WHEREAS, Education is essential to putting children on the path to good jobs and a decent living; in order to remain competitive into the 21st century, the State of Illinois will need to equip the children of the next generation with the education and skills demanded by a modern economy; and

WHEREAS, Learning is a lifelong practice, not confined solely to the classroom; in every action, whether at work, play, or rest, it is the task of parents, teachers, and mentors to make sure children grow up practicing values such as independence, honesty, discipline, compassion, drive, and courage, while being ever mindful that it will always be a continuous process towards a more perfect union, and that much remains to be done to fulfill the concept of equality for all; and

(b) In the year following each Federal decennial census year, the Senate and House of Representatives shall each establish a committee to consider proposals to redistrict Congressional Districts. Each committee shall conduct at least five public hearings statewide to receive testimony and inform the public

on the applicable existing Districts, with one hearing held in each of five distinct geographic regions of the State determined by the respective committee. All hearings of a committee shall be open to the public. The Chairperson of each committee shall, no later than six days before any proposed hearing, post a notice with the Secretary of the Senate or Clerk of the House, as applicable. The notice shall identify any measure and subject matter that may be considered during that hearing. The notice shall contain the day, hour, and place of the hearing. If a committee favorably reports a bill redistricting Congressional Districts, then the committee shall conduct at least one final hearing in each of five distinct geographic regions previously determined by the committee in order to receive testimony and inform the public of the proposed Districts. All hearings of a committee shall be open to the public. The Chairperson shall, no later than two days before any proposed hearing, post a notice with the Secretary of the Senate or Clerk of the House, as applicable. The notice shall identify any measure and subject matter that may be considered during that hearing. The notice shall contain the day, hour, and place of the hearing. After the committee completes the required hearings, then the Senate or House of Representatives, or both, as applicable, may amend a redistricting bill, and may take final action on the bill.

(c) As soon as practical, the General Assembly shall make available to the public all Federal decennial census data it receives from the Federal government and any other data required by law. The General Assembly shall provide a means by which members of the public may submit redistricting proposals or comment on or obtain a copy of any proposal submitted to the Senate, the House, a Commission, or a Special Master.

(d) In the year following each Federal decennial census year, the General Assembly by law shall redistrict the Congressional Districts, subject to the hearing and notice requirements of subsection (b). A bill passed by the General Assembly pursuant to this subsection shall be presented to the Governor not later than June 3. The foregoing requirement shall be judicially enforceable. If the Governor approves the bill, then the Governor shall sign it by June 10 and it shall become law. If the Governor vetoes the bill or makes specific recommendations for change to the bill, then the Governor shall return it with his or her objections or specific recommendations by June 10 directly to the house in which it originated whether or not the General Assembly is in recess or adjourned. Any bill not so returned on or before June 10 of that year shall become law. A vetoed bill or bill returned with specific recommendations for change shall be considered in the manner set forth in this subsection notwithstanding any provision of Section 9 of this Article to the contrary. Not later than June 15, the originating house may either override the Governor's veto or specific recommendations for change by a record vote of three-fifths of the members elected or accept the Governor's specific recommendations for change by a record vote of a majority of the members elected. If the originating house passes the bill by the required vote, then it shall be delivered immediately to the second house, which, not later than June 20, may take the same action as the originating house by the same record vote requirements applicable to the originating house. A bill having received the required record vote in both houses shall become law and shall take effect immediately notwithstanding any provision of Section 10 of this Article to the contrary.

