SENATOR MURPHY:

...President, point of personal privilege.

PRESIDING OFFICER: (SENATOR HARMON)

Please state your point, Senator.

SENATOR MURPHY:

Thank you, Mr. President. Ladies and Gentlemen of the Senate, today I'm thrilled to have with me a Page named Colin Russell. Colin is a sophomore at Lake Forest College. He just passed over into his sophomore year, very successfully. He is currently a dual major in Political Science and Business, minoring in Legal Studies. He's also a member of the Alpha Tau Omega fraternity, which is a leadership fraternity. He's working in Prospect Heights this summer. He lives in Mount Prospect. His family is in the gallery. And so I'd just like you to join me in welcoming Colin to Springfield for his future endeavors when he'll be here himself. Welcome, Colin.

PRESIDING OFFICER: (SENATOR HARMON)

Welcome to the Illinois State Senate.

SENATOR BENNETT:

Thank you, Mr. President. House Bill 3584 attempts to allow crime victims a more -- a -- a louder voice in the decisions of someone who's been convicted. So, for example, it would allow a crime victim to register with the Prisoner Review Board victim registry and to submit a victim impact panel {sic} to that board for consideration at time of hearings, just as they are at sentencing hearings currently under criminal law. Those victim impact statements would be confidential, privileged, and the written reports of the Board's recommendation on a petition of clemency shall also be privileged. Thank you, Mr. President. House Bill 3667 is a gaming bill. It would create eight new casinos, four of which would be in Danville -- no. That's the wrong bill, but now that I have your attention... Now that I have your attention, 3667 is an initiative of the Department of Agriculture. It recognizes the huge importance, particularly in downstate economies, that horse racing and the breeding of horse racing is to our State. What it would do is make sure that at least five days of horse racing would take place every year at the Illinois State Fair. And we hope that that would encourage more people to learn about racing and ultimately lead to a larger investment in the State. I'd ask for an Aye vote. I know of no opponents.

SENATOR BELT:

Thank you, Mr. President. House Bill 3701 does four things. This is a cleanup bill for Department of Juvenile Justice. Number one, it provides that the Department of Central Management Services, CMS, is not required to verify positions within the Department of Juvenile Justice that requires licensure by the State Board of Education. Number two, it removes aftercare release from the time period in which a person could have received an education diploma, degree, or a certificate, in order to be eligible for record sealing. Number three, it provides that commitments to DJJ that are automatically suspended, terminated, or reinstated include charges from Illinois as well as other states and federal law. And four, it require DJJ to include in its report to the Governor and the General Assembly the staff-to- -- -to-youth ratio. Thank you, Mr. President, Members of the Senate. House Bill 35 provides for the administration of the Grow Your Own Teachers {sic} (Teacher Education) Initiative and preparation programs by Grow Your Own, rather than by the Board of Higher Education. Provides that, subject to appropriations, the Board of Education -- Board of Higher Education will allow -- will allocate funds to Grow Your Own Illinois for the purpose of administering the program and awarding grants for the GOT {sic} Initiative. It expands the definition of eligible schools and hard-to-staff schools to include early childhood programs in which less -- less than forty percent of the children it serves are receiving subsidized care under the Department of Human Services childcare assistance program. And it also provides an education initiative may also be offered to high school students who enroll in a dual credit course at a participating institution of higher ed. And it, finally, prohibits the Board of Education from adopting more restrictive rules regarding candidate's eligibility than outlined in the bill.

SENATOR AQUINO:

Thank you, Mr. President. Currently, driving under the influence records may not be sealed or expunged. House Bill 1690 provides that the court may order the sealing of one misdemeanor DUI arrest record that results in supervision or a conviction if the following conditions are met: number one, ten or more years have passed since the termination of the petitioner's sentence; number two, during the commission of the violation, the petitioner was not the -- in -- was not the proximate cause of death or personal injury to any other person or damage -- or damage the property of another person; thirdly, the petitioner has no other misdemeanor or felony driving charge on his or her driving

abstract; and lastly, the judge examined the driving abstract of the petitioner and made a finding on the record that the petitioner did not enter into a plea agreement on a lesser charge other than the violation of misdemeanor DUI violation, and the facts did not support that the petitioner had previously committed a DUI or a similar provision of a local ordinance. The bill does clarify that the Secretary of State shall maintain orders of court supervision and convictions on driving abstracts, essentially meaning that the court will still be able to see if there's a -- a prior DUI on someone's record. This is a bipartisan bill. The -- the House sponsor's a -- a Republican. And I ask for a favorable vote.

