"Section 5. The Unified Code of Corrections is amended by changing Section 5-9-1 as follows:

(730 ILCS 5/5-9-1) (from Ch. 38, par. 1005-9-1)

Sec. 5-9-1. Authorized fines.

(a) An offender may be sentenced to pay a fine as provided in Article 4.5 of Chapter V.

(b) (Blank.)

(c) There shall be added to every fine imposed in sentencing for a criminal or traffic offense, except an offense relating to parking or registration, or offense by a pedestrian, an additional penalty of \$15 for each \$40, or fraction thereof, of fine imposed for violations other than violations of Section 15-111 of the Illinois Vehicle Code: \$15 for each \$40 of the first \$330, or fraction thereof, of fine imposed for a violation of Section 15-111 of the Illinois Vehicle Code and \$10 for each subsequent \$40, or fraction thereof, of fine imposed for violation of Section 15-111 of the Illinois Vehicle Code, following the initial \$15 additional penalty for each \$40 of the first \$330 of fine imposed. The additional penalty under this subsection (c) of \$15 for each \$40, or fraction thereof, of fine imposed, if not otherwise assessed, shall also be added to every fine imposed upon a plea of guilty, stipulation of facts or findings of guilty, resulting in a judgment of conviction, or order of supervision in criminal, traffic, local ordinance, county ordinance, and conservation cases (except parking, registration, or pedestrian violations), or upon a sentence of probation without entry of judgment under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act.

Camera Grant Fund. The remaining surcharge amount shall be deposited into the Traffic and Criminal Conviction Surcharge Fund, unless the fine, costs or additional amounts are subject to disbursement by the circuit clerk under Section 27.5 of the Clerks of Courts Act. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c) during the preceding calendar year. Except as otherwise provided by Supreme Court Rules, if a court in imposing a fine against an offender levies a gross amount for fine, costs, fees and penalties, the amount of the additional penalty provided for herein shall be computed on the amount remaining after deducting from the gross amount levied all fees of the Circuit Clerk, the State's Attorney and the Sheriff. (c-5) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional \$100 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Trauma Center Fund. The Circuit Clerk may accept payment of fines and costs by credit card from an offender who has been convicted of a traffic offense, petty offense or misdemeanor and may charge the service fee permitted where fines and costs are paid by credit card provided for in Section 27.3b of the Clerks of Courts Act.

(c-7) In addition to the fines imposed by subsection (c), any person convicted or receiving an order of supervision for driving under the influence of alcohol or drugs shall pay an additional \$5 fee to the clerk. This additional fee, less 2 1/2% that shall be used to defray administrative costs incurred by the clerk, shall be remitted by the clerk to the Treasurer within 60 days after receipt for deposit into the Spinal Cord Injury Paralysis Cure Research Trust Fund. This additional fee of \$5 shall not be considered a part of the fine for purposes of any reduction in the fine for time served either before or after sentencing. Not later than March 1 of each year the Circuit Clerk shall submit a report of the amount of funds remitted to the State Treasurer under this subsection (c-7) during the preceding calendar year.

(c-9) (Blank).

(d) In determining the amount and method of payment of a fine, except for those fines established for violations of Chapter 15 of the Illinois Vehicle Code, the court shall consider:

(1) the financial resources and future ability of the offender to pay the fine; and

(2) whether the fine will prevent the offender from making court ordered restitution or reparation to the victim of the offense; and

(3) in a case where the accused is a dissolved corporation and the court has appointed counsel to represent the corporation, the costs incurred either by the county or the State for such representation.

(e) The court may order the fine to be paid forthwith or within a specified period of time or in installments.

#### MESSAGES FROM THE HOUSE

A message from the House by

Mr. Mapes, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to-wit:

SENATE BILL NO. 730

A bill for AN ACT concerning public aid.

Together with the following amendment which is attached, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

House Amendment No. 2 to SENATE BILL NO. 730

Passed the House, as amended, May 30, 2016.

TIMOTHY D. MAPES, Clerk of the House

#### AMENDMENT NO. 2 TO SENATE BILL 730

AMENDMENT NO. 2. Amend Senate Bill 730 by replacing everything after the enacting clause with the following:

"Section 5. The Illinois Public Aid Code is amended by changing Section 9A-11 as follows:

(305 ILCS 5/9A-11) (from Ch. 23, par. 9A-11)

Sec. 9A-11. Child Care.

(a) The General Assembly recognizes that families with children need child care in order to work. Child care is expensive and families with low incomes, including those who are transitioning from welfare to work, often struggle to pay the costs of day care. The General Assembly understands the importance of helping low income working families become and remain self-sufficient. The General Assembly also believes that it is the responsibility of families to share in the costs of child care. It is also the preference of the General Assembly that all working poor families should be treated equally, regardless of their welfare status.

(b) ~~The To the extent resources permit, the~~ Illinois Department shall provide child care services to parents or other relatives as defined by rule who are working or participating in employment or Department

[May 31, 2016]

approved education or training programs. At a minimum, the Illinois Department shall cover the following categories of families and children:

- (1) recipients of TANF under Article IV participating in work and training activities as specified in the personal plan for employment and self-sufficiency;
- (2) families transitioning from TANF to work;
- (3) families at risk of becoming recipients of TANF;
- (4) families with special needs as defined by rule; and
- (5) working families with very low incomes as defined by rule; -
- (6) families that are not recipients of TANF and that need child care assistance to participate in education and training activities;
- (7) children engaged in the State's child welfare system; and
- (8) homeless children.

The Department shall specify by rule the conditions of eligibility, the application process, and the types, amounts, and duration of services. Eligibility for child care benefits and the amount of child care provided may vary based on family size, income, and other factors as specified by rule.

In determining income eligibility for child care benefits, the Department annually, at the beginning of each fiscal year, shall establish, by rule, one income threshold for each family size, in relation to percentage of State median income for a family of that size, that makes families with incomes below the specified threshold eligible for assistance and families with incomes above the specified threshold ineligible for assistance. From July 1, 2016 through June 30, 2017, the specified threshold must be no less than 200% of the then current federal poverty level for each family size. Beginning July 1, 2017, the specified threshold must be no less than 250% of the then current federal poverty level for each family size. Through and including fiscal year 2007, the specified threshold must be no less than 50% of the then current State median income for each family size. Beginning in fiscal year 2008, the specified threshold must be no less than 185% of the then current federal poverty level for each family size.

The Department shall provide child care services to all children who are eligible for assistance and are under age 13 or who are under age 19 and under court supervision or have physical or mental incapacities as documented by a statement from a local health provider or other health professional.

In determining eligibility for assistance, the Department shall not give preference to any category of recipients or give preference to individuals based on their receipt of benefits under this Code.

The Department shall allocate \$7,500,000 annually for a test program for families who are income-eligible for child care assistance, who are not recipients of TANF under Article IV, and who need child care assistance to participate in education and training activities. The Department shall specify by rule the conditions of eligibility for this test program.

Nothing in this Section shall be construed as conferring entitlement status to eligible families.

The Illinois Department is authorized to lower income eligibility ceilings, raise parent co-payments, create waiting lists, or take such other actions during a fiscal year as are necessary to ensure that child care benefits paid under this Article do not exceed the amounts appropriated for those child care benefits. These changes may be accomplished by emergency rule under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

The Illinois Department may contract with other State agencies or child care organizations for the administration of child care services.

(c) Payment shall be made for child care that otherwise meets the requirements of this Section and applicable standards of State and local law and regulation, including any requirements the Illinois Department promulgates by rule in addition to the licensure requirements promulgated by the Department of Children and Family Services and Fire Prevention and Safety requirements promulgated by the Office of the State Fire Marshal and is provided in any of the following:

- (1) a child care center which is licensed or exempt from licensure pursuant to Section 2.09 of the Child Care Act of 1969;
- (2) a licensed child care home or home exempt from licensing;
- (3) a licensed group child care home;
- (4) other types of child care, including child care provided by relatives or persons living in the same home as the child, as determined by the Illinois Department by rule.

