For what purpose Senator Geo-Karis arise?

SENATOR GEO-KARIS:

Mr. President and Ladies and Gentlemen of the Senate, we want to thank the St. Louis Regional Commerce and Growth Agency for sponsoring our annual Peter Miller charitable ball game last night. And I want to tell you that -- that State Representative John Fritchey, who predicted that the House would win the game, I would urge him to start taking Viagra, because he was a total disaster last night. I want to thank Mr. Valenti from the St. Louis Regional Commerce and Growth Agency for all their wonderful help, their food and the shirts that they gave the ballplayers. And I want to thank the two cocaptains, Frank Watson and John Cullerton. And I'd like to tell you, all these players that we had, that they were good. Kirk Dillard forgot his books and actually hit a couple of balls and got on base, and he actually caught a couple of balls. Senator Molaro, didn't do so badly. In fact, he came through in the pinches. He almost had to get pinched a couple of times. But -- and Senator Syverson broke a finger as first baseman, and I wondered why he dropped the ball, because I thought that might be disastrous for 'em. And Senator Walsh did very well. He caught one backhanded, way out in the field, and he did some good hitting. And the Most Valuable Player was none other than our own Senator Rickey Hendon, of center field. And he was awarded the -- the trophy as Most Valuable Player. Rickey came in when the Senate, in the first inning, had bases loaded, and Rickey hit a home run. But Rickey is very fast afoot. In fact, he was so fast afoot, he overran his base and he got called out, in one instance. Carl Hawkinson was hit the first pitch he -- he pitched, was hit in the hand and really got hurt, but he carried through and did a great job pitching for us. And Senator Sullivan, my seatmate, and let me tell you about this

young lad. He caught two in the big, big left field, and I can tell you he caught 'em when we needed them the most, and he even got on base a couple of times, which I commend him for it. For -- for a freshman, he did darn well. And, of course, Watson sat there -- Senator Watson, who is a cocaptain, very happy to see his boys really hitting, and they really hit. Burzynski didn't do badly at all. I think he dropped one ball, but outside of that, he didn't drop two, so he's safe. But anyway, he was in right field. And Senator Shadid provided the caps for all of us. I don't know why he didn't get in the game. He probably could have hit. And Senator Silverstein, whom I was calling Senator Silverman, actually got on the base, but he had a little trouble hanging onto his balls. But -- and Senator Duane Noland did very well. He got a hit. And so did Senator Sieben. And Senator Petka was a great catcher, and he did his -- his part in the ball game. And so did Senator Lauzen. He really ran fast and got on the base. And so did Senator del Valle. I don't know if I've forgotten any of our Senators, but I want to tell you they did an excellent job. We won by the score of 13 to 2. And I want to congratulate our team. And I congratulate Watson and Cullerton, the captains that did a great job. I think it was great and the weather held out and we finished the game without getting rained out. So congratulation, fellows. Let's give 'em all a good hand.

PRESIDING OFFICER: (SENATOR WEAVER)

I have a -- a motion, signed by fifty-eight Senators, to cut off Senator Hendon's microphone today. I found it's working for about 30 seconds, Senator Hendon. For what purpose do you arise?

SENATOR HENDON:

Wait a minute, I'm all right. I just want to -- want to thank all my teammates who made me look so good. Thank you... And to President Philip and our Leader Jones, I just wanted to make you look good. I thank you for retiring my jersey. I have a Magic

SENATOR BURZYNSKI:

SENATOR BURZYNSKI:

I'd just like to point out, as the announcer for our ball game, that I only batted in the first inning; I didn't play in the field. So, Senator, let the -- let the record stand corrected that I didn't have any dropped balls in the outfield last night.

