And they're all congratulatory.

PRESIDENT:

Consent Calendar, Madam Secretary. All right, if the Chair can have your attention, there's been a couple of changes in the schedule which we'd like to point out. If we can have your attention, particularly those of you on Appropriations. This afternoon we will work until approximately four o'clock...four o'clock this afternoon at which time Appropriations Committee will meet in Room 212. Appropriations will be moved up from six until four o'clock to accommodate some of the members and give the committee more time. Tomorrow morning the Committee on Appropriations II will start at 10:00 a.m. and the Session will begin at roughly one o'clock, and we will again be apparently on the Order of 2nd Reading. Thursday we will go from eleven until six on 2nd and 3rd reading, and Friday Senator Philip and I have discussed the real possibility of getting out of here early, so if we could do Friday...2nd...appropriation amendments and recalls, we could probably conclude our business by noon, at which time we will pass out the Agreed Bill List so that everybody can read it over the weekend and come back on Monday ready to conclude our business that week. So, we'll work today until four o'clock and we'll start on the Order of House Bills 2nd Reading, middle of page 21, and I would ask the members to pay particular attention. Those bills that are moved from 2nd to 3rd today and tomorrow will, obviously, be candidates for the Agreed Bill List on Friday. So, there is some incentive to try to move your bills ahead if they're noncontroversial. So, I would ask the members to stay close

HB 3

to your file and see if we can move these bills. Middle of page 21, on the Order of House Bills 2nd Reading, House Bill 3, Senator Kustra. Where did he go? I just saw him. Uh. Senator Kustra on 3. On the Order of House Bills 2nd Reading is House Bill 3. Read the bill, Madam Secretary.

PRESIDENT:

Senator Welch on Committee Amendment No. 1.

SENATOR WELCH:

Mr. President, I would like to Table that amendment because I have a Floor amendment which corrects and clarifies that committee amendment.

PRESIDENT:

All right, ladies and gentlemen, if I can have your attention, we'll have to slow the process down considerably. There appears to be an electrical malfunction with the scoreboard so that the bill number and the amendment number do not light up simultaneously unless we get three people

holding four different buttons at once...right...so, if you will bear with the Chair and the Chair will bear with the sponsors, we'll attempt to move through. We are now on House Bill 10, in the middle of page 21. Senator Welch has moved to Table Committee Amendment No. 1 and substitute in lieu thereof Amendment No. 2 which has been filed with the Secretary. All in favor of the motion to Table indicate by saying Aye. All opposed. The Ayes have it. Amendment No. 1 is Tabled. Further amendments, Madam Secretary?

Any amendments from the Floor?

SECRETARY:

Senator Welch offers Amendment No. 2.

PRESIDENT:

Senator Welch on Amendment No. 2.

SENATOR WELCH:

Mr. President, this amendment is similar to Committee Amendment No. 1. The difference is this. This amendment clarifies that the change goes into effect for the coming school year and, secondly, it changes the sunset provision from a three-year provision that I had talked about in committee to a one-year sunset provision. I would move adoption of the amendment.

PRESIDENT:

All right, Senator Welch has moved the adoption of Amendment No. 2 to House Bill 10. Any discussion? If not, all in favor indicate by saying Aye. All opposed. The Ayes have it. The amendment is adopted. Further amendments?

PRESIDENT:

Senator Raica on Committee Amendment No. 1.

SENATOR RAICA:

Mr. President, it...this was regarding the sale of tickets to certain places of entertainment of...music...of amusement by making it applicable to admission tickets for sporting events only, and this is necessary to change the bill and provides the ticket agents selling tickets for admission to places of entertainment must be licensed. I move for the adoption of Amendment No. 1.

PRESIDENT:

All right, Senator Raica has moved the adoption of Committee Amendment No. 1 to House Bill 113. Discussion? Senator Demuzio.

SENATOR DEMUZIO:

I just want to ask a question. If...if I have tickets to

sporting event and the tickets are five dollars each and I've...I've got four tickets and I'm going to use two, could I stand...will this amendment allow me to still stand outside and get rid of the other two tickets for five bucks apiece as long as they're no...than the admission price?

PRESIDENT:

Senator Raica.

SENATOR RAICA:

If you bought them for your family to use, Senator, you could.

PRESIDENT:

Senator Demuzio.

SENATOR DEMUZIO:

Well, how do you determine that? What happens if I've got...what happens if I've got four tickets to the ball game and I'm not going but a friend of mine is going and I ask him to unload these tickets for the same price that I have purchased them for, would this prohibit him from standing out in front of the stadium or from...from selling those tickets unless he's got a license?

PRESIDENT:

Senator Raica.

SENATOR RAICA:

Senator Demuzio, I am...I would say no; however, the House Democrats put this amendment on and it was not originally part of the bill.

Senator Maitland on Amendment No. 1.

SENATOR MAITLAND:

Thank you, Mr. President and members of the Senate. Amendment No. 1 puts the bill in the same...same condition as Senate Bill 707 when it...left this Body some weeks ago. This...this legislation introduced by Representative Ewing had one approach, 707 had a different approach, we believe this one is a better way. It...strictly strikes the word "superior" and puts it in the same form as Senate Bill 707. I would move for its adoption.

