PRESIDENT ROCK:

All right. That request is in order. I had previously alerted Senator Philip to that fact. There will be a Democratic Caucus immediately in Room 212. The Senate will stand in recess until 1:15. And so that the Members are aware, the Committee on Appropriations I will meet after the Session. And I expect when we come back at 1:15 or so to go -- go right to the Order of Senate Bills 2nd Reading. And we'll work for an hour and a half or so and then retire to committee. So, I'd ask the Democratic Members, please join us immediately in Room 212. The Senate will

SENATOR GEO-KARIS:

Mr. President and Ladies and Gentlemen of the Senate, I've cleared this with Senator Dunn, who is the Chairman of Judiciary, and the Minority Spokesman, Senator Barkhausen, and -- and I'd like to have leave to suspend the rules and bypass committee and bring this resolution up for 2nd Reading.

PRESIDENT ROCK:

No, it didn't.

SENATOR GEO-KARIS:

Here, it's right in the book. I started it with Judiciary I. I had the bill - Senate Bill 824 - and the committee said to me that they would help me bypass committee and bring it on 2nd Reading if I put it in the form of a resolution. And, if you want to wait till Senator Dunn gets here --

PRESIDENT ROCK:

Yeah. Why don't -- why don't we just wait?

SENATOR GEO-KARIS:

Why don't we wait till he gets back here?

That would be -- that would be fine. All the Members within the sound of my voice, we will beginning -- be beginning on Page 2 on the Calendar on the Order of Senate Bills 2nd Reading. Senator Rock.

SENATOR ROCK:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 1 addresses itself to the change in the primary date for the 1994 election. Amendment No. 1 was suggested in committee by both the Republican and Democratic staff, and was agreed to by the State Board of Elections. It is a technical amendment to conform this proposal to the existing election law. I know of no objection, and I would urge the adoption of Amendment No. 1.

Senator Kelly.

SENATOR KELLY:

Thank you, Mr. President and Members of the Senate. This amendment was at the request of the waste people, and it pertains to notification to municipalities when there is an incinerator that will be located in the municipality. The amendment basically says that they would give the notice at the time of the hearing -- for the time of the hearing and not fourteen days prior. So it gives them a little longer time in a municipality to notify the adjoining municipality. I move for the adoption of this

And this simply says that if an individual has an agreement with the credit card company, that they, in fact, can ask for the credit card number for payment of that particular account. I move for its adoption.

Thank you, Mr. President -- thank you, Mr. President. Senate Amendment No. 1 removes pedalcycles from the bill.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Brookins has moved the adoption of Committee Amendment No. 1 to Senate Bill 22. Is there discussion? Senator Woodyard.

SENATOR WOODYARD:

Thank you, Mr. President, Members of the Senate. So you know what this bill is - this is the mandatory motorcycle helmet bill. The committee amendment that -- it's just been moved to adopt actually takes the mopeds out of the bill. And it would thus say that a person on a moped would not have to have a motorcycle helmet. And I would oppose and urge the Membership to oppose the adoption of this committee amendment. If the motorcycle helmets are good enough for the motorcycle riders, why not the mopeds? So I would urge opposition to this amendment.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Watson.

SENATOR WATSON:

Yes. Thank you, Mr. President. I'd like to echo the support of Senator Woodyard on this particular effort, because, for one thing, I don't know if you've seen pedalcycles out running around, but there's a lot of them in my neighborhood, and I'm sure there's a lot of them in yours, and these people are as susceptible to the problems of a motorcycle accident as certainly anyone on a motorcycle. So I think to exclude them from this particular bill would be a -- a big mistake, and -- and we should defeat the sponsor's amendment.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Brookins may close.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Excuse me. Pardon me. Ladies and Gentlemen, can we have some order? I -- I -- I cannot hear. Senator DeAngelis.

SENATOR DeANGELIS:

Thank you, Mr. President. Because of a glitch in LRB where legislation that was passed last year did -- did not get into the computer, this bill had to be amended technically. But, in the process, we had to put the bill in as the amendment. And essentially what it does, it provides a new definition for vicious dogs, forces those dogs to be subject to enclosure, and establishes penalties to the owners who don't do so.

SENATOR REA:

Thank you, Mr. President. Amendment 1 amends the Coal Technology Development Assistance Act. It extends the sunset date for use of tax credits associated with the use of Illinois coal from 1995 to 1997. And the tax credit for construction may be used only after the equipment is on-line. And this certainly needs to be extended since scrubbers that may be planned to comply with the Clean Air Act would not be on-line until 1966 or 1967 <sic> (1996 or 1997). I would move for adoption.

veterans' preference for State hiring to Desert Storm veterans.
This language would remove the need for us coming back after each
military engagement by simply declaring that the preference would
go to those people who served in the Armed Forces during a
declaration of war by the United States Congress, or by any
conflict recognized by the issuance of a Presidential Proclamation
or a Presidential Executive Order. And that should simplify the
matter in the future. But the important thing is that this would
allow the Desert Storm veterans to qualify for the Illinois

Thank you, Mr. President. As the Calendar states that the bill creates an Illinois environmental advocate, the amendment totally changed that. After discussions with the Attorney General, what we have decided to do is to create what we're calling the Attorney General's Task Force on Environmental Legal Resources. Right now there's a lot of duplication in enforcing environmental laws throughout the State with the State's attorneys, city attorneys, as well as the Attorney General, enforcing the same Statutes. What we are going to do is create a Task Force to consider the effectiveness of legal resources for enforcement of environmental laws and make recommendations to us to improve the enforcement of those laws. The findings are to be reported before June 30th of 1992. I'd be glad to answer any questions.

Thank you, Mr. President. This -- this amendment was offered at my suggestion to make sure that we don't deceive or trick any State's attorneys by the adoption of this bill. The amendment requires that the demand for a speedy trial made after someone is released on bail be made in writing and that, if there's an earlier demand made, it clarifies with the second demand that the speedy trial demand will run from that date certain of the first demand. Right now you -- you might have a situation where, by

changing this law, the State's attorney had calendared the case to run from a certain date, and after the release on bond, might recalendar it unless there's a written notice to draw his attention to it. It's just to avoid trickery, and we would ask that it be adopted.

SENATOR WOODYARD:

Thank you, Mr. President, Members of the Senate. Senate Amendment No. 1 -- or the Committee Amendment actually becomes the bill, and it's a result of a series of negotiations that have been ongoing since last fall, dealing with the oil and gas industry. It's a very comprehensive amendment, dealing with the fees imposed on oil wells, establishment of the plugging funds, elimination of

surety bond, establishment of -- of an additional person on the Oil/Gas Advisory Board, and other fees involving the UIC Fund. I will tell you that one of the associations is not in agreement with all of the provisions of this amendment, but we thought it -- it imperative to move this bill forward so that those negotiations between the Governor's Office, the Department, and those various interested oil/gas people can continue to try to get an agreement.