STATE OF ILLINOIS

May 12, 1999

Thank you, Madam President. This bill comes to us from a unusual coalition. It's an initiative of the Illinois State Medical Society. It's supported by the Illinois Hospital Association and by the Trial Lawyers -- the Illinois Trial Lawyers. It deals with the question of immunity on medical review committees. Right now, there's an absolute immunity, and the doctors, hospitals' groups and attorneys are all in agreement that there are limited situations, such as intentional discrimination, whether economic or -- or based on ethnicity or race, that are improper and that ought to subject others on that committee to liability, where they can prove that it was willful or wanton. The immunity is also expanded from the committee to individuals employed by the hospital. The University of Illinois hospitals were originally opposed, but they have withdrawn their opposition because they are unaffected by this Act. However, Cook County Hospital is still opposed. I'd be happy to answer questions, otherwise ask for an Aye vote.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Trotter.

SENATOR TROTTER:

Yes, thank you very much, Madam President. As stated by the sponsor - if I could just comment a little bit - the County is opposed to this legislation, and -- and based on these points, if I may just add to the record; one, to protect the taxpayer burden of additional litigation expense. A change in the standard from statutory immunity, excuse me, to include an exception of willful and wanton conduct will make it virtually impossible to dismiss even a frivolous case without the cost of trial. In the case of Cook County Hospital, this increased cost of defending such lawsuits will be imposed on taxpayers. In addition, since Cook County indemnifies its doctors for liability arising from their employment at county hospitals, any compensatory damages and

STATE OF ILLINOIS
91ST GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

litigation costs arising out of such liability will also be imposed on taxpayers throughout Cook County. This does not necessarily protect doctors from personal exposure due to inability to indemnify. Cook County indemnifies its doctors for liability arising from employment at county hospitals; although, if doctors are made liable in cases involving willful and wanton conduct, they will be personally exposed to possible punitive damages because the County is prohibited from indemnifying employees for punitive damages. And for these reasons stated, the County is opposed to the legislation. We...

PRESIDING OFFICER: (SENATOR DONAHUE)

Is there...

SENATOR TROTTER:

We attempted to amend the -- the language to exclude Cook County Hospital. We were not able to do so. And just for these -- this point and for this purpose, I'd like to thank you for having me allow -- this read into the record.

PRESIDING OFFICER: (SENATOR DONAHUE)

Let's keep our conversations down when we're on 3rd Reading so we can hear this debate. Is there further discussion? Senator Fawell.

SENATOR FAWELL:

Thank you very much. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR DONAHUE)

Indicates he'll yield, Senator Fawell.

SENATOR FAWELL:

This bill calls for willful and wanton conduct, is that true?

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Hawkinson.

SENATOR HAWKINSON:

Yes, Senator. It limits it to willful and wanton. In -- in my opening remarks, I talked about situations where a committee may

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator...

SENATOR HAWKINSON:

It's -- it's strictly limited to -- to willful and wanton. It's an initiative of the doctors and it's supported by the hospitals.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Fawell.

SENATOR FAWELL:

Well, according to our -- or, our computer, it says willful and wanton conduct {sic} (misconduct) is defined as the course of action that shows actual or deliberate intention to harm or that, if not intentional, shows an utter indifference to or conscious disregard for a person's own safety or safety of others. And that's -- that's a legal definition of willful and wanton?

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Hawkinson.

SENATOR HAWKINSON:

That -- that has become a standard definition for willful and wanton, yes.

PRESIDING OFFICER: (SENATOR DONAHUE)

Senator Fawell.

SENATOR FAWELL:

Well, it seems to me, then, under that definition, this is a good bill and should be voted for.

But more importantly, now that we have branch banking and we have all of these mega-banks now that are forming, you want to drop out of this a provision that says that a majority of the directors of a bank must have resided in the State of Illinois or within a hundred miles of the main banking premise. So that means now that you can be -- you -- you can come in, own the bank here, and not have anybody from the community or anybody from the State of Illinois serve on the board of directors. It could be complete foreign ownership of a financial institution in Illinois with nobody -- no resident whatsoever serving on the bank. Is that the

That -- that -- that may not be the purpose, but that could be the intent. The Department of Revenue would distribute the tax to the appropriate unit of local government. The bill also proposes to tax leased vehicles at a rate of five percent of the gross monthly receipts of the lessor under the lease. If the lessee elects to purchase the vehicle at the end of the lease term, a tax of 5 percent of the residual value of the auto would be imposed. SENATOR PETKA:

Thank you very much, Mr. President and Members of the Senate. This bill is in response to the Seventh Circuit's decision dealing with gifts that are made by assignment of beneficial interests in a land trust. The practical effect of that decision would be that a favorite device of farmers in the State of Illinois, that is, using a -- placing the family farm in a land trust, for all intents and purposes, would be eliminated. This legislation not only clarifies but overrules the way that -- or, in my opinion, clarifies what has been uniformly thought to be the -- the law in the State of Illinois. I know of no opposition and I would ask for its adoption.

