traverses the entire length of the district from north to south, with U.S. Route 136 crossing the district from east to west. Other significant transportation routes in the district are U.S. Routes 24 and 34. The Illinois and Sangamon Rivers run through the southeast portion of the proposed district, taking in the communities of Havana and Beardstown. The proposed legislative district contains several institutions of higher education, including Western Illinois University, Monmouth College, Quincy University and Knox College.

The current Legislative District 47 is underpopulated by 13,520 people. By shedding portions of rural counties only partially contained in the current district and by expanding into the population center of Galesburg, the proposed district achieves the ideal population, while becoming more compact. Proposed Legislative District 47 preserves 89.5 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator John Sullivan (D) resides in the proposed district.

LEGISLATIVE DISTRICT 48

Proposed Legislative District 48 is located in central Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. The district contains all of Montgomery and Christian Counties, as well as portions of Macoupin, Madison, Sangamon and Macon Counties. The northern border of the district generally follows township and precinct lines in Sangamon and Macon Counties. The eastern border encompasses the Decatur area, with the Christian and Montgomery County lines forming the remainder of the eastern border. The southern border runs along the Montgomery

County line and follows township lines in Madison County. The western border runs along county and township lines in Sangamon, Macoupin and Christian Counties, as well as precinct lines in City of Springfield.

The proposed legislative district contains the municipalities of Carlinville, Taylorville, Pana, Staunton, Litchfield, and Hillsboro. The proposed district also includes the urban cores of the Cities of Decatur and Springfield. The economy of proposed District 48 is largely driven by three main industries: government, energy and agriculture. The proposed district includes numerous State and federal employers such as the Illinois Department of Transportation and Secretary of State, and various State governmental agency offices in Springfield, as well as correctional facilities in Decatur, Hillsboro, and Taylorville. There are numerous energy production facilities, including coal mines and power plants, and a planned clean coal facility in Taylorville. The district also has a strong agricultural base, lead by the agri-business conglomerate Archer Daniels Midland, located in Decatur, as well as Tate & Lyle and Caterpillar which have facilities in the district. The district is traversed via several major transportation arteries, including Interstates 55 (the Vince Demuzio Expressway from Carlinville to Springfield) and 72, U.S. Route 51, and Illinois Routes 48, 29, and 4. The proposed legislative district contains several institutions of higher education including: (i) Blackburn College in Carlinville, (ii) Richland Community College and Millikin University in Decatur, (iii) Southern Illinois University School of Medicine in Springfield and (iv) three educational service centers of Lincoln Land Community College (Hillsboro, Litchfield, and Taylorville). The proposed district abuts the University of Illinois at Springfield and Lincoln Land Community College's main Springfield campus, as well as Lewis and Clark Community College in Godfrey. The proposed district contains the Mid-Illinois Medical District and numerous state-of-the-art medical facilities beginning in the west with the Southern Illinois School of Medicine, the Simmons Cancer Institute, Memorial Medical Center, and St. John's Hospital in Springfield and in the east with Decatur Memorial Hospital and St. Mary's Hospital. These facilities provide vital healthcare services to numerous residents of proposed Legislative District 48. Springfield, Decatur and southern parts of the district share media markets including television stations WICS (ABC), WAND (NBC), WCIA (CBS), and WRSP-TV (Fox) and radio stations WSMI (AM and FM), WTAX (AM), and WSOY (AM). The proposed legislative district joins substantial African-American communities in Springfield and Decatur in the same district, in a configuration that closely resembles map lines proposed by African Americans for Legislative Redistricting (AALR). The proposed district has an African American Voting Age Population of 13.18 percent. The Capital City Courier, an independent African-American newspaper based in Springfield, delivers free newspapers to locations in the African-American communities in Springfield and Decatur. The proposed Legislative District 48 encompasses 47.5 percent of the core of the present Legislative District 49 and 25.6 percent of present Legislative District 51. Senator William "Sam" McCann (R) currently resides in this proposed district.

LEGISLATIVE DISTRICT 49

Proposed Legislative District 49 is located in Will County and northeastern Kendall County. It has a population of 217,469, and therefore achieves the ideal equal population target. Plainfield Township is wholly contained within the district. Portions of Troy, Joliet, Lockport, DuPage, Wheatland, and Oswego Townships are also within the district.

The southern boundary of the district generally runs south of I-80. The district's western border generally follows the Will County line and precinct lines in Oswego Township. The district's northern border generally follows the Kendall County line, then Wolf Crossing Road, then 104th and 111th Streets in the city of Plainfield. The district's eastern border generally follows Weber Road. The borders of the proposed district generally adhere to existing precinct boundaries.

Proposed Legislative District 49 contains portions of several communities with similar housing stock. U.S. Census Bureau numbers show that the proposed 49th District is a fast-growing district with many new homes. Since 2000, more than 6,000 new homes have been built in Plainfield accounting for nearly 60 percent of all the homes in the city. Similarly, over 2,200 homes have been built in Shorewood, accounting for 46 percent of the homes in that community. Oswego has seen nearly 4,100 new homes built since 2000, accounting for around 50 percent of the homes in the municipality. In addition, 80 percent of the homes in Oswego have been built since 1990. The more established communities of Bolingbrook and Romeoville have seen new homes grow by 21 percent and 38 percent, respectively.

Major transportation routes in the district include I-55 in the eastern section, Illinois Route 59 running north to south, and U.S. 30 running from the northwest to southeast. U.S. Route 52 and Weber Road are also major transportation arteries for the area.

Kendall County was the fastest growing county in the State of Illinois from 2000-2010 with a 110 percent increase in population. Similarly, Will County was the second fastest growing county in the state

from 2000-2010 with an almost 35 percent increase in population. The region's huge population growth necessitates the need for an additional Legislative District.

This newly proposed Legislative District is made up of 72 percent of what was present Legislative District 42, and 25 percent of what was present Legislative District 43; two of the fastest growing districts between 2000 and 2010. Currently, only one member of the General Assembly resides in this newly-created district: Representative Tom Cross (R).

LEGISLATIVE DISTRICT 50

Proposed Legislative District 50 is located in south and west-central Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. This mostly rural district contains the counties of Calhoun, Greene, Morgan, Pike, Scott and virtually all of Jersey County. It also contains portions of Sangamon, Macoupin and Madison Counties. The northern boundary is formed by the county lines of Pike, Morgan and Sangamon with the western border formed by the Mississippi River. The southern and eastern borders of the district run along township lines in the counties of Jersey, Macoupin and Sangamon, as well as precinct lines in the City of Springfield. The Illinois River runs through the western portion of the district. The district is largely rural, but also contains some sizeable municipalities including Jacksonville, Chatham, Pittsfield, Jerseyville and the outer southern and western portions of Springfield.

Under the proposal, Pike County is wholly included in the district, in contrast to the current district configuration, which splits Pike County between Legislative Districts 47 and 49. The current map also splits Scott and Morgan Counties between two separate Legislative Districts (47 and 49). The proposed Legislative District keeps Scott and Morgan Counties intact and in one Legislative District. The U.S. Census Bureau defines Scott County as part of the Jacksonville (Morgan County) micropolitan area. In addition, Scott and Morgan Counties are served by many of the same social, human service, emergency service, and economic development programs. The University of Illinois' Morgan-Scott Extension Unit, MCS Community Services, and the Jacksonville Regional Economic Development Corporation all focus their services on the Morgan and Scott County area.

Interstate 72 runs east to west along the northern half of the district, linking commuters from Jacksonville to major employers in Springfield. In addition, U.S. 67 runs north to south through the heart of the district. Current Illinois Department of Transportation plans call for the expansion of U.S. 67 to become a major highway in the region. To date, some portions of U.S. 67 around Jacksonville and to the south have been completed. The Jacksonville based West Central Mass Transit District provides bus service in Morgan and Scott Counties as well as transportation services to Springfield.

