SENATOR HUNTER:

I rise today in recognition that Sunday, March 25th, marked the 200th Anniversary of the end of the transatlantic slave trade. And during one of the darkest chapters in -- in human history millions of -- millions were traded like a commodity, exploited and murdered. And while this is an important date in our history, I ask that we not forget that -- that various forms

23rd Legislative Day

3/27/2007

of slavery are still a common practice in many parts of the world, such as human trafficking. The various forms of modern slavery which exploit even the youngest victims are developing into an international trade, earning billions of dollars at the expense of millions of those victims and their shattered innocence. It is my hope that the Leaders in this Chamber, as well as boardrooms, courtrooms, and -- and the like across the world, would take a proactive approach in policy development towards preventing the reoccurrence of the massive human suffering that this anniversary recognizes. Remember, "injustice anywhere is a threat to justice everywhere." And that was a quote from Dr. Martin Luther King, Jr., in 1963, Letters {sic} (Letter) from the Birmingham Jail. Thank you for your attention and consideration.

PRESIDING OFFICER: (SENATOR HENDON)

Thank you, Senator Hunter. Members of the Chamber, we're now about to go to -- oh! Channel 20-ABC News seeks leave to record. Leave is granted. Leave is granted. Madam Secretary, Messages.

SENATOR RIGHTER:

Mr. President, per our conversations we had a few minutes ago - thank you, sir - it -- it's the Senate Republicans' intention to call for a caucus at some point soon. It's my understanding, again, from our conversations that it's the Chair's intention to do 2nd Readings, go through the Calendars on 2nds and then 3rds. I wonder if it would be appropriate for you and convenient for you, Mr. President, 'cause we're always trying to make sure that things are convenient for you, that we have a caucus between 2nds and 3rds.

PRESIDING OFFICER: (SENATOR HENDON)

I most certainly will -- will grant you a caucus at some point this early afternoon. And I'll get back with you on exactly what time, but I most certainly will accommodate you and we will probably do it between 2nds and 3rds. And how much time would you need? Thirty minutes would be nice for the Chair. Remember, you said you're going to accommodate me. So, is that thirty or a forty? Senator -- Senator Righter.

We're -- we're within ten minutes of that. Forty minutes, if you might, Mr. President. Appreciate it very much.

Removes the registration requirement for .50 caliber rifles owned before the effective date of the Act, and changes references in the grandfathering provision to include cartridges as well as rifles. I'd be more than happy to answer any questions on 3rd Reading.

PRESIDING OFFICER: (SENATOR HENDON)

Is there any discussion? Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Inquiry of the Chair.

PRESIDING OFFICER: (SENATOR HENDON)

State your inquiry, sir.

SENATOR RIGHTER:

23rd Legislative Day

3/27/2007

It's our understanding that -- that notes have been filed on this legislation. Is that correct?

PRESIDING OFFICER: (SENATOR HENDON)

The Chair -- the Chair just received a fiscal note. It was rather tardy, sir. So, I -- the fiscal note was -- was too late to be considered. Senator Righter.

SENATOR RIGHTER:

It's my understanding -- procedurally, Mr. President, that as long as the bill is on 2nd Reading, the note is timely. The bill is still on 2nd Reading and our understanding of the rules would be, even though the amendment's been adopted, that the bill must remain on 2nd Reading until the notes are answered.

PRESIDING OFFICER: (SENATOR HENDON)

Senator, out of respect for you, we will certainly hold this on 2nd Reading. But if a fiscal note is going to be filed, the Chair would appreciate a timely filing of that fiscal note. Senator Righter.

SENATOR RIGHTER:

I suppose going forward, Mr. President, we ought to have some clarity on this. Is there somewhere in the rules, or some procedure that you can indicate to in writing, where filing a note while the bill is still on 2nd Reading is not timely?

PRESIDING OFFICER: (SENATOR HENDON)

Senator, as you know, the presiding officer of the day has the responsibility to move the business of the Senate. I'm simply asking that if you will file -- if a fiscal note is to be filed, that you file it in a timely manner. Simply -- as simple as that. You file it in a timely manner, it most certainly will be considered, sir. Senator Dillard, for what purpose do you seek

23rd Legislative Day

3/27/2007

recognition, sir?

SENATOR DILLARD:

Thank you, Mr. President. Good afternoon. Just on a parliamentary inquiry. So, is Senator Kotowski going to take this out of the record?

PRESIDING OFFICER: (SENATOR HENDON)

No. We're going to move the -- the -- we're going to amend the bill and -- and hold it on 2nd. Senator Dillard.

SENATOR DILLARD:

Thank you, Mr. President. Then if we're going to do that, can I ask, may the sponsor yield for one quick question?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Dillard, would you repeat that? I'm sorry. I had another conversation going right here.

SENATOR DILLARD:

Would Senator Kotowski yield for one quick question, please?
PRESIDING OFFICER: (SENATOR HENDON)

He indicates he will yield. Senator Dillard.

SENATOR DILLARD:

Thank you, Mr. President. Senator Kotowski, is the proper way to characterize this Floor amendment, that you're narrowing the scope of this ban so that some Members who are probably vehemently opposed to Senate Bill 1471 could feel comfortable with -- or, voting for this amendment, 'cause it probably narrows the -- the scope of your bill? Is that what this does?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Kotowski.

SENATOR KOTOWSKI:

Thank you. The -- the goal of the amendment is to ensure

23rd Legislative Day

that we don't criminalize existing law-abiding gun owners. PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. Senate Resolution 53 supports programs to prevent violent crime among Illinois juveniles and teaches them about criminal law and the criminal court system in order to educate them about the ramifications of making wrong choices. It talks about the statistics that -- showing that early prevention programs are most effective to prevent juveniles from committing violent crimes. There are no juvenile justice programs available in Illinois. And -- and Chicago TAP, in collaboration with the Chicago Bar Association, has identified juvenile crime prevention as a top priority to reduce juvenile crime and prevent overall crime. I move for its adoption.

PRESIDING OFFICER: (SENATOR HENDON)

Is there any discussion? Seeing none, Senator Cullerton moves the adoption of Senate Resolution 53. All those in favor will say Aye. Opposed will say Nay. SECRETARY SHIPLEY:

23rd Legislative Day

3/27/2007

No Floor amendments reported.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Hunter, to explain your resolution.

SENATOR HUNTER:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. Senate Joint Resolution basically creates the Illinois Justice Study Committee to study multiple issues and concerns related to wrongful convictions and the Committee is to submit its final report to the Governor and the General Assembly by December 31st, 2008. Basically, these are all non-capital wrong conviction cases that have been resolved as of effective date of this resolution and which resulted from DNA testing. I know that Senator Dillard last week had a concern about it, in which I pulled it, but I understand that he no longer has the concern. And I ask for a favorable vote.

PRESIDING OFFICER: (SENATOR HENDON)

Any discussion? Senator Dillard.

SENATOR DILLARD:

Thank you, Mr. President. As the great Senator Hunter said, I have no objections to this any longer. I just -- and I very much, Senator Hunter, Mattie, I -- I appreciate you pulling it out of the record so we had time to look at it. And, like you, you know, as Dr. King said, injustice anywhere is injustice everywhere. And I certainly support Senate Joint Resolution 9 and look forward to seeing what results this commission comes forward with to make sure that no one who does not deserve to be convicted of a crime in Illinois, whether it's capital or otherwise, ever spends one day behind bars they do not deserve to spend. So, Senator Hunter, again, thank you very much for the

23rd Legislative Day

3/27/2007

courtesy of taking it out of the record. And I rise in support of this resolution. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR HENDON)

Is there further discussion? Seeing none, it is the opinion of the Chair that this resolution requires the expenditure of State funds, and therefore a roll call must be taken. Those in favor of Senate Joint Resolution 9 will vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 57 voting Aye, none voting Nay, none voting Present. Senate Joint Resolution 9, having received the required constitutional majority, is declared passed. SENATOR WILHELMI:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Joint Resolution 14, as amended, creates the Resellers' Electronic Reporting Task Force, which will study the various systems, technologies and methods of operation for providing law enforcement with timely access to information relating to the sales of personal property by pawnbrokers, auction services, consignment sellers, and others. The amendment basically states that it'll create a statewide system for the collection of nationwide sales-related information. This information simply will help law enforcement to crack down on criminals who steal personal property and then try to sell it at pawnbrokers and second-hand sellers. And they will report back to us by the end of the year 2008. I know of no opposition and I ask for your support.

