PRESIDENT ROCK:

Secretary's Desk, Concurrence. Resolutions.

SECRETARY HAWKER:

Senate Resolution 1427 offered by Senators Berman and Jones.

Senate Resolution 1428 offered by Senator Leverenz.

And Senate Resolution 1429 offered by President Rock and Senators Collins and Topinka.

They're all congratulatory.

PRESIDENT ROCK:

Consent Calendar. Ladies and Gentlemen, if I can have your attention, Illinois Public Radio has requested permission to record the proceedings. The Sacred Heart Program - a Jesuit radio and television production - is doing a program on citizenship and has requested leave to film the proceedings, as has WICS. WAND, WCIA have also requested permission to videotape. Without objection, leave is granted. We're going to begin on page 21 on the Calendar. Page 21 on the Calendar, on the Order of House Bills 2nd Reading. We will go through the House bills on 2nd Reading that represent appropriation bills, and then we will go back through and pick up the substantive bills. And then there is a request from certain Members to recall bills. We will try to handle the Recall List, then we'll move to the Order of Senate Bills 3rd Reading. House Bills 3rd Reading - right. All right. Ladies and Gentlemen, if I can direct your attention to page 21. Senator Carroll, are you ready? All right. Page 21 on the Calendar, Madam Secretary. We're on the Order of House Bills 2nd Reading, Ladies and Gentlemen. We will go through all the bills that have been ruled exempt for the purpose of 2nd Reading. We'll do the appropriation bills first, then the substantive bills, then move to the Recall List and then move to 3rd Reading. We'll work until approximately 5:30 or so. On the Order of House Bills 2nd Reading, House Bill 109. Read the bill, Madam Secretary.

SECRETARY HAWKER:

Amendment No. 4 offered by Senator Raica.

PRESIDENT ROCK:

Senator Raica.

SENATOR RAICA:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. This appropriates 2.2 million dollars from the School Construction Fund to the Capital Development Fund for a grant to the Illinois -- or Indian Springs School District 109, for the planning and reconstruction of existing school. What happened is the Illinois Tollway Authority went in there, and they're going to expand a ramp along with the Cook County Highway, and it's almost impossible for the kids to safely utilize that school. They're doing everything they can to -- to -- or to get money to build a new school a short distance away, and I'm just trying to help them out in that matter. The safety of the kids is in jeopardy there, and this could really help them out. I just ask for a favorable roll call.

PRESIDENT ROCK:

All right. The Gentleman's moved the adoption of Amendment No. 4 to House Bill 3083. Discussion? Senator Demuzio.

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

122nd Legislative Day

June 22, 1992

SENATOR DEMUZIO:

Well, I hope everybody pays attention to what we are doing here. Senator Raica, I -- I really don't have any problem with providing two million, or whatever it is, for a particular school district in your area, but I venture to say that every one of us in here has the same problem. And it seems to me that we ought not to be doing this only for one school district. As a matter of public policy, we ought to be attempting to find a revenue stream to fund the one hundred million dollars' worth of school district construction bond money that we have already sent out of this Chamber, which currently resides in the House, with a revenue stream coming from the Build Illinois Purposes Fund for which it was intended for in the first place. But to simply -- to provide you with money for your school district, it just seems to me that it isn't fair for all of the rest of us who have a number of school districts in our area that we need to take care of also. So I would rise in opposition to this amendment today, until such time as that we can develop some master public policy for all the school districts in Illinois that need money out of the School District Construction Bond Fund. Thank you, Mr. President.

PRESIDENT ROCK:

Further discussion on Amendment No. 4? Senator Carroll.

SENATOR CARROLL:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I, too, have to rise in opposition to this amendment, for two very specific reasons that I think the Membership has to be aware. Were we to pass this amendment, that means any of you who had a school on the list that was eligible for school bond construction funds, they would now fall further down the list; because, by State law, the minute you specify one school, it jumps to the top of the list. So any of you who had schools may now find those projects in jeopardy because of this particular project.

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

122nd Legislative Day

June 22, 1992

Secondly, it then becomes the equivalent, since there is no more money in the School Construction Fund now, of a general obligation bond, which means taxes will have to be raised to pay it off. And until we figure out how we are going to pay for these schools, and until we are sure that schools who thought they were going to be built can in fact be built, rather than have just this one built and none of the ones that you may had that are waiting, I believe we have no choice but to oppose Amendment No. 4.

PRESIDENT ROCK:

All right. Further discussion on the adoption of Amendment No. 4? Senator Raica, you wish to close?

SENATOR RAICA:

Very briefly. I'd like to, you know, apologize to Senator Demuzio and Senator Carroll. We've tried everything in the district. We tried to -- to have the tollway authority buy that school, but they were only going to offer like a hundred and forty-five thousand, a hundred and fifty thousand for the school. The kids in that neighborhood, the parents, you know, have all rallied. There were meetings with over three hundred parents trying to at least do something to either move the school or -- or have the tollway stop what they're doing in that particular area. And -- and nothing worked. This is 2.2 million. I mean, you needed something for your district, I was there, Uncle Bob needs something for his district, I hope you could be there, and I'd just ask for a favorable vote.

Amendment No. 3 to House Bill 3182 appropriates one hundred and fifteen thousand two hundred dollars for probation service grants to -- to the McLean County Juvenile Detention Center. You may recall when we passed this legislation a couple of years ago, mandating by -- by federal order the -- the juvenile detention centers, we agreed, in -- in language, to pay for the operations. It's my understanding that some of these are already being paid for. There will be some subsequent ones where the cost will be borne by the State, and I would move for the adoption.

PRESIDENT ROCK:

All right. Senator Maitland's moved the adoption of Amendment No. 3 to House Bill 3182. Discussion? Senator Carroll.