The district contains a large number of State employers in both Jacksonville and Springfield, including the University of Illinois at Springfield, Jacksonville Correctional Center, the Illinois School for the Visually Impaired, the Illinois School for the Deaf, Lincoln Land Community College, and several state parks and recreation areas. The small private colleges of MacMurray College, Illinois College, and Robert Morris University are located in the district. The proposed district preserves 50.2 percent of the core of the present Legislative District 50 and 45 percent of present Legislative District 49. Senator Larry Bomke (R) currently resides in the proposed district.

LEGISLATIVE DISTRICT 51

Proposed Legislative District 51 is located in east-central Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. The district wholly contains Piatt, DeWitt, Douglas, Moultrie and Shelby Counties, as well as portions of Edgar, Vermillion, Champaign, McLean and Macon Counties. The northern boundary of the district follows township and county lines north of U.S. 136. The eastern border of the district is the Illinois-Indiana state line. The southern border follows the Shelby and Douglas County lines, and township and county lines in Edgar County. The western border generally follows the county lines in DeWitt and Shelby Counties, and precinct, township and county lines in McLean and Macon Counties.

The proposed district includes all of Shelby County, in contrast to the current district configuration which splits Shelby County between three Legislative Districts. The Senate Redistricting Committee received testimony at its Springfield hearing from community members requesting that Shelby County be made whole.

Municipalities in the district include Shelbyville, Clinton, Monticello, Tuscola, and Mahomet. The district is a rural, agriculturally-driven district located between the major downstate urban centers of Decatur, Champaign-Urbana, Effingham, Bloomington-Normal and Charleston-Mattoon. This is consistent with testimony received at the Senate Redistricting Committee's Macomb hearing where various farm bureaus indicated a preference for an increased number of agriculture-based districts.

The district is easily traversed via three major interstates (I-72, I-74 and I-57) as well as U.S. Routes 36 and 51. The proposed district includes major recreational areas such as Allerton Park, Lake Shelbyville, and Clinton Lake. Currently there is no Senator residing in the proposed district.

LEGISLATIVE DISTRICT 52

Proposed Legislative District 52 is located in eastern Illinois and is anchored by the cities of Champaign and Urbana in the west and Danville in the east. It has a population of 217,468, and therefore achieves the ideal equal population target. The district is wholly contained in Champaign and Vermillion counties.

Generally, the district is bounded on the west by I-57. The northern boundary runs generally along the Champaign County line. In Vermillion County, the northern boundary runs parallel to U.S. 136. In the east, the Indiana-Illinois state line serves as the district's boundary. The southern boundary runs along precinct and township lines in Champaign County and along township and county lines in Vermillion County.

Interstate 74 connects the urban communities of Champaign/Urbana and Danville within the district. These three communities are currently located in present District 52. The House Redistricting Committee received testimony at its Champaign hearing indicating that members of the community preferred to keep the current configuration, which includes all three cities in a single district. Testimony received indicated that a sizeable portion of Danville residents commute to the city of Champaign on a daily basis for work. Interstate 74 serves as a major commuter line bringing workers from Danville to Champaign to the region's major employers, including the University of Illinois, Parkland Community College, Carle Clinic, and Kraft Foods.

According to 2010 Census figures, current District 52 is overpopulated. In order to accommodate this population growth and testimony received at the House's Champaign hearing, the district was contracted, shedding rural precincts in Champaign and Vermillion Counties, and expanded to include fast growing areas in the municipalities of Champaign and Savoy. The result is a largely urban downstate district, which now includes 91.7 percent of the City of Champaign and 82.0 percent of the village of Savoy in a single, more compact district. The Champaign News-Gazette serves the Champaign-Urbana and Danville communities, as does a Champaign CBS affiliate, WCIA. The proposed district contains 91.1 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator Michael Frerichs (D) resides in this proposed district.

LEGISLATIVE DISTRICT 53

Proposed Legislative District 53 is located in north central Illinois. It has a population of 217,469, and therefore achieves the ideal equal population target. This agricultural district includes the entire counties of Iroquois and Ford and nearly all of Livingston County. Rural parts of Woodford, McLean, and Vermillion counties are also in the district.

The Illinois-Indiana state line forms the eastern border of the district. In the north, the district boundary runs along the Iroquois, Ford, Livingston and Woodford County lines. The western boundary is located west of U.S. Route 39. The southern boundary runs along the Ford and Woodford County lines, and along township and precinct lines in McLean and Vermillion Counties.

The proposed legislative district includes the communities of Bloomington, Pontiac, Onarga, Hoopston, Watseka and Gibson City. The district is anchored in the southwest by the City of Normal with 100 percent of the city's population located in the proposed district. Currently, Normal is divided between two Legislative Districts (44th and 53rd). The new, more compact district includes all of Iroquois County, which was previously split between 3 Legislative Districts.

Several major transportation arteries run through the proposed district, including Interstates 39, 55 and 57, as well as U.S. Route 24, which traverses the entire district from east to west. While proposed Legislative District 53 is largely agricultural, it includes Illinois State University and Pontiac Correctional Center, two major employers for the region. The proposed district also includes the Illinois State University Farm near Lexington. Proposed Legislative District 53 encompasses 59.8 percent of the core of the present district. Senator Shane Cultra (R) resides in the proposed district.

LEGISLATIVE DISTRICT 54

Proposed Legislative District 54 is located in the central region of southern Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. The district contains the whole counties of Bond, Clinton, Marion and Fayette. Rural portions of Madison and St. Clair Counties as well as portions of Effingham and Washington Counties are also within the district. Major communities in the district include Salem, Vandalia, Greenville, Highland and Centralia. Under the proposal, 96.8 percent of

the City of Effingham is contained within the district, a significant change from the current configuration which splits Effingham into three districts.

The district's northern border follows county lines of Bond, Fayette, and Effingham Counties, as well as township lines in Madison County. The western boundary is comprised of precinct and township lines in Madison and St. Clair Counties. The southern boundary of proposed District 54 generally follows the southern borders of Effingham and Marion Counties and township and county lines in Washington and St. Clair Counties. The eastern border runs along the eastern boundary of Fayette and Marion Counties and precinct and township boundaries in Effingham County.

Proposed Legislative District 54 is largely rural, with a major transportation hub in Effingham. The district includes Vandalia and Centralia Correctional Facilities, which are major employers in the region. The district is easily traversable via Interstates 57, 64, 70, as well as U.S. 50, which runs east to west, and U.S. 51, which runs north to south through the heart of the district.

Due to population losses in the region, proposed District 55 absorbed eastern portions of present District 54, thereby achieving ideal population. The western portions of present District 54 were combined with the southern portions of present District 51 and northern portions of present District 58. The result is a much more compact district, which strongly resembles a district proposed by the Republicans in their 2001 "Alternative Plan" and the 55th Legislative District as configured under the 1971, 1981, and 1991 maps.

Proposed Legislative District 54 forms a new district by preserving 35.7 percent of the core of the present district and 48.8 percent of the present District 51. Senators residing in the proposed district include Senators Kyle McCarter (R) and Dave Luechtefeld (R). The pairing of these incumbents stems mainly from residences located in relatively close proximity to the southwestern edge where two rural districts meet.

LEGISLATIVE DISTRICT 55

Proposed Legislative District 55 is located in east-central and southeastern Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. The proposed district contains the whole counties of White, Wayne, Edwards, Wabash, Clay, Richland, Lawrence, Crawford, Jasper, Cumberland, Clark and Coles, as well as portions of Edgar and Effingham Counties. Proposed District 55 is bounded by the Illinois-Indiana state line and the Wabash River on the east, and Coles, Cumberland, Clay and Wayne County lines on the west. In Effingham County, the western boundary runs along township and precinct lines. The Wayne and White County lines form the southern boundary of Proposed District 55, and the northern border utilizes the Coles and Clark County lines, as well as township lines in Edgar County.