PRESIDING OFFICER: (SENATOR HENDON)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Thank you, Mr. President. This bill is actually -- came to me from a constituent whose young child was left on a school bus. And I have subsequently found out that that is an extremely common occurrence across the State and across the nation. So, this bill simply requires that all school boards have in place a policy to ensure that the bus is checked. It can be as complex as an alarm system, which they sell, or it can be as simple as putting an index card at the back of the bus that the driver has to retrieve and turn in when they turn in the keys. But something to ensure that the driver checks the bus before they actually turn in the keys and we don't leave children. Would ask for your favorable support. There's no opposition.

PRESIDING OFFICER: (SENATOR HENDON)

Is there any discussion? Seeing none, the question is, shall Senate Bill 166 pass. All those in favor, vote Aye. Opposed will vote Nay. The voting is open. Have all voted who

Well, it was such a good bill the House sponsor decided to join us over here in the Senate, because he was such -- it was such a good sponsor in there. So, I -- I don't know what he did over in the House with the bill, but it didn't make it over in the House. So, it's now being brought back and hopefully it will pass in the House this year and get onto the Governor's desk. PRESIDING OFFICER: (SENATOR HENDON)

Senator Rutherford.

SENATOR RUTHERFORD:

Thank you. Senator Link, I'm sure this thing's going to fly out of here and I'm going to be a No again on it this year as I was last year. We have so many specialty license plates in the State of Illinois. The proliferation is just out of hand. fact, we just passed another bill last week setting up a steelworker specialty license plate. This July 1st will celebrate a ten-year anniversary in which the universal charitable plate has gone into effect. This is a piece of legislation that the law enforcement community supports and opposes the creation of all of these specialty license plates. If the Secretary of State of Illinois would promulgate the rules to implement the specialty universal license plate, we can accommodate this junior golfer attempt, we can accommodate the steelworkers, we can accommodate the Rotarians, blue cross, Red Cross, amnesia, anything else that may have a good charitable worthy cause tied to it, as, Senator Link, I know your bill does. It just provides a much more secure, sound process in which law enforcement can use to follow what the various specialty license plates are. So, Senator Link, I commend you and the junior

golfers and what the cause and purpose is, but another new plate on the road is definitely not the direction to go. Thank you.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Viverito.

SENATOR VIVERITO:

Yes. Thank you, Mr. President. I certainly would like to compliment Senator Link. The -- Chick Evans Scholars are probably the most desirable of anybody in the field of -- that golfs knows that these young men aren't usually caddies. They are guys that -- and -- young boys and girls that are given scholarships to go onto the different universities. Many of them become doctors and lawyers and are -- are -- are very significant in -- in what they get and what they deserve. And I think Senator Link should be commended for creating an atmosphere to encourage young people to learn how to play golf and to become better citizens.

(Secretary reads title of bill) 3rd Reading of the bill.

23rd Legislative Day

3/27/2007

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. This bill is the legislative response to Illinois Secretary of State Jesse White's graduated driver's licensing task force. In January, this group, composed of legislators and experts on driving throughout the State, made this unanimous recommendation. And I want to say at the outset that there was a gentleman who was on that committee by the name of Michael Karlin, who unfortunately died a few weeks ago. He had started a foundation in his son's honor called "Brakes for Brett". He became a leading parent advocate in the national effort to educate teens and parents of the dangers of reckless teen driving. And unfortunately, he died March 15th. And at Jesse White's request, we want to sponsor this legislation in his name. The legislation is very farreaching. It would give our State one of the most comprehensive graduated driver's licensing programs in the nation and make us a model for other states to follow. Several recent studies concluded that comprehensive graduated driver's license programs reduce teen traffic fatalities. The latest study was just conducted by the AAA Foundation for Traffic Safety and says that states with the nation's toughest -- teen driving laws have more than a third fewer crashes causing death. Here's what the bill does. It extends the permit phase from three months to nine months. Several studies have shown that a permit phase of nine to twelve months is a preferable time for a young novice driver to accrue valuable driving experience. Provision number two shifts the nighttime driving restrictions from 11 to 10 p.m. on

23rd Legislative Day

3/27/2007

weekdays and from midnight to 11 on weekends. It also extends the nighttime driving restriction to include seventeen-year-old drivers and those who fail to graduate from the initial licensing phase. It's -- it's important to point out, however, that this nighttime driving restriction does contain exemptions traveling to and from school-sponsored activities and work. risk of fatal crashes involving sixteen- and seventeen-year-olds is three times higher from 10 p.m. to midnight. reason for the change. We have passed a law, a number of years ago, that has worked to cut down on our number of fatalities of young people who first get their license, and that is to limit the number of passengers in a car for a young driver. This bill would make that period twelve months where a new driver could have one unrelated teen passenger. There certainly are and continue to have the exemptions for family members. The next provision would require student drivers to complete a minimum of six hours of actual on-the-street driving with a certified driver education instructor. This is obviously based on the foundation of a teen's driving habit as it's formed during this critical period. And while simulators and ranges are -- are valuable, suitable substitute for behind-the-wheel thev're not а experience. The Chicago Tribune has done a study in a long-term project of bringing to our attention the tragedy of young teen drivers' fatalities. They discovered in their report that, in some instances, student drivers were getting less than two hours of on-the-street driving experience with a certified driving instructor. They need more experience than that. This bill also implements a true graduated driver's licensing system that requires new drivers to earn their way from one stage to the

23rd Legislative Day

3/27/2007

other. Under this proposal, once a teen is issued a learner's permit, he or she would be required to drive conviction-free for nine months before becoming eligible for a driver's license.

PRESIDING OFFICER: (SENATOR HENDON)

Senator, could you rap it up, please? We'd appreciate it. SENATOR CULLERTON:

Well, I just -- just one more important part. Establishes tough new penalties, -- including license revocation and vehicle impoundment, for drivers who are involved in street racing. Once again, Mr. President, I appreciate the time, but it is a very significant bill and be happy to answer any questions and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR HENDON)

Any discussion? Senator Burzynski.

SENATOR BURZYNSKI:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR HENDON)

He indicates he will. Senator Burzynski.

SENATOR BURZYNSKI:

Thank -- thank you, Mr. President. And -- and the sponsor did indicate, this is a pretty far, wide-sweeping bill. It is an important bill. I know that Senator Cullerton over the years has -- has passed a lot of legislation relative to teen driving, safety in automobiles. And I commend him for that. But I would like for him to answer a question or two. Senator, what is the penalty for an individual under the age of twenty or twenty-one -- I'm trying to remember if this is the bill that deals with that. If they have two drive -- two moving violations prior to

23rd Legislative Day

3/27/2007

the time they're nineteen, that their license will be suspended. Is -- is that this particular piece of legislation?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

It suspends the driver's license of those under age twentyone for any traffic conviction that occurs after the driver had
served a suspension for receiving two traffic convictions for
moving violations. So, it's the third time that they would have
violated that.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski.

SENATOR BURZYNSKI:

Thank you. And for a point of clarification, does that mean after they've served -- I -- I -- I wasn't sure if I heard this correctly. It's after they have served their -- their probationary time and they receive that, or can they receive those moving violations during the probationary time and then the third violation when they're age twenty or whatever?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

After the driver has served a suspension for receiving two traffic convictions for moving violations within twenty-four months, then their license would be suspended if they're under age twenty-one.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski.

