PRESIDENT ROCK:

between the Houses, I'm going to suggest that we start on Page 9 on the Order of Concurrence and go through and handle those where Members wish to non-concur; because, when indeed we non-concur, we have to send a Message to the House, which they have then to accept. And then we will move to the Order of Non-concurrence in Senate amendments to House bills and handle those matters where the Senate sponsor refuses to recede from Senate amendments, and we have to then inform the House. So I think it would behoove us to move through and let's do non-concurrences and refusals to recede. Neither of which obviously is final action; each of which requires transmittal to the House. 37. Senator Dunn. Senator Dunn. Madam Secretary.

SECRETARY HAWKER:

Senate Amendments 1, 2 -- pardon me -- House Amendments 1, 2 and 3 to Senate Bill 37.

PRESIDENT ROCK:

PRESIDING OFFICER: (SENATOR DEMUZIO)

Sponsor indicates she will yield. Senator Fawell.

SENATOR FAWELL:

Senator, according to our analysis, you've got several technical problems with the -- with the House amendment. House Amendment 162 applies only -- I mean, House Bill 162 applied only to the taxable year ending 12/31/90. This amendment applies to any taxable year after that date. This bill doesn't set a filing date, as drafted. A taxpayer could wait five years and still not be subject to any interest or penalty, and interest would also not be applicable to any refund due to these taxpayers from the Department. I would strongly suggest that you -- that you put this back in conference committee and -- and get those concerns straightened out, or you're not going to have a bill that's worth a darn.

Thank you, Mr. President, Members of the Senate. House Amendment 1 is the amendment that we, in this Chamber, agreed to to add a gubernatorial appointee -- one additional gubernatorial appointee to the Economic Development Board, and that amendment was put on in the House. House Amendment 2 was language offered by DCCA permitting the local Corridor of Opportunity Councils to use eight percent of the grant funds ordered for them for their administrative costs. and the bill, having received the required constitutional majority, is declared passed. Senator DeAngelis, for what purpose do you arise?

SENATOR DeANGELIS:

Thank you, Mr. President. And I know you've tried to caution us on the kind of motions that were put forth on Senate Bill 195, but as a question of parliamentary inquiry: What would be the status of that roll call that was taken on the three amendments we concurred with?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Well, it would simply be a -- an expression of the Senate that they wish to stand by the House Amendments 1, 2, 3 and 4, and that the whole bill now - with the respect to the non-concurrence on Amendment No. 5 - the entire bill goes back. With respect to the roll call, it is a matter of record that the Senate voted whatever they voted on -- on House Amendments 1, 2, 3 and 4. But as long as there is an amendment still pending, then there cannot be final action, and therefore, the entire bill must -- must go to -- go back to the House, and if they refuse to recede, then it goes to conference. Senator -- Senator DeAngelis.

SENATOR DeANGELIS:

Well, does the roll call have any standing? In other words, the roll call didn't pass anything. And more specifically, why are we even taking a roll call on it?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Well, that -- in my seventeen years around here, we -- we have -- some -- some just prefer that if they're not going to adopt all the amendments, to simply non-concur in all the amendments and send it back to the House. There are those, however, that wish to have some expression of the Senate's view with respect to the amendments that were adopted by the House. Although, in going -- in going to -- for example, if you go to a conference committee,

STATE OF ILLINOIS

it doesn't make any difference what the Senate action was because it was not final. Senator DeAngelis.

Then why are we discussing it?

SENATOR DeANGELIS:

Could someone request that roll call at some point in the future and use that roll call as evidence of having voted for something that you really don't intend to vote for?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Well, it is a matter of -- it is a matter of public record, and -- and therefore, it is an expression of the Senate that that Member who voted in the affirmative or the negative, that that was his position with respect to those amendments that had been adopted by the House on which the Lady had made a motion. June 28, 1991

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I will move that the Senate do concur with House Amendment No. 1 to Senate Bill 197. Senate Bill 1-9-7 was an amendment to the Bingo License and Tax Act, and provided, you will recall, that we would afford, particularly the Catholic schools, the opportunity to encourage parents to participate in the management by virtue of tuition reductions, if, indeed, they volunteer to work bingo. It is a relatively common practice in Chicago, but one that under the current bingo regulations is not allowable. The House added an amendment to -- to say that if indeed a bingo licensee is subject to inclement weather - apparently if you have a bingo license, you only get so many days a month or you have to apply for such and such days - if indeed there's inclement weather, the licensee can reinstate a snow day or a tornado day, or whatever it is, after proper notification and approval by the Department of Revenue. I know of no objection, and so I would move that the Senate do concur with House Amendment No. 1 and send Senate Bill 1-9-7 to the Governor's desk.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Is there discussion? If not, the question is, shall the Senate concur with House Amendment 1 to Senate Bill 197. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, the Ayes are 57, the Nays are none, none voting Present. This is an amendment that was put on over in the House that Representative Black was interested in for a problem in his district. It says merely that businesses within enterprise zones will be protected from any type of an increase in their cost of doing business if the municipal utility wants to -- if they want to put on -- if the municipality wants to put on a utility tax, they would not be able to put it on on a business that's within an enterprise zone. Now, it does not apparently affect those municipalities that have a tax at the time of the creation of the zone. It's only when the zone is -- when they attempt to put the tax on after the -- the zone has been created.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. I would move to concur with Senate -- House Amendment No. - is it 2? - with Senate Bill 441. The bill deals with the concern of the Community Care Program. There are people who would not be eligible to participate in this Program - the Community Care Program - and this is preventing -- we're trying to prevent some undue hardships to these people who are no longer served by the Program. So what we do with the amendment - it would provide that these persons who are not eligible within sixty days receive notice of termination and within sixty days have the right to appeal the determination. And each person affected, regardless of the circumstances for the discontinued eligibility, shall be given notice and the opportunity to purchase the necessary services through the Community Care Program, which would allow those persons affected to purchase those services at a rate lower than at the private rate. So I think it's a good amendment, and I would move for its adoption by concurring with the House amendment.