Under the current map, the present district contains only eight whole counties, splitting another four. Under the proposed district map, District 55 now contains 12 whole counties and splits only two. The largest cities in the proposed district are Charleston and Mattoon, but the district also includes many smaller communities such as Olney, Lawrenceville, Flora and Fairfield.

Though the economy of this rural district is primarily agriculture-based, it also contains large employers such as Eastern Illinois University, Olney Community College and Robinson and Lawrence Correctional Centers. There are a number of major transportation routes running through proposed District 55, including Interstates 64, 70 and 57. Illinois Route 130 is a major north to south artery in the district, running from Charleston to White County. Other major routes include U.S. 45, U.S. 50, and Illinois Route 15.

Proposed District 55 preserves 57.8 percent of the core of the present district. Senator Dale Righter (R) currently resides in the proposed district.

LEGISLATIVE DISTRICT 56

Proposed Legislative District 56 is the northern of two proposed Legislative Districts wholly contained in the Metro-East portion of the greater St. Louis metropolitan area. It has a population of 217,468, and therefore achieves the ideal equal population target.

The proposed legislative district is bounded on the west by the Mississippi River. Its northern boundary generally follows the Madison County line. On its eastern and southern edges, the proposed district follows township and precinct boundary lines in Madison and St. Clair Counties.

The borders of the proposed district generally adhere to existing precinct boundaries. Elsayh Township is now wholly contained within the district, in contrast to the 2001 configuration, which splits it between two districts. Due to overall population growth in the present district, some rural areas were shed to create a more compact, urban district.

Proposed Legislative District 56 contains the communities of Edwardsville, Glen Carbon, Bethalto,

Collinsville, and portions of Godfrey. The district also includes the working-class communities of Alton, Wood River, Roxana, Hartford, Pontoon Beach and portions of Granite City in the Mississippi Bottoms region. The district runs from southeastern Jersey County south along the Mississippi River through the urban heart of Madison County to Caseyville Township.

Interstates 270 and 55/70 along with the Clark Bridge in Alton provide the residents of proposed Legislative District 56 easy access to downtown St. Louis and the city's western suburbs. Planned expansion of Interstate 255 between I-270 near Edwardsville and U.S. 67 in Godfrey will further link residential corridors in Madison County with the St. Louis Metro-East area. The proposed district also includes Southern Illinois University at Edwardsville, Southern Illinois Dental School, Lewis & Clark Community College and Principia College.

Proposed Legislative District 56 preserves 91.2 percent of the core of the present district to provide continuity for the existing incumbent constituency relations. Senator William Haine (D) resides in the proposed district.

LEGISLATIVE DISTRICT 57

Proposed Legislative District 57 is the most southern of two proposed Legislative Districts wholly contained in the Metro-East portion of the greater St. Louis metropolitan area. It has a population of 217,468, and therefore achieves the ideal equal population target. The district is almost entirely included within St. Clair County. The northern and southern borders run along township, precinct, and county lines in St. Clair County. Illinois Route 4 is generally the district's eastern border and the Mississippi River is the district's western border.

The proposed legislative district also contains portions of southwestern Madison County, in and around Granite City. According to 2010 Census figures, current District 57 is underpopulated by 8,223 people. With the Mississippi River prohibiting expansion to the west, the district lines were shifted south and eastward to include the communities of Smithton, Freeburg and Lebanon, all of which are high growth areas, sharing many similar characteristics with the greater Metro-East region.

Proposed Legislative District 57 is anchored by the two major Metro-East cities of East St. Louis and Belleville, in addition to communities with significant African-American populations, such as Brooklyn, Centreville, Alorton, Madison, Venice and Washington Park. The African-American population of the proposed district is 33.29 percent, roughly the same as under present and prior district maps. Illinois Routes 15 and 159, as well as Interstates 64, 55 and 255 run through proposed Legislative District 57, providing access to downtown St. Louis. Continued infrastructure expansion projects, such as the new Mississippi River Bridge and the expansion of I-64 will unite this area with the greater St. Louis, Missouri metropolitan area.

Proposed Legislative District 57 preserves 88.8 percent of the core of the present district as well as its partisan make-up to provide continuity for the existing incumbent constituency relations and allows the formulation of new relationships. The proposed legislative district maintains a partisan make-up that is comparable to the present legislative district and reflects the high affiliation and correlation of African-American voters that identify with the Democratic Party based on committee hearing testimony. Senator James Clayborne (D) resides in the proposed district.

LEGISLATIVE DISTRICT 58

Proposed Legislative District 58 is located in southwestern Illinois. It has a population of 217,468, and therefore achieves the ideal equal population target. The whole counties of Monroe, Randolph, Perry and Jefferson are contained in the largely rural Legislative District while portions of St. Clair, Union, Washington and Jackson counties are also included. The district runs from Metro-East St. Louis in the north to Union County.

Proposed Legislative District 58 includes the municipalities of Mt. Vernon, Pinckneyville, DuQuoin, Murphysboro, Red Bud, Chester, Columbia, Cahokia, and the portion of Carbondale west of U.S. 51. The western boundary of the proposed district is the Mississippi River and its eastern boundary follows the county lines of Jefferson, Perry and Jackson and Illinois Route 51 south of Carbondale.

According to the 2010 Census, the current Legislative District 58 is underpopulated by 1,118 individuals. However, due to overall population decline in the region, the boundaries of current District 58 were shifted eastward to include Jefferson County. Jefferson County was wholly incorporated into the proposed district, pursuant to requests made by County Board Chairman and the Jefferson County Farm Bureau.

The proposed district's economy is largely supported by agriculture, tourism, coal mining and light manufacturing. Proposed Legislative District 58 preserves 79.4 percent of the core of the present district. Senator John O. Jones (R) resides in the proposed district.

LEGISLATIVE DISTRICT 59

Proposed Legislative District 59 is located at the southern tip of Illinois and has population of 217,468, and therefore achieves the ideal equal population target. The largely rural district is bounded by the Ohio River to the south and east and the Mississippi River to the southwest. Its western border generally follows Illinois Route 51 and the Franklin and Williamson County lines. To the north, the Franklin, Hamilton and Gallatin county lines bound proposed Legislative District 59.

Major cities in the district include Benton, Metropolis, Marion, Harrisburg, Carbondale, Cairo, and McLeansboro. Proposed Legislative District 59 contains the entire counties of Alexander, Pulaski, Massac, Johnson, Williamson, Pope, Hardin, Gallatin, Saline, Franklin, Hamilton and portions of Union and Jackson Counties. Under the current map, Hamilton County is split between the 59th and 54th Legislative Districts, whereas proposed District 59 contains all of Hamilton County. As a result of testimony received at the Senate Redistricting Committee's Carbondale hearing, Alexander and Pulaski Counties were kept whole and together in the district, as they have been under every map since the 1970 map.

According to the 2010 Census figures, present District 59 is underpopulated by 7,625 people. Accordingly, the proposed district now includes a larger portion of Union County, as well as a portion of Carbondale east of U.S. 51.

The district's economy is largely supported by agriculture, tourism, coal mining and light manufacturing. With more than 10 major coal mines, the coal industry is one of the top employers in the district, employing over 1,500 people in Saline County alone. The proposed district also includes major governmental employers of Tamms, Shawnee, and Vienna Correctional Centers as well as the Marion Federal Correctional Center. A large portion of the Shawnee National Forest and Rend Lake are also located in proposed Legislative District 59. Interstates 24 and 57 provide transportation access to the district's residents and businesses.

Proposed Legislative District 59 preserves 91.2 percent of the core of the present district as well as its partisan composition to provide continuity for the existing incumbent constituency relations. Senator Gary Forby (D) resides in the proposed district; and be it further

AMENDMENT NO. 1 TO SENATE BILL 178

AMENDMENT NO. 1. Amend Senate Bill 178 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the State Healthcare Purchasing Reorganization Act.