Senator Watson.

SENATOR WATSON:

Thank you very much. I appreciate that courtesy. This legislation will make assessments of federally subsidized Section 515 rural rental housing facilities uniform throughout the State. Since the limited income restriction significantly affect the market value, this bill directs local assessors to use the income approach in determining value, rather than cost. This approach is already used in some areas of the State and it'll just -- this merely standardizes the practice. I know of no objection.

PRESIDING OFFICER: (SENATOR MAITLAND)

Is there discussion? Senator Lauzen.

SENATOR LAUZEN:

Just a question for the sponsor.

PRESIDING OFFICER: (SENATOR MAITLAND)

SENATOR LAUZEN:

This is the same bill that Senator Clayborne had yesterday, perhaps, in Cook County?

PRESIDING OFFICER: (SENATOR MAITLAND)

SENATOR WATSON:

I believe that bill had to do with income credits. This is not the same bill.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator -- Senator Lauzen.

SENATOR LAUZEN:

Thank you, Mr. President. The -- then the -- the question: By using the income approach, which -- rather than comparable market values, and when we use the income approach, it's revenue from the rental properties minus the expenses. If more of the expenses go to interest, won't that encourage the owners or the people who

invest in low-income housing, won't that encourage people to more highly leverage their -- their properties, their investments?

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Watson.

SENATOR WATSON:

The federal law dictates how that formula is for reimbursement.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Lauzen.

SENATOR LAUZEN:

My understanding is that this is a bill that has to do with how assessors locally will assess a piece of property and they'll be able to use the income method. Again, if part of what is used to -- to deduct the amount of income a property earns is the interest on a loan, it would seem to me that the more you leverage a piece of property, the more you can drive your assessment for property taxes down.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Watson.

SENATOR WATSON:

Senator, I'm sorry, but we're not -- we're not impacting how the formula is to derive what would be considered income. That's already established. This doesn't affect that.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Lauzen.

SENATOR LAUZEN:

...believe that in the -- I thought that in the description of the bill, that you said that this bill makes it uniform across the entire State that the assessors will use the income approach to assess low-income housing properties. Did I misunderstand that?

Senator Watson.

STATE OF ILLINOIS

SENATOR WATSON:

That is correct.

PRESIDING OFFICER: (SENATOR MAITLAND)

Further discussion? Senator Lauzen.

SENATOR LAUZEN:

Would it be possible that we could carry on this conversation in more -- more detail? This is -- this question about increasing the amount of leverage, I -- I do think that I understand the proposal that was made and I -- I might misunderstand it. But when I ask the question, I'm -- I'm becoming more confused by the answers to those questions. If this is a bill that requires county assessors to use the income approach, then the more leverage a person uses, an owner or an investor in low-income housing, the more leverage they use, the higher the interest expense, which means the lower the property tax, which I would suggest also makes it a more risky investment...

PRESIDING OFFICER: (SENATOR MAITLAND)

What -- Senator Lauzen.

SENATOR LAUZEN:

I would ask -- I would ask -- that's my understanding of what this bill does, but I'm getting that there's both a yes answer and a no answer. I would request that unless there's a rush that this get done today, if maybe you and I could talk about the -- what's being proposed?

