PRESIDENT ROCK:

The hour of one having arrived, the Senate will please come to order. Will the Members be in their desks. And will our guests in the gallery kindly rise. Our prayer this afternoon by the Reverend George Russell, Laurel United Methodist Church, Springfield, Illinois. Reverend.

THE REVEREND GEORGE RUSSELL:

(Prayer by the Reverend George Russell)

PRESIDENT ROCK:

Thank you, Reverend. Reading of the Journal, Madam Secretary. Senator Hall.

SENATOR HALL:

Thank you, Mr. President. Mr. President, I move that reading and approval of the Journals of Wednesday, April 26th, Thursday, April 27th, Friday, April 28th, Monday, May 1st, Tuesday, May 2nd, Wednesday, May 3rd, Thursday, May 4th, Friday, May 5th, Tuesday, May 9th, Wednesday, May 10th, Thursday, May the 11th, Friday, May 12th, and Monday, May 15th, in the year 1989, be postponed, pending arrival of the printed Journals.

PRESIDENT ROCK:

You've heard the motion as placed by Senator Hall. Is there any discussion? If not, all in favor indicate by saying Aye. All opposed. The Ayes have it. The motion carries. And it is so ordered. Resolutions, Madam Secretary.

SECRETARY HAWKER:

Senate Resolution 310 offered by Senator J.E. Joyce.

They are both congratulatory.

They're all congratulatory.

PRESIDENT ROCK:

Ladies and Gentlemen, if I can have your attention. WCIA Television would like permission to videotape, and without objection, leave is granted. We are also, as is obvious, visited with some very, very special guests who represent, literally, the future of this State. And the Chair is delighted to yield to Senator Babe Woodyard. Senator.

SENATOR WOODYARD:

Thank you very much, Mr. President and Members of the Senate. As President Rock indicated, this is a real unique privilege for -- for me and for people in my district. Standing before you today are -- are members of the high school at Oblong, Illinois, in my district. And I am going to introduce the principal, in just a moment, to make some introductions. But, you know, we always have a lot of -- of sports people over here in Springfield to present to the Senate, and also the House. Well today, folks, these kids are all involved with academics in a threefold area. Number one, they won the math contest in the State; number two, they've won the regional, and are going to the National Scholastic Scholarship Bowl in New Orleans a little later on. And the FHA chapter will be going to Anaheim, California, to participate in the nationals out there. And for a high school that only has two hundred and twenty kids in it, I think that is just fantastic. With that, I would like to introduce Mr. Allen Price, who's the principal of the high school, and also the father of one of our pages over here, Martha Price. Where are -- where did you get to? But anyway, on the Republican side, Martha Price also is a graduate -- there she is in the back of the Chamber -- from Oblong High School. With that, Allen, would you make a couple of introductions?

Thank you very much, Members of the Senate, and also President Rock, for affording us the courtesy to introduce the kids. Congratulations, kids.

PRESIDENT ROCK:

All right. Ladies and Gentlemen, I refer you to the schedule that has been distributed, which will indicate, as best we can, the plan for the balance of this week and next week. Today we will be working on 2nd and then 3rd Reading till about six o'clock. Tomorrow we will go on 3rd Reading from nine to five. And Thursday, in order to afford the opportunity for some of our colleagues to get to an event, we will work from nine until noon. And on Monday we will handle those Motions to Discharge, as they are filed by the Members. Before we begin today, however, we are -- I am pleased to introduce a very special guest. Jeremy Hearder is the Australian Consul General in Chicago. And he is a career Foreign Service officer. He was born in Australia, and spent some time in India and in England, before returning to Australia. And after school, he completed his undergraduate degrees at Melbourne University. He entered the Australian Foreign Service in Canberra in 1959, and then took a year's leave of absence to do a master's degree at Stanford University. Returning home, he resumed the Foreign Service, and interspersed with time at home, he had overseas assignments in Laos, Tanzania, Thailand, Kenya, Belgium. Back in Australia, he was the senior foreign affairs representative in Sydney, a job which involved extensive contact with groups such as the business community, the media, education,

and the State government of New South Wales. He was Australia's first High Commissioner to the newly independent country of Zimbabwe, and also was accredited as the High Commissioner to Batswana and the Ambassador to Mozambique. He then became the High Commissioner to Fiji, and was accredited as the High Commissioner to Tuvalu. Back in Canberra from '86 to '88, he was the Assistant Secretary responsible for Anarctic refugees' immigration and asylum. And in 1987, he led Australia's delegation to the Anarctic Treaty consultative meeting in Rio de Janeiro. He lives in Chicago with his wife. And they have two sons and three daughters. Ladies and Gentlemen, please welcome the Australian Consul General, Jeremy Hearder. Your Honor.

Mr. Jeremy Hearder:

(Remarks by Mr. Jeremy Hearder)

PRESIDENT ROCK:

Ladies and Gentlemen, WLS-TV also, and Channel 20, TV 20, have also requested permission to film. Without objection, leave is granted. Senator DeAngelis, for what purpose do you arise?

SENATOR DeANGELIS:

Thank you, Mr. President. A point of personal privilege, please.

PRESIDENT ROCK:

State your point, Sir.

SENATOR DeANGELIS:

In the Gallery behind the Republican side of the Chamber, we have Baron Bared Frederick von Maydell, who is an officer with the First Airborne Division from Muchenstach, Deutchland. Baron, would you please rise?

PRESIDENT ROCK:

Would our guest please stand and be recognized? Welcome to Springfield.

He is ably escorted by Patrick Rea of First Chicago.

PRESIDENT ROCK:

Welcome. Senator Watson, for what purpose do you seek recognition?

SENATOR WATSON:

Thank you, Mr. President. Also a point of personal privilege.

PRESIDENT ROCK:

State your point, please.

SENATOR WATSON:

Mr. President, I was a Member of the House for four years. And I was always somewhat embarrassed by the way that the House Members, and the conduct of the House occurred when we'd bring in a guest. When we'd bring a guest into the House, turmoil would prevail on the Floor, no one would pay attention to the speaker, and I was always embarrassed for that. But I tell you, I -- since I've been over here - and today was a good example of the respect and high regard that the Senate treats the people that come in here. And I mean not only the Senate Members, but our staff and the people in the Gallery. And I think that we ought to just pat ourselves on the back, because I'm sure that what -- if this gentleman from Australia and our friend went over there and spoke today, that he probably wouldn't give the -- be given the same respect and high regard that we gave him here, by the House Members. So I -- I just want to pat ourselves on the back once and awhile, and say that I appreciate the Membership and what they do for the people of our area. Thank you.

PRESIDENT ROCK:

Well-spoken. Ladies and Gentlemen, if I can have your attention. Again, I would remind you to take a look at the schedule. You can see, by virtue of the schedule for this and next week, that we do not, in fact, have a great deal of time within which to accomplish all that we should accomplish, or

STATE OF ILLINOIS
86th GENERAL ASSEMBLY

intend to accomplish. So I would ask your indulgence and certainly your attendance and attentiveness as we go through the Calendar. We will begin on the top of Page 2. And we will proceed as we have for the past day or so. We will skip the appropriation bills. They will be handled on Monday, as per the schedule. And obviously, where a fiscal note has been requested, if it has not -- if that request has not yet been complied with -- that bill will not -- also not be moved. So with that understanding, I would suggest that we begin at the beginning. Senate Bill 3. Senator Welch. Senate Bill 8. Senator Marovitz. On the Order of House -- Senate Bills 2nd Reading, top of Page 2, is Senate Bill 8. Read the bill, Madam Secretary, please. I beg your pardon. Before we begin, Senator Marovitz, get your file ready. Senator Philip, on a point of personal privilege, has a very special and warm guest to introduce. Senator Philip.