Senator Vadalabene on Amendment No. 1.

SENATOR VADALABENE:

Yes, thank you, Mr. President and members of the Senate. Amendment No. 1 to...Floor Amendment No. 1 to Senate Bill

143 amends a very, very controversial bill that was...came over from the House, and what this amendment provides that the only community college districts which are contiguous to experimental community college districts may choose to elect trustees from individual districts. There's only one experimental community college district...and the only one community college district is contiguous to...is the Belleville Community College. This now has the...the objections of the...of Karen Miller, the executive director for the Community College Trustees, and...this is the one that we agreed to...to Senator Davidson and the other members of the...Higher Education Committee on both sides of the aisle, and I would move for its adoption.

Senator Schaffer offers Amendment No. 1.

PRESIDENT:

Senator Schaffer on Amendment No. 1.

SENATOR SCHAFFER:

Mr. President and members of the Senate, when we created

the Historical Museum District Act a couple of years ago, we provided for a...a tax rate...property tax rate by front-door referendum of .004. Thus far, none of the areas that are interested have attempted the referendum simply because the .004 brings in so few dollars that it...you know, the cost of the elections almost cost...more than the rate will bring in. What this amendment does is take that .004 and bring it up to .02. The front-door referendum is still required and if, in fact, a district...I'm not aware of any, has been created, we put some safeguard language in there saying that to go above .004 they had to go back and have another referendum, but I don't think any district has been created, but I wasn't absolutely sure. So, what we're simply doing is...changing the permissive tax rate and still requiring a front-door referendum and...and...then some of the historic organizations, I think, will attempt to...to convince the voters that this is something they should do.

PRESIDENT:

Senator Schaffer has moved the adoption of Amendment No. 1 to House Bill 265. Discussion? If not, all in favor indicate by saying Aye. All opposed. The Ayes have it. The amendment is adopted. Further amendments?

PRESIDENT:

Senator Fawell.

SENATOR FAWELL:

Thank you, very much. This amendment was...I was asked to...to carry this amendment from my colleagues on the other side of the aisle. Senator Vadalabene, I thought you would be interested in knowing what your colleagues think. They want to perpetuate you from now until eternity.

PRESIDENT:

Senator Sam.

SENATOR VADALABENE:

I don't know what it is about you women. Senator Netsch wanted to perpetuate me...up from eternity here a couple of years ago, now here you come...explain what you're talking about, Bev.

PRESIDENT:

Senator Fawell.

SENATOR FAWELL:

This bill would...originally allow a...a...Tullium gregarium or some darn thing as the state fossil and it was suggested by the...by the colleagues on the other side of the aisle that instead of allowing the Tullium gregarium or whatever it is to be the state fossil that we should instead substitute Senator Sam Vadalabene so that all people from now and until eternity would know what a great Senator we have.

PRESIDENT:

Senator Sam.

SENATOR VADALABENE:

First of all, I have literally thousands of petitions in regard to that bill, and I've started answering these petitions. Now, if you want to...you know, get...get a bill to

HB 326

refer to me as something else, I'll go with that, but I really will not approve adopting that amendment on to this bill although maybe in eternity, you know, there'll be something else going for me up there, but I...I cannot move for...I'll...I'll oppose this...I'm...I'm lost for words, Bev, what the hell are you doing to me over there?

PRESIDENT:

Senator Carroll.

SENATOR CARROLL:

Question of the sponsor, if she will yield.

PRESIDENT:

Indicates she'll yield, Senator Carroll.

SENATOR CARROLL:

Does the amendment say that you have to take the Vadalabene Bike Pass to the Vadalabene Circle along the Vadalabene Bridge down the Vadalabene Highway to the Vadalabene Multipurpose Center Building to find the Vadalabene Fossil?

PRESIDENT:

Senator Fawell.

SENATOR FAWELL:

PRESIDENT:

Senator Netsch on Amendment No. 1.

SENATOR NETSCH:

Thank you, Mr. President. Amendment No. 1 is the one we thought we were going to put on in committee but it was in incorrect form. What it does is to put House Bill 401 in exactly the same posture as Senate Bill 172 when it...when that bill, Senate Bill 172, left the Senate. This has to do with the CUB checkoff. It is no longer a checkoff, it is simply an enclosure in state mailings, exactly as we did with respect to our own Senate bill. I would move the adoption of Amendment No. 1 to House Bill 401.

SECRETARY:

Senators O'Daniel and Davidson offer Amendment No. 1.

PRESIDENT:

Senator O'Daniel on Amendment No. 1.

SENATOR O'DANIEL:

Mr. President, Amendment No. 1 to House Bill 420 will contain language which pertains to the issuance of supplemental dealers license to the Secretary of State's Office. Currently, any licensed dealer may obtain a supplemental license and hold a weekend tent sale anywhere in the state. This language will restrict the supplemental license to an area where the dealer is...is primarily licensed. House Bill 420 as amended will ensure consumers the dealer from whom they purchase a vehicle will have service facilities available, have office and sales personnel to properly handle the title and registration procedures and other services expected from a licensed dealer. This amendment is supported by the twelve hundred franchised new car and...and truck dealers.

