MESSAGE FROM THE SECRETARY OF STATE

OFFICE OF THE SECRETARY OF STATE
JESSE WHITE • Secretary of State

July 1, 2015

To the Honorable President of the Senate:

In compliance with the provisions of the Constitution of the State of Illinois, I am forwarding herewith the enclosed Senate Bill from the 99th General Assembly that is being returned by the Governor with specific recommendations for change.

SENATE BILL

1354

Respectfully
s/Jesse White
JESSE WHITE
Secretary of State

July 1, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I return Senate Bill 1354, one of several budget implementation bills, with a specific recommendation for change.

After a decade of mismanagement, the State of Illinois is facing an unprecedented fiscal crisis. The State is suffering from a debt burden well in excess of \$100 billion.

Instead of acknowledging this reality, the General Assembly passed an unbalanced and unconstitutional budget for Fiscal Year 2016. Last week I vetoed 19 of those appropriation bills and have asked the General Assembly to work with me to craft a balanced budget.

A balanced budget requires shared sacrifice. My Administration has reduced State personnel costs among agencies under my jurisdiction by \$4 million during the first four full months (February through May) of this year, compared to the same period last year.

Under these circumstances, the State cannot afford to give legislators a raise. Illinois legislators are already among the highest paid in the United States, earning \$68,000 to \$95,000 per year for part-time service, plus *per diem* payments and mileage reimbursement. Without the change recommended below, legislators would receive raises ranging from \$1,356 to \$1,905 for Fiscal Year 2016 and increases in both the *per diem* amount and mileage reimbursement rate.

I recommend that Senate Bill 1354 be changed to eliminate raises for legislators, elected officers of the Executive Branch, and agency directors and other highly compensated State officials, and to freeze the *per diem* amount and mileage reimbursement rate. Budget implementation bills must give us the tools to

[July 1, 2015]

implement a balanced and realistic budget, and this change is an important step in closing our budget deficit. A similar provision has been enacted for each of the past six fiscal years.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1354, entitled "AN ACT concerning State government", with the following specific recommendation for change:

On page 1, immediately below line 4, by inserting:

"Section 5-1. The General Assembly Compensation Act is amended by changing Section 1 as follows:

(25 ILCS 115/1) (from Ch. 63, par. 14)

Sec. 1. Each member of the General Assembly shall receive an annual salary of \$28,000 or as set by the Compensation Review Board, whichever is greater. The following named officers, committee chairmen and committee minority spokesmen shall receive additional amounts per year for their services as such officers, committee chairmen and committee minority spokesmen respectively, as set by the Compensation Review Board or, as follows, whichever is greater: Beginning the second Wednesday in January 1989, the Speaker and the minority leader of the House of Representatives and the President and the minority leader of the Senate, \$16,000 each; the majority leader in the House of Representatives \$13,500; 6 assistant majority leaders and 5 assistant minority leaders in the Senate, \$12,000 each; 6 assistant majority leaders and 6 assistant minority leaders in the House of Representatives, \$10,500 each; 2 Deputy Majority leaders in the House of Representatives \$11,500 each; and 2 Deputy Minority leaders in the House of Representatives, \$11,500 each; the majority caucus chairman and minority caucus chairman in the Senate, \$12,000 each; and beginning the second Wednesday in January, 1989, the majority conference chairman and the minority conference chairman in the House of Representatives, \$10,500 each; beginning the second Wednesday in January, 1989, the chairman and minority spokesman of each standing committee of the Senate, except the Rules Committee, the Committee on Committees, and the Committee on Assignment of Bills, \$6,000 each; and beginning the second Wednesday in January, 1989, the chairman and minority spokesman of each standing and select committee of the House of Representatives, \$6,000 each. A member who serves in more than one position as an officer, committee chairman, or committee minority spokesman shall receive only one additional amount based on the position paying the highest additional amount. The compensation provided for in this Section to be paid per year to members of the General Assembly, including the additional sums payable per year to officers of the General Assembly shall be paid in 12 equal monthly installments. The first such installment is payable on January 31, 1977. All subsequent equal monthly installments are payable on the last working day of the month. A member who has held office any part of a month is entitled to compensation for an entire month.