SENATOR BURZYNSKI:

23rd Legislative Day

3/27/2007

Thank you. That -- that did clarify. That's the bill that I thought it was relative to the suspension of -- for moving violations within -- three within a twenty-four-month period. You know, I just want -- to the bill, Mr. President. I just want to -- to state that, again, I do understand the Senator's concern. In my district, in the last month or so, we've seen two or three accidents by distracted teenage drivers, where they have perhaps crossed the center line where perhaps they've run into another automobile - whatever the case might be - resulting in serious injury and, in at least one case, death, that I'm aware of. I realize the significance of the -- of the legislation, but I also think that we need to tread very easily when we start looking at extending some of the probationary periods, some of the offenses, and some of those other things that -- that we hold people responsible for. This does, in my opinion, speak to the problem that we have with parents taking responsibility for their children, as to making determinations as to whether or not they should even be driving. And I would suggest that we have way too many parents that after they've assisted those children with the time -- required time behind-the-wheel driving that they're supposed to have with a supervised -- or, supervised with an adult, that they just kind of wash their hands of their kid's driving habits at that point. And I really believe that we need to focus the responsibility as to whether or not that kid should be driving -- that young person should be driving with the parents that are giving them the keys to that car in many cases. So, while I understand the Senator's intent, recognizing that there are issues and problems out there, I think that perhaps the bill goes a little too far and we need to make -- individuals,

23rd Legislative Day

3/27/2007

parents in particular, of those sixteen-, seventeen-, eighteen-year-olds take more responsibility for them. Thank you.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Jacobs.

SENATOR JACOBS:

Question of the sponsor.

PRESIDING OFFICER: (SENATOR HENDON)

Indicates he will yield. Senator Jacobs.

SENATOR JACOBS:

Senator, does this bill affect children under eighteen or children under twenty-one?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

If affects both in different parts of the bill. The -- that -- which is consistent with what we now have. We now have a Graduated Driver's Licensing Act. This strengthen -- strengthens that and -- and that Act does affect children in both -- both categories.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Jacobs.

SENATOR JACOBS:

...what -- what you're trying to do here. My problem is, is that this government is willing to send an eighteen-year-old man or woman to Iraq to face death, but we don't believe -- but we believe they should be treated differently on a license. So, it seems to me that if we would move that to eighteen, Senator, I would have an easier time voting for it and would consider it. PRESIDING OFFICER: (SENATOR HENDON)

23rd Legislative Day

3/27/2007

Senator Brady.

SENATOR BRADY:

Thank you, Mr. President. I stand to speak for the bill.

PRESIDING OFFICER: (SENATOR HENDON)

To the bill. Senator Brady.

SENATOR BRADY:

Thank you. I stand in support of Senator Cullerton and Secretary White's Office and the task force. This is not typically the type of legislation which I support, but this became very apparent to me that it was needed. A county that I represent, Tazewell County, suffered fifteen fatalities in fifteen short months. Legislation like this would have gone a long way to helping prevent those fatalities and I'd ask you all to support it.

PRESIDING OFFICER: (SENATOR HENDON)

Further discussion? Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Will the sponsor yield, please?
PRESIDING OFFICER: (SENATOR HENDON)

He indicates he will yield. Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Senator Cullerton, in looking at your bill, at the bottom of page 11 and the top of page 12, there is new language in there about impounding a vehicle. It's my understanding that that relates to the new crime of street racing that you're creating in the bill. First, does current law allow a peace officer who, let's say, pulls an individual over for driving sixty-five in a twenty-five to impound that person's vehicle?

23rd Legislative Day

3/27/2007

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

For -- I -- I have to follow up with a question with you. You mean for the equivalent of what is street racing? Is that what your question is? 'Cause this creates a new offense of street racing and -- and I don't -- so, I don't know, since we're creating a new offense, if you're asking about what the equivalent activity is.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Righter.

SENATOR RIGHTER:

Okay. Let me -- let me back up a little bit. Would driving sixty-five in a twenty-five be defined as street racing under the bill as you've put it before us?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

I have to look for the definition. I'd like to read it before I answer the question.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

Well, on page 73 of the bill, we define street racing and aggravated street racing. And it's a couple of pages long. Specifically, are your -- asking about whether or not a specific speed triggers a certain penalty? Is that what you're asking about?

PRESIDING OFFICER: (SENATOR HENDON)

23rd Legislative Day

3/27/2007

Senator Righter.

SENATOR RIGHTER:

I guess my point, Senator, is -- is that, are there other areas in the -- in the law where we allow a peace officer to decide whether or not to impound a person's vehicle for something like street racing. And I was trying to make an analogy. Maybe it's not a very good analogy, but an eighteen-year-old driving sixty-five in a twenty-five obviously poses a significant threat to the public around -- around them. What's the difference between that and the street racing that compels you to say, in the case of street racing, we need to actually be able to impound that vehicle?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

Well, surely we're not talking about speeding here. We're talking about the operation of two or more vehicles from a point side by side at accelerating speeds in a competitive attempt to outdistance each other. Okay? So, we're -- we're -- we're not just talking about some teenager who's speeding on an interstate. And -- and that's where -- that's where the definition of street racing is found and that's what triggers the penalties that -- that we talked about.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Righter.

SENATOR RIGHTER:

Well, I do think there's a -- there's a point to make there, Senator, because if I -- if I'm -- if a young person is speeding sixty-five - and I said in a twenty-five, so that's clearly not

23rd Legislative Day

3/27/2007

an interstate - so, through downtown at 2 o'clock in the afternoon, I think that you can argue that that poses a much greater threat to the public than two vehicles racing side by side on an interstate at 3 o'clock in the morning. And I guess I'm trying to get a feel for you -- your judgment of why street racing, regardless of the time or the circumstances under which it occurs, is more dangerous or at least warrants a more severe penalty, i.e. impounding the person's vehicle, than that kind of conduct like the -- the speeding I described.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

I think it's fair to say that the -- that the task force heard testimony throughout the State that -- specifically dealing with the issue of street racing. And it -- and this is why we defined it. It actually probably is much more serious on a county highway to have two cars getting -- engaged side by side at accelerating speeds in a competitive race than it would be to -- to even have someone speeding on an interstate, which is, as it turns out, even though they're speeding, one of the safest places to drive in the State. So, the answer is, we are addressing this by the definition of street racing. We do have the forfeiture provisions and we don't have the similar forfeiture positions -- provisions for speeding.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. The other area I want to discuss with you, Senator Cullerton, has to do with the bill increases

23rd Legislative Day

3/27/2007

the length of time that an individual under eighteen won't get a graduated driver's license if they commit a seatbelt violation or a moving violation. Now, as I understand it, you've made two changes there. One, you've moved that period for which they have to wait for the graduated driver's license by -- from six months to nine months. So, you've extended that by ninety days. And then you make that -- the trigger for that, not just a serious violation of the Vehicle Code, but what appears to be just about any violation of the Vehicle Code. My question to you is, I mean, what significant difference do you think it's going to make to hold that license for another ninety days?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

Well, this is during the permit phase, when someone is obviously accompanied by an adult and they are about to get the privilege of a driver's license. And so we want to make sure that we impress upon them the significance of following the traffic laws. This is the most important time we can do that. And so I think that provision is appropriate. It -- it extends -- the license shall be issued for three -- you have to wait three more months if you -- if you're under eighteen and you've been convicted of a moving violation, or a seatbelt violation. I -- I just think it's designed to emphasize the importance of not breaking those traffic safety laws.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Martinez.

