The report concludes with a database listing all of the requests received, organized by Senate and House districts, including those requests for waivers and modifications acted on by the State Superintendent of Education in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4) and applications that have been returned to school districts or other eligible applicants.

Executive Summary

The following report outlines waivers of School Code mandates that school districts, regional offices of education, or special education or vocational education cooperatives have requested since the last report, which was transmitted in March 2012. Pursuant to Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), these requests must be sent to the General Assembly for its consideration before October 1, 2012.

The report is organized by subject area and by school district, regional office, or special education or vocational education cooperative. The General Assembly may disapprove the report in whole or in part within 60 calendar days after each chamber next convenes once the report is filed. This is done by a joint resolution. If either chamber fails to reject a waiver request, then that request is deemed granted.

Section I summarizes the 44 requests received for waivers of School Code mandates for consideration by the General Assembly, which are presented alphabetically by topic area. The largest number of applications received (16 requests) seeks waivers from the requirement for daily physical education. There are 15 requests for non-resident tuition; seven requests for limitation of administrative costs, four requests for school inservice training; and two requests for the use of other practice driving methods in lieu of the required six hours of behind-the-wheel instruction in a dual control car on public roadways.

Public Act 95-223, passed early in 2008, limited the number of waivers of daily physical education that could be requested by school districts and other eligible applicants to an initial, 2-year request, with the possibility of no more than two additional, 2-year renewal requests. Of the 16 waiver request renewals for physical education contained in this report, five districts are requesting their second and final renewal.

This document also contains one other section beyond what is required under Section 2-3.25g of the School Code. Section II is a database with listings of modifications or waivers of State Board of Education rules and modifications of School Code mandates upon which the State Superintendent of Education has acted in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4). The database also includes listings of requests that have been returned to or withdrawn by the petitioning entities. In addition, the database includes the 44 waiver requests for the General Assembly's consideration and is organized by Senate and House districts.

[November 14, 2012]

Complete copies of the waiver requests for the General Assembly's consideration have been made available to legislative staff.

This is the thirty-fifth report submitted pursuant to Section 2-3.25g of the School Code, which requires that the State Board of Education through agency staff compile and submit requests for waivers of School Code mandates to the General Assembly before March 1 and October 1 of each year.

Applications Transmitted to the General Assembly

Driver Education

Behind-the-Wheel Instruction

New Trier THSD 203 – Cook (SD 9/HD 17) / Expiration: 2017-18 school year

WM100-5640 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computerized simulators for 12 hours of practice driving in lieu of three hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its simulators are able to create a progressive learning experience that is less stressful since it allows students to learn from early mistakes in a risk-free environment. If approved, this waiver would take effect in the 2013-14 school year.

Glenbard SD 87 – DuPage (SD 21/HD 42) / Expiration: 2017-18 school year

WM100-5665 (renewal) – Waiver of School Code (Section 27-24.3) request to allow the district to use computerized simulators for 12 hours of practice driving in lieu of three hours of behind-the-wheel instruction in a car with dual operating controls operated on public roadways. The district states that its simulators are able to create unusual and dangerous conditions from which students can learn without their safety being threatened, and that students develop skills through practice/review/repetition procedures available to them through the program. If approved, this waiver would take effect in the 2013-2014 school year.

Limitation of Administrative Costs

Irvington CCSD 11 – Washington (SD 58/HD 115) / **Expiration: 2011-12 school year**

WM100-5648 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. During FY 2012, the costs of the health benefits provided to the superintendent increased by 12.5 percent. In lieu of a raise in salary, the superintendent had requested the year previous to this cost change that his family's health insurance be paid. The increased premiums caused the district's administrative costs for FY 2012 to exceed the 5 percent limitation.

Wood River – Hartford SD 15 – Madison (SD 56/HD 111) / **Expiration: 2012-13 school year**

WM100-5652 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the FY 2012 school year, the district employed an interim superintendent. The hiring of a full-time superintendent with paid benefits for the 2012-2013 school year caused the district's administrative costs to exceed the 5 percent limitation.

