We're going to be going to House Bills 3rd Reading. We're going to start with House Bill 51. Senator Collins seeks leave of the Body to return House Bill 51 to the Order of 2nd Reading. Thank you, Mr. President and Ladies and Gentlemen of the Senate. I move for its adoption and to discuss it on 3rd.

PRESIDING OFFICER: (SENATOR KOEHLER)

Any discussion? All those in favor will say Aye. Opposed, Nay. The Ayes have it, and the amendment is adopted. Are there any further Floor amendments approved for consideration?

3rd Reading. Now on the Order of 3rd Reading is Senate Bill 51. Mr. Secretary, please read the bill.

SECRETARY ANDERSON:

House Bill 51.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Collins, to explain your bill.

SENATOR COLLINS:

Thank you, Mr. President. Excuse me. Senate Bill - I'm sorry - House Bill 51 becomes the bill after the adoption of the amendment. It reinserts provisions of the original bill with the following change: Instead of limiting the use of weapons, officers will now learn de-escalation tactics, including the use of force when reasonably necessary. This amendment removed all the opposition. The legislation is named after Peter Mendez, a nine-year-old who was traumatized when the police, in conducting a

REGULAR SESSION

wrongful raid, actually pointed guns and placed guns to the head of this young man, who is going -- undergoing counseling now because of the trauma. So, basically, the legislation works to provide the tools and the knowledge for officers on how to mitigate trauma when encountering a child in the arrest of a loved one or parent. I ask for your support.

PRESIDING OFFICER: (SENATOR KOEHLER)

Is there any discussion? Seeing none, the question is, shall House Bill 51 pass. All those in favor will vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 51 voting Yea, none voting Nay, none voting Present. And House Bill 51, having received the required constitutional majority, is declared passed. With leave of the Body, we're going to go to House Bill 823. Page 6 on your Calendar. House Bill 20 -- 823. Senator Tom Cullerton. We'll go to House Bill 2540. House Bill 2540. Senator Tom Cullerton, on House Bill 2540. We'll turn next to House Bill 2719. Senator Manar, on House Bill 2719. Mr. Secretary, please read the bill.

SECRETARY ANDERSON:

House Bill 2719.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Manar, to explain your bill.

SENATOR MANAR:

Thank you, Mr. President. This bill is straightforward. It would require upfront that all students file a Free Application for Federal Student Aid, or FAFSA, as a prerequisite to receiving

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

52nd Legislative Day

5/28/2019

a high school diploma in this State. In addition to that, there are a couple of provisions that would allow for an opt-out under certain conditions, as prescribed by the language of the bill. Louisiana did this to much success and I know of no opposition. There was some expressed in committee. I think we've answered a lot of those questions, but I'd be happy to take any questions on the bill.

PRESIDING OFFICER: (SENATOR KOEHLER)

Is there any discussion? Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Will the sponsor yield, please?

PRESIDING OFFICER: (SENATOR KOEHLER)

Sponsor indicates he will yield.

SENATOR RIGHTER:

Thank you very much, Mr. President. Senator Manar, I -- this is the time of year, and -- and -- and you've been around long enough to know, when lots of things are flying from different directions and so maybe a line of reasoning that you would have picked up in March or early April is harder to discern now because we're dealing with other things. That's my long way around asking, why is this a good idea?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator -- Senator Manar.

SENATOR MANAR:

So I would -- I would admit this came late in the Session. My preference, obviously, would have been that we had this early on, but regardless of the timing, clearly the more students that fill out FAFSA, the more students are eventually enrolled in institutions of higher education. That's not just four -- four-

year universities; it could be community colleges, trade schools, all of those things. So this is to compel that process so that, I would say, it forces that conversation at the high school level, and in many cases, it doesn't happen, so... I would also note that there's -- there's a delayed implementation on the bill for the following school year, not the one coming up right away, which was by design.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Righter.

SENATOR RIGHTER:

Some of the feedback that I've -- that I've received on this proposal, Senator, and I -- and I'm -- you're going to have to, and if you would just to save time, if you want to tell me about the exceptions that you've added in the amendment, but on a -- on a -- to step back a little bit and talk about the wide-angle lens perspective. Some of the feedback I've gotten has been basically this, is that a high school diploma is about whether or not you achieved what you needed to achieve in order to graduate from high school. And it's not about filling out a form that -- which is an extensive form, in -- in order to, perhaps, prepare for the next level of education, particularly if you're not going to do that. So talk to me about the -- the thought process that we are now in -- conditioning a diploma based on something that really doesn't have anything to do with a student's academic performance in high school and then on the exceptions, please. Thank you.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Manar.

