Thank you very much, Mr. President. This bill amends the Public Library District Act. It provides that territory annexed by a public library district included within a municipality or school district shall be approved by ordinance of the board, publication or posting, and voter referendum, rather than only by ordinance of the board with the option for a back-door referendum to prevent the annexation. This had overwhelming support in the House. It was on the agreed bill list in committee. So I'd ask for an Aye vote.

Thank you very much, Mr. President. House Bill 3129 requires that beginning October 1, 2019, and each October thereafter, the maximum benefit levels for the TANF program be annually adjusted to remain equal at that -- at least thirty percent of the federal poverty level. And it removes the current provision that families -- do not comply with regulations may have their TANF cash benefits discontinued or partially discontinued, instead are the requirements that the Department is to impose a thirty percent reduction of the adult portion of the benefits. I know of no opposition and I would ask for an Aye vote.

PRESIDING OFFICER: (SENATOR KOEHLER)

Sponsor indicates she'll yield.

SENATOR SYVERSON:

Senator, I think we've talked about this in -- in -- in committee and I just want to verify. What this is basically stating is that if they -- if an individual is no longer compliant

with the guidelines, they're still going to be able to continue to get that TANF check even when they're in noncompliance. Is that correct?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Hunter.

SENATOR HUNTER:

Not -- not without good causes, Senator Syverson.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Syverson.

SENATOR SYVERSON:

Well, I thought it says in here that -- that that -- that money is continued to maintain even if they're not in compliance; that the -- that the child would still get seventy-five percent of that grant and that the adult would receive thirty percent of the remaining twenty-five percent even when they're no longer -- if they're out of compliance with the program.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Hunter.

SENATOR HUNTER:

It states that seventy-five percent shall be designated for the child or children and twenty-five percent shall be designated for the adult or -- for the adult or adults, and it removes the portion that permits the discontinuance of the program. It imposes a thirty percent reduction of noncompliance of the program requirements without cause and it provides for no sanctions which shall reduce the portion of the grant that is designated for any child of the assistance.

SENATOR SYVERSON:

Thank you. I think you just -- you just answered the question about that, when you said that it'll continue this grant even when they're non -- in noncompliance. And so, you know, at a time when we have -- we have rules and we're trying to keep our -- our -- our budget tight and we're trying to help individuals transition, the idea of continuing to make payments to somebody that's not -- that is -- that is not in compliant {sic} with those rules just -- I have concerns with, and so I reluctantly have to rise in opposition to what this proposal does. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR KOEHLER)

Any further discussion? Senator Hunter, to close.

SENATOR HUNTER:

Thank you, Mr. President. The Department of Human Services stated they're -- they're neutral on this bill and they also indicated that there will be a fiscal impact of about a million dollars, in which they feel as though they can cover it for '20 introduced budget, and they also state that they recognize that the TANF payments have not caught up with inflation and that they do support this initiative. And I would ask for an Aye vote on this side of the aisle.

SENATOR SYVERSON:

Thank you, Mr. President. This legislation provides that raffles and poker runs shall be governed by the governing Body of the municipality or county with the jurisdiction over the location where the winning chances in the raffle are determined or the poker run concludes. The raffle license authorizes the holder of the license to sell raffle chances throughout the State. This legislation passed the House unanimously and know of no opposition and would ask for a favorable roll call.

SENATOR McCONCHIE:

Thank you, Mr. President. As someone who's disabled I find it interesting that, you know, there's lots of times in which I am unable to prepare my own food because a kitchen is not accessible. And so this is something I think is an important thing, especially for those people who are homeless or who, like me, have a disability and are unable to necessarily prepare food on their own or safely be able to do so to be able to eat -- find -- get food in another way. So I commend the sponsor on this and I encourage an Aye vote. Thank you.

SENATOR WILCOX:

Thank you, Mr. President. House Bill 3369 amends the Sanitary District Act of 1936 to permit the Village of Lindenhurst to dissolve the Lindenhurst Sanitary District board and transfer the board's authority, including taxing authority, to the Village. The Village currently operates the District's equipment and the Sanitary District is largely coterminous with Village boundaries. There are no Sanitary District users living outside the Village boundaries. This bill streamlines and modernizes government. It has received unanimous Yes votes at every step. Has no known opposition. I appreciate your support.