SENATOR FAWELL:

This bill originally, the way -- according to our analysis, was -- was created so that the State Treasurer could receive some federal monies. And now you've added this amendment -- or the House has added this amendment, that says that there's going to be a sixty-day notice to seniors who are no longer eligible for assistance to the elderly under the Community Care Program. Could you explain exactly what the Community Care Program involves?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Cullerton.

SENATOR CULLERTON:

Yes. The Community Care Program, as I understand it, provides services for senior citizens who are poor, and the concern -- and let me further give you some further background. The -- this amendment, I believe, first started out -- you're right. This is taking too long. The bill started out as Senate Bill 1224, and what they tried to do initially was to tell these people who are going to be declared ineligible that they could be -- still be eligible. That was going to cost money, like 2.9 million dollars. So they gave up on that proposal and they said, "All we want to do is, since they're going to kick these people out of the Program, we want to give them some notice." So the -- what the -- all the amendment does is -- right now they have fifteen days notice of termination - the amendment makes it sixty. They have, I think, ten days to initiate an appeal. This gives them sixty days to -- to appeal. So that's -- that's basically what the -- what the bill does.

PRESIDENT ROCK:

All right. The Gentleman has moved concurrence with House Amendments 1 and 2. Is there any discussion? Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDENT ROCK:

SENATOR HAWKINSON:

SENATOR BERMAN:

Thank you, Mr. President. I move that -- I move that we

PRESIDENT ROCK:

All right. The Gentleman has moved concurrence with House

SENATOR HAWKINSON:

Thank you, Mr. President. Will the sponsor yield for a
question?

PRESIDENT ROCK:

He indicates he will yield, Senator Hawkinson.

SENATOR HAWKINSON:

Senator, doesn't it actually do almost the opposite of that?
Doesn't it say that although we're going to mandate that guide
dogs be allowed in schools - something that I think we all agree
with - this says that it removes the exemption for liability, and
in fact, makes the schools liable for any damage done by the dog?
That -- that's what our analysis indicates.

PRESIDENT ROCK:

Senator Berman.

SENATOR BERMAN:

No. And the -- the reason the language is taken out is so that

we -- there was discussion in the House regarding the question of liability or no liability. The -- the reason this language is taken out is that if there is a -- you know, to establish liability on the school, you have to establish willful and wanton; and if that exists, this doesn't preclude that. We just delete the language so that whatever liability may or may not exist will continue to exist, just like any other action by the school board.
PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson.

SENATOR HAWKINSON:

If I understand what you're saying then, this would leave the Tort Immunity Act in effect as it is, and ordinary negligence they would not be liable for, and the only way to establish liability would be for any other action under the Tort Immunity Act, willful or wanton.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Berman.

SENATOR BERMAN:

That's correct. That's the legislative intent, and that's why we didn't put any language in to make any other standards.

The Amendment No. 1 provides the things that everybody would get excited about. It removes the ability to levy a tax. It removes the bonding ability. It removed DCCA funding. It removed the condemnation authority. I'll answer any questions you might have. Ask for your Aye vote to pass the bill.

SENATOR DEMUZIO:

Yes. Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 771 was a bill that was put in at the request of some constituents of mine that apparently were having difficulty in determining what their accrued time and unused compensated leave, and all of that, at the time of layoff to the -- and it was never being transferred to the Retirement Fund. What this bill did was to clarify that, and Amendment No. 1 from the House expanded the intent of the original bill to require certification of the unused leave to the employee at termination and retirement, so that the agencies will be forwarding that time to the Retirement System at the time of the -- of the action, rather than waiting until the employee made the proper inquiry at the time of either -- at the time of retirement. So it is a harmless bill with respect to -- to doing anything other than affording the employees to have up-to-date, instant records with respect to their unused time and their -- with respect to retirement.

PRESIDING OFFICER: (SENATOR DEMUZIO)

SENATOR GEO-KARIS:

Senator, I have in my hands here a notice from the Fox Valley Fire Safety Company telling me that there was an amendment put on Senate Bill 1006 which would modify House Bill 2197, and House Bill 2197 was far more protecting, and this amendment to Senate Bill 1006 would be diminishing the intent of the original legislation and significantly increase the possibility of severe injury or death from fire-related causes. Can you tell me something about that?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Holmberg.

SENATOR HOLMBERG:

I would like to defer to my seatmate here, because he had the bill originally and he understands why that change was made. Senator Jacobs.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

Senator, there is really in this bill -- there isn't anything that really is changed that much, except for the fact that it gives the smaller fire protection guys the -- the opportunity to stay in business. Many of these -- these people are retired. They go out and they do their few accounts. If I remember - I think it was Senator Schuneman - when this thing passed two years ago, it raised some question about the thousand-dollars -- fee. And that's really what your -- your fire -- those that are opposed to Amendment No. 3 are opposed because we are taking the license fee down for the small guy from a thousand dollars to a hundred dollars, and it's going to keep those small guys in competition. Now, they say there's no such thing as a big guy in this business - but a big guy in this business is twenty/twenty-five employees, because you can cover a lot of territory. But there's no tremendous amount of substance taken out of this bill.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Vadalabene.