SENATOR MARTINEZ:

Thank you, Mr. President. I, too, rise in strong support of

23rd Legislative Day

3/27/2007

this legislation. Every day I think -- every weekend we hear about the cash fatalities -- crash fatalities that are existing all over the State of Illinois. And when you read numbers - in the nation in 2005, three thousand four hundred and sixty-seven drivers ages fifteen to twenty died in motor vehicle crashes - I think it's important that we protect our young ones that are just learning how to drive. I think that we need to do more. to commend Senator Cullerton on an -- on a bill that I think is another way that we can get our young people to understand the -what responsibility they have when it goes into -- into driving on the streets of Illinois or any streets all over the -- this -the U.S. So, I really want to say it's important. I think this is a step in the right direction - the more safety nets we put in place for our young ones and the responsibility. I think we're going to read more and more about the fatalities that exist out there based on the accidents, but I think we're going to hear less and less of our young people dying here.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton, to close.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate, for the time. I want to thank actually the <u>Tribune</u> for highlighting these issues. I want to thank Jesse White for putting together the task force. This is -- these crashes are the number-one cause of death among our adolescents, and it's a very significant piece of legislation and I would urge an Aye vote.

This exact bill -- or, the exact language, excuse me, was passed by this Body last year on a unanimous roll call. I'd be more than happy to answer any questions.

PRESIDING OFFICER: (SENATOR HENDON)

SENATOR CRONIN:

Thank you very much, Mr. President. I rise in support of the bill. And I just want to point out that this provides a thousand dollars more for those certified employees who work with or on behalf of students with disabilities. Now, the Governor has a budget and he -- he is proposing an increase as well. This is a separate bill from what he's proposing. Interestingly, and I'm sure the Senate sponsor has noted this, that the Governor's budget request goes from eight thousand dollars to thirteen thousand one hundred and seventy dollars in one year, year one. We sort of ramp it up over one, two, three, four, five, six years here. So, I hope you work with your Governor. But I rise in support of this bill. Thank you very much.

Thank you, Mr. President. First off, let me -- let me thank a couple of people and -- and then a group. I want to thank Senator Debbie Halvorson, our Majority Leader, for working with me over the past couple of weeks in trying to figure out what day this bill would be called for a vote. And then I -- I want to thank the Senate for their indulgence today. Hopefully most of you received an apple today. If you didn't, I still have several of 'em in my office downstairs and we will get you one. But also in the gallery is the fourth-grade class of Woodlawn Grade School, Woodlawn, Illinois, in Jefferson County, that actually came to me with this bill. And so, Senate Bill 199 actually creates the Illinois State fruit, which we do not have a State fruit. The fourth-grade class of Woodlawn Grade School did quite a bit of research on this and they come up with the GoldRush Apple, and if you haven't tasted this apple, we have some of 'em down in the office and we'd be more than happy to -- to provide you with one. But the GoldRush Apple was developed on June the 15th of 2001 through the University of Illinois and University of Purdue. And the bill simply creates the GoldRush Apple as the State fruit. Thank you very much. I'll be happy to answer any questions.

It really does make these county fairs much closer to being whole and they're an important and integral part of the fabric of the -- the State. So, thank you, and I would urge a Yes vote.

PRESIDING OFFICER: (SENATOR HENDON)

Further discussion? Senator Dillard.

SENATOR DILLARD:

Thank you, Mr. President. I, too, rise in support of this bill. Like Senator Radogno said - and I know Christine had a similar bill last year that was sort of stuck in the Rules Committee - county fairs are an integral part of Illinois' history, and it's not just the downstate rural areas like Senator Sullivan represents, but counties like mine. With a million people in DuPage County, for many of my children, it's the only way they actually get to see. And, you know, these animals that are on exhibit at the county fair come in from a variety of other counties to the west of metropolitan Chicago. And Senator Sullivan, I commend you for trying to pump a little bit more money into what I believe is a very educational and wholesome activity touting agriculture, our number-one job creator here in Illinois. But there's many reasons to be for this and I rise in support of Senate Bill 206.

23rd Legislative Day

3/27/2007

Aye, none voting Nay, none voting Present. Senate Bill 206, having received the required constitutional majority, is declared passed. The Chair would appreciate if you are succinct with your discussions today. Senate Bill 207. Senator Holmes. Madam Secretary, read the bill.

SECRETARY SHIPLEY:

Senate Bill 207.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Holmes.

SENATOR HOLMES:

Yes. Thank you, Mr. President. Senate Bill 207 would create the smart city investment fund through the Illinois Department of Commerce and Economic Opportunity. The Department would establish a grant program for urban preservation and redevelopment grants, as well as grants for green technology. The Department would work in cooperation with local municipalities in order to provide funds to meet public infrastructure and downtown improvement needs. The smart city investment trust fund serves as an incentive for local government to enact programs that correspond with long-term community planning and revitalization goals, as well as to mitigate urban sprawl development. I would be happy to entertain any questions. And this is not my first bill anymore.

PRESIDING OFFICER: (SENATOR HENDON)

Thank -- thank you, Senator. Senator Murphy. SENATOR MURPHY:

Thank you, Mr. President. This -- this bill passed out of

23rd Legislative Day

3/27/2007

Commerce and Economic Development unanimously and I urge an Aye vote.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Risinger.

SENATOR RISINGER:

Thank you, Mr. President. Would the sponsor yield?

PRESIDING OFFICER: (SENATOR HENDON)

She indicates she will yield. Senator Risinger.

SENATOR RISINGER:

As I read this, there's no appropriation in the bill. Is that correct?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Holmes.

SENATOR HOLMES:

It -- it would be pending appropriation.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Risinger.

SENATOR RISINGER:

You know, as I read this, isn't there -- can't DCEO do this now? What does this bill actually do? It seems to me like they have the powers to do this now.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Holmes.

SENATOR HOLMES:

This -- this bill basically was -- this bill was written along with business and labor in -- in many of the communities that I represent. So, obviously, the communities have not been finding this something that they've been able to do. So, this is something they're looking to do. And again, it is urging green

23rd Legislative Day

3/27/2007

and redevelopment.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Risinger.

SENATOR RISINGER:

Thank -- thank you. To the bill: I understand that -- why they'd want this. I -- I'm just surprised that they -- you know, the administration just can't do this without legislation. It -- it appears to me there isn't need for legislation for DCEO to move this forward.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Holmes, to close.

SENATOR HOLMES:

I just want to say thank you and I would urge a Yes vote.

PRESIDING OFFICER: (SENATOR HENDON)

The question is, shall Senate Bill 207 pass. Those in favor, vote Aye. Those opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 56 voting Aye, none voting Nay, none voting Present. Senate Bill 207, having received the required constitutional majority, is declared passed. Senate Bill 208. Senator Holmes. Madam Secretary, read the bill.

SECRETARY SHIPLEY:

Senate Bill 208.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Holmes.

SENATOR HOLMES:

23rd Legislative Day

3/27/2007

Senate Bill 208 is the green cities grant program. again, this legislation provides State grants also through the Department of Commerce. And it provides the Department will make grants to municipalities whose buildings conformed nationally recognized and accepted green building standards or systems. It would include such things as the LEED system. But others would also be able to be used. The grants may apply to new construction, existing buildings, commercial interiors, core shell development, homes, schools, or neighborhood development. And this is basically a -- a -- a plea, because energy-efficient buildings have reduced operating costs and they also allow for healthier and more productive occupants, and they conserve our natural resources. I would, again, urge an Aye vote.

PRESIDING OFFICER: (SENATOR HENDON)

There any discussion? Senator Murphy.

SENATOR MURPHY:

Thank you, Mr. President. This bill, too, passed unanimously out of Commerce and Economic Development, and I urge an Aye vote.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Cullerton.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. I just want to point out, you see that Senator Holmes this time with this bill - if you look at the actual bill, it's only one page long - and she doesn't have any language in here about this Act taking effect upon becoming law. She doesn't have any language in here about that. She's apparently learned her lesson. She's

23rd Legislative Day

3/27/2007

removed that. And so, I don't know what -- how this Act becomes law, 'cause there's nothing in here about it becoming law. I don't know how it's ever going to become the law and I think it's something we better consider an amendment in the House to correct that.