A-C Central CUSD 262 – Cass (SD 47/HD 93) / **Expiration: 2011-12 school year**

WM100-5653 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district added an in-house prekindergarten program through a state grant during the FY 2012 school year, with grant management provided by the elementary school principal. The compensation received by the principal to handle the increased duties contingent on the grant caused the district's administrative costs to exceed the 5 percent limitation.

Laraway CCSD 70C – Will (SD 43/HD 86) / **Expiration: 2011-12 school year**

WM100-5658 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. In the summer of 2011 the superintendent was reassigned as a principal in a new building, retaining his previous salary and benefits. The district hired an interim (retired) superintendent to fill the vacant position. At the conclusion of his 100-day contract, an additional interim superintendent had to be hired. A new vacancy in an existing principal position was filled by one interim superintendent; the other suspended his retirement status and worked full-time as superintendent for the remainder of the year. The combined effect of these personnel changes caused administrative expenses for the district to exceed the 5 percent limitation.

Posen – Robbins SD 143.5 – Cook (SD 15/HD 30) / **Expiration: 2011-12 school year**

WM100-5679 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district needed to improve its tracking system for special education funds to ensure that students were efficiently served. It made the necessary improvement by moving the position of secretary to the director of special education into the district's administrative cost calculations. This accounting adjustment caused administrative expenses for the district to exceed the 5 percent limitation.

Sandoval CUSD 501 – Marion, Clinton (SD 54/HD 107) / **Expiration: 2011-12 school year**

WM100-5680 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district received a federal School Improvement Grant to improve student achievement in language arts and mathematics. The district chose one of the models mandated for this grant, which required the housing and administration of a lead partner, and the purchase of necessary office equipment and supplies. The expenses associated with the new grant caused the district's administrative costs to exceed the 5 percent limitation.

Chaney – Monge SD 88 – Will (SD 43/HD 85) / **Expiration: 2012-13 school year**

WM100-5683 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. For the 2011-2012 school year, the district employed two interim superintendents. The hiring of a full-time superintendent with paid benefits for the 2012-2013 school year caused the district's administrative costs to exceed the 5 percent limitation.

In addition, the district asks to excuse students in grades 9 through 12 from daily physical education if they participate in two or more interscholastic athletic programs. The waiver, if approved, will allow the district to use the instructional day in the “most beneficial manner to students.” If approved, this waiver would take effect in the 2013-14 school year.

SENATE RESOLUTION NO. 965

WHEREAS, Certain communities on the Northwest side of the City of Chicago (including Edison Park, Norwood Park, Jefferson Park, Gladstone Park, and Big Oaks) lay underneath the key nighttime air routes that converge over the community; this includes 5 glide paths, 2 major take-off plates, air routes, all used after 10 p.m.; and

WHEREAS, These communities of the City of Chicago seek a solution to the nighttime sleep interruptions during the hours of 10 p.m. and 7 a.m., including the shoulder hours as well; and

WHEREAS, The Nextgen Program is currently being applied at O'Hare International Airport, where flights that used to be 5-miles spaced apart will soon have only a 3-mile separation, times 6 east-to-west approach patterns for all inbound flights; and

WHEREAS, These communities of the City of Chicago are experiencing higher levels of jet noise, especially during the phase I nighttime flight operations; and

WHEREAS, The current fly quiet program needs to be re-evaluated for the purposes of instilling and sharing the primary purpose of flight and community partnership at O'Hare International Airport with all

[November 14, 2012]

of the collar communities; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we urge the Federal Aeronautics Administration and O'Hare International Airport authorities to decrease jet noise over the communities of Northwest Chicago by establishing a full-time fly quiet program and urge the creation and passage of a federal homeowner's aviation fly quiet act; and be it further

RESOLVED, That suitable copies of this resolution be delivered to the Commissioner of O'Hare International Airport, the Acting Administrator of the Federal Aeronautics Administration, and to each member of the Illinois congressional delegation.