SENATOR PHILIP:

Well, thank you, Mr. President and Ladies and Gentlemen of the Senate. An old colleague -- I shouldn't say that, "An old colleague" -- a colleague has decided to visit us today from Washington. As you know, she served in the House and the Senate with distinction. She is the Congresswoman from the 16th Congressional District, the great County of Winnebago, the great City of Loves Park. Our dear friend, Congressman Lynn Martin.

PRESIDENT ROCK:

And I'm sure the Congresswoman will explain to all, as she visits, how she has successfully balanced the budget. That's why she's here today. Senator Marovitz, are you ready? Senate Bill 8. Read the bill, Madam Secretary.

Committee Amendment No. 1.

PRESIDENT ROCK:

Senator Marovitz, on Committee Amendment No. 1.

SENATOR MAROVITZ:

Thank you very much, Mr. President and Members of the Senate. Committee Amendment 1 increases, from two to five business days, the length of the period in which a vehicle transferer must apply for a new title following receipt of the vehicle and the title. It changes reference from what is currently called a hazardous motor vehicle to a hazardous, dilapidated motor vehicle. Permits a law enforcement agency to authorize a towing service to impound a hazardous, dilapidated motor vehicle, and adds a statement of finding by the General Assembly. Makes certain other technical corrections. We worked with the State Police and the City of Chicago and the States -- the Secretary of State's Office on this bill and this amendment. And I know of no opposition.

PRESIDENT ROCK:

Senator Marovitz has moved the adoption of Committee Amendment No. 1 to Senate Bill 8. Discussion? If not, all in favor indicate by saying Aye. All opposed. The Ayes have it. The amendment's adopted. Further amendments?

Senator Smith offers Amendment No. 1.

PRESIDENT ROCK:

Senator Smith on Amendment No. 1.

SENATOR SMITH:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate -- Senate Bill 32, Amendment No. 1, is thus: it adopts the same minimum wage rate, increases that have been agreed by the Congressional conferees on minimum wage. These same increases were approved by the U.S. House on May 11th. The amendment establishes State minimum wage rate increases on October 1st of each of the next three years, resulting in a four dollars and fifty-five cents per hour State rate on October 1st, 1991. The

first year would be fifty cents. The second year would be forty cents. And the third year would be thirty cents. This amendment reduces the original highest rate in Senate Bill 32 by ten cents an hour, and also pushes back all three dates for increases. The State Chamber of Commerce calls this a responsible amendment. And I urge its adoption.

PRESIDENT ROCK:

All right. Senator Smith has moved the adoption of Amendment No. 1 to Senate Bill 32. Is there any discussion? If not, all in favor indicate by saying Aye. All opposed. The Ayes have it. The amendment's adopted. Further amendments?

Senator Fawell on Amendment No. 1.

SENATOR FAWELL:

Thank you very much. The -- the amendment merely adds the syphilis test to the -- to the whole bill, so that it, too, can be repealed. If we're going to repeal one, we ought to repeal both. There were only eleven cases of syphilis found under the same

program.

PRESIDENT ROCK:

All right. Senator Fawell has moved the adoption of Amendment No. 1 to Senate Bill 43. Discussion? Senator Marovitz.

SENATOR MAROVITZ:

I would oppose this amendment. I find it hard to believe that anybody would want to take this, the syphilis test, out of our current law. We find syphilis is a disease that is curable with penicillin. There are many cases that are -- of syphilis and gonorrhea that are found through these tests, prior to marriage. The disease is eminently curable. The -- there is no real expense involved. And I find it hard to believe that you'd want to remove a test like this, where there is a cure for the disease. And many people are -- are -- many, many cases are found during premarital testing. Both of those things are not true regarding the AIDS test.

PRESIDENT ROCK:

Further discussion? Senator Zito.

SENATOR ZITO:

Thank you, Mr. President. I don't believe this amendment has been distributed. Can I ask the sponsor if it has? There is not one on my desk.

PRESIDENT ROCK:

Senator Fawell.

SENATOR FAWELL:

I don't know if the amendment has been distributed. It -- it is a very simple amendment. It merely adds syphilis to the whole thing. Senator Marovitz, if you will check with the Public Health Department, you will find that there were eleven cases found in the entire year. The Medical Society is on board with this amendment. You found twenty-eight cases of AIDS. It is just the exact same expense as the AIDS. You are saying the AIDS test is

Senator Dudycz.

SENATOR DUDYCYZ:

Well, I understand, but you -- you mentioned something earlier in your explanation. I -- it just totally confused me -- had no reference to Cook County. Could you please explain the amendment a little bit more in detail?

PRESIDENT ROCK:

Senator Dunn.

SENATOR T. DUNN:

Yes. I'll repeat what I said. What it does is to allow an out-of-power county chairman to submit a list of prospective appointees by the in-power county chairman, for political vacancies.

Thank you, Mr. President. Committee Amendment No. 1 is the amendment that resulted from the Task Force that we created in this General Assembly on Energy Assistance for Low-income People. What this amendment does is rewrite the law in Illinois regarding energy assistance in all of its forms - IHEAP, IRAPP, assistance for people on Public Aid, assistance for people that are not on Public Aid but do qualify under the federal guidelines for a

low-income person. All of this is incorporated into one bill and DCCA hopefully will be the lead agency and every -- all the energy assistance will be funneled through DCCA. There is a tax on this bill, a computer software tax to generate enough money to pay for the energy assistance for the people that are involved in this program. I must tell you right now, that I do want to publicly congratulate and thank Senator Maitland, on the Republican side, for the work he has done on this bill. He has shown tremendous diligence and worked very hard with others on the Task Force to make some kind of a bill in this General Assembly. This, I'm not saying is the final product, and I don't think Senator Maitland thinks this is the final product, but we wanted to move the bill forward and get things on the road.

PRESIDENT ROCK:

Senator D'Arco has moved the adoption of Committee Amendment ~~NO?~~ 1 to Senate Bill 392. Discussion? Senator Maitland.

SENATOR MAITLAND:

Thank you very much, Mr. President and Members of the Senate. I, too, want to thank Senator D'Arco for his work on this issue. This has been one that has been with us, as all of you know, for -- for three or four years now, and there have been varying points of view. The Governor assembled a Task Force, and I want to tell you, when that Task Force met the first time, you would never think that all those thirteen members could come together one day and put together a package like this, but we did. We respected one another's position, and I think we have put together, as Senator -- D'Arco has suggested, a package that will address the needs of low-income people in this State. It's extremely important to all of us, and I applaud the efforts of all the members of the Task Force, and no, it may not be the final package, but it's -- it's well down the road to completion, and I urge the Body's strong support of this amendment.

Senator Marovitz, on Amendment No. 1.

SENATOR MAROVITZ:

Thank you very much, Mr. President and Members of the Senate. Amendment No. 1, to this bill, I think makes the bill a much better and a stronger bill. It says that if the court has ordered somebody to pay health insurance premiums for their child, and they don't, that individual's not only responsible for the premiums, but for the medical expenses which would have been covered by that policy during the interim period. And I would ask for adoption of Amendment No. 1.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any discussion? Question is, shall Amendment No. 1 be adopted. Senator Schuneman.