We -- we just don't want to have someone have a sort of a scarlet letter for the rest of their life for -- for a mistake. Again, this is -- the provisions are that -- that their first DUI happened over ten years ago. Again, the court system would be able to see if they had previously DUIs. adults twenty-six and -- under twenty-six years of age. Right now, we're going to be fixing three problems in trying to get these kids the right treatment they need and try to prevent hospitalizations, which is now frequently occurring because they're not getting early treatment. It restructures the Individual Care Grant and Family Support Program so that they can get coverage for the early intervention treatment, not hospitalization on the back end. Second, it requires insurance coverage of those evidence-based early treatment models and it caps, if premiums go up more than one percent, it then says we will no longer have to do it. And third, it addresses some Medicaid technical billing issues -- for prevention services. It's also subject to appropriation. This bill we've been working on for a couple years now. Very excited that we are now finally to the point of being able to bring it before this Body for a vote. And I urge your support.

SENATOR SYVERSON:

Senator, thank you for the work on this. I know you and I have had some discussions about the -- the portion of this bill that affects small employers in Illinois. There's a part of this bill that is a -- would be a mandate on small employers. And the concern is that there's only a few individuals in the State that

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION

provide this type of service and the bill requires that the insurance companies have to pay for those services, but there's nothing in there that deals with what kind of rates would have to be paid or what kind of rates would be negotiated towards the payment of those services. So we've talked earlier about that. Is there -- is there a way to look at trying to address that -- that concern?

PRESIDING OFFICER: (SENATOR HARMON)

Senator Steans.

SENATOR STEANS:

Well, I'm certainly open to that. The -- the rates aren't set in the bill and I'm very happy to continue having conversations on that. Right now, it's really mostly nonprofit providers who do this. So it's not like it's a group of folks that set different rates for different kinds of organizations or try to play those -- kind of games. It really is usually nonprofits. Also, believe that when we cover this, now we'll create more nonprofit providers who can provide the services in other parts of the State. There is a legitimate issue that there's not that many, so I understand the issue. Certainly will continue to work on how we might address that. Also want to point out, though, that right now these services generally cost about twenty-five to fifty-two dollars a day, whereas if you end up in a hospital, it's far higher rates. So preventing that should, we hope, also make sure that this is not raising premiums. We don't think that should be the outcome, but we did put in capping that just in case that does happen.

PRESIDING OFFICER: (SENATOR HARMON)

Senator Syverson.

SENATOR SYVERSON:

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

47th Legislative Day

5/21/2019

Well, thank you, Senator. And I -- and I appreciate what you've tried to do to address this. I think, again, the concern will have a -- without getting -- just because they're a not-for-profit, they -- they obviously do bill carriers and this -- this would require that carriers pay but not require that they have any agreement on what those -- rates that they would pay. And so I think that's a concern, why the insurance industry and small businesses are concerned, that this mandate, again, only affects the small little -- small employers in Illinois. It excludes all the large employers. And it's a -- the concern is, this is going to add more cost without any agreement with negotiations. So, while I appreciate, though, what the sponsor's done on that, I -- I -- I still have to stay opposed until we can get some agreement on how -- how -- how pricing and contracts are going to be worked out. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR HARMON)

Thank you, Senator. Any further discussion? Senator Steans, to close.

SENATOR STEANS:

Yes. No, I -- you know, as I say, I think this is a much better bill than it started out two years ago. There's been lots of input on it. I think it's clearly the right thing to do to ensure that twenty-six years and under {sic} kids are getting the right kind of treatment at the right time to -- 'cause the -- the real goal here is, if you get somebody the treatment, you can prevent -- prevent ongoing psychosis and a real diagnosis if you get them the treatment upfront. This is what this bill will accomplish and I look forward to your Aye votes. Thank you.

The bill also defines "rebate card" as it is in connection with a consumer purchase of a product or service. There was also an amendment that we worked on with the Credit Unions and the bank - the Community Bankers Association that we adopted in committee and it clarifies that the prohibition on use of rebate cards with post-issuance fees applies only to fees charged to consumer and - not swipe fees. That helped make the Credit Unions and the Consumer {sic} (Community) Bankers Association go from opposed to neutral. I will take any questions. I ask for a favorable vote.

