STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

4/10/2019

With me today is my staff person from the Peoria office. She's the District Director of my office, Jennifer Allison. She is down in Springfield. She's been here for the last couple days in the IWIL program and let me be the first to announce - and, Senator Weaver, I want you to pay attention to this as well - that she will be appointed tomorrow afternoon to a Peoria County Board seat, filling Tom O'Neill's vacated spot. And so please give -- and she used to work for the Senate Democrats some time ago, so this is kind of returning home for her. But please give Jennifer a warm welcome.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Congratulations. Wish you all the best. Senator Rose, for what purpose do you seek recognition?

SENATOR ROSE:

Point of personal privilege, if I may.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Please proceed, Senator.

SENATOR ROSE:

Ladies and Gentlemen, I have a young man from Mahomet High School -- Mahomet-Seymour High School. He's a junior. He's on the soccer team. He is heavily involved in different activities throughout our school. His name's Kadyn Jones. And if we could welcome him to Springfield, please.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Welcome to the Senate. Senator Sandoval, for what purpose do you seek recognition?

SENATOR SANDOVAL:

Mr. President, point of personal privilege.

32nd Legislative Day

4/10/2019

Please proceed, Senator.

SENATOR SANDOVAL:

Mr. President, I -- I'd like to welcome a couple young men who are joining us from back in Chicago and Des Plaines. They are two young men who have -- are attending Northwestern University. They're a lot smarter than I am and they're going to go a lot further than I've ever gone before in my life. Their parents are from Mexico and they're first generation. They're success stories. They're doing right. And I'd like the -- the Illinois Senate to welcome Raymond Solorzano, a sophomore at Northwestern, and Cristian Ramos, who is a freshman at Northwestern. Raymond is from Des Plaines, Illinois, and Cristian Ramos is from -- the Edgewater neighborhood in Chicago. Their respective Senators, Senator Murphy and Senator Steans, would also -- would like the Illinois Senate to welcome them to the Illinois Senate.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Welcome to the Illinois Senate. Congratulations. Wish you both the best. Ladies and Gentlemen of the Senate, we will be going to 3rd bills shortly. So if you want to get your bills out -- we're about two hours behind schedule today because of committees, so all Senators please report to the Senate Floor if you want to get your bills out. We will be going to page 48 of the Calendar for a Senate Resolution - 209. Senator Gillespie. Mr. Secretary, read the resolution.

SECRETARY ANDERSON:

Senate Resolution 209, offered by Senator Gillespie.

Senator Gillespie.

SENATOR GILLESPIE:

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

4/10/2019

Thank you, Mr. Chairman {sic}. Senate Resolution 209 designates the month of April 2019 as Sikh Awareness and Appreciation Month in Illinois. The Sikhs constitute a well-established religious, social, and ethic group among the people who have immigrated to Illinois and the United States. They have added greatly, both culturally and economically, to the State of Illinois and to the United States, including serving in the Armed Forces, while simultaneously continuing to maintain their own culture and traditions. The State of Illinois is committed to the value of religious diversity, tolerance grounded in the First Amendment principles, a cultural {sic} of mutual understanding, a diminution of violence, and educating the citizens of the world's religions. The State of Illinois honors the many ways that Sikh Americans have influenced American history, achievement, culture, and innovation. And I ask for your support on this resolution.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Is there any discussion? There being none, the question is -- Senate Resolution 209 pass. All those in favor will say Aye. Opposed, Nay. The Ayes have it, and the resolution is adopted. Senator Villivalam, for what purpose do you seek recognition?

SENATOR VILLIVALAM:

A point of personal privilege, Mr. President.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Please proceed, Senator.

SENATOR VILLIVALAM:

Didn't want to be outdone by Leader Koehler, so... Thank you, Mr. President. I would like to take a moment to introduce a very special guest. Atour Sargon is a constituent of my district. She's here in Springfield, also with the IWIL Class of 2019.

Additionally, Atour recently won her election to be a Trustee in the Village of Lincolnwood. She is the first Assyrian-American female elected in the State of Illinois. Atour lives in Lincolnwood with her husband, Peter, and her two -- their two kids, Raman and Sophie. We're discussing the next steps in her -- in her public service career. She has committed to not running for State Senate and -- and I am very appreciative of that. Please join me in congratulating and welcoming Atour Sargon to the State Senate.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Welcome to the Senate. Senator Sandoval, for what purpose you seek recognition?

SENATOR SANDOVAL:

Mr. President, for a matter of an announcement.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Please proceed.

SENATOR SANDOVAL:

I'd like to inform the Illinois Senate that the Illinois State Ambulance Association would like to invite everyone to their reception at Saputo's tonight at 5 to 8 p.m. At Saputo's, Eighth and Monroe Street, the Illinois State Ambulance Association having their annual Lobby Day. See you there.

PRESIDING OFFICER: (SENATOR MUÑOZ)

The Senate will stand at ease for a few minutes to allow the Committee on Assignments to meet. The members of the Committee on Assignments will come to the President's Anteroom immediately. The Senate will stand at ease. Senator Koehler in the Chair.

SENATOR RIGHTER:

Thank you very much, Mr. President, Ladies and Gentlemen of the Chamber. Senate Bill 1105, as amended, is a reauthorization of the Pediatric Palliative Care Act. Many of you may know pediatric palliative care is the process by which we care for children who may very well be in the last weeks or days of their lives. The bill -- the -- an Act -- originally passed in 2011. It sunsetted in 2012. We are renewing the Act. It makes a handful of other technical changes, which I'd be happy to discuss if anyone's got any questions.

SENATOR LIGHTFORD:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 1213 amends -- as amended, provides a local appeal process for "unsatisfactory" ratings of teachers in order to allow school districts to adopt a policy to appeal teacher evaluations. So, about ten years ago, we addressed this issue when we did our PERA for professional evaluations of teachers and what we're finding over the years is that we need to make some adjustments with the categories being "satisfactory" and "unsatisfactory". I guess I'll -- I'd be happy to answer questions.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Is there any discussion? The question is, shall Senate Bill -- Senator Weaver, for what purpose do you seek recognition?

SENATOR WEAVER:

First, a question for the sponsor.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Sponsor indicates she will yield.

SENATOR WEAVER:

This is just a clarification. At one time, there was -- this bill dealt with going from four different levels of grading down

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

4/10/2019

to two. Is that still the case? We back to where this still has four with regard to the different ratings a teacher can receive?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Majority Leader Lightford.

SENATOR LIGHTFORD:

So we're -- we're down to "satisfactory" and "unsatisfactory" and creating an appeals panel. And that appeals panel would be developed among union and management, a four-member appeals board, and there will be an agreement on who those individuals would be from both sectors.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Weaver.

SENATOR WEAVER:

Okay, to the bill.

PRESIDING OFFICER: (SENATOR MUÑOZ)

To the bill, Senator.

SENATOR WEAVER:

So we have four opponents on this bill: Advance Illinois, Illinois Statewide School Management Alliance, Chicago Public Schools, and Stand for Children. And, you know, first, Senator Lightford, thank you for all you do for education and continue to try to move our State forward in that regard. There's two things that concern me about this: First, just a belief that four different levels of how you can determine the way in which a teacher's functioning I think is valuable. It gives that -- the principal more options there. Second, this bill also has an appeal process in it, which takes away the right of the principal to really have control over his school. We know that if the principal gives an "unsatisfactory" rating, the teacher still has the ability

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

4/10/2019

to go through rehabilitation to be rehabilitated with regard to their performance, and we believe that kicking this over to an appeal process removes some of the principal's ability to really manage his school to be effective for children. Thank you.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Bertino-Tarrant, for what purpose do you seek recognition?

SENATOR BERTINO-TARRANT:

To the bill, Mr. President.

PRESIDING OFFICER: (SENATOR MUÑOZ)

To the bill, Senator.

SENATOR BERTINO-TARRANT:

I rise in support of the -- the Leader's bill. And I know you hear me say this often. As a fellow educator, I was an administrator much longer than I was a teacher and I still feel this is a -- a solid piece of legislation in order to support our -- our -- our educators. Many times administrators come into a building with different philosophies, different styles, and it's unfortunate that at one rating or one evaluation that that principal's personal style will impact the teacher. So I think this is a fair process in order -- the teacher, our educators, to have a -- systematic steps to -- to be able to discuss what is happening in the classroom and allow a -- a robust conversation with the administrators. I think it's a good piece of legislation. I thank the sponsor.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Majority Leader Lightford, to close.