Basically what the bill says is that the person that owns or leases the equipment of the chassis is responsible for the maintenance of that chassis. For the purpose of legislative intent, I would like to say that this bill in no way means to relieve the driver of a truck from adequately inspecting a vehicle before he leaves the railroad yard. Additionally, nothing in this bill would prevent a railroad and a motor carrier from agreeing to a different allocation of responsibility for compliance of the vehicle's safety requirements, or remove any provisions concerning contractual agreements for long-term leasing of equipment and the maintenance of such equipment. SENATOR FAWELL:

We have been meeting with the railroads. In fact, we met with them for two hours again this morning. I think they finally understand the problem. The problem really is not with railroad equipment or with trucking equipment. As it turns out, the problem lies with the ships -- the shipping. Quite often these are foreign corporations that buy these chassis. They are not maintaining them, nor are they having anybody inspect them. We are trying to get to those ship owners and tell them, you've got to maintain this equipment because it's going out on our roads in poor condition, and -- and we are trying to get to the source of the -- of the problem with this bill.

STATE OF ILLINOIS

SENATE TRANSCRIPT

43rd Legislative Day

May 12, 1999

Today we accepted Senate Amendment No. 3 and it does a couple of things. It deletes the entities who contribute money, goods and services to the grantees and contractors from the provisions of the bill, which was asked for by the providers, as was the other that deletes the words of "directly or indirectly" from the definition from -- of the "State funds" and throughout the bill, those words were -- were taken out. It also deletes the provision allowing labor organizations to file civil actions on behalf of the State of Illinois. And I ask for a favorable vote.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Halvorson has moved the adoption of Floor Amendment No. 3 to House Bill 1959. Discussion of the motion? If -- Senator Lauzen, for what purpose do you arise?

SENATOR LAUZEN:

Mr. President, I'm -- I'm under the impression that there is a fiscal note filed.

PRESIDING OFFICER: (SENATOR MAITLAND)

PRESIDING OFFICER: (SENATOR MAITLAND)

STATE OF ILLINOIS
91ST GENERAL ASSEMBLY

State your point.

SENATOR WELCH:

By reading the statute, it would -- appears to us that the fiscal note can only be applied during the house of origin -- on 2nd Reading of the house of origin. So the -- the Section is 25 ILCS 50/1 that says, "Every bill, except those making a direct appropriation...to require the expenditure of their own funds...or to increase or decrease the revenues...shall have prepared for it prior to second reading in the house of introduction a brief explanatory statement or note which shall include a reliable estimate of the anticipated change in State, local government {sic} (governmental), school district, or community college district expenditures or revenues..." It is our feeling that this should only apply to the house of origin, not on the house after it passes out of the house of origin. So we would ask that the bill be moved to 3rd Reading.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Welch, we would refer you to Section 7, and I assume we are on page 1309 in the Fiscal Note Act: "...like manner, whenever any measure is amended on the Floor of either house in such manner as to substantially affect the costs therefore {sic} (thereof) or the revenues to be derived thereunder as stated..." and it goes on. So the bill was substantially amended and -- and a fiscal note was requested. Senator Welch.

SENATOR WELCH:

I've been advised that a fiscal note has been filed on the second amendment. The third amendment that was added is a technical amendment. So if the clerk would check to see if there is a fiscal note on file on the second amendment, that would seem to comply with the -- with the reading.

PRESIDING OFFICER: (SENATOR MAITLAND)

The fiscal note is on Amendment No. 3. Senator Welch.

It was -- it is on No. 3, Senator Welch. Yes. Yes, sir. Senator Welch, please.

SENATOR WELCH:

It was filed on the third, as well, and requested on the third?

PRESIDING OFFICER: (SENATOR MAITLAND)

That is correct. Yes, sir.

SENATOR WELCH:

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Burzynski has moved the adoption of Floor Amendment No. 2 -- No. 2 to House Bill 245. Is there discussion? All those in favor, signify by saying Aye. Those opposed, Nay. The Ayes have it. And the amendment is adopted. Any further Floor amendments approved for consideration?

SECRETARY HARRY:

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Donahue.

SENATOR DONAHUE:

Thank you very much, Mr. President, Ladies and Gentlemen of the Senate. This bill -- or this amendment to House Bill 287 deals with small, rural telephones. And we've been working very hard on an agreement. We have not come to an agreement. I will not give you that impression whatsoever, but I would like to adopt this amendment and just sort of keep the process going.