(e) If no bill redistricting Congressional Districts becomes law by June 20, then the Supreme Court Judges most senior from each political party represented on the Supreme Court shall jointly appoint one person to act as Special Master to redistrict the Congressional Districts. A Special Master shall be a person who does not hold an elected or a political party office, is not an employee of the General Assembly or Congress, is not an employee of a political party, is not a member of the General Assembly or Congress, is not an immediate family member of a member of the General Assembly or Congress, and is not a lobbyist as defined by law. The Special Master shall be appointed and certified to the Secretary of State not later than June 27. The appointment of the Special Master by any Supreme Court Judge shall not be considered an actual or potential conflict of interest for which the Judge shall recuse himself or herself from any action concerning redistricting. The Special Master may consider any redistricting plan filed by members of the General Assembly or members of the public. The Special Master shall conduct at least one public hearing in each of five distinct geographic regions determined by the Special Master in order to receive testimony and inform the public of the redistricting plan. The Special Master must complete the required public hearings prior to filing a redistricting plan with the Secretary of State. All hearings conducted by a Special Master shall be open to the public. The Special Master shall, no later than two days before any proposed hearing, post a notice with the Secretary of the Senate and Clerk of the House who shall immediately make the notice available to the public. The notice shall identify any measure and subject matter that may be considered during that hearing. The notice shall contain the day, hour, and place of the hearing. The Special Master shall file a redistricting plan for Congressional Districts with the Secretary of State not later than October 5.

(f) If a redistricting bill or plan is invalidated in whole or in part by a court of competent jurisdiction or a redistricting plan is not filed with the Secretary of State by October 5, then the General Assembly may redistrict by law.

SCHEDULE

This Constitutional Amendment takes effect upon being declared adopted in accordance with Section 7 of the Illinois Constitutional Amendment Act and applies to redistricting beginning in 2021 and to the election of members of the General Assembly beginning in 2022.

Mr. President -- I am directed to inform the Senate that the House of Representatives has adopted the following joint resolution, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

HOUSE JOINT RESOLUTION NO. 139

WHEREAS, A gap exists in Illinois in communication between all healthcare providers with regards to a patient's transition in care within and between healthcare practice settings, including but not limited to community, health-system, and long-term care; and

WHEREAS, When medications are discontinued, added, changed, or replaced by a prescriber, the notification of the change is inconsistently communicated to the next healthcare provider responsible for that patient's care, including but not limited to the primary care physician, pharmacist, nurse practitioner, or physician's assistant; and

WHEREAS, This inconsistency in communication, as the patient transitions in the healthcare continuum, may cause medication duplications, adverse reactions, and subtherapeutic or supratherapeutic dosing of medications for the treatment of the patient's disease and healthcare conditions; these situations may expose the patient to increased risks and costs; and

WHEREAS, The State of Illinois maintains very little data on this issue; the only available studies are extremely limited in scope and pertain only to high-risk medications within a connected healthcare system; and

WHEREAS, Each day in Illinois, thousands of medication discontinuations, additions, and modifications occur; and

WHEREAS, When a prescriber makes any medication change, the medication change should be communicated to all other healthcare providers and practitioners involved in other healthcare settings who use different electronic health records; and

WHEREAS, Medication reconciliation and effective communication between healthcare providers improves patient outcomes and allows pharmacists to assure that patients only receive current medications for the treatment of their disease and health conditions; and

WHEREAS, Many patients have limited knowledge of the exact names or doses of all of their medications and depend on the medication education they receive from their pharmacist; and

WHEREAS, Mechanisms to enable the transmission of "discontinue", "cancel", or "stop" orders through interoperability of healthcare systems are being developed by the relevant stakeholders; and

WHEREAS, Patients with chronic diseases often have frequent changes to their medication regimens, which are not consistently communicated to pharmacies and each has the potential to cause misutilization of medications; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that we urge the Department of Public Health to undertake a study coordinating with the University of Illinois at Chicago College of Pharmacy (Chicago and Rockford campuses), the Southern Illinois University Edwardsville School of Pharmacy, and the Chicago State University College of Pharmacy to determine the appropriateness of promoting and encouraging interprofessional communication between healthcare providers, be they physicians, nurse practitioners, physician's assistants, or pharmacists to facilitate more effective methods for transitioning care of a patient between the various healthcare settings or managing their medication regimens; and be it further

RESOLVED, That we urge the Department of Public Health to examine and recommend solutions for a mechanism or process for electronically-prescribed prescription orders to electronically transmit

[April 18, 2016]

"discontinuation", "cancel", or "stop" notifications to the pharmacy upon discontinuation or cancellation of the order; and be it further

RESOLVED, That we urge the Department of Public Health to examine the overall benefits of mandated pharmacist-led medication reconciliation upon patient entrance into a new healthcare setting and patient discharge education upon transition to a new healthcare setting, follow-up communication with patients by healthcare providers after a specified period of time after transitioning, electronic communication to pharmacies whenever a change in medication occurs, and use of the primary care provider as a nexus for communication between healthcare providers, including pharmacists, to assure a centralized medication list is maintained for each patient; and be it further

RESOLVED, That we urge the Department of Public Health to complete its study and submit its findings to the General Assembly, the Governor, and the Secretary of Public Health by January 1, 2017.

