FORWARD

The fall 1971 session of the 77th General Assembly is a landmark in the legislative history of the state. It was in October of 1971 that the legislature began recording and transcribing its deliberations under terms of the 1970 Constitution. This meant that floor proceedings of the General Assembly would be accessible in a permanent written form.

Unfortunately, although the debates have been recorded since the fall of 1971, these proceedings have not been published. They have, of course, been available to the public as the 1970 Constitution requires, but this has been through the legislative offices and the Index Department of the Office of Secretary of State on an individual request basis rather than through a formal and complete publication.

In an effort to make the proceedings of the legislature known to the citizens of the State of Illinois, the floor debates from the 85th General Assembly for the Senate were microfiched and sent to Illinois documents depository libraries and library systems through out the state.

The publication of this index to the Senate debates marks the final stage in the completion of this project. Similar indexes to House and Senate floor debates of other sessions are also available or are in preparation.

HOW TO USE THIS INDEX

In order to get maximum usage from this index, the researcher should keep the following guidelines in mind:

1. Coverage is limited to the 85th General Assembly Senate floor debates (January 14, 1987-January 9, 1989)
2. Reference is by bill number only. Citations to Public Acts, which are given in the Illinois Revised Statutes and in other sources, can be converted to bill numbers by consulting the appropriate Public Act as it appears in the session laws. Those who need access to debate by subject or sponsor should check the indexes in the Legislative Synopsis and Digest for reference to pertinent bill numbers.
3. The purpose of this index is to lead the user to discussion of legislative intent or reasons for particular activity, and not to serve as a record of all action. This means that there are no references to stages in the bills' progress which did not involve debate. Many bills, for example, are not amended on second reading. The Clerk indicates that there are no committee amendments, the presiding officer asks if there are floor amendments, is informed that there are none, and the bill is moved to third reading. There will be no citation to second reading debate on such bills since the floor proceedings contain no more information than the House journal or the Legislative Synopsis and Digest. Some bills were put on a consent calendar and passed in a single roll call without separate discussion; these will not have citations to debate on third reading (final passage stage). Nonconcurrences are often adopted without debate and will therefore not be indexed.
4. Within the limitations of the preceding guidelines, debate was indexed for all House and Senate bills where it existed. Coverage for resolutions was more selective, since most of them are ceremonial and perfunctory in nature. Debate was indexed for all House and Senate constitutional amendment resolutions and for resolutions which involved controversy (usually investigations of problems or expression of sentiments which were not universally accepted).

TO LOCATE DEBATE FOR A BILL

1. Consult the bill number index. If there are entries under the bill, they will refer to date and pages.
2. Turn to the "Conversion Table: Legislative Day to Date" in order to convert the date to legislative day number

Please note the microfiche are numbered sequentially in the upper right hand corner of the heading. The heading shows the number of the legislative day and date of the first legislative day on that particular fiche. There is no correlation between sequential fich numbers and the legislative day contained on the fiche.

On the days for which there are both regular and special sessions, debates for the special sessions appear after the regular session for that day.