May 12, 1999

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Donahue has moved the adoption of Floor Amendment No. 1 to House Bill 287. Is there discussion? I -- I'm getting to you. Senator Trotter. Is there discussion? Senator Trotter.

SENATOR TROTTER:

Thank you very much, Mr. President. If -- if possible, I'd like to have a roll call vote on this.

PRESIDING OFFICER: (SENATOR MAITLAND)

All right. That is -- that is in order. Is there discussion? Is there discussion? Roll call -- I'm sorry. Senator Cullerton.

SENATOR CULLERTON:

Will the sponsor yield?

PRESIDING OFFICER: (SENATOR MAITLAND)

Indicates she will yield, Senator Cullerton.

SENATOR CULLERTON:

Senator, did you -- did you want to debate this on 3rd Reading, or did you want to debate this on 2nd Reading? And if it's 2nd Reading, if we're going to have a roll call and everything, maybe you could explain what it does again. I -- I assume you just thought that we were going to move it -- adopt it by a voice vote and go to -- have the debate on 3rd Reading, but since there's been a request for a roll call, perhaps you could just explain what the amendment does, please.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Donahue.

SENATOR DONAHUE:

What we're trying to do is continue the status quo. Right now the Illinois Commerce Commission has a universal fund for small, rural telephones, and it's about an eleven-million-dollar fund. And there are about forty-four small, rural telephones and they're under thirty-five thousand lines. In fact -- by definition. In fact, I think the most we have in Illinois, at

STATE OF ILLINOIS
91ST GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

43rd Legislative Day

May 12, 1999

this point, is sixteen thousand lines. What this does is try to give the authority to the ICC to continue doing what we're doing now. And the conflict is between -- we're in the telephone wars, unfortunately, and we're being middled between the long distance and the local operators. So what this amendment does is just give the ICC the authority to develop and to meet federal regulations on the development of a -- of a universal telephone fund, which already exists right now.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Cullerton.

SENATOR CULLERTON:

So, if -- if I understand it, your intention is just to keep the status quo. This fund that funds these rural telephones is now paid for by the long distance carriers that pay into this fund, and I understand that there's a -- a certain -- the people that take from the fund -- the people that take from the fund are small phone companies that have -- that serve the rural communities. And I think that the concern is, even though you want to keep the status quo, is that apparently the language in the bill is written such that someone could read it to believe that maybe even the big phone companies, like Ameritech or another -- GTE, could access this fund, which now they can't. And so since your intent is to make sure that it's supposed to be the status quo, could you indicate to me how you want the bill to work with regard to the issue as to whether or not these larger companies can take from that fund? Because if they did have the ability to take from the fund, I take it that fund would have to be increased dramatically in order to compensate those bigger companies. And that seems to be what the issue is. So maybe you could address that.

PRESIDING OFFICER: (SENATOR MAITLAND)

Senator Donahue.

STATE OF ILLINOIS
91ST GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

43rd Legislative Day

May 12, 1999

SENATOR DONAHUE:

Well, actually it's an eleven-million-dollar fund, like I indicated. And I don't know how in heaven's name an Ameritech or a GTE are going to get a hundred million, two hundred million out of an eleven-million-dollar fund. And if you think for one minute that the ICC is going to increase the fund to be able to give money to Ameritech and GTE, you're being unrealistic. Because remember - what was it? - 1990, folks, when we had a -- the ICC put a fifteen-cent surcharge on? How quickly, how quickly, did we come back in here and change that? So it's unrealistic to think that's going to happen. The intent and my intent, everybody's intent, that it's for thirty-five thousand lines or less. It's for the small, rural telephone. And if we don't get this, the rates in those areas are going to go up a hundred to a hundred and fifty dollars. It could be outrageous. And so you say, "Okay, they can't afford it. We'll have a fire sale and Ameritech or GTE or somebody will come in and buy those lines. They'll still get their service." That may be true, but that's a long way off and I just -- don't let us get into this big fight between the big boys. These are just the little guys. We're just trying to do what we're doing now.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Cullerton.

