Bill 952. To those of you who may not recall - though I believe everybody does - Senate Bill 952 was originally amended to be the two emergency appropriations for this fiscal year for the WIC nutrition grants and Department of Children and Family Service institutional grants that are needed, we are told, as we speak. These are federal funds that will be available to us to finish this fiscal year. It was decided by the House in its debate - an -- an effort to which I totally concur and urge the Senate to concur, as well - that there is an issue in the Department of Public Aid's budget that is one that on occasion has caused great harm to people because of inaction -- because of inaction --

PRESIDING OFFICER: (SENATOR DEMUZIO)

Could we break up the conferences, please? Senator Carroll.

SENATOR CARROLL:

-- by the General Assembly. On those rare occasions when we've stayed here into the month of July - those rare occasions being probably every year we've been here, but maybe one - certain checks cannot go out because they lack appropriation authority. And those are, basically, the AFDC payments. These people are on a cycle where they would receive the check distributions almost on a daily basis, and really can't wait until the fifteenth of the month when we may be able to take other action. There is no reason that we should withhold those people, or hold them as hostage, while we are debating other issues before this General Assembly, be they budget, remap, or anything else. Therefore, the House placed into this bill, which I ask you to concur in, not only the funding for those checks, but for both within the Department of Public Aid and the Office of the Comptroller, the pay of those employees who, in fact, process the paper so that the checks can continue to go out in a timely fashion. This is the fiscally sound thing to do. It is also the morally right thing to do. And I would urge concurrence in House Amendment No. 1 to

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION

Senate Bill 952.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Is there discussion? If not, Senator -- Senator Maitland.

SENATOR MAITLAND:

Thank you very much, Mr. President and Members of the Senate. We're debating this bill again. Of course, we heard this last week. And as I indicated last week, when I rose in opposition, I indicated very strongly that we had sent this legislation over to the House with these two emergency items in it with the idea of getting them directly to the Governor's Desk and allow him to sign it so there will be no interruption in those two very important programs. The House saw otherwise. And this is a terrible thing to do. It's a terrible concept to accept. Not more than a half an hour ago, we came from a hearing where the Department of Public Aid bill was debated in committee. And we had numerous people testifying before that committee, telling us of the concerns that they had with that budget. I don't like next year's Public Aid budget and nobody else does, but it recognizes some very serious fiscal problems facing this State. And I, as well as others, have assured those people who testified today, that we continue to look at this budget. If there are deficiencies, we will readjust, as a legislative Body, those areas that can be adjusted, keeping in mind that we stay within the Governor's bottom line. And Republicans and Democrats alike should support this concept. This Body has always been the responsible budgeting Chamber. If we pass this billion dollar program out of here, this absolutely disenfranchises some of the special interest groups who have some concern. We may well make some changes - up or down - in some of these programs. It also, my friends, assures us that we will absolutely be here after the first of July. Again, we are the responsible Chamber. To even suggest -- to even suggest that

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

24th Legislative Day

May 9, 1991

we'd do this piecemeal budgeting with the recognition that we're going to be here all the month of July - and I think that's what they're telling us - is unconscionable. Let's send this bill back to the House and ask them to recede from this amendment. The House, sooner or later, is going to have to understand that there is a budget crisis in this State. This Chamber has recognized that. They have not. There's no revenue stream to pay for the programs that they want. And we have to deal with the issue and deal with it now. I urge your opposition.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Rock.

SENATOR ROCK:

Thank you, Mr. President. Ladies and Gentlemen of the Senate, I rise in strong support of Senator Carroll's Motion to Concur with the House action. And, Senator Maitland, allow me, please, to point out that this billion dollars - or more exactly, nine hundred and forty-three million dollar figure - literally is not going to change. It is the Income Assistance Program. It is the Income Assistance Program for those on AFDC - for the blind, the aged, and the disabled. And it's a simple calculation, and these are the Department's numbers. And I dare say, they're not going to go down. Based on past experience, all they can do, unfortunately, is go up. But we have taken the Department's numbers. And why have we done this, you might ask. Because that's what I asked the Speaker a week ago when he told me they were going to do this. So why are we doing this? Why don't we wait? And his logic was compelling, for the House, not for us - for the House. His concern was that perhaps we would indeed go beyond June 30, due to House machinations. And I can literally recall, as can you, when the House was here on the 4th of July, and we were not, and we came back the following Monday. And the bone of contention was, indeed, the Public Aid budget. It was