(c-5) Solely for the purposes of coverage under the Illinois Public Labor Relations Act, child and day care home providers, including licensed and license exempt, participating in the Department's child care assistance program shall be considered to be public employees and the State of Illinois shall be considered to be their employer as of the effective date of this amendatory Act of the 94th General Assembly, but not before. The State shall engage in collective bargaining with an exclusive representative of child and day

care home providers participating in the child care assistance program concerning their terms and conditions of employment that are within the State's control. Nothing in this subsection shall be understood to limit the right of families receiving services defined in this Section to select child and day care home providers or supervise them within the limits of this Section. The State shall not be considered to be the employer of child and day care home providers for any purposes not specifically provided in this amendatory Act of the 94th General Assembly, including but not limited to, purposes of vicarious liability in tort and purposes of statutory retirement or health insurance benefits. Child and day care home providers shall not be covered by the State Employees Group Insurance Act of 1971.

In according child and day care home providers and their selected representative rights under the Illinois Public Labor Relations Act, the State intends that the State action exemption to application of federal and State antitrust laws be fully available to the extent that their activities are authorized by this amendatory Act of the 94th General Assembly.

(d) The Illinois Department shall establish, by rule, a co-payment scale that provides for cost sharing by families that receive child care services, including parents whose only income is from assistance under this Code. The co-payment shall be based on family income and family size and may be based on other factors as appropriate. Co-payments may be waived for families whose incomes are at or below the federal poverty level.

(d-5) The Illinois Department, in consultation with its Child Care and Development Advisory Council, shall develop a plan to revise the child care assistance program's co-payment scale. The plan shall be completed no later than February 1, 2008, and shall include:

(1) findings as to the percentage of income that the average American family spends on child care and the relative amounts that low-income families and the average American family spend on other necessities of life;

(2) recommendations for revising the child care co-payment scale to assure that families receiving child care services from the Department are paying no more than they can reasonably afford;

(3) recommendations for revising the child care co-payment scale to provide at-risk children with complete access to Preschool for All and Head Start; and

(4) recommendations for changes in child care program policies that affect the affordability of child care.

(e) (Blank).

(f) The Illinois Department shall, by rule, set rates to be paid for the various types of child care. Child care may be provided through one of the following methods:

(1) arranging the child care through eligible providers by use of purchase of service contracts or vouchers;

(2) arranging with other agencies and community volunteer groups for non-reimbursed child care;

(3) (blank); or

(4) adopting such other arrangements as the Department determines appropriate.

(f-5) (Blank).

(g) Families eligible for assistance under this Section shall be given the following options:

(1) receiving a child care certificate issued by the Department or a subcontractor of the Department that may be used by the parents as payment for child care and development services only; or

(2) if space is available, enrolling the child with a child care provider that has a purchase of service contract with the Department or a subcontractor of the Department for the provision of child care and development services. The Department may identify particular priority populations for whom they may request special consideration by a provider with purchase of service contracts, provided that the providers shall be permitted to maintain a balance of clients in terms of household incomes and families and children with special needs, as defined by rule.

**PROPOSED AMENDMENT  
TO ADD SECTION 11 TO ARTICLE IX  
OF THE ILLINOIS CONSTITUTION**

**That will be submitted to the voters  
November 8, 2016**

**This pamphlet includes  
EXPLANATION OF THE PROPOSED AMENDMENT**

[May 31, 2016]

**ARGUMENTS IN FAVOR OF THE AMENDMENT**  
**ARGUMENTS AGAINST THE AMENDMENT**  
**FORM OF BALLOT**

*To the Electors of the State of Illinois:*

The Illinois Constitution establishes a structure for government and laws. There are three ways to initiate change to the Illinois Constitution: (1) a constitutional convention may propose changes to any part; (2) the General Assembly may propose changes to any part; or (3) a petition initiative may propose amendments limited to structural and procedural subjects contained in the Legislative Article. The people of Illinois must approve any changes to the Constitution before they become effective. The purpose of this document is to inform you of proposed changes to the Illinois Constitution and provide you with a brief explanation and a summary of the arguments in favor of and in opposition to the proposed amendment.

**EXPLANATION**

The proposed amendment adds a new Section to the Revenue Article of the Illinois Constitution that provides revenue generated from transportation related taxes and fees (referred to as "transportation funds") shall be used exclusively for transportation related purposes. Transportation related taxes and fees include motor fuel taxes, vehicle registration fees, and other taxes and user fees dedicated to public highways, roads, streets, bridges, mass transit (buses and rail), ports, or airports.

Under the proposed amendment, transportation funds may be used by the State or local governments only for the following purposes: (1) costs related to administering transportation and vehicle laws, including public safety purposes and the payment of obligations such as bonds; (2) the State or local share necessary to secure federal funds or for local government transportation purposes as authorized by law; (3) the construction, reconstruction, improvement, repair, maintenance, and operation of highways, mass transit, and railroad crossings; (4) expenses related to workers' compensation claims for death or injury of transportation agency employees; and (5) to purchase land for building highways or buildings for to be used for highway purposes.

This new Section is a limitation on the power of the General Assembly or a unit of local government to use, divert, or transfer transportation funds for a purpose other than transportation. It does not, and is not intended to, impact or change the way in which the State and local governments use sales taxes, including the sales and excise tax on motor fuel, or alter home rule powers granted under this Constitution. It does not seek to change the way in which the State funds programs administered by the Illinois Secretary of State, Illinois Department of Transportation, and operations by the Illinois State Police directly dedicated to the safety of roads, or entities or programs funded by units of local government. Further, the Section does not impact the expenditure of federal funds, which may be spent for any purpose authorized by federal law.

**Arguments In Favor of the Proposed Amendment**

Historically, the State and units of local government have used portions of revenue from transportation funds for other purposes. Approval of this amendment will ensure that transportation funds are used only for transportation purposes. This limitation provides a dedicated source of funding for projects that will increase the quality of Illinois' roads, bridges, bridge and road safety inspections, and mass transit. Improving the quality of our roads and highways will help reduce accidents and damage to vehicles caused by road conditions or hazards.

**Arguments Against the Proposed Amendment**

Approval of the proposed amendment unnecessarily limits the power of the State and local governments to appropriate public revenues for the general welfare of all Illinoisans in order to protect funding for one particular purpose - transportation. Our elected officials should be asked to prioritize the use of public funds, but this amendment would restrict their ability to spend funds as the elected officials and taxpayers deem fit. As a result, elected officials may be asked to reduce funding for other priorities, such as education or social service programs.

**FORM OF BALLOT**

Proposed Amendment to the 1970 Illinois Constitution

Explanation of Amendment

[May 31, 2016]

The proposed amendment adds a new section to the Revenue Article of the Illinois Constitution. The proposed amendment provides that no moneys derived from taxes, fees, excises, or license taxes, relating to registration, titles, operation, or use of vehicles or public highways, roads, streets, bridges, mass transit, intercity passenger rail, ports, or airports, or motor fuels, including bond proceeds, shall be expended for other than costs of administering laws related to vehicles and transportation, costs for construction, reconstruction, maintenance, repair, and betterment of public highways, roads, streets, bridges, mass transit, intercity passenger rail, ports, airports, or other forms of transportation, and other statutory highway purposes, including the State or local share to match federal aid highway funds. You are asked to decide whether the proposed amendment should become part of the Illinois Constitution.