SENATOR LIGHTFORD:

Thank you, Mr. President. I just wanted to go back and let

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

4/10/2019

Senator Weaver know that there is a four system and I just want to make sure that I made that clear. The amendment pretty much wiped out the original bill, so what we're left with now is just changing "ineffective" to "unsatisfactory". So you'll still have those four components of "unsatisfactory", "excellent", "proficient", "needs improvement". So I just wanted to clarify that. And -- and you're right, I think sometimes when teachers are scored and -- they may feel that they were treated unfairly. This just gives them a -- an appeal process that has to be negotiated amongst the panel. So it would be both two from management and two from labor. So in order for it -- the appeal process to be approved, it would have to be three votes. So one from management would have to come over or one from labor would have to come over, and it makes the process extremely fair. I'd be happy if you guys would put green lights on the board. Thank you.

PRESIDING OFFICER: (SENATOR MUÑOZ)

SENATOR SCHIMPF:

Yes, Leader Link, could you just talk a little bit about -- a little bit more depth on how this -- how your bill has changed? Because as it was -- as it was first filed, I had a number of county -- county board members who had contacted me that were very upset, that felt like they were being -- they were almost, in fact,

STATE OF ILLINOIS

being punished for your service. So, I know you -- you've -- you've stated that there's no opposition. I wonder if you could just explain a little bit of how you -- how you've changed the bill.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Link.

SENATOR LINK:

Thank you, Senator. How we changed it is, Senator Curran brought it up in committee and talked about it, that it is happening in local government also, municipalities. So we added every elected official under -- under this if it's the same unit of government. So, if you're a county board member and you're serving on the county board, you cannot receive a pension from the county board. Same goes for the municipal officer, could not receive it from the municipal unit of government. But you can do it if you were the opposite way. If a -- a -- a municipal employee runs for the county board, they could receive their benefits from the municipality. So it's not prohibiting you from going to other offices. What it's prohibiting of is to collect it from the same unit of government while you're collecting a salary.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Schimpf.

SENATOR SCHIMPF:

So if -- so -- so if somebody serves on a county board long enough that they were able to earn a -- earn a pension, they would not be able to collect that pension until they finished their service on the county board. Is that -- is that correct?

...is correct.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Schimpf.

SENATOR SCHIMPF:

So just -- final question, so is there -- what problem are we trying to -- trying to solve? Has this been -- has this -- this system been -- been abused or -- because I don't know that if somebody earned a pension and it was completely on the up-and-up, I still feel like they're being penalized.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Link.

SENATOR LINK:

Well, let me put it in this {sic} terms. I'm eligible for a pension from the State. If I were to say, "Okay, I do not want to contribute to the pension anymore, but I want to collect my pension" and still was serving in the General Assembly, I think that people would be a little upset because of -- it'd basically be doubling my salary, and I don't think that's the intent of it. The intent is -- and it -- and the reason we're doing this is, in my home county of Lake County, they're the ones that are abusing this right now. You had a number of elected officials on the county board serving as county board members and receiving a pension plus their salary at the same time.

Senate Bill 1287.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Rezin.

SENATOR REZIN:

Thank you, Mr. President. Senate Bill 1287 creates a path for a school district to share services for school administration. Districts -- districts are required to enter into joint agreements one of two ways: One, by resolution via their school boards, and then this bill simply allows for another option for property taxpayers to share school administration via referendum. Just to put in perspective, there -- currently in Illinois, we spend five hundred and fifty dollars per pupil for school administration. Illinois spends the most in general for school administration, but we all spend -- we also spend at a very high rate per student as compared with other states. Illinois does spend, as I said before, five hundred and forty-four dollars per student on general administration. This is the third-highest rate for any state behind only North Dakota and New Hampshire, two states that have less density overall than Illinois. The average across the country in school administration per student is two hundred and twenty-six dollars. This simply gives taxpayers, who are stressed, an option to look at ways to decrease costs at the school level. You keep your school district, though. You keep your levy. You keep

your school board. You negotiate within your own school board. However, this bill allows, by referendum, to share school administration. And I ask for an Aye vote.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Is there any discussion? Senator Bertino-Tarrant, for what purpose do you seek recognition?

SENATOR BERTINO-TARRANT:

PRESIDING OFFICER: (SENATOR MUÑOZ)

Sponsor indicates she will yield.

SENATOR BERTINO-TARRANT:

Senator, it's my understanding that school districts and school boards are already allowed to make the decision to combine administrative efforts. And I know in my district and your district as well, this initiative has already been done. So can you explain the need to have this piece of -- legislation specifically that bypasses school boards, local officials that have been elected?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Rezin.

SENATOR REZIN:

Thank you. So certainly, as we've talked about, school boards can enter into a resolution with other school boards to share administration. This is simply another options {sic} for taxpayers for voters in the district to, by referendum, to share administration. You know, essentially, we hear a lot from our constituents about high property taxes and the need for more money to be put into the educational system. As we're grappling with how to do this, we're also -- this just gives the taxpayers, the

property taxpayers, the voters, the constituents of the district, an option via referendum to share administrative services and get that national average of five hundred and fifty dollars per student closer to -- or the -- I'm -- I'm sorry, the average of Illinois per pupil of five hundred and forty-four dollars down closer to the national average of two hundred and sixty-six dollars per pupil, like other states have.

To the bill, Senator.

SENATOR BERTINO-TARRANT:

While I appreciate the Senator's efforts to -- to lower costs in our school districts, however, there -- this is very -- a very concerning bill. Again, we -- we vote for local school boards to make these decisions and this completely bypasses their authority to allow it to go to a referendum. We are -- it's a low percentage, .2, that needs for this referendum to pass and a lot of these votes are going through during a municipal election, where we're having very low voter turnout. Again, while I can appreciate what the -- the Senator is -- is trying to do, I urge a No vote on this piece of legislation.

general school administration expense, making us the only state in the country to spend over a billion dollars in school administration expenses, despite serving the fifth most students in the country. Just to compare - Illinois spent thirty-three percent more than California, despite their public school system serving over three times as many students. And I will close with this, just some averages from other states. As I mentioned before, Illinois spends five hundred and forty-four dollars on average in school administration per student. New York spends on average three hundred and forty-nine dollars per student. Texas spends one hundred and twenty-nine dollars on average for school administration per student. California spends on average ninety-five dollars on average for school administration per student. And Florida spends seventy-eight dollars on average for school administration per student. PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Rezin.

SENATOR REZIN:

Thank you, Mr. President. Senate Bill 1310 -- well, first of all, I represent Starved Rock State Park. Many of you in the Chamber have visited Starved Rock State Park and it's an asset to have in -- in my district. But we've seen a huge increase in people visiting the park over the last several years, with, on average, 2.5 million visitors per year to the park. Starved Rock is ranked eleventh in the most visited parks in the country with an average amount of visitors being 2 -- or 2.5 million visitors at the end of the year. We feel that it's necessary to look at a bill and pass a bill like this, which essentially would adopt a parking fee and an annual pass, to help mitigate some of the issues that we are experiencing in this beautiful State park. Eighty percent of the fee would go into infrastructure. Twenty percent of the fee would be for safety purposes. We, every year, because of the increase in visitors to the park, are struggling with maintenance, are struggling with public safety because of this huge influx of people to -- to see -- to visit Starved Rock. So we ask for a -- a Yes vote on Senate Bill 1310, which essentially sets up parking fees for those visiting the State park.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Is there any discussion? Senator Oberweis, for what purpose

do you seek recognition? To the bill, Senator.

SENATOR OBERWEIS:

First of all, Senator Rezin, thank you for the legislation. For those of you who don't know, Starved Rock Park is a -- a great facility, a great asset of the State and a great asset to that community, and I think the idea of a modest parking fee is very reasonable. However, while I voted to get it out of committee, I have to say that I will vote against the bill on the Floor because of one provision that exempts LaSalle County residents from paying the fee that the rest of us in the State of Illinois will pay. I don't consider that fair or reasonable for the rest of the taxpayers of the State of Illinois. For that reason, I'm a No vote.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Koehler, for what purpose do you seek recognition?