Adopted by the House, April 14, 2016.

TIMOTHY D. MAPES, Clerk of the House

(h) Claims of guaranty fund certificate holders, guaranty capital shareholders, capital note holders, and surplus note holders.

(i) Proprietary claims of shareholders, members, or other owners.

Every claim under a written agreement, statute, or rule providing that the assets in a separate account are not chargeable with the liabilities arising out of any other business of the insurer shall be satisfied out of the funded assets in the separate account equal to, but not to exceed, the reserves maintained in the separate account under the separate account agreement, and to the extent, if any, the claim is not fully discharged thereby, the remainder of the claim shall be treated as a priority level (d) claim under paragraph (d) of this subsection to the extent that reserves have been established in the insurer's general account pursuant to statute, rule, or the separate account agreement.

For purposes of this provision, "separate account policies, contracts, or agreements" means any policies, contracts, or agreements that provide for separate accounts as contemplated by Section 245.21.

To the extent that any assets of an insurer, other than those assets properly allocated to and maintained in a separate account, have been used to fund or pay any expenses, taxes, or policyholder benefits that are attributable to a separate account policy, contract, or agreement that should have been paid by a separate account prior to the commencement of receivership proceedings, then upon the commencement of receivership proceedings, the separate accounts that benefited from this payment or funding shall first be used to repay or reimburse the company's general assets or account for any unreimbursed net sums due at the commencement of receivership proceedings prior to the application of the separate account assets to the satisfaction of liabilities or the corresponding separate account policies, contracts, and agreements.

To the extent, if any, reserves or assets maintained in the separate account are in excess of the amounts needed to satisfy claims under the separate account contracts, the excess shall be treated as part of the general assets of the insurer's estate.

(2) Within 120 days after the issuance of an Order of Liquidation with a finding of insolvency against a domestic company, the Director shall make application to the court requesting authority to disburse funds to the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, the Illinois Health Maintenance Organization Guaranty Association, and similar organizations in other states from time to time out of the company's marshaled assets as funds become available in amounts equal to disbursements made by the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, the Illinois Health Maintenance Organization Guaranty Association, and similar organizations in other states for covered claims obligations on the presentation of evidence that such disbursements have been made by the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, the Illinois Health Maintenance Organization Guaranty Association, and similar organizations in other states.

The Director shall establish procedures for the ratable allocation and distribution of disbursements to the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, the Illinois Health Maintenance Organization Guaranty Association, and similar organizations in other states. In determining the amounts available for disbursement, the Director shall reserve sufficient assets for the payment of the expenses of administration described in paragraph (1)(a) of this Section. All funds available for disbursement after the establishment of the prescribed reserve shall be promptly distributed. As a condition to receipt of funds in reimbursement of covered claims obligations, the Director shall secure from the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, the Illinois Health Maintenance Organization Guaranty Association, and each similar organization in other states, an agreement to return to the Director on demand funds previously received as may be required to pay claims of secured creditors and claims falling within the priorities established in paragraphs (a), (b), (c), and (d) of subsection (1) of this Section in accordance with such priorities.

(3) The changes made in this Section by this amendatory Act of the 99th General Assembly apply to all liquidation, rehabilitation, or conservation proceedings that are pending on the effective date of this amendatory Act of the 99th General Assembly and to all future liquidation, rehabilitation, or conservation proceedings.

(4) The provisions of this Section are severable under Section 1.31 of the Statute on Statutes.

Sec. 545. Effect of paid claims.

