STATE OF ILLINOIS  
96th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

117th Legislative Day

4/30/2010

SENATOR TROTTER:

Thank you very much, Mr. President, Members of the Senate. We've heard this legislation before, as you know and see this was on Postponed Consideration. It amends the General Not For Profit Corporation Act that prohibits homeowners' associations from dredging any sediment or silt from a body of water located within a common area of the association or redepositing sediment or silt on any property within that association, unless testing, notice, and member approval requirements are met. Any member of the homeowners' association may obtain injunctive relief if the requirements of the provision are not met. This has been amended to exclude those larger associations and, certainly, it has no impact on those associations that are doing this -- doing this necessary work to ensure the quality of life of all of their members.

PRESIDING OFFICER: (SENATOR CLAYBORNE)

We will have one proponent and one opponent. Senator Bomke, for what purpose do you seek recognition?

SENATOR BOMKE:

Thank you, Mr. President. To the bill: I would disagree with Senator Trotter that this will not have a detrimental effect on all the legitimate homeowner associations. And, in fact, it will. It will affect them a great deal. I have a homeowner association subdivision south of Springfield, called Glenwood Park. I don't know if any of you have heard of that subdivision. I have a -- a close friend that happens to live in that subdivision. I mean literally a close friend. And it will hurt 'em. This will be very detrimental to any homeowner association in the State, not to mention how it might adversely

STATE OF ILLINOIS

REGULAR SESSION

affect those that are in the business providing the services. So I would encourage a strong No vote.

PRESIDING OFFICER: (SENATOR CLAYBORNE)

Seeing no further discussion, Senator Trotter, to close.

SENATOR TROTTER:

One, I guess I just haven't heard what that detriment will be. This is just asking that that homeowners' association allows at least a majority of the members to know what's going on where they're paying their association fees and dues; asking that, in fact, that there's some environmental studies before they allow this -- this water to actually seep in the backyard where their children play. Now, if they're already in compliance with those rules, then it's good. This is good for, again, not only just for the environment as a whole, but especially good for the individuals who live in those residences. And I just ask for an Aye vote.

PRESIDING OFFICER: (SENATOR CLAYBORNE)

The question is, shall Senate Bill 3064 pass. All those in favor, vote Aye. Opposed will vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. There are 32 voting Yea, 18 voting Nay, none voting Present. House {sic} Bill 3064, having received the required constitutional majority, is declared passed. House Bill -- I mean - I'm sorry - Senate Bill -- Senator Burzynski, for what purpose do you seek recognition?

SENATOR BURZYNSKI:

Well, I know we had only one opponent speak. So -- there are reasons why this bill is bad and so I'm going to ask for a verification.

PRESIDING OFFICER: (SENATOR CLAYBORNE)

That is always in order, Senator Burzynski. Senator Burzynski has requested a verification. Will all Members please be in their seats? Senator Hendon, for what purpose do you seek recognition?

SENATOR HENDON:

Mr. President, I -- I know a verification is always in order and I'm certain Senator Burzynski, as a Leader on that side of aisle, understands the procedure. It would be good, however, if, you know, the esteemed -- my esteemed colleague and good friend from the other side of the aisle would simply look over here and count heads. If he would do that, he would know that there are enough Democrats in the Chamber. So that his decision to call for postpone -- I mean, for a verification is -- is just stalling the process of the Senate. And as the Presiding Officer of the day, I would like for you to rule if it wouldn't be better for the Senate if he would simply look over here and do a head count. Because I know that if there's Senators in the -- in the bathroom that they're going to be coming out immediately and force them to -- it makes absolutely no sense whatsoever.

PRESIDING OFFICER: (SENATOR CLAYBORNE)

Is there any discussion? Senator Murphy.

SENATOR MURPHY:

To the -- to the bill, Mr. President. This -- this bill didn't get any better overnight. It is as bad a bill today as it was yesterday, or the day before, or whenever else we voted on it. I didn't take the time to do the math on just how far East St. Louis is from Waukegan, but I know it's pretty far. The fact that we've got a financial authority - a financial authority, doesn't that suggest some level of competence? - that doesn't know that their budget was cut by a hundred and twenty thousand from the State and now has to come back and ask us for a bailout - and it is a bailout, make no mistake - suggests that this is a unit of government we should not be helping any further. Think about in your districts, my fellow colleagues - how many of them, how many mayors, have come to you and talked about what tight fiscal straits they're in this year. How many of them would like an extra hundred and twenty grand from the State to pay their pension costs that have gone up? How often have you heard from your mayors on that issue? Don't bail out one of the worst run, if not the worst run, entities in the entire State and reward them for their gross incompetence and negligence. Please vote No on this bill.

