RE: Waivers of School Code Mandates: Fall 2013 Waiver Summary Report

As required by Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), the following report provides summaries of requests for waivers of School Code mandates being transmitted to the Illinois General Assembly for its consideration. The report concludes with a database listing all of the requests received, organized by Senate and House districts, including those requests for waivers and modifications acted on by the State Superintendent of Education in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4) and applications that have been returned to school districts or other eligible applicants.

Executive Summary

The following report outlines waivers of School Code mandates that school districts, regional offices of education, or special education or vocational education cooperatives have requested since the last report, which was transmitted in March 2013. Pursuant to Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), these requests must be sent to the General Assembly for its consideration before October 1, 2013.

The report is organized by subject area and by school district, regional office, or special education or vocational education cooperative. The General Assembly may disapprove the report in whole or in part within 60 calendar days after each chamber next convenes once the report is filed. This is done by a joint resolution. If either chamber fails to reject a waiver request, then that request is deemed granted.

Section I summarizes the 59 requests received for waivers of School Code mandates for consideration by the General Assembly, which are presented alphabetically by topic area. The largest number of applications received (26 requests) seeks waivers from the requirements for non-resident tuition. There are 13 requests for daily physical education, eight requests to raise the fee to be charged for driver's education, six requests for school improvement/in-service training, three requests for administrative cost cap limitations, and one request each for the use of other practice driving methods in lieu of the required six hours of behind-the-wheel instruction in a dual-control car on a public roadway; for parent-teacher conferences; and for a waiver from state graduation requirements.

Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g) limits the number of waivers of daily physical education that may be requested by school districts and other eligible applicants to an initial, 2-year request, with the possibility of no more than two additional, 2-year renewal requests. Of the 13 waiver requests for physical education contained in this report, five districts are requesting their second and final renewal.

This document also contains one other section beyond what is required under Section 2-3.25g of the School Code. Section II is a database with listings of modifications or waivers of State Board of Education rules and modifications of School Code mandates upon which the State Superintendent of Education has acted in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4). The database also includes listings of requests that have been returned to or withdrawn by the petitioning entities. In addition, the database includes the 59 waiver requests for the General Assembly's consideration and is organized by Senate and House districts.

Complete copies of the waiver requests for the General Assembly's consideration have been made available to legislative staff.

This is the thirty-seventh report submitted pursuant to Section 2-3.25g of the School Code, which requires that the State Board of Education through agency staff compile and submit requests for waivers of School Code mandates to the General Assembly before March 1 and October 1 of each year.

Limitation of Administrative Costs

Cahokia USD 187 – St. Clair (SD 57/HD 114) / Expiration: 2012-13 school year

WM100-5765 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. The district was awarded a School Improvement Grant (SIG) for FY 2013, entering into an agreement with a Lead Partner to assist in developing a district transformation model. Upon advice of the ISBE SIG grant coordinator, the costs for the Lead Partner agreement were included in the administrative cost functions for the 2012-2013 budget. This new expense caused the district's budgeted administrative costs for FY 2013 to exceed those for FY 2012 by more than the 5 percent limitation.

General George Patton SD 133 – Cook (SD 14/HD 28) / Expiration: 2012-13 school year

WM100-5781 – Waiver of School Code (Section 17-1.5) request to allow the district to waive the limitation of administrative costs due to circumstances beyond its control. During FY 2012, the district deviated from its practice of allocating salaries for the superintendent and the business manager entirely to the Educational Fund, redirecting a portion of each salary to the Tort Fund. Tort Fund expenditures do not appear on the Limitation of Administrative Costs worksheet. In FY 2013, the district budgeted the salaries of these two administrators wholly within the Educational Fund. The change in accounting for the salaries of the superintendent and business manager from 2011-2012 to 2012-2013 caused the district's budgeted administrative costs for FY 2013 to exceed those for FY 2012 by more than the 5 percent limitation.