Section 10. Revocation of Executive Order 3 (2005). On January 1, 2012, Executive Order 3 (2005) is superseded by this Act with the exception of Section 1 (renaming the Department of Public Aid as the Department of Healthcare and Family Services), which remains in effect.

Section 15. Transfer back of State healthcare purchasing functions transferred by Executive Order 3 (2005).

(a) On January 1, 2012 or as soon thereafter as practical, all of the powers, duties, rights, and responsibilities related to State healthcare purchasing that were transferred from the Department of Central Management Services, the Department of Corrections, the Department of Human Services, and the Department of Veterans' Affairs to the Department of Healthcare and Family Services by Executive Order 3 (2005) are transferred back to the Departments from which those powers, duties, rights, and responsibilities were transferred; however, powers, duties, rights, and responsibilities related to State healthcare purchasing that were exercised by the Department of Corrections before Executive Order 3 (2005) but that pertain to individuals resident in facilities operated by Department of Juvenile Justice are transferred to the Department of Juvenile Justice.

(b) The functions associated with State healthcare purchasing that are transferred from the Department of Healthcare and Family Services under this Section include, without limitation, the following:

- (1) Rate development and negotiation with hospitals, physicians, and managed care providers.
- (2) Health care procurement development.

(A) State employees. These healthcare purchasing functions include the following health care plans: quality health care plan; managed health care plan; vision plan; pharmacy benefits plan; dental plan; behavioral health plan; employee assistance plan; utilization management plan; and SHIPs and various subrogation agreements. These healthcare purchasing functions also include the purchasing and administration of flu shots, hepatitis B vaccinations, and tuberculosis tests.

(B) Persons other than State employees. These healthcare purchasing functions include the following health care plans: the retired teachers' health insurance plan under the State Employees Group Insurance Act of 1971; the local government health insurance plan under the State Employees Group Insurance Act of 1971; the community colleges health insurance plan under the State Employees Group Insurance Act of 1971; and the active teacher prescription program.

(C) Residents of State-operated facilities, including (i) correctional and youth facilities operated by the Department of Corrections or the Department of Juvenile Justice, (ii) mental health centers and developmental centers operated by the Department of Human Services, and (iii) veterans homes operated by the Department of Veterans' Affairs.

- (c) The powers, duties, rights, and responsibilities vested in or associated with State healthcare purchasing are not affected by this Act, except that all management and staff support or other resources necessary to the operation of a State healthcare purchasing function shall be provided by the Department to which that function is transferred under this Act.

Section 20. Representation on boards or other entities. When any provision of an Executive Order or Act provides for the membership of the Director of Healthcare and Family Services on any council, commission, board, or other entity that exercises any of the State healthcare purchasing functions transferred by this Act, the Director or Secretary of the Department to which the State healthcare purchasing function is transferred under this Act, or his or her designee, shall serve in the place of the Director of Healthcare and Family Services, but only with regard to the exercise of the function transferred under this Act. If more than one such person is required by law to serve on any council, commission, board, or other entity, then an equivalent number of the representatives of the Department to which the applicable function is transferred under this Act shall so serve. In addition, any statutory mandate that provides for action on the part of the Director of Healthcare and Family Services relating to a State healthcare purchasing function transferred under this Act shall become the responsibility of the Director or Secretary of the Department to which that function is transferred under this Act.

(a) The status and rights of employees of the Department of Healthcare and Family Services engaged in the performance of State healthcare purchasing functions transferred back to the Department of Central Management Services are not affected by this Act. The status and rights of those employees, and the rights of the State of Illinois and its agencies, under the Personnel Code and applicable collective bargaining agreements or under any pension, retirement, or annuity plan are not affected by this Act. Personnel and positions within the Department of Healthcare and Family Services that are engaged in the performance of State healthcare purchasing functions transferred back to the Department of Central Management Services are transferred to and shall continue their service within the Department of Central Management Services.

(b) Personnel and positions of the Department of Corrections, the Department of Juvenile Justice, the Department of Human Services, and the Department of Veterans' Affairs were not in fact transferred under Executive Order 3 (2005) and are not affected by this Act.

Staff of the Department of Central Management Services, the Department of Corrections, the Department of Juvenile Justice, the Department of Human Services, and the Department of Veterans' Affairs may work with staff of the Department of Healthcare and Family Services to add new information relevant to State healthcare purchasing functions.

Section 35. Unexpended moneys transferred.

(a) With respect to the State healthcare purchasing functions transferred under this Act, the Department of Central Management Services is the successor agency to the Department of Healthcare and Family Services under the Successor Agency Act and Section 9b of the State Finance Act. All unexpended appropriations and balances and other moneys available for use in connection with any of the State healthcare purchasing functions transferred from the Department of Healthcare and Family Services to the Department of Central Management Services are transferred for use by the Department of Central Management Services for the exercise of those functions pursuant to the direction of the Governor. Unexpended balances so transferred shall be expended only for the purpose for which the appropriations were originally made.

(b) Appropriations of the Department of Corrections, the Department of Juvenile Justice, the Department of Human Services, and the Department of Veterans' Affairs that were not in fact transferred under Executive Order 3 (2005) are not affected by this Act.

Section 40. Exercise of transferred powers; savings provisions. The powers, duties, rights, and responsibilities related to the State healthcare purchasing functions transferred under this Act are vested in and shall be exercised by the Department to which the applicable function is transferred. Section 45. Rights, obligations, and duties unaffected by transfer. Section 55. Reports, notices, or papers. Whenever reports or notices are required to be made or given or papers or documents furnished or served by any person to or upon the Department of Healthcare and Family Services in connection with any State healthcare purchasing function transferred under this Act, the same shall be made, given, furnished, or served in the same manner to or upon the Department to which that State healthcare purchasing function is transferred.

Section 60. Acts and actions unaffected by transfer. This Act does not affect any act done, ratified, or canceled, or any right occurring or established, before January 1, 2012, in connection with any State healthcare purchasing function transferred under this Act. This Act does not affect any action or proceeding had or commenced before January 1, 2012, in an administrative, civil, or criminal cause regarding a State healthcare purchasing function transferred from the Department of Healthcare and Family Services under this Act, but any such action or proceeding may be defended, prosecuted, or continued by the Department to which the applicable State healthcare purchasing function is transferred.

Section 900. The State Employees Group Insurance Act of 1971 is amended by adding Sections 2.5 and 5.5 and changing Sections 3, 5, 6.5, 6.10, 10, and 13.1 as follows:

Sec. 5. Employee benefits; declaration of State policy. The General Assembly declares that it is the policy of the State and in the best interest of the State to assure quality benefits to members and their dependents under this Act. The implementation of this policy depends upon, among other things, stability and continuity of coverage, care, and services under benefit programs for members and their dependents. Specifically, but without limitation, members should have continued access, on substantially similar terms and conditions, to trusted family health care providers with whom they have developed long-term relationships through a benefit program under this Act. Therefore, the Director must administer this Act consistent with that State policy, but may consider affordability, cost of coverage and care, and competition among health insurers and providers. All contracts for provision of employee benefits, including those portions of any proposed collective bargaining agreement that would require implementation through contracts entered into under this Act, are subject to Section 5.5 and the following requirements:

(i) By ~~January~~ April 1 of each year, the Director must report and provide information to the Commission concerning the status of the employee benefits program to be offered for the next fiscal year. Information includes, but is not limited to, documents, reports of negotiations, bid invitations, requests for proposals, specifications, copies of proposed and final contracts or agreements, and any other materials concerning contracts or agreements for the employee benefits program. By the first of each month thereafter, the Director must provide updated, and any new, information to the Commission until the employee benefits program for the next fiscal year is ~~finalized~~ determined. In addition to these monthly reporting requirements, at any time the Commission makes a written request, the Director must promptly, but in no event later than 5 business days after receipt of the request, provide to the Commission any additional requested information in the possession of the Director concerning employee benefits programs. The Commission may waive any of the reporting requirements of this item (i) upon the written request by the Director. Any waiver granted under this item (i) must be in writing. Nothing in this item is intended to abrogate any attorney-client privilege.