SENATOR KOEHLER:

To the bill, Mr. President.

PRESIDING OFFICER: (SENATOR MUÑOZ)

To the bill, Senator.

SENATOR KOEHLER:

Yes, we had a very good discussion about this in committee and I have some concerns as well, but I'm going to vote for this because I think that I see this as a prototype of what we need to do with all of our State park system. And I just remind everybody in the Chamber here that we did talk about coming back with a resolution and asking DNR to study this and to come up with a policy that we might adopt that would do something for all of the State parks. So I think this is a work in progress. I'm going to support it because I think it's the right step to take, but I don't

And so, respectfully, what have you done to balance those two interests of the -- the -- the wear and tear on roads in your county and the economic benefits, again, that accrue to your county because of the popularity of the park?

Senator Rezin.

SENATOR REZIN:

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

4/10/2019

Thank you for that. First of all, the -- the local tourism boards are in support of this bill, so thank you for that. And, again, the rationale for exempting LaSalle County is twofold. Because of the wear and tear -- it's a very unique situation to a very small area, and because of the inability of people to get into the park on the State roads, they often come in on country roads, township roads from all different directions to try to get into the park. If you've ever visited the park on a weekend, on the busy weekends, we literally can have traffic backed up all the way from the park through Utica to the exit at Interstate 80 and on Interstate 80, the ramp, waiting to go through. So that's just -- if you can imagine the impact on weekends that we do have. So there's impact on the roads. And also, something that we often talk about every year, I have -- I bring together all of my first responders, public safety, all of the people locally who are invested in the area, and because of, you know -- again, a great thing to having Starved Rock in our backyard, it's an asset, but we have to understand and figure out how to get first responders into the park, which, almost every weekend at some point, the first responders, small fire department from Utica or Oglesby are responding, and if somebody has fallen off the cliff into a canyon, they have to repel into the canyon to make the rescues. This equipment that they use, the special ropes to repel, cannot be used again, so then they have to go out and buy new equipment. So this fee will help with -- with some of the issues that we have. And, again, I'll be honest with you, I just think because of the impact for the county, this is something that I've talked about to try to get consensus locally to support the bill is the reason that we addressed LaSalle in the same way and -- or as -- addressed

LaSalle as we did in -- in the bill. And respectfully, I -- I understand and, you know, where you're coming from. I also did agree and we have a resolution that we agreed in committee. It's Resolution -- Senate Joint {sic} Resolution 333, which will study this issue in a much broader view for potentially the entire State - best practices, look at what we're doing here and see if it's a good model and see what we can learn from that. So we'll be filing...(microphone cutoff)...a Senate...

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Rezin.

SENATOR REZIN:

Yes, it could. So, at that point, after the resolution and after we go back and look at -- this bill across the State, the DNR will have the authority to -- make recommendations and potentially, if they recommend, you know, the elimination of this as well, they could do that at that time. It does give the DNR that authority.

SENATOR COLLINS:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. Senate Bill 1510, as amended, requires a nursing home to obtain written informed consent from a resident before administering psychotropic medication; and, two, it seeks to -- enforcement of penalties for noncompliance of staffing ratios set in current law. The reason that I'm sponsoring this bill, it came to my attention in an article in the Chicago Tribune, dated September 2018. There was a study conducted, along with the Kaiser Health News, documented the urgent need for safeguards against nursing home understaffing. "In Illinois, about six thousand nursing home residents a year who were hospitalized had sepsis" -- "sepsis, and one in five didn't survive..." Let that sink in -- twenty percent of Illinois nursing home residents who enter a hospital die due to the infection acquired in their nursing home. That is why and that is what this bill is about, to seek to rectify that problem. I am open for any questions. I'm sure I have many. But I welcome any questions.

PRESIDING OFFICER: (SENATOR MUÑOZ)

allows for staffing ratios, but the -- the Department has not implemented those yet. And when this was originally passed, the nursing homes were given additional funding with the goal of increasing their staffing. Since that time, though, there's been a significant problem for the homes when it's come to funding. We have obviously a large number of cases where people are being removed from the rolls. We have people that are sometimes taking six months or longer just to get approved to go into the nursing homes, and then we've all heard issues going on with the MCOs and the nursing homes on payments. And then with the State's late payments to nursing homes, the combination of those things have put nursing homes in dire financial conditions where -- to the point to even some of 'em had to close this year. I think part of the problem is that many of these nursing homes would like to get their staffing ratios up, but they just don't have the -- the resources to be able to -- to do that until the State fulfills their obligation to that. But, I guess the question is, under current law, they -- when there is concerns over health, the Department can still go in there and investigate and still implement fines currently. Is that -- I guess that's the first question.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Collins.

SENATOR COLLINS:

Hello? Okay. That is correct. They can go in, administer fines, but the fines that they have now are just a slap on the wrist. And so it's just a cost of doing business. But let me go back. I'm glad you asked about the slow payments and the funding. First of all, this bill is not about funding and levels of service.

STATE OF ILLINOIS

This is not the bill. That discussion is going to take place because the nursing homes are at the table now, asking for an increase in a bed tax. I was at the negotiation in 2010. I fought for the increase with the bed tax and also -- but let me just go back to this slow pay argument that you're making. While Medicaid payments are slightly delayed at the -- at the Comptroller, they have improved the past few years after the impasse ended; however, the majority of payments from the Comptroller are made to the managed care providers, who then disburse it to the nursing homes. The longer delay often occurs there, not with the State. But as you mentioned the slow pay, let me -- just to remind you, slow pay is not a good reason to neglect patients. And not only that, let me remind you, Senator Syverson - I'm so glad you asked about this issue of slow payment getting to the nursing homes - as you recall, and maybe you don't, I just want to bring it back to your memory, in 2017, the Senate acted to end the two-year budget impasse by passing a budget and revenue package that provided desperately needed revenue to the State to end deficit spending that reached over six billion in both fiscal year '16 and '17. That package received one single Republican vote and that vote was not yours. Without the enactment of that package, the bill backlog would have ballooned to over twenty billion and payments to providers, such as nursing homes, would have been extremely delayed. For you to stand up and argue about the delay of the payments, I think you - - it's a little bit ironic and hypocritical since you didn't vote to allow the passage of a bill that would ensure that the revenue got to the nursing homes.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Syverson.

101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

SENATOR SYVERSON:

Well, thank you. If -- if, in fact, that was the problem -- if, in fact, that was the problem, I would stand up here and concur with that, but if you have -- we have been going through months and months of these Medicaid meetings. The problem isn't the availability necessarily of the money; the problem is that it's a technical problem where these individuals are not being approved or they're being taken off of -- of the -- taken off of Medicaid and it's six months or longer before they can actually get back enrolled. So it's not even the issue of being able to pay them; it's being the fact that there's a -- there is an immense problem that we have in our system of getting individuals enrolled and those that are enrolled, getting 'em redetermined. So if you talk with the nursing homes, that is the -- that is the -- the number one issue, and if you want to join us tomorrow morning at 7:30, we're having another of our Medicaid meetings in which we have heard from them and the Department about the significant revenue issues. So it is a concern. Most of these homes clearly want to, if they have the revenue, want to be staffing more than what they're currently doing. But, again, if there's abuses going on, the current system is in place; penalties are in place if there's severe penalties. The concern with this legislation is the penalties for being understaffed can be as high as the penalties for having a death in the home. That is an awful large penalty as opposed to something that's more reasonable when that occurs. And, again, this may make sense to look at once we get their other issues addressed, but putting this kind of onus on homes right now that have been so strapped because of the problems that -- not from their doing will create a problem for that. The other issue,

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

just quickly, regarding that -- that sepsis study, that was back from 2011 and since then this Body has passed a number of pieces of legislation dealing with sepsis and I think that those numbers have changed dramatically since that -- since that study was done that the Chicago Tribune referenced. So, we're not -- I'm certainly not opposed to the idea of trying to make homes as safe as possible. We have in place ombudsmen, we have the Public Health, we have local public health, we have the AG's Office, we have a -- we have a number of areas that go in there to help protect -- protecting those patients. And if they're -- if there's -- if they're acting in a way that's jeopardizing patients, then the Department should be in there and enforcing that with penalties. I'm just concerned, again, with the size of these penalties and the increase of the -- of the cost of these penalties that this is going to just create hardship for homes that are trying to do their best to give the best care they can. So I -- again, I appreciate what you're -- what you're trying to -- to do. I just hope that we can come up with something, again, that can -- so this can work more smoothly so they can have the resources to be able to meet the goals that you would like to see them meet.

into a nursing home and under that care, it's obviously a very emotional decision. It's a decision no one has to want to make. You wish you could take care of your parents yourself. However, if you're forced into that position, you're entrusting their care to a nursing home and you expect them to be provided for. You don't expect there to be abuse or neglect. And when you look at the numbers, it's absolutely staggering. Do I understand that fiscally it's difficult to have to pay for this care? Absolutely. But I don't sit there and I think, oh, my gosh, if it is your parents, are you going to sit there and weigh out a nursing home trying to save a few pennies here or a few pennies there or the care of your loved one that raised you? I want to thank Senator Collins for bringing this bill. I think it's a very important piece of legislation. I urge everybody, put yourself in this position and, please, vote with what you would want to be happening to your loved ones if you were in this situation. Thank you.

that question. This is not changing law. This is already law put in place in 2010, when I voted to -- for the staffing ratios, plus voted for increasing the bed tax. So this does not change any staffing ratios. We're only asking them to abide by the law as it is.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Castro.