PRESIDENT:

All right, Senator O'Daniel has moved the adoption of Amendment No. 1 to House Bill 420. Discussion? Senator Davidson.

SENATOR DAVIDSON:

Mr. President and members of the Senate, I rise in support of this amendment. As you all know that there's fifteen hundred licensed car dealers in Illinois who employ thirty-

five thousand people who pay eleven percent of the sales tax into the state coffers and this is just trying to give those people who...that investment and those kind of talent and people employed some protection against the people who...they've done here recently...come down and rent a vacant lot and put up a tent and sell the cars and then disappear and there's no place for service or any complaints if the car doesn't do what it's supposed to be. I urge an Aye vote on this amendment.

PRESIDENT:

Further discussion on Amendment No. 1? Senator DeAngelis.

SENATOR DeANGELIS:

Thank you, Mr. President, and here we go again. I have a question of the sponsor.

PRESIDENT:

Sponsor indicates he will yield, Senator DeAngelis.

SENATOR DeANGELIS:

I believe there was a bill that was not picked up that did the same thing. Can I ask why you chose not to pick up the bill and decided to try this end-around by putting it on as an amendment?

PRESIDENT:

Senator O'Daniel.

SENATOR O'DANIEL:

Senator DeAngelis, the reason I didn't pick that bill up, I thought you were intending to or I would have probably picked it up.

PRESIDENT:

Senator DeAngelis.

SENATOR DeANGELIS:

Well, let me point out to the members of the Body, this bill is...this amendment is nothing new. It's been tried several years and what it is is...it's the fifteen hundred

against the eleven million. We're going to take care of about fifteen hundred people by sticking it to about eleven million people. This is the get the little guy bill. If you'll recall, this...and I really do get upset with the automotive people because...they are the same people that come down to Springfield and want free enterprise till the time comes that they can do something to somebody else. We put a Sunday closing law. We created exclusive franchises. This has gone way too far. In addition, I think you ought to know that this...will also stop those credit union sales and, Senator Davidson, those cars that are sold by those people have longer warranties than the car dealers you're representing have.

PRESIDENT:

Senator O'Daniel.

SENATOR O'DANIEL:

Mr. President,...you know, I totally disagree with...with Senator DeAngelis. It's hard enough to get service on a...on a vehicle if you buy it locally and...and rely on the local dealers to...to service this vehicle and this isn't being in opposition to the...to the eleven million. It's...it's in support of those people because it guarantees them service after they purchase vehicle and he's talking about people that can come in, sell a car, leave the country, leave the...the area, then you have to try to depend on the local dealer to service this vehicle, and...and I think this is a good amendment and should be adopted.

PRESIDENT:

Further discussion? Senator D'Arco.

SENATOR D'ARCO:

Thank you...thank you, Mr. President. This bill...this amendment to this bill is a bad amendment and we beat it back many times before, and what this is saying is that the consumer, the person who buys the used car, is going to pay more

for the car because he can't buy the car from a rental car agency anymore. He's got to buy the car from the new car dealer that sells used cars in that territory and he can't buy the car with a loan from his local credit union that gives him a cheaper rate of interest than the car dealer and his bank gives him. This legislation is anticonsumer legislation, and as far as the warranty provisions are concerned, the rental car dealers give them more extensive warranties than the local car dealers do anyway; and as far as servicing the vehicles are concerned, the rental car dealers have service agreements with all new car agencies not only in Illinois but all over the United States of America. They can get their...if they're out of state, they can get their car serviced in New Mexico or California, wherever that rental car agency has a service agreement which is all over this country and including Illinois. This is a bad piece of legislation. We've beaten it before and it should be defeated again.

PRESIDENT:

Further discussion? Senator Savickas.

SENATOR SAVICKAS:

Yes, Mr. President, not only was Senator D'Arco hitting the nail on the head on the technical and service areas, this bill was introduced as a whole...this amendment was introduced as a whole bill, the sponsor did not wish to call it and I could imagine why in Transportation because all the credit unions are against it, there was no support except the few...new car dealers that feel intimidated by the sale of these. This was declared unconstitutional. We passed this out of this Legislature once before, it was declared unconstitutional and, yet, they continue to...try to intimidate the...the rental car outfits by introducing this legislation. If these people were sincere in what they were doing, they would have had that heard in Transportation, they would have

presented their case and found out that they didn't have that support, especially after it was declared unconstitutional and I think this is the wrong way to try to circumvent the committee structure by sneaking this bill on as an amendment when they refused to call it for a hearing.

PRESIDENT:

Further discussion? Senator Severns.