PRESIDING OFFICER: (SENATOR HENDON)

Senator smart, cool and green. Senator Murphy. Senator Holmes, to close.

SENATOR HOLMES:

I would urge an Aye vote, and -- and I would thank the Senator for pointing out the shortcomings, once again, of my bills.

PRESIDING OFFICER: (SENATOR HENDON)

Question is, shall Senate Bill 208 pass. Those in favor, vote Aye. Opposed, vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 57 voting Aye, none voting Nay, none voting Present. Senate Bill 208, having received the required constitutional majority, is declared passed. Senate Bill 211. Senator Crotty. Senate Bill 214. Senator Haine. Madam Secretary, read the bill.

SECRETARY SHIPLEY:

Senate Bill 214.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Haine.

SENATOR HAINE:

Thank you very much, Mr. President, Ladies and Gentlemen of

23rd Legislative Day

3/27/2007

the Senate. Senate Bill 214 is an initiative of the Illinois State Dental Society. It adds additional requirements into the law for any assistant who is monitoring patients receiving dental treatment while under conscious sedation, deep sedation, or general anesthesia. It also amends the Act to prohibit a dentist from advertising "sedation dentistry" or similar terms unless that dentist holds a valid and current permit issued by the Department to administer the same. So, that's what it does. That's all it does.

PRESIDING OFFICER: (SENATOR HENDON)

There any discussion? Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Will the sponsor yield, please?
PRESIDING OFFICER: (SENATOR HENDON)

He indicates he will yield. Senator Righter.

SENATOR RIGHTER:

Thank you. Senator Haine, it's -- it's my understanding that the Illinois State Medical Society had opposed the bill in committee. Is -- can you tell me, a, if that's true; and b, if it is, is that still the case?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Haine.

SENATOR HAINE:

The Medical Society? I don't remember. I don't think so. I think there was a slip entered by the nurse anesthetists at some point, but I'm not sure about that. I don't believe so, Senator.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Righter.

23rd Legislative Day

3/27/2007

SENATOR RIGHTER:

I'm concerned about the nurse anesthetists as well, Senator Haine. So, what was their objection?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Haine.

SENATOR HAINE:

Well, I'm getting this -- I'm getting this secondhand, so I shouldn't be speaking for them. But my presumption was that somehow they thought it would be safer if a nurse anesthetist was brought in to administer the anesthesia. But the law requires a dentist to administer it. A dentist is a doctor.

PRESIDING OFFICER: (SENATOR HENDON)

Senator -- Senator Haine, to close.

SENATOR HAINE:

Well, this establishes training, additional training monitored by the -- the Department for those assistants that are monitoring people that are awaiting recovery. That's all it does. It's just -- the -- the dentist already has this authority.

PRESIDING OFFICER: (SENATOR HENDON)

The question is, shall Senate Bill 214 pass. Those in favor, vote Aye. Opposed, vote No. The voting -- the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 55 voting Aye, none voting Nay, 1 voting Present. Senate Bill 214, having received the required constitutional majority, is declared passed. Senate Bill 215. Senator Jacobs. Madam Secretary, read the bill.

SECRETARY SHIPLEY:

23rd Legislative Day

3/27/2007

Senate Bill 215.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President. Senate Bill 215 is a bill that allows MidAmerican Energy in my neighborhood to go into a energy conservation program. This is an area that Illinois has been a little bit behind on. It's a pilot program. After three years, the ICC will take a look at it, and if it works, we're going to - like to implement it statewide. I'd ask for your favorable support. I know of no opposition.

PRESIDING OFFICER: (SENATOR HENDON)

Any discussion? Senator Risinger.

SENATOR RISINGER:

Yeah. To the bill: This bill passed out of committee without any negative votes. It's a good bill. Something we probably should have been done -- been doing sooner. I urge an Aye vote.

PRESIDING OFFICER: (SENATOR HENDON)

The question is, shall Senate Bill 215 -- pass. All those in favor, vote Aye. Opposed, vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 57 voting Aye, none voting Nay, none voting Present. Senate Bill 215, having received the required constitutional majority, is declared passed. Senator Noland, for what purpose do you seek recognition, sir?

23rd Legislative Day

3/27/2007

SENATOR NOLAND:

Thank you, Mr. President. Point of personal privilege, if I may.

PRESIDING OFFICER: (SENATOR HENDON)

State your point, sir.

SENATOR NOLAND:

To announce the presence of a couple of constituents of mine. This being the first opportunity I had to announce -- I have had to announce folks here in the gallery. I have Candise Zin, a student at Barrington High School, and I have Christa Taylor, supervisor, and others here from the Lake County Center for Independent Living. Like to provide them a warm welcome here from the Senate and thank them for coming down here and seeing me. Thank you.

PRESIDING OFFICER: (SENATOR HENDON)

Will our guests please rise and wave your hand and be recognized to the -- welcome to the Illinois Senate. Senate Bill -- we did 215. 220 - is it? - 220. Senator Martinez. Madam Secretary, read the bill.

SECRETARY SHIPLEY:

Senate Bill 220.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Martinez.

SENATOR MARTINEZ:

Thank you, Mr. President. Senate Bill 220 amends the Local Planning Technical Assistance Act to provide for the reimbursement of school districts for the increased additional

23rd Legislative Day

3/27/2007

educational cost associated with affordable housing. Last year this Body passed the State's first housing policy, the comprehensive Housing and Planning Act. Central to that, Ladies and Gentlemen, were two key ideas: prioritizing the housing needs of underserved constituents and ensuring that relevant State departments coordinate to encourage municipal leaders to advance the State's housing goals. The Good Housing Good Schools advances those two ideas by providing a new and compelling incentive to local leaders working to preserve and expand quality affordable housing options. I'll be happy to answer any questions.

PRESIDING OFFICER: (SENATOR HENDON)

Any discussion? Senator Sieben.

SENATOR SIEBEN:

Thank you, Mr. President. Question of the sponsor.

PRESIDING OFFICER: (SENATOR HENDON)

She indicates she will yield. Senator Sieben.

SENATOR SIEBEN:

Thank you very much, Mr. President. I stand in support of the Senator's legislation. We did vote unanimously to send this bill out of committee. We do have one question and obviously like many good initiatives this Session, many good ideas, this one is subject to appropriation. And I guess our question would be that the -- our staff had -- has estimated approximately a cost of about five million dollars to bring this program on line. So the question for the sponsor is, can you give us some indication of -- of what support you expect to find from the Governor and where you expect to find money in the budget to fund this worthy program?

23rd Legislative Day

3/27/2007

PRESIDING OFFICER: (SENATOR HENDON)

Senator Martinez.

SENATOR MARTINEZ:

Senator, thank you very much for the question. I think we're -- with this bill we're going maybe a possibility of two years. You know, when you talk about developments that meet the criteria for this bonus, in 2006, according to the State's annual -- State's annual report, there were less than twelve hundred new homes developed that would have qualified for this incentive. Illinois would have spent less than 1.5 million. So, I think by bringing the numbers down -- and the Governor has always been a very strong proponent on affordable housing and this is a way to give some money back to the school districts that -- that really -- basically really need it when it comes to affordable housing. PRESIDING OFFICER: (SENATOR HENDON)

Further discussion? Seeing none, the question is, shall Senate Bill 220 pass. Those in favor will vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 50 voting Aye, 6 voting Nay, 1 voting Present. Senate Bill 220, having received the required constitutional majority, is declared passed. Senate Bill 222. Senator Raoul. Madam Secretary, read the bill.