Senator McCann offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 966

WHEREAS, Governor Quinn has announced his intention to transition care from State-Operated Developmental Centers and, as part of that initiative, proposed the closure of the Jacksonville Developmental Center and the Warren G. Murray Developmental Center; and

WHEREAS, The Department of Human Services (DHS) has entered into financial agreements with Community Resource Associates (CRA) to assist the Department in the transition process; and

WHEREAS, The community services agreement between DHS and CRA authorizes payments of up to \$1,350,000 to the vendor for the development of a clinical transition plan, as well as the performance of resident assessments costing \$5,300 per resident; and

WHEREAS, The assessment of residents to facilitate community transitions has been a function historically performed by facility staff as an ongoing process requiring substantial interaction with the client, medical providers, and family members; and

WHEREAS, Concerns have been raised that current client reviews performed by CRA include only a minimal amount of observation and interaction with clients prior to individual transition plans being determined; and

WHEREAS, Concerns have also been raised that assessments of clients have been hindered because families of clients currently residing at the Jacksonville and Murray Developmental Centers have voiced support for the continuation of the current care provided and have declined to give permission to new, out-of-state review teams brought in by CRA to be involved in the transition of their loved ones; and

WHEREAS, Adequate accountability and oversight of the assessment process is key to ensuring the safety of and proper care for residents currently being considered for community placements; and

WHEREAS, The use of a competitively bid procurement utilizing the State procurement process provides safeguards to ensure the efficient expenditure of State funds; and

WHEREAS, The current community services agreement between DHS and CRA expires on October 31, 2012, and a full review of the services provided under the existing grant should be provided prior to an extension of the grant being considered; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that the Auditor General is directed to conduct an audit of the DHS grant to CRA; and be it further

RESOLVED, That the audit shall address, but need not be limited to addressing:

- (1) whether CRA has provided the deliverables required under the grant agreement with

[November 14, 2012]

DHS;

- (2) whether the other requirements of the grant are being met;
- (3) whether DHS has assessed the performance of CRA in meeting the grant requirements;
- (4) whether prior business relationships have existed between the principals of CRA and staff within the Governor's office and DHS;
- (5) whether the principals of CRA have any business interests in the community group homes to which affected residents are being transferred; and
- (6) whether the prerequisites for competitive bid procurement had been triggered, thus

RESOLVED, That DHS and any other entity having relevant information to this audit cooperate fully and promptly with the Auditor General's Office in the conduct of this audit; and be it further

RESOLVED, That the Auditor General commence this audit as soon as possible and report findings and recommendations upon completion in accordance with the provisions of Section 3-14 of the Illinois State Auditing Act.

Schmitt has held the leadership position of Village President and continues to do so; and

WHEREAS, Mr. Schmitt has been a proponent for a solution to traffic congestion at the most congested intersection in McHenry County, located at Illinois Routes 31 and 62; and

WHEREAS, Mr. Schmitt has passionately advocated for transportation and infrastructure improvements to meet rapidly growing community and regional needs in Algonquin and the northwest suburbs of Chicago; and

SENATE JOINT RESOLUTION NO. 79
CONSTITUTIONAL AMENDMENT

SC0079

RESOLVED, BY THE SENATE OF THE NINETY-SEVENTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE HOUSE OF REPRESENTATIVES CONCURRING HEREIN, that there shall be submitted to the electors of the State for adoption or rejection at the general election next occurring at least 6 months after the adoption of this resolution a proposition to amend Article IV of the Illinois Constitution by changing Section 6 as follows:

ARTICLE IV
THE LEGISLATURE

SECTION 6. ORGANIZATION

(a) A majority of the members elected to each house constitutes a quorum.