(ii) Within 30 days after notice of the awarding or letting of a contract has appeared in the Illinois Procurement Bulletin in accordance with subsection (b) of Section 15-25 of the Illinois Procurement Code, ~~the Commission may request in writing from the Director and the Director shall promptly, but in no event later than 5 business days after receipt of the request,~~ provide to the Commission information in the possession of the Director concerning the proposed contract. Nothing in this item is intended to waive or abrogate any privilege or right of confidentiality authorized by law.

(iii) No contract subject to this Section may be entered into until the 30-day period described in item (ii) has expired, unless the Director requests in writing that the Commission waive the period and the Commission grants the waiver in writing.

(iv) If the Director seeks to make any substantive modification to any provision of a proposed contract after it is submitted to the Commission in accordance with item (ii), the modified contract shall be subject to the requirements of items (ii) and (iii) unless the Commission agrees, in writing, to a waiver of those requirements with respect to the modified contract.

(v) By April 1 of each year ~~the date of the beginning of the annual benefit choice period,~~ the Director must transmit to the Commission a copy of each ~~final~~ contract or agreement for the employee benefits program to be offered for the next fiscal year. The annual benefit choice period for an employee benefits program must begin on May 1 of the fiscal year preceding the year for which the program is to be offered. If, however, in any such preceding fiscal year collective bargaining over employee benefit programs for the next fiscal year remains pending on April 15, the beginning date of the annual benefit choice period shall be not later than 15 days after ratification of the collective bargaining agreement.

(vi) The Director must provide the reports, information, and contracts required under items (i), (ii), (iv), and (v) by electronic or other means satisfactory to the Commission. Reports, information, and contracts in the possession of the Commission pursuant to items (i), (ii), (iv), and (v) are exempt from disclosure by the Commission and its members and employees under the Freedom of

Information Act. Reports, information, and contracts received by the Commission pursuant to items (i), (ii), (iv), and (v) must be kept confidential by and may not be disclosed or used by the Commission or its members or employees if such disclosure or use could compromise the fairness or integrity of the procurement, bidding, or contract process. Commission meetings, or portions of Commission meetings, in which reports, information, and contracts received by the Commission pursuant to items (i), (ii), (iv), and (v) are discussed must be closed if disclosure or use of the report or information could compromise the fairness or integrity of the procurement, bidding, or contract process.

All contracts entered into under this Section are subject to appropriation and shall comply with Section 20-60(b) of the Illinois Procurement Code (30 ILCS 500/20-60(b)).

The Director shall contract or otherwise make available group life insurance, health benefits and other employee benefits to eligible members and, where elected, their eligible dependents. Any contract or, if applicable, contracts or other arrangement for provision of benefits shall be on terms consistent with State policy and based on, but not limited to, such criteria as administrative cost, service capabilities of the carrier or other contractor and premiums, fees or charges as related to benefits.

The Director may prepare and issue specifications for group life insurance, health benefits, other employee benefits and administrative services for the purpose of receiving proposals from interested parties.

The Director is authorized to execute a contract, or contracts, for the programs of group life insurance, health benefits, other employee benefits and administrative services authorized by this Act (including, without limitation, prescription drug benefits). All of the benefits provided under this Act may be included in one or more contracts, or the benefits may be classified into different types with each type included under one or more similar contracts with the same or different companies.

Except as otherwise provided in this Act, the term of any contract may not extend beyond 5 fiscal years. Upon recommendation of the Commission, the Director may exercise renewal options of the same contract for up to a period of 5 years or for an additional period of time, as authorized under Section 5.5. Any increases in premiums, fees or charges requested by a contractor whose contract may be renewed pursuant to a renewal option contained therein, must be justified on the basis of (1) audited experience data, (2) increases in the costs of health care services provided under the contract, (3) contractor performance, (4) increases in contractor responsibilities, or (5) any combination thereof.

Any contractor shall agree to abide by all requirements of this Act and Rules and Regulations promulgated and adopted thereto; to submit such information and data as may from time to time be deemed necessary by the Director for effective administration of the provisions of this Act and the programs established hereunder, and to fully cooperate in any audit.

(a) If, after reviewing the information submitted to it under item (ii) of Section 5 of this Act, the Commission makes a formal written determination that a proposed contract inadequately balances the policies identified in Section 5 of this Act, then the Commission may disapprove the proposed contract at any time before it is finalized. If the Commission disapproves a proposed contract, then that proposed contract may not be finalized unless subsequently approved by a joint resolution of the General Assembly.

(b) If, within 90 days before the start of a fiscal year, the Chief Procurement Officer responsible for awarding group health insurance contracts under this Act has not finalized all written contracts for the provision of group health insurance benefits under this Act for the coming fiscal year, then the Commission may direct the Chief Procurement Officer (i) not to finalize any proposed group health insurance contracts for that fiscal year, as well as associated requests for proposals, and (ii) to seek to extend existing contracts for those benefits for a term of 2 additional years.

(c) Eligibility. All persons who were enrolled in the Article 16 program at the time of the transfer shall be eligible to participate in the program established under this Section without any interruption or delay in coverage or limitation as to pre-existing medical conditions. Eligibility to participate shall be determined by the Teachers' Retirement System. Eligibility information shall be communicated to the Department of Central Management Services in a format acceptable to the Department.

A TRS dependent beneficiary who is a child age 19 or over and mentally or physically disabled does not become ineligible to participate by reason of (i) becoming ineligible to be claimed as a dependent for Illinois or federal income tax purposes or (ii) receiving earned income, so long as those earnings are insufficient for the child to be fully self-sufficient.

(d) Coverage. The level of health benefits provided under this Section shall be similar to the level of benefits provided by the program previously established under Article 16 of the Illinois Pension Code.

Group life insurance benefits are not included in the benefits to be provided to TRS benefit recipients and TRS dependent beneficiaries under this Act.

(e) Insurance rates and premiums. The Director shall determine the insurance rates and premiums for TRS benefit recipients and TRS dependent beneficiaries, and shall present to the Teachers' Retirement System of the State of Illinois, by April 15 of each calendar year, the rate-setting methodology (including but not limited to utilization levels and costs) used to determine the amount of the health care premiums.

For Fiscal Year 1996, the premium shall be equal to the premium actually charged in

Fiscal Year 1995; in subsequent years, the premium shall never be lower than the premium charged in Fiscal Year 1995.

For Fiscal Year 2003, the premium shall not exceed 110% of the premium actually charged in Fiscal Year 2002.

For Fiscal Year 2004, the premium shall not exceed 112% of the premium actually charged in Fiscal Year 2003.

For Fiscal Year 2007, the premium shall not exceed a weighted average of 103.9% of the premium actually charged in Fiscal Year 2006.

For Fiscal Year 2008 and thereafter, the premium in each fiscal year shall not exceed 105% of the premium actually charged in the previous fiscal year.

Rates and premiums may be based in part on age and eligibility for federal medicare coverage. However, the cost of participation for a TRS dependent beneficiary who is an unmarried child age 19 or over and mentally or physically disabled shall not exceed the cost for a TRS dependent beneficiary who is an unmarried child under age 19 and participates in the same major medical or managed care program.

The cost of health benefits under the program shall be paid as follows:

(1) For a TRS benefit recipient selecting a managed care program, up to 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting a managed care program, 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund.

(2) For a TRS benefit recipient selecting the major medical coverage program, up to 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Teachers' Retirement System. Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting the major medical coverage program, 50% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is accessible, as determined by the Department of Central Management Services.

Effective with Fiscal Year 2007 and thereafter, for a TRS benefit recipient selecting the major medical coverage

program, 75% of the total insurance rate shall be paid from the Teacher Health Insurance Security Fund if a managed care program is not accessible, as determined by the Department of Central Management Services.