SENATOR CARROLL:

Why, thank you, Mr. President, Ladies and Gentlemen of the Senate. I guess I must say that I am shocked, appalled and dismayed that there would be add-on to the Governor's budget without a revenue stream to go with it, coming from that side of the aisle. We know of no revenue streams to pay for this, and I do not believe it was in the Governor's budget. We are trying to reduce spending, because the Governor's revenue stream does not seem to be holding up - seems to be falling down the river by about three hundred and fifty million dollars. And I know Senator Maitland is crying crocodile tears, but I think there is no revenue to support this. This would be an add-on, and unfortunately, we must oppose it at this time.

Amendment No. 4 offered by Senator Keats.

PRESIDENT ROCK:

Senator Keats.

SENATOR KEATS:

This amendment removes 2.3 million dollars from the budget. This removes 2.3 million dollars. As you may be aware, the 160 North LaSalle Building - the old State of Illinois Center - is being completed - not yet, but at approximately five hundred percent cost overrun, when the Legislature, on three separate occasions, bipartisanly - under Senator Luft's leadership and mine - removed that budget three consecutive times. It was snuck in, in early July, without the Legislature being allowed to vote. Well, now, at a five-hundred-percent cost overrun -- even at that, the agreement was, it was to include the furnishings and all the other things. That was the assurance from the Governor at the time. The building will be completed without any of that material. This is money that would transfer -- be added to their budget in order to establish furnishings that were originally to have been in the budget, to put in other material that was originally scheduled to be there. It is new money. It has nothing to do with day-to-day operations, and in no way impedes the operation of the courts, should we wait until the building is completed to see whether or not this material is needed. I would request your assistance in taking this 2.3 million of what is in reality an add-on, out of the budget, for a building not yet completed, that's five hundred percent over budget, and this material was to have been in the original budget, and that was the agreement from the Governor at that time.

PRESIDENT ROCK:

Senator Keats has moved the adoption of Amendment No. 4 to House Bill 3182. Discussion? Senator Carroll.

SENATOR CARROLL:

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

122nd Legislative Day

June 22, 1992

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I know Senator Keats would prefer to remove the Supreme Court, than just their move money, but the Constitution prohibits that. The fact is that the Supreme Court is moving. The five hundred percent increase over budget is accurate, as far as I know. It is accurate because the administration failed to produce the building in a reasonable fashion. It's not the -- it's not the Supreme Court's fault that the administration was unable to deliver a building in a reasonable fashion. The fact of the matter is, however, that the Court is to move out of the Daley Center into this building. The building, we are advised, will be ready. The furniture and fixtures that they had been using in the Daley Center belong to the Public Building Commission as the owner of the Daley Center, not to the courts. So, they have no choice but to leave and to leave absent the type of furnishings necessary to function. And like everybody else who's moving, there have to be some accommodations made, but unlike the others, they do not have furniture that they own to take with them, so that this would actually be making it ineffective, because the court could not function, absent certain furniture. And I would suggest that this is just one of those ill-timed amendments that's aimed at destroying the Court, and the court system, rather than the move, and I would urge its defeat.

PRESIDENT ROCK:

Further discussion? Senator Schaffer.

SENATOR SCHAFFER:

Let me suggest to you that in this very tight budget year, we've heard a lot of talk about perks and privileges. We've -- had seen directors shish kebabled in front of your committee for having the audacity to put up new carpeting or something. We've seen people lambasted for taking junkets to Peoria. And here is the single biggest perk in the budget today. The Court can take a

87th GENERAL ASSEMBLY  
REGULAR SESSION

little heat. They can hold off their move for a few months. This is two million dollars. It is the single biggest perk and privilege in the State budget, and if you guys want to vote against it, then I hope you'll stop using the term "perk and privilege," because you were on board for the most blatant abuse in this document.

PRESIDENT ROCK:

Further discussion on Amendment No. 4? Senator Keats, to close.

SENATOR KEATS:

Thank you, Mr. President. I'm requesting a roll call vote.

PRESIDENT ROCK:

Oh, really? You wanted me to call the Speaker?

SENATOR KEATS:

You may do as you please, Mr. President. I don't know. If what Senator Carroll had described were accurate, I'd be voting with Senator Carroll. Unfortunately, as he described, it was completely inaccurate. One of the -- probably the largest cost overrun in the entire building was because the Supreme Court came in and put in personal bathrooms and quarters and the whole works. They have designed a facility -- if you've toured the building as I have, you'll see it's a little bit of a Taj Mahal up there. They had worked on so many changes and so many overruns, finally CDB told them, "Don't call us anymore. We don't want to talk to you. Your budget's so far over, you've thrown the entire building out of whack." That is what -- the major reason that these furnishings are not in. This is not operational money. It has no effect on the operations of the Court whatsoever. They have excellent offices they can work out of at this moment here in Springfield or in Chicago. This is a perk - unnecessary, unrequired - and the overrun for these areas was clearly brought about by the Court's need to build a very opulent chambers that

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

122nd Legislative Day

are unrelated to their needs. And again, the original estimates of what they would cost - the largest overrun in a building that's five hundred percent cost overrun - the largest overrun is the new Court chambers. I would appreciate your affirmative vote to remove this pork barrel and unnecessary perk from the budget.

SENATOR CARROLL:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. The -- Amendment No. 1 basically provides two things. One would be to allow for two changes in the program to allow for refinancing of the State's debt. We believe this will pick up about another fourteen million dollars in General Revenue. And the second would be an amendment to the Build Illinois Bond Act, which would permit a transfer of the excess revenues in the Build Illinois account, which we believe would now total about forty-three million dollars, or thirteen more than the Governor originally projected at the time he offered his budget in April. I would move its adoption.