Mileage shall be paid at the rate of 20 cents per mile before January 9, 1985, and at the mileage allowance rate in effect under regulations promulgated pursuant to 5 U.S.C. 5707(b)(2) beginning January 9, 1985, for the number of actual highway miles necessarily and conveniently traveled by the most feasible route to be present upon convening of the sessions of the General Assembly by such member in each and every trip during each session in going to and returning from the seat of government, to be computed by the Comptroller. A member traveling by public transportation for such purposes, however, shall be paid his actual cost of that transportation instead of on the mileage rate if his cost of public transportation exceeds the amount to which he would be entitled on a mileage basis. No member may be paid, whether on a mileage basis or for actual costs of public transportation, for more than one such trip for each week the General Assembly is actually in session. Each member shall also receive an allowance of \$36 per day for lodging and meals while in attendance at sessions of the General Assembly before January 9, 1985; beginning January 9, 1985, such food and lodging allowance shall be equal to the amount per day permitted to be deducted for such expenses under the Internal Revenue Code; however, beginning May 31, 1995, no allowance for food and lodging while in attendance at sessions is authorized for periods of time after the last day in May of each calendar year, except (i) if the General Assembly is convened in special session by either the Governor or the presiding officers of both houses, as provided by subsection (b) of Section 5 of Article IV of the Illinois Constitution or (ii) if the General Assembly is convened to consider bills vetoed, item vetoed, reduced, or returned with specific recommendations for

change by the Governor as provided in Section 9 of Article IV of the Illinois Constitution. For fiscal year 2011 and for session days in fiscal years 2012, 2013, 2014, ~~and 2015~~, and 2016 only (i) the allowance for lodging and meals is \$111 per day and (ii) mileage for automobile travel shall be reimbursed at a rate of \$0.39 per mile.

Notwithstanding any other provision of law to the contrary, beginning in fiscal year 2012, travel reimbursement for General Assembly members on non-session days shall be calculated using the guidelines set forth by the Legislative Travel Control Board, except that fiscal year 2012, 2013, 2014, ~~and 2015~~, and 2016 mileage reimbursement is set at a rate of \$0.39 per mile.

If a member dies having received only a portion of the amount payable as compensation, the unpaid balance shall be paid to the surviving spouse of such member, or, if there be none, to the estate of such member.

Section 5-2. The Compensation Review Act is amended by adding Section 6.3 as follows:

(25 ILCS 120/6.3 new)

Sec. 6.3. FY16 COLAs prohibited. Notwithstanding any former or current provision of this Act, any other law, any report of the Compensation Review Board, or any resolution of the General Assembly to the contrary, members of the General Assembly, State's attorneys, other than the county supplement, elected executive branch constitutional officers of State government, and persons in certain appointed offices of State government, including the membership of State departments, agencies, boards, and commissions, whose annual compensation previously was recommended or determined by the Compensation Review Board, are prohibited from receiving and shall not receive any increase in compensation that would otherwise apply based on a cost of living adjustment, as authorized by Senate Joint Resolution 192 of the 86th General Assembly, for or during the fiscal year beginning July 1, 2015."

With this change, Senate Bill 1354 will have my approval. I respectfully request your concurrence.

Sincerely,
s/Bruce Rauner

Floor Amendment No. 1 was held in the Committee on Assignments.

Senator Clayborne offered the following amendment and moved its adoption:

AMENDMENT NO. 2 TO HOUSE BILL 372

AMENDMENT NO. 2. Amend House Bill 372, by replacing everything after the enacting clause with the following:

"Section 5. The Township Code is amended by changing Section 205-140 as follows:

(60 ILCS 1/205-140)

Sec. 205-140. Initiating proceedings for particular locality; rates and charges; lien.

(a) A township board may initiate proceedings under Sections 205-130 through 205-150 in the manner provided by Section 205-20.

(b) The township board may establish the rate or charge to each user of the waterworks system or sewerage system, or combined waterworks and sewerage system, or improvement or extension at a rate that will be sufficient to pay the principal and interest of any bonds issued to pay the cost of the system, improvement, or extension and the maintenance and operation of the system, improvement, or extension and may provide an adequate depreciation fund for the bonds. Charges or rates shall be established, revised, and maintained by ordinance and become payable as the township board determines by ordinance.