[May 31, 2016]

WHEREAS, For many decades, the Nabisco plant (now owned by Mondelez International) on Chicago's Southwest Side has provided hundreds of jobs that have sustained working-class families and helped them to buy homes, educate their children, and give back to their communities, all while contributing to the success of its products and shareholders; and

WHEREAS, In 1993, in recognition of the plant's importance to the Illinois economy, its then-owner, Nabisco Biscuit Company, was awarded State and city tax credits in excess of \$90 million as an incentive to stay in Chicago; as recently as 2013, Mondelez received a State EDGE tax credit conditional on the creation of 25 new jobs at its Naperville facility; and

WHEREAS, Mondelez did not meet the job creation criteria in Naperville and was unable to utilize its EDGE tax credit; meanwhile, the company prepared to eliminate 600 jobs - half of the workforce - at the Southwest Side Oreo plant and relocate much of its production to Mexico; and

WHEREAS, Other EDGE beneficiaries were able to create or retain jobs at one Illinois location while moving many more positions out of the State from another location, thus avoiding their job creation and retention obligations and seriously undermining the core purpose of using public funds for economic development incentives; and

WHEREAS, Under Governor Bruce Rauner, the Department of Commerce and Economic Development has adopted a new policy whereby multiple facilities operated by EDGE recipients will no longer be considered separate entities, so corporations receiving tax credits cannot play a shell game with layoffs at taxpayer expense; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-NINTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we commend the Rauner administration for closing the EDGE credit loophole and urge the Governor and the Department of Commerce and Economic Development to continue working with the General Assembly to tighten accountability in all corporate incentive programs, ensuring taxpayers dollars are used to create good-paying jobs that sustain families and communities for the long term; and be it further

RESOLVED, That we urge Mondelez International to reconsider its decision to move production lines out of Chicago and out of the United States, and instead to work fairly and in good faith with its loyal employees, the unions that represent those employees, and the State of Illinois in order to keep Oreos American-made and continue to invest in its human capital in a city that has supported the success of its products for many decades; and be it further

AMENDMENT NO. 3. Amend Senate Bill 550 by replacing everything after the enacting clause with the following:

"Section 5. The Department of Public Health Act is amended by adding Section 5.2 as follows:

(20 ILCS 2305/5.2 new)

Sec. 5.2. Identification of plumbing-related lead hazards in schools. To protect children and other members of the public from any threat to public health that might be posed by lead in drinking water at schools, the Department of Public Health shall, as soon as practicable after the effective date of this amendatory Act of the 99th General Assembly but no later than June 30, 2018, adopt rules that (i) establish a program to identify, in each school in the State, any lead service line or lead-bearing plumbing that is a lead hazard, as defined in Section 2 of the Lead Poisoning Prevention Act, and (ii) require the mitigation of those lead hazards within a reasonable time after their identification.

Section 10. The Environmental Protection Act is amended by changing Sections 19.3 and 19.4 and by adding Section 17.11 as follows:

(415 ILCS 5/17.11 new)

Sec. 17.11. Lead in drinking water prevention.

(a) For the purposes of this Section:

"First-draw sample" means one liter of water volume collected at a source of potable water and prior to the sample there must be a minimum of 6 hours during which there is no water used from the source of potable water or any sources adjacent or close to that source.

"Non-source origination community water system" means a community water system owned by a city, village, or incorporated town that receives improved water from a source origination community water system and distributes that water outside the corporate limits of the city, village, or incorporated town that owns the source origination community water system.

"Potentially affected residence" means any residence where water service is or may be temporarily interrupted or shut off by the community water supply because the supply is carrying out construction or repair work.

"School" means any school district or public, private, charter, or nonpublic day or residential educational institution, constructed prior to 1987 that provides education from pre-kindergarten through grade 5 and receives water from a community water supply.

"Source of potable water" means the point at which non-bottled water exits any tap, faucet, drinking fountain, or similar point of use regularly ingested by children or used for food preparation.

"Source origination community water system" means a community water system owned by a city, village, or incorporated town that operates a waterworks whereby a source of water from a lake, river, or other source is treated at the waterworks and furnished to a non-source origination community water system that operates outside the corporate limits of the city, village, or incorporated town.

(b) Prior to December 31, 2019, schools shall collect and the owner or operator of a community water supply shall analyze for lead a first-draw sample from representative sources of potable water located at each school within the community water supply distribution system. Representative sources of potable water shall include at least one sample from each unique model of drinking fountain or fixture that provides potable water. The community water supply shall provide the school with technical assistance to determine the sampling locations that are most representative of the sources of potable water at each school. The community water supply shall supply each school with the sampling instructions and equipment necessary to collect all required lead samples. Lead sampling results obtained shall not be used for purposes of determining compliance with the Board rules that implement the national primary drinking water regulations for lead and copper. The community water supply shall submit all lead sampling results to the school and the Department of Public Health within 7 business days of receipt of the results. If any sample exceeds the lead action level of 15 parts per billion (15 micrograms per liter), the school shall promptly

[May 31, 2016]

notify the parents or legal guardians of all enrolled students of the exceedance and its location within the school and direct them to the United States Environmental Protection Agency's website for information about lead in drinking water.

An investor-owned water utility shall be allowed to annually recover expenditures associated with this Section through its rates.

(c) Within 180 days after the effective date of this amendatory Act of the 99th General Assembly, the owner or operator of a community water supply shall develop and submit to the Department of Public Health a plan to compile a comprehensive inventory of all lead service lines within the community water supply distribution system including privately owned lead service lines. At a minimum, the plan shall include:

(1) a procedure for determining whether any water service lines exposed as a result of construction or excavation by the community water supply or any other public utility are made of lead; and

(2) a procedure by which the owner or operator of the community water supply will update the information in its lead service line inventory on at least an annual basis.

The owner or operator of a community water supply shall implement the lead service line inventory development plan in accordance with its terms.

(d) On or before April 15 of each year, the owner or operator of a community water supply shall submit to the Department of Public Health an inventory of all known lead service lines within its community water supply distribution system, including privately owned lead service lines current through at least the end of the previous calendar year. The lead service line inventory shall separately identify the lead service lines that were added to the inventory after the previous year's submission and shall include a summary that provides:

(1) the total number of service lines within the community water supply distribution system;

(2) the percentage of service lines that are known to contain lead;

(3) the percentage of service lines that are known to be of a material other than lead; and

(4) the percentage of service lines added to the inventory after the previous submission of the annual lead service line inventory.

(e) Beginning January 1, 2017, when conducting routine inspections of community water supplies as required under this Act, the Agency may conduct a separate audit to identify progress that the community water supply has made toward completing the material inventories required under this Section.

(f) The owner or operator of a community water supply shall promptly notify the owners and occupants of a residence where sampling results show lead levels in any individual tap sample exceed 15 parts per billion (15 micrograms per liter) and shall also provide public education materials comparable in content to the public education materials that the Board rules require to be delivered when a supplier exceeds the lead action level.

(g) The owner or operator of a community water supply shall, 14 days prior to beginning planned work to repair or replace any water mains or lead service lines, notify the owners and occupants of all potentially affected residences of the planned work. In cases where a community water supply must perform construction or repair work on an emergency basis or where such work is not scheduled at least 14 days prior to work taking place, the community water supply shall notify potentially affected residences as soon as reasonably possible. When work is to repair or replace a water meter, the notification shall be provided at the time the work is initiated. The notification shall include:

(1) a warning that the work may result in sediment, possibly containing lead, in the residence's water supply; and

(2) information concerning best practices for preventing the consumption of any lead in drinking water, including a recommendation to flush water lines during and after the completion of the repair or replacement work and to clean faucet aerator screens.

(h) A source origination community water system's obligation to comply with this Section is limited geographically to any and all activity that occurs within the corporate limits of the city, village, or incorporated town that owns or operates the source origination community water system. Once a source origination community water system has furnished water to a non-source origination community water system, it is the sole responsibility of that system to comply with and implement the provisions of this Section. Nothing in this Section shall relieve a community water system of its obligations under the Public Water Supply Operations Act.