SENATOR SCHUNEMAN:

Question of the sponsor, Mr. President.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he'll yield.

SENATOR SCHUNEMAN:

Senator, this is -- this is a question about what -- how this relates to a bill that we passed a couple of years ago that deals with the primacy of coverage where you have a divorced family. It -- have you or your staff done any checking as to whether or not there is a contradiction between that procedure and what you're establishing here?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Marovitz.

SENATOR MAROVITZ:

From what I understand, Senator Schuneman, this covers a loophole in the law, where a court orders a parent to pay health insurance, let's say, for his children. He does not get the health insurance. And the court can order him to go pay the premiums. But what happens in the interim, where there have been

medical expenses that would have been covered, had the individual gotten the medical insurance - the health insurance - that he was supposed to. This says that that father, in most cases, would have to pay the medical expenses that would have been covered, had he complied with the court order.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Schuneman.

Amendment No. 1 offered by Senator Holmberg.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Holmberg.

SENATOR HOLMBERG:

Thank you, Mr. President. Amendment No. 1 deletes everything in the bill, and substitutes this language. It permits the Winnebago County Board to permit the Winnebago County Nursing Home to admit a number of residents, equal to no more than twenty-five percent of its licensed capacity -- a number of private pay residents. It disallows the Winnebago County Nursing Home from transferring or discharging current residents, whose care is reimbursed by public aid or social security solely for the purpose of admitting a private pay person. This was requested by the Winnebago County Board. They're more than a million dollars in debt. And it's one way that they hope to alleviate some of their financial problems.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Holmberg has moved the adoption of Amendment No. 1 to Senate Bill 1132. Discussion? Senator Topinka.

SENATOR TOPINKA:

Mr. President, if I may ask the sponsor for just a bit more clarification, because you are getting into the Public Aid Code. Is this limited to your nursing home therein - Rockford? And is

it overcoming some current litigation that may be out there?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Holmberg.

SENATOR HOLMBERG:

Senator Topinka, I didn't hear all of your question. The first part, yes it is limited to just the Winnebago County home. And I didn't hear the second part of your question.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Topinka.

SENATOR TOPINKA:

Is there any litigation that may be involved, or court decisions that you may be trying to overcome with this particular amendment?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Holmberg.

SENATOR HOLMBERG:

Yes. That is the reason. There's a 1977 class action suit which was filed against the Winnebago County Nursing home in 1977. And an agreement was entered requiring the county to admit public aid patients prior to admitting private pay patients. And according to that court order, the entry of this decree shall in no respect prevent the county board or the County of Winnebago from modifying or amending without leave of the court, the admission policies of the nursing home when so required or authorized by changes in the law. And otherwise they -- they asked us to go back, you know, to the Legislature, and change the law if they wanted to overturn that decree.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Topinka.

SENATOR TOPINKA:

Just one further clarification. Therefore, were there public aid patients who were on a waiting list who were not admitted in

-- in -- and private pay were, ahead of time? Is -- is that what this tries to get at?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Holmberg.

SENATOR HOLMBERG:

Senator Topinka, as I mentioned briefly at the beginning, in my explanation, there are no public pay patients that would not -- would have any difficulty. There's a safeguard built in that they can't discharge anyone to let private pay patients in.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Hawkinson. All right. No further discussion, Senator Holmberg has moved the adoption of Amendment No. 1 to House --Senate Bill 1132. Those in favor will indicate by saying Aye. Opposed Nay. The Ayes have it. Amendment No. 1 is adopted. Further amendments?

PRESIDENT ROCK:

All right. Ladies and Gentlemen, the Senate will reconvene. We have about a -- at least a good hour's worth of work. And we will begin on the Order of Senate Bills 3rd Reading. PRESIDENT ROCK:

Senate Bill 13. Senator Berman. All right. Ladies and Gentlemen, on the Order of Senate Bills 3rd Reading is Senate Bill 13. Madam Secretary, read the bill a third time.

SECRETARY HAWKER:

Senate Bill 13.

(Secretary reads title of the bill)

3rd Reading of the bill.

PRESIDENT ROCK:

Senator Berman.

SENATOR BERMAN:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. Senate Bill 13 is similar to a bill that we passed in the Senate last year, and the House, in its lack of wisdom, failed to pass it on 3rd Reading. This is a law and order bill, and what it does is to allow a full-time attorney in the employ of a company, who is fired because he fails to break the law, to have a cause of action for his discharge. The -- Illinois State -- the President of the Illinois State Bar Association has endorsed this bill. The language is in keeping with one of the subcommittees of the Chicago Bar Association in the -- in the formulation of this. We have tried to address such concerns as -- attorney/client privilege -- and we've addressed that through a -- provision regarding discussions in chambers, rather than on the floor of the courtroom, and there's a high burden of clear and convincing evidence that is built into this. I'd be glad to respond to any questions, and solicit your Aye vote.

PRESIDENT ROCK:

Is there any discussion? Senator Schaffer.

SENATOR SCHAFFER:

Senator, is this similar to a bill that we -- had with us last year?

PRESIDENT ROCK:

Senator Berman.

SENATOR BERMAN:

Yes, we passed it in the Senate. I -- I'm not sure there was even any dissent, but we passed it last year and it went over to the House.

PRESIDENT ROCK:

Senator Schaffer.

SENATOR SCHAFFER:

As I understand this, this would protect a lawyer in a situation where he was ordered by his employer to do something illegal, refused to, and then fired for refusing to break the law.

PRESIDENT ROCK:

Senator Berman.

SENATOR BERMAN:

It -- it doesn't protect him, it gives -- it allows him to sue for his damages.

PRESIDENT ROCK:

Senator Schaffer.

SENATOR SCHAFFER:

Is there any evidence that this has ever occurred?

PRESIDENT ROCK:

Senator Berman.

SENATOR BERMAN:

Yeah. The reason for the bill is that there was a case in Illinois. Called -- called -- no, it's not hypothetical; it's an actual case - Herpster versus North American Life Insurance Company, and the courts made a terrible decision, and we want to correct it.

PRESIDENT ROCK:

Any further discussion? Further discussion? If not, the question is, shall Senate Bill 13 pass. Those in favor will vote

PRESIDENT ROCK:

Senator Jones.

SENATOR JONES:

Yeah. Thank you, Mr. President and Members of the Senate. Senate Bill 20 comes at the request of the Director of the Department of Children and Family Services. What it does is include homeless youth and youth emergency shelters under the Child Care Act. The Director of the Department and many other social service agencies have been working on this serious problem in the State of Illinois as relate to our runaway youth and teenage homeless youth in the State of Illinois. And by placing this amendment in the Child Care Act, it gives the Director the discretion of setting up the demonstration product -- the demonstration home for these homeless teenage youth in the State of Illinois. And I know of no opposition, and ask for a favorable vote.

PRESIDENT ROCK:

Is there any discussion? Senator Hawkinson.

STATE OF ILLINOIS

May 16, 1989

SENATOR HAWKINSON:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDENT ROCK:

Sponsor indicates he will yield, Senator Hawkinson.

SENATOR HAWKINSON:

The runaway situation, Senator, has been a dilemma for law enforcement and parents and everybody else because, essentially, over the course of the last decade, because of some federal requirements and everything else, law enforcement and parents have been unable to do anything other than to sort of hold the runaway for a few hours and try and urge them to go back home or into a program. And there are some -- crisis intervention services that are offered now to them. What will this bill do to the runaway in a practical situation that the crisis intervention people do not currently do?