(b) On the first day of the January session of the General Assembly in odd-numbered years, the Secretary of State shall convene the House of Representatives to elect from its membership a Speaker of the House of Representatives as presiding officer, and the Governor shall convene the Senate to elect from its membership a President of the Senate as presiding officer.

(c) For purposes of powers of appointment conferred by this Constitution, the Minority Leader of either house is a member of the numerically strongest political party other than the party to which the Speaker or the President belongs, as the case may be. A person who has served 2 consecutive 2-year terms as Speaker of the House of Representatives, President of the Senate, Minority Leader of the House of Representatives, or Minority Leader of the Senate may not be re-elected to the same office for a period of 4 years after his or her second term expires. Service before the second Wednesday in January of 2013 shall not be considered in the calculation of a person's service.

(d) Each house shall determine the rules of its proceedings, judge the elections, returns and qualifications of its members and choose its officers. No member shall be expelled by either house, except by a vote of two-thirds of the members elected to that house. A member may be expelled only once for the same offense. Each house may punish by imprisonment any person, not a member, guilty of disrespect to the house by disorderly or contemptuous behavior in its presence. Imprisonment shall not extend beyond twenty-four hours at one time unless the person persists in disorderly or contemptuous behavior.

MESSAGES FROM THE SECRETARY OF STATE

**OFFICE OF THE SECRETARY OF STATE
JESSE WHITE • Secretary of State**

November 14, 2012

To the Honorable President of the Senate:

Sir:

In compliance with the provisions of the Constitution of the State of Illinois, I am forwarding herewith the enclosed Senate Bills from the 97th General Assembly as vetoed by the Governor together with his objections.

August 28, 2012

To the Honorable Members of the Illinois Senate
97th General Assembly:

In accordance with Article IV, Section 9(b) of the Illinois Constitution, I hereby veto Senate Bill 1849

[November 14, 2012]

from the 97th General Assembly.

It is critically important that any expansion of gaming in Illinois be undertaken thoughtfully and carefully. We have one opportunity to get it right. If we do, we can create jobs and foster economic development in areas that need it across Illinois.

Over the past several years, I have repeatedly made clear that any expansion of gaming in our state must include strong ethical standards, proper balance, and support for education.

While Senate Bill 1849 addresses some of the shortcomings of Senate Bill 744, such as a reduction in the number of gaming locations, it continues to fall well short of the standards of the people of Illinois.

The most glaring deficiency of Senate Bill 1849 is the absence of strict ethical standards and comprehensive regulatory oversight. Illinois should never settle for a gaming bill that includes loopholes for mobsters.

Notably, this legislation lacks a ban on campaign money from gaming licensees and casino managers. We must prevent campaign contributions by gaming operators from infecting our political process.

To protect the public interest, other states have enacted such bans, including Massachusetts, New Jersey, Pennsylvania, and Louisiana, and our neighboring states such as Iowa, Michigan, and Indiana. The people of Illinois deserve no less.

Senate Bill 1849 also does not ensure clear regulatory oversight over the proposed Chicago casino. This bill does not provide the Illinois Gaming Board with the same regulatory authority over the Chicago casino that it maintains over all other gaming operations in Illinois. Permitting the Chicago casino to operate without the appropriate oversight of the Gaming Board is not good for Illinois.

In addition, this bill does not subject Chicago casino contracts to the Illinois Procurement Code. The bill contains a weak procurement process with many loopholes. Such a complete lack of oversight will leave the Chicago casino's numerous procurements vulnerable to organized crime, unsavory influence and potentially overpriced vendors.

This bill also does not provide the Illinois Gaming Board with sufficient time to make critical licensing and regulatory decisions. The Gaming Board has a solid track record of keeping corruption out of an industry that is susceptible to nefarious activity.

Furthermore, we cannot forget that Illinois' economic future relies on the education of our children. This bill does not provide adequate support for education. The budget for pre-school to 12th grade education was reduced by \$210 million by the General Assembly this fiscal year and faces more challenges in the immediate future. Any expansion of gaming must prioritize the needs of our students.