STATE OF ILLINOIS

June 22, 1992

Thank you, Mr. President, Members of the Senate. Amendment No. 1 -- Floor Amendment No. 1 re-creates, really, what was House Bill 2865 that came out of the House 115 to nothing. It seems that Amtrak has made a decision - and made a decision six months to a year ago - that we are going to have some kind of rail corridor from Chicago to Atlanta, particularly for the 1996 Olympics. Now, that corridor can either go through the east side of Illinois to Evansville, Terre Haute and Atlanta, down through Kankakee, Danville, or that corridor is going directly from Chicago to Indianapolis to Atlanta. What this amendment does is to put us into a compact with the states of Georgia, Tennessee, Florida, Indiana, to allow, at least, for us to opt into that compact. The amendment is drafted with the approval - quite frankly, it's their language - of the Department of Transportation, to be sure that the State of Illinois is not obligated, at this point in time, to spend any money on -- on developing this corridor. But hopefully, by us opting into this compact, it will at least give us a -- a provision or a -- a methodology of -- of possibly obtaining that corridor down through east central Illinois. That's what this amendment does, and I would move for its adoption.

it amends the Underground Storage Tank Fund Act. The way it does that is it allows for the costs of removing underground storage tanks, if they were installed after July 28, of 1989 and they were operated in accordance with rules adopted by the Office of the State Fire Marshal, in which case a ten-thousand-dollar deductible fee would be allowed. In addition, what the bill does is clarify and set out exactly what is meant by a handling charge. A handling charge is a cost that are allowed to contractors and subcontractors who work on removing and cleaning up underground storage tanks. Instead of a flat fifteen percent, which has been the rule, what this amendment is going to do is set up a sliding scale of fees, beginning at twelve percent and going down to two percent. I'd be glad to answer any questions.

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION

the -- the work that they've done for this bill. This bill creates the offense of stalking. It deals with the problem that we have seen for years as -- as state's attorneys, and unfortunately there have been several highly publicized examples of women, in particular, who have been victimized by a system that is currently unable to guard their lives. You've all read about the situations where a woman receives death threats or other threats, and then in furtherance of that threat, is followed, is stalked, where the -- the aggressor follows and harasses, and unfortunately, in some instances, despite the pleas of the victim, who has gone to police and to the state's attorneys, the current system has been unable to protect their lives. We've seen examples in other states, and unfortunately, we've seen examples in the State of Illinois. This bill would provide that the offense of stalking is committed when a person transmits to another person a threat with the intent to place that person in reasonable apprehension of death, bodily harm, sexual assault, confinement or restraint, and in furtherance of that threat, knowingly follows the person other than within the residence of the defendant, places the person under surveillance and the like. Stalking would be a Class 4 felony; in a second or subsequent conviction, would be a Class 3 felony. We've also created the offense of aggravated stalking, where the person, in committing the offense of stalking, causes bodily harm to the victim, confines or restrains the victim, or violates a temporary restraining order, order of protection, or injunction. Sentence for aggravated stalking is a Class 3 felony, and a subsequent offense, a Class 2 felony. This bill has been the subject of much negotiation. The bill in the Senate Judiciary Committee under Senator Dunn -- co-sponsor Dunn, adopted some suggestions of Senator Berman and otherwise, and I think, with the amendments, has removed the opposition. We passed a similar bill that is now in the House and pending in the House, and it will be in identical

form to this bill. I'd be happy to answer any questions; otherwise I would ask for your affirmative vote in passing House Bill 2677, as amended, to try and deal with this problem of offering protection to people who currently we are unable to protect.

END OF TAPE

TAPE 2

SENATOR FAWELL:

Thank -- thank you very much, Mr. President. I originally offered this bill in the Senate because of two episodes in my district. One involved the murder of a young girl and her fiance, who had been constantly stalked by a young man in my district, who followed them up to Wisconsin and killed both of them as -- as they were standing pleading for their lives. The second incident was a case of a young woman who had left an abusive husband and became involved with a young man from Glen Ellyn. The abusive husband stalked the young man and finally killed him, the day before his twenty-seventh birthday, by bashing his skull in with a baseball bat. If any of you had read the letters from the parents that I received, you would know how important this bill is to pass. I, too, would like to commend both the staff and certainly Senator Hawkinson, for all the work that he's done on this, and I would strongly urge an Aye vote.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson.

SENATOR HUDSON:

Senator, generally -- generally when -- when one thinks of stalking, one thinks perhaps incorrectly of -- of someone on foot. I think this is a good bill; I intend to vote for it. But the question came across my mind as to what provisions might be in the bill for stalking by -- by vehicle. Let's say somebody pulls up alongside of you and -- or anyone, and offers a threat and then you pull away and that person follows you or follows a woman or whatever, or in effect, stalks somebody by -- by vehicle. What does the bill have to say in regard to that?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson, please.

SENATOR HAWKINSON:

There's no limitation in the bill to stalking by any mode of transportation. So someone who stalks by vehicle -- your example, however, might not fall within there, if it's just a situation between strangers. There has to be not only a threat, but there has to be surveillance or following on at least two separate occasions.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Your time was up, I guess. Senator Hawkinson, to close.

SENATOR HAWKINSON:

Thank -- thank you, Mr. President. Would clarify one other part of the bill. I mentioned the suggestions of Senator Berman and others on the Senate Judiciary Committee, which have been incorporated herein. I want to emphasize that, with regard to the pretrial detention, which may take place in limited circumstances under this bill, that the authority for this pretrial detention in no way attempts to expand upon the constitutional amendment. The authority is drawn from the Illinois Supreme Court precedent in the Elrod case, and is limited to those kinds of situations where it's necessary to prevent the fulfillment of a threat. Again, I would like to thank the people who've worked so hard on this bill: the co-sponsor, Senator Fawell, who has authored the Senate version of this bill, and ask for your affirmative vote, so that we can offer protection where we currently can't offer it today, and perhaps down the road save lives of some women and others who are now currently being threatened and stalked - and unfortunately, in certain situations, killed, before the intervention of the criminal justice situation -- is now permissible. This bill, I think, will give us another tool to deal with that kind of tragic circumstance, and I ask for your affirmative vote.