END OF REEL

REEL #2

SENATOR SEVERNS:

Thank you, Mr. President and members of the Senate. I rise in support of this amendment and I believe that this amendment is for the consumers. I have some firsthand experience more than I would like, in dealing with the rental cars and the condition of those cars. I'm in one right now, when checking the oil, it couldn't even register on the dipstick. Only three years ago, I went through eight rental cars in eight weeks. I think we're doing the consumers a favor by not allowing these operations to come in by night and leave by the next day without any real effort or concern as to what condition that car is going to be left and what the consumer...how the consumer is going to deal with it after they purchase the car for what they believe is a good price. I think if you're for the consumers, you should be for this amendment and I urge its adoption.

PRESIDENT:

Further discussion? Senator Davidson for the second time.

SENATOR DAVIDSON:

I'm sorry, Mr. President, to rise a second time, but Senator Savickas didn't quite give us an accurate statement. The bill wasn't declared unconstitutional, the Governor vetoed it. Let's not be misled by saying it's unconstitutional 'cause it...that question has never been asked and never been decided and I urge an Aye vote for this amendment.

PRESIDENT:

Further discussion? Senator DeAngelis for the second time.

SENATOR DeANGELIS:

Well, I apologize, but, Senator Davidson, you are incorrect. I read a letter to this Body on 787 in which the Secretary of Commerce indicated that the bill was in restraint of trade, and you're right that it wasn't declared unconstitutional, but the letter further stated that if it proceeded to the Justice Department, it would be found in restraint of trade and subject to repeal. I urge the killing of this particular amendment.

PRESIDENT:

Any further discussion? Further discussion? Senator O'Daniel...oh, I beg your pardon, Senator Barkhausen.

SENATOR BARKHAUSEN:

Mr. President and members, I just wanted to make one point that I think may not have been made in...in the earlier debate and is one that's come up in the previous debates on this and that...and that is the question of revenue impact. And it...it was pointed out at a last time we had this debate that to...to limit the potential for...for rental car sales in Illinois will in all likelihood drive consumers who are looking for this kind of a bargain from rental car companies to our neighboring states, and those states would therefore reap the sales tax revenue which otherwise now accrues to...to our state because these sales are able to take place here. In response to the point that was made about the rental car companies not being able to repair their...their cars. All of these companies have...have repair contracts with the individual dealers, so you take the car to whatever dealer is...is nearest you and it's no more or less convenient than it is to buy a new or used car from a regular dealer.

PRESIDENT:

Further discussion? Any further discussion? Senator Welch.

SENATOR WELCH:

Thank you. I'd just like to contradict what...Senator Barkhausen said. You know, the local dealer even if he does have a contract with Avis or Hertz isn't going to be thrilled to see some Hertz car come to his dealership. You're not going to get the same service, the consumer isn't going to get his car fixed as quickly, he's not going to get the same kind of treatment. So to say that this is a pro...anti...this is anticonsumer amendment, I think is incorrect. You've got local service, they're local dealers that you deal with all the time. Many of us who go into the dealers know who the dealer is, we see them on the street, it's not a one-time deal. What we've got here, I think, is a differential between buying cars in these big sales lots in Chicago and buying them downstate where we know these people. You know, I know my car dealer very well. I...you know, he was complaining to me this weekend about what the credit unions were trying to do. I think that the consumer side of the issue is voting to put the amendment on not voting to keep it off. Number one, you're going to get better service. Number two, you're going to know what you're going to get. Number three, the...the consumer isn't particularly astute in going in and...and buying a...a used car particularly one that's been used for a rental purpose which are usually harder driven than the normal car. Think of it yourself, when you use a rental car, you don't treat it exactly the same as you do your own car or a friend's car, it just stands to reason. So I think that the consumer position is to vote for this amendment not to vote against.

PRESIDENT:

Any further discussion? Further discussion? Senator O'Daniel may close.

SENATOR O'DANIFL:

Thank you, Mr. President. You know, I think one thing that hasn't been said that these twelve or fifteen hundred

dealers over the state, they...they play a very vital role in that community. They pay taxes there, they support civic organizations, they hire several thousand people and I think they...should have some protection and not allow these other agencies just to come in overnight and then leave. And I...I think this is a good amendment and would appreciate favorable consideration.

PRESIDENT:

The question is the adoption of Amendment No. 1 to House Bill 420. Those in favor of the amendment will vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 34 Ayes, 18 Nays, 3 voting Present...Amendment No. 1 is adopted. Thank you, Mr. President. Amendment No. 2 is suggested by the Department of Corrections, it does two things. It eliminates the tolling provisions in the Illinois law, Statute of Limitations for persons imprisoned. They will now be able to file suit immediately after the occurrence within

the normal Statute of Limitations rather than waiting until their incarceration ends. And, secondly, right now it's deemed a violation and some suggestion they can seek damages from the department if they don't get a copy of their sentencing order within six hours and that provision is removed. Any amendments from the Floor?

SECRETARY:

Senator Savickas offers Amendment No. 1.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Savickas.