SENATOR CASTRO:

To the bill.

PRESIDING OFFICER: (SENATOR MUÑOZ)

To the bill, Senator.

SENATOR CASTRO:

I urge Members of the Chamber to really think about this, and as the previous speaker said, when it's your own parent that you are putting in a nursing home or entrusting in the care, to put - - to assign a dollar amount is very hard. You obviously want them to have the best care. You also entrust a facility to make sure they're receiving the proper care. In many of the reports and many of the -- the articles that were written by the Chicago Tribune, that was not the case. I currently have a friend who is in a nursing home and I can tell you how many times I get texted from him or his family because he doesn't feel safe. And if he doesn't feel safe at that institution, then how many other institutions are not following those rules? So I urge an Aye vote.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Collins, to close.

SENATOR COLLINS:

Thank you. In closing, let me just address, penalties are not a given. Don't underserve and overmedicate your residents,

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY

there won't be any fines. And we're only asking that nursing homes to follow the law. If they do that, there will be no penalties. So, in closing, let me just say, Illinois nursing home residents are our society's most frail citizens and your constituents. They have lost the ability to independently care for themselves. These are your parents; your grandparents; people with disabilities; people who have spent many decades caring for us, our cities, our State, and our nation. The nursing home residents are our distinguished veterans, first responders, teachers, leaders, and people who have made our lives better in some way as we stand here now. Their contributions to Illinois and our society are immeasurable. They have earned the right to live in a safe, secure nursing home setting that properly cares for them to live the remainder of their lives in dignity, not in unspeakable pain from bedsores and infections and not in sedation. Why is that? As -- why is it that, as in 2010, we tend to turn a blind eye to abuse until the media shine a light on the conditions that continue to deprive our elders of their dignity. Yet, today, the Chicago Tribune reports "staffing levels for nurses and aides in Illinois nursing homes are among the lowest in the country". I have heard said that it is too costly to enforce the already existing law. Let me just stop. I hear a lot of noise. May I ask for -- this is important to me, if not to you. I have heard said..

PRESIDING OFFICER: (SENATOR MUÑOZ)

Please keep the noise down.

SENATOR COLLINS:

...that it is too costly to enforce the already existing law. Tell that to the families who have lost loved ones because nursing homes failed to be penalized for poor care. This bill does not

penalize those who uphold the law. To blame late State payments for the poor quality of care does not justify allowing our seniors, the disabled, our mentally ill, and loved ones to sit for hours in their feces and urine and develop infections, bed sores, and sepsis. They deserve better and we can do better. Yes, please vote Yes on this bill and help those who have lost the ability to care for themselves and to fight for themselves. I ask for a Yes vote.

What Senate Bill 1542 {sic} do, it is to invest up to five percent, or six hundred million, of the State's Investment Portfolio in education finance products. This will help Illinois students finance higher education expenses, earning a competitive return for the State portfolio while investing in students and contributing to economic development. This will strengthen the State's Investment Portfolio by increasing diversification and the State's risk-adjusted rate of return. The State Treasurer is our State chief investment officer. He invests more than thirty-two billion on behalf of the State, its municipalities and constituents. The impact investment offers a beneficial rate of return while also helping Illinois citizens. 3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Rezin.

SENATOR REZIN:

Thank you, Mr. President. Senate Bill -- 1569, again, was another suggestion from a constituent in my district. And it allows -- high school students are required to successfully complete at least one year of -- chosen from music, art, foreign language, or vocational education as a -- prerequisite to getting their high school diploma. This amendment adds speech as another option.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Any discussion? Senator Bertino-Tarrant.

SENATOR BERTINO-TARRANT:

Thank you, Mr. President. Sorry, I feel like this is -- we're having a difficult education day. But I understand, again, that -- what the sponsor is trying to do. Speech is a very important topic. Currently, there are no requirements; however, speech is found in our State mandates -- or our State standards. Here's the issue with this bill. They are telling us that speech has to be a part of fine arts, foreign language, vocational classes. And while we can mandate that here -- that here at the K through 12 level, colleges will not accept that speech is a fine art course.

So our kids can be in a senior year and find that they are short a credit. So, again, while I appreciate the importance of speech, higher ed will not allow speech to be included in the fine arts, so we are -- it will be either at the end of their senior years, they may find that they are short a credit or, again, we will have to somehow add another credit to the school day. So I urge you to -- to consider a No vote on this piece of legislation.

PRESIDING OFFICER: (SENATOR MUÑOZ)

No further discussion, Senator Rezin, to close.

SENATOR REZIN:

And, again, thank you, Mr. President. This bill was brought to me by a speech teacher in my district. Currently, speech falls under English to be taught along with English. There's not a specific speech class taught by a speech teacher, meaning critical thinking, debate, public speaking. So we're asking to put speech -- add speech as another option. If -- if we added it in the wrong place under fine arts, we're happy to amend that and find another place in the Code for speech, but we're happy -- because we're running out of time, we're happy to do that in the House.

SENATOR RIGHTER:

Thank you very much. Senator Collins, all right, I'm not -- I've looked at the analysis and I heard most of what you said in your opening. This would put an automatic expiration on arrest warrants that are issued based on a probation violation for a certain class of offenses. Is that -- is that right?

Senator Collins.

SENATOR COLLINS:

Yes, that's right.

Senator Righter.

SENATOR RIGHTER:

The question is, why? Why -- why do we need to do this?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Collins.

SENATOR COLLINS:

This is an initiative of the Cook County Sheriff's Department. What we find is that many individuals that have a clean record but still have these warrants that are over ten/twenty/thirty years, if they're stopped for, let's say, a moving violation, like on a vehicle, and the warrant is still current, they end up being penalized for that. So we're looking to mitigate the harmful effect when people have had a clean record for over ten years.

PRESIDING OFFICER: (SENATOR MUÑOZ)

misunderstood you. You -- you said that these people have a clean record, but they're on probation for an offense. They violated their probation and the court issued a warrant. They were never picked up on the warrant. I mean, how does that get us to they have a clean record and they shouldn't be tagged for that if they get stopped in a traffic stop?

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Collins.

SENATOR COLLINS:

If they've had a clean record since the offense.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Senator Righter.

SENATOR RIGHTER:

But they would have not completed -- they would have not successfully completed their probation, correct? Otherwise, they wouldn't have an arrest warrant out for them. Is that fair to say?

giving a certain group of people with a certain class of offenses, after ten years - who clearly have not satisfied the term of their probation, otherwise they wouldn't have an arrest warrant out for 'em - after ten years of us not being able to find them, say, well, we're just going to, it seems like, forget it happened. I'm not -- I'm not sure why we're doing this. There have been instances in the past, both in this State and around the country, where someone was picked up on a felony warrant after ten years. And the question is, do you want to extinguish that from the record now and just tell those people, you're not accountable for what you did, even though you didn't violate -- you did not complete your -- successfully complete your probation? Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR MUÑOZ)

No further discussion, Senator Collins, to close.