SENATOR SYVERSON:

Yes, I have a couple questions of the Senator.

military career and you decided to run for the Senate because you wanted to, you know, come down to Springfield to help clean up all the crap. And so, is this -- is this that -- your key legislation as the -- as part of your pledge when you ran for the Senate?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Wilcox.

SENATOR WILCOX:

Many have known that I bring my dog Daisy down on occasion and so I'm used to picking things up within Springfield and it had been known that we might do this at times, so this bill literally will keep poop moving in our district. So, yes, it's a keystone element.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Syverson.

SENATOR SYVERSON:

And as your prime first piece of legislation, do you -- you know, do you feel this is -- you know, this is the reason that you ran for the Senate? Is this your -- your priority of legislative agendas with all the issues we have going on today?

Senator Syverson.

SENATOR SYVERSON:

Is there a cost to implementing this program?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Wilcox.

SENATOR WILCOX:

It's actually going to be a savings, as the trustees will be dissolved. The Village is currently operating the equipment, so no increased costs. It'll take till about 2032 to retire the ten-million-dollar debt, but that's the same whether the District remains or not.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Syverson.

SENATOR SYVERSON:

So, using one of these -- one of these lines, it's going to save money, but we won't see that savings until 2032. That sounds like some of our pension reform stories as well, so... But thank you for bringing this forward. We'll be happy to look at that before we take a vote.

SENATOR SCHIMPF:

Thank -- thank you, Mr. President. Senator Wilcox, I would just like to start by commending you for that very long introduction of that bill that had passed unanimously from the House. It was very, very thorough and helped me to understand most of it. But there was some stuff that I didn't quite understand because you used a pretty big word for a Marine, being me, so -- but I understand the Air Force, you know, you guys are more sophisticated. But, you said it was coterminous? Could -- could you tell me what coterminous means?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Wilcox.

SENATOR WILCOX:

I actually have a map with crayon outlines that could help explain it for my sister service and we will bring that to you to help you understand. It means relatively similar in nature.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Schimpf.

SENATOR SCHIMPF:

...would -- I -- I would like to thank you for that explanation. I'd also like to say that, you know, because this is so important, it has -- this bill has received media coverage. There's an article about it in the Daily Herald. And the -- the Daily Herald article actually says that it's not exactly coterminous; that there is a part of the District that is outside of Lindenhurst. So what -- what -- where is the actual difference between the -- between the two? You know, if you -- if you can mark that on the -- on the crayons -- with the crayons and the -- and the big piece of paper, where's the difference between the -- between the two

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Wilcox.

SENATOR WILCOX:

If you -- if you look at the Village as a big circle down here by the thumb, which we'll use to give you a thumbs up for the question, is about the area of disparity.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Schimpf.

SENATOR SCHIMPF:

You also said that there's -- there's nobody -- you said that there's -- there's no residents that are -- that are in the Sanitary District but -- not in -- not in the city {sic}, but there are -- there are property owners who are in the Sanitary District, but not -- not in the City {sic} (Village) of Lindenhurst, correct?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Wilcox. Sorry.

SENATOR SCHIMPF:

And a final question. Thank you for your indulgence, Mr. President. You know, one of the things -- for -- for those of you, my fellow Senators, that don't know about the Air Force, one of the things the Air Force is famous for is that when they first try to lay out an Air Force base, they put the golf course in first. They plan where the golf course is going before they map out the -- the rest of the Air Force base. That kind of life foresight just makes me think, why aren't we having the city {sic} vote first on whether or not they want to take -- take this on and then have us -- only after the city {sic} makes the decision, we should be voting after that.

Senator Schimpf. ...bill.

SENATOR SCHIMPF:

Yes, I think that -- I think that even though this bill passed through the House unanimously, I think this is one of those situations where we need to be the -- the -- the voice of rationality and maybe slow things down a little bit. I think it is absolutely appropriate that the -- that the city {sic} should make its decision, especially with how we, as some of us on my side of the aisle, care about local control. I think that we ought to have the city -- city {sic} vote first.