SECRETARY SHIPLEY:

Senate Bill 222.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Raoul.

23rd Legislative Day

3/27/2007

SENATOR RAOUL:

Is there an amendment, Mr. President?

PRESIDING OFFICER: (SENATOR HENDON)

There -- there is no Floor amendment at this time. Senator, it may be in Rules. You want to -- take it out of the record and come back? There will be a Rules Committee meeting soon, today. So perhaps... Senator Raoul. Out of the record. Senator Trotter, for what purpose do you seek recognition, sir?

SENATOR TROTTER:

Thank you very much, Mr. President. Purpose of an announcement. I want to...

PRESIDING OFFICER: (SENATOR HENDON)

Make your announcement.

SENATOR TROTTER:

Thank you. I would announce that Appropriations I will be meeting -- thank you, sir.

PRESIDING OFFICER: (SENATOR HENDON)

Senator is making an announcement - a committee meeting announcement. Senator Trotter.

SENATOR TROTTER:

Right. At 4 o'clock this afternoon or -- immediately under -- after adjournment, we'll be meeting in Room 212 for Appropriations I.

PRESIDING OFFICER: (SENATOR HENDON)

Appropriations I will meet in Room 212 at 4 p.m. or immediately upon adjournment. To -- back to 3rd Readings. Senate Bill 229. Senator Silverstein. 229. Senator Silverstein. Senate Bill 233. Senator Radogno. Madam Secretary, read the bill.

23rd Legislative Day

3/27/2007

SECRETARY SHIPLEY:

Senate Bill 233.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Thank you, Mr. President. This bill creates the MRSA Screening and Reporting Act. MRSA - and I just have to say this once - is methicillin-resistant Staphylococcus aureus, which is one of the super bugs that are prevalent in hospitals today. MRSA is one that is growing very rapidly and out of control. And so this bill would seek to test people that are admitted to intensive care units and isolate and treat those patients to inhibit the spread. And then, of course, we would require reporting so that we are certain that we're making progress along those lines. It is supported by the Hospital Association, the Medical Society and the veterans' hospitals are beginning to do this already with good results. So, I would ask for your favorable vote.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter.

SENATOR TROTTER:

Would the sponsor yield?

PRESIDING OFFICER: (SENATOR HENDON)

She indicates she will yield. Senator Trotter.

SENATOR TROTTER:

Thank you. Think we can all appreciate the intent that the Senator is -- is doing here today, and that is bringing reduction

23rd Legislative Day

3/27/2007

in these MRSA infections. As your legislation reads, you would like to have these individuals, once they have been screened and if they prove positive, to go into intensive care units. No? PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

No. When you enter an intensive care unit, you would be tested, and if you test positive, you would be isolated and treated.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter.

SENATOR TROTTER:

With this, just from some of the notes that I've had and some of the people I've spoken with, that they -- the clinical trials that they've had put on by the National Institute of Health, which is the leading research arm for the Human and Health Services, has announced that they show no benefit from routine screening for MRSA.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Thank you. The literature is actually mixed on that. In the Netherlands, they've done it and had a dramatic reduction in the number of MRSA cases.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter.

SENATOR TROTTER:

And I guess that goes to my point. Now, we have -- there is mixed results in doing this right now. What is happening, I

23rd Legislative Day

3/27/2007

understand, is the hospital report card will be coming out sometime near the end of this year, which would be looking at trying to reduce infections across the board. So, to pass legislation now for this one virus or infectious disease would seem unnecessary if we, in fact, are going to wait to get a more definitive report coming out the end -- end of the year on the Hospital Report Card Act.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Well, thank you. First of all, in 2006 there were eleven thousand cases of MRSA, an increase of fifty-four percent since '03. So, this is a disease that is spreading much faster than any of the other super bugs. To continue to wait and study the issue doesn't make sense when there are actually things that we can actively do to intervene and prevent these infections from spreading. And as I mentioned, the VA hospitals are already doing it with good results. There are some hospitals throughout the State that have done it on their own. And again, it is supported by the Hospital Association, the Nurses Association, the -- the Medical Association. So, I think there are a lot of folks that see the value in this approach. We can't just continue to wait and study and hope that it goes away.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter.

SENATOR TROTTER:

And, Senator, I -- I agree with you. One, hospitals are no place to be unless you're really sick. I mean, there are a lot of viruses, a lot of things that you can get an infection from.

23rd Legislative Day

3/27/2007

And that was the whole purpose of this hospital report card. It's not as if they're -- we're going to continue the study. There's a study that is ongoing and its results will be coming back in which we can address many of these infectious viruses that -- that are in the hospitals. And I think that we may be just moving too fast now, where we're just going to have to do this all over again in Veto Session or in -- at the -- the beginning of next year.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter, was -- were those your concluding remarks? SENATOR TROTTER:

That was just my...

PRESIDING OFFICER: (SENATOR HENDON)

Or was it a question? I'm... Okay. Senator Pankau.

SENATOR PANKAU:

...you -- thank you, Mr. President. I urge an Aye vote on this bill. I had a recent experience myself with MRSA and was in the hospital for a week. And I can tell you, this is a growing problem and I think this bill, although not the perfect bill, is a very good start to attacking this ever-growing problem. I urge an Aye vote.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Maloney.

SENATOR MALONEY:

Thank you, Mr. President. Question of the sponsor, please.

PRESIDING OFFICER: (SENATOR HENDON)

She indicates she will yield. Senator Maloney.

SENATOR MALONEY:

Thank you, Mr. President. Some of the information that I

23rd Legislative Day

3/27/2007

received indicates that the testing for this, or the screening process, contains a lot of error. There's a number of false positives. And I understand that when they do test positive, they're -- people are automatically put in isolation. Is that correct? And do you have that similar information, Senator? PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

I do not have information that there is high false positive. In fact, we had some hearings on it and this never came up. But it is true, if you test positive, you would be isolated and treated. But keep in mind, once -- when you're in ICU, you're isolated to begin with. So, it's not as onerous as it sounds. And secondly, if there's more than one MRSA patient, they can be housed together. So that, again, in terms of the drain on the resources of the hospital, it's not as significant as some people have portrayed it to be.

PRESIDING OFFICER: (SENATOR HENDON)

Ladies and Gentlemen of the Senate, the Chair is having trouble hearing. I'm certain you are having, as well. Could you please minimize your conversations? Senator Maloney.

SENATOR MALONEY:

Thank you, Mr. President. So the information you have is -is not on the false positives? Okay. All right. The information
I did get was that there is -- in the screening test, that thirty
to forty percent of these tests result in false positive, which
means that people may be placed in isolation that really don't
need to be there. I think we need to look at this a little more.
Thank you, Mr. President. Thank you.

23rd Legislative Day

3/27/2007

PRESIDING OFFICER: (SENATOR HENDON)

Senator Viverito.

SENATOR VIVERITO:

Mr. President, will the sponsor yield?

PRESIDING OFFICER: (SENATOR HENDON)

She indicates she will yield. Senator Viverito.

SENATOR VIVERITO:

Senator Radogno, you know, I have the most respect for you, but I don't know if you're familiar that -- are you aware of the fact that in the Netherlands, where this approach has been used, overall hospital infection rates are no better and, in some cases, worse than any other country?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Yeah. Their overall rate is higher. Their MRSA infections are under control. And this is what we're trying to target - MRSA. And the reason we're targeting it, again, is because it is the most prevalent one. And don't forget, when we're talking about these hospital-acquired infections, it adds to the morbidity, mortality and to cost of hospital stays. So, it's important we get it under control. It has worked in the Netherlands with respect to MRSA, not obviously with the other hospital-acquired infections 'cause they weren't dealing with those.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Viverito.