(a) Every insured or claimant seeking the protection of this Article shall cooperate with the Fund to the same extent as such person would have been required to cooperate with the insolvent company. The Fund shall have all the rights, duties and obligations under the policy to the extent of the covered claim payment, provided the Fund shall have no cause of action against the insured of the insolvent company for any sums it has paid out except such causes of action as the insolvent company would have had if such sums had been paid by the insolvent company and except as provided in paragraph (d) of this Section.

(b) The Fund and any similar organization in another state shall be recognized as claimants in the liquidation of an insolvent company for any amounts paid by them on covered claims obligations as determined under this Article or similar laws in other states and shall receive dividends at the priority set forth in paragraph (d) of subsection (1) of Section 205 of this Code; provided that if, at the time that the ~~liquidator~~ ~~Liquidator~~ issues a cut-off notice to the Fund in anticipation of closing the estate, a reserve has been established by the Fund, or any similar organization in another state, for the amount of their future administrative expenses and loss development associated with unpaid reported pending claims, these reserves will be deemed to have been paid as of the date of the notice and payment shall be made accordingly. The liquidator of an insolvent company shall be bound by determinations of covered claim eligibility under the Act and by settlements of claims made by the Fund or a similar organization in another state on the receipt of certification of such payments, to the extent those determinations or settlements satisfy obligations of the Fund, but the receiver shall not be bound in any way by those determinations or settlements to the extent that there remains a claim in the estate for amounts in excess of the payments by the Fund. In submitting their claim for covered claim payments the Fund and any similar organization in another state shall not be subject to the requirements of Sections 208 and 209 of this Code and shall not be affected by the failure of the person receiving a covered claim payment to file a proof of claim.

(c) The expenses of the Fund and of any similar organization in any other state, other than expenses incurred in the performance of duties under Section 547 or similar duties under the statute governing a similar organization in another state, shall be accorded ~~the same priority over all claims against the estate, except as provided for in paragraph (a) of subsection (1) of Section 205 of this Code as the liquidator's~~ expenses. The liquidator shall make prompt reimbursement to the Fund and any similar organization for such expense payments.

(d) The Fund has the right to recover from the following persons the amount of any covered claims and allocated claims expenses which the Fund paid or incurred on behalf of such person in satisfaction, in whole or in part, of liability obligations of such person to any other person:

(i) any insured whose net worth on December 31 of the year next preceding the date the company becomes an insolvent company exceeds \$25,000,000; provided that an insured's net worth on such date shall be deemed to include the aggregate net worth of the insured and all of its affiliates as calculated on a consolidated basis.

Sec. 155.39. Vehicle protection products.

(a) As used in this Section:

"Administrator" means a third party other than the warrantor who is designated by the warrantor to be responsible for the administration of vehicle protection product warranties.

"Incidental costs" means expenses specified in the vehicle protection product warranty incurred by the warranty holder related to the failure of the vehicle protection product to perform as provided in the warranty. Incidental costs may include, without limitation, insurance policy deductibles, rental vehicle charges, the difference between the actual value of the stolen vehicle at the time of theft and the cost of a replacement vehicle, sales taxes, registration fees, transaction fees, and mechanical inspection fees.

"Vehicle protection product" means a protective chemical, substance, vehicle protection device, system, or service that is (i) installed on or applied to a vehicle, (ii) is designed to prevent loss or damage to a vehicle from a specific cause, (iii) includes a written warranty by a warrantor that provides if the vehicle protection product fails to prevent loss or damage to a vehicle from a specific cause, that the warranty holder shall be paid specified incidental costs by the warrantor as a result of the failure of the vehicle protection product to perform pursuant to the terms of the warranty, and (iv) the warrantor's liability is covered by a warranty reimbursement insurance policy. The term "vehicle protection product" shall include, without limitation, protective chemicals, alarm systems, body part marking products, steering locks, window etch products, pedal and ignition locks, fuel and ignition kill switches, and electronic, radio, and satellite tracking devices. The warranty reimbursement insurance policy shall be issued by an insurer authorized to do business in this State that has filed its policy form with the Department.

(b) No vehicle protection product sold or offered for sale in this State in compliance with this Section shall be subject to the provisions of this Code or the Service Contract Act unless it is offered as a service contract as defined in Section 5 of the Service Contract Act.