SENATOR VADALABENE:

Yes. If I heard Senator Watson right a while ago, he asked the question, how the fire protection districts feel about this legislation. Now, my question is, how about the fire fighters. How do they feel about this bill? Do they support it?

SENATOR KEATS:

Quickie question, thank you. Senator Jacobs mentioned one thing I did want to say. They're talking about the difference between the big and the little - there is no such thing as a big

fire equipment distributor. You're not talking about a guy who does three billion a year in business versus a guy who has two employees. They are all tiny. I mean, most of these firms are a couple of people. So do not misunderstand a fight between big and little. There is no big. Everyone is little. But the second one is - here's an amendment we haven't seen. Here it shows up. It reverses a law we just passed. It's a hundred and eighty degree shift from something we just did, and you sort of reach a point of saying, "Is this all a game here?" I mean, we just passed this law. We haven't even had time to discover it's a bad law. And God knows, I've introduced as many bills to do away with existing laws as anybody in this Chamber. But here is a bill we just passed, just implemented. There's no one sitting here saying they're asking this to be done. You notice all these groups are neutral. You know why they're neutral? They aren't real sure what's going on either. Why don't we hold this thing up? Why don't we stop it and say to the House, "Before you put on these kind of amendments, gang, let's have public hearings, let's discuss this for a while, let's see what the problems are so we all know it. And if there are problems, please let the Legislature know." Otherwise, it makes no sense to reverse a law passed literally yesterday.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? Senator Schuneman.

SENATOR SCHUNEMAN:

Senator Jacobs, what are you doing? Are you reducing the fee from a thousand dollars - license fee from a thousand dollars? Down to what?

amendment does. And contrary to what has been said, this thing really just affects the licensing fees. And, Senator, let me explain why that's being done. Okay?

SENATOR SCHUNEMAN:

All right. Go ahead.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

I'll yield to the Senator. He wants to -- to continue on with his question.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Oh, I'm sorry. Senator Schuneman.

SENATOR SCHUNEMAN:

Well, frankly, I didn't remember that the fee was that high. That's very unusual to have a fee of a thousand dollars to get into a business. Now, if we reduce the fee from a thousand dollars to five hundred or a hundred or something, how will that affect the ability of these businesses to sell fire prevention equipment?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

It really will have no effect. What it -- except for the fact that it will open up the competition a little more, which your side of the aisle should be for, Senator.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator -- Senator Schuneman.

SENATOR SCHUNEMAN:

SENATOR FAWELL:

Well, I -- will the sponsor yield for a question? Senator Jacobs, according to our analysis - I'm talking about House Amendment No. 3 -- let me read what it says. "Deletes elimination of terms. Deletes indemnity for the Board. Deletes requirement for the Board to make recommendations for rule changes. Deletes provision that requires the Fire Marshal to issue reports to the Board on the status of arson convictions. Deletes provision to permit a fire inspector employed by the Fire Marshal. Deletes provision that permits the Fire Marshal to conduct for a testing service. Deletes provisions that require physical exam. Deletes numerous violation provisions that would lead to disciplinary in accidents such as the conviction of arson, alcoholism, drug addiction, fraud, discrimination. Repeals the State Marshal's ability to issue fire equipment license without examination. Repeals provision allowing for the fire -- file of complaints regarding violations of the Act with the State Fire Marshal. Repeals provisions establishing penalties for violation of the Act. Deletes authority to require continuing education for fire equipment distributors who have violated the Act. Deletes provisions allowing for consent order for notification to the Board..." You want me to go on? It -- it does a little more than reduces the fine.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Senator Jacobs.

SENATOR JACOBS:

And the reason all the deletions are there and the deletions are not in contrast to what the Fire Marshal wants, because this bill, from two years ago, has never been implemented except for the fees - so why not delete everything that hasn't been implemented anyway? If it isn't worth implementing in two years, it sure as heck isn't worth having in the bill.

Amendment 1 is identical to Senate Bill 698, which passed here, and what it -- that did was clarify the appropriate length of continual services as a Board member for shorthand court reporters. It gives the Director the power to remove Board members for missing three meetings. Increased disciplinary action fines and established continuing education requirements. Amendment No. 2 -- Amendment No. 2 exempts lawyers from continuing education requirements in these -- in that Act. And Amendment No. 3 allowed temporary teaching licenses to be valid for three years, instead of two; allowed dentists to charge a reasonable fee for the cost of reproducing dental records for patients or their guardians. That's -- was Senate Bill 438. And I know of no opposition, and I ask for a favorable vote on Amendment 1, 2 and 3.

Well, I will yield to my esteemed colleague, Senator Dunn, because that was his legislation that was amended onto this bill.

I'm asking a question for lawyers. You say that there is a continuing education for lawyers. Is that -- well who -- I mean, I thought the Supreme Court was the one that -- how can any other get in here? That's what I want to know. I mean, there's more than one lawyer on this Floor. I guess we could find out. Yeah. That's what I want to know.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Does anyone wish to respond? Senator Welch. Senator Welch.

