SENATOR J.J. JOYCE:

Thank you, Mr. President. This one was brought to me by the Department of Conservation law enforcement officials. It would let them revolve the money that they use for buying illegal game and so forth. As it is currently, when they purchase any fish or wild game, that money -- when they sell that product, has to go back to the General Revenue Fund. This would let them roll that money over to make other buys. I'd ask for its adoption.

blatant vehicle side of it is?

PRESIDENT ROCK:

Senator Keats.

SENATOR KEATS:

So what you're saying is as usual, the Legislature will be ignored in the process and at some point, back room deliberations, done in secret, with no input from us, will become the bill and it will come back to us. Good way to sponsor a bill.

Thank you very much, Mr. President. Senator, first of all, let me clarify an error I made in the explanation. I was going on an old script - that has been changed from EAV to average daily attendance. I don't think this will -- we talked a great deal about this. I don't that will -- this will discourage consolidation, but rather there were some possible abuses of this four-thousand-dollar incentive, and we felt -- they felt that there should be a floor. SENATOR MAHAR:

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator DeAngelis. Senator DeAngelis on the Floor? Senator DeAngelis on the Floor? Senator DeAngelis, your time is running.

SENATOR DeANGELIS:

Thank you, Mr. President. The intent of this legislation was to abolish the Office of Superintendent in Cook County. The legislation doesn't do it. It moves it forward to 1995 and then abolishes the office. Amendment No. 1 abolishes it right now by removing all the duties and the employees of that office and transfers them to the State Board of Education. I urge its adoption.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Berman.

SENATOR BERMAN:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I rise in opposition to Senator DeAngelis' amendment. I'd ask for your attention for a couple of brief moments. This bill represents the culmination of discussions between the President of the Cook County Board of Commissioners, Commissioner Richard Phelan, and Superintendent Martwick. As part of those discussions, there was substantial changes accomplished by both

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

44th Legislative Day

June 17, 1991

parties, President Phelan and Superintendent Martwick, regarding investment of monies, the operation of the office, and an agreement by Superintendent Martwick that he intended to not run for reelection and that Superintendent Phelan -- President Phelan would support legislation to abolish the office at the end of the present term. Now I think that that's very important. This office was elected. It was on the ballot last November. The incumbent was reelected, and the operations of the office are ongoing. Now, there was -- part of the discussions was with the State Board of Education as to them assuming certain responsibilities at the conclusion of this term in 1995. Now Ladies and Gentlemen, you know, we have sort of a rule here, or a custom that we follow, and that is that if a bill is being sponsored that carries a certain message and an amendment is offered that substantially undercuts that bill, there is deferences accorded to the sponsor to carry the bill as he or she sees fit. And if you don't like it, you can vote No on 3rd Reading. Well, let me suggest to you that that's the nature of this amendment. If Senator DeAngelis wants to abolish the Office of Superintendent, I would suggest that he find another vehicle, do it effective immediately, and try to pass that bill. This bill carries out the agreement between President Phelan and Superintendent Martwick, and I would ask every Senator on this Floor to oppose this amendment, because this is contrary to the purpose of this bill. In addition, I would point out that you are doing, I think, a substantial injustice to a number of employees who are innocent bystanders between what appears to be a one-upmanship attempt between Senator DeAngelis and President Phelan, and I don't think it's fair to those employees to jeopardize their jobs, their pension rights, other issues that have to be addressed that I don't think have been addressed by Senator DeAngelis with the offering of this amendment. So I would

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

44th Legislative Day

first request my friend, Senator DeAngelis, to withdraw the amendment. And if he decides not to, then I would urge a No vote. Thank you.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Kelly.

SENATOR KELLY:

Thank you, Mr. President and Members of the Senate. I concur with Senator Berman's remarks. There is a transition period, and I think a fair one, that's been built in with the elimination of this office. I was an early supporter and sponsor; and being a Democrat in Cook County, there weren't too many that want to eliminate the Superintendent's Office. But I've been on board now for several years, but I want to do this with class and I want to do it with dignity. And I'd also ask my colleague across -- on the other side of the aisle to withdraw this amendment. And I oppose it.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator DeAngelis may close.