SENATOR SAVICKAS:

Yes, Mr. President, this amendment was offered by the House sponsor...I don't have analysis on it, I could just read it to you. States that in...home rule villages that are coterminous with a township, every resolution and motion specified in Section 5-3-2 and every ordinance which is returned to the board by the president shall be reconsidered by the board. If after such reconsideration, two-thirds of the board members including the president agree to pass an ordinance, resolution or motion notwithstanding the present refusal to approve it shall be effected. The vote on the question of passage over the president's veto shall be by Yeas and Nays and shall be recorded in the journal. Pursuant to Article VIII...VIII, Section 6, Subsection I of the Illinois Constitution of 1970, this amendatory Act of 1987 is a limitation on the power of a home rule unit in regard to procedures a village board may use to override a village president and no such procedures may be inconsistent with this section. There's also a second amendment that will be offered by Senator Dudycz regarding a community in his area, I guess, in a...in a township in his area. So, at this time, I would move the adoption of Amendment No. 1.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Savickas has moved the adoption of Amendment No. 1 to House Bill 724. Is there discussion? Senator Fawell.

SENATOR FAWELL:

Thank you, very much. I just got a copy of this...amendment and as minority spokesman and I'm...could you just tell us what in the world it does? I mean...and why are you doing this?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Savickas.

SENATOR SAVICKAS:

Basically, it deals with the veto powers of the board president in requiring a two-thirds vote to override the veto power.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Fawell.

SENATOR FAWELL:

Is...was this asked...who's the sponsor of this amendment, is it you?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Savickas.

SENATOR SAVICKAS:

Well, I guess, obviously...this amendment is the exact same language that...what is it, Senate Bill 1255 that passed here and is in the House now.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Further discussion? Senator Fawell.

SENATOR FAWELL:

...one more question. Is this the...is this the bill that puts villages, in effect, in the same position as cities? Is that...that particular bill, is that the one?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Savickas.

SENATOR SAVICKAS:

Yes, but this deals with a different section. Evidently, the staff is whispering in my ear now that there is some concern that...Senate Bill 1255, which is this amendment, has been tampered with in the House and they're concerned about its viability. So they would like to put it on here.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Geo-Karis.

SENATOR GEO-KARIS:

Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Indicates he will yield. Senator Geo-Karis.

SENATOR GEO-KARIS:

Would you just tell me briefly what your amendment does, because I heard you rattle it off but I wasn't sure I got it straight?

PRESIDING OFFICER: (SENATOR DEHUZIO)

Senator Savickas.

SENATOR SAVICKAS:

Briefly, it deals with the veto power of the village board president requiring a two-thirds vote...majority vote to override his veto power.

PRESIDING OFFICER: (SENATOR DEHUZIO)

Senator Geo-Karis.

SENATOR GEO-KARIS:

Isn't it two-thirds now? Ask your staff man.

PRESIDING OFFICER: (SENATOR DEHUZIO)

All right. Senator...Senator Rock.

SENATOR ROCK:

Thank you. In an attempt to clear this up and expedite it, Amendment No. 1 is the same as Senate Bill 1255, and as amended and as this amendment sits, it applies only to the Village of Oak Park. And it says in the Village of Oak Park, it takes four people on the board to pass something, the same four people can override the president and that just didn't seem to me to be right. That's all it does.

PRESIDING OFFICER: (SENATOR DEHUZIO)

Further discussion? If not...Senator Fawell.

SENATOR FAWELL:

I'm sorry to raise one...rise one more time but...but we did discuss this in committee, it is a good amendment and I would suggest my colleagues vote for it.

PRESIDING OFFICER: (SENATOR DEHUZIO)

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Dudycz has moved the adoption of Amendment No. 2 to House Bill 724. Is there discussion? Senator Rock.

SENATOR ROCK:

This is currently an unincorporated area that wishes to incorporate as what? As a part of something else or as a sole entity or as what?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Dudycz.

SENATOR DUDYCZ:

A city.

PRESIDING OFFICER: (SENATOR DEMUZIO)

...Senator Rock.

SENATOR ROCK:

This is a...now you're waking up, I...appreciate that. This...this is the hole in the doughnut, the doughnut is the City of Chicago and this is that little area in the middle that's surrounded by the City of Chicago and what city are they to become?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Dudycz.

SENATOR DUDYCZ:

An autonomous city. They haven't decided what name they

were going to call themselves. They still would require permission...Dudyczville, right. They would still require permission from any municipality within a one and a half mile radius which would still require permission from the City of Chicago and the other villages.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Netsch.

SENATOR NETSCH:

Thank you. But even if it did not...or if it were not directed at Chicago, which I get the distinct impression it may be, if, in fact, you are reducing the population limit for incorporation even in unincorporated areas, even in other parts of the state, it seems to me that that's going in exactly the wrong direction from what almost anyone who has any concern about the vitality and validity of local government would be recommending; because if you get that population base too small, you have a...an area that is just simply not able to perform or to offer the services and so the...the direction has been exactly the opposite and it seems to me with very good reason. I think it's a very bad idea even if it has nothing to do with the City of Chicago.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? If not, Senator Dudycz may close.