PRESIDING OFFICER: (SENATOR CLAYBORNE)

Any further discussion? Seeing none, the question is,

Thank you, Mr. President and Ladies and Gentlemen of the Assembly. Amendment 3 makes technical changes to House Bill 6462 as amended. First, it adds offenses to the list of prostitution-related offenses for which a second or subsequent violation would result in an enhanced penalty. Second, it clarifies the vehicle impoundment provision to provide that an arrested person may recover an impounded vehicle two hours after arrest upon payment of the specified fee.

SENATOR HAINE:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. This is an effort to mitigate, in some counties, the effect of the under-vote requirement adopted in our elections bill of two years ago. There have been some complaints that the -- the way the machines work, it doesn't guarantee a complete, utter right to a private -- the privacy of the -- the ballot. And this has an opt-out for those counties that do not have the financial ability to buy the necessary equipment in time for the next two election cycles. So it requires that, by 2014, they have to have the machinery necessary. And there are computer programs out there that keep this very circumscribed with the -- the voter. And the county board may opt out in the meantime.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Is there any discussion? Is there any discussion? Senator Lauzen.

SENATOR LAUZEN:

Thank you, Mr. President. Question for the sponsor.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Sponsor indicates he'll yield.

SENATOR LAUZEN:

Senator, thank you very much for working on this. You and I both recognize how important this is. Two questions. Does this end the practice of -- of requiring a voter to go to, like, an election organizer, you know, because it doesn't accept the ballot when a person says "I don't want to vote for anyone in those" and yet, now, I got to go to the teacher, you know, to say, "Well, oh, no, you know, you left something blank"? I mean, is this going to stop that practice? This -- that's a --

STATE OF ILLINOIS  
96th GENERAL ASSEMBLY  
REGULAR SESSION  
SENATE TRANSCRIPT

117th Legislative Day

4/30/2010

that -- what -- what we put in place, I have heard many objections to. I mean, it's just a bad idea. Does this fix that?

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator Haine.

SENATOR HAINE:

No, Senator. It mitigates it somewhat by requiring only the voter will be notified. My county clerk tells me that his equipment that he has will quietly inform the voter that they haven't voted all of the offices without sending the ballot out and asking the voter do they wish to revote or not. And if they say no, nothing further is -- is done. The -- the -- the problem here is that many counties can't afford to buy this equipment, which is expensive, so, in effect, to answer your question, those counties can opt out and this problem, for the foreseeable future, under this bill, will not be in effect. The procedure will not be in effect in those counties.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator Lauzen.

SENATOR LAUZEN:

Actually, from your answer, I think that I'm understanding that it does solve the problem. Because in the case where you have the expensive machine -- where it has the expensive machine in the booth, not going out to some other person where the privacy of the booth is, the machine will say, "Hey, do you really mean that, Chris?" And you say, yeah, I do. And then you go on, no problem. Then you say, for people who can't afford the machine, there's an opt-out so they can control -- it sounds like you solved it. So, that's a good thing. Second

STATE OF ILLINOIS  
96th GENERAL ASSEMBLY  
REGULAR SESSION

question then is, a -- a couple of county clerks are concerned about the past election when this was in effect, that they might have some kind of liability or somebody might come after 'em. Does this bill address any liability that they might have had, or is that such a -- a low probability that anybody would prosecute for that that they don't have anything to be concerned about?

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator Haine.

SENATOR HAINE:

Senator Lauzen, this bill doesn't address that. That's the first I've heard of that. As a former State's Attorney, I can visualize absolutely no liability on a county clerk for following what we passed. None.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator Lauzen, any further questions? Is there any further discussion? Is there any further discussion? Seeing none, all those in favor, say Aye. Opposed, Nay. SENATOR RIGHTER:

Thank you, Mr. President, Ladies and Gentlemen of the Chamber. I rise reluctantly to support the bill. I know that Senator Haine wanted to repeal the under-vote notice requirement altogether - which was the right instinct. Because it was wrong that we put it in there in the first place. The voters know that. The county clerks know that. But Senator Haine was not allowed to move, with any hope of success, a bill that was a full repealer because the Speaker of the House objected to that. This is better than nothing, but it's a lot -- a lot better than nothing, quite frankly, and is further evidence that the Speaker of the House is running more and dictating more than just in his Chamber. SENATOR BURZYNSKI:

Thank you, Mr. President. To the -- to the bill: I was just listening the conversation -- to the conversation between Senator Lauzen and Senator Haine, and I think, as a point of clarification, Senator Lauzen was talking about some of the problems with people. They would take their ballot out of the -- out of the voting booth and go out and they would be told, "Oh, you've got an under-vote." Or they were afraid that would be made public. And the machine that he's talking about is outside of the voting booth, to my understanding. So you would -- you would cast your votes in the privacy of the booth, walk outside to where there's an election judge sitting there with the tabulating machine and place it in the tabulating machine. And I know that in my precinct, in my county, if there's an under-vote, it would show on the screen - on a computerized screen. But you are not in the privacy of your own voting booth. So I -- I just want to make that point of clarification. I believe that's -- that's the way it is, Senator Haine, if I -- if I'm not mistaken.