SENATOR MANAR:

Yeah, so if -- if I understand your question correctly,

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

52nd Legislative Day

5/28/2019

Senator Righter, I would -- I would say that given the set of circumstances in the State for the need to keep students in Illinois, which is a multifaceted challenge that we face, this would be one small solution to that challenge. Not the only one, but a small one. Number two, we have to balance that up against -- with the very valid point that you just made in your remarks. I don't discount that whatsoever, but I also understand completely that - especially in the district that I represent, which isn't too dissimilar from yours - oftentimes first-generation college students or students that have other barriers never even have the conversation about what happens after high school to begin with, and if this is a catalyst for that type of conversation, I think it's -- I think it's warranted. So as far as the opt-out, it's as simple as a student signing a waiver that is put together by the State Board of Education that says that they acknowledge what FAFSA is and are choosing not to fill it out. That's how -- that's how simple the opt-out is.

PRESIDING OFFICER: (SENATOR KOEHLER)

Further discussion? Senator Curran.

SENATOR CURRAN:

Thank you, Mr. President. A question of the sponsor.

PRESIDING OFFICER: (SENATOR KOEHLER)

Sponsor indicates he'll yield.

SENATOR CURRAN:

Senator Manar, we -- we talked -- this is a small component of the bill, but we talked about it in committee. I know you mentioned that -- answered a lot of the questions in committee. I've never got a response as to the FAFSA component of this bill regarding guardians or children that are -- have guardians -- or

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

52nd Legislative Day

5/28/2019

under custodial guardianship rather than a parental custodial parent, why their -- why this part of the bill is not modeled after FAFSA and the FAFSA requirements, which would have them as an independent student, but rather they are treated the same as a child -- or a student that has a -- a custodial parent, which the FAFSA process does not treat them the same. Can you -- did you ever get a chance to resolve that?

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Manar.

SENATOR MANAR:

So I would say that is unresolved in the bill. So a student that falls under that category would -- would have to file the -- have to file the request for a waiver that's prescribed by the State Board of Education. What -- what I would commit to you today, Senator Curran, on the Floor is -- this is one reason why we put the delayed implementation of this requirement to the 2020 school year in the legislation, is so that if things like this come about, I'm committed to addressing it in a trailer bill. So, in the specific case of a guardian, that student would have to just fill out the waiver and opt out of the requirement.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Curran.

SENATOR CURRAN:

But as the bill stands right now, it puts the onus on the parent -- or not the parent, I'm sorry, puts the onus on the -- the custodial guardian to take action in this bill.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Manar.

SENATOR CURRAN:

Correct?

SENATOR MANAR:

Correct.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Curran.

SENATOR CURRAN:

Do you anticipate that changing with -- with -- before this actual implementation, or is that just something you're open to?

SENATOR MANAR:

I would...

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Manar.

SENATOR MANAR:

I would commit to you that I would file a bill to make that small but important change to what this underlying language provides for today.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Curran.

SENATOR CURRAN:

Thank you, Senator. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR KOEHLER)

Further discussion? Senator McConchie.

SENATOR McCONCHIE:

Question of the sponsor.

PRESIDING OFFICER: (SENATOR KOEHLER)

Sponsor indicates he'll yield.

SENATOR McCONCHIE:

Thank you -- thank you, Senator Manar. A few minutes ago you commented that we want to make it more likely that a student will

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

52nd Legislative Day

5/28/2019

actually go to college. Do we have data that indicates this? What is that? I'm just unfamiliar as to what that would be.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator Manar.

SENATOR MANAR:

So I don't have any specific data for Illinois and I would acknowledge upfront that our completion rate compared to other states is pretty good. It's pretty good. But that doesn't mean, of course, we shouldn't take steps to make it even better. So if you look at what Louisiana implemented, their -- they went from -- from one of the worst in the country to now one of the -- one of the best, in the top -- you know, kind of the top grouping of states. And there were many reasons for that. I think the largest reason was because of this requirement. So, is there a firm number that we can measure that we anticipate as a result of this bill today? I -- I -- I don't have one. I just think it's -- it's logical to attribute a higher completion rate to more students achieving a higher level of education, either through community college, four-year university, or a -- a vocational or trade school.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator McConchie.

SENATOR McCONCHIE:

Thank you. Thank you, Senator Manar. How do we -- or, maybe, how does Louisiana, or how do we in general, how should we handle the fact that filling out the FAFSA requires information that the student is not of -- is not accessible to them unless they have a -- a parent or custodial parent that is helping participate in the process? We all know that there are bad parents out there. Right?

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

52nd Legislative Day

5/28/2019

But I -- I just had to recently go through filling out the FAFSA for my oldest, who's in her first year -- just finished her first year at school, and going through that process was actually somewhat onerous. It requires social security numbers, lots of data in regards to actually what your income is, what kind of assets you have, and so forth, something that is -- would be impossible for my daughter to fill out without our cooperation. So how do we kind of reconcile this? I -- I -- I -- I understand what it is you're trying to do, but I'm -- I'm having difficulty here with a student who may have a parent who does not really want to cooperate, for whatever reason, and they are -- are kind of -- they're being limited from being able to get their diploma for what they actually did, perhaps they did it all on their own, when they have to do something that requires the participation of someone else who may not be willing to participate?