Sec. 19.3. Water Revolving Fund.

Sec. 1A-16.8. Automatic transfer of registration based upon information from the National Change of Address database. The State Board of Elections shall cross-reference the statewide voter registration database against the United States Postal Service's National Change of Address database twice each calendar year, April 15 and October 1 in odd-numbered years and April 15 and December 1 in even-numbered years, and shall share the findings with the election authorities. An election authority shall automatically register any voter who has moved into its jurisdiction from another jurisdiction in Illinois or has moved within its jurisdiction provided that:

(1) the election authority whose jurisdiction includes the new registration address provides the voter an opportunity to reject the change in registration address through a mailing, sent by non-forwardable mail, to the new registration address, and

(2) when the election authority whose jurisdiction includes the previous registration address is a different election authority, then that election authority provides the same opportunity through a mailing, sent by forwardable mail, to the previous registration address.

This change in registration shall trigger the same inter-jurisdictional or intra-jurisdictional workflows as if the voter completed a new registration card, including the cancellation of the voter's previous registration. Should the registration of a voter be changed from one address to another within the State and should the voter appear at the polls and offer to vote from the prior registration address, attesting that the prior registration address is the true current address, the voter, if confirmed by the election authority as having been registered at the prior registration address and canceled only by the process authorized by this Section, shall be issued a regular ballot, and the change of registration address shall be canceled. If the election authority is unable to immediately confirm the registration, the voter shall be issued a provisional ballot and the provisional ballot shall be counted.

Sec. 1A-50. The ERIC Operations Trust Fund. The ERIC Operations Trust Fund (Trust Fund) is created as a nonappropriated trust fund to be held outside of the State treasury, with the State Treasurer as ex officio custodian. The Trust Fund shall be financed by a combination of private donations and by appropriations by the General Assembly. The Board may accept from all sources, contributions, grants, gifts, bequeaths, legacies of money, and securities to be deposited into the Trust Fund. All deposits shall become part of the Trust Fund corpus. Moneys in the Trust Fund are not subject to appropriation and shall be used by the Board solely for the costs and expenses related to the participation in the Electronic Registration Information Center pursuant to this Code.

All gifts, grants, assets, funds, or moneys received by the Board for the purpose of participation in the Electronic Registration Information Center shall be deposited and held in the Trust Fund by the State Treasurer separate and apart from all public moneys or funds of this State and shall be administered by the Board exclusively for the purposes set forth in this Section. All moneys in the Trust Fund shall be invested and reinvested by the State Treasurer. All interest accruing from these investments shall be deposited in the Trust Fund.

The ERIC Operations Trust Fund is not subject to sweeps, administrative charge-backs, or any other fiscal or budgetary maneuver that would in any way transfer any amounts from the ERIC Operations Trust Fund into any other fund of the State.

In the case of a homeless individual, the individual's voting residence that is his or her mailing address shall be included on his or her registration record card.

In such case the officer empowered to give the registration oath shall write a detailed description of the applicant in the space provided on the back or at the bottom of the card or sheet; and shall ask the following questions and record the answers thereto:

Father's first name.

Mother's first name.

From what address did the applicant last register?

Reason for inability to sign name.

Each applicant for registration shall make an affidavit in substantially the following form:

**AFFIDAVIT OF REGISTRATION**

STATE OF ILLINOIS

COUNTY OF .....

I hereby swear (or affirm) that I am a citizen of the United States; that on the date of the next election I shall have resided in the State of Illinois and in the election precinct in which I reside 30 days and that I intend that this location shall be my residence; that I am fully qualified to vote, and that the above statements are true.

.....  
(His or her signature or mark)

Subscribed and sworn to before me on (insert date).

.....

Signature of registration officer.

(To be signed in presence of registrant.)

Space shall be provided upon the face of each registration record card for the notation of the voting record of the person registered thereon.

Each registration record card shall be numbered according to precincts, and may be serially or otherwise marked for identification in such manner as the county clerk may determine.

The registration cards shall be deemed public records and shall be open to inspection during regular business hours, except during the 27 days immediately preceding any election. On written request of any candidate or objector or any person intending to object to a petition, the election authority shall extend its hours for inspection of registration cards and other records of the election authority during the period beginning with the filing of petitions under Sections 7-10, 8-8, 10-6 or 28-3 and continuing through the termination of electoral board hearings on any objections to petitions containing signatures of registered voters in the jurisdiction of the election authority. The extension shall be for a period of hours sufficient to allow adequate opportunity for examination of the records but the election authority is not required to extend its hours beyond the period beginning at its normal opening for business and ending at midnight. If the business hours are so extended, the election authority shall post a public notice of such extended hours. Registration record cards may also be inspected, upon approval of the officer in charge of the cards, during the 27 days immediately preceding any election. Registration record cards shall also be open to inspection by certified judges and poll watchers and challengers at the polling place on election day, but only to the extent necessary to determine the question of the right of a person to vote or to serve as a judge of election. At no time shall poll watchers or challengers be allowed to physically handle the registration record cards.

Updated copies of computer tapes or computer discs or other electronic data processing information containing voter registration information shall be furnished by the county clerk within 10 days after December 15 and May 15 each year and within 10 days after each registration period is closed to the State Board of Elections in a form prescribed by the Board. For the purposes of this Section, a registration period is closed 27 days before the date of any regular or special election. Registration information shall include, but not be limited to, the following information: name, sex, residence, telephone number, if any, age, party affiliation, if applicable, precinct, ward, township, county, and representative, legislative and congressional districts. In the event of noncompliance, the State Board of Elections is directed to obtain compliance forthwith with this nondiscretionary duty of the election authority by instituting legal proceedings in the circuit court of the county in which the election authority maintains the registration information. The costs of furnishing updated copies of tapes or discs shall be paid at a rate of \$.00034 per name of registered voters in the election jurisdiction, but not less than \$50 per tape or disc and shall be paid from appropriations made to the State Board of Elections for reimbursement to the election authority for such purpose. The State Board shall furnish copies of such tapes, discs, other electronic data or compilations thereof to state political committees registered pursuant to the Illinois Campaign Finance Act or the Federal Election Campaign Act and to governmental entities, at their request and at a reasonable cost. To protect the privacy and confidentiality of voter registration information, the disclosure of electronic voter registration records to any person or entity other than to a State or local political committee and other than to a governmental entity for a governmental purpose is specifically prohibited except as follows: subject to security measures adopted by the State Board of Elections which, at a minimum, shall include the keeping of a catalog or database, available for public view, including the name, address, and telephone number of the person viewing the list as well as the time of that viewing, any person may view the centralized statewide voter registration list on a computer screen at the Springfield office of the State Board of Elections, during normal business hours other than during the 27 days before an election, but the person viewing the list under this exception may not print, duplicate, transmit, or alter the list. Copies of the tapes, discs, or other electronic data shall be furnished by the county clerk to local political committees and governmental entities at their request and at a reasonable cost. Reasonable cost of the tapes, discs, et cetera for this purpose would be the cost of duplication plus 15% for administration. The individual representing a political committee requesting copies of such tapes shall make a sworn affidavit that the information shall be used only for bona fide political purposes, including by or for candidates for office or incumbent office holders. Such tapes, discs or other electronic data shall not be used under any circumstances by any political committee or individuals for purposes of commercial solicitation or other business purposes. If such tapes contain information on county residents related to the operations of county government in addition to registration information, that information shall not be used under any circumstances for commercial solicitation or other business purposes. The prohibition in this Section against using the computer tapes or computer discs or other electronic data processing information containing voter registration information for purposes of commercial solicitation or other business purposes shall be prospective only from the effective date of this amended Act of 1979. Any person who violates this provision shall be guilty of a Class 4 felony.