House Bill 2679.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Holmberg.

SENATOR HOLMBERG:

Thank you, Mr. President. This is a bill concerned with students who live on military bases attending neighboring school districts that should be affected by impact aid and are not entirely supported by that. Highland Park and North Chicago School Districts have sought unsuccessfully for several years to have the Federal Government pay a larger share of the cost of educating students who live either in Fort Sheridan and -- or the Great Lakes Naval Training Center. Each of these districts receives roughly two thousand one hundred dollars per military pupil, but spends two to three to five times that amount educating each pupil. Where a school district is contained within the Federal Base, as in Fort Knox, the Federal Government pays some five thousand dollars per pupil. With this bill, which allows a school board, or a majority of registered voters who have filed a petition, to remove the territory of a military base from the school district, they are challenging the Federal Government to begin to spend more per pupil to help these school districts educate their students. Although the bill passed very easily in

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

the House - 104 to 4 - we placed a Berman amendment on the bill, which requires the new military base school district to pay tuition and send its students to the school districts which had previously been educating the students, and requires those districts to educate those students until the Federal Government makes other arrangements. I think with this amendment on the bill, not only do we challenge the Federal Government to do something, but we have provided for the needs of those students when and if it does happen. I'd be happy to answer any questions.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any discussion? The Lady from Lake, Senator Geo-Karis.

SENATOR GEO-KARIS:

Mr. President and Ladies and Gentlemen of the Senate, I concur with the remarks of Senator Holmberg. And -- North Chicago happens to be in my district, and the schools there have been suffering. And I certainly support this bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Gentleman from Cook, Senator Keats.

SENATOR KEATS:

Thank you, Mr. President. I rise in support of this bill. The major problem here -- actually it's from my district. Two of the four districts that are hit heavily by the failure to pay impact aid are in my district: the Fort Sheridan and Glenview Naval Air Station bases. The original bill, as it came from the House, if someone's contacted you, truthfully was a bill that did not merit support. What we simply did was throw military kids out of the public school system. That was unreasonable. Senator Berman, to his credit as Chairman of the Education Committee, offered a very reasonable amendment to make sure these children would be educated, since the failure of the Federal Government to pay is not the fault of the children or their parents. It is the fault of the Federal Government. With the amendment from Senator

STATE OF ILLINOIS

Berman, and the work of the Senate sponsor, it's a very reasonable piece of legislation that will say to the Federal Government, "Why are you paying Illinois two thousand a student, and yet pay Texas, Kentucky and Georgia five thousand a student?" I would appreciate your support.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Holmberg, to close.

SENATOR HOLMBERG:

Just to remind the -- the Body that Highland Park is -- is one of the school districts that has been able, so far, to absorb the cost of educating these Fort Sheridan students, but we're really taking a look at a community like North Chicago, which has not been able to absorb these costs, and is only one to two years away from dissolution, because of the cost of educating Fort Sheridan students. This is truly an emergency measure - must be passed this year. And because of this bill, Congressman John Porter has finally said that he will enter into the battle, so to speak, and will champion the cause of these school districts in Congress. I ask for your favorable vote.

Thank you, Mr. President. Senate <sic> (House) Bill 2741 creates an Adopt-A-Highway Program. If you remember, we did send a bill over - which was also my bill - to the House. This is a better bill, because it is expanded more than that bill was. That bill only allowed Adopt-A-Highway Programs in municipalities -- State roads that are in municipalities. This -- this bill allows Adopt-A-Highway Programs to include county, township right-of-ways, State right-of-ways located within the corporate limits of any municipality. We have worked long and hard. Representative Klemm and I have worked very hard with the unions. The Teamsters are alright on this bill now. The Illinois Federation of Labor have withdrawn their objections. This is an excellent bill. This allows private citizens to do what we do in forty-seven other states - to adopt a section of highway and be responsible for it. There are -- of course, this is for litter only. This is not mowing. This is not removing carcasses. This is not doing anything that could be of danger to these people. The Department of Transportation, in conjunction with municipalities, will operate this program. SENATOR DEMUZIO:

Well, thank you, Mr. President, Ladies and Gentlemen of the Senate. House Bill 2904 comes to us from the Township Officials. It amends the Highway Code and says that in those road districts that are in a single township that have an equalized assessed valuation of not more than five million, can pay a portion, not to exceed fifty percent of the highway commissioner's salary, and can be paid from the Corporate Fund -- the Corporate Road and Bridge Fund or from the Permanent Road Fund. There was some question about this bill in committee by Senator Keats, and it's my understanding that it is now a bill that -- I know of no opposition at the moment. I'd be glad to answer any questions.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Gentleman from McHenry, Senator Schaffer.

SENATOR SCHAFFER:

Mr. President, this bill amends the Revenue Act, at the request of the County Treasurers, to allow county treasurers, at the request of any municipality, to include in a tax sale notice the amount of any unpaid municipal lien and associated costs and interest. It allows the county treasurer to retain a ten-percent collection fee, simply when they're selling off back-tax property. If for instance, a municipality had a fee in there for cutting weeds, rather than have two separate lawsuits involved, this allows it all to be done rather efficiently. I'm -- I think there's no opposition. It's a good idea.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. House Bill 3005 came over here, which -- which was basically a combination of seven House bills that were all assigned to the Mental Health Committee. They included bills sponsored by Representative Woolard, Novak and three by -- administration bills by Representative Daniels. The only -- and by the way, what those bills did was to involve -- providing changes with regard to the procedures for denying mental health services; the establishment of a Quality Care Board within the Office of the Inspector General; the creation of a police and security force by the Department of Mental Health; changes in the membership of the Planning Council on Development Disabilities; and then also a measure dealing with the transport of mental health patients, who are also known as recipients. That was the only part that was controversial. We sat down with the Sheriffs' Association, as well as mental health providers, and worked out an agreed bill, which deals with the transportation of mental health patients. I'd be happy to answer any questions. It is an agreed bill now and does contain measures sought for by the administration, and I would urge an Aye vote.