SENATOR WELCH:

Illinois -- in Illinois, to be a lawyer, the Supreme Court licenses you. They would set a requirement that lawyers have continuing legal education requirements, not the State. If we passed a bill saying that, the Supreme Court would probably ignore it. So continuing legal education is something that is voluntary by lawyers, but the Supreme Court could mandate that we do that. They haven't done that yet. So the answer to your question is, we have voluntary continuing legal education in Illinois; that we have no State law requiring it.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Rea.

SENATOR REA:

Thank you, Mr. President. I move to concur with Amendment 1 to Senate Bill 1073. Amendment 1 will place community college retirees under coverage of the State Health Insurance Plan. There's no fiscal impact for the coming fiscal year, since Amendment 1 is not effective until July 1 of '92. And this proposal is supported by AFL-CIO, the Illinois Community College Board, the Illinois Federation of Teachers and the Illinois Education Association. I would move for concurrence.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Is there discussion? Senator Schuneman.

SENATOR SCHUNEMAN:

Thank you, Mr. President. Well, this is the same issue that -- that we have defeated time after time and -- and that keeps coming back to us. The problem, of course, is that the people who seek to get coverage under the State Health Insurance Plan are not State employees. They're employees of other units of government. They are employees of the community college system, which is funded by local taxes, tuition and State support. But the difficulty is that there's no money, and no money in prospect, and

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

53rd Legislative Day

June 28, 1991

they're not our employees. They are the responsibility of the community colleges. So, the question, I guess, is, at this last minute are we going to take on the responsibility for something again to pay for in the future where we're not sure there is going to be any money there to pay for it. There have been arrangements made for the possibility of these people, through the help of the community colleges, to participate in the State Employees' Group Insurance Program in the local government section, which is available to all units of local government. So I guess if we're going to do this, it makes sense for the State then to look at the possibility of picking up hospital and health coverage for all employees of all local government. So we need to consider what we're doing here. There is an eight-million-dollar price tag attached to this when -- when it becomes effective.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? Senator Holmberg.

SENATOR HOLMBERG:

Thank you, Mr. President. I would like to reiterate some of what Senator Schuneman has said. I had legislation just a year ago allowing local government units to come into the State insurance pool. The problem here - just to refresh your memories - is that not all of the community college employees want to come in, only the retirees, and we have never, ever done that before. We've always said we'll take everybody, but we won't just take a special group. And six community colleges have chosen to do that. They have come into the pool. And I think that's the way we should go and this particular piece of legislation is not the correct way.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? Senator Woodyard.

SENATOR WOODYARD:

Thank you, Mr. President, Members of the Senate. Well, I rise

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

in support of concurrence on the House amendment. This started out about three years ago in which we found that community college retirees really cannot opt into any kind of -- of health insurance program. When we say that they are not State employees, I don't think anybody can really define whether they are a State employee or not a State employee. The community college retirees are certainly in the University Retirement System, and thus, why not be also a member of the -- of the Statewide Health Insurance Plan? Anyway, three years ago, over the objections of the Governor's Office, this Body passed the same legislation out of here with 42 votes on it. The House failed to -- to pass that bill. We came back last year and we passed this bill again. And quite frankly, it went to the Governor's desk and he simply amendatorily vetoed the effective date to hold it back for one year. The Speaker's decision was not to allow that to be called under his rules for an override or acceptance of the amendatory veto, which everybody had agreed to in the Veto Session last fall. So these people are still hanging out there in limbo. Our intent with this -- with the 1992 effective date would be to capture that -- that three million dollars that's in CMS for this program. And yes, you're right - I -- I certainly will not give you any indication but what it is - it costs money. It will cost somewhere between six and eight million dollars, of which the community colleges have in CMS to administer and to do this program about three million dollars. Now, it's not providing the service. As a matter of fact, we anticipate a million and a half of that will be lapsed, actually will not be providing the health insurance. That's the intent of this bill, and I certainly encourage your support.

In fact, Senator -- Senator Hall, that's a very good question, because actually this would not take effect until July 1st of 1992. This would also give the Governor a chance - and we will be back in Session between now and then - and it will give the Governor a chance to include it in his budget. And it's not the eight million figure that has been indicated. It's a four million, because of the transfer of cost will be covered by -- transferred from other lines. So, it would not take place until July 1st of '92.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Is there further discussion? Senator Butler.

SENATOR BUTLER:

Thank you, Mr. President. I think Senator Holmberg made the important point here. The community colleges can opt into this program if they bring everybody in. What they're asking -- what this bill asks us to do is to bring the highest risk group in at the highest cost, and that would be quite expensive. Secondly, Senator Rea made the point it doesn't start till 1992. That's kind of short-range planning. Let's say that in 1993 we got an eight-million-dollar price tag on this. That's an important point.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Rea may close.

SENATOR REA:

Thank you, Mr. President. As Senator Woodyard said earlier, this bill did move out of here before with 42 votes. This is -- would not be effective until July the 1st. PRESIDING OFFICER: (SENATOR DEMUZIO)

Beg your pardon?

SENATOR BUTLER:

What did I say? Mr. President.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Sponsor indicates he will yield. Senator Butler.