PRESIDENT ROCK:

Senator Jones.

SENATOR JONES:

Well, one of the things the bill would do is set up a temporary shelter to deal with, not only the runaways, Senator, runaway youth - you got different categories. You got the runaway youth that may be just a temporary runaway for one day. You have runaway youth that's been on the street for maybe three or four months. Then you got that hard core youth that's out there. And what this bill would do is give the Department of Children and Family Services the discretion of setting up a teen-age shelter that would network with other agencies to attempt to get those youngsters back to their original home. We -- we looked at this -- this problem, not only here, but we went to California, Los Angeles, San Diego, and looked at some of the types of homes that they have in trying to deal with the homeless youth. And

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

30th Legislative Day

currently, right now, when we talk about shelters, there is no such thing for homeless teenagers. And you can't mix them with the adults. And then you can't mix some hard core youngsters with the first-time runaways. So this bill is designed to -- for the Department to set the home up, to network with other social service agencies, and attempt to get those children back to their original home.

PRESIDENT ROCK:

Senator Hawkinson.

SENATOR HAWKINSON:

But there's nothing in -- in the bill that would allow DCFS or the these pilot projects to - I don't want to choose a poor word, but coerce or force these people. It would just be an opportunity that would be offered?

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Jones.

SENATOR JONES:

Yes. It is more or less permissive legislation to -- to give the Department the authority to do what they want to do, and that is to deal with shelters for homeless youth.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Fawell.

SENATOR FAWELL:

Thank you very much. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR D'ARCO)

He indicates he will yield.

SENATOR FAWELL:

Senator, my county is talking about putting up one of these shelters. And I notice in Section 10-6, harboring a runaway, it's got: Any person, other than an agency or association providing crisis intervention services as defined in the Juvenile Court Act, or an operator of a youth emergency shelter, as defined in the

Child Care Act, who, without knowledge or consent of the parents -- minor's parents or guardian knowingly gives shelter, to a minor, and so on and so forth, is going to be guilty of a Class A misdemeanor. Now, what you're saying that these shelters do not necessarily have to notify the law enforcement or parents? Is that the idea?

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Jones.

SENATOR JONES:

No. That is not what I'm -- I'm saying. When I mentioned runaway youth, that is just part of the problem. We have -- this legislation is designed to deal with the homeless youth, the homeless teenagers. And in some instances you do get that runaway youth for the first time. And currently, right now, if someone were to take them into custody, they could be -- they could run into problems themselves. What this legislation is designed to do is give the -- the Department the discretion of setting up demonstration projects in the State of Illinois, where in if they did get a runaway youth, they would not be in violation of the law.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Netsch.

SENATOR NETSCH:

Thank you, Mr. President. Senate Bill 23 provides for joint nomination of Governor and Lieutenant Governor. As everyone knows, I think, the Constitution of Illinois requires that Governor and Lieutenant Governor run as a team in the general election, and then provides that the General Assembly may, if it chooses, provide for joint nomination. I don't think I have to remind some Members here of a rather unfortunate thing that happened in my party a couple of years ago. It could happen to anyone. I think the main thing, though, is that the whole idea of that office really was to be a helpmate to the Governor, whoever the Governor might be. And I think this helps to confirm that that will, in fact, be the case. I might mention that this Body, the Senate, passed the identical bill last Session by a vote of 52 to 4. I think there was widespread support for it then. And I believe the widespread support still exists. I would be happy to answer any questions.

PRESIDING OFFICER: (SENATOR D'ARCO)

Any questions? If not -- Senator Philip.

SENATOR PHILIP:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senator Netsch, I might -- I must commend you on -- on your -- your idea and your thought, for a change. Normally, I don't find too much in agreement with you, particularly political things. But I always thought the Governor or the President of the United States ought to pick his running mate. There should be no reasons why they shouldn't circulate one petition for Governor and Lieutenant Governor. It's an excellent idea. And we all ought to support it.

Senator O'Daniel.

SENATOR O'DANIEL:

Thank you, Mr. President. Actually, the request for the -- no, the fiscal note, when it was -- for counties less than eighty thousand was eight hundred and twelve thousand dollars. But now we've added all counties, and I -- I don't have a fiscal note on that. It would probably -- probably double the cost of it.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Geo-Karis. Wait a minute.

SENATOR GEO-KARIS:

Wait a minute. I believe Senator Fawell wasn't finished. And I'm ready to go --

PRESIDING OFFICER: (SENATOR D'ARCO)

Oh, I thought she was finished. Senator Fawell.

SENATOR FAWELL:

I will be glad to share the fiscal note with you. The Department estimates that the cost, as amended, will be 4.7 million dollars annually. And these funds will not include in the Department's Fiscal Year 1990 budget request. Can you tell me where we're going to get 4.7 million dollars to do this? I mean, my county would love it, but we haven't got the money.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel.

SENATOR O'DANIEL:

Senator Fawell, I think the State would be more of capable of furnishing this money than would the local counties. And the thing about the bill - the reason I think this is a fair bill - they're picking up the cost to these people prior to them coming into -- being placed in jail. If they're already eligible for this medical assistance, I don't see why they should be cut off and the county would have to pick -- pick this cost up. And --

STATE OF ILLINOIS

And I realize it is some cost, but I think the State would -- would be more capable of coming up with the cost of this than the counties can. So - and this does include all counties now in the State of Illinois. And this legislation was given to me by the County Board Association.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Demuzio.

SENATOR DEMUZIO:

Thank you, Mr. President. I, too, rise in support of this measure. I think Senator O'Daniel has hit the nail right on the head. There's a lot of these small communities - small counties - that have to pick up enormous medical costs of those individuals who are detained or incarcerated in their county jail. And this -- it's my understanding -- it only applies to those individuals who have been previously determined to be eligible for medical assistance under the Public Aid Code. So, in fact, we would be paying it anyway. And I don't know why we just don't afford us -- why the State doesn't afford us the opportunity, at the local county level, to -- to take advantage of that. And I -- I rise in support of this measure.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Watson.

SENATOR WATSON:

Thank you. Question of the sponsor.

PRESIDING OFFICER: (SENATOR D'ARCO)

SENATOR O'DANIEL:

I don't know why they aren't now. I know they -- this is the ones that -- deals with the ones that are already eligible, prior to being placed in jail. What this says, that they will continue to be -- the cost for medical assistance will continue to be picked up by the Department of Public Aid, instead of the local county governments having to pick this charge up.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Watson.

SENATOR WATSON:

Thank you. That's my question. Is -- isn't that current policy of the Department, that even though an individual is incarcerated, can't they be eligible for Public Aid benefits while they're in the county jail, especially medical?

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel.

SENATOR O'DANIEL:

Senator Kustra.

SENATOR KUSTRA:

Thank you, Mr. President and Members of the Senate. You know, we here in Illinois, who have a balanced budget, oftentimes scoff at our colleagues in Washington at the imbalanced budget that they have, and here we go right down the same path as Washington. I mean I -- I don't know how we can sit here today, very early in our Session, and add millions of dollars to a budget which has already been planned out. Senator Watson asked a very good question, and as Senator O'Daniel said, under current law, the Department reimburses the jail only if the cost of medical expenses exceeds twenty-five hundred dollars. When you open this

thing up, and then you add Cook County, and, again, it's my understanding that, by amendment, Cook County is now included in this bill. Boy, I mean you're into real big bucks. And I just don't see how you can -- you can obliterate an existing policy now, drive up the cost of the budget, when we can't figure out a way to get to June 30th. This is a bad idea, especially now. And I would urge a No vote.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel, to close.