Could you explain for us what the agreement is on the

transportation? Our analysis simply indicates that sheriffs may decide to transport someone, and if they don't, I'm wondering who's going to.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

Well, the current law is that the sheriff has the obligation to transport. The way the bill came over, it said that the sheriff shall -- or, I'm sorry -- changed its from "shall" to "may". So what we did was basically say it still -- the obligation still resides with the sheriff up until the time of a court proceeding, and at the court proceeding, the sheriff can make their case and argue that someone else be ordered to transport. So that part doesn't really change, but we do say though, we put in the Statute that the sheriff can make arrangements with another public or private entity, including a licensed ambulance service, to transport the respondent. We also say that the respondent and the estate of that respondent are liable for the payment of the transportation costs. So we give an opportunity for -- although it would probably be in rare cases or limited cases where you can get reimbursed from the patient or their estate. And that's basically it. It just gives the sheriffs -- they weren't asking for much, and we -- and just gives them the opportunity to go to court and say, "Why doesn't somebody else do it?" They -- they have agreed to this amendment.

regional superintendent of schools. It requires petitions for school district boundary changes to be filed with the regional board of school trustees of -- of the region where the regional superintendent exercises control over the school district from which the territory is to be detached. The second provision would allow for regional superintendents to make themselves eligible for grants, loans and assistance programs offered by the State Board of Education to local school districts. In many cases we'll have a cluster of schools in a particular regional superintendent's district that may want to go together and get involved in a drug program or early childhood program, and this will enable the regional superintendent to apply for that grant. It also allows the regional superintendent to seek reimbursement from the State Board for a criminal background check charges incurred by the regional superintendent's office. The reason for this particular legislation, or this provision, is when you have a substitute teacher that may go from school district to school district, this will enable the regional superintendent to do that background check and hopefully save some local dollars. I know of no opposition; otherwise, be glad to answer any questions.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any discussion? Senator Schaffer.

SENATOR SCHAFFER:

If the Senator would yield for a question. A number of years ago we had several pieces of legislation that dealt with controversial issues in terming -- attempts to -- for districts to have particles deannexed removed from them. And you appear to be undoing the compromise that was worked out. And -- and the concern we had was, in some cases, a school district will reach over into another county, or a portion of that school district, and -- and you have the regional school board that represents another county over, making the decision on boundaries within the

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY

county -- within another county. And we -- we wanted to get it away from that. We wanted the regional superintendent and the regional board that was elected by the people in the area to make the decision on the boundary. If I interpret -- if I interpret your language, you've undone that. Am I right?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Watson, to respond.

SENATOR WATSON:

What this does is simply changes the -- the place in which the petitions will be filed, but it doesn't necessarily impact to the level that you're -- you're discussing. But it would also, even though -- I mean, both -- both particular regions, when you have a regional superintendent from one region in which a county transpires over into the next regional superintendent, the -- both would be involved, but we're not asking them -- all we're asking is that those petitions be filed in the -- in that particular regional superintendent's office.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Schaffer.

SENATOR SCHAFFER:

Well, if I'm interpreting what I'm hearing from my learned colleague and from staff, simultaneously, this does at least partially undo that compromise in that it does, in fact, in that situation, remove the school board that elected -- that the people would elect, from the -- the sole decision-making process. It sort of intrigues me, because that was a compromise after the regional superintendents and the regional boards objected to multi-county participation. If I recall their logic last time, the situation you've now set up might conceivably involve three or four regional school boards making a decision, and the problem is, to get all of those boards together is almost impossible to get a quorum of all the boards at one meeting, therefore making it

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION

practically impossible to do an annexation. I think this is a case of the regional superintendents having very little to do, and so they keep redoing things and undoing things. I have no objection to the rest of the bill, but I think we are getting away from the concept of the regional board that elects -- that the people elect, having the control over the boundary in their area. And I think that's what started the American Revolution a couple of hundred years ago.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any further discussion? Senator Demuzio.

SENATOR DEMUZIO:

Senator Watson, I was listening to what -- Senator Schaffer was saying. Is that true?

SENATOR DEMUZIO:

No, about undoing this arrangement that had been struck previous.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Watson.

SENATOR WATSON:

Well, that's not the intent of what we're trying to do here. What we're trying to do is give those districts that are being detached an opportunity to be a part and a participant in the process. I realize that maybe there's some areas in which there'll be some dispute between regional superintendents, or possibly even school boards and the administration, but what we want to do is give them the opportunity, for those districts in

SENATOR BERMAN:

Thank you, Mr. President. I don't think -- Senator Schaffer, it's my impression that the purpose of this bill was not to undo what you're referring to. Let me make two suggestions to the sponsor, who has been very cooperative and -- (a), you could take it out of the record. Number two, there's an amendment on here. If there's a commitment that -- that the bill would be non-concurred in -- in the amendment, and we can put the clarifying language so that we're not undoing it. My understanding was that to facilitate the -- the use of the regional superintendents, essentially Downstate, to get funds for multi-county programs was the purpose of the bill. I think you still have the requirement of convening -- of the meetings and the petitions. I -- you know, I -- I don't think so - that -- that what the bill does affects what you're concerned about. But to satisfy it, you can either put it into a conference committee, or we could take it out of the record. I -- I think there's only -- there may only need to be some clarifying language to do what Senator Watson wants to do without undoing what you were concerned about. So take either one of those suggestions.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Watson.

SENATOR WATSON:

Why don't we take it out of the record? I wish somebody would have mentioned that earlier.