SENATOR BUTLER:

Thank you very much. According to our analysis, it says that the -- that the home rule unit - which I presume is the unit or the community at which the riverboat -- gambling boat is docked - may not establish the hours for sale or the consumption of alcohol. Who will, if the local community -- for example, could they keep the liquor going all night long?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

The Board will establish those rules for hours and - what's the other terminology - hours and conditions, I guess, is what it is. But that is to keep in -- in line with the gaming procedures, where as long as there is a cruise, once you are on the river, you are -- you are subject to other laws other than the local jurisdiction. When the boat is docked, the local jurisdiction still remains.

SENATOR KELLY:

I -- that's exactly the question I want to ask. Under this provision, will the community colleges or will any school be -- that is, public school - be teaching gambling, or has that been taken out with this amendment?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Jacobs.

SENATOR JACOBS:

With this amendment, it's only a business or a vocational school or a school that is started by the boat owner itself.

SENATOR JACOBS:

Question is, shall the Senate concur with House Amendments 1 and 22 to Senate Bill 1086. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, the Ayes are 36, the Nays are 16. The Senate does concur with House Amendments 1 and 22 to Senate Bill 1086, and the bill, having received the required constitutional majority, is declared passed. PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Lechowicz.

SENATOR LECHOWICZ:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 1093 with House Amendments 1 and 2 are at the request of the Secretary of State George Ryan. In 1989, a murder of a California actress prompted many states to examine the safeguards in place to balance privacy rights with access to information. If you'll recall about a month ago, George Ryan appeared on Bob Collins' radio program and told him about a study that he had conducted while he was running for Secretary of State and the conclusion came about a month ago. Basically, House Amendment No. 1 would authorize the Secretary of State to notify a vehicle owner or registrant of a request to purchase his or her registration or title information. This would authorize the Secretary of State to notify the affected driver of a request for his or her driving record. It will establish a ten-day waiting period prior to release for such information, except to specified persons or entities. Amendment No. 2 would exempt certain entities or persons from the ten-day waiting period, including financial institutions, attorneys and law enforcement individuals. I would move that the Senate do concur in House Amendments No. 1 and 2 on Senate Bill 1093.

PRESIDING OFFICER: (SENATOR DEMUZIO)

SENATOR SCHUNEMAN:

Thank you, -- will the sponsor yield?

SENATOR SCHUNEMAN:

Senator, I have not been aware of this bill until just now, and I'm curious to know if you were a part of any of the

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION

discussions that went on in the House as respects the sale of motor vehicle registration information. The thing -- the concern that I am raising is that if you or I apply for auto insurance in this State, it is routine for every insurance company to want to look at the motor vehicle record before they issue a policy. And I wonder to what extent this whole thing may really delay the possibility of people getting insurance until companies can be aware of what the driving record really is. Were you involved at all in that, Senator?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Lechowicz.

SENATOR LECHOWICZ:

Yes, I was. In fact, this is the proposal recommended by the Secretary of State George Ryan and his staff. Amendment No. 2, as I stated, exempts certain entities or persons from the ten-day waiting period. That includes financial institutions, attorneys, insurance companies, employers, automobile associated businesses, and certain business entities for purposes consistent with the Vehicle Code. So Amendment No. 2 takes care of your concerns.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Schuneman.

SENATOR SCHUNEMAN:

In what way, Senator? And I'm not trying to be difficult here. I didn't -- you simply repeated to me what is said in the bill. My -- my question is, were there -- were there concerns raised by the insurance industry, first of all, as to whether or not this would slow up the underwriting process, number one? And, secondly, if so, how were those concerns addressed?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Lechowicz.

SENATOR LECHOWICZ:

Their concerns were raised, and they were addressed because

they're exempt.

PRESIDING OFFICER: (SENATOR DEMUZIO)

SENATOR SCHUNEMAN:

Thank you. I didn't -- I didn't hear the word "exempt," Senator. So I appreciate that.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Lechowicz may close.

SENATOR LECHOWICZ:

Very briefly, Mr. President, Ladies and Gentlemen of the Senate. This is George Ryan's proposal as far as the Secretary of State, as far as making sure that there is a balance of privacy rights with access to public information. This bill received - as amended - received 116 to nothing vote in the House. It recommends a total acceptance by the Senate as well. I move that the Senate do concur in House Amendments 1 and 2 on Senate Bill 1093.

PRESIDING OFFICER: (SENATOR DEMUZIO)

The question is, shall the Senate concur with House Amendments 1 and 2 to Senate Bill 1093. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Yes. Mr. President and Ladies and Gentlemen of the Senate, I would ask that we concur with House Amendments No. 1 and 2. House Amendment 1 would require the Department of Public Health to promulgate a schedule for distributing scholarship dollars between registered professional and associate nurse students. So that covers all of them. Amendment No. 2 covers the maximum loan -- lowers the maximum loan amount to four thousand from forty-five hundred, but it raises living expenses from twenty-five hundred to five thousand. It also allows a scholarship to extend beyond two years, relieves a nurse from interest if the loan is paid in full prior to the first annual due date. Everybody's signed off.

It's a housekeeping amendment, and I would ask your Aye vote.

SENATOR DEMUZIO:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. House Amendment No. 1 to this bill of the State Treasurer would eliminate the provision that banks send monthly account statements on State deposits to the Commissioner of Banks and Trusts. Apparently they are not doing it currently and haven't been doing so, and it is supported by the Commissioner of Banks and Trusts. It also would permit the Treasurer to request the financial institution's call report and a Community Reinvestment Act statement as a condition of making State deposits, and it would recodify the acceptable collateral for State deposits and would permit institutions to pool collateral for State -- for State deposits. I know of no opposition.