SENATOR DeANGELIS:

Well, thank you, Mr. President. And I think if you've listened to the debate, you will find out why there is cause to accept this amendment. The fact of the matter is, the bill does not abolish the office. We have had idle rhetoric throughout the whole campaign, that I would have probably overlooked, had not the person who made -- who conducted all that idle rhetoric come down here and tried to take credit for doing something that isn't even going to be done. Now, I'm going to tell you, the County of Cook spends 1.6 million dollars per year for that office. And it was stated that the reason the office was being abolished was to save that money. This bill doesn't save that money. That bill continues to -- the office as it is. And if you will listen to the debate closely enough, you will find out that the person who

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

44th Legislative Day

June 17, 1991

is abolishing the office is not the President of the County Board, but the Regional Superintendent, who intended to retire after this term anyhow. So the fact is that what we're doing is doing what had been intended to do from the beginning. And, Senator Berman, I want to, just as a point of personal privilege, take issue with you on the idea of an amendment not being satisfactory. In 1980 - and I try not to have a long memory - I sponsored a bill, if you recall, extending the duties of the School Finance Authority. You put an amendment on there that abolished it. And if you'll recall, I referred to that bill as Rosemary's Baby. I thought I had given birth to a good idea, and then found out later on that a monster was being hidden in that same bill. I allowed that bill to be voted on. It failed by one vote. Had it not failed, I would have, in fact, offered a bill that I was opposed to myself. It is not uncommon in this Body to put in amendments that, in fact, clarify the intent or public policy that a bill is intended to do. And I'll tell you, this bill is not abolishing the Superintendent's Office. And this amendment clearly follows the intent of what the legislation was designed to do. I urge its adoption.

PRESIDENT ROCK:

All right. Senator DeAngelis has moved the adoption of Amendment No. 1 to House Bill 760. Those in favor will vote Aye. Opposed, vote Nay. And the voting is open. Have all voted who wish? and would eliminate the provision for the renewal of a certificate. We passed Senate Bill 240, which was passed in both Houses by myself and -- and Representative Cowlshaw that created an alternative certification program in which the certificates are valid for two years and may not be renewed. In the interest of consistency, this amendment adjusts those provisions of House Bill 780 to the provisions that are now -- that were included in Senate Bill 240. And frankly, I think if we don't -- if we don't do this, we're going to end up with a haphazard course of changing the requirements for -- for alternative certification for teachers. And this amendment would certainly bring in common duration for the alternative certificates - make it two years - consistent with Senate Bill 240, and provide the educational steps that are required to attain regular teacher certifications that's nonrenewable, and I would move its adoption.

PRESIDENT ROCK:

All right. Senator Demuzio has moved the adoption of Amendment No. 1 to House Bill 780. Discussion? Senator Etheredge.

SENATOR ETHEREDGE:

Thank you, Mr. President. Senator, I just wanted to clarify the intent of this amendment, because if the amendment is as I understand your presentation just now, in effect what this amendment does is to gut the bill. Did I understand you correctly, first off, that your amendment reduces the period for -- the length of the certification from four years to two years?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

Yes.

PRESIDENT ROCK:

Senator Etheredge.

SENATOR ETHEREDGE:

Did I also understand you to say that this -- at the end of this two-year certification period, that the certification would not be renewable?

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

That is correct. Then they would have to get a regular teaching certificate like everyone else.

PRESIDENT ROCK:

Senator Etheredge.

SENATOR ETHEREDGE:

Well, I rise in -- in strong opposition to the amendment. As I -- as I said -- indicated before, what this amendment does is to gut the bill. Now, let me talk a little bit about what the bill does. This bill is very narrowly drawn to provide an opportunity for the -- those outstanding scientists at Fermi and Argonne labs who have an interest in teaching in our public schools; it provides a means for them to follow a program of certification, developed by the State Board of Education - and this program must, by the way, include some student teaching - and then would allow them to teach in any one of our public schools here in the State of Illinois. What we're trying to do here is really two things. We're trying to make it possible for some of those people, who have already demonstrated by the time that they have devoted voluntarily to assisting out of school - some instances, in school - we're trying to upgrade -- and secondarily, what we're trying to do here is to upgrade math and science instruction within our schools, which is a recognized problem, not just here in Illinois, but nationally. I would suggest to you that there is absolutely nothing wrong with this bill as it exists without this amendment. It accomplishes those two very worthwhile objectives. This

amendment ineffectively guts the bill, and I would ask, Mr. President, that there be a roll call. And furthermore, I would ask for a No vote.

PRESIDENT ROCK:

Further discussion? Senator Fawell.