SENATOR CULLERTON:

Well, I don't think there's any question that -- virtually everybody here wants to keep the status quo so that these rural phone users are -- continue to have the phone service and that the fund still remains there. I think, though, that what you indicated was that it's your belief that the ICC would never allow the bigger companies to take money from the fund and they would never allow that fund to be increased, but apparently, the way the language of the bill is drafted, it would allow the ICC to have

STATE OF ILLINOIS
91ST GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

May 12, 1999

that authority. So it seems to me, since we all agree on what we really want to do, and that is keep the -- the -- keep the status quo, I don't understand why you don't just change the language of the bill so that you can make the critics go away and keep the status quo. Because, you know, the ICC could - who knows? - decide that maybe it's not fair, maybe Ameritech should get some of this funds, and all of a sudden, those people who are not from the rural areas are going to have a line item on their phone bill that will be to increase, you know, the payments to this fund and then we're all going to have constituents complain about their phone bills, and why did you vote for this bill. So, I understand what you're saying with regard to what your intent is. I just think that you should be cautious and put the language in the bill to clarify exactly what your intent is.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Donahue.

SENATOR DONAHUE:

Thank you. Senator Cullerton, I think you're more than aware of what's going on here, and I told you we are caught up in the wars of the big boys. You have personalities that are -- that are -- you have personalities here that are conflicting. You have companies that are fighting on all kinds of fronts. I am telling you what the intent is. I have told you also, in the beginning of my opening remarks, that this is not the final product. I do not believe that at this point. After our -- this amendment was adopted, we had conversation since then. I believe it will be tightened up, but I can't guarantee that at this point, and I'm not going to move it and I'm not going to send it on to the Governor unless we have things the right way. But the intent, and what I am trying to do, is thirty-five thousand or less. If I put it in the bill, another group gets all upset. If we don't put it in the bill, this group gets upset. And it has nothing to do with

STATE OF ILLINOIS
91ST GENERAL ASSEMBLY
REGULAR SESSION

the rural telephones; it has to do with their own personalities and their own frustrations. And that's what it's about. We've been through this before. Don't let 'em do it to us again.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I -- I would concur with Senator Donahue. I think this bill is still a work in progress. But -- but she's absolutely correct. You know, the -- the rural telephone users are getting caught in the cross fire of two big guys, or a number of big guys, that just truly don't like each other anymore. And I think for us to -- to not allow this amendment to get on and not to allow the bill to proceed would be a big mistake on our part. I would concur that the eleven-million-dollar fund is not going to grow. I think it was said best by the Citizens Utility Board in their testimony today, that they felt that a statement of intent would satisfy them and -- and most of the people involved.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Sieben.

SENATOR SIEBEN:

Thank you, Mr. President. I rise, also, in support of the amendment that the sponsor's done an excellent job of -- of explaining and indicating the intent here. This is about -- this is an issue about affordable telephone service in rural areas with small phone companies. It shouldn't get caught up in the cross fire with the big companies, and I'd urge everybody to vote Yes on the -- on Amendment No. 1.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Donahue.

SENATOR DONAHUE:

Yes. That's what we're trying to accomplish. They have contracts now with everybody involved through the year 2001.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Trotter.

SENATOR TROTTER:

Okay. And I guess I'm still confused, as I was in committee. If they're going to rewrite the -- the rules in a year and a half from now, why are we doing this at this point? What is the necessity of us doing this, not knowing what the federal guidelines are going to be?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Donahue.

SENATOR DONAHUE:

We're trying -- at this point, there's a docket that -- there's the third phase of the docket at the ICC and we're trying to expedite that docket.

point, that they have the authority to continue with this docket -- I mean, the third phase. Okay? They don't believe they have the authority to do it without this bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Further discussion? Senator Bomke.

SENATOR BOMKE:

Thank you, Mr. President. I was just going to call for the question, sir.

PRESIDING OFFICER: (SENATOR DUDYCZ)

There are no further speakers. Senator Donahue, to close.

