PRESIDING OFFICER: (SENATOR LINK)

Senator Biss, on your amendment.

SENATOR BISS:

Thank you, Mr. President, Members of the Senate. We had an extensive discussion about this bill a few weeks ago. One of the concerns raised was that there was a -- a provision in the bill that was characterized by some as a continuing appropriation to ensure that the expenditures would happen regardless of the General Assembly's decision. That's been removed so the entire thing is now subject to General Assembly appropriation. I seek its adoption and look forward to discussing the bill.

Thank you, Mr. President. As I mentioned, we discussed this bill extensively last week. Just to very quickly recapitulate: This creates a small donor matching program to remove the pernicious influence of big money in our politics to allow the voices of ordinary citizens to be heard properly in our system. I've made a change that's consistent with the request of many people during the course of our previous debate on this discussion. And I would certainly appreciate your support.

PRESIDING OFFICER: (SENATOR LINK)

Is there any discussion? Senator Righter, for what purpose do you rise?

SENATOR RIGHTER:

To the bill, if I might, Mr. President.

PRESIDING OFFICER: (SENATOR LINK)

To the bill.

SENATOR RIGHTER:

Thank you, Mr. President, Ladies and Gentlemen of the Chamber. Despite the amendment that has been filed, the message back home and the question that you all will be answering if you vote for this is, wait a minute, Senator, you voted to spend my -- hard-earned tax dollars, including the tax increase, on the campaigns that we've been seeing for the last few years? Fifty million dollars is -- is the potential amount here. I guess we'll decide here, collectively or individually, whether or not fifty million dollars is a lot of money. I would suggest to you that your constituents back home, when confronted with the fact that you voted to spend their money, up to fifty million dollars, on the campaigns and the trash that we see on TV and in the mailboxes these days, are going to wonder what you're doing. I would urge

a No vote. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR LINK)

Is there any further discussion? Senator Biss, to close.

SENATOR BISS:

Thank you, Mr. President. Thank you, Members of the Senate. I would just say that, first of all, the bill no longer says the precise thing that was just claimed it says. It, in fact, says nothing to the point. It says that we could have this discussion about whether or not that would be a worthy expenditure of State funds during the course of our budget debates. What it does say, and what I think all of our constituents would like to hear, is that we, the Legislature, are trying to do something to take control of our politics out of the hands of big money that has way too much influence, way too much control, and return that power in the hands of our very constituents. Therefore, I would request your Aye votes.

PRESIDING OFFICER: (SENATOR LINK)

The question is, shall Senate Bill 1424 pass. All those in favor will vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 31 Ayes, 23 Noes, none voting Present. Senate Bill 1424, having received the required constitutional majority, is declared passed. SECRETARY ANDERSON:

Senate Bill 569.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR LINK)

Senator Bush, on your bill.

SENATOR BUSH:

Thank you, Mr. President. Senate Bill 569, as amended, amends the Mobile Home Landlord and Tenant Rights Act by providing that a local unit of government in a municipality with fewer than a million inhabitants has the authority to enact, maintain, and enforce an ordinance or resolution denying park owners the ability

to increase rents, fees, and other charges upon tenants if the park owner has failed to correct a health or life safety violation, as defined in rules adopted by the Department of Health or the authority having jurisdiction, until the violations are cured as set forth in the inspection. And I would be happy to answer any questions.

PRESIDING OFFICER: (SENATOR LINK)

Is there any discussion? Senator Righter, for what purpose do you rise?

SENATOR RIGHTER:

Will the sponsor yield, please, Mr. President?

PRESIDING OFFICER: (SENATOR LINK)

She indicates she will.

SENATOR RIGHTER:

Senator Bush, if -- if there is a situation whereby a landlord who has been cited for a violation and is working to correct that violation has an agreement with the tenant that I'm going to finish this and I'll have this remediated in, let's say, ninety or a hundred and eighty days, I'm going to raise your rent, and the tenant agrees to that, would they -- would they -- would that be an exception to this, or are they still prohibited from having that agreement with the tenant?

PRESIDING OFFICER: (SENATOR LINK)

Senator Bush.

SENATOR BUSH:

So, I'm -- I'm -- I'm not sure if this answers your question, but this -- the municipalities are -- are -- this doesn't supersede their authorities.

PRESIDING OFFICER: (SENATOR LINK)

Senator Righter.

SENATOR RIGHTER:

Okay, as I -- maybe I'm misreading the bill, Senator Bush. As I understand the bill, we are going to, by State law, say that if a landlord has been cited for any kind of public health/public safety violation at all, regardless of the magnitude, until they correct that and the government is satisfied that they've correct that, they can't raise rent, they can't do anything that a landlord would otherwise do. Do I have the bill correct?

PRESIDING OFFICER: (SENATOR LINK)

Senator Bush.

SENATOR BUSH:

I would -- I would say that you do, yes.

PRESIDING OFFICER: (SENATOR LINK)

Senator Righter.