SENATOR FAWELL:

Thank you very much. Senator Etheredge, I have a number of these scientists that are -- that live in my district that work at Fermi and Argonne and, frankly, just about every single one of them that I have met have been teachers in the past. Isn't that true? Most of them have taught, in fact, at the college -- level, or the very least, high school. But the vast majority have taught at college. Isn't that true?

PRESIDENT ROCK:

Senator Etheredge.

SENATOR ETHEREDGE:

Yes, indeed, a great many of them do have teaching experience. Many of them who are at these laboratories now -- are -- they are on a -- on an interim assignment away from their college teaching responsibilities.

PRESIDENT ROCK:

Senator Fawell.

SENATOR FAWELL:

Well, to the amendment: with all due respect to my colleague on the other side, you know, I think if you talk to these gentlemen, you will find that, frankly, a lot of them, although they are very much into research, have always loved teaching. They're not doing it because of the fact that they necessarily are looking for extra money, but they -- they would be certainly an asset to any school that could nab them. And I think what you're doing is destroying a very worthwhile bill, and I would suggest also that we vote No on this.

PRESIDENT ROCK:

Further discussion on Amendment No. 1? Senator Demuzio, to close.

SENATOR DEMUZIO:

Well, thank you, Mr. President and Ladies and Gentlemen of the Senate. Let me just say that without this amendment, we begin a haphazard course of changing the requirements for alternative certification of teachers. Potentially, there could be dozens of various requirements for alternative certificates, which would make the law difficult to implement for the State Board of Education, and difficult to understand for those who -- wishing to apply for teaching certificates. This amendment -- pardon me -- brings a common duration of alternative certificate, two years, as per Senate Bill 240, and provides the educational steps required to attain a regular teaching certificate. That's all we're doing. And I would move its adoption.

PRESIDENT ROCK:

Senator Demuzio has moved the adoption of Amendment No. 1 to House Bill 780. Roll call has been requested. Those in favor of the amendment will vote Aye. Opposed, vote Nay. And the voting is open. All voted who wish? All voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 24 Ayes, 29 Nays, none voting Present. Thank you, Mr. President. Amendment No. 1 is an amendment suggested by the Illinois Department of Conservation. It's to make the bill consistent. When House Bill 1651 was amended onto this bill in the House, there were certain inconsistencies, and this amendment is needed to strike the ambiguities.

Amendment No. 2 offered by Senators Hawkinson and Davidson.

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

To the amendment, Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. This amendment does two things. The first thing, it affects the felony DUI law, which currently reads that, "A DUI violation must be the - that's T-H-E - proximate cause of injuries." This amendment would change the word "the" to "a." It would still be required that the DUI be a proximate cause of the injury, but not the sole proximate cause.

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

44th Legislative Day

June 17, 1991

The second change comes out of a Reardon case in the Third Appellate District. It effects the chemical tests for DUI. This deletes the word "written" and requires still for admission that a written chemical test be provided, but deletes the requirement that there have been a written copy given to the emergency room physician in the emergency room. And I would ask for the adoption of Senate Amendment 2.

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

Senator Hawkinson moves for adoption of -- of Committee -- or of Floor Amendment No. 2 to House Bill 1431. Is there any discussion? Senator Cullerton.

SENATOR CULLERTON:

Yes. Would the sponsor yield?

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

Says he will.

SENATOR CULLERTON:

With regard to the first portion of the amendment, was this the subject matter of a bill that's been debated in committee? And by -- by changing the requirement that it be "the" proximate cause, what do you think the practical effect would be? Was -- is this...

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

Senator Hawkinson.

SENATOR HAWKINSON:

The -- it comes as a suggestion from a State's Attorney who had had difficulty in prosecuting a case, because the particular judge was saying that the -- the driving under the influence had to be the sole cause of the accident. You can have - as you know in any automobile accident - you can have more than one proximate cause, and you could have a -- have a DUI offender who was a proximate cause of the accident and his DUI being, but because another driver was somewhat at fault, the prosecution gets thrown

out. This would say that -- still keeps the requirement - which I think was our original or legislative intent - that there be a proximate cause, but that it not necessarily be the sole proximate cause.

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

Senator Cullerton.

SENATOR CULLERTON:

With regard to the second provision, was that -- I have two questions. Number one, was that the subject matter of a bill that was debated in committee? And secondly, if not -- who is not receiving this written notification that -- if this amendment passes?