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

24th Legislative Day

ultimately passed, as it must. But the fact is, there were some people who experienced some pain, because they did not indeed receive their income assistance on time. And so it seems to me that if, indeed, we are going to involve ourselves, as might happen over there, in another political chess game, what we are saying by virtue of this amendment is, "Please, the mothers with dependent children, the blind, the disabled, the aged, don't make 'em pawns on our chessboard. Let's get this one out of the way." These are the Governor's numbers, and I urge an Aye vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Etheredge. All right. Senator Keats.

SENATOR KEATS:

I wasn't going to say something, but I wanted to correct something in debate. When the House was unable to pass the budget several years ago - and if you remember, we continued to dawdle waiting for them to do that - the bone of contention had nothing to do with the Public Aid budget. The bone of contention was the heavyhandedness of the Speaker of the House. In fact, the Speaker of the House did not feel that the Members of the House should have any input in the budget process. Speaker of the House didn't feel the Members of the House should have any input in the governmental process at all. And if you think back on it, that was what caused that crisis. And passing this bill guarantees that the Speaker of the House can continue to exclude the other hundred and seventeen Members from the process, 'cause what this does is to guarantee him that he will not have constituencies coming to him saying, "Mr. Speaker, for once in your life, do the honorable and decent thing that a government official should do, and pass a reasonable budget and work with Members on both sides of the aisle - Republican, Democrat, House and Senate." This guarantees the crisis none of us want. And as you give the

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

24th Legislative Day

May 9, 1991

Speaker the power to destroy the budget process and abolish the other hundred and seventeen Members of the House, look in the mirror in July when you're asking yourself, "Why are we here and why is the budget a mess?"

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator -- Senator Etheredge.

SENATOR ETHEREDGE:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. I rise in -- in opposition to this motion. I think that it sets a most unfortunate precedent when we begin enacting the budget piece by piece by piece. I would ask you, if we approve this motion today, what piece of the budget is -- is it going to be next week? We deprive ourselves of the very grave responsibility, which each and every one of us has, to review the budget in toto, and make decisions on it in toto. I think this sets a very unfortunate precedent for us, and I would urge a No vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Carroll may close.

SENATOR CARROLL:

Thank you, Mr. President and Members of the Senate. There is some logic in saying a budget has to be dealt with in its entirety. I've always agreed with that. And yet there are certain givens in a budget. One of the givens happens to be income assistance for the aged, for the blind, for the disabled, and for families with children with dependent -- with dependent children. These are givens. These are areas below which we know we cannot go. They are formula-driven by a department - a department under the Executive Branch. And a number is presented to us in a budget by a Governor, through a Member of the General Assembly. While there may be debate - and there will be, long and hard this year - on what services the State shall and must provide

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

24th Legislative Day

to the citizens of Illinois, and where are the revenue streams, the income levels to pay for those? There are certain that we know we will pay - we have to pay. And there are some that we know that we will pay - we have to pay - at at least a certain level. Why hold hostage those most in need who are most impacted by a day-or-two or week-or-two delay? As I said before, the rest of us can and expect to be here. The rest of State employees don't get paid till the 16th. People -- who provide goods and service to this State don't get paid at all. But these people are the ones who most depend on those checks coming the first few days of July, have been most hurt in the past when we have failed to act, not because of them, not because we were even seeking to adjust downward the level of minimum assistance these people get. Formula driven. We've never messed with it -- in trying to, in any way, harm these people. The proper thing to do is to say, "Put that in place. Put that in place now so that the Department's people and the Office of the Comptroller can properly process those payments and get them to people on time." We will still be the driving force in setting the tone for this State, as we have been all these years. We will set a budget plan, I believe, that will adequately provide, within the small resources we have, for the rest of the State's need, as best we can. But this is an area where we have no choice and should have no choice but to make sure there is no interruption, and I would urge support -- concurrence of Senate Bill 952.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Question is, shall the Senate concur with House Amendment 1 to Senate Bill 952. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, the Ayes are 30, the Nays are 28, none voting Present. The Senate does concur with House Amendment 1 to Senate