SENATOR O'DANIEL:

Thank you, Mr. President and Members of the Senate. I think this -- this is a very fair bill. You know, it's got where the Department of Corrections tells us the type of facility we have, and they're always telling us what we have to do out there. And -- and the counties don't have money enough to upgrade their jails and provide medical care and -- and retain the prisoners for months at a time. And I think, you know, if they're going to put all these requirements on counties, they should pick up the cost of it. And I'd appreciate an affirmative vote.

PRESIDING OFFICER: (SENATOR D'ARCO)

Thank you, Mr. President. This increases the minimum salary that would trigger the need for an economic interest statement from thirty-five thousand to forty-five thousand. This is for State, local government, and school district employees. This does not affect the General Assembly. It does not affect the -- any local elected official. We're told that by 1990 there's going to be some hundred and fifty-five thousand people that are going to have to comply with the Act under current salary structure of thirty-five thousand. All we're doing is raising that from thirty-five thousand to forty-five thousand. We've done this over the years. It started out at fifteen thousand. We raised it to twenty thousand, then to twenty-five. A couple of years ago, in 1983, we raised it to thirty-five. So I think that it's -- raising it to forty-five is proper now. And I would ask for your support.

PRESIDING OFFICER (SENATOR D'ARCO)

Senator Watson.

SENATOR WATSON:

Well there's, right now, some hundred and eighteen thousand employees that are employed by those levels of government that are required to file. They -- as I mentioned in my opening remarks, that's going to be raised to some hundred and fifty-five thousand by 1990, if this bill isn't adopted.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Lechowicz.

SENATOR LECHOWICZ:

Mr. President, I think we should really look very carefully at what we're asked to do here this afternoon. When the Ethics Legislation was originally passed, after much heated debate, it was to be inclusive. And if you recall that when we all run for our elections, many of our ethic statements are thoroughly analyzed, and rightfully so. Now we're coming up with an exclusion for State employees, units of local government and school districts, saying if you make over thirty-five thousand, we -- you won't have to file anymore. It will be forty-five thousand that'll be the new threshold. I think this is a step in the wrong direction. We, as the Membership of the General Assembly included many, many years ago, of including and making sure that the sun shone upon all of us. And at thirty-five thousand dollars, I don't think it's an annual wage that should be raised. If you take a look at the budget -- the State budget, there aren't too

many employees that fit in that category. Most of your code directors are above that. And they'd be included. But your day-in-and-day-out employee, unfortunately, is making much less. I think thirty-five thousand dollars is an adequate threshold. And it should remain the same.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Watson, to close.

SENATOR WATSON:

Well, thank you. I brought this bill before the Executive Committee, I guess it was, and Senator, you supported this in committee. It passed unanimously, 17 to nothing. This was brought to me by a circuit clerk in my district who is concerned about the mayor's office and the people that have to continually file for -- for this Economic Interest Statement. And we're talking about 1990, a hundred and fifty-five thousand people having to send in an Economic Interest Statement. I'm not sure who's going to sift through all those -- all that paperwork, but I just think that this is really a step in the right direction. All we're trying to do is keep up with -- somewhat with inflation over the period of time since 1983 -- was the last time that this threshold was raised. I see no problem with it. As I mentioned, it passed out of committee a 17 to nothing vote. I'd appreciate your Yes vote. Thank you.

PRESIDING OFFICER: (SENATOR D'ARCO)

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel.

SENATOR O'DANIEL:

Thank you, Mr. President. This bill is similar to Senate Bill 34, and was given to me by the County Board Association. And what this -- this bill does, as amended, it requires the Department of Corrections shall reimburse the counties for each person committed to county custody at a rate of forty dollars per day for each day served over thirty days, with a maximum of -- to be eligible to -- the maximum amount per a prisoner that counties would be eligible to receive would be thirteen thousand two hundred dollars, you know. And my feeling about this legislation is that the Department of Corrections is almost making mini-prisons out of our -- out of our county jails. And I think it's probably cheaper for the counties -- for the Department of Corrections to keep prisoners here and pay this than it probably would to build a new prison. But I think, you know, if they're going to demand all of the upgrading of the jails and all, they have to pick up part of the cost of this.

PRESIDING OFFICER: (SENATOR D'ARCO)

Any discussion? Senator Fawell.

SENATOR FAWELL:

Thank you very much. Here we go again. This has got a fiscal impact of -- of four million dollars. We just spent 4.2 million dollars to help the local jails out. And -- and they're not class acts, they're the guys that are -- are drunk on our streets or they're doing minor offenses. You know. Senator O'Donald, we can't afford it. And I think we ought to quit trying to do this. And I would suggest that we vote No.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Donald is in the House. Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR D'ARCO)

He indicates he will yield.

SENATOR HAWKINSON:

Senator, I was with you on the last bill. And, depending on how you answer this one, I may be with you on this one as well. I -- I was one who fought, when I was in the House, against the State's limitation of Vandalia and other institutions, where they wouldn't let us put misdemeanors -- misdemeanants again for a year. And, in effect, they were making us mini-jails, and shifting that cost on to the counties. However, I don't think that it's fair to make the State pay for someone who is simply waiting in a county jail, waiting for trial. And that's my question. Does -- does your bill -- someone who's waiting a hundred days in a county jail or longer, if there's a continuance that the defendant asks for -- if that person is waiting in the county jail for trial, and is -- and may never be sentenced to the Department of Corrections, but then receives a sentence for -- for time served or something, and is simply there because he is waiting trial, I don't think the State ought to have to pay for that. And my question is, under your bill, would the State have to pay for that?

SENATE TRANSCRIPT

30th Legislative Day

May 16, 1989

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel.

SENATOR O'DANIEL:

I've been informed that probably this just affects the ones that have been sentenced.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Hawkinson.

SENATOR HAWKINSON:

My question is, if it's someone who is sentenced retroactively and doesn't have to serve an additional day in jail, but is given credit for that time he or she has served awaiting trial, will the State have to come in retroactively and pick that up? And if that's the case, would you be amenable to an amendment that would not force the State to pay, unless it's a prospective sentence.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel.

SENATOR O'DANIEL:

I -- I think you're probably right. Maybe we ought to take this out of the record. And maybe I want to put it back on the recall list and try to amend it.

Take it out of the record. Senate Bill 44, Senator Smith. Read the bill, Madam Secretary.

Thank you, Mr. President and Ladies and Gentlemen of the Senate. Senate Bill 44 -- Smoke Limitation Act. Whether it's

etiquette issue or a public health issue, the problem of smoking in public places and the effects of passive smoking have been getting the attention of the Illinois citizens. Medical research shows that passive smoking can cause common irritations, headaches, aggravated allergies, and lung-related problems. Therefore, this smoking bill that we have here today is to prevent smoking in health care institutions, including physicians, offices, and in child care institutions, which will be classed as a petty offense. With the amendment that we had, it would delete the language requiring the Department of Public Health to administer this Act. And with this amendment, the Department of Health supports Senate Bill 44. I ask for your favorable vote.

PRESIDING OFFICER: (SENATOR D'ARCO)

Any discussion? If not, the question is, shall Senate Bill 44 pass. Those in favor, vote Aye. Those opposed, vote Nay. The voting is open. Have all voted who wished? Have all voted who wished? -- what it really does is exempts rotary mowers that are used to maintain federal farm programs set aside and -- and conservation reserve acreage. The Department of Revenue has now signed off on this bill. There was some concern about what was eligible and what wasn't. And I think now it's been clarified and -- and the Department of Revenue doesn't have any problem with this now.

