those obstacles. The Task Force is to be comprised of fifteen appointed members and it is to report to the General Assembly by June 30th of 2010 {sic} (January 1, 2011) with its recommendation for bringing recess back to the maximum number of students. Let me just share with you guys that I had no idea that recess was such a huge, huge debatable issue. The Community Organizing and Family Issues - the organization's acronym is COFI - they've been working on this. They've had some meetings with CPS. And instead of me sponsoring a bill that indicated that recess had to be statewide, I worked with the Leadership Council of POWER-PAC - Parents Organized to Win, Educate and Renew - and I've also worked with the Chicago Public Schools. So they're having conversations. We're trying to find a way to bring more students eligible for recess and this doesn't cost. The members will not receive any type of compensation. And I'd be happy to answer questions.

PRESIDING OFFICER: (SENATOR HARMON)

Is there any discussion? Any discussion? Seeing none, the question is, shall Senate Joint Resolution 80 pass. All those in favor will vote Aye. Opposed, Nay. The Ayes have it, and the resolution is adopted. Ladies and Gentlemen of the Senate, we have been through the entire Order of Secretary's Desk, Resolutions. I know some Members had not had their resolutions called. We will be returning to that Order shortly. We are going to go back now to the Order of House Bills 2nd Reading to pick up some of the bills that we had skipped over in that reading. House Bill 391. Senator Trotter. House Bill 707. It amends the Vehicle Code to provide that a court must impose a fine that cannot be waived on any person who, after a court appearance, is found guilty or placed on supervision for a violation of the Code or similar provisions of a local ordinance. It also requires the court to impose a minimum fine, but it is the intent of the bill that courts impose fines at

Under current law, courts may order that the fine be paid in installments if necessary. This is a bill that I just want the Body to know that we're still working out. PRESIDING OFFICER: (SENATOR HARMON)

Senator Wilhelmi, to explain your resolution.

SENATOR WILHELMI:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Resolution 779 urges the United States Army Corps of Engineers to seek alternatives to the closure of the Chicago Area Waterway Systems of locks and canals. The closure of these locks and canals would significantly impede commerce and drive up the cost on raw materials for our manufacturers. And that cost will certainly be passed on to consumers or create a competitive disadvantage here in Illinois. I think everyone in this Chamber and everyone in this State sees the significance of the invasive species, the Asian Carp. I think we also know how important these waterways and these locks are to our industry, especially in the Will/Grundy region. I think there's a better way of making sure we keep this invasive species out of Lake Michigan - something we all agree on. We have to be very careful -- before we close this important waterway. I ask for your support.

Senator Kotowski, to explain your resolution.

SENATOR KOTOWSKI:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. It's great to see everybody here today. Senate Resolution 781 comes from something -- as a result of the Danny Did Foundation. And the Danny Did Foundation was started because a -- a good friend of mine, Mike Stanton, and his wife, Mariann, had a son, named Danny, who passed away from sudden unexplained seizure. He had epilepsy. He passed away just over a couple months ago. A wonderful little boy - smile as big as this room. And the purpose of this resolution is to declare this day as Danny Did Day, May 22nd, in Illinois to make sure that we remember the challenges that people across the State of Illinois face when they have epilepsy, especially when they run the risk of dying as a result of it. And this little boy, his death has -- as you can imagine, all of us who have children throughout the Chamber and in the Capitol, they were just devastated by the loss of their son. He was a great little boy and they're trying to make sure that his -- his name lives on in a very positive way and that other children don't face what he did. And that's what the Danny Did Foundation does, to educate parents and doctors to explain to patients about the sudden unexplained death caused by epilepsy. So I'd ask for your support of this resolution and continue to work with me to make sure people are educated about the dangers of epilepsy in the State of Illinois and our country. Thank you.

you, Mr. President, and I served. And I'll be happy on final

are going to become the bill and are another chunk of the CLEAR  
Commission's great body of work over the last couple of years.  
That's the Criminal Law Edit, Alignment and Reform Commission.

SENATOR DILLARD:

Thank you. Just by... A little more explanation on No. 5 before we get to the bill on 3rd Reading. The CLEAR Commission, for the record, was a privately funded commission composed of representatives of the criminal justice community, including legislators, State's attorneys, judges, public defenders, the Attorney General, private practice attorneys, and a law professor. And the Commission developed recommendations proposing many changes to the Criminal Code to reorganize and eliminate redundancies, inconsistencies, and confusing language. The current Criminal Code was enacted in 1961. And since then, the Code has been subjected to thousands of changes, resulting in the loss of a cohesive and easy to understand Criminal Code. And last, but not least, these amendments are the result of a bipartisan work product of the CLEAR Commission staff, Senate and House Majority and Minority Caucus staff, and the Legislative Reference Bureau to implement the -- the CLEAR Commission recommendations. So, Mr. President, this is the last of the amendments. This is No. 5 and I'd move its adoption too, sir.