(c) This Section applies to all vehicle protection products sold or offered for sale prior to, on, or after the effective date of this amendatory Act of the 93rd General Assembly. - (4) the repair of chips or cracks in or the replacement of motor vehicle windshields as a result of damage caused by road hazards;
- (5) the replacement of a motor vehicle key or key-fob in the event that the key or key-fob becomes inoperable or is lost or stolen;
- (6) the payment of specified incidental costs in the event that a protective chemical, substance, device, or system that (A) is installed on or applied to a motor vehicle and (B) is designed to prevent loss or damage to a motor vehicle from a specific cause, ~~and (C) includes a written product warranty providing for payment to or on behalf of the warranty holder's incidental costs in the event that the product fails to prevent loss or damage as specified; the reimbursement of incidental costs under the warranty must be tied to the purchase of a physical product that is formulated or designed to make the specified loss or damage less likely to occur; however, a protective chemical, substance, device, system, or service that is offered in compliance with and meets the definition of "vehicle protection product" in subsection (a) of Section 155.39 of the Illinois Insurance Code shall not be required to comply with this Act;~~ or
- (7) other services that may be approved by the Director, if not inconsistent with other provisions of this Act.

The service contract cancellation provision must provide that the service contract may be cancelled:

- (2) at any other time and a pro rata refund of the service contract consideration for

the unexpired term of the service contract, based on the number of elapsed months, miles, hours, or such other reasonably applicable measure which is clearly disclosed in the service contract, less the value of any service received, and any cancellation fee stated in the service contract will be paid to the service contract holder.

(b) In the event that a service contract includes the coverage described in paragraph (6) of the definition of "service contract" in Section 5 of this Act, the service contract provider must refund the service contract purchase price in accordance with this Section, but is not required to refund the purchase price of the protective chemical, substance, device, system, or service; however, the service contract provider may elect to refund the purchase price of the protective chemical, substance, device, system, or service provided that the terms of that refund are clearly stated in the service contract. The coverage described in paragraph (6) of the definition of "service contract" in Section 5 of this Act may not be offered as or within a service contract unless the service contract clearly states whether or not the service contract holder is entitled to a refund of the purchase price of the protective chemical, substance, device, system, or service and, if applicable, the terms of such refund.

AMENDMENT NO. 1 TO SENATE BILL 320

AMENDMENT NO. 1. Amend Senate Bill 320 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the Opportunities for Youth Diversion Task Force Act.

Section 5. Findings. The General Assembly finds that:

- (1) an estimated 70% of youth who are arrested in the United States have a mental health disorder;
- (2) in many cases, this may contribute to the cause of their arrest or may remain undiagnosed as they progress through the juvenile justice system;
- (3) in Cook County, at least one study found that 60% of boys and 66% of girls detained in the Juvenile Temporary Detention Center met the diagnostic criteria for one or more psychiatric disorders;
- (4) an appropriate system of care would be one in which youth with identified mental health needs receive care through the health care system in the community rather than in the juvenile justice system;
- (5) while some youth are diverted to hospitals while they are in mental health crisis, often these youth do not require hospitalization but are funneled through these hospitals unnecessarily because of the lack of less intensive options available to receive intermediate care;
- (6) youth in these situations often need a quick assessment and intermediate care, such as crisis intervention, counseling, or case management;
- (7) in contrast, a hospital assessment and a referral for later community treatment are unnecessarily costly and specialized;
- (8) youth with undiagnosed mental health issues may be arrested and processed through the juvenile justice system and only receive treatment once they are deep in the juvenile justice system;
- (9) opportunities exist in several areas to eliminate barriers to community based treatment for youth and increase diversion programming that allows youth to receive treatment and avoid further involvement with law enforcement or the juvenile justice system; and
- (10) establishing an Opportunities for Youth Diversion Task Force to review best practices and guarantee cross-collaboration among government entities and community partners is essential to eliminating these barriers and ensuring that youth in this State with mental health needs do not end up unnecessarily tangled in the juvenile justice system.

Section 10. Opportunities for Youth Diversion Task Force.

