SENATOR D'ARCO:

Thank you, Mr. President. I would ask leave to suspend the rules for the immediate consideration of Senate Resolution 625.

PRESIDENT ROCK:

All right. Senator D'Arco has moved to suspend the rules for the immediate consideration and adoption of Senate Resolution 625, which had been placed on the Consent Calendar. It is a congratulatory Resolution. I'm told the Gentleman wishes to present it this evening. All in favor of the Motion to Suspend, indicate by saying Aye. All opposed. The Ayes have it. The rules are suspended. Senator D'Arco now moves the adoption of Senate Resolution 625, a congratulatory resolution in honor of Cyrus J. Colter. All in favor of the Motion to Adopt, indicate by saying Aye. All opposed. The Ayes have it. The resolution is adopted. All right. We'll begin on Page 18, Ladies and Gentlemen. If the sponsors would indicate whether or not they wish their motion addressed, the Chair would appreciate it. We'll go right through the Motions in Writing that have been filed. Senate Bill 13. Senator Berman. Senate Bill 38. Senator Welch. Senate Bill 249. Senator Jerome Joyce. 292. Senator Netsch. 373. Senator O'Daniel. On the Order of Motions in Writing, Ladies and Gentlemen, middle of Page 18, there's a motion filed with respect to Senate Bill 373. Read the Motion, Madam Secretary, please.

SECRETARY HAWKER:

I move that Senate Bill 373 do pass, the veto of the Governor to the contrary notwithstanding.

Filed by Senator O'Daniel.

PRESIDENT ROCK:

Senator O'Daniel.

SENATOR O'DANIEL:

Thank you, Mr. President and Members of the Senate. What this -- this bill really does, it establishes an advisory board to

study whether certain government activities could be done more efficiently by the private sector. The board will also examine government competition with the private sector. I'd move to override the Governor's veto.

PRESIDENT ROCK:

All right. Senator O'Daniel has moved that Senate Bill 373 pass, the veto of the Governor to the contrary notwithstanding. Is there any discussion? Any discussion? If not, the question is, shall Senate Bill 373 pass, the veto of the Governor to the contrary notwithstanding. Those in favor will vote Aye. Opposed, vote Nay, and the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Check your switches now, Ladies and Gentlemen, we had this problem before. Make sure that -- it doesn't always register of the first push. Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 36 Ayes, 19 Nays, none voting Present. Senate Bill 3-7-3 having received the required three-fifths vote, is declared passed. The veto of the Governor to the contrary notwithstanding. 647. Senator Demuzio. Read the Motion, Madam Secretary.

SECRETARY HAWKER:

I move that Senate Bill 647 do pass, the veto of the Governor to the contrary notwithstanding.

Filed by Senate Demuzio.

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 647, when it was before us, said that the interest that was earned on investments - the funds that were held by the Illinois Agriculture Loan Guarantee Fund and the Illinois Farmer

and Agri-business Loan Guarantee Fund, would remain in the fund, instead of the money going to General Revenue. It is estimated that it would divert about 1.8 millions dollars from the Funds to General Revenue. We'd like to leave it in. The Governor said he'd like to have it go into General Revenue. I think that it's much better that we leave it in the Ag -- the Loan Guarantee Fund and the Ag-Business Loan Guarantee Fund for further investment. And I would ask for the support of the -- of the Senate to override the Governor's veto.

PRESIDENT ROCK:

Any discussion? Is there any discussion? If not, the question is, shall Senate Bill 647 pass, the veto of the Governor to the contrary notwithstanding. Those in favor will vote Aye. Opposed, vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 35 Ayes, 18 Nays, none voting Present and the motion fails. 702. Senator Smith. 830. Senator O'Daniel. 8-8-7. Senator del Valle. 1047. Senator del Valle. 1073. Senator Welch. 1093. Senator Severns. Bottom of Page 18, Ladies and Gentlemen, a motion filed with respect to Senate Bill 1093. Read the motion, Madam Secretary, please.

SECRETARY HAWKER:

I move that Senate Bill 1093 do pass, the veto of the Governor to the contrary notwithstanding.

Filed by Senator Severns.

PRESIDENT ROCK:

Senator Severns.

SENATOR SEVERNS:

Thank you, Mr. President and Members of the Senate. Senate Bill 1093 provides the funding for the Illinois Small Business Innovation Research Phase Two Assistance Program. This was a bill that passed out of the Senate without opposition. It passed out of

STATE OF ILLINOIS  
86th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

62nd Legislative Day

October 17, 1989

the House without opposition. In this bill we have identified the funding source. It would be appropriated from the Technology Innovation and Commercialization Fund, which was appropriated one million dollars in the last two year's, but only used ten percent of that fund. I believe that many of you have received letters from those industries that have participated in SBIR. In short, it gives small business an opportunity to compete, and tap those federal dollars that are available. This bill does that. I -- I would urge -- the approval of this bill.