SENATOR COLLINS:

I'm so glad that you're concerned about what happens in Cook County, since this bill is just limited to Cook County and at the request of our sheriff, of the Cook County Sheriff. So I'm glad that you're concerned, but I think it's just old paper laying around and then if you've cleared -- surely shown that you've been without offense for that period of time, I don't think you should be held liable the rest of your life. So I just ask for a Yes vote.

Discrimination and Harassment -- Harassment Awareness and Prevention Task Force heard testimony from plaintiffs in the Ford Motor Company sexual harassment litigation, who described incidents of continuing sexual harassment by coworkers and union representatives because their employer failed to take corrective action, law enforcement declined to act, and the harassing conduct did not meet the factual requirements for obtaining a protective order under current Illinois law. Illinois does not follow a number of other states that criminalize harassment broadly. SB 1588 is intending not to criminalize such conduct but to provide a remedy for victims when needed. Women are often forced to orient their schedules and plans to account for public harassment, from changing a walking route to shelling out the money for an Uber to canceling evening plans altogether, ensuring that inequality pervades quite literally every aspect of day-to-day life for women. In order to continue the cultural shift away from this behavior, there needs to be remedies available for victims of sexual harassment, and not just in the workplace. While a recent shift in attitude about sexual harassment offers reason for optimism, harassment largely remains embedded in marginalized people's everyday life experiences and it will remain so until we adequately address it with our legal system. SB 1588 is intended to create a new civil remedy, called the sexual harassment no contact order, for cases where relief is unavailable under any other existing protective order. I know of no opposition to the bill, but I -- I do want to indicate that in committee some of my counterparts on the other side of the aisle had some questions and some suggestions where they thought the bill might be improved. I'm not in agreement with the language that they sent to me at this point,

but I want them to know that I'm happy to continue to -- the work on that once it goes over to the House and -- and -- and see what we can do to address their concerns. Happy to answer any questions.

PRESIDING OFFICER: (SENATOR MUÑOZ)

Is there any discussion? Senator Tracy, for what purpose do you seek recognition?

SENATOR TRACY:

Thank you, Mr. President. To the bill, please.

PRESIDING OFFICER: (SENATOR MUÑOZ)

To the bill, Senator.

SENATOR TRACY:

Senator Bush has dedicated a -- a -- a tremendous amount of her time and effort to addressing the things that we learned and discovered when we had the Sexual Harassment Task Force and I commend her tremendously for all of that work and that of her staff to try to address all the situations we heard of. This -- I guess you could coin it as "street harassment". Our concerns are it might be too broad and overreaching, and we have tried, and I know Senator Bush has tried, to tweak the language so that it addresses bad behavior that is offensive and wrong and sends a message that it will not be tolerated and protects the person that the actions are directed to; however, my concern is, it's just overly broad. Street harassment happens every day. People are offensive to one another. And I -- I'm just afraid that we can't legislate every wrong that's out there. Certainly, we -- we try to. And, certainly, we -- we do the best we can and do most of it, but street harassment can -- affect many situations. I mean, picture a World War II veteran sitting on his porch and every day a young

STATE OF ILLINOIS

woman walks by and he whistles at her and says, you know, whatever -- "hey, sweetie". You know, you can -- you can imagine. So every day this happens. Under this bill, that could be a course of conduct that would trigger an ability to go in and ask for a no contact order against this person. Now, certainly, the woman was offended. She also has the option to walk away from this man's house. He's sitting on his own private property and making comments. And it -- it depends on how -- who they're -- they're directed to perceives them. I think our judicial system could be overpowered. I think -- I -- I can just imagine the Cook County courts. Some of the downstate courts aren't as overworked. And -- and I also am afraid that that person sitting on that porch, their free speech is being impeded, and we're going to run into this and I think that we should pull back on this, continue to work on it till we can get language. We did send over language and we were told that it was perhaps too late to amend it. But, no, we cannot support it. It is street harassment, goes a little bit too far, a little bit too far reach. Certainly, bad behavior needs to be addressed and -- and victims, people that feel offended, need some protection, but we cannot protect every person. We cannot shrink-wrap our culture. We can make little changes and we have made them and will continue to make them and help people learn what is wrong behavior, what is offensive. And I do think every -- every man in here, every woman has learned something in the last year about what is wrong and what should change, but I don't think we can legislate every person in the State of Illinois to never make an offensive comment. Thank you.

SENATOR SCHIMPF:

Yes, Senator Bush, I want to echo Senator Tracy's words commending you for your efforts on this bill. I completely agree with what you're trying to do here. Just to kind of flesh out what was said in committee, I -- I thought that we were going to be able to come to an agreement. I still think that we will be able to come to one, but the -- you know, for whatever reason, whether it's too late or -- or we don't think we're there, this legislation is going over to the House and realistically what's -- what happens is we have no control over what happens in the House. So the language, as it stands right now, is not something that I -- that I can support. What I'm going to do, though, however, because I do anticipate being able to support this bill when it comes back over, I'm going to vote Present and I would urge the -- my fellow Senators that have the same concerns that I do to vote Present as well.

Thank you, Senator, and -- and thank you, Senator Tracy. I would like to make a few comments. And, look, I'm -- I'm not generally one who calls on timelines, but I didn't hear any objections until yesterday. And -- and, frankly, I -- I do want to deal with those objections. I did get an e-mail with two suggestions that, for me, were not someplace that I felt I was

STATE OF ILLINOIS

REGULAR SESSION  
SENATE TRANSCRIPT

ready to go yet. There are discussions that are going to continue. But I want to be clear about this. Sexual harassment is not okay. And I think it's insulting to say that our judges can't make a determination when this is a conduct, when this is a -- a behavior that is ongoing. This has to go to a judge to get this order. This is not something that someone can just, you know, make that decision, obviously, on -- on their own. But I think it's time that we understand that we are responsible for our actions. And, frankly, if you're catcalling every day to a woman that is walking by and feels threatened by you or a man that is walking by or someone who their gender is being called in question, I think they have a right to be able to go to the system and say, "Is this okay? Because if it's not, I want an order of protection. I want to make sure that that person can't come near me." And I think that is something we need to do. I'm going to ask for an Aye vote. I appreciate my colleagues over there and, you're right, I've spent two years of my life doing this work. I'm proud of it. I'm proud with all of you that I've worked with on the other side of the aisle and I am so proud of the changes that we have made in the State of Illinois, but there is more work to be done. I'm going to ask for your Aye vote. I'm going to ask those of you on the other side of the aisle that know that I stand by my word that I will continue to do the work to vote Aye today and to trust our justice system to make the determination on whether harassment has gone too far and has become something that we need to legally say to someone, "What you're doing isn't right. Stop it", and protect the victim. So I would kindly ask you to consider that. Thank you.

Thank you, Mr. President and esteemed colleagues. Senate Bill 1624 amends the Personal Information Protection Act to require that companies that own personal information concerning Illinois residents report data breaches affected -- affecting more than five hundred Illinois residents to the Attorney General in the most expedient time possible. The Attorney General is required to publish notice of these breaches, including the name of the data collector that suffered the breach, types of personal information compromised, and the date range of the breach. And this originally had quite a few opponents, but we worked out a lot of things together and there are no opponents. And the proponent to this bill is the Illinois Attorney General.

SENATOR PETERS:

Thank you, Mr. President. Senate Bill 1641 attempts to reduce the high rates of hunger on college campuses, as almost half of all college students say that they suffer from food insecurity. This bill is attempting to lower the rates of hunger by -- notifying students who could possibly be eligible for SNAP benefits. The process would be simple. ISAC would flag students who, based on their FAFSA information, may qualify for SNAP benefits. Then the college or university would notify the student that may be eligible for SNAP. This can be done simply -- simply slipping a piece of paper into a student's financial aid package. The student would still have to apply for SNAP benefits, but this -- this bill would let them know that they are eligible. It passed unanimous out of committee and I urge a Yes vote.

Currently, the State Plan needs to be adopted and -- and what -- has been adopted and it needs to be implemented, but due to the lack of staff and resources -- this bill would help in that area because it creates a position with existing dollars that come from the check-off box on your income tax. SENATOR RIGHTER:

Thank you. Ladies and Gentlemen, we are talking in this building about tax increases on income, on plastic bags, on mileage, on health care premiums and, I don't know, there's a list of five or six others. This would in part provide, or possibly provide, an income disregard for public assistance benefits, including a pilot program in the City of Chicago potentially, for guaranteed income. The question I would ask you is, when we are asking people to make sacrifices, such as paying more in taxes, which they will almost certainly be doing when this Session is over, are we on the other hand going to be saying, "Well, with regards to the rules on public assistance, we are going to disregard those income guidelines"? I don't think that's a thing that we should be saying to our people back home who are paying for this government. I would urge a No vote. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Morrison.