SENATOR RIGHTER:

So, let's say that there has been a citation of some kind of public health code, let's say a relatively minor one, there's an understanding between the landlord and the tenant that that's going to be remediated within, let's say, thirty days and in exchange for which, or regardless of, the tenant and the landlord agree that the rent's going to go up ten dollars a month. This would prohibit that agreement. Is that correct?

PRESIDING OFFICER: (SENATOR LINK)

Senator Bush.

SENATOR BUSH:

So, certainly, I am not an attorney, but I believe that's correct.

Senator Righter.

SENATOR RIGHTER:

Senator, a different issue: You added an amendment that exempts the City of Chicago. Now, I don't live in the City of Chicago, but I would assume that there are a number of tenants in the City of Chicago who - I assume you would agree - are just as entitled to the kind of protection that you're putting forth in Senate Bill 569 as those in -- everywhere else in the State. Why are the City of Chicago's tenants not being protected by this?

PRESIDING OFFICER: (SENATOR LINK)

Senator Bush.

SENATOR BUSH:

So, that's a great question. I -- I appreciate it, Senator Righter. So, actually, there is only one mobile home facility -- manufactured home park in the City of Chicago and the City of Chicago believes that their -- their ordinances actually provide more -- are -- are stronger than what we are doing in this.

PRESIDING OFFICER: (SENATOR LINK)

Senator Righter.

SENATOR RIGHTER:

Let me ask you, Senator Bush, in your judgment, would you be able to get the votes for this bill if you hadn't exempted out the City of Chicago?

PRESIDING OFFICER: (SENATOR LINK)

Senator Bush.

SENATOR BUSH:

I don't think the City of Chicago is the issue, you know. So, honestly, I -- I -- and I'm answering this honestly. I did not intend to remove the City of Chicago for votes. I removed it

STATE OF ILLINOIS
100th GENERAL ASSEMBLY
REGULAR SESSION

because they have one facility that it applies to, and after conversations with -- with them and the -- the person who's certainly the impetus of this bill, we agreed that what they were doing was more than we are asking for in this bill. So, no, I did not remove this in order to get votes.

PRESIDING OFFICER: (SENATOR LINK)

Senator Righter.

SENATOR RIGHTER:

Senator, if -- if that's the case, then what if the City of Mattoon or the City of Charleston or the City of Champaign came to you and said, you know what, we've only got one or two mobile home parks and we don't think that they're a problem and our ordinances fit fine, would you exempt them from -- from the bill as well?

PRESIDING OFFICER: (SENATOR LINK)

Senator Bush.

SENATOR BUSH:

Well, they certainly didn't come to me. That's number one. So I can't answer without knowing the particulars. They didn't come to us and say they were opposed to the bill. And I guess secondly, what this is really about, even if there's a thirty-day time that someone is -- you know, has an agreement with a tenant that they are correcting the problem, this is really about our -- people that run these facilities don't address the issues, you know, and there's just no recourse for the people that live there, Senator. And I think most of us that have, we'll call them mobile home parks, you can call them manufactured home facility -- areas, think most of us know that. So there's a problem we're trying to fix. And this bill will continue to be worked on once it goes over to the House. I think there's certainly more work that can

be done to make sure that we're addressing, particularly, the Realtors' concerns and others.

PRESIDING OFFICER: (SENATOR LINK)

Senator Righter.

SENATOR RIGHTER:

To the bill, if I might, Mr. President.

PRESIDING OFFICER: (SENATOR LINK)

To the bill.

SENATOR RIGHTER:

Thank you, Mr. President. And thank you, Senator Bush. Ladies and Gentlemen of the Chamber, it seems to me, first of all, that while I always, always feel very comfortable when I get assurances from the City of Chicago that they're going to handle their own problems, I'm not sure we all should. The simple fact is, the tenants in that park in the City of Chicago -- if we're going to do this, if we are going from -- go to -- from Springfield say, you can't do these things unless you cure these deficiencies, if we're going to do that from Springfield and not give the municipalities the chance to deal with these issues and protect these tenants on their own, I'm not sure why we're giving the City of Chicago a pass. This is not unusual, for anyone who's been in this Chamber longer than six weeks, for the City of Chicago to come and say, you know what, we really don't need to be part of the regulatory structure that you folks decide needs to be put in place for the rest of the thirteen million inhabitants in the State. Maybe we should send a message to the City, and help Senator Bush out here, by voting this down and she can say, hey, you know what, I can't pass this bill without putting the City in it. She can strip that amendment off, Mr. President, and then we

STATE OF ILLINOIS
100th GENERAL ASSEMBLY

can have this uniform regulation for everyone in the State. I would urge a No vote. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR LINK)

Is there any further discussion? Seeing none, Senator Bush, to close.

SENATOR BUSH:

Thank you so much, Mr. President. If you will agree with me that every one of the Republicans on that side will vote for my bill if I strip out the City of Chicago amendment, I'd be happy to do that. Having said that, I don't think that's what's going to happen. Before I added this amendment -- before we adopted this amendment, frankly, Members of your party were No in committee. So I would suggest it has nothing to do with it. I would urge an Aye vote. These are people that -- they really do need our help. We have bad actors out there that don't take care of public health issues in these parks, in these mobile home communities, and they really need our help. And if someone isn't making the necessary public health repairs and they are leaving these places in disrepair and, quite frankly, in an unhealthy situation, then they shouldn't have the right to continue to increase their rents. So I would urge an Aye vote and I thank you very much.