The State Board of Elections shall promulgate, by October 1, 1987, such regulations as may be necessary to ensure uniformity throughout the State in electronic data processing of voter registration information. The regulations shall include, but need not be limited to, specifications for uniform medium, communications protocol and file structure to be employed by the election authorities of this State in the electronic data processing of voter registration information. Each election authority utilizing electronic data processing of voter registration information shall comply with such regulations on and after May 15, 1988.

If the applicant for registration was last registered in another county within this State, he shall also sign a certificate authorizing cancellation of the former registration. The certificate shall be in substantially the following form:

To the County Clerk of... County, Illinois. (or)

To the Election Commission of the City of ....., Illinois.

This is to certify that I am registered in your (county) (city) and that my residence was .....

Having moved out of your (county) (city), I hereby authorize you to cancel said registration in your office.

Dated at ....., Illinois, on (insert date).

.....  
(Signature of Voter)

Attest: ....., County Clerk, .....  
County, Illinois.

The cancellation certificate shall be mailed immediately by the County Clerk to the County Clerk (or election commission as the case may be) where the applicant was formerly registered. Receipt of such certificate shall be full authority for cancellation of any previous registration.

(10 ILCS 5/4-20) (from Ch. 46, par. 4-20)

Sec. 4-20. The original registration cards shall remain permanently in the office of the county clerk or election authority except as destroyed as provided in Section 4-5.01; shall be filed alphabetically without regard to precincts; and shall be known as the master file. The master file may be kept in a computer-based voter registration file or paper format, provided a secondary digital back-up is kept off site. The digital file shall be searchable and remain current with all registration activity conducted by the county clerk or election authority. The duplicate registration cards shall constitute the official registry of voters for all elections subject to the provisions of this Article 4, shall be filed by precincts alphabetically or geographically so as to correspond with the arrangement of the list for such precincts respectively, compiled pursuant to Section 4-11 of this Article, and shall be known as the precinct file. The duplicate cards for use in conducting elections shall be delivered to the judges of election by the county clerk in a suitable binder or other device, which shall be locked and sealed in accordance with the directions to be given by the county clerk and shall also be suitably indexed for convenient use by the precinct officers. The duplicate cards shall be delivered to the judges of election for use at the polls for elections at the same time as the official ballots are delivered to them, and shall be returned to the county clerk by the judges of election within the time provided for the return of the official ballots. The county clerk shall determine the manner of delivery and return of such duplicate cards, and shall at all other times retain them at his office except for such use of them as may be made under this Article with respect to registration not at the office of the county clerk.

Sec. 4-33. Computerization of voter records.

(a) The State Board of Elections shall design a registration record card that, except as otherwise provided in this Section, shall be used in duplicate by all election authorities in the State adopting a computer-based voter registration file as provided in this Section. The Board shall prescribe the form and specifications, including but not limited to the weight of paper, color, and print of the cards. The cards shall contain boxes or spaces for the information required under Sections 4-8 and 4-21; provided that the cards shall also contain: (i) A space for a person to fill in his or her Illinois driver's license number if the person has a driver's license; (ii) A space for a person without a driver's license to fill in the last four digits of his or her social security number if the person has a social security number.

(b) The election authority may develop and implement a system to prepare, use, and maintain a computer-based voter registration file that includes a computer-stored image of the signature of each voter. The computer-based voter registration file may be used for all purposes for which the original registration cards are to be used, ~~provided that a system for the storage of at least one copy of the original registration cards remains in effect.~~ In the case of voter registration forms received via an online voter registration

system, the original registration cards will include the signature received from the Secretary of State database. The electronic file shall be the master file.

(b-2) The election authority may develop and implement a system to maintain registration cards in digital form using digitized signatures, which may be stored in a computer-based voter registration file under subsection (b) of this Section. The making and signing of any form, including an application to register and a certificate authorizing cancellation of a registration or authorizing a transfer of registration may be by a signature written in ink or by a digitized signature.

(c) Any system created, used, and maintained under subsection (b) of this Section shall meet the following standards:

(1) Access to any computer-based voter registration file shall be limited to those persons authorized by the election authority, and each access to the computer-based voter registration file, other than an access solely for inquiry, shall be recorded.

(2) No copy, summary, list, abstract, or index of any computer-based voter registration file that includes any computer-stored image of the signature of any registered voter shall be made available to the public outside of the offices of the election authority.

(3) Any copy, summary, list, abstract, or index of any computer-based voter registration file that includes a computer-stored image of the signature of a registered voter shall be produced in such a manner that it cannot be reproduced.

(4) Each person desiring to vote shall sign an application for a ballot, and the signature comparison authorized in Articles 17 and 18 of this Code may be made to a copy of the computer-stored image of the signature of the registered voter.

(5) Any voter list produced from a computer-based voter registration file that includes computer-stored images of the signatures of registered voters and is used in a polling place during an election shall be preserved by the election authority in secure storage until the end of the second calendar year following the election in which it was used.

(d) Before the first election in which the election authority elects to use a voter list produced from the computer-stored images of the signatures of registered voters in a computer-based voter registration file for signature comparison in a polling place, the State Board of Elections shall certify that the system used by the election authority complies with the standards set forth in this Section. The State Board of Elections may request a sample poll list intended to be used in a polling place to test the accuracy of the list and the adequacy of the computer-stored images of the signatures of the registered voters.

(e) With respect to a jurisdiction that has copied all of its voter signatures into a computer-based registration file, all references in this Act or any other Act to the use, other than storage, of paper-based voter registration records shall be deemed to refer to their computer-based equivalents.

(f) Nothing in this Section prevents an election authority from submitting to the State Board of Elections a duplicate copy of some, as the State Board of Elections shall determine, or all of the data contained in each voter registration record that is part of the electronic master file. The duplicate copy of the registration record shall be maintained by the State Board of Elections under the same terms and limitations applicable to the election authority and shall be of equal legal dignity with the original registration record maintained by the election authority as proof of any fact contained in the voter registration record.

The duplicate copy of the registration record shall be maintained by the State Board of Elections under the same terms and limitations applicable to the election authority and shall be of equal legal dignity with the original registration record maintained by the election authority as proof of any fact contained in the voter registration record.

The State Board of Elections may request a sample poll list intended to be used in a polling place to test the accuracy of the list and the adequacy of the computer-stored images of the signatures of the registered voters.

(e) With respect to a jurisdiction that has copied all of its voter signatures into a computer-based registration file, all references in this Act or any other Act to the use, other than storage, of paper-based voter registration records shall be deemed to refer to their computer-based equivalents.

Immediately upon the receipt of such application either by mail or electronic means, not more than 90 days nor less than 5 days prior to such election, or by personal delivery not more than 90 days nor less than one day prior to such election, at the office of such election authority, it shall be the duty of such election authority to examine the records to ascertain whether or not such applicant is lawfully entitled to vote as requested, including a verification of the applicant's signature by comparison with the signature on the official registration record card, and if found so to be entitled to vote, to post within one business day thereafter the name, street address, ward and precinct number or township and district number, as the case may be, of such applicant given on a list, the pages of which are to be numbered consecutively to be kept by such election authority for such purpose in a conspicuous, open and public place accessible to the public at the entrance of the office of such election authority, and in such a manner that such list may be viewed without necessity of requesting permission therefor. Within one day after posting the name and other information of an applicant for a vote by mail ballot, the election authority shall transmit by electronic means pursuant to a process established by the State Board of Elections that name and other posted information to the State Board of Elections, which shall maintain those names and other information in an electronic format on its website, arranged by county and accessible to State and local political committees. Within 2 business days after posting a name and other information on the list within its office, but no sooner than 40 days before an election, the election

authority shall mail, postage prepaid, or deliver in person in such office an official ballot or ballots if more than one are to be voted at said election. Mail delivery of Temporarily Absent Student ballot applications pursuant to Section 19-12.3 shall be by nonforwardable mail. However, for the consolidated election, vote by mail ballots for certain precincts may be delivered to applicants not less than 25 days before the election if so much time is required to have prepared and printed the ballots containing the names of persons nominated for offices at the consolidated primary. The election authority shall enclose with each vote by mail ballot or application written instructions on how voting assistance shall be provided pursuant to Section 17-14 and a document, written and approved by the State Board of Elections, informing the vote by mail voter of the required postage for returning the application and ballot, and enumerating the circumstances under which a person is authorized to vote by vote by mail ballot pursuant to this Article; such document shall also include a statement informing the applicant that if he or she falsifies or is solicited by another to falsify his or her eligibility to cast a vote by mail ballot, such applicant or other is subject to penalties pursuant to Section 29-10 and Section 29-20 of the Election Code. If the vote by mail ballot envelope indicates that the voter was assisted in casting the ballot, the name of the person so assisting shall be included on the list. The list, the pages of which are to be numbered consecutively, shall be kept by each election authority in a conspicuous, open, and public place accessible to the public at the entrance of the office of the election authority and in a manner that the list may be viewed without necessity of requesting permission for viewing.

