Thank you very much. As I stated, this is agreed language by the Illinois Hospital Association and the Illinois Nurses Association, which only allows hospitals to require a nurse to work a maximum of four hours over their agreed shift in situations which are considered to be unforeseen circumstances. An -- unforeseen circumstance is defined by any national, State or municipal disaster or other catastrophic event or any implementation of a hospital disaster plan that would substantially affect or increase the need for health services. There's also provisions in here for violations. Those violations will be submitted to the Department of Public Health who will do the investigations and -- also any action needed to be taken and

SENATOR HARMON:

Thank you, Madam President, Ladies and Gentlemen of the Senate. Senate Bill 1815, as amended, creates a pilot program or permits the Department of Commerce to create a pilot program for lifelong learning accounts. I have described these colloquially as the equivalent of a 401k for education. Participating employers would be able to establish a program. Employees would be able to contribute up to five hundred dollars a year, which would be matched by the employer. These monies could be used for continuing education, be it going back to college or doing some job training in -- in manufacturing and other high tech area. It is a tax credit for the employer and a tax deduction for the employee. With the amendments, I'm not aware of any opposition and I ask for your Aye votes.
