## FORWARD

The 79th Illinois General Assembly, which convened in January of 1975 and adjourned two years later, was the busiest in the history of the state. 6,082 House and Senate bills were introduced in the regular session; more than 1500 of them became law. In addition, two state budgets were enacted, and several major issues were studied in six special sessions.

Unfortunately, despite the existence of all of this activity, and although floor debates have been recorded since the fall of 1971, these proceedings have not been published. They have, of course, been available to the public as the 1970 Constitution requires, but this has been through the legislative offices and the Index Division of the Office of the Secretary of State on an individual request basis rather than through a formal and complete publication.

In an effort to make the proceedings of the legislature known to the citizens of the state of Illinois, the floor debates from the 79th General Assembly for the Senate were put on microfiche, indexed, and sent to Illinois documents depositories and library systems throughout the state. This was an undertaking which involved the efforts of many people. The Senate President's Office taped and transcribed the debates and provided the staff for typing of this index. The Micrographics Division of the Office of the Secretary of State did the filming, and the State Library distributed the microfiche and prepared the bill number index.

The publication of this index to the Senate debates marks the final stage in the completion of this project. A similar index to the 79th General Assembly House debates, which have already been filmed and distributed in the same manner as the Senate material was published in the fall of 1977.

### HOW TO USE THIS INDEX

In order to get maximum usage from this index, the researcher should keep the following guidelines in mind:

1. Coverage is limited to the 79th General Assembly Senate floor debates (January 8, 1975- January 12, 1977).
2. Reference is by bill number only. Citations to Public Acts, which are given in the Illinois Revised Statutes and in other sources, can be converted to bill numbers by consulting the appropriate Public Act as it appears in the session laws. Those who need access to debate by subject or sponsor should check the indexes in the Legislative Synopsis and Digest for reference to pertinent bill numbers.
3. The purpose of this index is to lead the user to discussion of legislative intent or reasons for particular activity, and not to serve as a record of all action. This means that there are no references to stages in the bills' progress which did not involve debate. Many bills, for example, are not amended on second reading. The Secretary indicates that there are no committee amendments, the presiding officer asks if there are floor amendments, is informed that there are none, and the bill is moved to third reading. There will be no citation to second reading debate on such bills since the floor proceedings contain no more information than the Senate journal or the Legislative Synopsis and Digest. Some bills were put on a consent calendar and passed in a single roll call without separate discussion; these will not have citations to debate on third reading (final passage stage). There should always be references to debate for the following actions: amendments, concurrence or nonconcurrence in House amendment to Senate bills, agreement or refusal to recede from Senate amendments to House bills, conference committee reports, and actions involving Governor's vetoes. This is true even in the rare cases in which there are no explanatory remarks made at the time.
4. Within the limitations of the preceding guidelines, debate was indexed for all House and Senate bills where it existed. Coverage for resolutions was more selective, since most of them are ceremonial and perfunctory in nature. Debate was indexed for all House and Senate constitutional amendment resolutions and for resolutions which involved controversy (usually investigations of problems or expression of sentiments which were not universally accepted).

To locate debate for a bill:

1. Consult the bill number in the index. If there are entries under the bill, they will refer to a day number (#) and pages. Note that the day numbers, which appear in eye legible type in the body of the fiche, are usually not the same as the fiche numbers in the upper left hand corner.
2. Turn to the Microfiche Frame Locations for exact location on the fiche. Citation is to day, page, fiche number, column, and row. Rows and columns are both identified by numbers. Column is given first and row second.

Thus, the frame marked X is column 6, row 4 on this microfiche.

The microfiche frame locations are intended to give the user the page number of the first frame in any series of columns. A researcher who has been referred to page 10 of Day 23, for example, will not find a reference to page 10, but will observe that page 6 is at column 1, row 4 and that page 20 is at column 1, row 5. Page 10 will therefore be at column 5, row 4.

Some days are very short and debate will not fill even one line. Day 3 is not cited in the location table but it will appear between Day 2 and Day 7 in the line beginning with column 1, row 4.

On the days for which there were both regular and special sessions, debates for the special sessions appear after the regular session for that day. It should be noted that day numbers on the microfiche will not correspond to those in the Senate journals after Day 157 (July 2, 1976), because the journals number each special session separately and the debates are numbered continuously without differentiation between regular and special sessions.