Each election authority shall maintain a list for each election of the voters to whom it has issued vote by mail ballots. The list shall be maintained for each precinct within the jurisdiction of the election authority. Prior to the opening of the polls on election day, the election authority shall deliver to the judges of election in each precinct the list of registered voters in that precinct to whom vote by mail ballots have been issued by mail.

Each election authority shall maintain a list for each election of voters to whom it has issued temporarily absent student ballots. The list shall be maintained for each election jurisdiction within which such voters temporarily abide. Immediately after the close of the period during which application may be made by mail or electronic means for vote by mail ballots, each election authority shall mail to each other election authority within the State a certified list of all such voters temporarily abiding within the jurisdiction of the other election authority.

In the event that the return address of an application for ballot by a physically incapacitated elector is that of a facility licensed or certified under the Nursing Home Care Act, the Specialized Mental Health Rehabilitation Act of 2013, the ID/DD Community Care Act, or the MC/DD Act, within the jurisdiction of the election authority, and the applicant is a registered voter in the precinct in which such facility is located, the ballots shall be prepared and transmitted to a responsible judge of election no later than 9 a.m. on the Friday, Saturday, Sunday, or Monday immediately preceding the election as designated by the election authority under Section 19-12.2. Such judge shall deliver in person on the designated day the ballot to the applicant on the premises of the facility from which application was made. The election authority shall by mail notify the applicant in such facility that the ballot will be delivered by a judge of election on the designated day.

(10 ILCS 5/19-8) (from Ch. 46, par. 19-8)

Sec. 19-8. Time and place of counting ballots.

(a) (Blank.)

(b) Each vote by mail voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and may be processed by the election authority beginning on the ~~15th day before election day~~ it is received by the election authority in the central ballot counting location of the election authority, but the results of the processing may not be counted until the day of the election after 7:00 p.m., except as provided in subsections (g) and (g-5).

(c) Each vote by mail voter's ballot that is mailed to an election authority and postmarked no later than election day, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the period for counting provisional ballots.

Each vote by mail voter's ballot that is mailed to an election authority absent a postmark or a barcode usable with an intelligent mail barcode tracking system, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt, opened to inspect the date inserted on the certification, and, if the certification date is ~~a date preceding the~~ election day or earlier and the ballot is otherwise found to be valid under the requirements of this Section, counted at the central ballot counting location of the election authority during the period for counting provisional ballots. Absent a date on the certification, the ballot shall not be counted.

If an election authority is using an intelligent mail barcode tracking system, a ballot that is mailed to an election authority absent a postmark may be counted if the intelligent mail barcode tracking system verifies the envelope was mailed no later than election day.

(d) Special write-in vote by mail voter's blank ballots returned to an election authority, by any means authorized by this Article, and received by the election authority at any time before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same period provided for counting vote by mail voters' ballots under subsections (b), (g), and (g-5). Special write-in vote by mail voter's blank ballots that are mailed to an election authority and postmarked no later than election day, but that are received by the election authority after the polls close on election day and before the closing of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same periods provided for counting vote by mail voters' ballots under subsection (c).

(e) Except as otherwise provided in this Section, vote by mail voters' ballots and special write-in vote by mail voter's blank ballots received by the election authority after the closing of the polls on an election day shall be endorsed by the election authority receiving them with the day and hour of receipt and shall be safely kept unopened by the election authority for the period of time required for the preservation of ballots used at the election, and shall then, without being opened, be destroyed in like manner as the used ballots of that election.

(f) Counting required under this Section to begin on election day after the closing of the polls shall commence no later than 8:00 p.m. and shall be conducted by a panel or panels of election judges appointed in the manner provided by law. The counting shall continue until all vote by mail voters' ballots and special write-in vote by mail voter's blank ballots required to be counted on election day have been counted.

(g) The procedures set forth in Articles 17 and 18 of this Code shall apply to all ballots counted under this Section. In addition, within 2 days after a vote by mail ballot is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that vote by mail ballot with the signature of the voter on file in the office of the election authority. If the election judge or official determines that the 2 signatures match, and that the vote by mail voter is otherwise qualified to cast a vote by mail ballot, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the precinct in which the voter is registered. If the election judge or official determines that the signatures do not match, or that the vote by mail voter is not qualified to cast a vote by mail ballot, then without opening the certification envelope, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

In addition to the voter's signatures not matching, a vote by mail ballot may be rejected by the election judge or official:

- (1) if the ballot envelope is open or has been opened and resealed;
- (2) if the voter has already cast an early or grace period ballot;
- (3) if the voter voted in person on election day or the voter is not a duly registered voter in the precinct; or
- (4) on any other basis set forth in this Code.

If the election judge or official determines that any of these reasons apply, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

(g-5) If a vote by mail ballot is rejected by the election judge or official for any reason, the election authority shall, within 2 days after the rejection but in all cases before the close of the period for counting

provisional ballots, notify the vote by mail voter that his or her ballot was rejected. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be rejected. The voter may present evidence to the election authority supporting his or her contention that the ballot should be counted. The election authority shall appoint a panel of 3 election judges to review the contested ballot, application, and certification envelope, as well as any evidence submitted by the vote by mail voter. No more than 2 election judges on the reviewing panel shall be of the same political party. The reviewing panel of election judges shall make a final determination as to the validity of the contested vote by mail ballot. The judges' determination shall not be reviewable either administratively or judicially.

A vote by mail ballot subject to this subsection that is determined to be valid shall be counted before the close of the period for counting provisional ballots.

(g-10) All vote by mail ballots determined to be valid shall be added to the vote totals for the precincts for which they were cast in the order in which the ballots were opened.

(h) Each political party, candidate, and qualified civic organization shall be entitled to have present one pollwatcher for each panel of election judges therein assigned.

Sec. 20-8. Time and place of counting ballots.

(a) (Blank.)

(b) Each vote by mail voter's ballot returned to an election authority, by any means authorized by this Article, and received by that election authority may be processed by the election authority beginning on the ~~15th day before election day~~ it is received by the election authority in the central ballot counting location of the election authority, but the results of the processing may not be counted until the day of the election after 7:00 p.m., except as provided in subsections (g) and (g-5).

(c) Each vote by mail voter's ballot that is mailed to an election authority and postmarked no later than election day, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the period for counting provisional ballots.

Each vote by mail voter's ballot that is mailed to an election authority absent a postmark or a barcode usable with an intelligent mail barcode tracking system, but that is received by the election authority after the polls close on election day and before the close of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt, opened to inspect the date inserted on the certification, and, if the certification date is ~~a date preceding the election day or earlier~~ and the ballot is otherwise found to be valid under the requirements of this Section, counted at the central ballot counting location of the election authority during the period for counting provisional ballots. Absent a date on the certification, the ballot shall not be counted.