SENATOR VIVERITO:

Senator, isn't it also true that there has been some

23rd Legislative Day

3/27/2007

involvement in promoting from industry for the purpose of using Evanston Hospital as a -- kind of a catalyst for this, and a lot of those individuals have been given some special concession to be able to do that at the Evanston Hospital?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Well, I have no knowledge of that and it was not brought up during the hearing that we had, nor during the committee hearing that we had. Evanston Hospital is one hospital that's doing it and, again, has had good results with reducing the number of MRSA infections.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Viverito.

SENATOR VIVERITO:

I rise for the -- really the last time. But wouldn't you say that the legislation passed will result in high profits for some of these people that are pushing this screening?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Well, I can't speak to the profits that some people might make, but I can speak to the fact that it will save lives, it will contain healthcare costs because we're not continuing to spread these super bugs, which are a huge problem. And again, the increase in the last three years has been over fifty percent. We need to start to deal with this.

PRESIDING OFFICER: (SENATOR HENDON)

Senator -- Senator Viverito. Most certainly, Leader.

23rd Legislative Day

3/27/2007

Senator Viverito.

SENATOR VIVERITO:

I -- I am suspicious when a special interest group is pushing for something like this. I just don't think it's something that we should pass today. I think it's something we should really take a long hard look at before we vote Yes on this. Thank you.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Schoenberg.

SENATOR SCHOENBERG:

Question for the sponsor. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR HENDON)

She indicates she will yield. Senator Schoenberg.

SENATOR SCHOENBERG:

Senator, the Society for Healthcare Epidemiology of America and the Association of {sic} (for) Professionals in Infection Control and Epidemiology have -- have developed a joint position on how to treat the MRSA issue. That position is at odds with your legislation. Could you explain why the epidemiologists are wrong and this legislation is right?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno.

SENATOR RADOGNO:

Well, they made it very clear the reason they were opposed to it is they didn't want to have any kind of a mandate. They advocate hand hygiene, which we've been trying to control these hospital infections with for several years and it simply isn't working. So, what they're really opposing are the mandate.

PRESIDING OFFICER: (SENATOR HENDON)

23rd Legislative Day

3/27/2007

Senator Schoenberg.

SENATOR SCHOENBERG:

Thank you. The -- actually I -- I think that their basis of their epidemiologists' opposition is far deeper rooted in that. If you read the position statement of these two associations who -- of healthcare professionals, they felt that these protocols would be more appropriate with higher -- with -- in instances of higher risk populations in higher risk situations. represent Evanston Hospital. Comparatively speaking, there are relatively few higher risk patients than in many of the other hospitals throughout the State. So, I think it goes beyond just this one -- the -- those who are on the front lines dealing with this issue don't want to be handcuffed with a mandate. Ouite the contrary, Mr. President and Ladies and Gentlemen of the Senate, what they've argued is that they want to apply the resources in those higher risk situations where, in fact, it is more suitable. I -- I -- I give the sponsor some credit, in that I feel that she has scaled back the original version of the bill than what -than what we've seen previously through the amendment. But at this point, I would have to say, in all due respect, that if the epidemiologists and those who are on the front lines of infectious disease control are -- are in opposition to this, then maybe the time just isn't ripe for something this sweeping. Thank you very much.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Garrett.

SENATOR GARRETT:

Thank you, Mr. President. To the bill: I also worked with the Senator on this particular issue and attended the hearing

23rd Legislative Day

3/27/2007

that we held in Chicago and listened to the different hospitals and medical groups come forward with their reasons why this was not a good idea. None of the information or evidence they provided us was really compelling. In fact, I -- I would actually say that they came up with reasons not to support this because there was a report coming out; that it would be expensive, that, in fact, we don't have all the right evidence and -- and they looked to other countries as to prove that this isn't necessary at this particular point in time. And I would say that this is the time to move forward, because, in fact, if we don't, we are going to be coming back year after year after year. This is all at the risk of making sure that our patients are as healthy as possible when they're -- in the hospital. This is the first step in this State to make sure that this happens. So, I urge everybody to vote Yes.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Radogno, to close.

SENATOR RADOGNO:

Thank you, Mr. President. Just a couple of clarifications. Senator Schoenberg had mentioned the idea that the epidemiologists wanted this focused on high-risk populations. We have done just that. The original bill -- the original concept was screening everyone. It is limited to ICU patients alone. So we have focused it on the high-risk populations. I also want to point out that it was not any profit-making company or advocate that brought this bill forward. It was patients that have suffered from this disease and the devastating effects of it. If you don't die, you most certainly will end up with long-term consequences. And again, it -- it's bad for people and it costs

23rd Legislative Day

3/27/2007

a lot of money in the healthcare system. This is something we've been trying to get under control with hand washing, which is what the epidemiologists are recommending, for a long time. It simply isn't working. So I think -- the time to act is now. We can save a lot of lives and we can save a lot of money. So I would urge you all to vote Yes.

PRESIDING OFFICER: (SENATOR HENDON)

The question is, shall Senate Bill 233 pass. All those in favor will vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 46 voting Aye, 4 voting Nay, 6 voting Present. Senate Bill 233, having received the required constitutional majority, is declared passed. Senator -- Senator Sandoval, do you -- what purpose do you rise, sir?

SENATOR SANDOVAL:

Thank you, Mr. President. I'd like to be recorded as a No vote on that bill. Thank you.

PRESIDING OFFICER: (SENATOR HENDON)

The record will so reflect your intent. Next bill on 3rd Reading, Senate Bill 234. Senator Righter. Senate Bill 241. Senator Forby. 241. Madam Secretary, read the bill.

SECRETARY SHIPLEY:

Senate Bill 241.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Forby.

SENATOR FORBY:

23rd Legislative Day

3/27/2007

Thank you, Mr. President. This bill affects the original intent in Y'07 {sic} budget regarding Franklin County Juvenile Detention Center. But there was a drafting error. This error must be corrected so they can accept the funds which was appropriations to them. Right now they cannot. Senate Bill 241 revises the original language in '07 budget regarding Franklin County Juvenile Detention Center. This bill is not about money or increased funding. It allows funds to be spent for ordinary operating costs for the Center, in addition to the methamphetamine program. Thank you, and if there's any questions, I'll try to answer 'em.

PRESIDING OFFICER: (SENATOR HENDON)

Discussion? Senator Burzynski.

SENATOR BURZYNSKI:

Thank you, Mr. President. Will the sponsor yield for a few questions?

PRESIDING OFFICER: (SENATOR HENDON)

He indicates he will yield. Senator Burzynski.

SENATOR BURZYNSKI:

Thank you. Senator, I seem to recall some of this discussion last year when this bill came through Appropriations Committee. My understanding was the bill was simply for -- or this particular appropriations was simply for methamphetamine treatment. And that's the way I recall this being presented to the Committee.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Forby.

SENATOR FORBY:

What the bill was, four hundred thousand dollars of it was

23rd Legislative Day

3/27/2007

for a methamphetamine program. The other 1.1 million dollars was operation of Benton Juvenile Detention Center. That's why -- that is why we're changing this wording now.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski.

SENATOR BURZYNSKI:

Thank -- thank you, Mr. President. Let me ask you this, this, as I understand, is the only time where the State is providing an appropriation above and beyond what the courts do for the operation of a juvenile detention system. Can you tell me why we're doing that?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Forby.

SENATOR FORBY:

Only thing we're doing here - this does not change; they've turned into -- a budget every year - this is just strictly for operation costs so they can keep the Center running.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski.

SENATOR BURZYNSKI:

Senator, I hate to differ with you, but this is different. They are the only -- this is the first time this supplemental appropriation's been made and they are the only detention center that receives an appropriation in addition to what they receive from the courts for the operational expenses of a juvenile detention system. I'm just asking why, what's the problem?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Forby.

SENATOR FORBY:

23rd Legislative Day

3/27/2007

I never knew there was a problem, but that was so -- Cook County receives money same as my -- my Benton Juvenile Detention Center. So, they're not by theirself.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski.