(a) There is created the Opportunities for Youth Diversion Task Force within the Department of Human Services. The Task Force shall be composed of no more than 23 voting members including:

- (1) Two members of the House of Representatives, one appointed by the Speaker of the House of Representatives and one appointed by the Minority Leader of the House of Representatives.
- (2) Two members of the Senate, one appointed by the President of the Senate and one appointed by the Minority Leader of the Senate.
- (3) One representative of the Office of the Governor appointed by the Governor.
- (4) Fourteen members of the public:

(J) one representative from the juvenile division of a Public Defender's office, appointed by the Minority Leader of the House of Representatives; and

(K) one representative from a clinical unit of juvenile community corrections, appointed by the Speaker of the House of Representatives.

(5) The following 4 officials shall serve as ex-officio members:

AMENDMENT NO. 1 TO SENATE BILL 321

AMENDMENT NO. 1. Amend Senate Bill 321 by replacing everything after the enacting clause with the following:

"Section 5. The River Edge Redevelopment Zone Act is amended by changing Section 10-10.1 as follows:

[April 18, 2016]

(65 ILCS 115/10-10.1)

(Section scheduled to be repealed on July 29, 2017)

Sec. 10-10.1. Utility facilities.

(a) It is in the public interest that costs for redevelopment in a River Edge Redevelopment Zone impacting a public utility, as defined by Section 3-105 of the Public Utilities Act, or a public utility's property, as described in subsection (b) of this Section, should not be allocated solely to the entity engaging in economic redevelopment because this economic redevelopment benefits the utility service territory as a whole and not just the particular area where the redevelopment occurs.

(b) A public utility that has facilities or land affected by the clean-up, remediation, and redevelopment of a River Edge Redevelopment Zone and that incurs costs related to the remediation or the removing or relocating of utility facilities in the River Edge Redevelopment Zone may recover these costs pursuant to subsections (c) and (d) of this Section.

(c) The reasonable and prudent costs incurred by a public utility for facility removal or relocation described in subsection (b) of this Section shall be shared equally among the public utility, the municipality in which the facility is located, and any landowner that is located within 100 feet of the utility facility and that directly benefits from the removal or relocation of the utility facility or the redevelopment of the public utility's land. In no event shall the costs incurred by each municipality or landowner for a given project exceed an equal percentage of the total direct, indirect, and overhead project costs, or \$3,667,000 each, whichever amount is less. The reasonable and prudent costs incurred by the public utility for facility removal or relocation that are not the responsibility of the municipality or landowner under this subsection (c) shall be recovered by the public utility from all retail customers located in the municipality or municipalities in which the removal or relocation occurs through an appropriate tariff mechanism, and the public utility may record and defer such costs as a regulatory asset until they are so recovered.

(d) The Illinois Commerce Commission shall allow a public utility described in subsection (b) to fully recover from all retail customers in its service territory all reasonable and prudent costs that it incurs in conducting environmental remediation in the River Edge Redevelopment Zone related to the removal or relocation of utility facilities in the River Edge Redevelopment Zone, including, but not limited to, transmission and distribution lines, transformers, and poles. These environmental remediation costs also include, but are not limited to, direct, indirect, and overhead costs calculated by the public utility for taxes or other charges, cost adjustments made after the project has begun, and any other environmental remediation-related charges. The public utility shall record and defer such costs as a regulatory asset to be included in the public utility's total rate base and amortized in the public utility's next filing for a general increase in rates over a reasonable period that is shorter than the life of the affected facility or facilities. Such regulatory assets shall be collected from all residential and commercial ratepayers system-wide, and not only from ratepayers in the municipality's corporate limits. In the event the River Edge Redevelopment Zone is decertified, the public utility shall be permitted to recover all reasonable and prudent costs incurred as of the date of the decertification, as well as all reasonable and prudent costs incurred subsequent to decertification that are necessary to complete any projects commenced while the River Edge Redevelopment Zone was certified, consistent with this Section.

(e) This Section is repealed ~~on August 1, 2020 7 years after the effective date of this amendatory Act of the 96th General Assembly.~~

(Source: P.A. 96-1404, eff. 7-29-10)."

There being no further amendments, the foregoing Amendment No. 1 was ordered engrossed, and the bill, as amended, was ordered to a third reading.
