SENATE RESOLUTION NO. 850

[August 5, 2015]

Senator Forby offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 852

WHEREAS, Illinois has been a leader in energy production within the United States, in large part due to Illinois' vast coal resources; and

WHEREAS, Illinois has the largest recoverable bituminous coal reserves in the United States, a reserve base larger than all but 6 countries in the world, and the ability to produce all of America's electricity needs for 50 years; and

WHEREAS, The Illinois coal industry is currently responsible for over \$2,500,000,000 in annual economic activity within the State, including employing approximately 5,000 miners with an average salary of \$85,000 a year, higher than both the United States and Illinois median household incomes; and

WHEREAS, The Illinois coal industry has faced increased environmental regulations in the last 2 decades that resulted in coal production going from 62 million tons of mined coal in 1990 to a low of 31 million tons in 2003 and a loss of 6,500 direct jobs during this time period; and

WHEREAS, The Office of Surface Mining Reclamation and Enforcement within the United States Department of the Interior recently proposed additional environmental regulation of the Illinois coal industry through the Draft Stream Protection Rule published in the federal register on July 27, 2015; and

WHEREAS, The proposed Draft Stream Protection Rule would affect surface mines, underground mines, and ancillary facilities located in every coal producing state; and

WHEREAS, The proposed Stream Protection Rule would amend, modify, or revise over 450 provisions of the existing regulatory program, affecting literally every substantive and procedural aspect of the mine permitting process under the Surface Mining Control and Reclamation Act of 1977; the proposed rule would also add entirely new definitions, substantive and procedural requirements, and prohibitions affecting surface mines, underground mines, and ancillary facilities; in total, the proposed rule exceeds 2,000 pages of changes, additions, explanations, regulatory impact analyses and environmental assessments, not including countless studies that are cited but not provided; and

WHEREAS, The coal industry, the Illinois Department of Natural Resources, and other stakeholders need sufficient time to determine how the rule would affect the State's primary and exclusive regulatory authority and additional technical resources required under the Surface Mining Control and Reclamation Act of 1977; and

WHEREAS, All stakeholders must be given the opportunity to determine the affect the rule would have on existing mines and their respective employees as well as on State programing, resources, and current permitting delays; currently, the State of Illinois has a backlog of approximately 2 years on coal mine permits; the backlog has negatively impacted the operation of existing Illinois coal mines and the potential for coal mining expansion which has caused increased unemployment in the State of Illinois; and

WHEREAS, The Draft Stream Protection Rule required more than 6 years to develop and included a lack of consultation with stakeholders during that time period and yet the Department of Interior will only allow 60 days for public comment; and

WHEREAS, The Department of the Interior must provide the Illinois coal industry, the Illinois Department of Natural Resources, and other stakeholders sufficient time to respond to the Stream Protection Rule which would have a sweeping and monumental impact on the Illinois coal industry; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that that we urge the United States Department of the Interior to provide a comment

[August 5, 2015]

period of no less than 180 days for public participation in and comment on the proposed Draft Stream Protection Rule; and be it further

RESOLVED, That suitable copies of this resolution be delivered to Governor Bruce Rauner, the Illinois Congressional delegation, the Director of the Office of Surface Mining Reclamation and Enforcement of the United States Department of the Interior, and all the members of the General Assembly.

REPORT FROM STANDING COMMITTEE

Senator Biss, Chairperson of the Committee on Human Services, to which was referred the following Senate floor amendment, reported that the Committee recommends do adopt:

Senate Amendment No. 1 to Senate Bill 570

Under the rules, the foregoing floor amendment is eligible for consideration on second reading.

SENATE BILL RECALLED

On motion of Senator Hutchinson, **Senate Bill No. 570** was recalled from the order of third reading to the order of second reading.

Senator Hutchinson offered the following amendment and moved its adoption:

AMENDMENT NO. 1 TO SENATE BILL 570

AMENDMENT NO. 1. Amend Senate Bill 570 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:
(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)
Sec. 9A-11. Child Care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) To the extent resources permit, the Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families:

- (1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
- (2) families transitioning from TANF to work;
- (3) families at risk of becoming recipients of TANF;
- (4) families with special needs as defined by rule; and
- (5) working families with very low incomes as defined by rule.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule. The State must serve all children who fall within the eligibility criteria established by the Department regarding income eligibility and meet the required work or school activity.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. Through and including fiscal year 2007, the specified threshold must be no less than 50% of

[August 5, 2015]

the then-current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then-current federal poverty level for each family size.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate \$7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

~~The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.~~

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

- (1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
- (2) a licensed child care home or home exempt from licensing;
- (3) a licensed group child care home;
- (4) other types of child care, including child care provided by relatives or persons

living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall establish, by rule, a co-payment scale that provides for cost sharing by families that receive child care services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

- (1) findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;
- (2) recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;
- (3) recommendations for revising the child care co-payment scale to provide at-risk

children with complete access to Preschool for All and Head Start; and

(4) recommendations for changes in child care program policies that affect the affordability of child care.

(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;

(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;

(3) (blank); or

(4) adopting such other arrangements as the Department determines appropriate.

(f-5) (Blank).

(g) Families eligible for assistance under this Section shall be given the following options:

(1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or

(2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.