SENATOR MORRISON:

Thank you, Mr. President, Members of the Senate. This bill, as amended, reorganizes and clarifies the list of individuals who are mandated reporters who are required to immediately report to the Department of Children and Family Services when they have reasonable cause to believe that a child may be abused and neglected and it clarifies certain gray areas in the law that has left children in danger. The bill also requires mandated reporters to undergo some type of training so that they better understand their role and can better recognize signs of abuse and neglect. We have received a lot of feedback from stakeholders and we have done a -- the best we could to ensure that this training would not be burdensome and would be done as efficiently as possible. In Human Services Committee, we did discuss how we were going to make accommodations for the medical profession since they currently undergo so much continual education and that medical school does teach mandated reporting. I also want to assure all the Senators here this evening that we did listen to feedback from other stakeholders too. We made changes to the original language after hearing from the State Police so that they could incorporate this requirement into their current training procedures. We listened to the points of educational groups and made their requested changes as well. I know very well that not everyone is going to be satisfied with this bill, but this is a matter that I take very

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

seriously. I have worked for two years with many stakeholders on this, and at the end of the day, the intent of this bill is to protect children. In 2017, there were thirty thousand reported victims of child abuse and neglect in Illinois. This doesn't even touch on the number of countless other children who were abused and neglected and no one reported it. This is very important for the State of Illinois. I would be happy to answer any questions.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you, Senator. Is there any discussion? Senator Righter, for what purpose do you rise?

SENATOR RIGHTER:

Will the sponsor yield, please, Mr. President?

PRESIDING OFFICER: (SENATOR HARMON)

The sponsor indicates that she'll yield. Senator Righter.

SENATOR RIGHTER:

Thank you very much, Mr. President, Ladies and Gentlemen of the Senate. Senator Morrison, first of all, you and I have had several conversations about this legislation. I appreciate your willingness to entertain those conversations. One of the accommodations that you have made from the original language has to do with medical providers who have regular contact with children, such as, let's say, a pediatric nurse. The original version of your legislation moved their training requirements from once every three years to once every six years, and you made that accommodation to them through an amendment on the bill. Is that correct?

PRESIDING OFFICER: (SENATOR HARMON)

Senator Morrison.

SENATOR MORRISON:

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

Correct.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Righter.

SENATOR RIGHTER:

I rise because of the issue -- the -- the provisions then with regards to clergy. The bill would mandate the clergy be reporters, not only in cases of child sexual abuse, but also abuse and neglect, and they would also be subject to the training requirements. And what I've asked you is whether or not you were willing to make the same accommodation to the pastoral community that you were willing to make for the medical provider community. And I am renewing that offer here on the Floor. If you would be willing to take this bill out of the record and make that change, I would be a wholehearted supporter of the legislation, as I suspect everyone in the Senate would be, if we could make the accommodation for the pastoral community as you have made for the medical community. Are you willing to do that, Senator?

PRESIDING OFFICER: (SENATOR HARMON)

Senator Morrison.

SENATOR MORRISON:

Senator Righter, you're asking me to make an accommodation in the responsibility for a mandated reporter. The accommodation I made to the medical professionals were on the timing of their training. That's a total -- totally separate issue. I do understand your concerns. I have listened to them. I appreciate you talking to me about it. Under current law today, clergy members are already mandated reporters. This bill requires them to report the same type of abuse as the rest of every other mandated reporter. Forty other states already do this and have this same

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

requirement. I also want to remind the Body that based on reported numbers, a child in Illinois is five times more likely to be neglected than sexually abused. Neglect is a very serious issue. We're not talking about a dirty house or macaroni and cheese every night or letting your kids run alone in the backyard. It is incredibly serious. Seventy-five percent of the child abuse and neglect victims die from neglect. So the answer is, no, I am not willing to accept your offer.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Righter.

SENATOR RIGHTER:

To the bill, if I might, Mr. President.

PRESIDING OFFICER: (SENATOR HARMON)

To the bill, Senator.

SENATOR RIGHTER:

Thank you, Mr. President, and thank you, Senator Morrison. This is a difficult issue. The reason that clergy are treated differently is for this, is because clergy are in a unique position to counsel - yes, in a faith-based manner - individuals and families. And that's -- that's why they weren't -- they are not -- they are not, in the law today, mandated reporters of abuse and neglect. And I understand that some people shrink from that. I -- I -- I mean, I get that. I do -- I would ask the Members to give serious thought to, rather than the current situation, which is a pastor making -- maybe making a home visit in a community, a rural community like mine, and seeing -- and -- and seeing something that could be characterized as neglect and intervening in that family and counseling that family and bringing them around - because that's what happens today - what will happen if this

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

becomes law is the pastor will walk out of the home, will pick up the phone, and will call the Department of Children and Family Services. And we've all been mightily impressed with the record of the Department of Children and Family Services lately, haven't we? The current system for clergy works. The clergy are willing to take a step forward in order to get unanimity on the bill and I'm disappointed that the Senator is not willing to take advantage of that, particularly considering the practical, political accommodation that was willing to be made for medical professionals who see children on what is a daily basis, unlike almost every pastor that I know. Based on that, Mr. President, regretfully I rise in opposition. Thank you.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you, Senator. Senator Morrison, to close.

SENATOR MORRISON:

I'd like to thank Senator Righter, and I do mention his name in case he has another question. The clerical privilege that exists now will continue to exist, as it does in only ten other states in the United States. A confession made to a pastor or a priest would still not be admissible or allowable to -- to make a mandated report with. I ask for the Body's consent on this and would appreciate a Aye vote.

PRESIDING OFFICER: (SENATOR HARMON)

The question is, shall Senate Bill 1778 pass. All those in favor, vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? SECRETARY ANDERSON:

Senate Bill 1809.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HARMON)

Senator DeWitte.

SENATOR DeWITTE:

Thank you, Mr. President. Senate Bill 1809 is an attempt to address the teacher shortage here in the State of Illinois. As amended, this bill expands the eligibility of MAP recipients for one additional year to include students who have received bachelor degrees but enroll in an educator preparation program and teach - and agree to teach in Illinois for three out of the next five years. These students are only eligible to receive MAP for one additional academic year. I'm very pleased to have the support of the Illinois Education Association, Illinois Statewide School Management Alliance, the Large Unit District Association, along with Illinois State University and Northern Illinois University. I would ask for an Aye vote.

SENATOR SCHIMPF:

Question of the sponsor, Mr. President.

Sponsor indicates he'll yield. Senator Schimpf.

SENATOR SCHIMPF:

Senator, is this -- is this your first bill?

PRESIDING OFFICER: (SENATOR HARMON)

Senator DeWitte.

SENATOR DeWITTE:

Senator, it is my first bill.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Schimpf.

SENATOR SCHIMPF:

Well, I think one of the things that we have to -- really have to have is we need to know precisely what you're talking -- what we're -- what we're debating here. So what does -- what does MAP stand for? Is it -- is it Monetary Assistance Program or is it Monetary Assignment Program? What -- what does MAP stand for?

PRESIDING OFFICER: (SENATOR HARMON)

Senator DeWitte.

SENATOR DeWITTE:

It is the Monetary Award Program, Senator.

PRESIDING OFFICER: (SENATOR HARMON)

SENATOR DeWITTE:

I am not, sir.

PRESIDING OFFICER: (SENATOR HARMON)

SENATOR SCHIMPF:

Don't you -- don't you -- well, obviously, you're a new Senator, so you didn't know this, but don't you think it would be more appropriate that somebody that was a member of the Higher Education working group carried this bill since the -- the Higher Education working group was responsible for this program. this legislation - if someone who did receive a fifth-year grant did not serve the three years that they had committed to in exchange for the additional fifth year of a grant. ISAC was concerned about the clawback provision. We modified it to try to get them to at least neutral on this bill, to allow for a staggered three-part repayment program for each year that they may not meet their requirement pursuant to receiving that fifth-year grant. Frankly, sir, I think we agreed to disagree, and that's where we've left it.