PRESIDING OFFICER: (SENATOR MARTINEZ)

She says she will yield.

SENATOR RIGHTER:

Thank you very much, Madam President. Senator Steans, one of the issues that has been raised over -- in concern over this bill is the constitutionality of this. In other words, the question of whether or not these emissions tests fall within the parameters of the -- what -- what is commonly referred to as the "lockbox" amendment to the Illinois Constitution that requires Road Fund dollars be spent on transportation infrastructure. Can you comment

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

47th Legislative Day

on that?

PRESIDING OFFICER: (SENATOR MARTINEZ)

Senator Steans.

SENATOR STEANS:

Yes. And our attorneys have taken a look at this and feels like it totally falls within the requirements of the lockbox constitutional amendment.

PRESIDING OFFICER: (SENATOR MARTINEZ)

Senator Righter, any further questions?

SENATOR RIGHTER:

I sure do, Madam President. Senator Steans, in -- in your conversations with your attorneys that you just referenced, have they given you another example of expenditures from the Illinois Road Fund that could be likened to these emissions as opposed to what we typically think of -- of as appropriate Road Fund expenditures, which would be like building roads and repairing roads or building and repairing bridges or building and repairing mass transit issues? Is there another example that comes close to emissions testing?

PRESIDING OFFICER: (SENATOR MARTINEZ)

Senator Steans.

SENATOR STEANS:

This does not come out of the Road Fund. It comes out of the Motor Fuel Tax Fund. And it does, you know -- and we do have other things, I mean, that's to do with vehicle emissions and programs that have been running using -- and -- and, by the way, this transfer was made before after this. They just don't have the appropriation language in statute. So we're just trying to add the appropriation language for it into statute. But we've done

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

47th Legislative Day

this before and there has not been question or concern raised.

PRESIDING OFFICER: (SENATOR MARTINEZ)

Senator Righter.

SENATOR RIGHTER:

First, thank you for the correction on the name of the fund, although it's still constitutionally protected. The language that you're referring to expired before the adoption of the constitutional amendment. So my question still stands about a specific example of expenditure of these dollars, now constitutionally protected, that -- that we engage in.

PRESIDING OFFICER: (SENATOR MARTINEZ)

Senator Steans.

SENATOR STEANS:

So this has been in the BIMP over the last four years and appropriated this way. We haven't had any concerns expressed and it's a federally required vehicle emission program and we believe that it falls within the purview of what's required by the constitutional amendment.

PRESIDING OFFICER: (SENATOR MARTINEZ)

Senator Righter.

SENATOR RIGHTER:

To the bill, if I might.

PRESIDING OFFICER: (SENATOR MARTINEZ)

To the bill.

SENATOR RIGHTER:

Thank you. And, Senator Steans, I appreciate, as always, the forthright answers to the questions, and if we're going to operate under the rationale that "we've done it for the last several years, so it must be constitutional and okay", then I give up. But I

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

47th Legislative Day

5/21/2019

don't think that's the rationale in which we should operate here. The voters, in overwhelming numbers, voted for the lockbox amendment because they were tired of the General Assembly and Governors siphoning dollars off from the Motor Fuel taxes that they paid, which politicians told them would be spent on roads and bridges and mass transit. That's why the -- that's why we have the amendment in the first place, because people got tired of that. This -- while you -- you can argue the merits of the testing, the question here is whether or not we are going to go down that same road and tell the voters, "Well, we get your opinion that, you know what, you want these funds protected, but we have got to just bleed a little money off for this." I don't think -- I think this is -- this is, if it's not a violation of the letter of the Constitution, it is most certainly a violation of the spirit of the amendment that the voters voted for. I would urge a No vote. Thank you, Madam President.

PRESIDING OFFICER: (SENATOR MARTINEZ)

Any further discussion? Senator Steans, to close.

SENATOR STEANS:

Yes, and I -- I do have a little more clarification that I just got to that last point. Just so you know, in the -- the amendment itself says transportation funds may be expended for the following: the costs of administering laws related to vehicles and transportation. Vehicle emission tests - it's been done this way for thirty years. We've been using this for -- this funding source for vehicle emissions tests. I think it's clear that it's under the intent. And by the way, I think it was also under language -- legislative intent when the amendment was passed. This program I think was specifically mentioned as well. So I don't

101st GENERAL ASSEMBLY
REGULAR SESSION

think there's any concern about this being a constitutional use of the funds. Thank you.