SENATOR DUDYCZ:

Yes...Senator Netsch, this is a small unincorporated area on the west...northwest side of the Chicagoland area, it's completely surrounded by the city. Over the years, the City of Chicago has been gobbling up all this property creating this hole in the doughnut and the people of this...unincorporated area just do not wish to be annexed and they're fearful of the city annexing them, and they would like to remain autonomous and become...a city in themselves and I ask for a favorable consideration.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Dudycz was closing, Senator Collins. Senator Dudycz has...Senator...Senator Dudycz has moved the...well,...Senator Dudycz has moved the adoption of Amendment No. 2 to House Bill 724. PRESIDING OFFICER: (SENATOR DEHUZIO)

Senator Jacobs. Committee Amendment No. 1. Could we get...

SENATOR JACOBS:

Yeah, could we get the committee amendment...I apologize, Mr. President, for not having that available. Committee Amendment No. 1 amends the manufacturing house regard to...to

prohibition on home rule authority except for the City of Chicago. The reason for this being the City of Chicago is in the process of drawing their own legislation in regards to...to this particular item.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs has moved the adoption of Committee Amendment No. 1 to House Bill 755. Is there discussion? Senator Geo-Karis.

SENATOR GEO-KARIS:

Committee Amendment No. 1 says that no unit of local government include any home rule unit except for the City of Chicago may in any way regulate, limit or license manufacturing housing. I thought you'd like to know that...Municipal League has come out against this because it does deprive local governments from...taking care of their own rules on housing. I think it's a bad amendment and I think it should be defeated and I would like...your indulgence for a second. Well, this...the amendment would preempt all local governments except that it excludes any municipality of two million or over, so it excludes Chicago, but it does apply to all the other local governments. I think it...this...this bill would repeal with this amendment all local building code authority over manufactured housing. You could open the door up for...a mobile home to be brought in and placed on a permanent foundation. So I would like to call your attention to this amendment. It's a bad amendment and I urge its defeat, much as I like the sponsor of the bill.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Collins.

SENATOR COLLINS:

Question of the sponsor, please.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Sponsor indicates he will yield. Senator Collins.

SENATOR COLLINS:

Yes, Senator, you're...you're saying that you did exempt Chicago from this bill so that this bill...this amendment as it is now would not preempt the...all of the city ordinances as it relates to local building codes?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

Yes, Senator, this...this amendment was offered by Senator Brookins at the request of the City of Chicago.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? Senator Weaver.

SENATOR WEAVER:

Well, I see no reason to exempt the City of Chicago. Many other downstate cities have certain building restrictions that should be given preferential treatment if we're going to give Chicago preferential treatment. I...I think if it's good for the total state, it's good for the total state; otherwise, I would object to the amendment.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion on Committee Amendment No. 1? Senator Brookins.

SENATOR BROOKINS:

In...in...in response to Senator Weaver, yes, it is good for...Chicago, as you had indicated, and Chicago has already this legislation in their city ordinance, and...and that's why that they didn't feel that they needed it and that's why the sponsors of the bill exempted them out.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator...Senator D'Arco. I'll come back and pick you up the second time. Senator D'Arco.

SENATOR D'ARCO:

Chicago does not have an ordinance that allows for prefab housing in the City of Chicago. Well, wait a minute...wait a

minute. There's...you know, that's like saying a bill is in the works; I mean, there's a difference between a bill passing the Legislature and a bill pending. So an ordinance pending in the City of Chicago doesn't mean it's been enacted. Yeah, it's pending, there's a big difference between it pending and being passed, and I agree with Senator Weaver, what's good for the state is good for Chicago.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator...Senator Geo-Karis for a second time.

SENATOR GEO-KARIS:

I...I apologize for rising and speaking a second time and not because I'm a mayor, but I do not believe that we should deprive local governments from stopping the types of structures from being built according to the local standards that all other structures have to meet and this...well, Chicago is out of it, Chicago doesn't have to worry about it, but all the other municipalities are in it and this is a bad amendment and I think you'll be doing a disservice to people in...in your cities...when...if you support it. You are preempting the local governments from controlling the type of structures from being built according to local standards in their municipalities. I speak against the amendment.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? If not, Senator Jacobs may close.

SENATOR JACOBS:

First of all, let me state to Senator D'Arco, you're absolutely correct. There is a ordinance that is in the works, it has not been adopted yet, but that was the reason at the request of the mayor that we did exempt them at this particular time. They can always be included at a later date. Secondly, in regards to the Municipal League coming on like gangbusters, having been a mayor for fourteen years, we

don't always agree, but yet the Municipal League did not give any oral testimony in committee, so I think for them to come at a late date like this is...is really a little bit underhanded, Miss Mayor, if I could, and I ask for its adoption.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs has moved the adoption of Committee Amendment No. 1 to House Bill 755. Those in favor will indicate by saying Aye. Opposed Nay. Senator Jacobs, in the opinion of the Chair, the Nays have it. Senator...Senator Jacobs.

SENATOR JACOBS:

That's not too bad, there's...there is another amendment.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Amendment No. 2.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

Committee Amendment No. 2 clarifies that even though some

of these units will be manufactured out-of-state, the manufacturer will still be required to conform to the state's various regulatory Acts; in...in other words, the Architecture Act, the Professional Engineering Act and the Structural Engineering Act and I ask for its adoption.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Senator Jacobs has moved the adoption of Committee Amendment No. 2, House Bill 755. Discussion? Senator Geo-Karis.