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. The first question, no. The second question, it's the emergency room physician. During the emergency room procedure, when the test is taken by a technician, the emergency room physician does not get a written copy of that test. Still the court has to get a written copy of the test, and that's what has to be admissible, but there's -- there's been a problem in this case, court construing the laws saying that the emergency room physician must also have received a written copy of the test, when in practice the emergency room physician often only gets an oral report.

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

All right. Thank you. Further discussion? Senator Daley.

Senator, again in reference to that last part. It's the physician who -- who will not get the report, correct, in the courts? This was a -- bill that passed last year, is that correct, where upon a scene where there is an accident where the individual might be -- has to be tested for a DUI where great bodily harm is caused to that person? Does that affect that at all - that bill we passed last year?

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

Senator Cullerton.

SENATOR CULLERTON:

I'm pretty certain that this amendment is virtually identical to the bill that was defeated - the Senate bill - although there may be some minor changes. You may recall that this was an effort to reach an agreement between the Retail Merchants' Association and some of the universities. I believe that the University of Illinois and SIU have no problem with it. I still believe that Northern Illinois still has a problem with it. And I'd be happy to revisit the debate on 3rd Reading.

Thank you, Mr. President. This is the exact same bill that came out of committee before, and NIU is the only person that hasn't agreed to anything. The Retail Merchants, the U of I and SIU are all on board on this thing, and I just think we should help Senator Cullerton out. It doesn't seem like a bad idea.

PRESIDING OFFICER: (SENATOR J.J. JOYCE)

Senator Welch.

SENATOR WELCH:

Thank you, Mr. President. I'd like to just say that that was the same representation that was made on the bill Senator Cullerton had that was totally incorrect then, and it's totally

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

44th Legislative Day

incorrect now. This applies to several universities. It totally makes illegal the system at NIU whereby a student can go to school and get credit and get his books. What's wrong with the student having a little credit in getting his books? It seems fair to me to let a -- let a student in with the understanding that he may not have his checks for his scholarship. He may not have his checks for his student loans until a couple of months after the school starts. There's nothing wrong with letting him have a little time. In fact, it probably teaches a student a little bit of the real-world responsibility that they should have coming out of school. So actually I don't think this bill is necessary. The system as it is now doesn't need tinkering with. We've already changed this system twice in the last eight years since I've been down here. We don't need to change it a third time. We continually -- and oddly enough, it's for the same merchant that we've changed the system twice. You know, does this fellow have a personal legislative service down here? I think that, for once, we should let competition proceed, at least in DeKalb, Illinois. I would urge a No vote.

PRESIDENT ROCK:

Senator Barkhausen, on Committee Amendment No. 1.

SENATOR BARKHAUSEN:

Mr. President and Members, Committee Amendment No. 1 is a request from the Secretary of State. It would delete the requirement in the bill that a securities dealer obtain a written statement of acknowledgement from the purchaser regarding whether or not a certificate of deposit is insured, and replaces that requirement with another requirement that the purchaser be notified in writing of the lack of insurance for an uninsured certificate of deposit. It's supported, as I say, by the Secretary of State and the Illinois Bankers' Association, and I urge its adoption.

Jones, and so we've made some changes. The amendment would establish an emergency moratorium on evictions and utility service cutoffs if, for any reason, there was a delay in the Public Aid grants. It's very limited. It only involves a situation where someone did not get their Public Aid checks because of the failure of the Legislature to make the appropriation. And as I said, we've tightened it up so it does not provide a defense to an eviction for anything prior to rent that may have accrued before July 1st, 1991. So I move for its adoption.

Thank you, Mr. President. This would change the existing distance from two hundred feet to one mile where there would be less than ten residences within a half a mile of the site. And if there are ten or more residences within that, quarter mile to one mile.

PRESIDENT ROCK:

Senator Dunn has moved the adoption of Amendment No. 1 to House Bill 2250. Discussion? If not, all in favor, indicate by saying Aye. I beg your pardon. Senator Welch, on Amendment No. 1.

SENATOR WELCH:

Thank you. I would rise in opposition to the amendment. What the amendment does, in effect, is gut the program for recycling of landscape waste. Currently, landscape waste is accumulated and, basically, recycled by -- by being composted. What this says is if you can't put a recycling composting facility within a mile of any house, I believe it is, or group of houses, you're going to end up with none at all. So in effect, what this does -- it may as well say just send your landscape waste -- well, you can't send it to a landfill. What it says is, "Keep your landscape waste on your own yard." And you can't get rid of it. So what it does is exactly the opposite of what its intent is. What it does is makes every one of us have our own composting facility in our own yard.