PRESIDENT ROCK:

All right. Senator Severns has moved the passage of Senate Bill 1093, the veto of the Governor to the contrary notwithstanding. Discussion? Senator DeAngelis.

SENATOR DeANGELIS:

Thank you, Mr. President. A question of the sponsor, please.

PRESIDENT ROCK:

Sponsor indicates she will yield. Senator DeAngelis.

SENATOR DeANGELIS:

Senator Severns, are there any other bills that have been signed by the Governor, that are similar to this?

PRESIDENT ROCK:

Senator Severns.

SENATOR SEVERNS:

Thank you, Senator DeAngelis. They -- he has assigned two bills that he says do this. But, in fact, and I can quote, the language that it does is it assists small business who has seek to -- apply for the Federal Phase One Small -- Small Business Innovation Research Grant. That doesn't effect the area between after the businesses receive that phase one funding, and when they're attempting to fill that gap to get on to the larger funds by phase two. And there's no funding identified. The -- the second bill, House Bill 2656, says that DCCA can make loans or grants to

STATE OF ILLINOIS  
86th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

62nd Legislative Day

businesses that have received Federal Phase One Small Business Innovative <sic> Research Grants as a bridge. Again, it identifies no funding source. What our bill does is give the specific charts to DCCA to meet this need in Illinois where we have ranged fifteen out of twenty states -- low. And it provides the exact funding source.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator DeAngelis.

SENATOR DeANGELIS:

Well, first Senator Severns, I think the authorization does exist to fund the bills that the Governor signed through the -- House Bill 2656. But I also have another question.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Senator DeAngelis wishes to ask another question. We're all waiting. Senator DeAngelis.

SENATOR DeANGELIS:

Where would your funding come from?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Severns.

SENATOR SEVERNS:

Thank you. The funding source that we identified is within the Commercialization and Technology Fund, that we appropriated one million dollars. In the last two years only ten percent of those dollars have been used. What I'm suggesting -- and what we discussed in committee, is that four hundred thousand dollars be tapped from that left over amount, that has been rolled over two years in a row.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator DeAngelis.

SENATOR DeANGELIS:

Well, just a -- a comment. I rise in opposition to this veto. This bill would, in fact, drain that Fund, which was designed for

STATE OF ILLINOIS  
86th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

62nd Legislative Day

other sources. And we already have legislation that's been signed that permits this, and we do have, in fact, authority to fund this under existing legislation.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Severns may close.

SENATOR SEVERNS:

Thank you, Mr. President, Members of the Senate. The Chicago Association of Commerce and Industry supported this bill during the spring Session. It did pass unanimously. They felt it was a good bill then and believe that it's a good bill now. To especially help those small businesses who are attempting to identify sources in the research area and - it's a good bill. Our record in Illinois is unacceptable. I would urge your favorable consideration of this override.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Question is, shall Senate Bill 1093 pass, the veto of the Governor to the contrary notwithstanding. Those in favor will vote Aye. Those opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Last call. Have all voted who wish? Take the record. On that question, the Ayes are 31, the Nays are 25. Senate Bill 1093, having failed to received the required three fifths vote, is declared lost. The motion's declared lost. Top of Page 19. REGULAR SESSION  
SENATE TRANSCRIPT

62nd Legislative Day

October 17, 1989

Thank you, Mr. President and Members of the Senate. This bill, as you recall, is the bill that many of our economic development foundation directors, across this State, have written us on. It is, in short, language that was lifted...

PRESIDING OFFICER: (SENATOR DEMUZIO)

Pardon me, Senator Severns. Could we have some order, please. Senator Severns.

SENATOR SEVERNS:

It is, in short, language that we lifted from the State of Missouri where that same law has worked very well. In fact, in the State of Missouri, this language has permitted the total renovation -- or -- what is commonly referred to as the Laclede's Landing area, Union Station and elsewhere. It is a bill that does not cost the State of Illinois a single dime, but instead, provides our city councils, and our local governments, and our economic development foundations the additional tools they need to go in and attract, and keep business. I -- I was surprised by the veto, and would urge adoption of this bill.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Discussion? Senator Rigney.