I call on the members of the General Assembly to work with my staff, the Illinois Gaming Board, the Illinois Racing Board, the City of Chicago, and all other interested parties to ensure that the final version of any gaming legislation includes strong ethical standards, clear oversight and adequate support for education. Anything short of that is unacceptable and would be a disservice to the people of Illinois.

Finally, Illinois cannot gamble its way out of our fiscal challenges. Even a casino on every street corner cannot repair the State's \$83 billion unfunded pension liability. I urge the members of the Illinois House and Senate to address the most pressing issue of our time – comprehensive public pension reform.

Accordingly, I must return this bill without my approval. Therefore, pursuant to Article IV, Section 9(b) of the Illinois Constitution of 1970, I hereby return Senate Bill 1849, entitled "AN ACT concerning gaming," with the foregoing objections, vetoed in its entirety.

Sincerely,
s/Pat Quinn
PAT QUINN
Governor

[November 14, 2012]

August 17, 2012

To the Honorable Members of the
Illinois Senate,
97th General Assembly:

I would like to commend the sponsors for their hard work on Senate Bill 2945. This legislation amends the Right to Privacy in the Workplace Act to allow for-profit employers who provide medical or hospital treatment to those with cancer to refuse to hire, discharge, discipline and alter the pay, benefits and working conditions of any employee who uses tobacco products when not at work. As Governor, I am committed to working together to decrease the number of smokers and to make sure Illinois residents have fresh air to breathe while they are at work and in public places. Although this bill has been narrowly drawn to primarily apply to employees of a cancer treatment center, there are more extensive consequences which could have an impact on a citizen's right to privacy.

The issue of employees' rights to engage in certain off-duty activities and the competing authority of their employers to prohibit them from doing so has received significant attention from lawmakers and other policymakers around the country. In total, twenty-nine states and the District of Columbia have statutes that protect employees from adverse employment actions based on their off-duty activities. These statutes provide three different levels of protection: (1) use of tobacco only; (2) use of lawful products; and (3) any and all lawful activities. Since this bill has been transmitted to me, concerns have been raised that this legislation has far-reaching consequences beyond an employer's desire to keep employees healthy.

In addition, I am concerned about how this bill will be implemented in order to make sure it protects our health care employees. According to the sponsors of the bill, the provision will only apply to new employees hired after the effective date of the bill. This important stipulation was not written into the bill and cannot be enacted through regulation. In addition, the legislation does not address whether employees will have the right to appeal adverse employment decisions.

Finally, the bill does not address how employees will be tested for tobacco use. According to proponents, new employees may be tested for tobacco use by undergoing blood tests. Although proponents claim the blood test threshold cannot be reached through second-hand smoke, I remain concerned about how the tests will be administered.

For these reasons, I cannot affix my signature to Senate Bill 2945. I look forward to working with sponsors in the coming months to continue to encourage individuals to stop smoking and to make sure cancer treatment centers have the tools they need to treat patients.

Therefore pursuant to Article IV, Section 9(b) of the Illinois Constitution of 1970, I return Senate Bill 2945 with the foregoing objections, vetoed in its entirety.

Sincerely,
s/Pat Quinn
PAT QUINN
Governor

August 26, 2012

To the Honorable Members of the
Illinois Senate,
97th General Assembly:

I would like to commend the General Assembly for their important work on Senate Bill 3442. I pledge to continue working with lawmakers on this issue in the coming months.

[November 14, 2012]

Senate Bill 3442 creates a statewide plastic bag and film recycling program to reduce the number of bags and films that end up in our landfills each year. Specifically, the bill requires manufacturers to register with the Environmental Protection Agency and develop a recycling plan. Units of government nationwide have realized the growing problem of plastic film, which accounts for approximately 4% of waste in landfills. Only 3% of the 500,000 tons of plastic waste produced every year is currently recycled. Plastic bags are too often found tangled in trees, littering waterways, and harming wildlife. We must enact policies that prevent pollution and safeguard our communities and natural resources. As Governor, I am committed to preserving our environment for future generations.