SENATOR BURZYNSKI:

Thank you. Yes, they are. Because Cook County does not receive funds from the court system to run their juvenile system. So, it is different. This is above and beyond what they receive from the court system. Since I can't seem to get that answer straight, Senator, can you tell me, then, what the total operations budget is for the Franklin County Juvenile Detention System?

PRESIDING OFFICER: (SENATOR HENDON)

Senator -- Senator Forby.

SENATOR FORBY:

I cannot tell you exactly what the money is for, because I do not know how much the judicial system puts out in wages. But for the operation expenses for this juvenile detention center and the methamphetamine is 1.5 million dollars. Plus, this takes care of twenty counties in my district. It's just not for the Franklin County Juvenile Detention Center.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski, to the bill, sir. Senator Burzynski. SENATOR BURZYNSKI:

No. It's another question. But I $\operatorname{--}$ I'll $\operatorname{--}$ then after that it'll be back to it.

PRESIDING OFFICER: (SENATOR HENDON)

Go right ahead -- go right ahead, Senator Burzynski.

23rd Legislative Day

3/27/2007

SENATOR BURZYNSKI:

Thank you, Mr. President. Just in response to that: They already receive six hundred and eighty-five thousand dollars approximately from the Supreme Court budget. This will give them another 1.1 million in operational expenses. And I just can't understand why we're underwriting the expenses for this particular system, juvenile detention area, when we're not for the others in the State. There are several others. There are sixteen county detention centers. Fifteen, in addition to Franklin, that don't receive this kind of consideration. And I'm not sure why it's necessary, why their operational expenses are so far out of the realm of possibility of being funded by the six hundred and whatever it is, eighty -- eighty-five million -- eighty-five thousand dollars.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski, was that to the bill or a question? Okay. Senator Forby.

SENATOR FORBY:

This is the only juvenile detention center in the State of Illinois that has a methamphetamine program in this. And this -- you know, if there's nothing for these kids to go, this place shut down, there's no place to put these kids in this methamphetamine program.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Burzynski, to the bill, please, sir. Thank you, sir. Senator Burzynski.

SENATOR BURZYNSKI:

Thank you, Mr. President, for your tolerance. This is to the bill. There is four hundred thousand dollars for the meth

23rd Legislative Day

3/27/2007

center. That's all that is in this. Not that additional 1.1 million in addition to the six hundred and eighty-five thousand. So, there already is the money for that. So, I don't think -- I would have a tendency to disagree with you that this is the only place and that 1.1 million is necessary for the methamphetamine aspect of this. So, I think there's a lot of concern from my standpoint - fifteen other downstate juvenile detention centers that are not receiving additional dollars. And I'm asking why it's necessary in this one. Thank you. Until I get that clarification, I find it very difficult to vote for the bill. Thank you, Mr. President.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter.

SENATOR TROTTER:

Thank you very much, Mr. President. If I could, maybe I can help get a little clarification. Sheridan Correctional Center is our premier correctional center that gives treatment for -- drug treatment for patients - no, it's not patients - for -- for their inmates. And because of that, there's a different cost that is involved. You have different counselors that have to be on staff. You need individuals, one, to -- to deal with that kind of -- of treatment that the detainees would need. So, what I'm hearing is that this center -- this juvenile center is the juvenile version of our Sheridan. So, there would be different costs than the -- the other centers throughout the State. Is that correct?

PRESIDING OFFICER: (SENATOR HENDON)

Senator Forby.

SENATOR FORBY:

23rd Legislative Day

3/27/2007

That is correct.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter.

SENATOR TROTTER:

And I would also -- I think I heard you say that this isn't just for Franklin County; that there are twenty other counties that you service. They're not -- and -- and also, that these other areas in which these detainees come from, they are not just from your district. So it's just quite a broad spectrum of where all these individuals come from.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Forby.

SENATOR FORBY:

That is correct.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Trotter, to the bill.

SENATOR TROTTER:

Just -- just to the bill: To me, there is justification there for -- for why there's more dollars that are needed for this particular center that is certainly delivering a service that the other fifteen juvenile detention centers are not delivering here in our State. We know in southern Illinois that they have a very large meth problem. We know that it has no only decimated communities, but it certainly has decimated lives, and I ask for a -- and encourage an Aye vote for this bill.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Dillard.

SENATOR DILLARD:

Thank you, Mr. President. This bill does put us sort of on

23rd Legislative Day

3/27/2007

a slippery slope of going from a pilot program to paying for Operations - not just the cost of operations. methamphetamine part of Senator Forby's detention facilities, but actually operations. But putting those concerns aside, I know the Supreme Court thinks that the language in this bill is too vague. So the Supreme Court has issues with this. But more importantly, Senator Forby, Senator Dale Righter has, on multiple occasions over the last couple of weeks, had a motion pending to discharge Senate Bill 1836. And that bill, Senator Forby, I think you ought to amend onto Senate Bill 241. His motion is now probably two weeks beyond the date that Illinois is supposed to make 1.2 billion -- 1.2 billion in payments to our local hospitals. And Senator Forby, I got a printout of the Legislative District No. 59...

PRESIDING OFFICER: (SENATOR HENDON)

Senator Dillard. Senator Dillard, if you would stay with this bill, the Chair would certainly appreciate it. We are all aware of what Senator Righter is trying to do. A noble cause. But could you please speak to the -- to this bill? Senator Dillard.

SENATOR DILLARD:

Thank you, Mr. President. Normally I would never disagree with you, but Senate Amendment No. 1 is filed to this very bill, Senate Bill 241, that would immediately put thirteen million dollars into Legislative District 59's hospitals. So, Senator Forby, I don't want to tell you how to do your business, sir - you get reelected easily - but I think you ought to wait a day, put Amendment No. 1 on this bill, and in addition to the million you're going to get for your juvenile detention facility, you can

23rd Legislative Day

3/27/2007

take another thirteen million back to your district, your district's hospitals that have been waiting a couple of weeks for thirteen million bucks. And I'll tell you, I'd like to have the interest on thirteen million dollars for two weeks. And you know, I would reluctantly rise and urge my side of the aisle to vote Present or No on Senate Bill 241 until we get our hospitals throughout Illinois the 1.2 billion dollars that they're owed from Governor Blagojevich. Thank you.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President. I rise in strong support of Senator Forby's bill. I would like to point out to the Department of Corrections, to the Governor of Illinois and to my colleagues that I sit in a district that has a brand-new state-of-the-art prison built in 2001, hundred and forty million dollars, that sits primarily empty. So, I'm hoping, at some point, we can get to that discussion.

PRESIDING OFFICER: (SENATOR HENDON)

Senator John Jones.

SENATOR J. JONES:

Thank you, Mr. President. I just -- I rise in support of Senate Bill 241. Senator Forby and I have worked together on this juvenile center in -- in Franklin County. It does benefit several counties in my district and -- and throughout southern Illinois. And so I just rise in support of Senate Bill 241.

PRESIDING OFFICER: (SENATOR HENDON)

Senator Forby, to close.

SENATOR FORBY:

23rd Legislative Day

3/27/2007

Thank you. I appreciate and I -- I -- I understand what everybody's saying here today. But all I am trying to do today is just get an error changed in wording. I am not trying to do anything with money. What was appropriated, what was -- was done back in '06. All I want to do today is just get the wording changed so this juvenile detention center can have operating cost money. I appreciate an Aye vote.

PRESIDING OFFICER: (SENATOR HENDON)

The question is, shall Senate Bill 241 pass. All those in favor will vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 41 voting Aye, 11 voting Nay, 3 voting Present. Senate Bill 241, having received the required constitutional majority, is declared passed. The Rules Committee will meet immediately in the President's Anteroom. Senator Link in the Chair.