SENATOR SCHAFFER:

Mr. President, this bill is at the request of the Department of Financial Institutions, and it extends the current presumption of abandonment of intangible property, i.e. securities and uncollected dividends from stock. It -- it's an attempt to strengthen Illinois' claim to a rather significant number of dollars of unclaimed property that has been shipped by transfer agents and others to New York and other states, such as Delaware. There's currently a -- a major one-billion-dollar lawsuit going against New York involving forty-one other states, including Illinois, and we're, frankly, trying to strengthen our hand to get our share of whatever number of dollars comes out of that lawsuit. In addition, there is an amendment on the bill which is, in effect, a trailer for Senate Bill 1949, which was the Pension Fund acceleration of unclaimed property from seven years down to five. Rather than potentially jeopardize that very important piece of

Senator Cullerton.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. This is a two-part bill. The first part comes from the suggestion of the Grundy County State's Attorney, requesting the legislation to clarify that being an intoxicated driver need only be a cause, and not the specific cause, of great bodily harm that resulted in an accident, before that driver can be charged with a felony DUI. The second part of the bill deals with the fact that because of the new census in Illinois, there would be - but for this bill - a change in the number of allowable judges for the 10th Circuit, which is the Peoria area, as well as in Cook County. And so what this does is to allow for the same number of judges in those two districts to remain the same. Be happy to answer any questions, and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Discussion? Senator Keats.

SENATOR KEATS:

Thank you, Mr. President. The second amendment mentioned was the reason we defeated this bill last year in the Senate, or a very similar provision. What this does for associate judges -- Cook County has lost population; therefore, on paper, we should lose associate judges. Now, no one really thinks that's a particularly good idea, because of our caseload, but what this amendment does is circumvent the district system. With this amendment, all those associates remain the same. What we've been trying to do is put more judges out into the subdistricts in Cook

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

County, so that they would be elected like judges in every other part of the State. Cook County has a unique system, where the majority of our judges are associate, not elected. The point of that being that they are attempting to avoid the scrutiny of the public. As you may remember in '89 and '91, the Illinois Legislature passed bills to be sure that all those judges would be elected in circuits - again, we're expanding out over time - but more importantly, new associates -- we thought we had a verbal agreement with the Speaker that all new associates would be in the circuits. Now, what this amendment does is guarantees that we protect the number of associates, or total number of judges in Cook County, but is very careful to be sure they are not elected, but are simply hand-picked. That's the process that we've been trying to get away from in Cook County for some time. Cook County is the only major circuit where the majority of the judges are associates, not elected. This will continue that. We are trying to get these judges -- if we're to have an elective system, then let's elect these judges and quit hiding them under this associate label. It is not done anywhere else, and this would guarantee that they would not be minority judges. It would guarantee they would remain as part of the same group that's there today.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? If not, Senator Cullerton may close.

SENATOR CULLERTON:

Well, the previous speaker, I believe, I understand where that person's coming from. And I'll wait till he listens to my explanation before he gives his thumbs down to the rest of his colleagues. If we don't pass the bill, the census is such that we will lose, statutorily, an associate judge for Cook County. That is not -- and Peoria, by the way, which is also covered by this bill. Now, let's focus on your objection though, in Cook County.

That means that that associate is lost - not available to be put into the subdistricts, which is where you want them to go. Follow me? It's not available. It's statutorily gone. Now, as I understand it, by passing the bill, allowing for that associate judge to remain there, then when that associate judge either retires or dies, then - the way the law works - it creates a new job in the subdistrict. So I, quite frankly, don't understand your opposition. Now, I'll tell you what I'll be happy to do. I will be happy to take the bill out of the record now, talk to you about it, since I know exactly what your -- your goal is - 'cause I think the goal is the same - and then -- and see if then we can call it. And if we can call it with an agreement, fine. If not, we can have the debate later. Out of the record, please.

SENATOR DeANGELIS:

Thank you, Mr. President, for your very charitable action. House Bill 3166 is the DPR's clean-up bill. It does several things, among which are: one, it makes the Act compatible on NS Funds of any returned checks; establishes deadlines for people to respond to notices; establishes fines for persons practicing

Thank you, Mr. President. House Bill 3191 creates the -- the Act is the Township Senior Citizens Housing Act. It permits townships to construct, purchase or improve senior citizen housing. And I'm going to give you two very important factors in this bill that make it worthwhile. First of all, it requires a frontdoor referendum. Nothing can be constructed without a frontdoor referendum. Secondly, nothing can be constructed unless the revenue bonds issued under the Act shall be payable solely from revenue derived from the operation of the housing. No bonds issued shall be construed as a debt upon the township.

discuss this bill earlier, and I took it out of the record to have some people answer some questions, which I hope are -- have been answered. This validates the tax levy and appropriation ordinances of the forest preserve districts in the State, as well as the County of Cook. And I think it's something which we've done ever -- ever since 1965, I believe. So I'll be happy to answer any questions. Of course, the concern is to preempt the use of some nonsubstantive procedural objections as a basis of a suit challenging tax levies and extensions, and for that reason we ought to pass the bill. Be happy to answer any questions, and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Discussion? Senator DeAngelis.

SENATOR DeANGELIS:

Thank you, Mr. President. I did ask the sponsor to take it out of the record. I have been assured that this is the last year that this questionable request will be made; that the reform president of the county board will, in fact, do what he was elected to do; and therefore identify what this appropriation is by line item, and not require the State to validate an action which, at best, is questionable, and at worst, is highly suspect.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Lechowicz.

SENATOR LECHOWICZ:

Thank you, Mr. President. Very briefly, for the edification of my good friend, Senator DeAngelis: The county board wrote a letter to the State's Attorney, Jack O'Malley, requesting some guidance on this matter. And that was done by Carl Hanson's committee. And he in turn wrote back to us, informing us the best way to handle this is to have this bill passed. And this not only protects Cook County, but, as the -- the sponsor pointed out, it also helps the downstate forest preserve districts. I would hope

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION

that -- we were hoping that we could do this by a county board action, but the State's Attorney informed us the best way to handle this is to have this bill passed, the way it's been going on in the past. And ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Kelly.