(3.1) For a TRS dependent beneficiary who is Medicare primary and enrolled in a managed care plan, or the major medical coverage program if a managed care plan is not available, 25% of the total insurance rate shall be paid from the Teacher Health Security Fund as determined by the Department of Central Management Services. For the purpose of this item (3.1), the term "TRS dependent beneficiary who is Medicare primary" means a TRS dependent beneficiary who is participating in Medicare Parts A and B.

(4) Except as otherwise provided in item (3.1), the balance of the rate of insurance, including the entire premium of any coverage for TRS dependent beneficiaries that has been elected, shall be paid by deductions authorized by the TRS benefit recipient to be withheld from his or her monthly annuity or benefit payment from the Teachers' Retirement System; except that (i) if the balance of the cost of coverage exceeds the amount of the monthly annuity or benefit payment, the difference shall be paid directly to the Teachers' Retirement System by the TRS benefit recipient, and (ii) all or part of the balance of the cost of coverage may, at the school board's option, be paid to the Teachers' Retirement System by the school board of the school district from which the TRS benefit recipient retired, in accordance with Section 10-22.3b of the School Code. The Teachers' Retirement System shall promptly deposit all moneys withheld by or paid to it under this subdivision (e)(4) into the Teacher Health Insurance Security Fund. These moneys shall not be considered assets of the Retirement System.

Beginning July 1, 1995, the Department of Central Management Services may make expenditures from the Teacher Health Insurance Security Fund for those costs.

After other funds authorized for the payment of the costs of the health benefit program established under Article 16 of the Illinois Pension Code are exhausted and until January 1, 1996 (or such later date as may be agreed upon by the Director of Central Management Services and the Secretary of the Teachers' Retirement System), the Secretary of the Teachers' Retirement System may make expenditures from the Teacher Health Insurance Security Fund as necessary to pay up to 75% of the cost of providing health coverage to eligible benefit recipients (as defined in Sections 16-153.1 and 16-153.3 of the Illinois Pension Code) who are enrolled in the Article 16 health benefit program and to facilitate the transfer of administration of the health benefit program to the Department of Central Management Services.

(g) Contract for benefits. The Director shall by contract, self-insurance, or otherwise make available the program of health benefits for TRS benefit recipients and their TRS dependent beneficiaries that is provided for in this Section. The contract or other arrangement for the provision of these health benefits shall be on terms deemed by the Director to be in the best interest of the State of Illinois and the TRS benefit recipients based on, but not limited to, such criteria as administrative cost, service capabilities of the carrier or other contractor, and the costs of the benefits.

of 10 persons appointed by the Governor.

The Committee shall convene at least 4 times each year, and shall consider and make recommendations on issues affecting the program of health benefits provided under this Section. Recommendations of the Committee shall be based on a consensus of the members of the Committee.

Sec. 10. Payments by State; premiums.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

(a-1) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant. In the case of a new SERS annuitant who has elected to receive an

alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SERS.

(a-2) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Employees' Retirement System of Illinois on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor. In the case of a new SERS survivor who was the dependent of an annuitant who elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the deceased annuitant's creditable service shall be determined as of the date of termination of service rather than the date of death.

(a-3) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-4) (Blank).

(a-5) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Universities Retirement System on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-6) Beginning July 1, 1998, for each person who becomes a new TRS State annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code upon which the annuitant's retirement annuity is based, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of a new TRS State annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-7) Beginning July 1, 1998, for each person who becomes a new TRS State survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code on the date of death, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of the deceased employee's or deceased annuitant's creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of the new TRS State survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-8) A new SERS annuitant, new SERS survivor, new SERS annuitant, new SERS survivor, new TRS State annuitant, or new TRS State survivor may waive or terminate coverage in the program of group health benefits. Any such annuitant or survivor who has waived or terminated coverage may enroll or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant or survivor may not re-enroll in the program.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums

for all other retirees who are not Medicare eligible.

A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

The Department of ~~Central Management~~ ~~Healthcare and Family~~ Services, or any successor agency designated to procure healthcare contracts pursuant to this Act, is authorized to establish funds, separate accounts provided by any bank or banks as defined by the Illinois Banking Act, or separate accounts provided by any savings and loan association or associations as defined by the Illinois Savings and Loan Act of 1985 to be held by the Director, outside the State treasury, for the purpose of receiving the transfer of moneys from the Local Government Health Insurance Reserve Fund. The Department may promulgate rules further defining the methodology for the transfers. Any interest earned by moneys in the funds or accounts shall inure to the Local Government Health Insurance Reserve Fund. The transferred moneys, and interest accrued thereon, shall be used exclusively for transfers to administrative service organizations or their financial institutions for payments of claims to claimants and providers under the self-insurance health plan. The transferred moneys, and interest accrued thereon, shall not be used for any other purpose including, but not limited to, reimbursement of administration fees due the administrative service organization pursuant to its contract or contracts with the Department.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months or (2) until such person's employment or annuitant status with the State is terminated (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 50% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund is hereby created as a nonappropriated trust fund to be held outside the State Treasury, with the State Treasurer as custodian. The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. The Local Government Health Insurance Reserve Fund is not subject to administrative charges or charge-backs, including but not limited to those authorized under Section 8h of the State Finance Act. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. Any interest earned on moneys in the Local Government Health Insurance Reserve Fund shall be deposited into the Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of

benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 50% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

(k) Any domestic violence shelter or service within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a domestic violence shelter or service must agree to enroll all of its employees and pay the entire cost of providing such coverage for its employees. The domestic violence shelter shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the domestic violence shelter attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the domestic violence shelter remits the entire cost of providing coverage to those employees. Employees of a participating domestic violence shelter who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating domestic violence shelter may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with employees, or some combination of the 2 as determined by the domestic violence shelter or service. The domestic violence shelter or service shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the domestic violence shelter or service in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the domestic violence shelter or service and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the domestic violence shelter or service.

Monthly payments by the domestic violence shelter or service or its employees for group health insurance shall be deposited in the Local Government Health Insurance Reserve Fund.

[May 27, 2011]

(l) A public community college or entity organized pursuant to the Public Community College Act may apply to the Director initially to have only annuitants not covered prior to July 1, 1992 by the district's health plan provided health coverage under this Act on a non-insured basis. The community college must execute a 2-year contract to participate in the Local Government Health Plan. Any annuitant may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period.

The Director shall annually determine monthly rates of payment subject to the following constraints: for those community colleges with annuitants only enrolled, first year rates shall be equal to the average cost to cover claims for a State member adjusted for demographics, Medicare participation, and other factors; and in the second year, a further adjustment of rates shall be made to reflect the actual first year's claims experience of the covered annuitants.

(l-5) The provisions of subsection (l) become inoperative on July 1, 1999.

(m) The Director shall adopt any rules deemed necessary for implementation of this amendatory Act of 1989 (Public Act 86-978).

(n) Any child advocacy center within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a child advocacy center must agree to enroll all of its employees and pay the entire cost of providing coverage for its employees. The child advocacy center shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the child advocacy center attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan and (2) at least 50% of the employees are enrolled and the child advocacy center remits the entire cost of providing coverage to those employees. Employees of a participating child advocacy center who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, or special circumstance as defined by the Director or during the annual Benefit Choice Period. A participating child advocacy center may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the child advocacy center, its employees, or some combination of the 2 as determined by the child advocacy center. The child advocacy center shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the child advocacy center in age, sex, geographic location, or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the child advocacy center and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the child advocacy center.

Monthly payments by the child advocacy center or its employees for group health insurance shall be deposited into the Local Government Health Insurance Reserve Fund.