Senator Millner.

SENATOR MILLNER:

Thank you, Mr. Chairman {sic}. Basically what this does, there's a -- an organization called ILEAS in Illinois. It's a mutual aid organization that -- comprised of over nine hundred and fifty law enforcement agencies. What happens is that when they get together, for example, if there's a call out for mutual aid, we found a -- a hole in the law that said that the requesting agency has to pay all expenses for all other agencies. What this bill simply does, it says that the other agencies will be responsible as signed on to the mutual aid agreement. And I ask for an Aye vote.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Is there any discussion? Is there any discussion? Seeing none, Senator Millner, do you wish to close? The question is, shall Senate Bill 2850 pass. All those in favor will vote Aye. Opposed, Nay. And the voting's open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Madam Secretary, please take the record. On that question, there are 52 voting Aye, none voting Nay, none voting Present. Senate Bill 2850, having received the required constitutional majority, is hereby declared passed. With leave of the Body, we'll proceed now to page 29 on your printed Calendar, Senate Bills

I'd be happy to discuss it further on 3rd Reading.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator Wilhelmi.

SENATOR WILHELMI:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. Senate Bill 3775, as amended, changes the responsibility for the issuance of the monitoring device driving permit for first-time DUI offenders from the circuit courts to the Secretary of State. The Secretary of State shall issue the MDDP to the first-time DUI offender unless he or she opts out. To opt out, the offender must file a petition to decline issuance of the permit with the court and then the court shall admonish, under the bill, the offender of the consequences of

declining the MDDP, including enhanced penalties for driving while suspended, which would be a felony. Then the offender is allowed to sign a notice declining issuance of the MDDP. The offender may, at any time, come back to the Secretary of State for issuance of a permit. There's also a farmer exemption, which would be, in the bill, fifty air miles from the originating farm, so that the farmer would not have to have the device installed. Finally, there are changes to the -- or, to the term "blood alcohol" to refer to "breath alcohol". I have - - I'd be happy to answer any questions and I ask for your support.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Thank you. Is there any discussion? Any discussion? Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Will the sponsor yield, please?

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Sponsor indicates that he'll yield. Senator Righter.

SENATOR RIGHTER:

Thank you, Mr. President. Senator Wilhelmi, we had some discussion about this in committee earlier and I want to go over a couple points. Is it fair to say that by taking some part of this process from the courts and putting it with the Secretary of State, we're not removing a judicial process from the court, rather a more ministerial or administrative process in -- in simply putting that in hands of the Secretary of State's Office? Is that a fair characterization?

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator Wilhelmi.

SENATOR WILHELMI:

Yes, Senator, that's a very fair characterization. This is an administrative function that we are taking from the courts and giving to the Secretary of State.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator -- Senator Righter.

SENATOR RIGHTER:

Thank you. Senator Wilhelmi, how many choices does an individual who chooses to get one of these devices so they can continue to drive while their license is suspended -- they go onto the Secretary of State's website. How many choices do they have in terms of locations to get one of these devices and the number of companies who are leasing them out?

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Senator Wilhelmi.

SENATOR WILHELMI:

Senator, again, thank you for this question. Very important for everyone in the Chamber to understand that there are seven manufacturers of these devices that supply the devices to the State of Illinois. There are approximately seven distributors of the devices. Those distributors send them to installers throughout the State. There are approximately three hundred and fifty installers in the State of Illinois, which is double the -- the -- the number in the State of Texas. So, offenders, first-time offenders, who are issued the MDDP would have the choice to go to one of any three hundred and fifty installers to get the -- the -- the BAIID device installed in their vehicle. And I want to make it clear that, in Illinois, we have more installers to choose from than California, New York

and Texas combined. So we are certainly leading the charge in terms of BAIID devices and the choice of BAIID devices being used here in the State of Illinois.

PRESIDING OFFICER: (SENATOR SCHOENBERG)

Is there any further discussion? Is there any further discussion? Senator Wilhelmi, do you wish to close?

SENATOR WILHELMI:
