Senator T. Cullerton offered the following Senate Resolution, which was referred to the Committee on Assignments:

SENATE RESOLUTION NO. 953

WHEREAS, A proposed educational pension cost shift, which would shift the cost burden from the State of Illinois to local school districts, community colleges, and institutions of higher education, is under [September 9, 2015]

discussion; this proposal would require all employers of members in the Teachers' Retirement System and the State Universities Retirement System to pay the normal cost of pension benefits earned; and

WHEREAS, If this proposal were to become policy, for the Teachers' Retirement System and the State Universities Retirement System, it would potentially move \$10.187 billion in estimated normal costs of pension benefits earned from the State to local school districts, community colleges, and institutions of higher learning over a 10-year period; actuarial changes recently made by these 2 systems will further increase these numbers; and

WHEREAS, This plan would move these spending commitments from one taxing body, the State, to a group of taxing bodies, the school districts and community colleges, while additional pension costs would be shifted to State universities; and

WHEREAS, A pension cost shift would lead to a massive increase in local funding requirements on school districts; the cost shift would exacerbate the problem of adequately funding our local schools by taking even more when districts, teachers, and local voters are fighting to simply keep educational opportunities open to our students; in addition, a pension cost shift would likely lead to massive property tax hikes or to classroom cuts that will harm our students; and

WHEREAS, According to the Illinois State Board of Education, 67% of school districts in the State are operating in the red; and

WHEREAS, School districts already bear a large share of the Teachers' Retirement System pension burden by paying a statutory share of the System's total contribution costs, constituting 0.58% of pensionable teacher payroll; districts also contribute towards any locally-negotiated early retirement options and for the pension costs of certain increases in compensation, totaling \$92.5 million in Fiscal Year 2012; and

WHEREAS, Representatives from Northern Illinois University publicly stated that if the cost shift were to be covered by increasing tuition on parents and students, each percentage of payroll cost shifted to the university would translate into a 2% tuition increase; this proposed cost shift would also increase the liability of State-funded universities and all community colleges, thus making higher education even more unaffordable for students and their parents; and

WHEREAS, This plan would harm the interests of all taxpayers, especially in downstate and suburban areas and would sharply increase inequities created by the current school aid formula between Chicago and the rest of the State; because of the impact on institutions of higher education, Chicago taxpayers, parents, and students would also be affected; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we state our belief that an educational pension cost shift is financially wrong and would only serve to shift pension burdens from the State to the status of an unfunded mandate.

Senator Hutchinson offered the following Senate Resolution, which was referred to the Committee on Assignments:

[September 9, 2015]

RESOLVED, That we urge the United States Senate to ratify the Convention on the Elimination of All Forms of Discrimination Against Women to further the commitment to gender equality; and be it further

RESOLVED, That suitable copies of this resolution be presented to United States President Barack Obama, United States Secretary of State John Kerry, and the members of the Illinois congressional delegation.

WHEREAS, There have been several recent outbreaks of serogroup B meningococcal disease on college campuses, with some cases resulting in death; and

WHEREAS, Vaccines are available to prevent meningococcal disease; different vaccines provide coverage against certain specific serogroups of the disease; and

WHEREAS, While there are vaccines that help provide protection against all 3 serogroups (B, C, and Y) commonly seen in the United States, only vaccination for serogroups A, C, W, and Y is routinely recommended by the Centers for Disease Control and Prevention; and

WHEREAS, The Centers for Disease Control and Prevention's Advisory Committee on Immunization Practices recommends that decisions to vaccinate adolescents and young adults 16 through 23 years of age against serogroup B meningococcal disease should be made at the individual level with health care providers; and

MESSAGES FROM THE HOUSE

A message from the House by

Mr. Mapes, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has passed a bill of the following title, the Governor's specific recommendations for change notwithstanding, in the passage of which I am instructed to ask the concurrence of the Senate, to-wit:

HOUSE BILL 1

A bill for AN ACT concerning health.

I am further instructed to deliver to you the objections of the Governor which are contained in the attached copy of his letter to the House of Representatives:

Passed the House, September 2, 2015, by a three-fifths vote.

TIMOTHY D. MAPES, Clerk of the House

August 24, 2015

To the Honorable Members of
The Illinois House of Representatives,
99th General Assembly:

Today I return House Bill 1, the Heroin Crisis Act, with specific recommendations for change.

House Bill 1 is a comprehensive effort to address opioid abuse from all angles. The bill is a result of the recommendations of the bi-partisan Heroin Task Force. I thank the sponsors of this bill and the members of the Task Force for their hard work over the past several years in addressing the growing heroin problem in Illinois.

First, the bill contains a number of important changes to increase the availability of an opioid antagonist and to provide for proper training on its use. It requires private insurance coverage for at least one opioid antagonist, as well as acute treatment and clinical stabilization services, which will be valuable in providing treatment for opioid users who need help in overcoming addiction.

The bill allows a licensed pharmacist, after completing a training program, to dispense an opioid antagonist in accordance with the procedures established by State agencies. It requires law enforcement and first responders to possess opioid antagonists and provide training on the administration of such antagonists. It allows a school nurse to administer an opioid antagonist to a student having an opioid overdose. It provides protection from civil liability to those individuals, including family members, who administer an opioid antagonist in good faith.

Second, in addition to the training requirements, House Bill 1 contains a number of substance abuse and mental health education requirements: the Department of Human Services and the State Board of Education will develop a three-year heroin and opioid prevention pilot program for all schools in the State; the Department of Human Services will also develop materials to educate opioid prescription holders on the dangers of these drugs; and the Department of Insurance will convene two working groups, one to discuss treatment of substance abuse and mental illness and another to educate consumers on parity between State and federal mental health laws.

Third, the bill addresses safety and public information concerns. It strengthens the Prescription Monitoring Program (PMP) to provide comprehensive information to physicians and pharmacists. Dispensers must report information to the PMP within one day, instead of seven days, of dispensing a controlled substance. To prevent medication shopping, the PMP may issue a report to the prescriber and dispenser when a person is identified as having three or more prescribers or pharmacies. The bill establishes a full-time Clinical Director of the PMP and an Advisory Committee to implement the PMP effectively. Physicians must now document in a patient's medical record the medical necessity of any three sequential 30-day prescriptions for Schedule II narcotics. To increase the safe disposal of medications, the Illinois Environmental Protection Agency is tasked with establishing a medication take-back program and providing information on the safe disposal of unused medication. The Department of Insurance will enforce parity between State

[September 9, 2015]

and federal mental health laws. House Bill 1 also requires sharing of overdose information among law enforcement, physicians, and state agencies to ensure we have accurate data as we continue to look for solutions to this epidemic in Illinois.

Finally, the bill addresses criminal justice concerns and improves access to treatment by permitting multiple entries to drug court and no longer allowing a prosecutor to unilaterally block entry to drug court. It requires mandatory education for state's attorneys and public defenders on substance abuse and addiction. As a deterrent for individuals fraudulently acquiring controlled substances through "doctor shopping", it increases penalties for attempting to acquire or obtaining possession of a controlled substance through fraudulent means.

I support all of the above measures and applaud the multi-faceted approach to combating this epidemic in Illinois. Unfortunately, the bill also includes provisions that will impose a very costly mandate on the State's Medicaid providers. I am returning the bill with recommendations to address that concern. House Bill 1 mandates that fee-for-service and medical assistance Medicaid programs cover all forms of medication assisted treatment of alcohol or opioid dependence, and it removes utilization controls and prior authorization requirements. These changes would limit our ability to contain rising costs at a time when the State is facing unprecedented fiscal difficulties.

Importantly, the State's Medicaid programs already cover multiple forms of medication necessary to treat alcohol and opioid dependence. But without adequate funding to support mandated coverage for *all* forms of treatment, regardless of cost, this change would add to the State's deficit.

In addition, removing utilization controls and prior authorization requirements could undermine doctors' ability to manage treatment. Doctors should be able to work with individuals addicted to opioids to arrive at a reasonable, comprehensive treatment plan. The Department of Healthcare and Family Services has developed a utilization control process to work with prescribing physicians to support individuals struggling with addiction, ensure appropriate utilization of medications, and prevent waste. Removing any prior authorization or utilization control would inhibit a doctor's ability to responsibly manage the overall treatment program for Medicaid patients.

Finally, the effective date for qualified health plans offered on the Health Insurance Marketplace must be amended as, in accordance with federal guidelines, the Department of Insurance has already certified the plans for 2015 and 2016.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return House Bill 1, entitled "AN ACT concerning health", with the following specific recommendations for change:

On page 69, by replacing line 24 with "General Assembly, and beginning January 1, 2017 a qualified health plan on the Health Insurance Marketplace, that provides coverage for prescription drugs"; and

On page 77, by replacing line 1 with "this amendatory Act of the 99th General Assembly, and beginning January 1, 2017 a qualified health plan offered through the Health Insurance Marketplace, shall offer"; and

On page 79, by replacing 21 with "insurance, and beginning January 1, 2017 a qualified health plan offered through the Health"; and

On page 80, by replacing line 21 with "accident and health insurance, and beginning January 1, 2017 a qualified health plan"; and

On page 82, by replacing line 17 with "accident and health insurance and beginning January 1, 2017 a qualified health plan"; and

On page 84, by replacing line 16 with "Patient Rights Act. In the case of a qualified health plan offered through the Health Insurance Marketplace, this subsection shall apply beginning January 1, 2017."; and

On page 125, by deleting lines 3-25.

With these changes, House Bill 1 will have my approval. I respectfully request your concurrence.

Sincerely,
Bruce Rauner
GOVERNOR

August 26, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I veto Senate Bill 374 from the 99th General Assembly, which would effectively exempt townships from competitive bidding requirements for township contracts.

Transparency is vital for good governance. It is also important that citizens perceive the government as trustworthy. Competitive bidding ensures that units of local government are getting the best price for services and that taxpayer funds are being used effectively. Consequently, permitting a township to circumvent the competitive bidding process is a step in the wrong direction for government transparency and conserving taxpayer dollars.

Therefore, pursuant to Section 9(b) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 374, "AN ACT concerning local government", with the foregoing objections, vetoed in its entirety.

Sincerely,

August 21, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I veto Senate Bill 661 from the 99th General Assembly in order to shield Illinois from significant spending mandates and to protect our State's health care providers from unnecessary civil liability.

Senate Bill 661 creates the Hepatitis C Screening Act, which stems from the hard work of the Illinois Hepatitis C Task Force. This bill requires health care practitioners, regardless of setting, to offer a hepatitis C screening test to individuals born between 1945 and 1965, unless the health care practitioner reasonably

[September 9, 2015]

believes that certain conditions are present. The bill also requires all insurers, public and private, to provide coverage for hepatitis C screening and confirmatory testing consistent with reasonable medical standards.

I support the General Assembly's determination to combat hepatitis C. I further applaud the members of the Illinois Hepatitis C Task Force for their efforts to raise awareness of this very serious problem.

Senate Bill 661, however, imposes significant short-term financial obligations upon the State Medicaid agency and the State health insurance plan at a time when Illinois is facing a fiscal crisis. The bill would help identify Illinoisans afflicted with hepatitis C, but it does not address the important question of how to pay for the expensive treatment necessary to defeat the disease. It is an untenable position to diagnose a disease but not account for funding for the treatment.

The bill further mandates that doctors adhere to the "Testing Recommendations for Chronic Hepatitis C Virus Infection." By dictating a specific standard of care to doctors, the bill sets an ill-advised precedent with respect to the State's health care industry. This bill replaces doctors' ability to provide patient-centered care with government-mandated medical care. This could expose our doctors to new and costly litigation, which will further increase medical costs.

Therefore, pursuant to Section 9(b) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 661, entitled "AN ACT concerning public health", with the foregoing objections, vetoed in its entirety.

Sincerely,

BRUCE RAUNER
GOVERNOR

August 26, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I veto Senate Bill 763 from the 99th General Assembly, which would amend the Illinois Pension Code to create pension liability for police officers and firefighters at the local level by circumventing local voter choice expressed through a referendum.

Public safety workers put their lives in danger to protect our citizens. They deserve the right to earn good pension benefits. Current law already provides such pensions to local police officers and firefighters in municipalities with the population of at least 5,000 people. And even municipalities with fewer than 5,000 residents can opt, through a referendum, to extend pension benefits to public safety employees. The referendum option gives voters the control of what benefits the municipality can actually afford. That is as it should be.

Senate Bill 763 would take this choice away from the voters and instead allow a municipality to impose new pension obligations by a resolution of its governing body. At a time when local governments in Illinois are struggling to make ends meet, we should not remove local voter control over decisions for which the same voters will have to pay through higher property and other taxes.

Therefore, pursuant to Section 9(b) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 763 entitled "AN ACT concerning public employee benefits", with the foregoing objections, vetoed in its entirety.

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I veto Senate Bill 1271 from the 99th General Assembly, which would reduce competitive bidding for park, forest, and conservation district contracts.

Given Illinois's history of corruption and insider dealing, government transparency is paramount. Competitive bidding ensures that units of local government are getting the best price for services and that taxpayer funds are being used effectively. Consequently, increasing the threshold for competitive bidding from \$20,000 to \$25,000 is a step in the wrong direction for government transparency and conserving taxpayer dollars.

Therefore, pursuant to Section 9(b) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1271, "AN ACT concerning local government", with the foregoing objections, vetoed in its entirety.

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I veto Senate Bill 1421 from the 99th General Assembly to protect consumers from costs for services they do not receive.

Over the coming decades, Illinois will need to make significant investments in replacing and maintaining its water and wastewater infrastructure. Senate Bill 1421 attempts to address this need by allowing a public utility, with approval by the Illinois Commerce Commission, to recover its water service and wastewater costs from consumers, thus providing a source of consumer-funded revenue for infrastructure investment.

[September 9, 2015]

Whenever we permit utilities to pass on their costs to consumers, we should ensure that costs are passed to consumers who use and benefit from the particular services to the extent possible. Unfortunately, because not all consumers receive both their water and wastewater services from the same utility, Senate Bill 1421 would permit a public utility to pass on wastewater costs to consumers who do not receive wastewater services. This type of subsidy is not appropriate or necessary.

Therefore, pursuant to Section 9(b) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1421, entitled "AN ACT concerning regulation", with the foregoing objections, vetoed in its entirety.

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I veto Senate Bill 1526 from the 99th General Assembly, which would amend the Property Tax Code to impose further burdens on property owners seeking to appeal their assessments.

Senate Bill 1526 precludes a property owner from seeking a change in the assessed valuation of his or her home of \$100,000 or more unless that change is specifically indicated in the complaint. This places a needless burden on Illinois taxpayers who already pay the second highest property taxes in the nation and further inhibits legitimate valuation appeals. Moreover, because this bill would preclude the appeal altogether, it creates an excessive penalty for what is a technical matter.

Therefore, pursuant to Section 9(b) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1526 entitled "AN ACT concerning revenue", with the foregoing objections, vetoed in its entirety.

August 25, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I return Senate Bill 1249 with a specific recommendation for change.

Senate Bill 1249 requires the Office of the Governor to examine the need for and financial strategies to improve the State's mental health systems and report its findings and recommendations to the General Assembly by January 15, 2016. The State already has undertaken several initiatives in order to study the current landscape for mental health services in Illinois and work to improve the effectiveness of such services. These efforts include using a \$3 million State Innovation Model grant from the federal Center for Medicare and Medicaid Innovation to focus on redeveloping the State's mental and behavioral health programs, as well as developing the State's five-year health care priorities and goals through completion of our federally-mandated State Health Improvement Plan. Both of these efforts will be completed late next spring.

Aligning the timing of the report required by Senate Bill 1249 with the completion of this other work will allow us to optimize resources by coordinating our research efforts, leading to a more comprehensive set of recommendations to improve mental health services in Illinois.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1249, entitled "AN ACT concerning regulation", with the following specific recommendation for change:

On page 3, line 15, by replacing "January 15, 2016" with "May 31, 2016".

With this change, Senate Bill 1249 will have my approval. I respectfully request your concurrence.

August 20, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I return Senate Bill 1702, which imposes new burdens on ex-offender re-entry into the job market, with a specific recommendation for change.

Senate Bill 1702 establishes licensing requirements for manufactured home dealers, which are currently licensed under other existing laws. I thank the sponsors, the Secretary of State, and interested parties for their cooperative work on this legislation.

As part of the new statutory requirements, Senate Bill 1702 would prohibit a person from obtaining a manufactured home dealer's license or from serving as an officer, director, or significant owner of a manufactured home dealer if he or she has been convicted of a "forcible felony," which is defined to include specific serious crimes as well as "any other felony which involves the use or threat of physical force or violence against any individual."

We must be careful whenever we disqualify ex-offenders from employment. While persons convicted of serious crimes may not be suitable for certain positions, disqualification is inconsistent with our goal of facilitating successful reentry of ex-offenders into society. In this case, the definition of forcible felony is potentially too broad: while it includes serious offenses like murder and rape, it also includes "any other felony which involves the use or threat of physical force or violence against any individual." Courts have examined and attempted to narrow the definition, but it remains open-ended and subject to frequent litigation, particularly over more common offenses like assault and battery.

In addition, courts have instructed us that a disqualifying offense must have a clear nexus to the position. The connection between forcible felony and manufactured home sales is not apparent.

The bill's proposed disqualification would be permanent. Proponents of the bill have advised, however, that they intended the disqualification be for a shorter duration, such as 10 years. These ongoing discussions are further reason to remove the disqualification provision from the bill.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1702, entitled "AN ACT concerning transportation", with the following specific recommendation for change:

On page 8, by replacing lines 5 through 15 with "(8) blank."

With this change, Senate Bill 1702 will have my approval. I respectfully request your concurrence.

August 21, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I return Senate Bill 1833, which amends the Personal Information Protection Act, with specific recommendations for change.

The Personal Information Protection Act was enacted in 2005 to protect consumers from the damaging consequences of a data breach. Illinois businesses and non-profit organizations must take their obligations seriously.

Senate Bill 1833 makes significant changes to the Personal Information Protection Act, many of which are intended to protect consumers and update the Act. But unfortunately, the bill goes too far, imposing duplicative and burdensome requirements that are out-of-step with other states. These unnecessary requirements will hurt our economic competitiveness without providing commensurate benefit to Illinois consumers and residents whom the bill is intending to protect.

In particular, the bill would add “consumer marketing information” and “geolocation information” to the types of protected personal information. This is significant departure from the data protection laws of other states. Compared to other types of personal information, the unauthorized release of consumer marketing and geolocation information does not pose the same risk of identity theft that justifies the extraordinary and costly security and notice requirements imposed by the Personal Information Protection Act.

The bill requires that notices be given to the Attorney General within 30 business days after the breach is discovered. While many states do not impose a specific requirement of this type, those that do more often require notice within 45 calendar days (which is approximately the same as 30 business days). To ease the burden of compliance across multiple states, I recommend that the notice be required within 45 calendar days instead of 30 business days.

The bill would also require the operator of any website to post a privacy policy. Because California law already requires this, most large businesses already comply with this requirement. Layering on an Illinois-specific requirement will only increase the cost of compliance without adding value to consumers. Moreover, for those small businesses that are not required to comply with the California law, this is a burdensome and costly mandate, particularly because no other state has imposed a similar requirement.

The changes recommended below would address these and related concerns. While I commend the sponsors for their efforts to protect consumers, Illinois does not need regulation that makes it even more difficult to do business. Illinois is suffering from the consequences of over-regulation. We need to break the cycle of taxation and regulation that has created a hostile economic environment in order to grow our economy, create new jobs, and generate more tax revenue through economic expansion.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1833, entitled “AN ACT concerning business”, with the following specific recommendations for change:

On page 2, by deleting lines 2 through 17; and

On page 2, line 21, by replacing “information” with “medical information”; and

On page 3, line 1, by replacing “health” with “such”; and

On page 3, by replacing line 23 with “characteristics used by the owner or licensee to authenticate an”; and

[September 9, 2015]

On page 4, by deleting lines 1 through 7; and

On page 4, by replacing lines 23 and 24 with “information concerning an Illinois resident shall”; and

On page 5, by replacing lines 11 and 12 with “information”; and

On page 9, line 2, by replacing “30 business days” with “45 days”; and

On page 9, by replacing lines 16 through 26 with “(2) (Blank)”; and

On page 10, by deleting lines 1 through 24; and

On page 11, by replacing lines 3 and 4 with “(a) Any State agency that collects personal information”; and

On page 14, line 19, by replacing “30 business days” with “45 days”; and

On page 16, by replacing lines 10 through 25 with the following:

“(815 ILCS 530/50 new)
Sec. 50. (Blank)”; and

By deleting pages 17 and 18; and

On page 19, by deleting lines 1 through 20.