PRESIDING OFFICER: (SENATOR D'ARCO)

Any discussion? Senator Keats.

SENATOR KEATS:

SENATOR KEATS:

Why is the Farm Bureau listed in opposition? I can see the Department of Revenue opposing it. Why is the Farm Bureau opposed?

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel.

SENATOR O'DANIEL:

That's -- that's a mistake if you've got that information. Farm Bureau helped draft the legislation. Farm Bureau, farmers' union and equipment dealers, and all farm organizations support this legislation. And, actually, some dealers were charging tax, some wasn't. And it was -- it was more of a confusion. And actually, it doesn't amount to that much, but it is some clarification. And the Department of Revenue has signed off on it.

Does this imply that only the sales tax on mowers that's going to be used only on set-aside acres -- and you and I both know that no farmer is going to buy a new mower just to mow set-aside acres; he's going to use it for the rest of his farm operation. Does this apply only to that portion of the machine that's going to be used to mow set-aside -- set-aside acres? Or is it all inclusive?

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator O'Daniel.

SENATOR O'DANIEL:

No. Senator Davidson, what -- what the problem was, the Department of Revenue didn't think that was part of a farming operation to mow the setaside acreage and all. So, you know, I had problems understanding why they thought that wasn't part of a farming operation. So, they weren't allowing -- they weren't allowing the sales tax exemption on -- on some of these rotary mowers. They thought maybe they were used for other purposes other than that. And -- and it is a -- this is just clarification.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Davidson.

SENATOR DAVIDSON:

I thought they were already exempt under the present Act, being the sponsor of the Act that created the exemption for farm machinery sales tax a number of years ago. I thought they were already exempt.

PRESIDING OFFICER: (SENATOR D'ARCO)

SENATOR LECHOWICZ:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 61 does four things. It really corrects the home equity legislation that we passed last year. It provides a mechanism where additional precincts can be added with the request of going to the commission and approval of fifty percent of the voters within those precincts. Requires the commission members be appointed -- the reappointments the same way that they were originally provided in the bill. It also clarifies that the home that is sold has to be a bona fide sale. And the fourth thing, it provides a funding mechanism. That's all the bill does. I'd be

SENATOR COLLINS:

PRESIDING OFFICER: (SENATOR D'ARCO)

SENATOR COLLINS:

Senator, did I understand you to say that it -- that in order for additional precincts to be added, it only took fifty percent of the voters and not a majority?

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Lechowicz.

SENATOR LECHOWICZ:

It's a twofold procedure. One, they make an application to the commission. Two, it requires 50.1 or fifty plus one, in order to be approved by the respective precinct to be an adjoining -- or coming into the -- a membership of the home equity area. So it requires two items.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Smith.

Yes. A question of the sponsor, please.

What about people who own property there? Will they permitted to be -- permitted to stay there? What other requisites? I mean, you -- you have a -- a certain amount of people who are going to pass on the people who are going to live in those communities. Is that right? Is that right? You want to sort of monitor that

community? Is that right?

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Lechowicz.

SENATOR LECHOWICZ:

Thank you, Mr. President. Let me just briefly explain the purpose of home equity. Home equity is to provide a insurance mechanism for existing home owners, no matter whether they're white, black, yellow or green, within a certain district that had been approved by the voters within their respective area to be part and parcel of a home equity program. And they, in turn, go to a board, and the board be given an assessment on the property. Then the bill that we passed last year was .10 of the assessed valuation would go into an insurance pool. That pool will only be used if a person who is - and that's with the clarified language in here - makes a qualified sale on his property, and if it's below the assessed valuation that was assessed when this originally was proposed, then a triggering mechanism would pay the difference. This is a piece of legislation that was modeled after the Oak Park ordinance, which was debated on this Floor extensively last year. I don't believe that there is -- there hasn't been a precinct that I know of where it's been made available, that it's been rejected. And it's -- covers both black and white areas in my community, and it's been approved in both.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Smith.

SENATOR SMITH:

The way our government has been running in the City of Chicago for 10, these many years, it's very few people that are really organized as far as precincts are concerned. And you know that. Will that deprive people who have nice property? How will this affect -- is this just for a certain area? I want to find out.

Thank you, Mr. President. It affects anyone who's interested in protecting and making sure that the evaluation of his home is a fair market value when he's out there to sell. It affects nice property, medium-income property, low-income property, anybody who wants to participate. All they have to do is vote for it, and be a -- take, as I mentioned earlier, the course of action in order to be included.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Dudycz.

SENATOR DUDYCZ:

Well. Thank you, Mr. President. Senator Lechowicz is absolutely correct. This is merely clarifying language to the home equity bill that we passed last year. It will -- currently the home equity law, as it stands, does not allow certain contiguous precincts, some of which are in my district, to opt in. This will allow those precincts to join this home equity assurance program. And it's just clarifying language. And I urge your support.

PRESIDING OFFICER: (SENATOR D'ARCO)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Joyce.

SENATOR JOYCE:

Thank you, Mr. President. This bill would permit townships who receive no service from the RTA by 7-1-89, this year, to opt out through the referendum process. I'd be happy to answer any questions.

PRESIDING OFFICER: (SENATOR D'ARCO)

Senator Keats.

SENATOR KEATS:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I rise in opposition to the bill for two or three reasons. The first is sort of a philosophic one - to say that a train station that's not quite in your township, but right across the road, is not an asset, is probably not a realistic assessment. But that isn't really the issue, because we could argue either side. There's a practical problem of the bill. The Department of Revenue is opposed. And I'll read a little bit of it, because this is a very legitimate problem. I don't know how Revenue is going to do it. The Department of Revenue is opposed to the legislation because it would require that we track which businesses in each of the townships are still subject to the RTA sales tax, and which businesses in each of the townships are not. The Department does not have information to do this. Currently, businesses are identified by the Department, according to county and incorporated municipality. For these businesses that are not in an incorporated area, the Department would have no way of determining whether or not they were located in an affected township. Given the sheer volume of businesses in the the collar county area, attempting to track this information would be almost impossible. In addition, errors regarding proper distribution of

86th GENERAL ASSEMBLY
REGULAR SESSION

the monies would be possible. From a practical point of view, the bill is unworkable. From a philosophic point of view, it's up one, down one, doesn't really matter. But from a practical point of view, you basically can't do it, particularly when you have municipalities that are crossing township lines etc., which, in those collar counties, happens quite regularly.

PRESIDENT ROCK:

Further discussion? Senator Watson.

SENATOR WATSON:

Yes sir. Thank you. I don't understand the last speaker at all, because in Madison and St. Clair County a few years ago, we did the very same thing. We were concerned about the bi-state issue in our area, and we allowed for townships to opt out by referendum if they so wished, if they don't have this service. I don't see a problem with the approach here. And I don't think that the people that live in a particular township should have to pay for services they're not getting. That's all your asking for, Senator. And I agree with it. Thank you.

PRESIDENT ROCK:

Further discussion? Senator Lechowicz.