SENATOR RIGNEY:

Well, our staff has pointed out to us, over here, Mr. President, that there're probably several problems with this piece of legislation. They list them as follows: it is rather vaguely draft, particularly in the Section of the bill that deals with giving corporations the power of eminent domain - not sure what's going on here. Furthermore, they point out that there, apparently, are no limitations on the amount of property that can be included in a metropolitan re-development area; nor are there specified caps of any kind. Furthermore, I -- apparently local governments, under this provision, can freeze tax bases for all units of local government without their approval. And I understand that there

STATE OF ILLINOIS  
86th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

62nd Legislative Day

October 17, 1989

was no discussion of this particular item at the time that it was pending here, before us.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? Can we have some order, please? Senator Schaffer, can we have some order, please? Senator Geo-Karis.

SENATOR GEO-KARIS:

Mr. President and Ladies and Gentlemen of the Senate. I, reluctantly rise, to oppose this bill of my good friend, the sponsoring Senator. However, this bill gives corporations the power of eminent domain. Since when are we going to give insurance companies the power of eminent domain? I think it's bad. It doesn't contain any review or hearing -- public hearing processes, and I think we've going too far afield. And therefore, I ask for a No vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Severns may close.

SENATOR SEVERNS:

Thank you, Mr. President, Members of the Senate. I regret that -- that the analysis on the other side is, apparently, incorrect. First of all, economic development foundations that have been formed by cities such as Decatur, for example, - and it was the director of the Economic Development Foundation there, who brought this idea to me - works along with their Chambers of Commerces and their foundations, in almost all economic development efforts. Unlike some ideas...

PRESIDING OFFICER: (SENATOR DEMUZIO)

Pardon me. Ladies and Gentlemen, the Chair cannot hear the speaker. Senator Severns.

SENATOR SEVERNS:

Maybe the bill would have a better chance, Mr. President, if the speaker wasn't heard. The -- this legislation, or proposed

STATE OF ILLINOIS  
86th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

legislation, -- proposed legislation - hands the city councils the ability to provide their local tools to attract business and industry - to keep business and industry. Unlike some of the opinions that have been expressed on the Floor today, I have full confidence in the city councils to use their good judgement, in making those economic development decisions. In fact, I think it would be a mistake if the State of Illinois decides that everything the local communities do, toward increasing their economic development efforts, that we should provide another mandate from the State level. I say, let's return local control for these economic development efforts, and override the Governor's veto.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Question is, shall Senate Bill 1094 pass, the veto of the -- of the Governor to the contrary notwithstanding. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. Filed by Senator Brookins.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Brookins.

SENATOR BROOKINS:

Thank you, Mr. President. I'm asking to override the Governor because - with this bill -- it is a prevention type measure, in that it will take and reduce the recidivism rate of probationers, and therefore, it is working. It has cut the probation recidivism rate in this program to less than three percent. And I ask for a override of the Governor.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Discussion? Senator Keats.

SENATOR KEATS:

Thank you, Ladies and Gentlemen of the Senate. I rise in support of this override. Many of my Republican colleagues have been around to talk to you. This is a very effective program. It's a quarter of a million dollars. It's not on the heavy hit list. This is a bill that actually funds a program - has been very successful working with the lesser offenders, these are not the mass murderer type, these are the lesser offenders. And particularly Reverend Bailey, who has been the head of much of this program, has had tremendous success. I would ask for your support to override this veto -- of a very successful program, and a very small amount of cash.

SENATOR BERMAN:

Thank you, Mr. President. The amendatory veto to Senate Bill 112 was in line with what we intended to do, but failed to do, when the bill was originally passed. And what it did - was to allow the schools to make exemptions from the standards set forth

One of the problems that we debated on the last hours of the Session dealt with the -- license plates amendment that the House put on. We had indicated that we were to ask the Governor to take that off. That's part of the amendatory veto, and I subscribe to that. And he clarified language regarding some hold harmless grants for Adams County, but would have impacted in other counties, and that's a technical correction that I subscribe to. SENATOR MAROVITZ:

Thank you very much, Mr. President and Members of the Senate. I do move to accept the Governor's specific recommendation for change. He took out the automatic transfer provision in the Safe CHA - or Safe Public Housing legislation, keeping in the portion of the bill that enhances the crimes within public housing buildings, but takes out the automatic transfer. I concur with that. I'd rather have it in, but I understand the Governor's hesitancy. And I move that we accept the Governor's amendatory veto.

PRESIDENT ROCK:

Discussion? Senator Welch.

SENATOR WELCH:

I had a question of the sponsor.

PRESIDENT ROCK:

Indicates he will yield. Senator Welch.

SENATOR WELCH:

Senator Marovitz, is this one of the bills where we're going to get tough on gangs by automatically transferring fifteen and sixteen years olds from juvenile court to criminal court? Is that one -- is that one of those packages?