SENATOR KELLY:

Thank you, Mr. President. A question of the sponsor.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Indicates he would yield. Senator Kelly.

SENATOR KELLY:

Senator Cullerton, can you tell me what financial impact -- or how this would affect the taxpayers in Cook County? Let's say for example in Will County. Does it -- does it have any -- what's the impact for those -- overlapping counties?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Cullerton.

SENATOR CULLERTON:

Well, it affects the Will County Forest Preserve District by just saying that the tax levies for 1989 and 1990 are valid. And so it doesn't increase the tax in any way; it just says that the levies that they have already approved are valid.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Kelly.

SENATOR KELLY:

Is this -- is this the bill -- or I heard there's a bill where if people make purchases outside of the county that they have to pay taxes to the county of residence, as opposed to the county where they're making their purchase. This any effect on that?

SENATOR WELCH:

Thank you, Mr. President. House Bill 3251 amends the Environmental Protection Act in the area of leaking underground storage tanks by providing incentives for using alternative corrective action technologies to remediate leaking underground storage tank sites. It also provides that notification to the Environmental Protection Agency that a leak occurred on or after July 28th of 1989, shall be sufficient for the determination of the deductible applied towards reimbursement. So if you notified the EPA after that cutoff date, you can get into the fund -- the Self-insurance Fund, where you pay a ten-thousand-dollar deductible and then have your site cleaned up. It also adds

87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

language to require reimbursement to the State for payments made to an individual for eligible remediation if that individual also recovered those costs from another source. It allows the EPA to make a determination of eligibility for partial payment of the work performed. And it limits the reimbursable amount to no more than two percent over the actual cost of work performed by a subcontractor, putting a limit on the amount of money taken out of the fund to take care of other projects throughout the State of Illinois. I'd be glad to try to answer any questions.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Discussion? Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President. Would the Senator yield for a question?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Indicates he will yield. Senator Jacobs.

SENATOR JACOBS:

In committee, Senator, there was some concern on the staggered handling fees for subcontractors, and there was to be an attempt to work that out - that there was a feeling that the -- the number in the bill was not correct. It's my understanding - and correct me if I'm wrong - that that issue is being addressed on another bill in order to try to work that particular portion of the bill out. Is that correct?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Welch.

What -- the amendment that you have on now still keeps the percentage the same as it was in committee - correct?

Senator Welch.

SENATOR WELCH:

The -- the bill that we're speaking about at this moment, has the five categories of fees for handling fees ranging from twelve percent down to -- no, this one has the flat two percent. That's correct. I'm sorry. The amendment has the staggered fees.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

And as I understand, there was still some concern with that, and that is attempting to be worked out on another bill. Is that correct?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Welch.

SENATOR WELCH:

That's correct, Senator. There's still some negotiations going on, but it -- they haven't been very fruitful over the last week.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator -- further discussion? Senator Schuneman.

SENATOR SCHUNEMAN:

Thank you, Mr. President. This bill contains one provision that I think is helpful, particularly in rural Illinois, probably throughout the State. But the provision that effectively would stop the Fire Marshal from ordering the removal of a tank that has been taken out of operation prior to January of 1974, I think is a step in the right direction. There are many small communities throughout Illinois where old petroleum tanks have been out of use for many, many years - really don't pose a threat

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION

to anybody, but the way the Fire Marshal has been administering the law, I think, in some cases, those tanks have been required to be removed at great expense to the property owners. And so I would support the bill on the basis of that provision.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Welch may close.

SENATOR WELCH:

Thank you, Mr. President. What Senator Schuneman said is correct. What we're doing is having Illinois law conform with the federal Statutes, which basically say before January 1 of '74 you don't have to remove these old underground storage tanks. I would urge a favorable vote.

Thank you, Mr. President, Members of the Senate. This bill was requested by the Illinois Mechanical and Specialty Contractors Association. Currently, general contractors and subcontractors may choose to sign a contract which stipulates that the subcontract will be paid when the general contractors is paid, and then in the cases the -- where the developer-owner gets into a dispute and fails to pay the general, the subcontractor in the situation has been filing a mechanic's lien. However, the developer-owner has been able successfully to remove the lien, or the -- by using this fact that this pay-if-paid contract has been entered into, and they're using that as a defense against the

Thank you, Mr. President, Ladies and Gentlemen of the Senate. This bill does basically one thing, and that is in -- if a person on welfare has purchased a pre-need funeral contract, that that will not be used as an asset for their welfare checks. So it's a bill that I would hope you could support.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Discussion? Discussion? If not, the question is, shall House Bill 3326 pass. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, the Ayes are 54, the Nays are none, none voting Present. House Bill 3326, having received the required constitutional majority, is declared passed. House Bill 3329, on the Order of House Bills 3rd Reading, Mr. Secretary.

87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

122nd Legislative Day

June 22, 1992

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Maitland.

SENATOR MAITLAND:

Thank you very much, Mr. President and Members of the Senate. The changes in House Bill 3329 are necessary to bring ICC into compliance with its federal certification. It does several things. It incorporates gas pipelines transmitting gas for direct sales to customers for the use under the authority of the Commerce Commission for purposes of safety. Further, it increases the fines for persons who violate inspection, maintenance, recordkeeping or report requirements to not more than ten thousand for each violation for each day it persists. Increases the maximum allowable fines for any related series of violations to not more than five hundred thousand dollars. I -- there may be a couple of questions that need to be asked on this bill, Mr. President. I would answer any questions; otherwise, would seek your support.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Discussion? Senator Luft.

SENATOR LUFT:

Thank you, Mr. President. For the purpose of legislative intent, I'd ask the sponsor to yield.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Indicates he will yield. Senator Luft.

SENATOR LUFT:

Will House Bill 3329, if passed, allow the Illinois Commerce Commission to impede the transportation of natural gas to direct end-users?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Maitland.