SENATOR LECHOWICZ:

Mr. President, Ladies and Gentlemen of the Senate, unfortunately I'm going to have to stand in opposition to 61. I supported the bill in -- in committee so the gentleman could have the opportunity to debate it on the Floor. But now, in reality, what we're doing is, we're making a total erosion of the RTA Act. And, unfortunately, it's -- I'm sure that all of us can probably remember the fact when the RTA was created, and Bob Blair took a defeat over it in the House as a Speaker. And a couple other friends on the other side of the aisle lost, as well, in McHenry County. What we're doing here is -- when we created the RTA, it was for the purpose of creating a unified system in a six --

northeast area of -- in the six counties of the northeast area of the State of Illinois. And now we're having Will County being excluded for certain townships because there are no buses, supposedly, governing that area. The next area will be McHenry, and possibly Lake. Then you're going to have a justification as far as the elimination of some federal funding. I don't know of the -- anyone from the RTA/Metra who could really support this, because of possible loss of funds. I do know when this bill came out of committee, I heard on WBBM Radio that their RTA board is now talking about extending services to this section of Will County, and possibly McHenry. Maybe this bill had this type of an impetus. But I, for one, cannot support it on the Floor now, because, in fact, I personally believe it's an erosion of the RTA Act. It's going to seriously affect the possible loss of federal funds. And for that reason, I wanted to bring it to your attention, and ask that you support, whether you're for it or against it, accordingly. Thank you.

PRESIDENT ROCK:

Further -- further discussion? Senator Dunn.

SENATOR T. DUNN:

Thank you, Mr. President. I rise in support of this for a very simple reason, and that is that no representation, no tax.

PRESIDENT ROCK:

Further discussion? Senator Karpziel.

SENATOR KARPIEL:

Thank you, Mr. President. I also rise in support of this bill. I think you don't have any service, there shouldn't be any tax.

PRESIDENT ROCK:

Further discussion? Senator Collins.

SENATOR COLLINS:

Yes. Unfortunately, I have to, too, rise in opposition, for

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

30th Legislative Day

May 16, 1989

the same reasons articulated by Senator Lechowicz. If you look at the RTA's plan for the region, you may find that there are plans to extend services to some of those small townships that are now currently not receiving services. So as industry moves and jobs move to the suburban areas, and that is the trend, and it seems to be no indication that there is going to be any changes in the future, there most certainly will be a need to expand public service - transportation service - to those particular areas. And if we stop collecting the taxes, then there will be no possibility of providing for those services. You can't say that we're going to stop collecting the taxes and then put in the service. And then after the service is in, we will now start retaxing you again. So I think it is just ill-advised at this time. And I -- I rise in opposition to the bill.

PRESIDENT ROCK:

Is there any further discussion? Further discussion? Senator Joyce, you wish to close?

SENATOR J.J. JOYCE:

Thank you, Mr. President. Well, this would not only impact Will County. It would be Dupage, Kane, Lake, McHenry, and Will. And if every township that isn't receiving this service were to opt out, it would cost the RTA the whopping sum of a million dollars a year. Now, I tell you, they -- probably only a few townships will opt out. Some of those townships in my district have contributed over the last sixteen years. Now it's not much money. It's two hundred thousand dollars one of them has contributed. Two hundred thousand dollars. You say, well, you know that's not much money. It's a lot of money to those folks in a little town -- a little community. And they don't see an RTA bus. And they aren't about to see an RTA bus. And no matter what you hear, they're still not going to see an RTA bus or a rail line or anything else. And if there was one come through there, they'd

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

probably throw rocks at it, because they don't need it. They don't go anywhere in these communities. They're rural communities. They're going to go to the local store. They're not going to go to work in Chicago. Or they're not going to go to work somewhere else. So they're not going to ride the RTA. All they want to do is a chance to - as a couple of people very eloquently put it - no service, no tax. That's all they want. I'd ask an Aye vote.

PRESIDENT ROCK:

Question is, shall Senate Bill 62 pass. Those in favor will vote Aye. Opposed, vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? And I would seek your support.

3rd Reading of the bill.

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Well, thank you, Mr. President. This bill is a bill that affects veterans of Illinois. It passed the House in the last Session. It was held in our Senate Rules Committee last year. It would authorize the Secretary of State to issue special license plates to veterans for use on passenger vehicles and for pick-up trucks. As you know, we -- under the existing law, there are a number of special license plate recipients that we grant these special plates to. According to the projections by the U.S. Veterans Administration, it would probably be applicable to about 1.2 million veterans who reside in Illinois as of March the 31st of this year. And it simply suggests that the fee schedule remains the same for the special plates as it is now, but it affords the veterans the opportunity to -- to have a special plate as well. And I would seek your support.

PRESIDENT ROCK:

Discussion? Senator Topinka.

SENATOR TOPINKA:

Mr. President, and also to the sponsor, I -- I just didn't catch as he went through his -- his presentation. Just how many veterans in the State of Illinois would be affected by this? And what would be the cost of implementing this program?

PRESIDENT ROCK:

STATE OF ILLINOIS

Senator Demuzio.

SENATOR DEMUZIO:

Oh, I'm sorry. Apparently, it is -- it would be applicable only to twenty-seven thousand veterans in Illinois. I -- apparently, according to the staff analysis, was 1.2 million is what I -- is what I indicated. And the cost is that which is applicable to the special veterans plates or special plates that we have -- that we charge right now to the Secretary of State's Office.

PRESIDENT ROCK:

Senator Topinka. I'm sorry.

SENATOR TOPINKA:

I don't think we've come up with the exact dollars and cents figure and things of that sort. But, you know, shouldn't we be doing other things for veterans that are significantly more important than consistently going -- coming up with these license plate bills? And I suppose, beside the cost, and -- and just because I think we have so many different veterans groups that would like to segment the driver's license plates under all these circumstance, not to mention I don't what the heck this was doing in the Public Health Committee, because we, generally speaking, don't handle the public health matters of license plates. But I would like to bring up what I think is probably the most significant problem that we have with these varying license plates - and that is a police problem. According to the State Police, that -- their concern is that it is a constant problem because of the variations of these plates that we're constantly putting on the street, that law enforcement officers cannot necessarily get IDs from witnesses or even they themselves have trouble in IDing these plates, because you don't know where they come from. And you've got to have these vehicle IDs if you're going to be able to, you know, take these in court and trace down people. The

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

30th Legislative Day

other problem is -- is that they look very similar to sometimes foreign license plates, and that becomes a problem. You also have the problem that with the different colors that are involved, you can't see them as quickly in the light nor in the nighttime. So I would suggest, maybe we could hold back on this, and for once in our lives kind of pull back and give the veterans something that would be much more tangible in terms of benefits or pension considerations - things of that sort, where they're really hurting, rather than coming up with something like this to leave the police always in the state of flux.

PRESIDENT ROCK:

Further discussion? Senator Davidson.

SENATOR DAVIDSON:

Question of the sponsor.

PRESIDENT ROCK:

Sponsor indicates he will yield. Senator Davidson.

SENATOR DAVIDSON:

Two questions, Senator Demuzio. One is, have you've -- if you've given some consideration to making this amended to make it effective in '92 at the request of the Secretary of State, due to the five-year rotation of plates? As you know and I know, the plate that goes on your cars has a life expectancy of five years and you add the stamp. And secondly, is there an additional fee which we did charge, I don't know if we still do, but we used to charge an additional fee for vanity or special plates when we adopted this several years ago. Does that apply to this special plate for the veterans?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Well, the answer to your last question is that the cost is, in fact, the same that which is afforded that other people with

special plates. And the Secretary of State's Office never made such a request to us with respect to phasing this into 1992. We wouldn't have any difficulty in working with the Secretary of State's Office on that, and if this bill leaves here, we'll be glad to put that amendment on in the House. And if I might use the remaining period to respond to Senator Topinka.