If an election authority is using an intelligent mail barcode tracking system, a ballot that is mailed to an election authority absent a postmark may be counted if the intelligent mail barcode tracking system verifies the envelope was mailed no later than election day.

(d) Special write-in vote by mail voter's blank ballots returned to an election authority, by any means authorized by this Article, and received by the election authority at any time before the closing of the polls on election day shall be endorsed by the receiving election authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same period provided for counting vote by mail voters' ballots under subsections (b), (g), and (g-5). Special write-in vote by mail voter's blank ballot that are mailed to an election authority and postmarked ~~no later than by midnight preceding the opening of the polls on~~ election day, but that are received by the election authority after the polls close on election day and before the closing of the period for counting provisional ballots cast at that election, shall be endorsed by the receiving authority with the day and hour of receipt and shall be counted at the central ballot counting location of the election authority during the same periods provided for counting vote by mail voters' ballots under subsection (c).

(e) Except as otherwise provided in this Section, vote by mail voters' ballots and special write-in vote by mail voter's blank ballots received by the election authority after the closing of the polls on the day of election shall be endorsed by the person receiving the ballots with the day and hour of receipt and shall be safely kept unopened by the election authority for the period of time required for the preservation of ballots used at the election, and shall then, without being opened, be destroyed in like manner as the used ballots of that election.

(f) Counting required under this Section to begin on election day after the closing of the polls shall commence no later than 8:00 p.m. and shall be conducted by a panel or panels of election judges appointed in the manner provided by law. In addition, within 2 days after a ballot subject to this Article is received, but in all cases before the close of the period for counting provisional ballots, the election judge or official shall compare the voter's signature on the certification envelope of that ballot with the signature of the voter on file in the office of the election authority. If the election judge or official determines that the 2 signatures match, and that the voter is otherwise qualified to cast a ballot under this Article, the election authority shall cast and count the ballot on election day or the day the ballot is determined to be valid, whichever is later, adding the results to the precinct in which the voter is registered. If the election judge or official determines that the signatures do not match, or that the voter is not qualified to cast a ballot under this Article, then without opening the certification envelope, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

If the election judge or official determines that any of these reasons apply, the judge or official shall mark across the face of the certification envelope the word "Rejected" and shall not cast or count the ballot.

(g-5) If a ballot subject to this Article is rejected by the election judge or official for any reason, the election authority shall, within 2 days after the rejection but in all cases before the close of the period for

counting provisional ballots, notify the voter that his or her ballot was rejected. The notice shall inform the voter of the reason or reasons the ballot was rejected and shall state that the voter may appear before the election authority, on or before the 14th day after the election, to show cause as to why the ballot should not be rejected. (10 ILCS 5/21-1) (from Ch. 46, par. 21-1)

Sec. 21-1. Choosing and election of electors of President and Vice-President of the United States shall be in the following manner:

(a) In each year in which a President and Vice-President of the United States are chosen, each political party or group in this State shall choose by its State Convention or State central committee electors of President and Vice-President of the United States and such State Convention or State central committee of such party or group shall also choose electors at large, if any are to be appointed for this State and such State Convention or State central committee of such party or group shall by its chairman and secretary certify the total list of such electors together with electors at large so chosen to the State Board of Elections.

The filing of such certificate with the Board, of such choosing of electors shall be deemed and taken to be the choosing and selection of the electors of this State, if such party or group is successful at the polls as herein provided in choosing their candidates for President and Vice-President of the United States.

(b) The names of the candidates of the several political parties or groups for electors of President and Vice-President shall not be printed on the official ballot to be voted in the election to be held on the day in this Act above named. In lieu of the names of the candidates for such electors of President and Vice-President, immediately under the appellation of party name of a party or group in the column of its candidates on the official ballot, to be voted at said election first above named in subsection (1) of Section 2A-1.2 and Section 2A-2, there shall be printed within a bracket the name of the candidate for President and the name of the candidate for Vice-President of such party or group with a square to the left of such bracket. Each voter in this State from the several lists or sets of electors so chosen and selected by the said respective political parties or groups, may choose and elect one of such lists or sets of electors by placing a cross in the square to the left of the bracket aforesaid of one of such parties or groups. Placing a cross within the square before the bracket enclosing the names of President and Vice-President shall not be deemed and taken as a direct vote for such candidates for President and Vice-President, or either of them, but shall only be deemed and taken to be a vote for the entire list or set of electors chosen by that political party or group so certified to the State Board of Elections as herein provided. Voting by means of placing a cross in the appropriate place preceding the appellation or title of the particular political party or group, shall not be deemed or taken as a direct vote for the candidates for President and Vice-President, or either

of them, but instead to the Presidential vote, as a vote for the entire list or set of electors chosen by that political party or group so certified to the State Board of Elections as herein provided.

(c) Such certification by the respective political parties or groups in this State of electors of President and Vice-President shall be made to the State Board of Elections within 2 days after such State convention or meeting of the State central committee in which the electors were chosen.

(d) Should more than one certificate of choice and selection of electors of the same political party or group be filed by contesting conventions or contesting groups, it shall be the duty of the State Board of Elections within 10 days after the adjournment of the last of such conventions to meet and determine which set of nominees for electors of such party or group was chosen and selected by the authorized convention of such party or group. The Board, after notice to the chairman and secretaries or managers of the conventions or groups and after a hearing shall determine which set of electors was so chosen by the authorized convention and shall so announce and publish the fact, and such decision shall be final and the set of electors so determined upon by the electoral board to be so chosen shall be the list or set of electors to be deemed elected if that party shall be successful at the polls, as herein provided.

(e) Should a vacancy occur in the choice of an elector in a congressional district, such vacancy may be filled by the executive committee of the party or group for such congressional district, to be certified by such committee to the State Board of Elections. Should a vacancy occur in the office of elector at large, such vacancy shall be filled by the State committee of such political party or group, and certified by it to the State Board of Elections.

(10 ILCS 5/24C-12)

Sec. 24C-12. Procedures for Counting and Tallying of Ballots. In an election jurisdiction where a Direct Recording Electronic Voting System is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, the judges of elections shall assemble the voting equipment and devices and turn the equipment on. The judges shall, if necessary, take steps to activate the voting devices and counting equipment by inserting into the equipment and voting devices appropriate data cards containing passwords and data codes that will select the proper ballot formats selected for that polling place and that will prevent inadvertent or unauthorized activation of the poll-opening function. Before voting begins and before ballots are entered into the voting devices, the judges of election shall cause to be printed a record of the following: the election's identification data, the device's unit identification, the ballot's format identification, the contents of each active candidate register by office and of each active public question register showing that they contain all zero votes, all ballot fields that can be used to invoke special voting options, and other information needed to ensure the readiness of the equipment and to accommodate administrative reporting requirements. The judges must also check to be sure that the totals are all zeros in the counting columns and in the public counter affixed to the voting devices.

After the judges have determined that a person is qualified to vote, a voting device with the proper ballot to which the voter is entitled shall be enabled to be used by the voter. The ballot may then be cast by the voter by marking by appropriate means the designated area of the ballot for the casting of a vote for any candidate or for or against any public question. The voter shall be able to vote for any and all candidates and public measures appearing on the ballot in any legal number and combination and the voter shall be able to delete, change or correct his or her selections before the ballot is cast. The voter shall be able to select candidates whose names do not appear upon the ballot for any office by entering electronically as many names of candidates as the voter is entitled to select for each office.