Since this legislation was sent to me, many interested parties have raised important concerns regarding its potential effects. While I agree with the intent of the legislation, I share concerns that this program would not increase the rate of recycling beyond the natural growth. Local authorities and the environmental community strongly oppose this program because the metrics are simply not aggressive enough and home rule preemption prevents more stringent local regulation. This bill is more restrictive on municipalities than any other plastic bag regulation in the country, which creates a roadblock for locals to choose the policies that fit the needs of the area. Communities throughout the country experienced great success with different types of policies, as can be seen in the numerous municipalities in California that enacted an outright ban on plastic bags.

Local governments deserve the ability to enact environmental health laws that best respond to their communities. This bill hinders further opportunities to realize even greater benefits from other types of municipal plastic film regulation. I look forward to reviewing future policies that will bring Illinois to the forefront of sustainability.

Therefore, pursuant to Article IV, Section 9(b) of the Illinois Constitution of 1970, I return Senate Bill 3442, entitled "AN ACT concerning safety.", with the foregoing objections, vetoed in its entirety.

Sincerely,
s/Pat Quinn
PAT QUINN
Governor

August 10, 2012

To the Honorable Members of the
Illinois Senate,
97th General Assembly:

Today, I return Senate Bill 3766 vetoed in its entirety.

Last year, I signed Public Act 97-0096, which provided a framework for the construction of a coal gasification project on the south side of Chicago. The plant, built by Chicago Clean Energy, LLC, would turn Illinois coal and petroleum coke into synthetic natural gas. Additionally, the Act allowed our State's four largest utilities to purchase the synthetic natural gas through 30-year sourcing agreements.

At that time, the proportion of gas purchased by the utilities, and ultimately their ratepayers, was fairly apportioned to protect consumers against rate shock. Even more, the law required the developers to create a consumer protection account designed to lower the cost of the synthetic gas in times of low market prices. With these provisions in place, the project was designed to create jobs, support Illinois' coal resources, and, most importantly, protect businesses and consumers.

However, since that time, circumstances have changed. In September of 2011, two of the gas utilities opted out of procuring the synthetic gas, leaving the remaining two utilities with far greater purchase obligations. In response, the developers argued before the Illinois Commerce Commission that Ameren and Nicor customers should be paying for 95% of the costs of the facility, while only receiving 84% of its output. That is not a fair deal for ratepayers. We can do better.

In addition, our country is in the midst of a natural gas boom, which is coupled with dramatically

[November 14, 2012]

decreasing demand. As a result, current natural gas prices are at historic lows, and many indicators suggest prices will remain low for years to come. These new facts require further scrutiny, and a revisiting of the economics of this 30-year project. I support the Chicago Clean Energy project, but it must be implemented in a way that protects the consumers of Illinois.

Therefore, pursuant to Article IV, Section 9(b) of the Illinois Constitution of 1970, I hereby return Senate Bill 3766, entitled "AN ACT concerning public utilities," with this statement of objections, vetoed in its entirety.

I urge the General Assembly to send me a better bill to enable this project to move forward.

Sincerely,
s/Pat Quinn

OFFICE OF THE SECRETARY OF STATE
JESSE WHITE • Secretary of State

November 14, 2012

To the Honorable President of the Senate:

Sir:

In compliance with the provisions of the Constitution of the State of Illinois, I am forwarding herewith the enclosed Senate Bill from the 97th General Assembly that is being returned by the Governor with specific recommendations for change.

SENATE BILL

0681

Respectfully
s/Jesse White
JESSE WHITE
Secretary of State

July 31, 2012

To the Honorable Members of the Illinois Senate
97th General Assembly

Pursuant to my constitutional powers as Governor of the State of Illinois, I hereby return Senate Bill 681 with specific recommendations for change. In doing so, I propose to ban assault weapons and high-capacity ammunition magazines in our state.