PRESIDING OFFICER: (SENATOR KOEHLER)

Can everyone please keep their conversations down? It's hard to hear. Senator Manar.

SENATOR MANAR:

So I would -- I would -- this is going to happen. All right? This is going to happen. So I'm not going to deny that the circumstance that you just laid out isn't going to happen. It is going to happen. I think that's part of the -- the thought behind the bill, is we should compel those types of conversations to happen. Understanding that if they don't, I would just point to -- I would point to the two places in the bill where there's -- there's a different path that would still allow for the student to graduate high school. In the -- the specific circumstance you just outlined, Senator McConchie, I would go to the last paragraph

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

52nd Legislative Day

5/28/2019

in the bill that says "A school district" can -- "must award a high school diploma to a student who is unable to meet the requirements of subsection (a) due to extenuating circumstances, as determined by the school district...". So, my guess is, I would assume that the State Board, as -- as the bill directs, would promulgate rules that would implement this bill. I would say that would be an extenuating circumstance. But -- but, again, I would acknowledge that's going to happen. But the premise of this bill is that we want the conversation to happen between the school district, parents or guardians, and students about what comes after high school, because the more federal student aid we get to Illinois, the more -- based on completion rates - we can't do that without completion rates for FAFSA - we will have more Pell grants, more students will go to vocational schools, will pursue a higher education. But I think this is the catalyst for those conversations to happen.

PRESIDING OFFICER: (SENATOR KOEHLER)

Senator McConchie.

SENATOR McCONCHIE:

To the bill.

PRESIDING OFFICER: (SENATOR KOEHLER)

To the bill.

SENATOR McCONCHIE:

Thank you. Thank you, Senator Manar, for those questions. I -- I am with you in regards to what it is that you're trying to accomplish here. I -- I -- I'm a -- I'm a little concerned in regards to the -- I'm -- I guess I'm a -- I'm a little concerned that there's going to be situations in which this is putting an undue burden on a child's ability to just complete their degree.

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

52nd Legislative Day

5/28/2019

I -- I -- I mean just because of this necessary kind of component, forcing a conversation. I mean, we've had conversations in here... Mr. President. We've had conversations in here before about it's not the Legislature's role to necessarily force conversations with parents - right? - and -- and that we shouldn't necessarily be in the middle of -- of parental and child relationships. And it's the -- it's the component of the FAFSA that -- it makes it impossible to fill out without the -- the parent being involved. I -- I mean, if this was something where you had to fill out something that was based on State aid that did not require that kind of information, I would be much more comfortable with it. I think, at this point, I'm going to vote No in hopes of -- we can continue to perhaps refine this over time. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR KOEHLER)

Seeing no further discussion, Senator Manar, to close.

SENATOR MANAR:

I appreciate the questions from my colleagues. I think this is a good step in the right direction. Want to just remind the Body that there -- there are provisions in the bill that don't make this a requirement that would prevent graduation but allows for opting out in a very simple manner. I would ask for an Aye vote. Thank you.

PRESIDING OFFICER: (SENATOR KOEHLER)

And so the question is, shall House Bill 2719 pass. All those in favor will vote Aye. Opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 39 voting Yea, 13 voting Nay, 1 voting Present. And House Bill 2719, having

Senator Castro, to explain your bill.

SENATOR CASTRO:

Thank you, Mr. President. House Bill 137 removes the requirement that IDOT and EPA rules on coercion {sic} (corrosion) prevention apply only to hundred percent State-funded bridge and community water supply projects. We actually worked on this bill after Executive Committee. There was some debate on whether or not this include routine maintenance. So I actually worked with

STATE OF ILLINOIS
101st GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

5/28/2019

some of the opponents - Brad Cole from IML - and we clarified the language, and so IML has agreed to the change in the terminology clarifying that routine maintenance activities "shall" be deemed exempt, whereas before they were only "may" be exempt. The aspect of this bill was a significant portion of IML's opposition and they have now removed their opposition to that piece of the bill. IML remains opposed to the restrictions and inspections placed on municipalities and the remainder of the changes within the bill. So we tried to work on a compromise. This is kind of in the middle. I will go ahead and take any questions.

PRESIDING OFFICER: (SENATOR KOEHLER)

Is there any discussion? Seeing none -- I'm sorry. Senator Righter.

Thank you very much, Mr. President. Briefly to the bill, if I might.

SENATOR T. CULLERTON:

Thank you, Mr. President. Sorry, going a little old school. We're having computer issues here. But House Joint Resolution 7 directs the Auditor General to conduct a performance audit of the Illinois State Police Division of Forensic Sciences. As you all know, we have a -- we have a backlog of over a year in DNA testing, whether it be for rape kits, murder kits, and homicides throughout the State of Illinois. This codifies and makes sure that we get the Auditor General to be a part of it. We also would like him to look at a possibility of a Rapid DNA system to bring to the State of Illinois.