PRESIDENT ROCK:

Senator Marovitz.

SENATOR MAROVITZ:

Well, this bill does automatically transfer, or did automatically transfer, fifteen and sixteen years olds from juvenile court to adult felony court, if they dealt drugs in public housing projects, or brought weapons - guns - offensive weapons into the projects. The Governor's feeling, and I really disagree with the feeling, was that the automatic transfer provisions were too harsh. We have automatic transfer in our safe school zone that we passed. We mirrored that in and around parks.

STATE OF ILLINOIS  
86th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

62nd Legislative Day

October 17, 1989

We tried to do the same thing with public housing projects. The Governor felt that the automatic transfer -- provision was too strict, because there are a lot of juveniles in public housing projects, and that this would be too harsh on them. I really disagree with that, but rather than take -- than jeopardize the entire concept, unless the Body wishes differently, I -- I would initially, at least, move to accept the Governor's changes.

PRESIDENT ROCK:

Senator Welch.

SENATOR WELCH:

Senator Marovitz, I wish you would change your mind. It seems to me that these are exactly the youngsters that aren't really youngsters, they're old beyond their age, and they should be automatically transferred to criminal court. I -- I don't think that we should coddle these people who are, allegedly, of an age that they should go to a juvenile court. I think they should go to criminal court and be treated like adults, because the crimes they commit are crimes that adults commit. And I intend to not vote to go along with the Governor. I think the Governor made a mistake on this proposal.

PRESIDENT ROCK:

Further discussion? Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. I would tend to agree with Senator Welch. We've made these changes in other areas for schools. These are areas your bill originally passed 58 to 0. There was strong support in the House for these automatic transfer provisions against these drug dealers. And I, too, would suggest that you probably ought to leave the provision in there.

SENATOR MAITLAND:

Thank you very much, Mr. President and Members of the Senate. This is an issue that's been around here for a couple of years. And it involves the purchase of Normal Community High School by the State, which will increase the size of the campus at Illinois State University. The Governor had agreed with us that this was a proper action two years ago, in that it was eighteen acres of land and a rather substantially large building that would provide additional classrooms for Illinois State. The one thing that had to happen, of course, is that the school district had to vote in the affirmative on a referendum to build the new high school. They have, to this point, not done that, but it's still very much on the agenda. And it is my desire -- and I believe I communicated very -- very poorly with the staff as they analyzed this bill. They simply thought since the -- the referendum failed, that it ought to drop, and -- and I would conclude that that's not the proper action. We prefer to have this here, so that when the high school is authorized for sale, the State can enter into this agreement. I would appreciate very much your affirmative vote on this motion.

Ag Premium money is going to come from. Out of GRF, so it -- in fact then, if this is spent, it becomes duplicative.

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Well, that's precisely the point, but that's not what you just said a minute ago. You said this was duplicative and I said "no, it isn't." It comes out of GRF, two hundred and fifty thousand in the DCCA bill. This is Ag Premium money, two hundred and fifty thousand for the Orr Ag Research Center and knowing you, Senator Maitland, I know you want to do everything you possibly can to promote Ag Research in Illinois. And now that I've straightened you out, and I've helped you out on that last one just a few minutes ago, I appreciate your help. Thank you.

PRESIDENT ROCK:

Senator Maitland.

SENATOR MAITLAND:

Final point, we're going to spend two hundred and fifty thousand dollars, it's real in the GRF in the DCCA budget. If we use Ag Premium, it is ultimately going to come from GRF, and that is spent, that is five hundred thousand dollars. Two hundred and fifty thousand dollars of what we want, that's what we've all agreed to, therefore, this motion should be defeated.

PRESIDENT ROCK:

All right. Question is, shall the item on Page 4, lines 23 though 27 of Senate Bill 2-8-8 pass, the item veto of the Governor to the contrary notwithstanding. Those in favor will vote Aye. Opposed, vote Nay. The voting's open. All voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 31 Ayes, 25 Nays, none voting Present, and the motion fails. Top of Page 2 of Supplemental No. 1 there are

PRESIDENT ROCK:

Will our guests please rise and be recognized. Welcome to Springfield. Senator Philip. Senator Philip.

SENATOR PHILIP:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. I'd like the record to indicate that Senator Mahar is not here today, because his wife had a bouncing baby boy yesterday -- named him Christopher. Hopefully, he'll be here later in the week.

PRESIDENT ROCK:

All right. Further announcements? Senator Netsch.

Eleven o'clock tomorrow morning we will begin back on the Calendar. Eleven o'clock tomorrow morning. Senate stands adjourned.