PRESIDING OFFICER: (SENATOR LINK)

dollars that will go to both local government as well as go to the State's capital program. Be happy to answer any questions.

SENATOR STADELMAN:

To the bill.

PRESIDING OFFICER: (SENATOR LINK)

SENATOR STADELMAN:

Thank you, Mr. President. I -- as the sponsor indicated, I think this legislation that's very narrowly crafted can deal with a limited number of people in the State, truckers who are passing through the State, and try to capture some of that money to help out with the State resources. I do not believe this will attract people who may use these machines in neighborhoods or communities. Again, it's really focused on a limited number of people who are passing through the State. I urge an Aye vote.

PRESIDING OFFICER: (SENATOR LINK)

Is there any other discussion? Seeing none, Senator -- oop! Senator McCarter, for what purpose do you rise?

STATE OF ILLINOIS
100th GENERAL ASSEMBLY

SENATOR McCARTER:

Senator, how -- how big of an expansion of video gaming is this? How many seats or machines will this add?

PRESIDING OFFICER: (SENATOR LINK)

Senator Syverson.

SENATOR SYVERSON:

That's a good question. And this came to us when we met with and talked to some of the interstate truck stops when they raised the issue of, currently, the interstate truck stops are limited to just five machines, and when you have a -- a hundred truckers that are there for hours at a time, it became a problem, where there are literally lines for people to use it, and these truckers aren't allowed to leave that facility, so they had to stay there. So when it -- that's when the idea came to us and said these are out-of-state truckers, they can't leave and go to other locations, and so why not capture those dollars. So this would go from five to up to ten, if they wanted to, at those interstate -- or at those truck stops. And they would have to meet the criteria that we set in the bill for what a truck stop is. So it's not for gas stations; it's going to be the truck stops that are near the interstates. They have to have gallonage requirements. There's also acreage requirements that are with that as well.

PRESIDING OFFICER: (SENATOR LINK)

Senator McCarter.

SENATOR McCARTER:

Okay. I'll ask you again. How many -- how many terminals will this increase? How -- if this is narrowly crafted, we should know where they're going to be and how many will -- added. So, how many total do we expect to be added?

STATE OF ILLINOIS

REGULAR SESSION
SENATE TRANSCRIPT

46th Legislative Day

PRESIDING OFFICER: (SENATOR LINK)

Senator Syverson.

SENATOR SYVERSON:

I think there are somewhere in the neighborhood of one hundred or so interstate truck stops throughout Illinois. I don't know how many of those would want or request to have the additional machines. They have to pay for those with the State obviously. So I don't know how many will take up that offer to do that. We've talked to a number of the, again, the interstate truck stops, who have said they would like to have this. But, again, we don't know what that number's going to be until it's done. But it wouldn't be any more than the total number of interstate truck stops that we have in Illinois right now.

PRESIDING OFFICER: (SENATOR LINK)

Senator McCarter.

SENATOR McCARTER:

So this would be -- you -- you expect this to be at least five hundred additional. Correct?

PRESIDING OFFICER: (SENATOR LINK)

Senator Syverson.

SENATOR SYVERSON:

Five hundred additional games if you add five per location. If there are a hundred locations, added five, then you would be at five hundred. If a hundred locations chose to add five games, you would have five hundred.

PRESIDING OFFICER: (SENATOR LINK)

Senator McCarter.

To the bill.

SENATOR McCARTER:

So, after all that, or the way -- I guess the way I interpret this is, at least five hundred terminals will be added. And -- and I understand this is a issue that whether you support or you don't support an expansion of gambling. I understand that. However, let me just make one comment in regards to this. You know, we're in a -- in the situation we're in, trying to balance this budget, I personally believe this is a comment on our State that we can't implement fiscal discipline to balance our budget and then we go to look towards increased revenues like this because of our situation. I think it's wrong and I urge a No vote.

PRESIDING OFFICER: (SENATOR LINK)

Is there any further discussion? Seeing none, Senator Syverson, to close.

SENATOR SYVERSON:

Thank you very much. To the previous speaker's question: This is a unique way to generate revenue from out-of-state truckers that are passing through our State, that have to stay at those truck stops, and they're there and it's a chance for us to raise revenue. This is not revenue that's going to fix the State's budget; this is revenue that's going to the Capital Fund. This is revenue that's going to help build things in Illinois, so it goes to the Capital Fund, and as well as it helps those local governments increase their share at a time when local governments are struggling. So, this is a way to raise revenue, paid for by out-of-staters, not in-staters. It's revenue that would not be going to other gaming operations. These are people that cannot go

REGULAR SESSION

to casinos, they cannot go to bars or clubs because they have to stay at those interstate truck stops. So it's just a unique, narrowly crafted way to generate and bring out-of-state money into Illinois. And I would ask for a favorable roll call. And, again, thank you for your indulgence.

PRESIDING OFFICER: (SENATOR LINK)