SENATOR GEO-KARIS:

Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Sponsor indicates he will yield. Senator Geo-Karis.

SENATOR GEO-KARIS:

Senator Jacobs.

SENATOR JACOBS:

Yes, Senator, it is.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Geo-Karis.

SENATOR GEO-KARIS:

I have no objection to this amendment because it does not exclude...local government control.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion?...Senator D'Arco.

SENATOR D'ARCO:

Does this...does this amendment track? Since we beat Amendment 1, would this amendment track?

PRESIDING OFFICER: (SENATOR DEMUZIO)

(Machine cutoff)...D'Arco, my Parliamentarian indicates to me that Amendment...Committee Amendment No. 2, in fact, does track. Senator D'Arco.

SENATOR D'ARCO:

Well, I...I don't understand the reason for two; if we defeated one and we're saying that manufactured housing is not permitted in the State of Illinois, then how...how can we exempt people who provide parts from out-of-state for housing that is prohibited from being built in the State of Illinois? It seems to me that two is just as meaningless as one and we should defeat this amendment as well.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Jacobs may close.

SENATOR JACOBS:

I ask for your approval.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Senator Jacobs has moved the adoption of Committee Amendment No. 2 to House Bill 755. Those in favor will indicate by saying Aye. Opposed Nay. SENATOR KELLY:

Thank you, Mr. President and members of the Senate. Senate Bill...House Bill 925 concerns the schools issuing contraceptives through the clinics, and Senator Berman, with the approval of the...of the Senate Committee, adopted an

amendment which required parental consent, and I move to Table that amendment.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Kelly has moved to Table Committee Amendment No. 1 to House Bill 925. Is there discussion? Senator Berman.  
SENATOR BERMAN:

Thank you, Mr. President. Deja vu, ladies and gentlemen, this is the debate on the bill that would prohibit the prescription of contraceptives by clinics which are based in schools. The amendment that was placed on the bill in the Committee on...on Elementary and Secondary Education adds the phrase, "without parental consent," which means that no contraceptives could be prescribed in these clinics unless there is parental consent. I oppose Senator Kelly's motion to Table for a number of reasons. One is that the...the amendment was thoroughly debated, it was the will of the committee by a majority vote that that amendment be adopted, and I think if we're going to give any credence to the committee process, this motion should be defeated. In other words, the amendment should be adopted. By the way,...a parliamentary inquiry. Is the...is the vote on Senator Kelly's motion to Table, so that if you agree with Kelly, you vote Yes; if you agree with Berman, you vote No. Is that the way the board will be?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Kelly has made a motion to Table. Those voting in the affirmative will be voting Aye. Those in opposition supporting your position will be voting Nay.

SENATOR BERMAN:

Thank you, Mr. President. Let me just go a little bit further so that we clarify it, and I apologize for taking us through this again, but I'm sure we may hear about this a few more times before the Session is over. I have distributed to all of you an item which I think is very relevant. Ladies

and Gentlemen of the Senate, these are reprints from two articles, one is an article...an editorial from the Chicago Tribune urging local control of school clinics. Now the relevancy of that editorial to this motion is that in Chicago in particular, the Chicago Board of Education holds local community meetings before school based clinics are put in to any local schools and there are two of them. In addition, there is thorough consultation between the parents and the children and the...and the staff of these clinics and there's counseling that is performed before any health services including contraceptives is given. And there is a consent form which not only addresses the prescription of contraceptives, but to all other types of medical treatment so that we have the parents involved, and, Ladies and Gentlemen of the Senate, you know that the greatest fault in the efficient operation of any of our programs is the fact that parents are not involved. If you don't want parents involved, then you vote Yes. If you want parents involved, vote No. Now let me point out to you on the other side of this editorial handout. Here are two articles, one is from the Sun-Times...they're both from the Sun-Times and it stresses twenty percent of the...of girls have sex by age sixteen and it also shows that the last year and the year before eighteen and a half percent of the children born in Chicago were born to teenagers. Now, ladies and gentlemen, we cannot avoid the regrettable facts, children are having children. These clinics are important. Senator Kelly's bill does not eliminate the clinics. I don't want to mislead you, but his bill prevents the prescription of contraceptives even with parental consent. I think that's the wrong way to go. Vote against the amendment to Table, allow the parents to have a voice in addressing the very serious needs of our children in today's schools. I urge a No vote on Senator Kelly's motion to Table.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right...Senator Berman, while the Chair was deciding the...the question of...of the...of your inquiry...the Chair neglected to inform the membership that a motion to Table is also nondebatable. So...all right. All right...now...given that, I have three lights. Senator Geo-Karis.

SENATOR GEO-KARIS:

Mr. President, Ladies and Gentlemen of the Senate, I'm glad you made your statement, but I do believe in parental control and the parents should be involved so I speak against the amendment,...against the motion to Table.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator...Senator Hudson.