SENATOR HAWKINSON:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he will.

SENATOR HAWKINSON:

Senator, with the amendments -- I don't have any problem with the GAL being able to obtain the unfounded reports. But are there any restrictions then on the guardian to require him or her from otherwise disseminating this information outside of court? In other words, these are confidential. An unfounded report is generally that there's no basis to it. We want the guardian to have the fullest possible information, but we certainly don't want the guardian then to abuse the confidentiality that we -- that we otherwise attach to these reports. And is there any provision in the bill or in the amendment to require the guardian to maintain the confidentiality of these reports outside of the Juvenile Court proceeding?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Marovitz.

SENATOR MAROVITZ:

An honest answer is, I don't think that there is any additional requirements in the amendment. The guardian ad litem already do get a lot of classified information. That's in the law today. And I believe that there are restrictions on the GAL - and I have been a GAL myself - and the dissemination of that information. I think this would go -- coincide with all that

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION

stuff, but I don't think, in the amendment, there's specific language regarding dissemination of that information.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson.

SENATOR HAWKINSON:

Well, I don't oppose this bill, but I would suggest that we might want to look into that and perhaps draw some -- in one of the other juvenile vehicles that are floating around here, consider some confidentiality requirements.

The second thing it did was to make provision for the Historic Preservation to claim title to abandoned property. House Amendment No. 1 further clarified abandoned property from "property of any kind" to "personal property." Thank you, Mr. President, Members of the Senate. I move to concur with House Amendment No. 1.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Lady moves that the Senate concur in House Amendment No. 1. Any discussion? Gentleman from Sangamon, Senator Davidson.

SENATOR DAVIDSON:

Mr. President and Members of the Senate, the sponsor, who moved to concur, didn't tell you what this bill does -- or what the amendment does. This amendment applies only to Sangamon County. This is a dispute. 9-1-1 is already in place in the County Building under the jurisdiction of the Sheriff's Office with nine citizens throughout the County appointed as Advisory Committee. What this amendment attempts to do or would do - not attempts - what this amendment would do would give the jurisdiction of 9-1-1 to the Mayor's Office. For some reason, they seem to think that those members of the County Board who reside within the City of Springfield should not have any control -- any authority --

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Excuse me, Senator Davidson, a point of order by the Lady. Senator Severns, what's your point. Severns.

SENATOR SEVERNS:

Thank you, Mr. President. The -- the Gentleman from -- Senator Davidson is not discussing the amendment. The amendment simply removes the City and County of Peoria, at their request. We have no objections to that. This bill passed out of here unanimously, including the Senator's vote, giving communities who have a 9-1-1 system the ability to have the community that pays more have -- has more representation. In this County, where a 9-1-1 system exists between Springfield and Sangamon County, Springfield contributes the bulk of the dollars. They have no

representation on the Board. They're asking for representation on the Board. We passed this out.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Davidson -- I'm sorry, excuse me.

SENATOR SEVERNS:

The amendment only deals with Peoria.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator -- Senator Davidson.

SENATOR DAVIDSON:

Well, I beg to differ with the Lady, because if this amendment is adopted - this is final action; this means this applies only to Springfield and Sangamon County. And what I said was that 9-1-1 is in place. It's already in the County Building under the jurisdiction of the Sheriff's Department with Advisory Committee appointed by nine people throughout the County. They want to give the authority or control of this to the Mayor. They don't want to give those people who represent the citizens of Springfield on the County Board any jurisdiction. It applies throughout the whole County. I urge all of you to vote No. This is a local fight that we shouldn't be involved in. And I -- I would urge everyone to vote No.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? If not, Senator Severns may close.

SENATOR SEVERNS:

With all due respect to Senator Davidson, he still refuses to discuss the amendment. I move to concur with House Amendment No. 1. The effect of House Amendment No. 1 is to -- to remove Peoria and the County at their request. I have no objections to this. The reason this was brought to me was, in part, because our city and county went through the same debate. When the city pays more, the city ought to at least have representation. Today in this

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION

County, they have none. If they had been able to get it resolved fairly and adequately, they would not come before this Body to seek legislation. The simple reality is, the City of Springfield is paying the bulk of the bill. They have no representation on the Board. They're asking for fair and equitable representation. That's the only intent of this bill. The amendment again, that I'm asking to concur with, removes Peoria and -- and the County. I would urge a favorable vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Question is, shall the Senate concur with House Amendment 1 to Senate Bill 1451. Those in favor will vote Aye. Those opposed, Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, the Ayes are 26, the Nays are 26, 2 voting Present. The House thought that there might be a constitutional problem, so they asked that the language be changed to private students and private teachers. So I would therefore concur with House Amendments No. 1 and 2 on Senate Bill 322.