(b) Upon the adoption of a self-insurance health plan, any monies attributable to the group health insurance program shall be deposited in or transferred to the Health Insurance Reserve Fund for use by the Department. As of the effective date of this amendatory Act of 1986, the Department shall certify to the Comptroller the amount of money in the Group Insurance Premium Fund attributable to the State group health insurance program and the Comptroller shall transfer such money from the Group Insurance Premium Fund to the Health Insurance Reserve Fund. Contributions by the State to the Health Insurance Reserve Fund to meet the requirements of this Act, as established by the Director, from the General Revenue Fund and the Road Fund to the Health Insurance Reserve Fund shall be by annual appropriations, and all other contributions to meet the requirements of the programs of health benefits or other employee benefits shall be deposited in the Health Insurance Reserve Fund. Any administrative service organization administering any self-insurance health plan and paying claims and benefits under authority of this Act may receive, pursuant to written authorization and direction of the Director, an initial transfer and periodic transfers of funds from the Health Insurance Reserve Fund in amounts determined by the Director who may consider the amount recommended by the administrative service organization. Notwithstanding any other statute, such transferred funds shall be retained by the administrative service organization in a separate account provided by any bank as defined by the Illinois Banking Act. The Department may promulgate regulations further defining the banks authorized to accept such funds and all methodology for transfer of such funds. Any interest earned by monies in such account shall inure to the Health Insurance Reserve Fund, shall remain in such account and shall be used exclusively to pay claims and benefits under this Act. Such transferred funds shall be used exclusively for administrative service organization payment of claims to claimants and providers under the self-insurance health plan by the drawing of checks against such account. The administrative service organization may not use such transferred funds, or interest accrued thereon, for any other purpose including, but not limited to, reimbursement of administrative expenses or payments of administration fees due the organization pursuant to its contract or contracts with the Department of Central Management Services.

The account of the administrative service organization established under this Section, any transfers from the Health Insurance Reserve Fund to such account and the use of such account and funds shall be subject to (1) audit by the Department or private contractor authorized by the Department to conduct audits, and (2) post audit pursuant to the Illinois State Auditing Act.

The eligible members shall be responsible for their portion of such optional premium. The State shall contribute an amount per month for each eligible member who has enrolled one or more dependents under the health plans. Such contribution shall be made directly to the Health Insurance Reserve Fund. Those employees described in subsection (b) of Section 9 of this Act shall be allowed to continue in the health plan by making personal payments with the premiums to be deposited in the Health Insurance Reserve Fund.

Section 927. The Illinois Procurement Code is amended by changing Section 20-60 as follows:

[May 27, 2011]

(30 ILCS 500/20-60)

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract, other than a contract entered into pursuant to the State University Certificates of Participation Act, may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

(d) If there is a conflict between the provisions of this Section and Section 5.5 of the State Employees Group Insurance Act of 1971, the provisions of Section 5.5 of the State Employees Group Insurance Act of 1971 control.

On and after January 1, 2012, as provided in the State Healthcare Purchasing Reorganization Act, all of the powers, duties, rights, and responsibilities related to State healthcare purchasing under this Act that were transferred from the Department to the Department of Healthcare and Family Services by Executive Order 3 (2005) are transferred back to the Department.

Section 935. The Unified Code of Corrections is amended by changing Sections 3-2-2 and 3-2.5-20 as follows:

(730 ILCS 5/3-2-2) (from Ch. 38, par. 1003-2-2)

Sec. 3-2-2. Powers and Duties of the Department.

(1) In addition to the powers, duties and responsibilities which are otherwise provided by law, the Department shall have the following powers:

(a) To accept persons committed to it by the courts of this State for care, custody, treatment and rehabilitation, and to accept federal prisoners and aliens over whom the Office of the Federal Detention Trustee is authorized to exercise the federal detention function for limited purposes and periods of time.

(b) To develop and maintain reception and evaluation units for purposes of analyzing the custody and rehabilitation needs of persons committed to it and to assign such persons to institutions and programs under its control or transfer them to other appropriate agencies. In consultation with the Department of Alcoholism and Substance Abuse (now the Department of Human Services), the Department of Corrections shall develop a master plan for the screening and evaluation of persons committed to its custody who have alcohol or drug abuse problems, and for making appropriate treatment available to such persons; the Department shall report to the General Assembly on such plan

not later than April 1, 1987. The maintenance and implementation of such plan shall be contingent upon the availability of funds.

(b-1) To create and implement, on January 1, 2002, a pilot program to establish the effectiveness of pupillometer technology (the measurement of the pupil's reaction to light) as an alternative to a urine test for purposes of screening and evaluating persons committed to its custody who have alcohol or drug problems. The pilot program shall require the pupillometer technology to be used in at least one Department of Corrections facility. The Director may expand the pilot program to include an additional facility or facilities as he or she deems appropriate. A minimum of 4,000 tests shall be included in the pilot program. The Department must report to the General Assembly on the effectiveness of the program by January 1, 2003.

(b-5) To develop, in consultation with the Department of State Police, a program for tracking and evaluating each inmate from commitment through release for recording his or her gang affiliations, activities, or ransks.

(c) To maintain and administer all State correctional institutions and facilities under its control and to establish new ones as needed. Pursuant to its power to establish new institutions and facilities, the Department may, with the written approval of the Governor, authorize the Department of Central Management Services to enter into an agreement of the type described in subsection (d) of Section 405-300 of the Department of Central Management Services Law (20 ILCS 405/405-300). The Department shall designate those institutions which shall constitute the State Penitentiary System.

Pursuant to its power to establish new institutions and facilities, the Department may authorize the Department of Central Management Services to accept bids from counties and municipalities for the construction, remodeling or conversion of a structure to be leased to the Department of Corrections for the purposes of its serving as a correctional institution or facility. Such construction, remodeling or conversion may be financed with revenue bonds issued pursuant to the Industrial Building Revenue Bond Act by the municipality or county. The lease specified in a bid shall be for a term of not less than the time needed to retire any revenue bonds used to finance the project, but not to exceed 40 years. The lease may grant to the State the option to purchase the structure outright.

Upon receipt of the bids, the Department may certify one or more of the bids and shall submit any such bids to the General Assembly for approval. Upon approval of a bid by a constitutional majority of both houses of the General Assembly, pursuant to joint resolution, the Department of Central Management Services may enter into an agreement with the county or municipality pursuant to such bid.

(c-5) To build and maintain regional juvenile detention centers and to charge a per diem to the counties as established by the Department to defray the costs of housing each minor in a center. In this subsection (c-5), "juvenile detention center" means a facility to house minors during pendency of trial who have been transferred from proceedings under the Juvenile Court Act of 1987 to prosecutions under the criminal laws of this State in accordance with Section 5-805 of the Juvenile Court Act of 1987, whether the transfer was by operation of law or permissive under that Section. The Department shall designate the counties to be served by each regional juvenile detention center.

(d) To develop and maintain programs of control, rehabilitation and employment of committed persons within its institutions.

(d-5) To provide a pre-release job preparation program for inmates at Illinois adult correctional centers.

(e) To establish a system of supervision and guidance of committed persons in the community.

(f) To establish in cooperation with the Department of Transportation to supply a sufficient number of prisoners for use by the Department of Transportation to clean up the trash and garbage along State, county, township, or municipal highways as designated by the Department of Transportation. The Department of Corrections, at the request of the Department of Transportation, shall furnish such prisoners at least annually for a period to be agreed upon between the Director of Corrections and the Director of Transportation. The prisoners used on this program shall be selected by the Director of Corrections on whatever basis he deems proper in consideration of their term, behavior and earned eligibility to participate in such program - where they will be outside of the prison facility but still in the custody of the Department of Corrections. Prisoners convicted of first degree murder, or a Class X felony, or armed violence, or aggravated kidnapping, or criminal sexual assault, aggravated criminal sexual abuse or a subsequent conviction for criminal sexual abuse, or forcible detention, or arson, or a prisoner adjudged a Habitual Criminal shall not be eligible for selection to participate in such program. The prisoners shall remain as prisoners in the custody of the

Department of Corrections and such Department shall furnish whatever security is necessary. The Department of Transportation shall furnish trucks and equipment for the highway cleanup program and personnel to supervise and direct the program. Neither the Department of Corrections nor the Department of Transportation shall replace any regular employee with a prisoner.