SENATOR HUDSON:

I apologize, Mr. President, for debating a nondebatable issue but it's been done before. Senator Berman makes the point that this bill should be left in the form that it came out of committee. Now, Senator Geo-Karis just got completed in striking an amendment that was put on in committee and this has been done before. There's nothing wrong with this procedure and Senator Berman mentions *deja vu* and it may be. We have *deja vu* but we have another chance, I think, to rectify and to vote right in this case. It just seems to me to put it succinctly that there are some things that our schools should be dedicated to and used for which is basically the primary basic education of our young people so they can cope in this world, but to say that they're going to do it anyway, so let's...let's give them the implements and give them an assurance that they can do this safely or avoid disease perhaps or AIDS or whatever it may be seems to me to be using our schools for something...that our schools should not be used for. We don't do it with alcohol, kids are using alcohol and we know they're using alcohol but we don't say, well, let's give them a couple of bottles of booze in the classroom, teach them how to drink safely, give them...tell

them that all they need is two or three shots, they shouldn't take six or seven or eight, it'll make them drunk and send them out and figure that they're safe. I think this is a mistake and I think Senator Kelly's amendment here that would strike Senator Berman's rather, in my opinion, foolish amendment and dangerous amendment, I think he's on the right track, we have another chance to do the right thing, let's do it.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Well, ladies and gentlemen, let's...now we're...we're in a nondebatable situation. We have...now we have two...three additional lights. Let's just...admonish the membership. Senator...Senator DeAngelis.

SENATOR DeANGELIS:

If the...I won't talk.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Geo-Karis, what's your point?

SENATOR GEO-KARIS:

A point of order. Are we voting on a motion to Table?

PRESIDING OFFICER: (SENATOR DEMUZIO)

That is correct.

SENATOR GEO-KARIS:

In other words, Senator Kelly is asking to Table the amendment that was passed in committee...

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Kelly's motion is to Table Committee Amendment No. 1. Further discussion? All right. Senator Kelly, perhaps, you might make a closing comment. Senator Kelly.

SENATOR KELLY:

Thank you...thank you, Mr. President and members of the Senate. I...I would like to make a small closing statement here to mention that there is concern by myself and others that by having parental consent in this particular case might, in fact, be a blanket type of consent. They wouldn't

even know in many cases what they're approving or not approving of. I just think it's morally wrong for the schools in Illinois to be dispensing contraceptives and I don't care what school, if it's a school in Chicago or in the suburbs or downstate. That's what we're talking about and I would, therefore, renew my motion to Table the...Amendment No. 1...Committee Amendment No. 1.

PRESIDING OFFICER: (SENATOR DEHUZIO)

Senator DeAngelis, he...Senator Kelly was closing. Senator DeAngelis.

PRESIDING OFFICER: (SENATOR DEMUZIO)

It is my understanding, talking with my Parliamentarian, we also researched that, it is a majority of those voting on the question. All right. Senator Kelly has moved to Table Committee Amendment No. 1 to House Bill 925. Those supporting Senator Kelly's motion will vote Aye. Those opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, the Ayes are 30, the Nays are 23, none voting Present. Amendment No. 4 offered by Senator Carroll.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Carroll.

SENATOR CARROLL:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. This merely says that the districtwide local improvement councils or the districtwide improvement councils will have the final say when there has been a...disagreement between the budget as presented to the school that the school has rejected and kicked back to the board, if the board sends it back to the school, right now the school has to take it or leave it, they...in fact, they don't even have a choice to leave it, they have to eat it, they have to take it as it was resubmitted even in the case where there was no changes. The board had suggested in those instances to give that oversight to these districtwide improvement councils; however, in the board's version those districtwide improvement councils would have no say in how that would be finally allocated, so why, again, cause more frustration and give no authority. This says that if, in fact, a budget as submitted to a local improvement council is suggested for change back to the board, if the board's new version of it does not meet with the local council's approval, it kicks up to the district council, but that district council will then make the final decision and...it will become a make the decision instead of just sitting there and talking and having nothing done. I

would move adoption of Amendment No. 4.

Senator Fawell moves the adoption of Amendment No. 2 to

Senate Bill...House Bill 1256. Any discussion? Senator Demuzio.

SENATOR DEMUZIO:

Well, I guess I got somewhat confused here. Your committee amendment was the one that pertained to exempting the downstate forest preserve districts from provisions of eminent domain and afforded them the opportunity to acquire by whatever means including eminent domain proceedings in certain...situations. I know that amendment has been adopted. It was a committee amendment, it has nothing to do with Amendment No. 2 but I suspect that we need to have a conversation about the first amendment at least.

PRESIDING OFFICER: (SENATOR NEWHOUSE)

Senator Fawell.

SENATOR FAWELL:

Thank you, very much. No, really what the first amendment does is it does not allow some other governmental body to come in and take part of the forest preserve. It stops that proceeding. There have been fifteen different governmental groups that have been trying to get bits and pieces of the forest preserve and the last one is the water commission, and they want to put in a...a huge water tower...and have...try to condemn the forest preserve land, that's what this is all about.

PRESIDING OFFICER: (SENATOR NEWHOUSE)