(c) The charges or rates are liens upon the real estate upon or for which sewerage service is supplied whenever the charges or rates become delinquent as provided by the ordinance of the board fixing a delinquency date.

(d) Notwithstanding any provision of law to the contrary, the township shall conduct a cost study regarding the connection charge of the township:

(1) before the township increases or creates a connection charge;

(2) upon the request of the supervisor or a majority of the township board of the township;

(3) upon the request of a majority of the mayors or village presidents of the municipalities located within or substantially within the township or township's facility planning area; or

(4) upon the filing with the township board of a petition signed by 10% or more of the customers who have paid connection charges to the township in the previous 5 calendar years.

The cost study shall be conducted by an independent entity within 6 months of action taken under paragraphs (1), (2), (3), or (4) of this subsection (d). For purposes of this subsection (d), the term "independent entity" shall mean an engineering firm that has not entered into a contract with any State agency, unit of local government, or non-governmental entity for goods or services within the township or township service area in the 24 months prior to being contracted to perform the cost study. After performing a cost study under this subsection (d), an independent entity may not contract with any State agency, unit of local government, or non-governmental entity for goods or services within the township or township service area in the 24 months after completion of the cost study other than to perform further cost studies under this subsection (d). A township shall not be required to conduct more than one cost study in a 24 month period under paragraphs (1), (2), (3), or (4) of this subsection (d). The cost study must include, at a minimum, an examination of similar water main and sewer connection charges in neighboring units of local government or units of local government similar in size or population. Following the completion of the cost study, no increase or new connection charge may be imposed unless the increase or new charge is justified by the cost study. If the connection charge the township charged prior to completion of the cost study is higher than is justified by the cost study, the township shall reduce its

connection charge to the amount justified by the cost study. For purposes of this subsection (d), "connection charge" means any charge or fee, by whatever name, assessed to recover the cost of connecting the customer's water main, sewer, or water main and sewer service line to the township's facilities, and includes only the direct and indirect costs of physically tying the service line into the township's main.

The Director shall, with the consent and approval of said civil service board, classify within 90 days after the effective date of this amendatory Act of 1997, all positions in said sanitary district with reference to the duties thereof for the purpose of establishing job classifications, and of fixing and maintaining standards of examinations hereinafter provided for. The positions so classified shall constitute the classified civil service of such sanitary district and no appointments, promotions, transfers, demotions, reductions in grade or pay or removal therefrom shall be made except under and according to the provisions of this Act and of the rules hereinafter mentioned. As a part of such classified civil service all employees under said Director, except special examiners, shall be included. The Director shall ascertain and record the duties of each position in the classified civil service and designate the classification of each position. Each classification shall comprise positions having substantially similar duties. He shall also record the lines of promotion from each lower classification to a higher classification wherever the experience derived in the performance of the duties of such lower classification tends to qualify for performance of duty in such higher classification. The director, subject to the disapproval of the civil service board as hereinafter provided, shall by rule prescribe standards of efficiency for each classification and for examinations of candidates for appointment thereto. Such rule or any amendment thereof shall take effect 30 days after written notice thereof is given to the civil service board, unless within such period the board files with the Director a written notice of its disapproval thereof.

For the purpose of establishing uniformity of pay and title for all positions similarly classified, it shall be the duty of the Director to prescribe by rule which shall become effective when approved by the trustees, the maximum and minimum pay for each classification and the title thereof and to report to the trustees annually and at such other times as they may direct the name and address of each officer and employee paid more or less than the pay prescribed for his classification or designated by a title other than that prescribed for his classification by the board of trustees. It shall be the duty of the trustees not later than the beginning of the next fiscal year after receiving such report to change the pay or title of any position or employee so reported out of classification to conform to the title and pay prescribed by the Director for the classification in which the position held by the employee is classified. The Director shall standardize employment in each classification and make and keep a record of the relative efficiency of each employee in the classified civil service. The Director shall provide by rule methods for ascertaining and verifying the facts from which such records of relative efficiency shall be made which shall be uniform for each classification in the classified civil service.