(g) To maintain records of persons committed to it and to establish programs of research, statistics and planning.

(h) To investigate the grievances of any person committed to the Department, to inquire into any alleged misconduct by employees or committed persons, and to investigate the assets of committed persons to implement Section 3-7-6 of this Code; and for these purposes it may issue subpoenas and compel the attendance of witnesses and the production of writings and papers, and may examine under oath any witnesses who may appear before it; to also investigate alleged violations of a parolee's or releasee's conditions of parole or release; and for this purpose it may issue subpoenas and compel the attendance of witnesses and the production of documents only if there is reason to believe that such procedures would provide evidence that such violations have occurred.

If any person fails to obey a subpoena issued under this subsection, the Director may apply to any circuit court to secure compliance with the subpoena. The failure to comply with the order of the court issued in response thereto shall be punishable as contempt of court.

(i) To appoint and remove the chief administrative officers, and administer programs of training and development of personnel of the Department. Personnel assigned by the Department to be responsible for the custody and control of committed persons or to investigate the alleged misconduct of committed persons or employees or alleged violations of a parolee's or releasee's conditions of parole shall be conservators of the peace for those purposes, and shall have the full power of peace officers outside of the facilities of the Department in the protection, arrest, retaking and reconfining of committed persons or where the exercise of such power is necessary to the investigation of such misconduct or violations.

(j) To cooperate with other departments and agencies and with local communities for the development of standards and programs for better correctional services in this State.

(k) To administer all moneys and properties of the Department.

(l) To report annually to the Governor on the committed persons, institutions and programs of the Department.

(l-5) In a confidential annual report to the Governor, the Department shall identify all inmate gangs by specifying each current gang's name, population and allied gangs. The Department shall further specify the number of top leaders identified by the Department for each gang during the past year, and the measures taken by the Department to segregate each leader from his or her gang and allied gangs. The Department shall further report the current status of leaders identified and segregated in previous years. All leaders described in the report shall be identified by inmate number or other designation to enable tracking, auditing, and verification without revealing the names of the leaders. Because this report contains law enforcement intelligence information collected by the Department, the report is confidential and not subject to public disclosure.

(m) To make all rules and regulations and exercise all powers and duties vested by law in the Department.

(n) To establish rules and regulations for administering a system of good conduct credits, established in accordance with Section 3-6-3, subject to review by the Prisoner Review Board.

(o) To administer the distribution of funds from the State Treasury to reimburse counties where State penal institutions are located for the payment of assistant state's attorneys' salaries under Section 4-2001 of the Counties Code.

(p) To exchange information with the Department of Human Services and the Department of Healthcare and Family Services for the purpose of verifying living arrangements and for other purposes directly connected with the administration of this Code and the Illinois Public Aid Code.

(q) To establish a diversion program.

The program shall provide a structured environment for selected technical parole or mandatory supervised release violators and committed persons who have violated the rules governing their conduct while in work release. This program shall not apply to those persons who have committed a new offense while serving on parole or mandatory supervised release or while committed to work release.

Elements of the program shall include, but shall not be limited to, the following:

- (1) The staff of a diversion facility shall provide supervision in accordance with required objectives set by the facility.
- (2) Participants shall be required to maintain employment.

- (3) Each participant shall pay for room and board at the facility on a sliding-scale basis according to the participant's income.
- (4) Each participant shall:
 - (A) provide restitution to victims in accordance with any court order;
 - (B) provide financial support to his dependents; and
 - (C) make appropriate payments toward any other court-ordered obligations.
- (5) Each participant shall complete community service in addition to employment.
- (6) Participants shall take part in such counseling, educational and other programs as the Department may deem appropriate.
- (7) Participants shall submit to drug and alcohol screening.
- (8) The Department shall promulgate rules governing the administration of the

program.

(r) To enter into intergovernmental cooperation agreements under which persons in the custody of the Department may participate in a county impact incarceration program established under Section 3-6038 or 3-15003.5 of the Counties Code.

(r-5) (Blank).

(r-10) To systematically and routinely identify with respect to each streetgang active within the correctional system: (1) each active gang; (2) every existing inter-gang affiliation or alliance; and (3) the current leaders in each gang. The Department shall promptly segregate leaders from inmates who belong to their gangs and allied gangs. "Segregate" means no physical contact and, to the extent possible under the conditions and space available at the correctional facility, prohibition of visual and sound communication. For the purposes of this paragraph (r-10), "leaders" means persons who:

- (i) are members of a criminal streetgang;
- (ii) with respect to other individuals within the streetgang, occupy a position of organizer, supervisor, or other position of management or leadership; and
- (iii) are actively and personally engaged in directing, ordering, authorizing, or requesting commission of criminal acts by others, which are punishable as a felony, in furtherance of streetgang related activity both within and outside of the Department of Corrections.

"Streetgang", "gang", and "streetgang related" have the meanings ascribed to them in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

(s) To operate a super-maximum security institution, in order to manage and supervise inmates who are disruptive or dangerous and provide for the safety and security of the staff and the other inmates.

(t) To monitor any unprivileged conversation or any unprivileged communication, whether in person or by mail, telephone, or other means, between an inmate who, before commitment to the Department, was a member of an organized gang and any other person without the need to show cause or satisfy any other requirement of law before beginning the monitoring, except as constitutionally required. The monitoring may be by video, voice, or other method of recording or by any other means. As used in this subdivision (1)(t), "organized gang" has the meaning ascribed to it in Section 10 of the Illinois Streetgang Terrorism Omnibus Prevention Act.

As used in this subdivision (1)(t), "unprivileged conversation" or "unprivileged communication" means a conversation or communication that is not protected by any privilege recognized by law or by decision, rule, or order of the Illinois Supreme Court.

(u) To establish a Women's and Children's Pre-release Community Supervision Program for the purpose of providing housing and services to eligible female inmates, as determined by the Department, and their newborn and young children.

(u-5) To issue an order, whenever a person committed to the Department absconds or absents himself or herself, without authority to do so, from any facility or program to which he or she is assigned. The order shall be certified by the Director, the Supervisor of the Apprehension Unit, or any person duly designated by the Director, with the seal of the Department affixed. The order shall be directed to all sheriffs, coroners, and police officers, or to any particular person named in the order. Any order issued pursuant to this subdivision (1) (u-5) shall be sufficient warrant for the officer or person named in the order to arrest and deliver the committed person to the proper correctional officials and shall be executed the same as criminal process.

(v) To do all other acts necessary to carry out the provisions of this Chapter.

(2) The Department of Corrections shall by January 1, 1998, consider building and operating a correctional facility within 100 miles of a county of over 2,000,000 inhabitants, especially a facility designed to house juvenile participants in the impact incarceration program.

(3) When the Department lets bids for contracts for medical services to be provided to persons committed to Department facilities by a health maintenance organization, medical service corporation, or other health care provider, the bid may only be let to a health care provider that has obtained an irrevocable letter of credit or performance bond issued by a company whose bonds are rated AAA by a bond rating organization.

(4) When the Department lets bids for contracts for food or commissary services to be provided to Department facilities, the bid may only be let to a food or commissary services provider that has obtained an irrevocable letter of credit or performance bond issued by a company whose bonds are rated AAA by a bond rating organization.

(5) On and after January 1, 2012, as provided in the State Healthcare Purchasing Reorganization Act, all of the powers, duties, rights, and responsibilities related to State healthcare purchasing under this Code that were transferred from the Department of Corrections to the Department of Healthcare and Family Services by Executive Order 3 (2005) are transferred back to the Department of Corrections; however, powers, duties, rights, and responsibilities related to State healthcare purchasing under this Code that were exercised by the Department of Corrections before Executive Order 3 (2005) but that pertain to individuals resident in facilities operated by Department of Juvenile Justice are transferred to the Department of Juvenile Justice.