SENATOR MAITLAND:

STATE OF ILLINOIS  
87th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

122nd Legislative Day

June 22, 1992

Absolutely not, Senator Luft. House Bill 3329 extends ICC safety jurisdiction to distribution pipes used to convey gas from a gas main to a residential premise. There is no intent at all to discourage direct sales of natural gas.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Luft.

SENATOR LUFT:

I don't know who wrote that first question, but... Question number two: Would the ICC be able to deny permits for new pipeline construction or extensions thereof use, even if the safety standards are satisfactory?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Maitland.

SENATOR MAITLAND:

No, Senator Luft, nothing in House Bill 3329 affects pipeline certification.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Geo-Karis.

SENATOR GEO-KARIS:

Would the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR DEMUZIO)

I don't know. I think he's ran out of the script. Yes, Senator Geo-Karis, he indicates he will yield. Senator Geo-Karis.

SENATOR GEO-KARIS:

Well, I wanted to ask -- thank you, and I want him to add to his script. Our analysis says that the -- that the gas system operator's responsibility for safety would end at the master meter, instead of at the outside wall of the residential building. Does that curtail the responsibility, then - just to the master meter? What about the outside wall of the residential building?

SENATOR MAITLAND:

Well, you are absolutely right; their responsibility ends at the meter.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Geo-Karis.

SENATOR GEO-KARIS:

Well, isn't that an abrogation of the responsibility for safety, when they cut down the area from the outside wall of the residential building back to the master meter?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Maitland.

SENATOR MAITLAND:

Senator, this -- this is the system into the meter. The -- the responsibility ends there. It does not continue on through the meter into the rest of the system.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Geo-Karis.

SENATOR GEO-KARIS:

Perhaps you can tell me, where is the master meter located then?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Maitland.

SENATOR MAITLAND:

Well, I suppose it varies from home to home, Senator, but it's somewhere on the outside of the home.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator -- further discussion? Senator Maitland, you wish to close? Question is, shall House Bill 3329 pass. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, the Ayes are 52, the Nays are none, none voting Present. House Bill 3329, having

regards to service of process. It authorizes an alternative  
service, via the special order of court, and I ask for your  
indulgence and your Aye vote for this piece of legislation.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Is there discussion? If not, the question is, shall House  
Bill 3371 pass. Those in favor will vote Aye. Those opposed,  
Nay. The voting is open. Have all voted who wish? Have all

provision of architectural, engineering, and land surveying services by a school district or a unit of local government. The bill provides that where, by resolution, the unit of local government determines that there's an emergency, or where it determines that the cost of such services will be less than twenty-five thousand dollars, then the process of public notice and selecting three -- at least three firms for competitive bidding can be waived. I know of no opposition, and ask for your support.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator O'Daniel.

SENATOR O'DANIEL:

Thank you, Mr. President, Members of the Senate. House Bill 3485 deals with court security. The original bill eliminates the provision specifying the sheriff as the officer for whom the court -- the county board may enact ordinances for a court services fee for providing court security. Sheriffs' Association had some problems with that, and Amendment No. 1 -- Committee Amendment No. 1 adds that the court services fee may be expended for any other court services deemed necessary for the sheriff to provide for court security. And I think that ended the Sheriffs' Association's opposition. And then there was -- Amendment No. 2 adds two provisions. It adds that if the Office of the Coroner has been abolished in the county by referendum, and if the referendum did not provide for the performance by another person of the duties previously performed by the coroner, the sheriff of the county may be appointed to -- by the board to perform these duties. And it also raises the maximum amount that a county may indemnify a sheriff or deputy from one hundred thousand to five hundred thousand, similar to other county organizations. I'd move for the passage, or I'd attempt to answer any questions.

PRESIDENT ROCK:

Discussion? Any discussion? If not, the question is, shall House Bill 3485 pass. Those in favor will vote Aye. Opposed, vote Nay. And the voting's open. All voted who wish? Have all voted who wish? Thank you, Mr. President. House Bill 3487 amends the Humane Care for Animals Act pertaining to the detaining of shipment of livestock. It would -- any person that would detain the shipment long enough to endanger the health or safety of the livestock would be liable to the owner. I know of no opposition to this bill, and would ask for an Aye vote.

Practitioner Registration Act and establishes procedures with rules and regulations by the Department of Professional Regulations. And it created a Board of Registration of Environmental Health Practitioners, as amended. This amendment is at the suggestion of the -- the local units of government, the Municipal League, and all persons who qualify under this Act would have to be responsible for paying their own fee and licensure application fees. And I know of no opposition. Ask for a favorable vote.

PRESIDENT ROCK:

Discussion? Discussion? If not, the question is, shall House Bill 3519 pass. Those in favor, vote Aye. I'm sorry. Senator Schaffer.

SENATOR SCHAFFER:

Well, I'm not going to belabor the Membership with my traditional anti-registration speech, but this is another registration Act for a rather -- a group of people that I have not had any indication there was a need to license. Our analysis shows a hundred and twenty-five-thousand-dollar fiscal impact on the bill -- on the State. This -- again, I don't know of any reason to license them. I don't know of any crisis or problem that's been created. And if you've got a hundred and twenty-five thousand extra to throw around, here's someplace to throw it around.

PRESIDENT ROCK:

Senator Maitland.

SENATOR MAITLAND:

Thank you, Mr. President, Members of the Senate. House Bill 3569 adds to the S&L language the fact that State universities can also be a part of the exemption. Current law prohibits certain possible conflict of interest arrangements between banks and S&Ls having overlapping personnel with their boards and the directors of -- of governing boards. The exclusions have already been made for local units of governments, school districts, community college districts, and police and firefighters' pension funds. This would then add the State universities to the list of permitted exemptions. This came out of the committee on the Agreed Bill List. I would be happy to answer any questions; otherwise would seek your support.