With these changes, Senate Bill 1833 will have my approval. I respectfully request your concurrence.

August 20, 2015

To the Honorable Members of
The Illinois Senate,
99th General Assembly:

Today I return Senate Bill 1834 with specific recommendations for change. I thank the sponsors for their work on this bill, but believe these changes are needed to ensure the bill is clear in its intent.

Certain contract carrier companies use recording devices in their vehicles to monitor drivers and record information about crashes and other vehicle incidents. Senate Bill 1834 would define “video event recorder” – a device that continuously records audio, video, and G-force levels of a vehicle – and requires that the contract carrier post a notice in the vehicle that a passenger’s conversations may be recorded. The changes recommended below are intended to correct ambiguities in the bill.

[September 9, 2015]

First, the definition proposed by Senate Bill 1834 is too narrow for its intended purpose. The bill could be read to require notice only if the recorder saves video in certain limited circumstances (when triggered by unusual shaking or when operated by the driver to monitor driver performance), but does not address if and when notice is required with the use of other types of recorder, such as those that might save audio data. The changes recommended below would provide a more standard definition of “video event recorder,” to ensure notice is provided no matter what type of recorder is used.

Second, the notice requirement is added to an existing section (Section 12-604.1), which prohibits a person from operating a vehicle that displays television or video in front of the driver. Section 12-604.1 is intended to protect the public from distracted drivers and includes appropriate enforcement provisions, while the new provisions of Senate Bill 1834 are intended to protect privacy rights of the driver and passengers. The combination of these provisions is confusing. The changes recommended below would move the new notice requirements to a separate section to avoid confusion.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1834, entitled “AN ACT concerning transportation”, with the following specific recommendations for change:

On page 1, by replacing line 5 with: “Section 12-604.1 and by adding Sections 1-218.10 and 12-604.2 as follows.”; and

On page 1, by replacing lines 6 through 12 with the following:

“(625 ILCS 5/1-218.10 new)

Sec. 1-218.10. Video event recorder. A video recorder placed inside a vehicle that continuously records, in a digital loop, audio, video, and G-force levels.”; and

On page 3, by replacing lines 12 through 18 with the following: “installed in a contract carrier vehicle.”; and

On page 4, immediately after line 6, by inserting the following:

“(625 ILCS 5/12-604.2 new)

Sec. 12-604.2. Video event recorders. A contract carrier vehicle carrying passengers that is equipped with a video event recorder shall have a notice posted in a visible location stating that a passenger’s conversation may be recorded. Any data recorded by a video event recorder shall be the sole property of the registered owner or lessee of the contract carrier vehicle.”

With these changes, Senate Bill 1834 will have my approval. I respectfully request your concurrence.

Sincerely,

August 25, 2015

To the Honorable Members of
The Illinois House of Representatives,
99th General Assembly:

Today I return Senate Bill 1854 with a specific recommendation for change. Among other changes, Senate Bill 1854 would allow the North Shore Water Reclamation District Board of Trustees to increase its own compensation. The State of Illinois is facing an unprecedented fiscal crisis, and all levels of government should make every effort to rein in spending. Under these circumstances,

[September 9, 2015]

statutes should not be changed to allow elected officials to give themselves raises. I recommend that portion of Senate Bill 1854 be deleted.

Therefore, pursuant to Section 9(e) of Article IV of the Illinois Constitution of 1970, I hereby return Senate Bill 1854, entitled "AN ACT concerning local government", with the following specific recommendation for change:

On page 15, line 19, by deleting "Notwithstanding"; and

On page 15, by deleting lines 20 through 25; and

On page 15, line 26, by deleting "in compensation is adopted by the board.".

With this change, Senate Bill 1854 will have my approval. I respectfully request your concurrence.