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Manar.

SENATOR MANAR:

Thank you, Mr. President. This bill has many parts. The intention of this bill is to try to bring together several provisions that would change current law to address the teaching shortage in the State, which, of course, is more profound in some parts of the State than others. But I want to go through those provisions very quickly. First, the bill reinstates the six percent cap for salary increases for teachers to be covered by TRS. That number was moved down to three percent several years ago -- excuse me, this past year. This bill would move it back to six percent for the threshold for school districts to pay a penalty to TRS. Number two, it removes the requirement of teachers to pass a basic skills test in order to achieve admission into schools of education and eventually licensure. Number three, it removes the prohibition for student teachers to be paid while they're student teaching. And Number four, it allows for the refund of the cost of the edTPA test, which is a three-hundred-dollar fee paid directly to Pearson's, subject to appropriation, of course,

for teachers who teach in Tier 1 school districts. I'll be happy to take any questions.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you, Senator. Is there any discussion? Senator Oberweis, for what purpose do you seek recognition?

SENATOR OBERWEIS:

Question of the sponsor, Mr. President.

PRESIDING OFFICER: (SENATOR HARMON)

Sponsor indicates he'll yield. Senator Oberweis.

SENATOR OBERWEIS:

Andy, do you have any estimate as to how much that might -- how much additional that might cost our State pension plan?

PRESIDING OFFICER: (SENATOR HARMON)

Senator Manar.

SENATOR MANAR:

It's a bit of a tricky question. The answer is nothing because the payment was certified prior to the enactment of the law. So there was no savings achieved in the budget this year for that lowering of the threshold for the penalty from six to three percent.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Oberweis.

SENATOR OBERWEIS:

Well, let's be sure we're talking about the same thing here because -- and -- and perhaps I've got it wrong, but I've had a couple of conversations with Senator Bertino-Tarrant on this particular issue and we've had discussions with School District, I think it was 202. And the problem is, when they give these significant end of career boosts in pay, for whatever reason, and

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

4/10/2019

it's always, you know, we've got vacation time or we're going to add a new subject or we're going to ask you to do P.E. or do -- you know, so there's suddenly a nice increase at the end of career and then their pension has jumped up and, once again, taxpayers pay for it. Our pension becomes that much more unfunded. That's the number that I'm talking about and this is significant. It has been significant. We dealt with it in this Legislature because of the costs of that. In fact, the school district is telling me that for every dollar over the three percent, they're -- have to pay about nine dollars because that's the unfunded pension liability amount that -- that comes into existence as a result of that. So, we're taking a big step backward here and, once again, increasing our unfunded pension liability by a significant amount, depending on how much of these salary increases occur. So, I -- I think this is a serious issue and -- and I -- I -- I suggested to Senator Bertino-Tarrant, which I thought was a reasonable compromise, and that is, allow the school districts to pay any additional increases that they want, which they will pay for, however, let's cap the amount that is pensionable at the three percent increase. Anything above that, they can get the cash, but they wouldn't get the pension kick for that extra amount. Senator, would you consider holding this bill for that type of an amendment?

PRESIDING OFFICER: (SENATOR HARMON)

Senator Manar.

SENATOR MANAR:

No, I -- I wouldn't and I'll tell you why. First of all, my -- my officemate and my seatmate is not the sponsor of the bill. I am. We haven't had this conversation until this moment on the Floor of the Senate. This bill was filed months ago. We've had

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

32nd Legislative Day

debate. And I want to tell you about the world that I live in and the school districts that I represent in Springfield, in the central part of the State, where the lowering of the threshold from six to three percent has been detrimental to any number of issues when it deals with the teaching profession and getting teachers into the classroom, in addition to teachers sponsoring things like student council or being a coach or taking on extra duties, which makes it a penalty when it comes to the provision that was passed. So, the unfunded liability of the pension systems is not going to be impacted by this bill because it's going to be paid either by the local district or by the State budget. So this doesn't change unfunded liability for the Teachers' Retirement System. It just changes who pays for it under certain circumstances. The budget that we passed presumes -- presumes a change that was not enacted. So, by lowering -- or, excuse me, raising the threshold to six percent, it doesn't have an impact on either the budget or the unfunded liability.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Oberweis.

SENATOR OBERWEIS:

Senator, on the contrary - and perhaps it's my bad for not being a better communicator on this, but let me try it one more time - what I'm suggesting would make sense for all school districts. They can pay whatever they want. They can lure the, you know, the teacher into doing more. All of these things are fine. All the school districts can -- can make those payments, the teacher receives all that money, no question. The only question is, is the amount over and above a three percent increase pensionable? And yes, if it's pensionable, it does create more

STATE OF ILLINOIS  
101st GENERAL ASSEMBLY  
REGULAR SESSION

unfunded liability, or else we fund it and that comes from our -- our budget, which we just don't have. We're not even making our current pension requirement. So it will increase the unfunded budget -- unfunded liability by, again, a very significant amount. I understand that -- that school districts are saying -- it's not just in your districts. Senator Bertino-Tarrant and I heard this same story in -- in Oswego and Yorkville. They're concerned about not having the ability to -- to provide greater increases. We're saying give them the ability - let them provide those increases, but cap the pensionable amount at a three percent increase.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Manar.

SENATOR MANAR:

Senator Oberweis, maybe you have the bill. I mean, has -- have you filed the bill that you just described? That's not this bill. This bill reverts the law back to what it was before the change. That's what I'm seeking. That's what I'm asking approval from the Body. If you want to file that bill that you just described, I would urge you to do it. And I'm sure that the -- the gracious Chair of the Senate Education Committee would give you a hearing, and a -- a fair hearing, and we could have a debate. This bill is about reverting the law back to what it was before the change. I firmly believe the change was detrimental to the profession. I think it had a much more profound impact than we thought it would and that's why I'm asking that we go back to the way it was before the change. That doesn't mean we can't go in a different direction in the future, but that's not what I'm asking for today.

Yes, Mr. President. I'm...

PRESIDING OFFICER: (SENATOR HARMON)

Senator Oberweis.

SENATOR OBERWEIS:

...continuing on the same path 'cause I'm not sure we're -- we're getting there. I understand that your bill will take us back to a point that we tried to get away from because of the incredible cost that it was putting on the system. What I'm suggesting is a slight modification to your bill that would be -- do everything you want to do, leave it as it is; the only exception would be, we say that the pensionable amount is a three percent increase, not a six percent increase. So, if -- in those circumstances where they give a six percent increase, three percent would be pensionable, three percent not. That's all the change I'm asking for.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Manar.

SENATOR MANAR:

I -- I -- I -- with all due respect, Senator, I think I answered your question. You and I have not had this conversation until this moment. We've had multiple hearings on this bill. It was valued in the budget when it was passed at about twenty million dollars in a multibillion-dollar pension system. If that's something that you think is -- should be a debate -- debated topic here, I would urge you to file the bill and let's have that debate. I think the change was detrimental to the profession. I think it had more of an impact on underfunded districts than overfunded

districts, and there's great disparity in the State. But, I don't think there's anything wrong with standing up and saying, "You know what? This wasn't the right thing to do", and that we should go back to the system that we had and we should work from that point forward.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Fowler, for what purpose do you seek recognition?

SENATOR FOWLER:

Thank you, Mr. President. To the bill, please.

PRESIDING OFFICER: (SENATOR HARMON)

To the bill, Senator.

SENATOR FOWLER:

Thank you. Senator Manar, I -- I'm -- I'm honored to support this legislation. I'm honored to be a Chief Co on this legislation. You know, we have a -- a tremendous teacher shortage in the State of Illinois, and it's quite alarming to me. I've -- I've been -- I've been in contact with a lot of the schools within my district since I've become a Member of the General Assembly. And for those of you that don't -- don't know, right now there's over three thousand eight hundred teacher shortages, vacancies in the State of Illinois currently. That's up by almost one thousand this year. And there's been a lot of teachers due to this -- the -- the -- the -- the cut, if we -- and if we don't vote in favor of this bill, teachers are planning on retiring early, some of the teachers that would like to stay and continue to teach but are planning on retiring at the end of the contract because of -- of -- of the -- the loss of the -- the three percent. So I rise in support of this bill. I rise in support of education. It's time we really start continuing to work hard to not only recruit --

recruit good qualified teachers but also retain the good qualified teachers that we have in the State of Illinois. This three thousand -- three thousand eight hundred teacher shortage that we currently have will grow tremendously in the next few years if it -- if we don't do something to -- to alleviate our teacher shortage. So thank you so much for bringing this bill to our attention. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you. Senator Manar, to close.