Upon completing his or her selection of candidates or public questions, the voter shall signify that voting has been completed by activating the appropriate button, switch or active area of the ballot screen associated with end of voting. Upon activation, the voting system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. Upon activation, the voting system shall also print a permanent paper record of each ballot cast as defined in Section 24C-2 of this Code. This permanent paper record shall (i) be printed in a clear, readily readable format that can be easily reviewed by the voter for completeness and accuracy and (ii) either be self-contained within the voting device or be deposited by the voter into a secure ballot box. No permanent paper record shall be removed from the polling place except by election officials as authorized by this Article. All permanent paper records shall be preserved and secured by election officials in the same manner as paper ballots and shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used. The voter shall exit the voting station and the voting system shall prevent any further attempt to vote until it has been properly re-activated. If a voting device has been enabled for voting but

the voter leaves the polling place without casting a ballot, 2 judges of election, one from each of the 2 major political parties, shall spoil the ballot.

Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or public question on the voting or counting equipment. Such equipment shall be programmed so that no person may reset the equipment for reentry of ballots unless provided the proper code from an authorized representative of the election authority.

The precinct judges of election shall check the public register to determine whether the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the applications for ballot. If the same do not agree, the judges of election shall immediately contact the offices of the election authority in charge of the election for further instructions. If the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the application for ballot, the number shall be listed on the "Statement of Ballots" form provided by the election authority.

The totals for all candidates and propositions shall be tabulated. One copy of an "In-Precinct Totals Report" shall be generated by the automatic tabulating equipment for return to the election authority. One copy of an "In-Precinct Totals Report" shall be generated and posted in a conspicuous place inside the polling place, provided that any authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots is present. The judges of election shall provide, if requested, a set for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

Until December 31, 2019 ~~2015~~, in elections at which fractional cumulative votes are cast for candidates, the tabulation of those fractional cumulative votes may be made by the election authority at its central office location, and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulation equipment and shall be posted in 4 conspicuous places at the central office location where those fractional cumulative votes have been tabulated.

If instructed by the election authority, the judges of election shall cause the tabulated returns to be transmitted electronically to the offices of the election authority via modem or other electronic medium.

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials and equipment as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose in a manner that the ballots cannot be removed from the container without breaking the seal or filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots and election material and equipment from all precincts within the jurisdiction of the election authority have been returned to the election authority. Ballots and election materials and equipment returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots and election materials and equipment by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots and election materials and equipment as provided shall, in the event the ballots, materials or equipment cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

(10 ILCS 5/29-5) (from Ch. 46, par. 29-5)

Sec. 29-5. Voting more than once. Any person who, having voted once, knowingly during any election ~~on the same election day~~ where the ballot or machine lists any of the same candidates and issues listed on the ballot or machine previously used for voting by that person, (a) files an application to vote in the same or another polling place, or (b) accepts a ballot or enters a voting machine (except to legally give assistance pursuant to the provisions of this Code), shall be guilty of a Class 3 felony; however, if a person has delivered a ballot or ballots to an election authority as a vote by mail voter and due to a change of circumstances is able to and does vote in the precinct of his residence on election day, shall not be deemed to be in violation of this Code.

The nomination papers shall be filed in the office of the township clerk, except that if the township is entirely within the corporate limits of a city, village, or incorporated town under the jurisdiction of a board of election commissioners, the nomination papers shall be filed in the office of the board of election commissioners instead of the township clerk.

(c) The township clerk shall certify the candidates so nominated to the proper election authorities not less than 68 64 days before the township election. The election shall be conducted in accordance with the general election law.

Section 20. The School Code is amended by changing Section 9-10 as follows:

(105 ILCS 5/9-10) (from Ch. 122, par. 9-10)

Sec. 9-10. Candidates for office - Nominating petitions. Candidates for the office of school director shall be nominated by petition signed by at least 25 voters or 5% of the voters, whichever is less, residing within the district and filed with the county clerk or the county board of election commissioners, as the case may be, of the county in which the principal office of the school district is located.

In addition to the requirements of the general election law, the form of such petitions shall be substantially as follows:

NOMINATING PETITIONS  
(LEAVE OUT THE INAPPLICABLE PART.)

We the undersigned, being (.... or more) (or 10% or more) (or 5% or more) of the voters residing within said district, hereby petition that .... who resides at .... in the (city or village) of .... in Township .... (or who resides outside any city, village or incorporated town and in Township ....) in said district shall be a candidate for the office of .... of the board of education (or board of directors) (full term) (vacancy) to be voted for at the election to be held on (insert date).

Name: ..... Address: .....

In the designation of the name of a candidate on a petition for nomination, the candidate's given name or names, initial or initials, a nickname by which the candidate is commonly known, or a combination thereof may be used in addition to the candidate's surname. If a candidate has changed his or her name, whether by a statutory or common law procedure in Illinois or any other jurisdiction, within 3 years before the last day for filing the petition, then (i) the candidate's name on the petition must be followed by "formerly known as (list all prior names during the 3-year period) until name changed on (list date of each such name change)" and (ii) the petition must be accompanied by the candidate's affidavit stating the candidate's previous names during the period specified in clause (i) and the date or dates each of those names was changed; failure to meet these requirements shall be grounds for denying certification of the candidate's name for the ballot, but these requirements do not apply to name changes resulting from adoption to assume an adoptive parent's or parents' surname, marriage to assume a spouse's surname, or dissolution of marriage or declaration of invalidity of marriage to assume a former surname. No other designation, such as a political slogan, as defined by Section 7-17 of the Election Code, title or degree, or nickname suggesting or implying possession of a title, degree or professional status, or similar information may be used in connection with the candidate's surname.

Nomination papers filed under this Section are not valid unless the candidate named therein files with the county clerk or the county board of election commissioners, as the case may be, of the county in which the principal office of the school district is located a receipt from the county clerk showing that the candidate has filed a statement of economic interests as required by the Illinois Governmental Ethics Act. Such receipt shall be so filed either previously during the calendar year in which his nomination papers were filed or within the period for the filing of nomination papers in accordance with the general election law.

All petitions for the nomination of members of a board of education shall be filed with the county clerk or the county board of election commissioners, as the case may be, of the county in which the principal office of the school district is located within the time provided for by the general election law. ~~The county clerk or the county board of election commissioners shall receive and file only those petitions which include a statement of candidacy, the required number of voter signatures, the notarized signature of the petition circulator and a receipt from the County Clerk showing that the candidate has filed a statement of economic interest on or before the last day to file as required by the Illinois Governmental Ethics Act.~~ The county clerk or the county board of election commissioners may have petition forms available for issuance to potential candidates, and may give notice of the petition filing period by publication in a newspaper of general circulation within the school district not less than 10 days prior to the first day of filing. The county clerk or the county board of election commissioners shall make certification to the proper election authorities in accordance with the general election law.

The county clerk or the county board of election commissioners, as the case may be, of the county in which the principal office of the school district is located shall notify the candidates for whom a petition for nomination is filed or the appropriate committee of the obligations under the Campaign Financing Act as provided in the general election law. Such notice shall be given on a form prescribed by the State Board of Elections and in accordance with the requirements of the general election law. The county clerk or county board of election commissioners shall within 7 days of filing or on the last day for filing, whichever is earlier, acknowledge to the petitioner in writing the office's acceptance of the petition.

A candidate for membership on the board of education or for office as a school director, who has petitioned for nomination to fill a full term and to fill a vacant term to be voted upon at the same election, must withdraw his or her petition for nomination from either the full term or the vacant term by written declaration.

In all newly organized districts the petition for the nomination of candidates for members of the board of education at the first election shall be addressed to and filed with the regional superintendent of schools in the manner herein specified for the petitions for members of a board of education. For such election the regional superintendent shall fulfill all duties otherwise assigned to the secretary of the board of education. (Source: P.A. 98-115, eff. 7-29-13.)

(B) Paragraph (h) of subsection (A) does not include firearms sold within 6 months after enactment of Public Act 78-355 (approved August 21, 1973, effective October 1, 1973), nor is any firearm legally owned or possessed by any citizen or purchased by any citizen within 6 months after the enactment of Public Act 78-355 subject to confiscation or seizure under the provisions of that Public Act.