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

44th Legislative Day

June 17, 1991

Now, that's -- that's all right, maybe, if you live in a house. If you live in an apartment, I don't know what you're going to do, because you're going to have landscape waste that is forbidden from going to a landfill. And if you can't site a facility to compost it, what are you going to do with it? Well, you're going to be eating a lot of dandelion wine, I guess, and soup, because you can't get rid of it any other way. So I would stand in opposition to this amendment.

PRESIDENT ROCK:

Further discussion? Senator Donahue.

SENATOR DONAHUE:

Well, thank you, Mr. President. I rise also in opposition. It kind of surprised me, Senator Welch, but I, too, rise in opposition to this. In committee, we had a little bit of problem with the initial bill. And if I'm not mistaken, Senator Dunn, it was a quarter mile, and you're expanding that. Is that not the case? All right. Well, I would also rise in opposition.

Thank you, Mr. President, Ladies and Gentlemen of the Senate. The bill was discussed in the Executive Committee, and it will alter the formula that was agreed to when we passed the gas tax, with respect to expenditures by the Secretary of State. And I understand the Governor's dilemma. The Governor's dilemma is that at the time we agreed to sponsor the gasoline tax increase, there was a written memorandum of understanding that was contingent upon its passage and approval, which agreement was to be in effect for five years. And it, in fact, provided for the opportunity for a subsidy for reduced fares for mass transit service to students, handicapped and the elderly, in the total amount of about thirty-eight million dollars. The Governor says it's not available in General Revenue, even though there's a signed agreement between the principals in the City of Chicago and the State of Illinois, in the person of the Governor. This amendment

Senator Holmberg.

SENATOR HOLMBERG:

Thank you, Mr. President. House Bill 1113 is somewhat of an emergency matter for the Greater Rockford Airport Authority which needs quick-take authority in order to acquire some land for extension of its runway. The reason for the extension is the rapid growth of the Rockford Airport, in that passenger enplanements have increased some one-thousand percent since 1988,

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

and the Illinois Division of Aeronautics and the FAA have recognized the need to expand the airport as a vital component of Illinois' commercial airport system. The FAA has committed over eight million dollars to the Airport Improvement Program to extend the airport's runway from sixty-five hundred feet -- to sixty-five hundred feet from the current five thousand feet. And in October of 1990 and again in March of 1991, the FAA issued grants totaling more than 3.4 million to allow the Airport Authority to proceed with the necessary planning, engineering and acquisition of land. The reason we need this bill is -- at issue - is the need to acquire part of a six-hundred-acre farm that lies in the path of the runway. A forty-five acre parcel is needed. There is a tenant farmer on the parcel. The parcel is owned by a lawyer from Chicago, and the Airport Authority has made two offers over the appraisal value, but the lawyer/owner has yet to make a counter offer. We have reached a critical point in the runway extension project. The FAA has mandated that land acquisition agreements be in place by June 28th, and our inability to reach an agreement on this parcel could jeopardize the entire project and more than three million dollars in federal grants. The Airport Authority needs this bill to meet the June 28th deadline, and I would ask for consideration of this Body to move this quickly to the Governor.

SENATOR HOLMBERG:

It is my understanding that he has scheduled a meeting with our airport director for tomorrow - that he is ready to make a counter offer.

PRESIDENT ROCK:

Senator Hawkinson.

SENATOR HAWKINSON:

Then why do we need to move this today?

PRESIDENT ROCK:

Senator Holmberg.

SENATOR HOLMBERG:

The quick-take authority is needed for several parcels of land. The only one that's been under contention is the forty-five-acre parcel. Under quick-take, they get the deed to the various parcels of land so that they can move ahead with letting the bids for assuming the property for the runway.

PRESIDENT ROCK:

Further discussion? Any further discussion? Senator Holmberg, you wish to close?

SENATOR HOLMBERG:

Just ask for a favorable roll call.

PRESIDENT ROCK:

Question is, shall House Bill 1113 pass. Those in favor will vote Aye. Opposed, vote Nay. And the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 35 Ayes, 13 Nays, 3 voting Present. House Bill 1113, having received the required constitutional majority, is declared passed. All right.