SENATOR DONAHUE:

Thank you, Ladies and Gentlemen. This is -- I know you've all been bombarded. We've been bombarded on a lot of fronts. But this is another one, and again, don't let it get into the fights. We are a work in progress, as Senator Jacobs said, and I appreciate that. But I want to clarify something that's out there that is very frustrating and upsetting. This is not anywhere a new anything. It's not a new tax. It's not a new fee. It's not a new anything. It is what is happening right now. It's in existence. It's the status quo. We are just simply trying to do and codify it and allow the ICC to do it. You can speculate all you want to. You can think that Ameritech or -- GTE is going to get all these hundreds of millions of dollars from this little, bitty fund. Practically speaking, I don't think it's going to happen.

Having voted on the prevailing side, I move to reconsider the vote by which House Bill 2008 passed.

The motion filed by Senator Cronin.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Cronin.

SENATOR CRONIN:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Having voted on the prevailing side, I move to reconsider the vote by which House Bill 2008 was passed. I made a mistake, and I must confess or my seatmates here will try to embarrass me. So I need your help to reconsider the vote here.

SENATE TRANSCRIPT

43rd Legislative Day

May 12, 1999

Having voted on the prevailing side, Senator Cronin moves to reconsider the vote by which House Bill 2008 was passed. All those in favor, say Aye. Opposed, Nay. The... Is there any discussion? Senator Welch.

SENATOR WELCH:

Well, I had a point of inquiry, Mr. Chairman. On the Calendar, on page 28, we have two other motions in writing to reconsider the vote. I was wondering if we're going to get to those tonight.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Thank you, Senator Welch. We're not on that Order of Business. We're on the Supplemental Calendar No. 1. Any further discussion? Senator Syverson.

SENATOR SYVERSON:

Thank you, Mr. President. In the -- in the previous bill, Senator Cronin was talking about great minds putting together the amendments. I guess I would like to get a clearer understanding exactly of what this bill that passed and went to the Governor's desk, what this bill actually did, before he's asked to pull this thing back.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Is there any further discussion? If not, all those in favor will vote Aye. Opposed will vote Nay. And -- and the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 43 Ayes, 2 Nays, none voting Present. And the motion carries. Now you -- if now -- if the Members will turn to page 13 of your regular Calendar, in the Order of House Bills 3rd Reading is House Bill 2527. On top of page 13, in the Order of House Bills 3rd Reading, is House Bill 2527. Mr. Secretary, read the bill.

SECRETARY HARRY:

House Bill 2527.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Rauschenberger.

SENATOR RAUSCHENBERGER:

House Bill 2527 is the supplemental appropriation bill. We were waiting for Senator Jones to return to the Floor so that he could -- we -- I think the -- the content of this bill is pretty much agreed to, but if -- if the Democrats would like, I -- we can -- if I could get an indication whether it's -- you guys are comfortable running this tonight. I know the Comptroller's quite anxious and -- but we wanted to make sure you had a chance to get back.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Is there any discussion? Senator Jones. Emil Jones.

SENATOR E. JONES:

It -- it had been my understanding that you was going to run this tomorrow, then all of a sudden there's a change, all of a sudden. Is it okay to run it tomorrow?

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Rauschenberger. Senator Rauschenberger.

SENATOR RAUSCHENBERGER:

If it's the -- if it's the Leader's request, I'd be happy to hold this for tomorrow. We just thought -- it's a supplemental. It's not the regular approp. We just thought we might get this out because we've been getting yelled at by those Constitutionals that want to get going.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Senator Jones.

SENATOR E. JONES:

Tomorrow's okay.

Out of the record. Resolutions.

SECRETARY HARRY:

Senate Resolution 129, offered by Senators Dillard and Philip. It's substantive.

Senate Resolution 128, offered by Senator Demuzio and all Members.

It's a death resolution, Mr. President.

PRESIDING OFFICER: (SENATOR DUDYCZ)

Consent Calendar. Is there any further business to come before the Senate? If not, Senator Noland moves that the Senate stands adjourned until the hour of 10 a.m., on Thursday, May 13th.