June 28, 1991

SENATOR CULLERTON:

Thank you, Mr. President and Members of the Senate. This bill -- this amendment that I wish to concur with, Amendments 1, 2 and 3, was substantially the same as the Senate Bill that we -- that we introduced. What we did in the Senate was to gut the bill, make it a shell, in order to negotiate the bill. The negotiations resulted in the bill being restored as in House Amendment No. 1 as it was introduced, and then Amendments No. 2 and 3 were meant to reflect a compromise. What the bill -- bill does is to create the Illinois Electrician Licensing Act. We did have hearings in the committee on this. It results in a eleven-member board of electrical examiners, which would be set up, which would be under the direction of the Department of Labor. Provides for apprenticeship program. Establishes supervision and enrollment conditions for apprentices. It provides them to provide licensing and examinations. It provides safety standards and inspections. Provides penalties for violations of the Act. There is a grandfather clause in here, which is a hundred-and-eighty-day window. People can apply for these licenses, and I believe that we also have some legislative intent that Senator Jones and I would like to establish. Other than that, I'd be happy to answer any questions, and ask for a favorable vote.

PRESIDENT ROCK:

The Gentleman has moved concurrence in Amendments 1, 2 and 3 to Senate Bill 443. Discussion? Senator Jones. No discussion. Senator Cullerton. Senator Watson.

SENATOR WATSON:

SENATOR WATSON:

Does this require that -- a electrician now must have a

license very similar to a plumber and then must take an examination to qualify as a licensed electrician?

PRESIDENT ROCK:

Senator Cullerton.

SENATOR CULLERTON:

Yes, Senator. It is patterned after the Plumbers Licensing Act which we have on the -- on the books.

PRESIDENT ROCK:

Senator Watson.

SENATOR WATSON:

Well, thank you. ...(machine cutoff)...bill, one of the problems that we have quite honestly in my area is - in the area with plumbers - is finding certified licensed plumbers. The metropolitan areas, these individuals are probably plentiful, but in the rural area, sometimes they're not. And as a result, homebuilders and others have had problems in -- in getting these type of -- individuals to -- to build -- build a home. So -- and let alone the service aspects of plumbing, and -- and in this particular case, electrician. So I think maybe -- and I don't know that there is any crying need out there for certifying and licensing electricians, especially in the rural area. So I would encourage a No vote.

PRESIDENT ROCK:

Further discussion? Senator DeAngelis.

SENATOR DeANGELIS:

Thank you, Mr. President. I rise in support of Senate Bill 443, and I'd like to commend the Senate sponsor for stirring through some pretty tough waters on this bill. I knew that there were some people who were not very pleased with it, from both sides, and I want to commend you for it. Frankly, Senator Watson, your arguments do have some merit, but I got to tell you, a lot of the technology that's involved in electricity today is such that I

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION

think we ought to have those people who know what they're doing. And I would - as somebody who ran a company - be more comfortable knowing that the person who's working on multimillion dollar equipment is somebody who knows what they're doing, rather than someone who claims they know what they're doing.

PRESIDENT ROCK:

Further discussion? Senator Jones.

SENATOR JONES:

Yeah. Thank you, Mr. President. I rise in support of Senate Bill 443, as amended. As you know -- know, the bill did leave here as a shell because there was some grave concern as it relate to the impact it would have on the building trades workers, especially electrical workers, and their ability and their accessibility to become contractors. The bill went through a series of negotiations to ensure that this -- this adverse impact would not occur as it relate to minority contractors, as it had been amended. I want to commend the sponsors and those involved in the negotiations for -- for sitting down and working out those problems. I'd just like to read into the record that -- that portion as relate to a journeyman electrician and -- the Director shall accept the necessary experience the successful completion of an approved apprenticeship training program, provided the applicant has completed four years. Does not conflict with the residential electrician, because in this one, it says four years for a journeyman and three years for an experienced residential electrician -- that those two really do not conflict, because a journeyman can do all types of electrical work and the -- and the residential electrician is the difference between the two. So that -- I want to set the record straight, so therefore, when this bill is signed into law and we adopt the rules, that the rules will reflect as such. But the minority contractors has signed off on the bill. They did amend it. They have concern -- did have

REGULAR SESSION

concern - they have been addressed, and I urge a favorable vote.

PRESIDENT ROCK:

Further discussion? Senator Schuneman.

SENATOR SCHUNEMAN:

Will the sponsor yield?

PRESIDENT ROCK:

Sponsor indicates he will yield, Senator Schuneman.

SENATOR SCHUNEMAN:

Senator, the board creates a -- or the bill creates a Board of Electrical Examiners appointed by the Department of Labor, apparently. The Director of Labor appoints these -- these members of the Board. Why is this -- why is this Board and the whole Act subject to supervision by the Department of Labor, rather than Professional Regulation, as most of our licensing laws provide?

PRESIDENT ROCK:

Senator Cullerton.

SENATOR CULLERTON:

Well, I -- I really don't have an answer for you. I don't know why they chose the Department of Labor, but the point is that the -- it's the board that is going to do the work here, and the -- the Act clearly spells out from what fields this Board shall come from. So in other words, we have three master electricians, three licensed electrical contractors, an engineer, someone who's from a -- a certified inspector, representative of a utility, the State Fire Marshal and a member of the general public. So I think what State agency it's -- it's in is not that significant.

PRESIDENT ROCK:

Senator Schuneman.

SENATOR SCHUNEMAN:

I noticed that three of the members of the Board shall be licensed master electricians, and I think that's a title -- conferred upon someone by a labor union process. If I'm wrong,

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

I'd like -- I'd appreciate knowing that. But the last question I have is, are contractors that are out there working presently -- are they grandfathered in?

PRESIDENT ROCK:

Senator Cullerton.

SENATOR CULLERTON:

I'm sorry, could you please -- I just missed the second part of your question, if you could repeat it, please.