PRESIDENT CULLERTON:

...Dillard moves the adoption of Amendment No. 5 to House Bill 5640. There being no discussion, all in favor, say Aye. All opposed, No. The Ayes have it. The amendment's adopted. Are there any further Floor amendments?

SECRETARY ROCK:

House Bill 5640.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDENT CULLERTON:

Senator Dillard.

SENATOR DILLARD:

Thank you. This massive body of work encompassed in House Bill 5640, which weighs probably ten pounds, embodies and makes proposed changes to reorganize and streamline Article 11 of sex offenses; Article 12, bodily harm offenses; and Article 17, deceptive -- deception and fraud offenses. And in general, moves current provisions of the Criminal Code and Chapter 720 to different parts of the Code to improve the Criminal Code's internal organization. It consolidates many current criminal offenses which are set out in separate Sections into a single Section in an effort to eliminate redundant language and bring related provisions together for clarity. It incorporates case law into various statutory provisions so the law is a comprehensive statement of what a lawyer, judge, or defendant, or victim needs to know about the offense. It eliminates provisions that have been found to be unconstitutional. Repeals some existing criminal offenses in favor of covering those offenses with a general provision or offense. And last, but not least, it's a complete statutory cross-reference in terms of fixes for all of the proposed renumbering and relocation of the Code Section {sic} (Sections). There are some substantive changes being made in some of the provisions, but most of them

involve correcting oversights of coverage of current law, clarifying the required mental state for committing an offense, use of more artful and modern wording, and last, but not least, this eliminates -- and this bill would eliminate a few existing penalty loopholes. It has been thoroughly vetted and, again, is just another massive piece of the Criminal Code rewrite of which you served, Mr. President, ably as a member, as did I. And I would urge a -- an Aye vote.

PRESIDENT CULLERTON:

Is there any discussion? There being none, the question is, shall House Bill 5640 pass. All those in favor, vote Aye. All those opposed, vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 52 voting Aye, none voting Nay, none voting Present. SENATOR FORBY:

Yes, thank you. The -- the bill {sic} does not change anything on the bill. And what this does, in Senator Luechtefeld's district, they have a port district there and what the problem they have is some of the people hasn't been showing up at their meetings, so they won't have a quorum. This -- what this does is, if you don't show up for three months or more, the county board in that district can reappoint the people in that district. That's what the amendment does.

SENATOR CRONIN:

Thank you very much, Mr. President, Ladies and Gentlemen of the Senate. This motion to concur is -- is -- is about an amendment that was drafted in the House, obviously. That amendment is the product of a series of negotiations and discussions with mayors from the County of DuPage. They proposed this amendment. I agreed to the amendment. It is a compromise. It passed overwhelmingly in the House. It accomplishes many wonderful things. Most significantly, this sunsets a sales tax in the County of DuPage on a date certain, June 1, 2016; all sorts of -- of transparency and disclosure requirements, good government requirements. SENATOR MUÑOZ:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Senate Bill 941 would increase the RTA's working cash borrowing authority temporarily from one hundred million to four hundred million. This is needed to help the RTA, CTA, Metra and PACE deal with the fact that the State of Illinois is far behind in paying them with money that is owed for operating the trains

and buses, as well as for paying its debt -- bond debt for service payment. The State currently owes them -- mass transit approximately two hundred and eighty million. This does not increase State debt. Does not increase any taxes. And it does not give any more money to mass transit.

PRESIDENT CULLERTON:

There any discussion? Senator Murphy.

SENATOR MURPHY:

Question of the sponsor, Mr. President.

Senator Murphy.

SENATOR MURPHY:

How much are they allowed to borrow under this bill that they otherwise wouldn't be allowed to borrow?

PRESIDENT CULLERTON:

million, Senator. It will be increasing it by three hundred million more.

PRESIDENT CULLERTON:

Senator Murphy.

SENATOR MURPHY:

To the -- to the bill, Mr. President. So that we're effectively tripling their ability to borrow money at a point when, you know, the State has a record amount of per capita debt - highest per capita debt in the nation. This is this another step, frankly, in the wrong direction. I understand Springfield has contributed to this problem in term -- from the funding standpoint, but similar to when, you know, the universities came in here. Farming out our debt to other public entities in the State doesn't change the fact that it's still public debt. This is the wrong direction for us to go to and I encourage a No vote.

PRESIDENT CULLERTON:

Further discussion? There being none, Senator Muñoz, to close.

SENATOR MUÑOZ:

I would just ask for its concurrence and an Aye vote, sir.