SENATOR MANAR:

Thank you, Mr. President. I appreciate this debate. I want to remind the Body that last year we -- we took -- we took steps forward that was -- were things that I would describe as low-hanging fruit to address the teacher shortage. This one has a little more meat on the bone, but I think this is a necessary step. Beyond just the salary cap provisions, there are good things in this bill that come from teachers. The ideas in this bill came from teachers through the Senate Education Committee, through conversations that many Members on both sides of the aisle have had, and that's what this is designed to address. And I would respectfully ask for an Aye vote.

SENATOR SIMS:

Thank you, Mr. President, and I appreciate my colleague's perspective and position. What we are trying to encourage is our young people to participate in their government. If you -- and what we heard from young people who -- who presented on this bill and -- during the Senate Executive Committee was that if they did not have the opportunity with this -- to -- to vote during school hours, having civic -- civics teachers who would talk to them about the importance of voting, they may not have voted. There was one young lady who had a very compelling story, where she talked about the fact that she did not have access to a ride. And the -- and because her -- her parent could not get her to school -- or help her get to -- get -- get to the polling place, she would not have exercised her franchise. What we are trying to do is encourage young people to participate. We are trying to encourage them and make it easier, not more difficult, for them to vote. So I -- I -- again, I would respectfully ask Members of the Senate to approve Senate Bill 1970. Thank you, Mr. President.

SENATOR AQUINO:

Thank you, Mr. President. As most of you may remember, this is a bill actually we had last Session. Passed it out of both Chambers with bipartisan support. But then the -- the then Governor did an amendatory veto that removed a provision that we agreed with with the Department of Corrections that allowed for a one -- page with information about their voting rights be included in the checklist of documents they would get upon release. So we're back again this year to attempt to move this important legislation forward. Senate Bill 2090 would require county jails and local election authorities to collaborate in creating a process to facilitate voting. In especially large counties, those with populations more than three million would be able to establish a temporary polling place in county jails. Counties under three million would establish a vote by mail or absentee -- absentee voting program. But in all cases, counties would have local control to determine the best approach that works for them. Senate

Bill 2090 creates a floor that requires a process to facilitate voting. There are seven counties already that have the program. Champaign County became the eighth during the primary. I ask -- I will take questions, but I ask for a favorable vote.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you, Senator. Is there any discussion? Senator Righter, for what purpose do you seek recognition?

Thank you very much, Mr. President. To the bill, if I might.

PRESIDING OFFICER: (SENATOR HARMON)

To the bill, Senator.

SENATOR RIGHTER:

Thank you very much, Mr. President, Ladies and Gentlemen of the Senate. This is a good bill for all of you who have county clerks and election officials who have lots of money laying around and just don't know what to do with it. All -- that's not true for any county clerk. Okay? And if they have that kind of money, they should be doing things like making sure that their voter rolls are updated and doing other things to make sure that people are -- are able to vote. The people who Senator Aquino is concerned with have the ability to vote by mail now. There is no mandate that we send county clerk resources into nursing homes, assisted living facilities, community centers, community colleges, but we are going to have through this a State mandate that we send county clerk resources into jails to make sure they can vote when they already have the ability to do so through mail. This is an issue of priorities and I would suggest that the State telling local county clerks you need to go here and not worry about these places is something we should not be doing. Thank you, Mr. President.

But, actually, I want to address something that the Senator said. I don't believe that anyone in this State should be disenfranchised to vote. And if he wants to cosponsor a bill this Session or the following year to require county clerks to make sure that every single person in this State, be it if you're awaiting trial in jail or in a nursing home or whatever, absolutely I -- I -- I -- either if he wants to champion it and -- and put himself as the -- the -- the lead sponsor and I'll be the co-chief, or we can do it vice versa. But I don't think that anyone in this State should be disenfranchised and not have the ability to vote. So I ask for an Aye vote. Thank you.

Thank you. I -- I thought you had said at the committee hearing that it was -- about ten million was the estimate at that time, so we've cut the cost in half. I think we're making progress. That's a -- that's a good sign. We also talked about the fact, if you'll recall, that while this is a good idea and it's a good program, wouldn't it be possible to do that on a much more efficient basis if we did it through community college programs?

32nd Legislative Day

4/10/2019

PRESIDING OFFICER: (SENATOR HARMON)

To the bill, Senator.

SENATOR OBERWEIS:

While I think this -- the idea behind this bill is a good idea, I believe that this is a bad solution to a good idea. I believe a much better solution would be by using the program through community colleges. When the Senator says that there may not be easy community college access to everyone, there may not be access to any other program that easily either. There are community colleges all across the State. There are few communities that don't have a community college somewhere. So I think this is -- would be a much better idea and a much less costly idea. I think in our conversation we also came up that this could cost as much as thirty thousand dollars for each job trained. For that reason, I'm -- I'm opposed to the bill and I urge a No vote.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you. Senator Villivalam, to close.

SENATOR VILLIVALAM:

Yeah, that last part is not accurate. Again, this is subject to -- to appropriations. There's no opposition other than Senator Oberweis. It has support from business, labor, faith environmental groups. I ask -- respectfully ask for an Aye vote.

PRESIDING OFFICER: (SENATOR HARMON)

The question is, shall Senate Bill 2146 pass. All those in favor, vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 48 voting Aye, 1 voting No, none voting Present. Senate Bill 2146, having received the required constitutional majority, is declared passed. Ladies

and Gentlemen of the Senate, we're turning to the top of page 49 of your printed Calendar, now on the Order of Secretary's Desk, Concurrences. There you'll find Senate Bill -- I'm sorry, 196 and President Cullerton's Motion to Concur with House Amendment No. 1. Mr. Secretary, please read the motion.

SECRETARY ANDERSON:

I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 196.

Signed by President Cullerton.

PRESIDING OFFICER: (SENATOR HARMON)

President Cullerton.

SENATOR J. CULLERTON:

Yes, thank you, Mr. President, Members of the Senate. This is a concurrence motion. I -- would move to concur with -- with Amendment No. 1 to Senate Bill 196. Every odd-numbered year the Governor appoints four members to the State Board of Elections. That is to be done no later than April 1st and nominations from a State officer shall be submitted to the Governor no longer {sic} than March 1st. What we're doing with this bill is simply moving that date back to March {sic} (May) 15th for appointments to the State Board of Elections to give the incoming Governor more time to make these appointments. After this year, it reverts back to the original schedule. So, not very controversial. Be happy to answer any questions and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you, Mr. President. Is there any discussion? Any discussion? The question is, shall the Senate concur in House Amendment No. 1 to Senate Bill 196. Those in favor will vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have

all voted who wish? Have all voted who wish? Take the record. On that question, there are 56 voting Aye, none voting No, none voting Present. Having received the required constitutional majority, the Senate does concur in House Amendment No. 1 to Senate Bill 196, and the bill is declared passed. Senate Calendar, Supplemental Calendar No. 2, has been printed and distributed to the Members' desks. On that Calendar is the Order of Secretary's Desk, Concurrences and on that Order is Senate Bill 1474 and Senator Villivalam's Motion to Concur in House Amendment No. 1. Mr. Secretary, please read that motion.

SECRETARY ANDERSON:

I move to concur with the House in the adoption of their Amendment No. 1 to Senate Bill 1474.

Signed by Senator Villivalam.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Villivalam, on your motion?

SENATOR VILLIVALAM:

Thank you, Mr. President, and thank you, Mr. President. House -- House Committee Amendment 1 tries to address some of the concerns we've heard from our colleagues on the other side of the aisle. It amends the bill so that a violation of the Collective Bargaining Freedom Act, either knowingly or -- willfully, by a local government does not constitute a Class A misdemeanor. I ask to adopt.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you, Senator. Is there any discussion? Any discussion? Seeing none, the question is, shall the Senate concur in House Amendment No. 1 to Senate Bill 1474. All those in favor, vote Aye. Opposed, Nay. The voting is open. Have all voted who wish?