As Governor, it is my foremost duty to protect the citizens of Illinois, especially our children, from deadly violence.

I am a strong supporter of the Second Amendment of the United States Constitution– the right to bear arms.

However, the proliferation of military-style assault weapons and high-capacity ammunition magazines undermines public safety and the right of personal security of every citizen.

Right now, anyone with a FOID card in Illinois is permitted by law to purchase an assault weapon. Illinois also does not impose any restrictions on the purchase or possession of high-capacity ammunition magazines, which automatically feed ammunition into a firearm chamber to allow the user to fire

[November 14, 2012]

repeatedly without reloading.

Banning assault weapons and high-capacity ammunition magazines will make Illinois a safer place to live.

Other states including California, Connecticut, Massachusetts, New Jersey and New York all have such bans in place. The ban would not pertain to law enforcement officials or members of the military.

There is no place in the State of Illinois for weapons designed to rapidly fire at human targets at close range.

My action today gives the members of the General Assembly an immediate opportunity to protect the people of Illinois by banning assault weapons and high-capacity ammunition magazines.

Therefore, pursuant to Article IV, Section 9(e) of the Illinois Constitution of 1970, I hereby return Senate Bill 681, entitled "AN ACT concerning regulation.", with the following specific recommendations for change:

By replacing everything after the enacting clause with the following:

"Section 5. The Criminal Code of 1961 is amended by adding Sections 24-1.9 and 24-1.10 as follows:

(720 ILCS 5/24-1.9 new)

June 30, 2012

To the Honorable Members of the Illinois Senate
97th General Assembly

Today I return Senate Bill 2474 with item and reduction vetoes in the amount of \$56,110,400.

These appropriation reductions reinforce our intention and need to close a number of facilities across Illinois.

These are difficult fiscal times and it is clear that we must employ a variety of methods to manage those who violate the laws of our State -- not just for the purpose of reducing the annual cost of operating State government, but because the policies that these facilities reinforce do not adequately reduce recidivism.

The Fiscal Year 2013 budget as passed by the General Assembly provides resources to maintain operations for a full fiscal year for the Murphysboro and Joliet Youth Centers. It is my intention to move forward with the Illinois Department of Juvenile Justice closures. We are in a time of scarce resources and cannot afford to staff empty facilities. The limited resources that we have are better spent providing services to these troubled youths in their [November 14, 2012]

communities, at a lower cost, with performance-based goals, so that these youths do not once again fall into our custody upon reaching adulthood.

The budget as passed by the General Assembly also funds the operations of North Lawndale Adult Transition Center, Peoria Adult Transition Center, Fox Valley Adult Transition Center, Crossroads Adult Transition Center, Westside Adult Transition Center, Decatur Adult Transition Center, and Southern Adult Transition Center. It is my intention to maintain operations at the North Lawndale, Crossroads, Peoria and Fox Valley Adult Transition Centers for the purpose of continuing to provide job training and programmatic support to those individuals that will soon be returning to our communities.

This budget also provides funding for the Tamms and Dwight Correctional Centers. The appropriation that is in the budget for Tamms provides for its operation, but for a different purpose than it is serving today. However, the General Assembly has not provided the necessary resources to repurpose Tamms so that it can be operated in a different capacity. The cost of operating this facility is \$62,000 per inmate per fiscal year, about three times the statewide cost for other facilities within the Department of Corrections. This cost can simply no longer be afforded. The Dwight Correctional Center is in need of substantial repairs and can no longer be operated efficiently. The Department of Corrections has also seen a 41% decrease in the number of female admissions, reducing the Department's need to maintain existing female capacity.

Therefore, pursuant to Article IV, Section 9(d) of the Illinois Constitution of 1970, I hereby return Senate Bill 2474, entitled "AN ACT concerning appropriations" with item and reduction vetoes in appropriations totaling \$56,110,400.