PRESIDENT ROCK:

No, you may not. Further discussion? Senator Geo-Karis.

SENATOR GEO-KARIS:

...a question.

PRESIDENT ROCK:

Sponsor indicates he will yield.

SENATOR GEO-KARIS:

When you say that it's -- there would be -- they're to be issued to retired members of the U.S. Armed Forces. Does it mean any veteran?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Retired members of the armed forces. That's what it -- that's what the definition in the bill is, yes.

PRESIDENT ROCK:

Senator Geo-Karis.

SENATOR GEO-KARIS:

I mean -- do you mean any veteran? If we served, and now we're not in service? Is that what you mean? Now, I happen to be ready -- what they call retired too, but does that mean I would be eligible for a plate?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

If you are a retired member of the United States Armed Forces,

yes, you are entitled.

PRESIDENT ROCK:

Senator Geo-Karis.

SENATOR GEO-KARIS:

Well, I can see issuing a special license plate for the survivors of Pearl Harbor. But we never did that, did we, Senator Demuzio?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Well, Senator I -- I don't know the answer to that question, but they didn't make such a request to me, so that's not in this bill. So -- I -- if you want -- if you want to do that, I'd be happy to help you with your bill.

PRESIDENT ROCK:

Senator Geo-Karis.

SENATOR GEO-KARIS:

Why don't you pull it out of the record, and then we'll amend your bill, so we can do it for those people. I think they would deserve it more than we do.

PRESIDENT ROCK:

Further discussion? Senator Watson.

SENATOR WATSON:

Thank you, Mr. President. I'd like to ask the sponsor a question.

PRESIDENT ROCK:

Indicates he will yield. Senator Watson.

SENATOR WATSON:

What does this bill have to do with Public Health, Welfare and Corrections?

PRESIDENT ROCK:

Senator Demuzio.

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

30th Legislative Day

May 16, 1989

SENATOR DEMUZIO:

Well, it's my understanding that it was erroneously referred to that committee. But it was determined that those individuals were just as qualified as any other committee to hear this particular bill. And therefore, since there was some deadlock with respect to this Senate, it had to repose in that committee. I -- I felt very confident that on the unanimous roll call -- that it managed to come out of there. And if they were serving on Transportation or some other committee, we'd probably have been in the same boat.

PRESIDENT ROCK:

Senator Watson.

SENATOR WATSON:

Yes. I'd like to know who are the two co-chairs of the Committee on Assignments? Will the sponsor of the bill please respond to that?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Well, Senator Watson, in my fifteen years here, it is not unusual for a bill to be assigned to an erroneous committee. The fact of the matter is -- is that on a number of occasions, from time to time, we always get up and re-refer bills to other committees. Unfortunately, that didn't -- we weren't afforded that opportunity this -- this time. And apparently, Senator Watson, your lights are out, and so your time is up. I don't know how else to tell you that.

PRESIDENT ROCK:

Further discussion? Senator Watson.

SENATOR WATSON:

Well, I'm not being facetious at all, because this -- we did have some five license plates bills in the Transportation

Committee. And why this went to that particular committee, I don't know, other than that the sponsor is a member of that Committee on Assignments. Would you be acceptable to an amendment that would provide that this bill or this -- the license plates would be vanity plates, as was previously mentioned? Would you accept an amendment?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Well, Senator, we -- we provide these kind of plates to Prisoners of War, the Illinois National Guard, the U.S. Purple Heart recipients and et cetera, and I, frankly, don't understand, you know, your rationale for coming down so hard on the veterans of the -- of the State of Illinois. There are only twenty-seven thousand. And they should be afforded that opportunity. And if you want to do anything else, why don't put your own bill in?

PRESIDENT ROCK:

Senator Watson.

SENATOR WATSON:

My next question, Mr. President, was twenty-seven thousand veterans? I probably have that many in my district alone. I don't know where you're coming up with those figures, but I think that might be erroneous. One thing that I -- I was a sponsor -- the first bill I ever passed, when I was a House Member, was a Prisoner of War license plate bill. First bill I ever passed. So I -- I have no problem with the -- thank you. Thank you. I'm not against veterans, but I tell you - let me just read to you what we've got now coming in regard to special plates. University of Illinois license plates, county sheriffs' -- county sheriffs' license plates, Purple Heart handicapped license plates, personalized recreational vehicle license plates, Constitutional Convention Delegate license plates, Gold Star license plates,

honorary discharged veterans license plates, dishonorable -- no, Pearl Harbor survivor plates. You know, I'm not opposed to this kind of concept, but the proliferation of this just goes on and on and on. And Senator Topinka brought up an excellent point. The law enforcement community is having a real dilemma out there in trying to cope with the number of plates that are identical numbers. So I -- you know, I -- I understand where you're coming from. As I say, I'm not against veterans, but I think you have to someday say enough is enough. And I think this day is now. And I'd urge a No vote.

PRESIDENT ROCK:

Further discussion? Senator Maitland.

SENATOR MAITLAND:

Thank you, Mr. President and Members of the Senate. Senator, you -- you may have responded to this question, and if you did, I apologize. But -- but what is a retired veteran? Is it someone on pension? Or what's the distinction there?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Well, I think that's a -- that's a good question. And the fact of the matter is, it is twenty years of service in the United States Armed Forces is the person who is retired. And, Senator Watson, with respect to the twenty-seven thousand, that is what I am told is Statewide that fall within that definition.

PRESIDENT ROCK:

Further discussion? Senator Severns.

SENATOR SEVERNS:

Mr. President, I'm just wondering if we could have a vote on this bill. Senator Netsch has just found out that the Constitutional Convention plates are available. She said she would like to leave. I'm wondering if we could -- I'm wondering

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION

if we could go ahead and have a vote on this bill so she could go get her plates.

PRESIDENT ROCK:

The Chair is not aware that those plates are available. And they'll have a heck of a time coming over me. Senator Demuzio, you wish to close?

SENATOR DEMUZIO:

I just -- I just think that this -- this bill was given to me by the Veterans of Illinois. It's supported by the various veterans organizations around the State of Illinois. It's not some idea that I came up with. It is something that they are very much interested in. And I would hope that we could do something that Senator Topinka indicated, something more meaningful for veterans. Like we opened up their -- all their offices this past year after the administration closed them. That's one of the definitive things that we did in this General Assembly, and simply to afford them the opportunity to have this distinction on their car or their vehicle seems to me to be a small -- a small token of our appreciation to them, too. And I would urge your support.

PRESIDENT ROCK:

Question is, shall Senate Bill 65 pass. Those in favor will vote Aye. Opposed, vote nay. And the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 39 -- 40 Ayes, 9 Nays, 4 voting Present. Senate Bill 65, having received the required constitutional majority, is declared passed. Senator Philip, I think we have reached the point where we've -- at the end of an otherwise long day. Senator Philip.

SENATOR PHILIP:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. Just like to remind the entire Membership, Democrats and Republicans, the Governor is hosting a cocktail party at the

Mansion for us from seven to nine. Would hope that everybody would show up. Secondly, Congressman Lynn Martin has a cocktail party at the Sangamo Club from five to six thirty. Hope that the Republicans and any interested Democrats would attend. Thank you.

PRESIDENT ROCK:

The Democrats can't afford the Sangamo Club, but General Hartigan is out at the Elks Club. And I hope you're all welcome to that one, too. Ladies and Gentlemen the Senate will stand adjourned till nine o'clock tomorrow morning.