PRESIDENT ROCK:

Senator Schuneman.

SENATOR SCHUNEMAN:

Does the bill grandfather in those electrical contractors who are currently practicing?

PRESIDENT ROCK:

Senator Cullerton.

SENATOR CULLERTON:

Yes. It provides a hundred-and-eighty-day window from the effective date within which an electrical contractor can apply for a license without an examination, and that should be valid for one year.

PRESIDENT ROCK:

Senator Schuneman.

SENATOR SCHUNEMAN:

Well, then to the bill, Mr. President: Frankly, my concern is the sponsors and proponents indicate that somehow this is going to upgrade and -- the profession and prevent problems. Basically, the grandfathering then grandfathers in any bad contractors that we may have out there. They can -- they can get in simply by applying. And, you know, it's a typical licensing law, which I think will work to the disadvantage of people who are not represented in Springfield. Those small electrical contractors throughout the State, who are providing a valuable service to

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

their communities, are not represented at the bargaining table when these various organizations sign off, because it is to the benefit of those people who are signing off and not to the ones who aren't here being represented at these meetings. I would suggest that you ought to look at this carefully.

PRESIDENT ROCK:

Further discussion? Senator Demuzio.

SENATOR DEMUZIO:

Well, thank you, Mr. President. Let me, if I might, ask the sponsor a question. With respect to this grandfathering clause, in the bill it says that, on Page 22, "Electricians practicing before this Act. Electrical contractors who are in the business on the effective date of this Act and who file license applications with the Department within a hundred and eighty days after the effective date of this Act shall be granted a license which shall be valid for one year from the date of issuance. These licenses shall be subject to annual review -- annual review as provided in the Act." Now with respect to the -- this so-called grandfathering clause, who is going to notify these current practicing electrical contractors that they are now going to be subject to licensure and that they would have to file with the Department within a hundred and eighty days in order to be grandfathered in?

PRESIDENT ROCK:

Senator D'Arco -- I mean, Senator Cullerton.

SENATOR CULLERTON:

Yes. There's no -- there's no provision for them to be notified, other than the fact that I think this is a type of a bill that people in this field will be aware of. It is supported by electrical contractors and the unions, and I think that as a result they will come in and everybody who is interested will be -- will know about the grandfather clause and ask for a license if

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

they wish.

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

All right. You've set up specific criteria in this bill, then, for those people who are to be licensed as of the effective date of this Act. Once these people who have been grandfathered in -- after the first year it says that they have to be subject to renewal. Are they going to be subjected at that point to the same criteria as a new person just beginning -- are they only going to be grandfathered in for twelve months?

PRESIDENT ROCK:

Senator Cullerton.

END OF TAPE

TAPE 4

SENATOR CULLERTON:

If they meet the criteria, they can obtain the license without testing. And then they would be annually subject to renewal without testing. But they have to submit themselves and they have to have the criteria met before they would get the license during the grandfather period.

PRESIDENT ROCK:

Senator Demuzio.

SENATOR DEMUZIO:

I meant annual. Well let me -- let me pose this question to you then. And I get back to Senator Watson's viewpoint, I guess. In rural communities there are a number of practicing electrical contractors out there. I just wonder, that since we're only

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

grandfathering these people in for a one-year period, I don't know whether or not they are going to be able to qualify under -- under -- under these new provisions that you're setting up.

PRESIDENT ROCK:

Further discussion? Further -- Senator O'Daniel.

SENATOR O'DANIEL:

Thank you, Mr. President and Members of the Senate. You know, I -- listening to all the debate and all, I think this is -- this sounds to me like a reasonable bill. Anyone that's having some construction done or anything, they want to know that this man that's doing the electrical work is -- is qualified. You know, I'm kind of a half -- well, I'm partially electrician, but I'd hate to think that -- that -- that I knew enough about the proper wire and breaker boxes and things of this nature. I'm not so sure how long we should grandfather them in though, but I think there --there needs to be some sort of licensing, 'cause this is very important when you're having your home or a business wired for electrical service that -- that it's did proper, and I think this is probably a -- a good way to go at it.

PRESIDENT ROCK:

Further discussion? Senator Cullerton, to close.

SENATOR CULLERTON:

Well, just in response to Senator Demuzio's question, just so we -- we understand how this grandfather provision works. If they meet the eligibility criteria, they come in and they get a license - and they have to do that within a hundred and eighty days - at the end of that first year they are subject to renewal. They don't have to take a test at that point, if they haven't violated any provisions of the Act, then they would be annually renewed. That's how the licensing would work. I concur with the comments made by Senator Jones with regard to legislative intent, and I think it's a reasonable bill, which is supported by not only the

-- the electricians' unions, but as well as electrical contractors, and would ask for an Aye vote.

about one o'clock on Sunday afternoon and try to accommodate the Members who have religious services to attend. My suggestion for tomorrow -- we have pretty well been through the Calendar. It is now truly a question of working on conference committee reports, and all the conferees will be appointed by tomorrow. My suggestion for tomorrow is that we would start at approximately ten o'clock, and my guess is we would be finished with our business by midafternoon. The conferees obviously meet at times appropriate or agreed upon, but I think in general, in Session, we should -- if we start at ten, there's no question we should finish by midafternoon, and then we would not come back until like one o'clock on Sunday, with the full expectation that we'll work through till the bewitching hour.
